SATURDAY, DECEMBER 2, 1944.

Registered at the G.P.O. as a Newspaper.

PRICE 2d.

DUNGARVAN DISTRICT COURT

Held on Tuesday before Mr. S. J. Troy, D.J.

Occasional Licenses.—Mr. Williams, Solr., was granted an occasional license on behalf of Mr. P. I. Power for the night of December 13th, the occasion of the Golf Club dance in the Town Hall, Dungarvan.

Mr. Williams, Solr., was also granted occasional licenses on behalf of Patrick Nugent, Ballymarart, in respect of dances at Mweenishburna School on the nights of Dec. 2nd and 17th.

Mr. Williams, Solr., was also granted a renewal of the Certificate of Registration for the Literary Club, Church St., Dungarvan.

Mr. Sean Glanville, Hon. Sec., was the applicant.

Lights.—There was only one case under the Lights on Vehicles Act, in which John Kiely, Glendog, was fined 5/6 at the suit of Guard Giblin.

Deal With.—The oft adjourned case of Supt. O'Mahony against Stephen Smyth, Friary St., Kilkenny, who was charged with obtaining an electric cooker, value £45 at Dungarvan on 25th February, 1943, from Mr. Patrick Dunne, Bridge Street, with intent to defraud, was again called.

Replying to the Justice, Mr. O'Keefe, Court Clerk, said that defendant had paid £22 out of £35 which was originally fixed by the Court.

The Justice dealt with the case under the P.O.A.

30 Acres of Uent Ragwort.—The Minister for Agriculture charged Mrs. Mary O'Meara, Garryduff, Cappagh, with failure to cut weeds on her land under the Noxious Weeds Act, 1936.

Guard Lacey, Cappagh, said that he found 30 acres on which Ragwort was growing uncut.

Defendant told the Justice she had 83 acres; only her sister lived with her. Guard Lacey called in August and at that time, due to scarcity of labour she could not get the work done. The weeds were all cut later. This is the first prosecution against her.

Guard Lacey said it was hard to procure labour at that time. The case was dealt with under the P.O. Act, defendant to pay 2/- expenses.

Accred Standard Rent.—When the case of Patrick Browne, Sexton St., Abbeyside, against Capt. Theobald, South St., was called.

Mr. Williams, Solr. for applicant, said it was an application to fix the standard rent on the house occupied by applicant. Mr. Kenny was on the other side and they had agreed on the standard rent at 4/- a week.

The agreement was made a rule of Court.

Numbers of pigs received at bacon factories in Ennis during week ending 25th Nov., 1944, 5,909; 27th Nov., 1944, 6,018; 28th Nov., 1944, 6,310.

Forty-seven weeks ended 25th Nov., 1944, 207,501; 27th Nov., 1943, 195,145; 28th Nov., 1942, 213,767.

"Castlereagh Express"

On Wednesday, 13th December, 1944.

MUSIC BY MICK DELABUNTY & HIS BAND. Dancing 9-3.
LOUNGE BAR. SUPPER BY LADIES' COMMITTEE.
ADMISSION (inc. Supper & Tax)—Single Ticket, 10/6; Double, £1.

CAMOGIE AND HURLING AT DUNGARVAN.

At the Gaelic Field, Dungarvan, on Sunday last, before a fairly large crowd, a double-feature programme was staged when Dungarvan (county camogie champions) met Knocknore (the runners-up) in a friendly game, which was followed by a challenge hurling game between University College, Cork, and Dungarvan senior hurling team. Conditions underfoot, due to the heavy rain of the past fortnight, followed by showers on Sunday morning, leaving the ground heavy and slippery, militated against any spectacular play. This was particularly so in the camogie game, as the ladies, the majority of them playing in shoes without studs, found it extremely difficult either to start to run for the ball, stop, or turn in any way. Nevertheless, both sides gave of their best, and the final whistle found Dungarvan had confirmed their championship win of a few weeks ago in no uncertain manner.

U.C.C. DEFEAT DUNGARVAN.
There were some sparkling passages in the senior hurling game, in which the locals were leading up to the closing stages, but the superior training of the college boys enabled them to turn defeat into victory before the call of full time. In the initial stage U.C.C. pressed but Sheridan, Mountain and Lyons were some brilliant defensive work. A free by Landers transferred play to the other end but a wide was the result. Dungarvan kept up the pressure and J. Good opened the scoring with a point. U.C.C. attacked and had a number of wides. In an Old Boro' raid Percy Butler finished to the net. A free by U.C.C. from a favourable position was inches wide. Curley in the Dungarvan goal was hard pressed but responded magnificently. Neville sent Dungarvan into the offensive and from a melee in front of the U.C.C. goal the forwards again finished to the net. U.C.C. replied with a goal from Beckett. Curley again brought off some brilliant saves, and a free to Dungarvan by Barron was sent over the bar. Dungarvan had wide before U.C.C. added another goal to their account, leaving the interval score—Dungarvan, U.C.C., 2-0.

