A feature of the Senate Election which is of particular interest to social workers is the canditure of nominees of the Mount Street Club, Dublin. Founded in 1934 to ameliorate the lot of the unemployed in the City, the Club is a unique experiment in social service. Unemployment is the sole qualification for membership, and the sole purpose of the Club is to make the life of the unemployed man not only endurable but useful and productive. It is a moneyless community whose members are paid in goods and services for the work of their own hands. In return for, and in proportion to the return for t for the work of their own hands. In return for, and in proportion to the work done by him each member receives for himself and his family food from the Club's farm and allotments and colthes and furniture from the Club's workshops and turf from the Club's workshops and turf from the Club's beg. WAKE UP YOUR LIVER BILE

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives help a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carters Little Liver Pills. Stubbornly refuse anything clae, 1/3 and 3/-.
