#### ACCUSED MEN RETURNED FOR TRIAL TO CENTRAL CRIMINAL COURT.

STATING that there was a prima facie case against the accused and he would return them for trial to the Central Criminal Court, was the finding of Mr. Troy, D.J., at Dungarvan, after a three days' sitting, in which many witnesses were examined. The case was a sequel to the death of Private Charles Daly, Clara, Co. Offaly, in Dungarvan on August 30th last. At the same date Stewart handed witness a tuft of hair (produced). On 31/8/44 a dark grey Poultry Scheme.—The Department wrote re a scheme for brooder heaters and day-old chicks stating that the scheme should be adopted. The Secretary pointed out that it was impossible to get brooder-heaters at present, but if they wished to adopt the scheme they could do so. This was agreed on.

Lime Scheme.—The Department John Donovan, was given to witness by Mrs. Margaret Donovan at her home. On 31st August, witness accompanied the accused, Wm. Donoghue to Carberry's Lane. "We wrote stating that they were prepared to increase the grant for this scheme from £3,900 to £4,200, so that £4,600 would be available; £400 being contributed by the Committee.
Mr. O'Ryan said that the time of the year when the scheme came into operation was too late and it should

begin earlier.

The Secretary said they had no thing to do about it as the Depart-ment had laid down a fixed period. Chairman-Did you ask the De-partment about it ? Secretary-We did.

Chairman-And they refused. Secretary-Yes. I don't know why? The Committee agreed to ask the Department to have the scheme

started in October.

After hearing Messrs. Farrell and Keller, solrs., District Justice Troy said that there was on the evidence a prime facie case against the defendants and he would return them for trial to the Central Criminal Court.

True Secretary said he attended the sales at Dungarvan. The top price was 21 gns. He would like to congratulate the sheep breeders of the county on the splendid stuff that was exhibited at the show. It was a very successful Show and Sale and 39 premiums were awarded as against 18 in Cahir.

A letter was read from the Committee of Inquiry on Post Emergency pig marketing which asked for the views of the Committee on the ob-

Mr. Harty suggested that the price of pigs be fixed every two years. He knew a number of people who were rearing a lot of pigs and it would be very unfair to them after rearing the pigs to allow the prices to fall. The price should be fixed every two years and notice given about a month before hand. Mr. O'Ryan said that it was unfair to allow the bacon producer to charge

the same price for bacon from in-ferior pigs as for pigs of better quality.

Following a discussion the Committee agreed to Mr. Harty's suggestion.

Tenders.—Tenders for the supplying of forest and fruit trees were accepted from Galvin Brothers, Wexford, and Robert Walsh, Dundrum, Dublin respectively.

Sheep Being Injured.—Mr. Fives drew attention to the fact that sheep breeders near Cappoquin had made several complaints regarding damage to sheep by dogs. He knew one man

who had lost £30. The Chairman said several complaints had been made to him also on Mr. McGrath said that he thought the matter should be referred to the parent body and he thought that here was an order on the books al-

ready about it. Sympathy.—Sympathy was voted to Mr. D. Heskin, T.D., a member of the Committe on the death of his The Secretary on behalf of the

officials associated himself with the vote. Carrick Schools' Outstanding Record .- To have secured for their students seven University Scholarships is the unique distinction that stands to the credit of Carrick-on-Suir Mercy Convent High School (the first Class A Secondary School in Ireland). Six of the students have secured the B.A. degree with honours. A seventh, Miss Kathleen Canon Keating, President, St. John's College. Waterford), will begin her university studies mext month. Each year for the past eight year, from eight to ten students of St. Joseph's Technical School, Mercy Convent. Carrick-on-Suir, have been called for training as Domestic Economy teachers. #### YOUTH AND OLD AGE -

It is a remarkable fact that the vast majority of Industrial Assurance Policies effected in Ireland are on the lives of young children or people of advanced age.