On the resumption the college boys attacked but Curley proved a stone-wall in the Dungarvan goal. The Waterford trio (Whelan, Rathgormack, Healy, Lismore, and Tyers, Townsena) in the college full-back line were prominent in warding off a number of Dungarvan attacks. Ryan, most outstanding hurler on the field, sent U.C.C. into the attack but Curley again came to the rescue. Barron added a minor to give the Old Boro' a three points lead entering the last quarter. The college replied with a like score. Play was exciting at this period as the college stove hard for the lead. Eventually they broke the ice going through for a major and within five minutes added 4 points, leaving the final score: U.C.C., 3-5; Dungarvan, 2-3. Best for U.C.C. were Healy (capt.), Murphy, Ryan, Cahill, Moriarty, O'Neill, Lyons, and Beckett; while Dungarvan's best were Curley (goal), Sheridan, Moloney, Neville, Lannon, O'Neill, Lyons, Barron and Butler.

DEATH OF MRS. J. WHELAN
STRAND ST., DUNGARVAN.

Mrs. J. Whelan, wife of Mr. John Whelan, Strand Street, whose death occurred on Monday, was a most industrious lady and possessed of a happy disposition which made her a general favourite with all who knew her, and her death has evoked feelings of deep regret and sympathy with her family and relatives. The remains which were removed to the Parish Church, Dungarvan, on Tuesday, were followed by a big cortege of mourners and friends and were received by the Rev. D. Power, C.C. Following Requiem Masses on Wednesday morning the funeral took place to Abbeyside where interment was made when there was again a very big gathering of relatives and friends present. Rev. Fr. M. Power, C.C. officiated at the graveside.—R.I.P.

Sixty-four years of sustained SERVICE

It was in the year 1880 that the House of Thomas Power & Company was established.

SINCE that time Diplomas and Medals were awarded the Firm for the excellence of its products, at Dublin, London, and Amsterdam Industrial Exhibitions.

TODAY the business is pre-eminent in its field, having been built up by supplying highest quality goods at reasonable prices.

IN peace and war many difficulties are surmounted and the best possible Service is given to the Trade.

then and now

THOMAS POWER & CO.

Hall specially heated for the occasion.
Seats may be booked at Messrs. Sheehan, Ryan, Ltd., Main Street.
Look out for the Big Dance of the Season (under the Club's auspices) on January 3rd, 1945.

DEATH OF MR. J. K. BOWEN, B.E.

The death occurred at his residence, Ballinaparka, Cappoquin, on Thursday morning of Mr. J. K. Bowen, B.E., M.I.C.E., Waterford Co. Surveyor. Son of the late Mr. Patrick Bowen, J.P., Monkstown, Cork, he was educated at Queen's College, Cork, and later went to the Royal University where he graduated. His first appointment was to the Congested Districts Board, Mayo, in 1818 he was appointed Waterford Co. Surveyor. At that time the main roads of the county were in a very inferior state. Mr. Bowen's principal efforts were directed to improve them. That he succeeded in his task is evidenced by the splendid first-class highways which the Co. possesses today. He was appointed Borough Surveyor to the Dungarvan Urban Council in 1941 and planned and built the swimming pool which was opened in 1942. He was brother of Mr. Jas. F. Bowen, Manager, Provincial Bank, Dungarvan; Mr. V. Bowen, J.P.; the late Dr. W. Bowen, Ennisochy; and the late Co. Surveyor, Kilkenny, Mr. R. Bowen. To his bereaved widow, family and relatives sincere sympathy is extended.

The funeral takes place to the Parish Church, Dungarvan, this (Friday) evening at 8.30 p.m. There will be Office and High Mass on to-morrow (Saturday) at 11 a.m., after which interment will take place in the adjoining cemetery.

DEATH OF MR. THOMAS DUCHEY
MAIN STREET, DUNGARVAN.

It is with deep regret we record the death which took place on Sunday night last, November 26th, of Mr. Thomas Ducey, Main Street, Dungarvan.

The deceased gentleman, quiet, inoffensive and genial, was a great favourite with all and his death is deeply deplored. Much sympathy is extended to his bereaved widow and to his brother, Mr. M. Ducey, Mary Street, in their bereavement.

