LOCAL HAPPENINGS.

ACKNOWLEDGMENT.—O'CONNOR.—The parents, brother and sister of the late Nancy O'Connor, Stranmillis, South, Abbeyside, wish to thank most sincerely the Sisters, nurses and staff of the District Hospital; also all those who sympathized with them in their bereavement and all who sent Mass cards and all who so kindly attended the funeral. They trust this will be accepted by all in grateful acknowledgment.

The Beet Season.—The carting of the beet crop to the Dungarvan Station en route for the Malloy Beet Factory began on Monday last. A big fleet of motor lorries augmented by horse haulage are dealing with the crop, the farmer from outlying districts, the latter from nearby farms.

Raised to the Priesthood.—Among those raised to the Priesthood at the Redemptorist College, Limerick, on September 18th last was Rev. Gen. Crotty, son of the late Mr. Patrick Messers, Thomas and John Crotty, and Nora Conroy, Liskeilly, and of Mr. Aidan Walsh, Cappoquin. We join with his relatives in congratulating this talented young priest many years of health and happiness in the fulfilment of his labours in the vineyard of the Lord.

Red Cross Society (Dungarvan Branch).—All members of the Waterford No. 3 Division, Irish Red Cross Society are requested to be in attendance at the Technical School, on Friday, 8th October at 8.30 p.m.

CAPPOQUIN NOTES.

Cappoquin v. McDermotts.—Cappoquin shall be the Mecca of all Gaelic fans on Sunday next when the junior football, Western Division semi-final will be played at the Sportsfield. The opposing teams are McDermotts and Cappoquin. It promises to be a very exciting match as the keenest rivalry exists between the teams.

Frank O'Donovan's Entertainment.—Last week we had the pleasure of a visit from the great comedian, Frank O'Donovan and his troupe of first-class artists.

The wedding took place at Hatherglass, Derbyshire, on Wednesday last, of Miss Helen Margaret Scott, second daughter of Mr. and Mrs. W. Scott's Beverley House, Leicester.

The ceremony with Nuptial Mass and Papal Blessing, was performed by Right Rev. Don Celsus O'Connell, Lord Abbot. The bride was given away by her father, Mr. M. J. Sargent.

CHANGE OF SEED PROPOSED

Complaints of the partial failure of the potato, wheat, and oats crops, particularly in West Cork, were made at last Saturday's meeting of the Cork County Agricultural Committee.

The matter was raised by Mr. F. P. O'Driscoll, T.D., who said the potato crop in West Cork was a great failure. The wheat threshing results had shown that the yield in this crop was only about half that of last year.

Mr. W. J. Roycroft, M.C.C., supporting, said when and oats had not been worth the sowing in many places, and the potato crop was also very bad.

Mr. B. Conroy, M.C.C., said he had a day's threshing with his wheat. The crop included six acres of well-manured tillage ground, but it did not average half a ton to the acre.

He suggested that the Department of Agriculture be asked to investigate the matter with a view to having seeds brought from outside districts to the affected areas.

Mr. D. L. O'Gorman, M.C.C., said Mr. de-Valera had stated only this week that farmers had fallen back in the production of wheat, and that if they were not going to listen to reason their measures would be taken.

That was a very plain threat, and he believed it was not understood. The present year in the matter of weather was the worst he ever remembered, and never had there been a more troublesome, or a more extensive harvest.

The less of this year to any man who was not obviously blind was that this was not a coin-growing country.

Mr. M. J. Corry, T.D., said in East Cork the crops of wheat were normal, and he was glad to say, good. The first obligation of the land during this emergency was to feed the people.

The farmer was perfectly right to grow the crops that paid him best. It was his job, just as the job of the Government was to get as much wheat grown as would feed the people.

In tillage, Co. Cork farmers were miles ahead of any other farmers in the country, but on the road from Cork to Dublin he had seen land lying idle that would grow good wheat.

As far as his own farm was concerned, Mr. Corry said he got different wheat seed every year, and this year for thirty-five acres of wheat he had averaged nine barrels.

Mr. P. O'Donoghue, M.C.C., said the potato crop in his area (Mid-Cork) was not too good. The yield of wheat and oats would be about the same as that of two years ago.

All the members were agreed that what was needed was a change of seed, and on the proposal of Mr. P. J. Halliday, T.D., seconded by Mr. P. McAniff, M.C.C., it was decided to set up a sub-committee to go into the matter.

COOKS' STRIKE AT MALLOW BEET FACTORY

Due to commence on Saturday next, the campaign for the manufacture of sugar at the Mallow factory has been postponed because of a strike by nine Irish sugar cooks.

Representatives of the Sugar Co. and of the Engineering Union and the Irish Transport and General Workers' Union on Wednesday, discussed the position, but the Union representatives were not, however, in a position to speak for the men on strike.

It was stated at the company's offices in Dublin on Wednesday that on September 25, the factory manager received a demand, signed by the nine cooks, for a campaign bonus of £50 each, with at least two weeks' annual leave. The normal campaign bonus is £10 per annum.

The demand was not received through the men's trade union, but the company advised the Irish Engineering Industrial Union that the demand could not be acceded to and that, even if the directors so desired, they could not meet the application that they were prepared to alter their demand to a claim for 2½ per hour, the rate payable to the highest paid skilled tradesmen on shift in the factories. The cooks were requested to submit their claim through the Union but refused.

The cooks did not attend for duty on Tuesday, and the company then notified other workers in the factory that manufacturing operations could not take place. Farmers in the area were notified of the suspension of beet deliveries.

