Dieces of wood had been torn from a boarded-up window and were used by the accused to make the assault on the two soldiers. Donoghue was passing along the street that night with a girl named Moylan when he was overheard by a soldier to say, "I knocked down a soldier with a stick and I think I hurted him." Daly was in a public house in Grattan Square, Dungarvan, on that night. There was a number of other soldiers there and also Corporal Stewart. Daly and Stewart were arguing and talking between themselves about their provess in boxing and hurling. A wager of 10/- each was laid as to which was the better boxer. As a result of the wager the two of them left the public house and went to a nearby lane. They were followed by two other soldiers and they were joined by the two accused, who apparently learned from these other soldiers that they were going to fight. Lights on Vehicles.—Three cases under the Lights on Vehicles Act were before the Court and fines of 3/6 each were imposed. Gardan Burke and McGowan, Dungarvan,

were the complainants. School Attendance Cases.—Two cases under the School Attendance Act, brought by Garda Enright were dealt with under the P.O.A., as in all

Thos. O'Brien, Ballinroad, Dungar-van, with keeping an unlicensed dog, was dealt with under the P.O.A.

Prosecution Under Aliens' Order, 1939.—Inspector Croke, acting for Supt. O'Mahony charged Mrs. Mary Egan, Hotel, Dungarvan, with on 31st October, failing to enter the name of one William Leonard Old-

name of one William Leonard Oldroyd in the register kept under the
said Order.

Dr. Counihan, State Solicitor, prosecuting said that all hotels are required to keep a register of all
guests. On the night in question
when the register was inspected by
D.O. Gordon, there was one man who
was not registered.

Mr. Williams, Soir, who appeared for Mrs. Egan and pleaded guilty to the charge, said that this omission was due entirely to carelessness on the part of the staff. The guest in question is a constant visitor to the hotel, being a director of the Glue and Gelatine Company.

The Justice, in dealing with the case under the P.O.A., said that the penalty is very heavy. For breaches of the Order a fine of £100 could be imposed.

The Minister for Industry and Commerce prosecuted a young man with, on dates between the 4th and 12th August, making false representations that he was unemployed for the purpose of obtaining benefit under the Unemployment Insurance Act during which time he was in temporary applications.

porary employment.
Dr. Counihan prosecuted and Mr.
P. J. Morrissey, Solr., defending said
the money had been paid back immediately.

The case was dealt with under the P.O.A. with 4/- expenses.

Noxious Weeds' Act.—The Minister for Agriculture charged Thos. C. Williams under the Noxious Weeds'

Act in respect of twelve acres of the lands of Belleville, Cappoquin.

Dr. Counihan, State Solr., prosecuting, said there is in all 128 acres of which 60 statute acres are under grass and on which weeds were growing on 12 acres.
Guard O'Leary said he visited the place on 26th August. The weeds

Mr. Williams, Solr., said that the owner of the farm (Mr. Edwards) is in England. He was acting for him and let the lands to three different people. He had notified them to cut the weeds.

The Justine asked Dr. Couninan if it was not the grazer who should be held responsible.

Dr. Counihan said any of the three

Dr. Counihan said any of the three could be prosecuted in this case, the owner, the agent, or the grazer.

The Justice held that the grazer having the use of the land should be the person prosecuted. If Mr. Williams, having let the lands, went in to cut the weeds could he not be considered a trespasser. He dismissed the rase under the P.O. Act.

The Minister for Industry and Commerce charged Pk. Keane, Ballinacourty, Ring Dungarvan, with, for the purpose of obtaining a Children's Allowance, did knowingly make a statement in writing which was false, viz., that Pk. Keane and Ed. Keane were residing with him on 31st May, whereas they were not.

whereas they were not.

Dr. Couninan prosecuted and Mr.

P. J. Morrissey, Solr., defended.

The case was conducted in Irish and was dealt with under the P.O.A. with 2/- costs.

