BRIDGE STREET,
DUNGARVAN.

DUNGARVAN COURT.

(Held on Tuesday, before Mr. S. J. Troy, D.J.)

Civil Bills.—A number of un-
settled civil bills were first dealt with
and the usual orders made. Messrs.
T. C. Williams, Farrell & Morrissey,
Kenny, and L. F. Lanigan were the
solicitors engaged.

Decree for Possession.—Mrs. Mar-
garet Shine, Abbeyside, got a decree
for possession of a house at Rices
St., Dungarvan, occupied by Mrs.
Bridget Daniels, on which 25 weeks'
rent is due.

Defendant said she withheld the
rent as the landlord would not do re-
pairs. The houses are condemned and
in a bad condition.

The Justice, in granting a decree,
said he had nothing to do with the
condition of the house.

Mr. T. C. Williams, solr., was for
plaintiff.

Sale of a Horse.—Roger Shanahan,
Ashdown, Kilmachomas, brought a
civil bill against John Foley, Kilo-
osera, Dungarvan, for £9, the price
paid for a mare which plaintiff
bought from defendant, but which
died before removal from defendant's
lands.

Defendant counter-claimed for a
sum of £1 10s. expended by him in
the disposal of the carcass of the
horse the property of plaintiff.

Mr. Shiel, solr., for Shanahan, and
Mr. P. J. Morrissey (Messrs. Farrell
& Morrissey, solrs.) for Foley.

Plaintiff, in reply to Mr. Shiel, said
that, accompanied by Mr. D. O'Lea-
nan, he went to the defendant's lands
about the purchase of some horses.
There was a deal at £9 for a mare
which was rearing a foal, the mare to
be taken when the foal was weaned.
That was about Sept. 2nd. He called
on Cullinan's agent, who bought the
mare and gave a cheque for £9. The
arrangement was that Foley would
sell Cullinan to take the mare when
the foal was weaned. The foal was
running with the mare on the day he
bought her. He met Foley at the
Dungarvan September 17th when Foley
asked him when he would take the
mare. He next got a wire worded:
"Remove carcass from lands; dead
for a week."

To Mr. Morrissey, witness agreed
that he dealt in horses in a big way.
He was not invited out by Foley.
Foley might have asked £14 at first.
They made no deal on the land, and
while walking towards the road they
met a man named Easty Kieley, and
witness was speaking to Kieley about
greyhounds. When they got to the
road Kieley asked what money was
between them in the price of the mare
and asked them to divide it. He then
bought the mare and gave a cheque
for £9. He would deny that the ar-
rangement was that the mare should
be taken in two days. He could not
say if the foal was suckling the mare
on the day he was there, as she was
30 or 40 yards away from him.

To the Justice, witness said that
Cullinan said to Foley he could keep
the mare until the foal was weaned.
Foley asked him at the Dungarvan
fair (Sept. 17th) when he would take
the mare, and witness told Cullinan
on the same day to go and take her
away. Cullinan was his agent and
got orders about the removal of
horses for him. He got a letter from
Foley's solicitor on Oct. 12th, and his
solicitor replied it might be 12 days
later. The mare was bought as horse
flesh for a knacker.

To Mr. Shiel—It is usual to allow
a foal with its mother 5 or 6 months.
Richard Cullinan said he brought
the mare to Foley, and said she could
be taken when Mr. Foley had the foal
weaned. Foley had asked him pre-
viously to get a buyer for his horses.
He was quite sure of the arrangement
that the mare was to be taken when
the foal was weaned. That arrange-
ment was made before the deal was
completed. Witness met Foley some
time later, and Foley asked him to
give the foal a chance. He was next
going to Ring when he met Foley who
told him the mare was very lame and
thrown down. He went to see her
and she had a bad wound on the fore
leg which was neglected. He could
not move the mare that day.

To Mr. Morrissey—It was he told
Foley he could have the mare until
the foal was weaned. He had told
Foley some days before the mare was
bought that Mr. Shanahan was com-
ing to the Tallow fair and he would
bring him to see Foley's horses.
There was no mention about the
weaning in the presence of Mr. Kieley.
It was settled before Mr. Kieley came.
Witness might have met Mr. Foley
every Sunday after that, but Mr.
Foley did not ask him to take the
mare then. He met Mr. Foley at the
Dungarvan fair and asked him if he
had the foal weaned, and he told wit-
ness he had the foal sold. Witness
asked him if he told Mr. Shanahan
the mare was lame. Witness went on
after the fair to see the mare and he
had a halter with him. He could not
take the mare. When the mare died
witness told Foley he would arrange
for the Dromans wagon to take the

carcass, as he had promised Harry
Myles if he knew where there were
any carcasses to let him know. He
had sent the wagon to others before
this.

