GAELIC NOTES: SENIOR CLUBS

By "TAOBHLINE"

Congratulations to Stradbally senior footballers who on Sunday last at the Gaelic Field completely outclassed Dungarvan in the S.F. Co. championships. By defeating the "Blues" on Sunday last Stradbally have won their fifth successive title and now share honours with Clashmore and Dungarvan who were the only two other clubs in the Co. to hold five county championships in a row. Clashmore first set up this record in the years 1903, 04, 05, 06, 07. Then Dungarvan came along in 1928, 27, 28, 29, 30, to be followed by Stradbally who are now holders since 1940. This is certainly a unique feat but Sunday's display the champions look like breaking all records in 1945. Fielding at full strength Stradbally gave a great display in which they proved themselves worthy title holders. At no stage of the game did the "Old Boro" men look like winning and all their efforts to score proved fruitless against a Stradbally back-line that proved well-nigh impregnable. The listless display of the "Blues" on Sunday last came as a big surprise to optimistic supporters and candidly I was very disappointed myself. A feature of the game was the great all round display given by Willie Hesse, the Carlow All-Ireland player. He was here, there and everywhere and was about the only Dungarvan player to shine out. I discussed his play with some well-known football personalities and one and all were of the opinion that he is a footballer superb in a class of his own.

Next Sunday will finish the senior football competition when Kilree sanny and the Army field out at Leamybrien in the concluding round. This game should prove a capital attraction in the Comeragh stronghold and followers are assured of a good hour's football. The game is timed to start at 3.30 (S.T.) and will be refereed by the Co. Secretary.

The Waterford senior hurling selection committee met this week end to select the team to do duty against "Peppara" in the Four-county League match at Dungarvan on December 3. It would not surprise me to see "Catchy" Healy get a try-out in an important position and I expect that the name of Willie Galvin of Portlaur will be seen amongst the forwards when the selection is made. Another young player likely to gain recognition is the Campfire player, Paddy Ahearn.

Representing Waterford at the extraordinary meeting of the Central Council this week end in Dublin is Michael O'Donnell, B.E. Co. Chairman. He will take part in the many discussions relating to the post-war period and the extensions of Croke Park presently very much in the news.

Congratulations to the Dungarvan camogie team who on Sunday last won the Waterford Camogie championship by a clear-cut victory over Knockanore at Cappoquin.

WEST DIVISION G.A.A. NOTES

By "AN RUNAIDHE"

Kilgobinet Club Gets Going—A general meeting of all members and intending members of the G.A.A. Club will be held on Sunday next, 19th inst. immediately after Mass at Kilgobinet Church. It is intended to enter a junior and a minor team in the 1945 championships. The one and only "Bobby" is leading this reorganising drive. Best of luck boys.

Medal Found—A county championship medal has been found. It is for S.H. 1941, won by Dungarvan. It was found on the Cappoquin-Dungarvan road. Owner can be put in touch with finder by sending name and address to me c/o this paper.

Eire Oge Tournament—At Lismore on Sunday next Lismore meet Cappoquin in the Eire Oge hurling medal tournament. This game, according to Lismore officials, will be in the nature of a come-back for Lismore. The black and amber boys are not at all satisfied that the championship game was a correct result of their hurling form. With Cappoquin (county champions) fielding at full strength, this game should be worth seeing. The last meeting certainly provided first-class hurling and this game gives promise of even better.

Stradbally had a Soft Game—Stradbally senior footballers had such a soft win over Dungarvan that it was almost a walk-over. We had heard great things of how Dungarvan expected to defeat the champs, but the result showed that it was all talk. I can see no hope of Dungarvan getting anywhere in senior football without a complete change in their attitude to training—you can't win a county championship without practice. Congratulations Stradbally!

Ballycoe Have a Social—Ballycoe Club held a social on last evening at the Club H.Q. A splendid tea followed by refreshments and speeches made very enjoyable evening. Other clubs please copy. It would help your organisation.

DUNGARVAN STRIKE

DISCUSSION IN DAIL.

In the Dail, last week, Mr. D. Heskin, T.D., asked the Minister for Industry and Commerce if he is aware that a trade dispute has been in progress since the 12th October between the Dickens Leather Company, Ltd., Dungarvan, and their employees with a consequent loss to the fell mongers and boot and leather industry, and severe hardships to the men on strike and their families, and if he will state if he has taken action to bring about a settlement of this dispute and with what results.

Mr. Ryan—I am aware that a trade dispute has been in progress since the 12th October between the Dickens Leather Co., Ltd., Dungarvan, and the Amalgamated Transport and General Workers' Union, due to the fact that members of the union refuse to work with non-trade union labour in the factory.

There is in existence a joint industrial council for the tanning industry, the principal function of which is to promote harmony in the industry, and the matter in dispute was discussed at two meetings of that body which were held in May and June last, but without result.

The chairman and secretary of this body are officers of my Department. Subsequent two conciliation conferences, presided over by officers of the Department, were held on the 22nd July and the 2nd October, but the parties failed to agree. I am not vested with any power of compulsion in this matter, but at the parties are aware, I am willing at any time to summon a further conference if requested by either side.

