In the course of a very able and instructive address on all phases of the agricultural industry, he strongly advised the farmers to go in more extensively for the egg and poultry business, which promised to be a good standby for them during the lean years which would be experienced after the war. He also recommended them to go in more extensively for the new Grass Lea Farming Scheme, at present being demonstrated by the Dungarvan Creamery farmers, which was bound to prove of great advantage to them. He stressed the necessity for farmers to increase their production farmers to increase their pro and reduce their costs, if they wished to survive and be able to meet world

competition after the war.

He strongly recommended the new
technique of artificial insemination in dairy cattle which had been in force in Russia and the United States for some time and which was now being introduced into England, and which had the effect of ensuring a greatly increased yield of milk from dairy cows, and the system was found to be so advantageous that it was now being sponsored by the British

Having dealt with many other aspects of agriculture in a clear a convincing manner, a warm vote of thanks was passed to Mr. Courtenay for his able and practical address. In the course of a general discussion which followed, great dissatisfaction was expressed at the working of the Livestock Breeding Act, which, it was stated, is one of the causes of the present small milk yield of cows, and it was the opi of the members that a more suitab type of dairy bull should be selected

Fire Destroys State Plantation .-Approximately 40 acres of an eight years old State plantation, situate at Lyre, Tallow, Co. Waterford, was destroyed by fire on Wednesday night week. A neighbouring tenant farmer observed the flames shortly after the fire started and immediately had notification sent to Mr. D. O'Sullivan, direction of the Waterford County Vocational Education Committee, with the assistance of the following local committee: Very Rev. Fr. M. Byrne, P.P.; Rev. Fr. J. Skehan, C.C., B.A., S.T.L.; Mrs. M. Quaifi, B.A., H.Dip.Ed.; Miss J. Hurley, N.T.; Mr. R. Lincoln, B.A., N.T.; Messrs. M. O. Concubhair, O.G.; T. Mooney, H. O'Reilly, J. Lynch, J. Hallihan, M. Barron, M. Harty, and M. O. Forth. L.S.F. together with neighbouring farmers and labourers succeeded in confining the fire to the section involved, and preventing the flames from spreading to adjacent forests comprising some hundreds of acres. Much credit is due to Sergt. Lyons, Forester, Gardai, L.S.F. and local fire fighters, for the manner in which they fought the flames, without equipment, and succeeding in confining the conflagration to the section involved. The origin of the fire has

not yet been traced. Presentation.—On his severing his connection with the Castlelyons Co-Operative Creamery Society, for which he acted as manager of the Tallow Branch, Mr. P. Death of Mr. M. Morrissey— The nnouncement of the death of Mr. Michael Morrissey, Kilnagrange, Kilmacthomas, was received with very incere regret throughout these parts. The sad event occurred at the County and City Infirmary, Waterford, on Saturday morning of yester-week, as a result of an accident he met with whilst carting timber-slabs from Comeragh to his home on the previous day. Possessed of a keen in-tellect and generous nature, he was a well-known and beloved figure, not alone in the Kilmacthomas district, but throughout the county in general, and his genial presence will be sadly missed. His joviality and supreme gifts of good citizenship never failed to impress his legion of acquaintances, who share with his good wife (nee Power) and sons and day (some of whom are domiciled in England) the grief which his passing has evoked. A very large funeral pro-cession attended the removal of the remains from the city to St. Anne's Church, Fews. Requiem Mass for his soul was said on Monday morning, and interment was made afterwards in the adjoining cemetery, amid every manifestation of profound sorrow. Rev. J. P.