A prominent footballer, he was the youngest member of the Erin's Hope, Dungarvan, U.C.C., who won the Munster Final in 1898. He was an authority on dramatic art and was one of the leading lights in the Dungarvan Dramatic Club, who, about 25 years ago, was considered the best amateur dramatic class in the county.

There was despite the very inclement weather prevailing, a very large and representative cortege in attendance when the remains were removed to the Parish Church, Dungarvan, on Monday evening, where on arrival the coffin was received by the Rev. Fr. D. Power, C.C., who recited the prayers. Following the celebration of Masses of Requiem for the happy repose of his soul on Tuesday morning interment was made in the adjoining cemetery in the presence of another large gathering of mourners and friends. Rev. Fr. Power, C.C. officiated at the graveside.—R.I.P.

GREYHOUND TOPICS.
(By "MICK THE MILLER.")

In my notes of last week I gave an outline as to progress being made by the local Coursing Club for their meeting at Clonmel on Thursday, Dec. 28th. I visited the grounds since and things are being laid out to perfection by skilled workmen coached by an energetic committee. I was speaking to the Hon. Sec. Mr. Joe Foley and he informs me the entries are coming in very fast and all stakes are practically full.

I should have congratulated Joe Foley last week on having purchased "Castlereagh Express" for stud purposes. He is an ideally bred dog

without blemish—and you'll jump out of bed in the morning full of vim and vigor. The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not moving freely, your food doesn't digest. It just decays in the bowels. Get things up your system is poisoned and you feel weak, tired, and the world looks grim.

Essences help a little, but a real bowel movement doesn't get at the cause. It takes those good old Carrara Little Liver Pills to get those two pints of bile flowing, and make you feel "up and up."

Ask for Carrara Little Liver Pills, they reduce anything else, 1/3 and 2/6.

WEST DIVISION G.A.A. NOTES

By "AN RUNAIDHE."

Faugh-a-Balagh Ceilidhe.—The newly reorganised Faugh-a-Balagh G.A.A. Cumann are holding a ceilidhe on Dec. 10th. I am sure the supporters will make it a point of attending. The return will be worth the outlay as a most enjoyable evening will be had by all. The proceeds go to the funds of the Club. Martin McCarthy, the worthy Hon. Secretary will be in charge of all arrangements.

Glen Rovers Hurling Club.—At a specially convened meeting of the Glen Rovers Hurling Club it was unanimously decided to affiliate a team in the 1945 championships. The Secretary, Matt Power, has high hopes of an excellent team for the coming year. It is well to see the boys getting ready so early. Come on "The Glen."

A Combine.—The latest news from Ring-Old Parish areas is that these old rivals will join forces in the New Year. They intend to enter a junior hurling and a junior football team in the championships. The only difficulty they have at present is the selection of a suitable name. Some one in the know over there said that they might try again to be registered as "The Electric Shocks."

Ring-Old Parish areas.—A special effort to finish the Ring junior football tournament is to be made before Xmas. Paddy Slattery is very anxious to see this finished out. He hopes to have Dungarvan juniors travel out on Sunday week to meet Ring and the winners to meet Old Parish the following Sunday.

That's Telling You.—I was glad to see where my friend Jim Byrne from Lismore put some of the Dungarvan boys right in the rules. What have you got to say now, Mickey and Tom? You had better see Dec about Camogie rules.

Must Via Go?—I heard a prominent official of a club just fresh to senior ranks say he believed his club would have to see to it that we had a new Co. Chairman in 1945. Perhaps we will, as we certainly should have him elected Chairman of the Munster Council the coming year.

Waterford's Chances.—Our team to play Tipp. has been selected and if they line out as selected they should win. While the selectors have ideas of their own course, and seem all set to win the League, I wonder if it is the right thing.

Winning the League is all right if it can be done without upsetting our prospects of winning the championships next year. I thought it would be better to try at least two new players in each of the four games and we would have learned a lot for 1945 games. There are at least three places on the team which we need to strengthen to win an All-Ireland. All the best boys and fast pulling wins every time.

The Dungarvan Blazers meet at Killinford on Sunday next at 12 (noon).

I and I hear his early bookings are heavy.

We are glad to learn that Mr. E. Casey, Tullacole, one of the Com. members of the local Club is progressing favourably after his operation in Cork. We will have him back in our midst soon again as hale and hearty as ever.

Well, congratulations to Mr. M. F. Walsh, Coalingour and Mr. B. Kiely, Dungarvan, for their successes at Youghal Coursing meeting. Mr. B. Kiely's "O.K. Rum" divided the duffer stake with Mr. M. F. Walsh's "Ballymacadam." Mr. Walsh also divided the all-age stake with McGrath from Waterford. If you recall I mentioned in my notes last week that "Ballymacadam" would go one better in his next outing. Well, so he did, and Mr. Walsh's brindle will take beating in the Trial Stake at Clonmel.