To the Justice, witness said that a
reasonable man would have taken
the mare in and treated the wound,
which was caused either by gravel or
a cut.

To Mr. Shiel, witness said the mare
was in a wheaten stubble field, and
it would be better if the mare was in
a good grass field.

John Foley said when Mr. Shanahan
called on Sept. 2nd witness asked
£14 for the mare, and he said he
would not give £14 for the lot. Kieley
made the deal at £9. Witness asked
when they would take the mare and
was told in two days. He met Cullin-
an every Sunday and whenever he
asked about taking the mare, Cullin-
an always said he was too busy with
the harvest. When he met Mr. Shanahan
at the fair, Shanahan said he
thought Cullinan had taken the mare.
When Cullinan called the day after
the fair he said the mare was too
lame and to leave her for a week,
and witness told him to get a vet., and
Cullinan replied she was not worth
it. When the mare died, Cullinan
sent for the Dromans lorry, but when
it arrived they wanted four men to
load the carcass, and there was no
one at witness's place but his wife.
The lorry went away again. Witness
lost 30s. burying the carcass.

To Mr. Morrissey, witness said
there was no talk of weaning the foal.
The leg was septic and he reported
this to Mr. Shanahan and to Mr. Cul-
linan.

To Mr. Shiel, witness said he had
the mare about six years and she had
four foals. The foal was with the
mare but was not suckling her. When
he met Mr. Shanahan at the Dungar-
van fair he told him the mare was a
bit lame. Mr. Shanahan said: "I
thought the mare was removed by
Cullinan." The fair was on the 17th
Monday. He reported that the mare
was dead on the land at the barracks
and wired to Mr. Shanahan.

To the Justice, witness said that in
order to hasten Shanahan he put
"dead a week" in the wire.

Mr. B. Kieley gave evidence of the
price agreed on.

After hearing Mr. Shiel and Mr.
Morrissey on the legal aspects of the
case.

The Justice summed up the evi-
dence and held that plaintiff could not
succeed. He accordingly dismissed the
case against Foley. He also held
that plaintiff was responsible for the
harmal of the animal and gave a de-
cree on the counter claim for £1 10s.

Damages for Assault.—Mr. P. J.
Morrissey (Messrs. Farrell & Morrissey,
solrs.) for plaintiff; Mr. T. C.
Williams, solr., for defendant.

Plaintiff, Mrs. Eileen Conway,
Shearar St., Abbeyside, claimed £10
for damage, loss and injury suffered
by her by reason of one James Foley,
a servant of Miss Joan Nugent (the
defendant) assaulting and beating the
plaintiff on November 4th, at Clon-
cockraie by striking her on the head
and forehead with a saw and by cut-
ting her hands and leg with a saw,
and tearing her clothing.

Plaintiff, replying to Mr. Morrissey,
said that on Thursday, November 4th,
she went to the wood for kindling.
As she was sitting down smoking,
cigarette Foley came along and took
witness's saw, which he would not
give back. Witness then said that
Foley hit her with the handle of the
saw, putting a lump on her forehead.
Her right wrist and leg were cut and
tearing her clothing.

In further cross-examination by
Mr. Morrissey, witness denied
striking Josephine Havens with a
stick before he took the saw from her.
He agreed there were only kippens in
the bag Mrs. Conway had. They
should have gone to Miss Nugent for
permission to take the timber.

To Mr. Williams, witness denied
striking Josephine Havens with a
stick before he took the saw from her.
He agreed there were only kippens in
the bag Mrs. Conway had. They
should have gone to Miss Nugent for
permission to take the timber.

stick before he took the saw from her.
He agreed there were only kippens in

To Mr. Morrissey—It was on her
way home from Miss Nugent's house
after the assault, as she was having
headaches ever since the attack.

To inflict the mark over her eye

fee for the examination is 10/-.

To Mr. Williams—The injuries
could result from a struggle for pos-
session of a saw. He only saw Mrs.

