SILVER CUP FOR BEET GROWER.

A very interesting ceremony took place at Egan's Hotel, Dungarvan, on Tuesday evening last, when Mr. Maurice Veale, Ballinacorney, Dungarvan, was presented with a cup on behalf of the Irish Sugar Co. for the best crop of sugar beet grown in the county in 1943. The cup, a beautiful solid silver one standing about a foot high bore the following inscription:

"Awarded by Comhacht Siuicigh Eireann, Teo. to Maurice Veale, Ballinacorney, Dungarvan, Co. Waterford, for the best sugar beet crop in Eire in 1943."

Mr. J. O'Dwyer, Secretary, Co. Committee of Agriculture who presided, read a letter from Mr. Molyneux, Co. Manager, regretting his inability to be present at the function due to his attendance at a meeting in Kilkenny. Mr. Glavin, Chief Agricultural Adviser to the Irish Sugar Co., said he felt proud and had much pleasure in presenting this cup, on behalf of the Directors to Mr. Maurice Veale, Ballinacorney, in recognition of the fact that he was the best beet grower in Eire in 1943.

Mr. Glavin spoke in glowing terms of the enterprise and industry of the recipient and of the farmers in the Ballinacorney area in general and said it is one of the most progressive districts in Ireland. As Agricultural Adviser he had little to say in the matter of advising on increased yields where the comparatively small area were concerned because they had brought agriculture to the highest level of production that could be found in any other county, even with all their mechanised methods of farming very few if any can produce such results. The wonderful return of 22 tons of beet per statute acre is an outstanding achievement. This is a record. Ballinacorney has year after year produced yields of 21 tons odd and when we consider that the average yield for the whole of Ireland is 8 tons per acre it can readily be seen what an achievement that is. He, as adviser, would be quite satisfied if that average of 8 tons could be raised to 9 tons per acre, that is not asking too much and could be got by a little more care and attention from all growers. Some people say beet growing is sweated labour and the like but he would like those pessimists to come to the Ballinacorney and see for themselves. He would ask Mr. Veale if he considered beet growing as sweated labour.

Mr. Veale—No, but like any other crop to get the best results you must give it the proper care.

Mr. Glavin then spoke of the poor returns generally received by the large farmer even in the rich and fertile lands of Meath, Limerick, etc. as against the comparatively small farmers in places like Ballinacorney, Coole, Co. Dublin, Wexford, Courtmacsherry, Co. Cork.

The speaker next dealt with the initiation of the sugar beet campaign in Eire and paid glowing tribute to the work done by Mr. O'Dwyer, Secretary of the County Committee of Agriculture for this industry when in his infancy.

Mr. Glavin then presented the cup to Mr. Veale, amidst loud applause, and expressed the wish that he would live long to admire and enjoy this beautiful cup. Mr. Veale, in his speech, said he was secured by him as a result of his industry.

Mr. M. Morrissey, T.D., said he would like to be associated with the remarks of Mr. Glavin. It is a particular delight to him to see this valuable trophy going to his own native district. To him it is no surprise that this magnificent prize found its way to Ballinacorney for the best beet average in Eire. He joined with Mr. Glavin in wishing the recipient length of years in health and strength to enjoy and perhaps gain other such trophies as a result of his industry.

Mr. John O'Dwyer, Secretary, Co. Committee of Agriculture said that the Waterford farmers are the pioneers of beet growing in Ireland.

Mr. M. F. Walsh, V.P. Chairman, Co. Committee of Agriculture said it afforded him great pleasure to be present at such a function and he complimented Mr. Veale on his wonderful return.

Mr. J. F. Kenny, Solr., apologised for the absence of Mr. Patrick Dwan, a member of the Board of the Beet Growers' Association, who he said was unavoidably absent as he was, like the good sportsman and farmer he is, out on the racecourse with his men and horses, preparing the course for the coming race meeting.

Mr. Veale, in returning thanks for the presentation (which by the way carries also a substantial monetary reward in addition to the valuable cup) said he was deeply grateful to all for their attendance at the presentation. He asked them and Mr. Morrissey, T.D. in particular to note the great loss to the farmers of Ballinacorney by the embargo of the County Council on the removal of manure sand which embargo he hoped would soon be removed as far as manure sand is concerned. This embargo, he said, was unavoidable absent as he was, like the good sportsman and farmer he is, out on the racecourse with his men and horses, preparing the course for the coming race meeting.