Cork Vocational Committee, whom he said had come, accompanied by Mr. Padraig O Braoin, who had been appointed by the Vocational and Educational Committee to the district and Connel Branch should consider itself fortunate in having Padraig sent, as in him they would find a very capable teacher and a man on whom capable teacher and a man on whom they could rely to help with the good work in hand and it was up to all members to avail fully of his abilities, pended on the young men and women as the restoration of the language deas the restoration of the language depended on the young men and women in the country. Their's would be either the glory of having saved the language or the shame of allowing it to die. The newly appointed teacher addressing the meeting said he was glad to be coming to Conna to take up the good work so ably begun by Seamus O Ciosain. He knew the Conna people to be sincere in their devotion to the language and he looked forward to many pleasant days amongst them. On the motion of the General Secretary, a hearty vote of thanks was passed to Seamus O Ciosain for the fine work he had done in the past year. Associating done in the past year. Associating himself with the vote Micheal O Cuill said he would like to avail of the said he would like to avail of the opportunity to pay tribute to the many other National Teachers who were night after night, filling as Seamus had done, a gap that the Vocational Educational Committee were not in a position to fill at the moment. Concluding the General Secretary said that he would like to pay tribute to Mr. Buckley, C.E.O., Cork, who had acceded to the request of the Conna Branch for the appointment of a teacher. It was agreed that the class continue as heretofore on Tuesday nights from 8 o'clock to 10 (O.T.).

Addressing a meeting at Knock-

Addressing a meeting at Knock-anore, Mr. O Coileain said that the two main problems at present before lems arose as a result of the terror and persecution which their ancestors had endured. The young men of 30 years ago had succeeded in driving out of part of the country those who were responsible for that persecution. The young people of to-day would have to continue that work by 1. moving the marks of that regime, and to ensure that Ireland, like every other country would be able to hold up her head and say: "We, too, have our own language," and hear us speak it. They could take an active part in that work by forming at branch of the Gaelic League in the Partitior issue, there should be no waiting as regards the language question. The work should begin at once and everyone could take part in it, tion. The work should begin at once and everyone could take part in it, but naturally the young people would be in the vanguard. As a result of this meeting it is expected that Knockanore will have its Gaelic League Branch in a short time to add one more to the list of branches in Co. Waterford, which has already a glorious record in the language revival and it is hardly likely that it will lower its colours now.

Enjoyable Cinderella,—Under the auspices of the Kilcronat social club a most enjoyable einderella dance was held recently at the newly laid out and decorated Cinema Hall which was gaily festooned for the occasion. A delightful programme of dance music was supplied by Pat O'Mahony and his Southern Stars Dance Band, who, by the way, were making their debut to Tallow, and came all the way from Cobh. The large company present were so highly appreciative of these artists' performance that all numbers were encored again and yet again. Patrons, despite unfavourable weather conditions, travelled long distances, many being present from Youghal, Killeagh, Midleton, Cobh, Fermoy, Lismore, Ballyduff, Cappoquin, as well as from the nearer districts which included Ballynoe, Conna, Knockanore, Camphire, Moorehill, Currabeha, Glencairn, etc., atc.

VILLIERSTOWN LADY'S **SUCCESS**

MINISTER PRESENTS CUP TO MISS M. O'DONOVAN.

No single post-war plan can be more important than the plan that will get more eggs produced so that we will have adequate all-the-year round supply, said Dr. Ryan, Minister for Agriculture, when he presented the Cup to Miss M. O'Donovan, Dro-

The results of the contest, he said, were generally satisfactory and all home-grown foods had been used. We can pride ourselves on the very good stock of poultry we have, and in par-ticular, on their health, which cannot be beaten anywhere. We have estab-lished good breeds here, and got from them exceptional strains for laying purposes. It was a very good foundation to work upon.

Dr. Ryan said that he had always stressed the great importance of poultry-keeping, and how useful it would be for farmers to have a small pen of poultry on each farm. What-ever may have been the force of that argument for the last 10 or 12 years, it was never so important as now. We have got all the requisites, and nobody should have any difficulty in starting off with good setting eggs, or the chicks. We had our difficulties with feeding stuffs in the last four or five years for the bigger animals, but the farmer would not have any difficulty in growing sufficient cereals, potatoes, and so on, for his poultry. With good management, he could then be assured of a proper return. Turn Potatoes into Eggs.