Since the start of the strike, however, no approach has been made to me or to my Department with a view to the summoning of such a conference.

Mr. Heskin—Is there any hope that the Department would use its power to arrange a conference between the parties concerned with a view to bringing about a settlement of this dispute before it is prolonged into the winter months, and thereby getting the people disemployed at the moment back into work before the Christmas period?

Mr. Ryan—I think I told the Deputy that the Department cannot use its power, but may use its good offices, and is quite willing to do so, at any time there is any hope of a settlement.

Mr. Heskin—Would the Department use its power to bring about a conference?

Mr. Ryan—Yes.

Mr. M. Morrissey, T.D.—Would the Minister consider not waiting for either of the parties in the dispute to approach the Department for a conference? Would he take it on himself to convene a meeting of the two parties with a view to discussing a settlement?

Mr. Ryan—As far as I understand the procedure, the Minister must be requested by either party to call a conference. I do not think he can depart from that procedure.

Mr. M. Morrissey—Would it not be possible, without a request, to ask the parties to agree to a conference?

Mr. Ryan—Not officially, anyway.

The second charge of drunkenness was marked ruled in the assault case.

VOCATIONAL EDUCATION

Very Rev. T. Canon O'Brien, P.P., V.F. Chairman, presided at a special meeting of the Waterford Vocational Education Committee at Spill na gCeard, Dungarvan, on last Monday. Also present: Messrs. D. Coghlan, M. McGrath, S. Morris, L. Meehan, M. Hart, and L. Veale. Mr. J. Lanigan, C.E.O., was also present.

The meeting was called for the purpose of considering the financial scheme for the year 1945/46. The financial scheme was as follows: Administration, £1,042; Instruction, £2,370; Maintenance of Schools and Classes, £1,667; Scholarships, £380; Maintenance and Travelling Expenses of teachers, £190; total, £5,549. Estimates of Receipts, ordinary account, £11,541; capital account, £1,526.

The C.E.O. said that since 1937 the amount of the local contribution from the Rating Authority had not changed. For the coming year it was proposed to ask for an increase from £4,355 to £4,834. This represented an increase of 11 per cent. The grant from the Department was based on the local contribution and would be £5,187. The total rate was 4d. in the £ but the rate could not be more than 5d. In Galway they were putting in for 5d. in the £.

Schools.—The C.E.O. then went on to refer to the Vocational Schools in this case the amount of the grant would be £5,187. The total rate was 4d. in the £ but the rate could not be more than 5d. In Galway they were putting in for 5d. in the £.

Mr. Morris said that due to the activities of the Tourist Board the price of sites in Tramore had gone up very much.

Mr. Ryan said that it might be of interest to know the Co. Council had made a present of land at Tramore to the Tourist Board.

Mr. O'Brien said that the school at Kilmachomas was very important as it served a big area there.

Following further discussion the meeting adopted the proposition of Mr. Walsh, seconded by Mr. Meehan.

The proposition was passed Mr. Veale suggested that a scholarship be given for Post Office learners to a school in Limerick.

A meeting of the sub-committee was subsequently held and passed the financial scheme as submitted by the C.E.O.

Garda Patrick Ryan is leaving Leamybrien next week on transfer to the Garda, Co. Kilkenny.

Since his advent to Leamybrien, about two years ago, Garda Ryan has won golden opinions for the efficient and tactful manner in which he has discharged his duties. His pending departure is deeply regretted by the people of the district.

Now Back from Surrey England, on a holiday at her parental roof-tree is Miss Nancy Cleary, S.N.C., elder daughter of Mr. and Mrs. Andrew Cleary, Ballykilmurray, Kilkenny.

CAMOGUIDHEACHT

DUNGARVAN DEFEAT KNOCKANORE IN COUNTY FINAL.

Dungarvan, 3-1; Knockanore, 1-0. Dungarvan secured the camogie championship of the county when at the Sportsfield, Cappoquin, on Sunday last, they defeated Knockanore on the score of three goals and one to one goal.

Great interest was centred in the meeting of these two teams who had earned the right to contest the final championship game. Despite bitter cold and the inclemency of the weather which prevailed earlier in the day, and which it was thought would mar the event, there was a good attendance, and the game proved to be a most interesting, exciting, and well-contested one.

The teams were very evenly matched, and close marking with first-time striking was the chief feature of the play in the first moiety. Both ends were visited time and time again without advantage to either side, and the half time call came with both showing a blank register.

On the resumption, however, Dungarvan showed to much better advantage and their forwards overcame the superb defence put up by the Knockanore backs and scored two goals in quick time. Knockanore, nothing daunted by this reverse, fought on determinedly and forcing a "25" were rewarded with a green flag, to which Dungarvan responded with a point, to finish the scoring, thus leaving the Dungarvan girls worthy winners of the county camogie final, and an unbeaten record in challenge and championship games since their formation.

Scorers for the winners were Miss Biddy McGrath (1-1) and Miss M. Keohan (2-0). Miss M. Landers had Knockanore's only score.