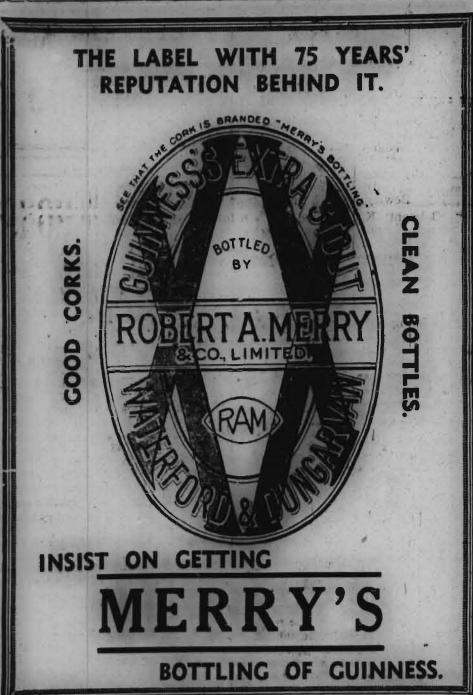

For some reason the person who needs Life Assurance cover more than anyone else---the young married man-fails to insure his own life.

No man can foretell the length of his days and if the breadwinner were suddenly taken away, his earnings would cease. His widow would then find it hard to provide the necessities of life for the children

And yet it is so easy to secure financial protection for your dependants through The Irish Assurance Company—Ireland's leading Life Office—at the cost of a few pence a day, and the earlier in life an Assurance is taken out the cheaper the premium

Foundation Stone Laid.—Sunday last was a "red letter" day in Ballyduff, when the foundation of the new Parish Hall was laid by Mr. S. J. Moynihan, County Manager. The stone was blessed by Very Rev. Acute Fuel Shortage.—It is anticiated that the coming winter will be one of very grave shortage of winter fuel. We have invented a new ap-paratus, and when this is fitted to your existing range, no matter how old or what pattern, it will convert your range into a modern turf-burn-ing range. It has several advantages; one is that it will burn coal, turf, wood or coke, and will save at least 50 per cent. in consumption. Another advantage, it will remain lighting overnight. The cost of fitting is not excessive, and will cost from £3 to excessive, and will cost from £3 to £4/10/0, according to size and make of range. We fully guarantee this apparatus, and if it does not give satisfaction, your money will be refunded. We already have a waiting list, and it is growing every day, so please place your orders as soon as possible, in order to avoid delay.— Harpur Bros., 48, Quay, Waterford.

"Something New."—We are putting two New Turf Ranges on the market at considerably reduced prices. No. 1 H. and C. Water Range, high-pressure copper boiler, £16 16s. No. 2, Turf Range without hot water attachment, £9 15s. In addition to the above ranges burning turf, they will also burn coke, wood or coal without further adjustment. Owing

There was a large atendance, all of whom thoroughly enjoyed the few hours devoted to this stand that it is their intention to run Irish airs on the accordeon by Mr. B. McGrath. STRADBALLY v. KILROSSANTY On Sunday's display it appears as if the Stradbally senior footballers are going to set up a new record. A win over Dungarvan in the next match (or even a draw) places them at the top of the list with Dungarvan and Clashmore with five champion-ships in a row. To put them out of this year's championship is hardly game However, we can depend on and set up a new record. Since 1935 Stradbally has contested 7 Co, finals, winning 4 (the fifth certain), losing the 1936 final to De La Salle and the 1939 final to Kilrossanty, while they were only put out of the 1937 final by Dungarvan on objecting. Stradbally won well on the field. This is a record which few teams can boast of. It would be wrong to say that Stradbally had trained for this game most of them had not seen a foot-

ball since August 13th when they met Clonakilty. The Kilrossanty team undoubtedly, had more training, but it must be remembered that Paddy
Daly, who with Tom Veale and
Monnie McGuire shared the honours on the Kilrossanty side has had not two hours training for past four years. The game was the real Stradbally Kilrossanty clash, with the knocks as hard as ever, and if the boys only played like this when they turn out for the County nothing

The football was as good as could be expected from those teams at this period of the year, and in fact just as good as any County championship in funster to-day. A few more games of this type would put Waterford on

The first half found Stradbally leading although Kilrossanty had the several wides. Fouls were numerous frequent stoppages. Had Kilrossanty gone in for playing the ball rather than the man the decision might have been reversed, as 4 of Stradbally's 6 than the man the decision might have been reversed, as 4 of Stradbally's 6 scores came direct from frees. Even Stradbally were not sure of victory until they scored a goal 3 minutes from the end. The 3-point lead was not enough against their old rivals.