Mrs. M. Hicks, who was with Mrs.
Conway, corroborated Mrs. Conway's
statement.

To Mr. Williams—They went in by
the gate and not over the demesne
wall. Witness's sister, who was with
Mrs. Conway, and herself, were cut-
ting a piece of young growing laurel
trees. When Foley came, he sister handed
him the saw. Mrs. Conway then asked
him twice for the saw, and walked
over to him. He then hit her with the
handle of the saw.

James Foley said he was acting as
woodranger for Miss Nugent. He saw
these three enter the wood over the
wall. He remained ten minutes
looking at them cutting young
laurel trees, and are let to two men.
The young one gave him the saw, which
he was taking to Miss Nugent when
the other one tackled on to him.
(Laughter.) She fought for ten
minutes and ran against the saw. He
said the saw was going to Miss Nu-
gent. The girl was not hurt at all.
She cut more timber and put it out
on the road opposite him, after
coming back from Miss Nugent.

WEST DIVISION G.A.A. NOTES

League Final At Cappoquin.—
Dungarvan met Tallow in the S.H.
League final at Cappoquin on Sun-
day next. Although late in the year,
great interest is centred in the clash.
Tallow are trying out an almost full
championship side lined up by the
inclusion of some of their outstand-
ing minors. Dungarvan team, will
I hear, also include a big number
of minors who are kept at a high
pitch of training for the minor hur-
ling Co. final on 12th Dec. Michael
O'Donnahada will act as referee.

Waterford Go Down Badly.—Tipp
gave us a sound thrashing on Sun-
day at Carrick in the first round of
the Four Counties League. This de-
feat has, of course, spoiled our
chances of an eight points win but
it has also done some little good. The
selectors have been pressed on all
sides to give a lot of newcomers a
chance. Well, quite a number got
their chance on Sunday and they
proved that the selectors were right
in leaving them out of the champion-
ships. I am all for trying youth but
I like to try them in small doses.
The loss of Keane, Fleming, Ware,
Daly, Fenney and Bastin was too
much to carry for a Waterford
team which has, as everyone knows,
a bare quota of players. The hur-
ling of Mattie Creed on Sunday ought
to convince many critics that he is
still our best half back. Paddy
Wade showed definite promise for
the future. Waterford will come
again and make no mistake about it.

Strabally Club Meeting.—The
annual meeting of Strabally Foot-
ball Club will be held on Sunday
next 28th inst in the Schoolhouse, at
3 o'clock (old time). It is expected
that Very Rev. P. Cummins, O.S.A.,
Hon. President of the Club will
attend. All members and those who
intend to join the Club should attend.
Business will be of the greatest im-
portance.

Information Given.—Some one has
suggested I ought run a series of
"marriage hints" for the benefit of
the large number of our Gaels who
have taken the game within the
past year. One suggestion was how
one of these would be for all
time the question of why he should
continue to play the game and even
come home as late as ever on these
occasions. The answer is that he
should—but that would not be fair
as so many might be taking advan-
tage of it. Those interested should
ask the Co. Board Chairman for a
ruling on it and I hear he has got
the dope from a Municipal Council
representative from the county. Is
that so, Mickey?

Aglish Harriers will meet at Gosh
on Sunday next, Nov. 28th, at 1 p.m.

GREEN CROSS FOOT MATCH.

Last Sunday a very interesting,
first-class hurling match was held in
the Sportsfield, Cappoquin, in aid of
the Green Cross Fund. The oppos-
ing teams were Camphire and the
McDermotts and sharp to time the
players took the field. From the
throw-in the McDermotts attacked
but were driven back by a sound
Camphire defence. Play changed to
midfield where some splendid tussles
were witnessed. Exchanges were
pretty even but the wind was telling
his tale on Camphire. The score at
half-time was McDermotts, 2-3;
Camphire, 3-0. Having wind ad-
vantage during the second half,
McDermotts chances looked rosy.
From the throw-in they pressed to
attack. Some grand hurling was
witnessed as play swung from end
to end with both sides attacking in
turn. After some brisk exchanges
around mid-field, the McDermotts
went into the attack and scored
another goal. After a short time
Camphire were through at the other
end, for the equaliser. Play was
even now, as both sides strove de-
perately for scores. Both sides
now put all they knew into the
game. Both defences were subjected
to terrific pressure and proved equal
to the test. It was grand hurling
level. This exciting hurling match
ended in a draw, the score being 4-1
each.