The best way a farmer can market his surplus potatoes, said the Minister, is by feeding them to poultry and put eggs on the market instead. Stocks of the highest quality only can give maximum returns, and they are within the reach of any breeder, by purchasing setting eggs or chicks. Farmers desiring to start poultry-keeping had a great amount of Departmental literature and competent instructors at their disposal. It would give the farmer, the farmer's wife or daughter, more security economy, and improve their financial position. It would give home consumers the all-the-year-round supply of eggs we have not got recently There is a short period every year when our own people can't get sufficient eggs, and we are in that short period at the moment. Increased production would get aven that diff production would get over that diffi-

culty, and give us the foreign currency required to pay for essential

GAELIC NOTES: SENIOR CLUBS

By "TAOBHLINE." The decision of the Munster Council to uphold the appeal of the Army Third Batt against the Waterford County Chairman's ruling in awarding the senior hurling championship in the way of fitness and ing the senior hurling championship to Irish Tanners (Portlaw) now leaves the army men champions on and off the field. Strange as it seems the presiding chairman of the Mun-ster Council did not give a ruling on the matter but left it to a vote and the result was a clear-cut majority in favour of the appeal. The Chair-man, however, said the decision of the Waterford Chairman was proper as he had ruled on the evidence before him but the affiliation system where the Army were concerned was found who on their 1944 performance cer- sult of the attack. wanting. I thoroughly agreed with the amendment proposition that the Waterford Chairman's decision be upheld. This, proposed by one of our Council representatives did not have the support of the other mem-

During my week-end travels I met none other than Dick Ryan, who played with the Waterford S.H. team some years ago. He was more than delighted to meet me and inquired particularly for Noel, Condon, Mick Curiey and "P" Sheehan. Dick is now stationed in Limerick and he is still one of Waterford's staunchest supporters. A sound defender he played right half-back on the Waterford team against Limerick in the 1934 Munster Final. The Waterford earn on the day in question com prised of twelve from Erin's Own, Noel Condon, Tallow; Tom Greany and Dec Goode, Dungarvan.

Once again I refer to the scarcity of hurleys. This is a problem for all club secretaries who should make a point of ensuring a good supply of hurleys in the years ahead. The only way this can be safeguarded is by getting young ash saplings and planting them in accessible places. Ash thrives on any soil and the poorer the soil the better quality of year, only way this can be safeguarded is young ash saplings and planting them in accessible places. Oross-examined by Mr. Fitzgerald-Kenney, Cpl. Stewart said that the two men asked for cigarettes in a civil way but he and Daly got annoyed. The prisoners had made no attack on himself and Daly, and he and Daly did not mean to attack them if they moved away.

To the Judge, witness said that if they moved away they probably would have moved them by force, as they meant to move them away.

She knew Donoghue, who came into the shop with Donovan on the last occasion. The last time she saw Donovan he was sober. She did not see them after 1 p.m. that day.

Dr. M. Cusack, Dungarvan, said he was called to a man who was injured. He saw a soldier lying on the ground, on his right side, bleeding from the ear. He was completely unconscious. There appeared to be a wound on the back of his head. There was a num-ber of soldiers and civilians there at the time. He was of the opinion that the soldier had sustained a fracture of the skull and he could do nothing for him. He was still alive when witness first saw him. Witness telephoned for the ambulance. The soldier was taken to the District Hospital. Witness was there at the hospital when Pte. Daly was admitted dead. Witness assisted the State Pathologist, Dr. McGrath, at the post nortem. Witness formed the opinion that death was caused as a result of a

fracture of the skull, causing shock and haemorrhage to the brain. The skull was very badly fractured.

Lieut. M. Thompson, A.M.S., said he examined Cpl. Stewart. Stewart was sober, but had a small swelling on the top of his head and some on the top of his head, and some abrasions on his hands and knees. The mark on his head could have been caused by the blow of a stick. The following morning witness again examined him and found a mark on his right shoulder which could have been caused by a glancing blow.

Dr. John McGrath, State Pathologist, said the wound on the back of Daly's head was vertical and there

Dr. McGrath added that there was marked bleeding on the surface of the brain and along the base of the brain. There were no other marks of violence and the hands were not bruised. The right cheek was also bruised. In further reply to Mr. McLough-lin, Dr. McGrath said that the scratched bruising on the right cheek could have been caused by two major blows on the head while he was lying with his cheek to the ground. Either of the blows could have caused death.