GAELIC NOTES: SENIOR CLUBS

By "TAOBHLAINE."

The Four-County Hurling League match, Waterford v. Tipperary, in the Gaelic Field, Dungarvan, holds pride of place in Sunday's G.A.A. fixtures and the meeting of the Premier County and they should bring in a capital attraction which, incidentally, brings the season to a close. Now that we have reached the mid-winter respite I am anxious like all Gaelic followers that we would win on Sunday which would leave us in optimistic mood for 1945. Going on the form displayed in the Tipperary final we should beat Tipp. well on Sunday and a victory now against the Premier County hurlers would be welcome and an atonement for two defeats which Tipp. dished out to us within the past twelve months. Last year at Carrick we were the only team to hammer us to actually a score a man. They again proved victorious in May last in the Munster Championships, but now our time has come and backed by local support on the home ground I see no reason why the Decie men should not win well. Readers, I am sure have already discussed the pros and cons of our team selected to do duty and going on the Rice Final display the selectors have judged wisely and selected the best men. I was not at all satisfied with the display shown by some of our players in the Tipperary final. I was asked to place better men in their positions, candidly, I could not do it. The only newcomer to the team is "Cachy" Healy who has been given the right full-back position. I was not impressed by his display at full-back on Sunday last against Dungarvan but now that he is placed in his regular position I hope he fills it with distinction. Provided Waterford field out as selected they should win but they cannot take anything for granted against this Tipp. combination who are reckoned to offer stern opposition in the big Dungarvan pitch. The game is timed to start at 3 (S.T.) and will be refereed by Garda Jim Byrne, Lismore.

I witnessed on Sunday last a very interesting senior hurling friendly between Dungarvan and U.C.C. A heavy pitch militated against thrilling hurling but there were some very nice passages which kept a goodly crowd in good humour. Mick Curley, ex-county goalkeeper, played with the locals and gave a grand display between the sticks. Paul Lannen was easily the best of the homesters and in my opinion played his best game this season having adapted himself better than the rest to the prevailing conditions and was solid all through a tough hour. Jimmy Mountain was some home brill clearances and was closely backed by Mickey Landers whose anticipation and ball control was a feature of the game. Garda Paddy O'Neil, making his first appearance with the "Blues" put in some telling work at centre-field where he was outstanding for the hour. Of the U.C.C. players, Derry Beckett was the star and his weaving movements often had the "Blues" defence at bay. Other players were Murphy, Anthony Power and Mick Whelan were others who caught the eye.

The camogie match between Dungarvan and Knocknore was the first I have witnessed for a number of years and I was very pleased with the display of both teams who are a credit to the Camogie Association. At any rate I came away very much impressed by the enthusiasm shown by players and supporters alike.

I wish to offer my sincere sympathy to the relatives of the late Thomas Ducey, Dungarvan, who died during the week. He was one of the Old Boro's most outstanding footballers about thirty years ago and was a staunch Gael to the end—May he rest in peace.

Seen, Heard and Noted.—The Army hurlers appeal against the decision of the Co. Board will probably be heard this week-end at a meeting of the Munster Council in Limerick. John Eastin, brother to Vin of the Co. hurling team, has been transferred to Dublin from Waterford. Tom Veale, Stradbally footballer, is likely to be seen in the Clonakilly colours in the near future.

Tipperary's team on Sunday will be selected from: John Maher (capt.), C. Cornally, P. Doyle, T. Moran, J. Murphy, J. Doyle, E. Gleeson, J. Ryan (Thurles Sarrafields); J. Maher, M. Maher, F. Coffey, J. Healy (Boherlahan); J. Ryan, P. Purcell, T. O'Keefe (Moycarkey); T. Wall, Sgt. J. Murphy (Carrick Swans); James Devitt (Cashel); John Delahunty, John Dwyer (Thurles Sarra); M. Ryan (Moycarkey); P. Hickey (Killenaule).

DUNGARVAN U.D.C.

Mr. T. McCarthy, Chairman, presided at the weekly meeting of the Dungarvan U.D.C. on last Friday night. Also present: Messrs. T. A. Kyne, M. Morrissey, T.D.; L. A. Vesle and M. O'Meara, Acting Secs.

Chairman—Is there any letter from any other tenant? Acting Clerk—No. The Chairman referring to his remarks about the tenant who had his clothes stolen from the line said at that time he could not give his name. Now if they wanted his name he could give it.

Mr. Morrissey—There is no question about the conduct going on there. I saw it being abused myself. Chairman—I never gave myself the habit of telling lies and I am not going to do it now. The name of this man whose clothes were stolen from the line is Jimmy McCarthy.