The wages of sugar cooks at Mallow are £4 17s. per week (of 48 hours), during the non-campaign period, and during the campaign period £6 1s. per week (56 hours), plus a bonus equal to about 15s. per week per man.

It was also stated on behalf of the company that all the men on strike ago not to take strike action or join in such action without the previous sanction of the trade union.

BRICKEY RANGERS v. THE NIRE

The main item of Sunday's Gaelic ball is the set-to between the Brickey Rangers and the Nire at Modeligo in the concluding rounds of the Waterford senior football county championship.

Both teams were the big attractions in junior competition some years ago and when the Brickets defeated the Nire men in the Western championship. It was a game reckoned to be the best seen in Waterford for years.

Ever since that memorable day a great rivalry exists between both teams and Sunday's game promises to surpass all previous games played at Modeligo.

The Nire men beat all before them last year in the junior championships and this year they have given some outstanding displays against the pick of the more experienced senior teams.

Against Stradbally they showed rare promise; for three-quarters of the game it was any one's match and it was only the greater experience of the champions which won the game for them in the concluding stages.

The Brickets' most notable performance was in holding Dungarvan to a draw at Shandon Field. They failed against Killrossney and have yet to play Stradbally for their last engagement.

The fixing of such an important senior fixture for Modeligo proves that the local Gael is an earnest lot and for Sunday's game they are making special preparation to house the Brickey v. Nire match.

The Brickets on Sunday will have the services of Ned Power, Nicholas McGrath, Paddy Barry, Thomas Curran, S. Curran, Jimmy Power, J. Hackett, "Dodo" McCarthy, and their well-known secretary and captain, Martin Curran.

The Nire men are travelling at full strength and make no secret of the fact that they intend to win the laurels. Bill Ryan, Jamie Moloney, Tom and Jerry Grace, Tom Halpin, Johnny McGrath are some notable Nire stalwarts who are making the journey to Modeligo.

The game is timed to start at 4 p.m. (S.T.) and will be refereed by Mr. P. Ryan, Dungarvan.

THE PROTESTANT POLICEMAN

The following is a copy of an article which appeared in the "Lourdes Messenger and Oblate Missionary Record" of August, 1943...

The procession had got half way through the church when the terrified cries and loud sobbing of a strong man were heard by all present...

We will give Philip Mulligan's own account of the occurrence as he related it to the Missionary Fathers on the morning after it took place...

As the procession approached the spot where I stood, I noticed that several who had not been able to kneel down, owing to the pressure of the crowd, tried to do so as the crucifix was passing near them...

The Bishop of Waterford, Most Rev. Doctor O'Brien, was in Dunagarvan when this occurrence took place. The Missionary Fathers felt that the case of the conversion of this young man was so extraordinary that they ought to submit it to his Lordship's decision...

The suddenness and sincerity of Philip Mulligan's conversion to the Catholic faith produced an extraordinary impression on the public mind in the town of Dunagarvan, where he was well known and much respected...

Two years later Philip Mulligan entered the religious life as a lay-brother in the Missionary Oblates of Mary Immaculate. He was a source of much edification to his brethren in religion by the piety of his life...

He spent forty years of fruitful labour on the Foreign Missions in Eastland, South Africa, where he died a holy death in 1915.

Affected with Hoose or Hink cause very serious loss to farmers. Read this from Mr. E. J. Thompson, Chairman of the Board of Agriculture...

THE HOLY FATHER'S SORROWS

The Pope has aged and is "lithely dying for peace," according to the Archbishop of New York, Most Rev. Dr. Spellman, who visited the Vatican during his recent world tour. In letters to his father, and published in Collier's Magazine, the Archbishop says: "The Holy Father has aged with more than years since I last saw him when he was Cardinal Pacelli. Countless sorrows that throbbled his heart also etched his face with grief and care. The Holy Father thinks of the war at all the time, and all the time he works and prays for peace."

"He realises that hate begets hate, brutally, opening brutality, and revenge cries for revenge. "He wishes the conquerors will be not only just with the conquered, but merciful. The Holy Father hopes that the strongest guarantee of lasting peace will be justice tempered with mercy. "Dr. Spellman said: "The country is definitely war weary, but the spirit of war is smouldering. The wounds of the civil war are deep and festering and difficult to heal. "France is in the middle of it all. His supporters fear a Communist sweep to and through the Pyrenees. My impressions of Gen. Franco are in accordance with his reputation as a very sincere, serious and intelligent man. "I cannot doubt that he is loyal to his God and devoted to his country's welfare, and definitely willing to sacrifice himself and his capacity to any extent for Spain. "As the battle-front nears Rome, the Pope's face grows more and more white with the strain of the war. He is in the centre—his to be used in an effort to protect buildings in the capital which enjoy Vatican extraterritoriality. Special precautions are being taken by the Vatican authorities, according to the German News Agency, regarding the "Osservatore Romano." Flags and posters have been placed in readiness for the Pope's flight. Balloons and other possessions of the Holy See to indicate their extra-territoriality status.

Tree Planting.—Those who wish to avail of the scheme inaugurated by the Waterford County Committee of Agriculture for the purchase of fruit or forest trees should make early application to the Secretary for forms (now ready), in which all particulars as to price, varieties, etc. are set out.

Warning to Owners of Steam Threshing Sets.—The Minister for Agriculture strongly advises owners of steam threshing sets to fit spark arresters on steam engines as a protection against risk of fires in the course of threshing operations. Spark arresters can be obtained through manufacturing engineering firms.