I.D.S.B.S. WATERFORD BRANCH

ANNUAL MEETING. Mr. D. Coughlan presided at the annual meeting of the Waterford Branch of the Irish Dairy Shorthorn Breeders' Society at the Courthouse, Dungarvan, on last Saturday. Also present: Messrs. C. Dempsey, J. Anderson, C. Curran, P. Morrissey, P. Moloney, T. D. Fives, P. Coffey, J. J. Gough, G. Bell, T. G. Flavin, M. O'Donovan, P. Broderick. Mr. Jas. O'Regan, Secretary, J. O'Dwyer (Secretary Waterford Co. Committee of Agriculture), M. J. Dromey, C.T.I., were also present. Balance Sheet.—The Secretary submitted a balance sheet account which showed a balance in favour of £15 8s. He added that a cheque for £23 18s. 6d. had been received from the promoters of the dance at Cappoquin. The Chairman said the accounts were very satisfactory. This year's bull sale had been very successful and the attendance of sympathisers was just as successful. Date of Sale.—The date of the Annual Show and Sale of Bulls at Waterford was fixed for March 20th, 1945. Committee Praised.—In the course of a letter from Mr. P. J. Hallidan, T.D., regretting inability to attend the meeting, he congratulated the Secretary and the Committee on the success of the Annual Bull Show and Sale. "From a very modest beginning," he said, "your fixture has now grown to be one of the largest and most useful in the county. That is something to be proud of." Continuing, Mr. Hallidan said that he was sure the members of the Cow Testing Association were glad to know that the Interim Report on the progress of the Association was a success. He was glad to see the Government to implement the findings of the Commission. If it was truly or penurious to do so the Cow Testing Movement would continue to lose the sympathy and confidence of the dairy farmers of the country. Referring to the contemplated pay and prospects of the supervisors, Mr. Hallidan said that the portion of the Report was most commendable and he was glad to see the supervisors were leaving the service because they saw no future for themselves in it. Election.—The outgoing officers were unanimously re-appointed. Assessor.—Messrs. Flahavan, Hartly and Co. were unanimously re-appointed assessors for the Bull Sale. Dairy Report Discussed.—Mr. Bell, in his report on the progress of the Association, said that many farmers who had calves rejected, concentrated on them in getting them up to the required condition to get the passes with the result that the calves which had been passed, were allowed to deteriorate. Mr. Flahavan said that the fact that Mr. T. O'Connell, Chief Inspector, a man with an all-round knowledge of agriculture, had signed the Report would lead him to suggest that the farmers would go forward with the Report. If it was fundamentally bad, he (Mr. O'Connell) would not sign it and he (Mr. Flahavan) thought, if it was not in the interests of the farmers, he (Mr. O'Connell) would not put his name to it. Mr. Gough said there was one thing in the Report, namely the question of fees, he would like to draw attention to it. He contended that if the fees were to be collected at the creameries that the farmers would go back to the old system of making their own butter. There was an incentive to do that at the moment with the scarcity of butter. He (Mr. Gough) would certainly be in favour of collecting the fees through the creameries. Contagious Abortion.—Mr. Flahavan said that there was one thing which should have been embodied in the Report and that was the question of Contagious Abortion. Something should be done to eradicate this disease that was so detrimental to the dairying industry. Mr. Bell said that four years ago he had a case of this disease in his cattle and got it wiped out, but it cost him a good amount to have it done. But there was a number of farmers who could not afford to pay for the veterinary attention that was required. Mr. Anderson said that he understood that a new serum, which had been discovered for the treating of this disease, was being very successfully in America. He thought there was some research going on about this new serum in this country at the moment. Chairman.—If you like you could pass a resolution asking that this be incorporated in the scheme. Will you approve of the findings? Mr. Bell said that personally he had not read the report, except what had read in the papers, and they all knew how small were reports in the papers these days. He would favour the suggestion of deferring the matter so that the members could have an opportunity of reading the report in full. Following further discussion it was decided to defer the matter. The Contagious Disease Committee was constituted on the successful dance held on October 1st. Deceased, who was in the prime of life was a general favourite with all who were intimately associated with her and her demise has created a void in the community not easily filled. Expressions of sincere and deep regret were heard on all sides not only in the town and throughout the Parish but throughout the adjoining parishes also. Evidence of the sympathy felt at her passing and the sympathy felt for the bereaved was fully illustrated by the large and representative attendance of 8 general public at the funeral which took place in the Parish Church, where they were received by Very Rev. Mr. T. McCarthy, Chairman, presided at the meeting of the Dungarvan Urban District Council on last Friday. Also present: Messrs. L. A. Veale, T. A. Kyne.

School Meals Scheme—Arling from the minutes Mr. Kyne referred to the meeting of the Children's Health Committee last Friday night, which fell through owing to the absence of a quorum, and said that the lack of interest shown by the members was a point in favour of putting the full cost of the meals on the rates and thus obviate raising money from voluntary sources.

Welfare of the Poor—The Acting Clerk stated that the changing of the street names was an expensive business. The Manager, however, had asked for the views of the members regarding the change in the name of Fair Lane. In view of the fact that there was already a 'Wolfe Tone' street, the Manager felt that some confusion might arise from the change.