Teaching of Irish—The resolution was read from the Westmeath Co. Council asking that the school leaving age be raised to 16 years and that the first five years of the school course be taught through the medium of English and the second five years be taught through the medium of Irish.

Mr. Morrissey said that he saw a report in the press of the last meeting of this Council and the remarks passed by some of the members were not at all complimentary to the Irish language or in keeping with the position as Irishmen. He did not agree with this resolution. He could not for the life of him see that teaching through the medium of Irish would interfere with Children's education. Speaking as a parent he would certainly say that it did not interfere with the education.

Chairman—I certainly agree with the first part of the resolution that the age should be raised to 16 years. Mr. Morrissey—That part is all right; I would be in favour of that. Continuing the Chairman said that a child's brain was more fully developed at the age of 16 than at 14. Regarding the second part of the resolution, the Chairman said that there was for and against it. There were some things in the teaching of Irish he would not agree with. He did not see why Irish should be shoved down their throats all the time and other subjects left out. He would certainly say that other subjects should be taught, such as Arithmetic.

Mr. Morrissey—Children are taught Arithmetic and other subjects through the medium of Irish. Chairman—They should make the same time for every subject, such as arithmetic or geography. There are plenty of men capable of taking up good jobs in this country and because they have not Irish they are turned down. If children had to go to America to earn their living what good would Irish be to them?

Mr. Morrissey—Personally, I think that every child should have its own language first. Chairman—There is another thing too, I would like to refer to. When children of poor parents go from one class into another they have to buy their own books and pay for them too. We heard a lot about giving free books to children about ten years ago. There were no free books yet. Another thing is that when one brother, John, goes into, say, the third class and his brother Jim goes into the fourth class, Jim's books will not do for his brother. That is not fair.

Mr. Morrissey—No, I don't think that apprentices know it is going on. Isn't that right Mr. Kyne? Mr. Kyne—I know that it did. I don't know if it is still going on. Chairman—Well, I know that it is being done. Mr. Morrissey—I know that in certain classes that it applies, but not to all classes.

Chairman—There are a number of good promising young lads who have to leave school because their people could not afford to buy books for them. It is not fair. They should get help from some one else. Mr. Kyne said that he did not feel competent to speak on this matter of teaching of Irish or in a position to judge. He had read the letters in the Press written by Dorothy McEardle and he thought the public bodies were not competent to give an opinion on it. There were other bodies such as the Teachers' Organisation, better able to speak on it. He would agree with the portion of the resolution to raise the age to 16 years. He would suggest that it be marked read.

Reporting of Repairs.—The Chairman said that there were some houses in Brigis Street that wanted repairs badly. He thought that when reports for repairs were made to officials of the Council that these officials should send them to the proper authorities. The tenants in this street were good tenants. There was one house in particular, which one of the tiles was broken and the rain was coming down on a bed. The official to whom this was reported said that the tenant must wait until other places were finished. Surely, the people in this street were just as much entitled to have their repairs carried out as anyone else in the town. "I hold," said Mr. McCarthy, "that no official has a right to say on his own that something else is finished. It should be reported to the proper authorities."

TECHNICAL SCHOOL CHOIR PRAISED

Friday night's choral class at the Seol na gCeard, Dungarban, was visited by Mr. T. Kinlan, Inspector of Music, Department of Education. After having heard the members of the class practising the various pieces in preparation for the forthcoming concert, Mr. Kinlan addressed the class. It was, he said, as fine a choir as he had heard in Ireland. The tone was unusually good and he expressed himself as being very pleased with the progress made. He had not expected to find them so advanced in choral work. The Inspector said tribute to the work of the choir's director, Miss M. Delany, A.T.C.L. The class was lucky, he said, to have such a patient, capable and energetic teacher.

Dealing with music in general, Mr. Kinlan stated that this branch of the arts had been neglected in Ireland for years past. The training now being received by the class was most suitable as a means of cultivating in the students an appreciation of music. He was about to suggest that the choral class arrange for a broadcast of their next performance and was now glad to learn that arrangements had already been made to have the next concert broadcast by Radio Eireann. The choir he had just heard was worthy of being heard in any part of the country.

Continuing, the Inspector said that Mr. James Lanigan, chief executive officer, was the first C.E.O. he had met who was taking an active interest in the musical education of the school, himself being an enthusiastic member of the choral class. Mr. Lanigan, on behalf of the class, suitably returned thanks to Mr. Kinlan, and hoped he would visit them again to criticize their work.

TALLOW NOTES.