CO. WATERFORD COMMITTEE OF AGRICULTURE.

Chairman—Would you suggest that lectures be given at more centres?
 Mr. Hartly—Yes.
 Mr. Heskin said that there should be veterinary surgeons in every district, just the same as dispensary doctors, whose services would be free to the people.

Sheep Dipping—The Department, writing in reply to the Committee's resolution asking to alter the period of sheep dipping, stated the Minister regretted that at present he would not change the existing order.

Mr. Hartly said the reason they asked for a change was to convenience people at the harvest, and he thought it unreasonable that the Minister had not acceded to their request.

The Chairman said he understood that the veterinary surgeons were agreeable to the proposed change.

On the suggestion of Mr. Heskin, it was decided to put the matter on the agenda for the annual meeting of the Committee.

Harvest Workers—A circular from the Department was read regarding labour for harvest work, in which it was stated that county councils had been asked to release road workers and turf workers for this work.

Farm Improvement Scheme—A letter from the Department in reply to the Council's resolution asking for an extension to August 30th for the completion of works under the above scheme, stated that a general extension of time to the 30th June last was granted for completion of works under the past season's Improvement Scheme. In addition applicants whose work at the end of June was well advanced but not fully completed and certifiable have been allowed to proceed with the work, the final inspection of which will not be undertaken until next month.

Poultry Station Scheme—The Department wrote regarding the purchase of stock birds for Hen and Duck Stations, recommending that Station-holders should be given from the joint fund towards the purchase of pedigree male birds the progeny of selected trap nested stock a contribution of a sum equal to half the cost of the birds purchased subject to a maximum of £2 towards the replacement of stock cockerels that die during the season.

The letter was approved.

Formation of Camogie County Board—A meeting of representatives of all camogie teams in the county will be held at Conways Hotel, Cappoquin, at 8.30 p.m. on Sunday next for the purpose of forming a Camogie County Board. All clubs are requested to have representatives present. Mr. Dymann, Director of the organisation will attend.

Dungarvan District Court.

Held on Tuesday last before Mr. S. J. Troy, D.J.

The Minister for Supplies prosecuted J. A. Power, Dungarvan, under the rationing of tea, sugar and butter orders. He was also charged with failing to produce the quantity of tea which should have been in his possession.

Mr. Counihan, State Solicitor, prosecuted and Mr. J. F. Kenny, Solr., appeared for defendant.

Mr. Counihan said the first was in respect of defendant's failure to write up the appropriate form dealing with the issue of tea, sugar and butter and the other in regard to defendant's failure to account for a shortage of 67 lbs. of tea in stocks.

Mr. Counihan said the defendant carried on an extensive grocery and catering business and as regards the shortage says that it was used in the catering business for which he was allowed 2 lbs. monthly.

Mr. Kenny, Solr., pleading guilty said that the facts were as stated by Dr. Counihan. Defendant carries on a large grocery business and in addition a very large catering business and 2 lbs. of tea a month is very small for such an establishment where on fair days there are hundreds of teas served. He had given over at the start of rationing forms to the staff.

Replying to the Justice a Department Inspector said he was satisfied there was no black marketing in the case.

Justice—Things are very good in this connection in Dungarvan, Inspector.

Inspector—There is no black marketing proved.

The Justice said the amount of tea involved in this case, 67 lbs. is on the big side. The mistake of tea is responsible for the reduction of tea to those who are depending solely on the weekly ration.

Mr. Kenny—Two lbs. of tea a month is altogether too small to allow this establishment.

A fine of 10/- on the tea, sugar and butter charges with a penalty of 25 and 2/- expenses was imposed.

Supplies Returns—The Minister for Supplies prosecuted Mr. Curran, Grattan Square, for failing to keep the monthly record of stocks and sales of sugar and with making a false return to the Department in respect of 1943.

Dr. Counihan, State Solr., prosecuted. Mr. Farrell (Messrs. Farrell and Morrissey, Solrs.) defended and pleaded guilty to a technical offence.