Dungarvan District Court.

(Continued from page 1).

Lorry Drivers in Court.—Supt. O'Mahony charged John Fleming, Newlin, Abbeyville, and John Kenny, Shandon, under the Road Traffic Act. The case was the result of a collision between lorries driven by both defendants at the junction of the Square and Mary Street on 4th October last.

Mr. Kenny, solicitor, appeared for Fleming, and Mr. Farrell, solicitor, for Kenny. Supt. O'Mahony said the summons were for dangerous driving, Fleming coming from Mary Street and Kenny from Main Street. The accident was not very serious, but any of them would not admit being wrong.

Guard D. Regan, Kilkenny, stated he was in Dungarvan on the day in question and saw Kenny's lorry coming from the end of Main Street at 10 miles per hour. The driver sounded the horn when about 14 yards from the end of Main Street. He heard the other lorry coming down Mary Street and it seemed to be coming very fast. This driver also sounded the horn. Just as Kenny's lorry was crossing, the other lorry came out and both drivers swerved. The impact was slight, but some damage on Kenny's lorry fell off and one was spilled over the road.

To Mr. Kenny, witness said he judged that the Mary Street lorry was coming fast from the sound. The sound was not made by the changing of gears. Following the sound of the horn of the Main Street lorry he heard the sound of the Mary Street one.

To Mr. Farrell—Kenny's lorry had practically crossed the mouth of Mary Street when the collision occurred. Evidence was also given by Brenda Dalton, Vincent Dalton, and John Murphy.

John Fleming said he was bringing beef from Ardara to Dungarvan Station. Had he stopped when he saw the other lorry there would have been a head-on collision, so he swerved sharply to his left and actually grazed the standard at the corner on his left. He always changed gear when he turned the top of Mary St. at the Parish Church. There was no damage done to his lorry. The barrels on the other lorry were not lifted. To the Justice, witness said he is aware that traffic coming on your right side should get precedence.

The Justice dismissed the case against John Fleming. Two young men, Thomas and Patrick Dalton, Ballynecol, were also charged with receiving the stolen goods.

Mr. Farrell (Messrs. Farrell and Morrissey, solicitors) appeared for Dalton, and Mr. Kenny (Messrs. E.A. Ryan and Co., solicitors) appeared for the Daltons.

Mr. Farrell, solicitor, applied for a further adjournment of the case. Mr. Kenny, solicitor, said he would prefer if the case against his clients were on at last night.

The Justice decided to hear the charge of receiving.

Philip Dalton, in reply to the Supt., said he was employed as a ganger by the Urban Council. Some time this year he gave Patrick Dalton 4 bags of cement; it would be value for about 5/6 per bag. Patrick paid nothing for the cement. Thomas got 2 bags at 5/- witness said he had the Daltons to set potatoes in.

To Mr. Kenny—The Daltons had no idea witness made the cement. He told them they could have it. He knew the Daltons to be of a very decent family. Their mother sold hay to the Urban Council. The 5/- he got from Thomas Dalton could be for his services in connection with the buying of the hay for the cement. He gave Thomas Dalton the two bags of cement when he delivered the last load of hay. The Daltons asked him as cement was scarce to oblige them, and he said he would any time he could. The cement was "dead" at the time, and he understood that the bit of a wall was put into, fell. The cement was taken away in an open cart.

To Supt. O'Mahony—Although the cement was "dead" they thought it worth while to take away.

Sergt. Dehan said he investigated this case and took statements from both the Daltons. Thomas Dalton denied ever getting any cement from Dunne or giving Dunne any money. Patrick Dalton, in a statement also denied getting anything from Dunne. He said they bought two bags of cement at Mr. M. Cummins' and two bags from Messrs. M.L. Moloney & Co. When he visited Daltons he saw recent buildings.

Patrick Dalton, in reply to Mr. Kenny, said he was caretaker for the Urban Council at the Kildangan waterworks. He never received any cement from Dunne. He drew about two tons of hay to the Urban Council. He never received anything from Dunne.

After hearing the evidence of Sergt. Dehan, Ballinacully, in which it transpired that the notice of intention to cut was served on 27th May by the defendants, Mr. A. R. Farrell,

The proportions of the funeral cortege at the removal of deceased's remains to the Parish Church was illustrative of the regret felt at his demise, and was representative of all creed and class. Requiem Masses were celebrated by Very Rev. Fr. Kehoe, P.P., and Rev. Fr. Meenan, C.C., who officiated at the subsequent interment which took place in the cemetery adjoining the Church. The large company present fully enjoyed and were highly appreciative of the programme.