Successful 45 Drive.—Under the auspices of the local Plottolders Association, one of the most successful 45 drives was held at the Temperance Hall on Sunday night week. Despite unfavourable weather conditions the attendance reached a very high standard. From early on, and practically all tables became covered in evidence and this continued through the second round, semi-finals and final. In the latter one player shared the first and third prizes, being represented by a capable substitute. The winners were Messrs. John Geoghegan and Jas. Hickey; runners-up, Messrs. Jer. Aherne, Janeville and M. Conin (senr.); Packdollar, third prize going to Messrs. John Geoghegan, Convent Street and John Hogan, West St. The committee, in charge of Mr. P. Sheehan, the well-known Gaelic, efficiently performed their duties throughout the night and not the slightest hitch occurred during the proceedings.

Very Many People are now making preparations for the long winter evenings, now almost here. If your fires are not burning economically, or if they are giving you trouble in any way, we would be glad if you would get in touch with us, and we are certain we can be of service to you—Harpur Bros., 48, The Quay, Waterford.

drew attention to the scarcity of water at Congress Villas, Garvan's Terrace, and other places in that area. The pressure was very low there at night. He did not know what was the cause but there were general complaints about it. Chairman—Complaints were made to me too. Continuing, Mr. Morrissey said that the complaints as he said in general. He wondered if something could be done to increase the pressure there. He suggested that if it could be done that the mains be scraped. This should have been done long ago as it was going on now for a long time. There was a plentiful supply at the fittings and at the moment. He would like to have the Acting B.S.'s attention drawn to it. Mr. Morrissey then went on to refer to a proposed scheme costing about £200 to test the fittings and mains in the town and stated that it would be money better spent if the mains in the town were cleaned and scraped. He would suggest that that be recommended.

The suggestion was agreed to. Strike Conference Proposed.—Mr. Morrissey said that there was another matter, perhaps not directly concerned with the Council, but one on which he would like to say something. It was the strike which was now in its seventh week. He did not want to start a discussion as to who was right or wrong, but it was certain that there was a lot of suffering because of it. He would propose that the Council call a conference—(that is every party was agreeable)—be held. They could ask the Department to hold the conference, with a view to settling the matter. He would suggest that the Chairman and himself phone the Department and arrange the conference, that is if the other parties were agreeable. The Chairman said that he was willing to attend the conference if he got permission from the Union to do so. He would ask the Union for permission to attend and if they gave him permission he would go. He would like to point out, however, that it was not the men who were responsible for the strike.

After a discussion on the matter it was agreed. Synaphy was passed to the family of the late Mrs. Atkins; the family of the late Mrs. Power; the family of Mr. O'Brien, Windgap and to the relatives of Miss Anthony, Church St.

OUR XMAS TOY BAZAAR IS NOW IN FULL SWING.

Come and see the wonderful selection of DOGS, RABBITS, DUCKS, BARROWS, FRAMS, DOLLS' HOUSES AND COTS, HORSES, ETC., ETC. Beautifully finished & strongly constructed. All made at our Factory. HAVE YOU SEEN "TUMBLING TIM," THE ACROBATIC GOOSE? This novel, mechanical, timber Toy will give endless delight to the kiddies. Its humorous acrobatic antics provide a source of constant amusement to young and old alike! Come early and make your choice while the big selection is still available. Remember that last year the demand was heavier than the supply, so don't risk disappointment by delaying to visit us. POST ORDERS PROMPTLY EXECUTED.

SOMETHING TO REMEMBER

Whenever the end of the war may come it will not mean the end of the Emergency. Even after active hostilities cease, international trade will for a long time remain unsettled and the country will still have to rely largely on its own resources to produce the food needed for man and beast.

As regards wheat we did fairly well this year and our aim for next year, 700,000 acres, is relatively little more than what we grew in 1944. We should be able to reach our target in 1945 without having to add greatly to the labour and trouble of sowing and harvesting. But to succeed

WE MUST SOW WINTER WHEAT

earlier and in greater quantity than ever before.

45 Drive at Pike Hall.—The semi-final and final rounds of the 45 drive under the auspices of the Pike Fife and Drum Band will take place at the Pike Hall on Sunday night. See advt.

Sympathy.—As a mark of respect to the memory of the late Mr. J. K. Bowen, B.E., Co. Surveyor, the meet of the West Waterford Hunt at Rockfield on Thursday was postponed.