Dr. Counihan said with regard to the returns the defendant in his return showed a balance of 51 lbs. of sugar to the wholesaler but the returns made to the wholesaler showed 100 more coupons. The returns made to the Minister were made April 5th while that to the wholesaler was sometime later, as a result of the return the trader got an extra bag of sugar. If the returns had been made to the wholesaler's returns went to the Department the said was noticed.

Mr. Farrell, Solr., said it was a genuine mistake. The defendant's part and one from which he could get no benefit whatsoever. He was being supplied by two wholesalers. He said that he had made a mistake in Waterford, and when sending the remaining units to Messrs. Garrettts, Dublin, by a mistake in Arithmetic 100 was added.

Mr. Farrell then explained that suppliers rather than break up bags of sugar send on the full bag and deduct the extra on the next morning.

The Justice asked what would happen if the Department officials did not find the mistake.

Mr. Farrell said they were bound to find it as it did not agree with Mr. Curran's return to the Department.

Mr. Curran in evidence said he is 12 years in business. He had heard Mr. Farrell's explanation and swore it is correct. He got 4 cwt. weight of sugar but did not check with the suppliers would deduct anything extra from the next month's supply. It is a genuine mistake in the tot. With regard to the records he is keeping records since the Inspector's visit.

Mr. Farrell referred to the nuisance caused to traders by the keeping of those records, which are most difficult to understand.

The Justice said such forms are the basis of the whole rationing system, they are for the benefit of the public and allow the Inspectors to check up on all supplies.

To the Justice the Inspector said he is satisfied it was a mistake.

The Justice said he is taking into account that this was a genuine mistake and said great credit is due to the Department official for finding this out. For not keeping a record he imposed a fine of 10/- as regards the other charge he would mark it P.O.A. with £3 8s. 2d. expenses.

The Minister for Supplies also prosecuted Alice Durey Shandon, with failing to keep tea, sugar and butter stocks' records and failing to account for 391 lbs. tea from 1942 to 1943s.

Dr. Counihan, State Solr., prosecuted. Mr. Farrell (Messrs. Farrell and Morrissey, Solrs.) defended.

Dr. Counihan said the trader in this case said she did not think it was necessary to keep the forms and that the balance of tea was used in catering.

Mr. Farrell said that defendant is 8 years building up a business which included catering for which she had a number of regular customers, also out of the goodness of her heart she gave a little extra to her regular tea customers. She also used up much tea in supplying soldiers with teas while they were in the town last year.

A fine of 5/- for not keeping the required forms with £2 for not pro-

WEST DIVISION G.A.A. NOTES
 By "AN RUNAIDHE."

To Referees—I would like to make a suggestion to our referees. From the very start of the game assert your authority. Whist up any and every foul in the first 10 minutes and deal with any roughness by sending the offenders to the side line and you will find that the game will be under control for the hour. The vast majority who play and attend our games have no use for the "rough house" play or those who try it on. You will have the support of over 90 per cent. of those present by stopping games in play, be it tripping, catching or unlawful changing. Any player who raises his hurley or hand to strike a player should go off at once. Referees who enforce the rules will be respected by all teams. To the Board officials I say—enforce the rules on referees' reports. A month's suspension is the minimum but can be increased to 3, 6 or 9 without in any way violating the rule. In bad cases suspension should be from one year onwards. Show the public that the G.A.A. games will not be under any kind of rowdiness and the public will stand by you.

At Clashmore—The big attraction in West Waterford on Sunday will be staged at Clashmore. The minor hurlers of Kilsalebeg and Geesh Ennetts meet there to decide the minor hurling group final and Old Parish junior footballers take on the Blackwater Rovers. In the minor hurling match, the minor hurlers, as both sides are more or less completely new teams. The junior footballers are more known quantities.

The Rovers will be favourites, having won all their engagements so far. Old Parish have been getting fitter each week and they claim they are going to win this time. Last year they were in Dungarvan. The revival of interest in hurling, which has been so noticeable in the town during the last couple of years, has now resulted in a committee being formed to hold a Point-to-Point Race Meeting next Spring over a course to be fixed. A survey indicates that from the point of view of the spectators and competitors the course should be the best in the South of Ireland. The hill in Klossera forms a natural grandstand from which practice every portion of the course is visible. The difficulties of Point-to-Point racing is that the spectators in many cases see very little of the race, as it is exceedingly difficult in a course laid over natural country to have the entire race from start to finish. To fulfil their remaining engagements in the championships, this undoubtedly shows a great spirit of sportsmanship and the Nire men have set a head line which should bear fruit in time to come. Jerry Grady was the best player on view for the Nire and further up-field Andy Fleming had a tough handful in young Cooney, who showed plenty football ability. Kevin, Whelan, M. and N. Connors were outstanding for the champions who were superior in all departments.

