COUNTY BOARD MEETING. A meeting of the Waterford County Camogie Board was held at Conway's Hotel, Cappoquin, on September 8th.
Miss Cait Flynn, B.A., B.Comm.
(Chairman) presided. Miss Joan
Cotter (Vice-chairman), and Miss M. Montayne (hon. sec.), were the other officials present. The following clubs were represented:—Aglish, Miss Joan Cotter and J. McGrath; Cappagh, Misses Flynn and Kiely; Beary's Cross, Misses Mulcahy and Whelan; Dungarvan, Miss B. Mc-Grath and L. Condon; Clashmore, DANCE at AGLISH N.S.

Grain and L. Conson; Kinsalebeg, Miss N. O'Shea and K. Barron; Ballyduff, Miss Daly and C. Higgins; Tallow, Miss L. McCarthy and J. Cunningham; Lismore, Miss M. Noonan and J. Hale; Cappoquin, Misses B. McCarthy and M. Ormonde; Knockanore, P. Neville and S. Ruste.

Chairman's Address.—Miss Cait Flynn (Chairman), addressing the assembled delegates, said: We as the elected County Camogie Board are charged with the task of governing

the game of camogie in this county and promoting its interests. On us to a great extent depends the success or failure of the game in the county. In my opinion the only sure road to success lies in the rigid enforcement of the rules as laid down by the Central Council and in our own County Board decisions. Laxity in enforcing rules is detrimental to any organisation, and particularly so to an organisation in its infancy, as is camogle in County Waterford. Accordingly, I submit that it is our duty to adopt as a standard the rigid enforcement of the rules. It is up to every club to familiarise itself with the rules, and ignorance of a rule should therefore not be accepted as an excuse. Apart from any other aspect, decisions on these lines will definitely tend to give all clubs the same crack of the whip and should leave very little opening for feelings of injustice or resentment. The other point on which I would like to touch before we get down to the business of the night is club representation on this Committee. According to the rules, each

For next Sunday Night, Sept. 17th, at | club is entitled to have 2 representathe Hall, Tallow, HAS BEEN POST- tives present at each meeting, but PONED until further notice, as a mark of respect to the memory of the personnel of the Board's officers. I would like to make it quite clear that this is not so; at any rate it should not be so, if we are big enough for our jobs, and we all hope to prove that we are. We leave club status behind us once a County Board meeting starts. As officials our interests are solely centred in the efficient management of the affairs of the organisation regardless of club interests and possibly at times at variance with them. No club should expect club allegiance from a County Board official, and certainly no official chould allow his or her actions cial should allow his or her actions

to be influenced by anything other than County Board interests. (Ap-The meeting discussed fixtures and applications for changes of venues and dates in a most businesslike manner, and the voting on same was carried out most expeditiously.

Waterford's Victory.—The Chair-

man referred to the victory of their inter-county team over Tipperary on the previous Sunday, and on behalf of the Board offered the players a hearty vote of thanks for their very fine display.

Condolence.—'The sympathy of the Board was extended to Miss Mary

CEAD MILE FAILTE TO ALL.

The Sportsfield, Waterford, on Sunday next should "house" a record crowd to witness the County Senior Hurling final between Irish Tanners (Portlaw) and the Army (3rd Batt.), (Portlaw) and the Army (3rd Batt.), who, by the way, are making their first appearance in the Water 19rd Senior Hurling final. This game is arousing great local interest and thrills galore should be the order of the day. The Army, on their way to the final, defeated Mount Sion, last year's county champions, P. H. Pearse and St. Stephens but in the City decider they had not much to Pearse and St. Stephens but in the City decider they had not much to spare over Erin's Own who were going strong for county honours. However, to defeat four teams in a row speaks well of the Army and they are to be strong! Yreckoned with on Sunday when they they were the gauntlet to Mick Hickey and his men. In preparation for the Earlie the gauntlet to Mick Hickey and his men. In preparation for the game they have undergone a special coarse of training and they make no secret of the fact that they are all out to win their first Deise championship against this hard hitting team from Tannery Town. Capt. Murphy, the Army O/C, has great faith in his boys and says it will take a great team to beat us especially when our boys and says it will take a great team to beat us especially when our team will have great support. Apart from this every man of them is trained to last a grueling hour, and win or lose they will play the game. I did not get much chance during the year of seeing the Army in action, but, I am informed, that they can rise to great heights and Sunday's encounter should see them at their best.

The prospects for Sunday's final are freely discussed everywhere in the leather City and enthusiastic Portlaw supporters are fully confident of victory on Sunday next. Mr. Pk. O'Donoghue, Clashmore, was appointed to the position by 9 votes to 7 cast for other candidates. Mr. O'Donoghue, who was present, thank the members for his election.

Kilmaethomas Vacancy.—In connecticin with the filling of the vacancy in the Kilmacthomas collection district, the County Manager said that, as requested by the Council, he sent a copy of the resolution to the Department asking that as Mr. Connors had now qualified in Irish that he be appointed to the position. A copy of the examiner's certificate was also sent, He (the Manager) got no reply to his request for a direction from the Department on the matter, and he wrote again on Sept. 5th. As he got no reply to his further letter, he rang up the special section of the Department dealing with these matters, and he was told that the Department would now sanction Mr. Connor's appointment, but the fact of his quali-fying after he had been appointed at first meant that he would now have to be re-appointed, subject to a

medical examination. A resolution, proposed by Mr. Veale and seconded by Mr. Duggan, stating that as Mr. Connors had now qualified in Irish, and as he had acted as rate collector for two years and proving himself efficient in every respect, the Department be asked to

ded some changes in the existing scheme of scholarships to secondary and vocational schools. The recommendations were, briefly, that the number of scholarships be increased from eight to ten at slightly increased rates; that the value of the scholarshipe be increased to £25 for students whose homes were within four miles from the nearest secondary school, £30 for students living from four to eight miles, and £35 for students who lived at a distance of over eight miles. The Committee also recommended that, providing a sufficient number qualified at the examination, five be reserved for pupils of schools in which the number of teachers normally engaged would not be more than two, and the remaining five for

ships in the country, with a view to providing a scholarship. The Chairman said he understood that a peculiar position existed regarding this as, apparently, a student had to go to a London college or get permission from a London college, or indergo some formalities like that, before he could qualify.