WATERFORD COUNTY COUNCIL

At the quarterly meeting of the above on Monday, Senator J. Butler (Chairman) presided. Also present were: Messrs. D. Coughlan, Mr. F. Walsh, M. O'Ryan, M. McGrath, M. Morrissey, T.D.; T. Duggan, J. Kirwan, M. Butler, N. Sheehan, Thos. Power, M. Harty, Quinlan, L. O. A. Vesle, W. Terry, W. Dower, and D. Heskin, T.D. Condolence.—The Chairman said it was with much regret he proposed a resolution of condolence to their colleague, Mr. D. Heskin, on the terrible loss he and his young family had sustained and the great distress he had suffered. The resolution was seconded by Mr. M. Morrissey and joined in by all the other members, and the County Manager on behalf of the staff. A resolution approving of over-draft accommodation was passed by the Council.

Re-appointing Board.—Messrs. M. Butler, T. Power, N. Sheehan and G. Torpey were reappointed on the Infirmary Board. The Department of Local Government and Public Health wrote sanctioning the appointment of Messrs. O'Connell, O'Connell and Connors as poor rate collectors. Notice of intention to consider the passing of a resolution to declare certain roads as public roads was passed. Tuesday, 16th January, was fixed to arrange for consultation with the acting county surveyor to discuss the provisional road works scheme, 1945-1946.

The Department of Supplies wrote relative to the Council's resolution in August asking that the whole county be included in the scheduled turf area and stating that the Department did not see its way to grant this request, seeing that part of the county already in the turf area has in the past been substantially dependent on imported turf supplies. Mr. Coughlan referred to the plight of the people in Kilmachomas in regard to turf. They had to buy turf from Fuel Importers and pay 64/- a ton, for turf that was very bad, whereas if this area was in the scheduled area they could get turf much cheaper and better, because there was a turf bog in the vicinity. They wanted to get turf from their own turf.

Mr. O'Ryan said there was a lot in what the Minister said about putting through the Order in general. They had a decided objection to including the whole county. He proposed that Kilmachomas be included in the scheduled area and he asked a resolution to that effect, which was passed, and the Minister was asked to receive a deputation dealing with the matter. Turf.—Mr. Ormond, acting county surveyor, said the amount of turf cut in 1944 was 8,074 tons; the amount sold, 6,067 tons; leaving 3,907 tons on hands. 1,600 tons were on hands since last year, leaving a total at present on hands of 6,507 tons. 4,000 tons were fit for sale at present, and 2,500 tons would not be fit until next spring.

Mr. O'Ryan stressed the need for shelter for the men at Moneah bog, which is up 1,400 feet. Mr. Heskin agreed with Mr. O'Ryan and asked could a grant be got from the Local Government Board for this work. He had raised this matter in the past. The Manager said he would go into the matter, and he thought a satisfactory arrangement could be arrived at.

Recreation Grounds.—The Department of Local Government and Public Health, in reply to another recent resolution passed by the Council re the children's playground at Kilmachomas, stated that local authorities are empowered to provide recreation grounds by the Local Government Act of 1924, Section 38, and the Open Spaces Act, 1906. Mr. Coughlan stressed the great want of recreation grounds at Kilmachomas and Kilmachomas. To Mr. Heskin, the Manager said there was no grant available, and the Council had no power to acquire the grounds compulsorily. Mr. Morrissey also spoke of the want of recreational grounds at Kilmachomas and thought grounds should be provided by the Council for the children. An urban council must acquire recreational grounds for the people. It was a case that should not be passed over lightly.

Mr. Quirk said it would cost the Council nothing if they acquired land and allowed a local body such as a parish council to be responsible. He thought it was a matter for the Department of Lands. He thought two or three acres should be attached to each school as playing grounds. The Department of Lands should have done this. The Chairman said he should mark the matter "noted" as there was no proposition before him. Woods.—Members drew attention to roads at Two-Mile-Bridge, Whitechurch, Monarud and Ballyduff needing repairs. The matters were referred to the roads meeting on 16th January next.

Apples.—Mr. Quirk referred to the apple business as a racket. No provision, he said, was made for the sale of the fruit. He mentioned how the producer only got 2/- a stone for apples while they were being retailed at 4d. each. Mr. Sheehan—Doesn't that apply to practically all produce? Mr. Terry said the matter had been raised at the County Committee of Agriculture meeting earlier in the day. Mr. Harty said the rural community always suffer. Mr. Quirk—Too much cooking apples have been grown. Mr. O'Ryan said the producers of apples were not taking proper steps to organize.

Bus Service.—Mr. Terry referred to the necessity of a bus service from Piltown to Dungarvan via Clashmore. The Chairman agreed. This was a big sign. A resolution to that effect was passed. The Army.—Mr. Terry proposed that they call upon the Government to disband the greater part of the Army, seeing the enormous amount it cost to maintain it. Mr. O'Ryan disagreed, adding that they were not in a position to judge. After a short discussion the matter was dropped.

WANTED.—Furd 8 or 10 tyres in good condition. Box 99 this office.