Dungarvan senior hurlers make the journey citywards on Sunday next and throw down the challenge to M. Hickey and his men. This game should attract a record gathering to the Sportsfield and followers of the game Westward are fully confident that this youthful "Old Boro" XV will come home victorious. When the new (old) committee look over management of the club some weeks ago, I reminded you things would begin to hum in the "Boro." I was right and when the "Blues" line out on Sunday next Portlaur will be facing the fittest team that ever went over the Bridge. For the past two weeks they have been hard in training and I noticed during the early part of this week some very promising youngsters who already have won the minor hurling championships. I am informed that at least eight of the minors who were the competition for the past few years will figure on Sunday's playing fifteen and although young in years their four successive minor championship wins will have given them the required experience to pull them through a trying hour on Sunday next. The occasion may be big but I expect John Kieley, Tommy Cashin, Paddy Slack, Percy Butler, Jim Lyons and Paddy Moloney to blend well with Nagle, Barron, Daly, Mountain, Lannon and Good in the "Blues" quest for the County hurling honours.

Portlaur, fresh from their victory over Tallow are by no means underestimating this young Dungarvan team and they will be all out to defeat the "Blues" in a do or die effort.

In the news this week is Tommy Murphy of Dungarvan who started in the Army championships on Tuesday last with the 1st Brigade. His team won and are now in the final of the all-Army hurling championships. One of the most spectacular of goals was scored by Tommy who played a great game for his side.

The game was refereed by Lt. J. Rheinisch, a Dungarvan man, who has served with distinction on the Co. team. Julian, by the way is gradually coming to the fore as a referee and it is anticipated that he will act as arbiter in the forthcoming Army hurling final which is down for decision in the near future.

Seen heard, noted—A County Board meeting will be held at Portlaur on August 1st and the Agenda looks spicy.

Dungarvan players were anxious to listen-in on Sunday next but Portlaur were sceptical so the match starts at 4 p.m. (S.T.).

Kilrossanty are anxious for the Co. Secretary to referee their match v. County H. and F. senior championships should finish about on this (Friday) evening at 8.30 p.m.

DUNGARVAN POINT-TO-POINT RACES.

A PART from some 'flapper' meetings during the last Great War it is over 35 years since the last Point-to-Point race meeting under National Hunt Rules was held in Dungarvan. The revival of interest in hunting, which has been so noticeable in the town during the last couple of years, has now resulted in a committee being formed to hold a Point-to-Point Race Meeting next Spring over a course to be fixed. A survey indicates that from the point of view of the spectators and competitors the course should be the best in the South of Ireland. GAELIC NOTES : SENIOR CLUBS
 By "TAOBHLINE."

The senior championships, hurling and football have been advanced a further stage and the Army in hurling and Stradbally in football still remain unbeaten. The Army hurlers are almost certain to represent the City area in the senior hurling final as the opposition in their next two matches cannot expect to succeed where Erin's Own and the County champion Mount Sion failed. The game between the Army and Erin's Own on Sunday last at Waterford produced some thrilling hurling and the Army men who wore the fitter team won a close, hard game by one goal.

Stradbally at Dungarvan on Sunday last showed all round superiority and had a convincing win against the Nire men in the senior football championship. The Nire were short of players and the Stradbally team may account for a blank score sheet against the champions. The Nire, however, are to be congratulated on such a gallant display against overwhelming odds and they informed me on Sunday last that they are prepared to fulfil their remaining engagements in the championships. This undoubtedly shows a great spirit of sportsmanship and the Nire men have set a head line which should bear fruit in time to come. Jerry Grady was the best player on view for the Nire and further up-field Andy Fleming had a tough handful in young Cooney, who showed plenty football ability. Kevin, Whelan, M. and N.