The programme consisted of music supplied by the Lismore Dancers Band, Fenwick, dancing went with a swing all through the hours devoted to this pleasurable entertainment and the committee, anxious to be complimented on the manner in which they looked after their guests. Condolence.—At a meeting of the Ballinacully Company, L.D.F., held on Wednesday night, 17th inst., a vote of sympathy was proposed by Capt. Patrick Dalton, and seconded by Sergt. Daniel Kier, in respect of Mr. Ryan, Ballinacully, on the death of his brother.

himself and his brother did the bit of building at home. He made no arrangement to have a witness present about the buying of the cement from Messrs. Moloney or Mr. Cummins.

Thos. Dalton stated that he worked for his mother at Ballynecol. He drew the last load of hay to the Urban Council, and when he had the hay put into the loft opposite the Factory, Dunne showed him two bags of cement which had got hard and asked him to take them out of his (Dunne's) was. Witness gave Dunne 5/- for selling the hay for him to the Council.

To Supt. O'Mahony, witness said that Mr. O'Mahony paid him for the hay at the Council offices. He thought the cement was no good, but took it when Dunne told him to take it out of his way. He did not think he was doing harm by taking it. He gave Dunne ground for potatoes, but that was not in line of the cement. He had no witnesses from the hardware merchants he bought the cement from.

To the Justice, witness said he bought the cement of Moloney's and Cummins' between July and Sept. The Justice said he would give Mr. Kenny a chance to procure witnesses and would adjourn the case for that purpose.

Adjourned to December 15th.—The case of the Attorney General v. Stephen Smyth was adjourned to December 15th. Smyth is charged with unlawfully obtaining from Mr. Patk. Dunne an electric cooker value £45 with intent to defraud. The case was adjourned to the Clonmel District Court on December 15th.

At the quarterly meeting of the above, on Tuesday, Senator J. Butler (Chairman) presided. Also present were: Messrs. M. Morrissey, T.D.; D. Heskin, T.D.; M. O'Ryan, L.A. Vesle, D. Coughlan, N. Sheehan, M. Butler, W. Dower, M. F. Walsh, W. Terry, G. Torrey, R. Harney, T. Power, James Quirke, F. Duggan, M. Hartly, D. Foran, P. P. Power, M. McGrath, J. Kirwan, and M. Keating.

Also in attendance were Mr. S. J. Mohnan, county manager; Mr. J. Bowen, B.E., county surveyor; Messrs. Dunne, Ormonde, Doyle, and Jephson, assistant surveyors; Mr. M. M. Halley, Solr.; Mr. P. B. Boyle, acting secretary; Mr. W. Fitzgerald, and Miss L. Keating.

Overdraft Accommodation.—A resolution was passed granting £30,000 on the general account and £20,000 on the turf account, overdraft accommodation.

Election of Representative on the Governing Body of U.C.C.—There were three nominations for the position of representative on the Governing Body of Cork University, for the three years ending 31st Jan., 1947. Messrs. An Fear Mor, M. Hartly, and D. Heskin.

The Chairman, who was the proposer of Mr. Hartly's nomination, referred to Mr. Hartly's suitability to fill the position.

Mr. Hartly, on the other hand, said he had no objection whatsoever to contest the position, and having paid a glowing tribute to An Fear Mor, said the latter was a brilliant educationalist, an excellent man for the position.

Mr. Heskin expressed the wish to withdraw in favour of Mr. Hartly. The Chairman thought a member of the Council should be elected. On a vote as to who should be elected in the opinion of the Council, i.e., a member of the Council or an outside member, the voting was 14 for the member of the Council and five against.

Twice before the poll took place Mr. Hartly signified his intention to withdraw in favour of the Fear Mor, but the Council decided the three nominations should stand.

On a vote as to who should be elected, the voting was: Mr. Hartly, 10; An Fear Mor, 5; Mr. Heskin, 4.

Mr. Hartly was accordingly elected but again signified his intention of withdrawing but the Council exhorted him to reconsider his decision.

Infirmary Board.—Messrs T. Power G. Torrey, N. Sheehan and M. Butler, were appointed on the Infirmary Board.