CAPOQUIN NOTES.

The Red Cross Society.—At a meeting of the Committee of the local branch of the Red Cross Society, a letter was read from the General Secretary expressing thanks for Capouquin's contribution (£150) to the half-million drive. Arrangements were made for the distribution of the Society's new booklet on the prevention of Tuberculosis. It was arranged to have the Society's gift stamps on sale during the Christmas tide. Comaradh as Gasdhinge.—A meeting was held in the C.Y.M.S. Hall on last Saturday night, 25th inst for the enrolment of members to the Gaelic League. Very large numbers were present and enrolled, which proved most satisfactory, but it is hoped that still more will join.

Ceilidhe Mor.—On next Sunday night week, 10th Dec., a ceilidhe mor will be held in Bouthouse Hall in aid of the Faugh-a-Balagh Hurling Club. All preliminaries are being carefully arranged and a first class ceilidhe band, the Melody Makers, has been engaged so that all can be assured of a most enjoyable night's dancing. Cyclists Beat Blackwater Rovers in Football Final.—The final game of the medals tournament in aid of the New School Building fund was played in the Sportsfield last Sunday. The match proved rather disappointing, but despite this fact the Blackwater Rovers put up a splendid fight but their young, light, inexperienced players were not a match for the heaviest and craftier Army boys. In the second half the Blackwater Rovers took up the offensive and although repeatedly they met with stubborn resistance from a strong Cyclists defence but managed to get a few scores. Splendid football was witnessed in this rivalry as the Rovers strove desperately to overhaul their opponents. Despite all their efforts, however, they were still in arrears when the long whistle sounded.

Annual Convention of the N.A.C.A.—The annual convention of the Waterford Co. Cycling and Athletic Board was held at the Adelphi Hotel, Waterford on Sunday, 19th November. Messrs. J. J. Foley, D. McGrath, J. McGrath and several others from Capouquin were present. Mr. Leo Dunne (hon. sec. and treas.) stated that Dungarvan, Lismore and Kilmachomas were affiliated to the Board but a meeting was not held at any of these centres. The Kilmachomas Club fell through for want of proper grounds and Lismore was to have a meeting but it did not eventuate. Mr. D. McGrath, Capouquin, pointed out that the pitch was not enclosed at Lismore and that the organising committee were not in favour of holding cycling events. The President (Chief Supt. M. A. J. O'Reilly) then went on to say that at his address last year, he mentioned the desirability of organising school sports. Sports had been held in a few places and the fixtures had proved a great success. The biggest event of the year was the Munster Championships at Capouquin, run by the Capouquin Club. The day was not very good but in spite of this fact the sports proved a success. The County Championships held at Waterford did not prove so successful. The following report was submitted by Mr. Leo Dunne (hon. sec.): I have again to report that the activities of the Club for the year passed have been on the small scale and the following figures may be of interest: affiliated clubs this year, 9; last year, 5; number of registered athletes, this year, 33; last year, 33; number of sports meetings this year, 7; last year, 8; number of school sports, this year, 2; last year, nil. In the west of the county there

was only one novice meeting held, which was, perhaps, due to the Munster Championships being held at Capouquin. The Munster Championship brought off at Capouquin was very successfully handled by the local Club and the members deserve much credit for the very fine arrangements made. Rev. Fr. Slattery (Chairman) and Mr. D. McGrath also spoke. The following officers were elected: President, Chief Supt. O'Reilly; vice-pres., Rev. Fr. Tobin and Sgt. Browne; Chairman, Rev. Fr. Slattery, C.C.; Hon. Sec. and Treas., Mr. Leo Dunne; delegates to Munster Council: Chief Supt. O'Reilly, Sgt. Browne, Messrs. J. J. Foley and D. McGrath.

Sale of Hotel.—Messrs. Myles Doyle and Sons, Arklow have sold the Royal Hotel, Arklow, in trust to Mr. Joseph F. Kenny, Solr., Dungarvan, for £5,750. was only one novice meeting held, which was, perhaps, due to the Munster Championships being held at Capouquin. The Munster Championship brought off at Capouquin was very successfully handled by the local Club and the members deserve much credit for the very fine arrangements made. Rev. Fr. Slattery (Chairman) and Mr. D. McGrath also spoke. The following officers were elected: President, Chief Supt. O'Reilly; vice-pres., Rev. Fr. Tobin and Sgt. Browne; Chairman, Rev. Fr. Slattery, C.C.; Hon. Sec. and Treas., Mr. Leo Dunne; delegates to Munster Council: Chief Supt. O'Reilly, Sgt. Browne, Messrs. J. J. Foley and D. McGrath.
