GAELIC NOTES : SENIOR CLUBS

The Waterford S.H. line-out against Tipperary in the Four-Co. League at Dungarvan on Sunday week will show only one change from the XV who defeated Cork in the Ignatius Rice Tournament final. Daly (Army) who filled the right full position in the last line of defence in the Cork match makes way for "Catchy" Healy, who has a sound reputation in this particular stand. Non-residents, Vin Bastin and Mick Non-residents, Vin Bastin and Mick Feeney are asked to make the journey to the Old Boro' but both must be regarded as doubtful when the long journey from Renmore and Dublin are taken into consideration. Local supporters will be given a chance to see "Catchy" Healy in action as he will be fielding out with U.C.C. against Dungarvan on Sunday next in a S.H. friendly. I have he comes up to expectations and hope he comes up to expectations and should he prove himself the man for the position I see no reason why we should not win the Four-Co. League. as it would give our hurlers new heart for the 1945 All-Ireland series. Local supporters will have a mixed bill on Sunday next when, at the Gaelic Field, Dungarvan, County Camogie Champions, take on Knockanore (finalists) in a friendly challenge. This is the first appearance

of the local camogie team at the home veriue and it is expected that a record crowd will see the chamhurlers take on U.C.C. who are sending a strong side to meet the homesters. The University team includes Dr. Jim Young, Con Murphy, Derry Beckett, all three having won all-Ireland medals with Cork.

"Strong criticism of the attitude of his fellow Catholics to "general trade union problems" was expressed to me at the close of the 76th annual Trades Union Congress by Mr. T. O'Brien, who has been re-elected to the General Council of the T.U.C. and appointed a British trades union delegate to America. During his recent visit to Italy Mr. O'Brien had an audience with the Pope, who said that workers all over the world should join their unions for economic protection.

CAMOGIE RULES.

To the Editor, Dungarvan Observer.

A Chara—I wish you to publish in A Chara—I wish you to publish in this week's issue of your paper the enclosed ruling from the Chairman, Munster Council Camogie Board; also my own comments on the matter. On the occasion of the Camogie Co. Final, Dungarvan v. Knockanore, the following incident happened during the course of play: the one and only Biddy McGrath (Dungarvan) lifted the ball with camog on to her hand and then proceeded about 15 yards on one of her usual solo runs hopping the ball on usual solo runs hopping the ball on her camog. She then caught the ball her camog. She then caught the ball on her hand again before striking. I penalised her in accordance with Rule 10, Page 57, line 8 and 9, Official Camogie Guide. During the interval a few Dungarvan friends of mine informed me that my decision was incorrect. They said that there is a new rule allowing the player to catch the ball twice in her hand before striking. As I would feel it an injustice to the Dungarvan team and especially to the player concerned if is a new rule allowing the player to catch the ball twice in her hand before striking. As I would feel it an injustice to the Dungarvan team and especially to the player concerned if my decision was wrong, I wrote to the Chairman, Munster Council Camogie Board on arrival home from the match, asking him if the above quoted Rule was revised. My object in publishing this ruling is not to justify myself but rather to make the information available to all Camogie referees, players and followers and perhaps to prove that the referee is sometimes right.—Is the referee is sometimes right.—Is mise,

BOARD OF ASSISTANCE.

Mr. D. Coghlan, Chairman, pre-sided at the annual general meeting of the Board of Public Assistance at the Courthouse, Dungarvan, on Monday. Other members in attendance were Messrs. L. A. Veale, G. Torpey and Senator J. Butler.

Mr. Ml. Flynn, Secretary, and Mr. Ml. Phelan, Superintendent Assistance Officer were also present ance Officer were also present.

Special Meeting at Waterford.—
Senator Butler asked if there was a

report about the special meeting held at Waterford in connection with the need for a second dispensary.

Secretary—No, there was nothing done beyond discussions and the City Manager invited the members present to visit the Peter Street Dispensary and the district wherein it was suggested the second dispensary uld be opened Senator Butler-The Local Govern-

ment would give a grant for the erection of a dispensary. Secretary—They have ruled this lispensary is not necessary; they have agreed with the doctor's report. Senator Butler-I don"t know the dispensary but certainly if there is hardship imposed on the people, noney should not stand in the way. Secretary—In Waterford City you have dispensary days every day of the week. The doctors seem to think everything is alright.

Chairman—It seems that the people do not attend at Ferrybank

dispensary but go to Peter Street.

Mr. Veale—That is because medicines are not compounded there and they must come across to the City. There is no doubt but it is a hardship on the people. Some have to come a mile or more in all weathers with children, and in wet weather it is enough to bring sickness and

Secretary—Anyone attending at Waterford will not have as far to go as some of the people attending country dispensaries.
Senator Butler said that as regards Ferrybank it is no addition if after going there you have to go to Peter Street. Compounding is done in every dispensary, even in the country dispensaries. Unless you get your medicine in the house you go to it's no good going there.

The Secretary said he understood from Dr. McCarthy that there was a

He said he thought as it was a

Government scheme that the Government should finance it fully or should at least give 75 per cent of the total expenditure.

Mr. Phelan, Superintendent Assistance Officer, in reply said he would say that at the 31st March the expenditure on the scheme will be close on £8,000. It was decided to leave the matter in abeyance until the end of January when a closer estimate of the expenditure to 31st March will be available, the matter to be again raised by Mr. Veale.

The bride and bridegroom progress there now, and already some twenty stout hares are in the hare park. I hear from the hon. secretary, Mr. Joe Foley, that entries are starting to come in already.

As I pointed cut last year, it takes money to run coursing meetings, and I understand from the hon, treasurer, Mr. Jack Lynch, that he has got numerous subscriptions. Well, more are necessary, so I say to coursers and the general public: Subscribe now and help in keeping the oldest sport going. You can become a member for 10/-.

C.E.O.—We haven't any suitable boy for it at the moment. Mr. Veale said that he didn't understand the point about approv-ing exceptionally of the scholarship in the letter at all.