Board of Public Assistance.—Messrs. G. Torrey and F. Foran, were respectively to fill the two vacancies on the Board of Public Assistance.

Libraries Committee.—On the recommendation of the County Libraries Committee, Very Rev. J. Roche, P.P., was co-opted to fill the vacancy caused by the resignation of Very Rev. Fr. Kehoe, P.P.

Scholarships Committee.—When the appointment of a Scholarships Committee came up for consideration the Chairman suggested that they appoint a small committee of the Council with power to co-opt outside members.

The following committee of the Council was elected, with power to co-opt: Chairman: Senator Butler, T.D., Vice-chairman, M. O'Ryan, M. Hartly, J. Kirwan, M. McGrath, W. Torrey, P. F. Walsh, P. R. Power, M. Keating, and N. Sheehan.

Rate Collector's Resignation.—Mr. Nicholas Connors, Part of Stradbally, tendering his resignation as poor rate collector, and thanking the Council and officers for the courtesy and kindness shown him during his term of office.

As a considerable amount of the present warrant has been collected, his son, Michael Connors, was appointed temporarily, and it was decided to meet the new appointment on the existing conditions at the meeting on 21st February next, the advertisement is, etc. to be issued in the meantime.

Mr. O'Ryan dealt with a circular relative to the compulsory acquisition of lime kilns by the Co. Council for periods of two years, and proposed a resolution that the Government be asked to pass the necessary legislation so that the kilns may be acquired for all time. It is only commonsense, he said, that the kilns should be the property of the people who build them.

The Chairman agreed with Mr. O'Ryan's views. The County Manager said they discussed this matter at the County Committee of Agriculture, and this was the only way they found.

The resolution of Mr. O'Ryan asking that that Section—3 (3)—of the Act be amended and that the Co. Council be empowered to repair existing kilns was adopted.

Additional Instructor in Agriculture.—A resolution was received from the County Committee of Agriculture requesting permission to appoint an additional instructor in agriculture.

Mr. P. R. Power, Chairman of that Committee, speaking on behalf of the motion, said they had a temporary instructor for nine months of the year, and a permanent appointment would not be more expensive on the rates.

When the question arose that there might not be sufficient work for this instructor after the emergency period Mr. Morrissey and the Chairman were quite content that there should be sufficient work for a second instructor if agriculture is to be developed.

EMPLOYMENT AND EMERGENCY SCHEMES.

In the Daily Mail of the 10th inst., Mr. J. Heekin, T.D. (Farmers), speaking on the above subjects, said: "I think that the requirements of many people who are in very remote areas, and who facilitate their in carrying on their business, especially in view of the new village order, I would suggest that under this rural improvement scheme, if dealing with link roads, the County Council should be asked to carry out the repairs of such roads, provided of course, that in their case also the Government would put up three-fourths of the money. I think in that way the work would be carried out much better under the supervision of the county or local surveyor. Where such work was being carried out by the County Council, I am sure voluntary help would be forthcoming from people on the particular connecting roads of link roads by supplying lime, stones, etc. In the case of roads, in order to facilitate the rural community, I would suggest that the collection of money should be reduced to one-eighth instead of one-fourth of the total amount involved. I think that would make the position much easier for the people, and would help to alleviate the trying conditions under which people in rural areas live. There is no doubt that in very remote areas, farmers have to travel through fields. I have no doubt that this scheme will help them considerably. We all appreciate it fully and realise that it is very necessary."

In connection with the minor relief schemes, for a few years past there has been a general discontent in connection with the works schemes, especially from the workers' point of view. Unfortunately men who are called on such relief schemes get only three or four days a week employment. I think that is very unfair, and when such schemes are introduced the men should be kept in constant employment until the work is finished. Furthermore, I would suggest that the wages should be paid to the workers every week. In all such schemes there is a system of fortnightly payments, which involves great hardship to those employed. Men employed on such schemes are not known as permanent county council workers would get. I would suggest that the Minister should instruct county councils and local authorities to make weekly payments to such men. I think it is unfair to them and to their families to expect them to work for a period of two weeks before being paid. Very often these men are called on such particular employment, and they were half starved, depending in many cases, on a few shillings' relief or dole. I think the Government should make weekly payments available under such schemes in future.

As regards the turf roads, certain cases have been brought to my notice where grants would be available. I am sure under this employment scheme money will be required, but I doubt if people in remote areas where relief schemes are being operated will be able to avail of a scheme, because there is so much money involved. There is a number of bog owners in a certain area I would suggest that the County Council be asked to put up the money required and to carry out the work of making the roads to such turf bogs. Many people make their living out of turf, and in some areas they find it very difficult to cart it to suitable places where the lorry can take it. In part of Co. Waterford this year I got thousands of tons of turf that were left on the moor-lands, and could not be carted to where the lorry could take it. The people have no facilities to cart it to a suitable road. I suggest that where an application is made by a number of people engaged in turf production such roads should be made available so that they could carry their turf to a place from which they can dispose of it.

Mr. Heekin, T.D. (Farmers), speaking on the above subjects, said: "I think that the requirements of many people who are in very remote areas, and who facilitate their in carrying on their business, especially in view of the new village order, I would suggest that under this rural improvement scheme, if dealing with link roads, the County Council should be asked to carry out the repairs of such roads, provided of course, that in their case also the Government would put up three-fourths of the money. I think that would make the position much easier for the people, and would help to alleviate the trying conditions under which people in rural areas live. There is no doubt that in very remote areas, farmers have to travel through fields. I have no doubt that this scheme will help them considerably. We all appreciate it fully and realise that it is very necessary."

The Chairman said he was sure the County Surveyor would be anxious to have consultations on matters of this kind.

The County Surveyor said he would be quite happy to distribute some of the trouble and difficulties on them. It was agreed to hold the proposed meeting in January.

Mr. Heekin said that as a big amount of money was put up for the first class roads, and as the second and third class roads were being used extensively during the present emergency, he proposed a deviation of some of the money to these roads.

Mr. O'Ryan reported on the proposed road from Ballysaggart school to Ballyduff and it was decided to have the work carried out. Road at Inchmahon.—When Mr. Quirke referred to repairs to the road at Inchmahon, the Chairman said that was the kind of proposal to discuss at the roads meeting, and the matter was accordingly deferred to the meeting in January.

Shed at Ballysaggart.—Mr. O'Ryan referred to a recent Department letter dealing with the above as a ridiculous document. They (the farmers) wanted the sides of the roads in such a condition that horses could travel on them. When Mr. Quirke said it was an intolerable state of affairs for people paying rates. The Department should change the mind of the Minister. They should remodel the modern roads for the horse's foot, and not the horse's foot for the kind of proposal to discuss at the roads meeting, and the matter was accordingly deferred to the meeting in January.

Repairs.—Mr. Morrissey called attention to the repairs necessary on the passage used to go down to the bog at Ballyduff, and Mr. Quirke for a footpath in Lismore, and the matters were referred to the County Surveyor.

Mr. Quirke said no oil could be obtained from the bog in his area. The Secretary said the secretary of the Library wrote to them, but Dublin had no oil. Mr. Foran asked that the Land Commission should be requested to expedite the work on the Co. Council before the real bad weather came in.

Old Age Pensions.—A resolution was received from the Lismore Town Commissioners asking for the abolition of the means test for old age pensions and the Council adopted a resolution asking that the Government be called upon to give free food and fuel vouchers to all old age pensioners who have no other source of income and that the means test be £82 per annum.

Sympathy was voted to Messrs. Martin Walsh and Roger McGrath, both employees of the Council, on their recent bereavements.

FOUR-COUNTY HURLING LEAGUE.

Tipperary, 7-7; Waterford, 0-1. Short of the services of J. J. Kane, A. Fleming, J. Ware, M. Hickey, V. Bastin, E. Daly, M. Feeney, Waterford gave a disappointing display against Tipperary at Carrick on Sunday last in the Four-County Hurling League. Some promising newcomers were tried out and with one exception failed to come up to expectations. Paddy Wade (Erin's Hope) was easily the pick of the bunch and played an outstanding game all through. W. Barron of the forward was the only one to play his usual game, whilst in defence M. Creed and Paddy Dowling held their own with a useful Tipperary attacking line. This new Tipperary team are a useful bunch of hurlers who should go far next year and led by their captain, W. O'Donnell, they played havoc with the Waterford defence on Sunday last. Apart from the more seasoned W. O'Donnell, Johnny Ryan, J. Maher, Tommy Doyle, others of the Tipp. team who caught the eye were Rory Leahy, Harry (Dull-back) and J. Maher (goal).
