to be driving on the centre of the road because every driver of a slow vehicle is supposed to drive as trear to the left as he can. When the lorry came along he did everything possible to get the road and the driver considered he had enough room and went ahead. The point to decide is why the accident occurred, one say the driver pulled into the left too fast and the other that the pony shied. Its more probable that the driver of the lorry pulled into the left too soon. He accepted Mr. Hennessy's evidence and held that the driver of the lorry made a slight error of judgment but there was nothing serious in the driver's action.

To Mr. Morrissey—They arrived in

Dungarvan about 1 p.m. and left at 4.30 The trap was on the extreme left of the road when the lorry hit them. The pony did not shy and the lorry did not pull up for about 100 yards after the crash. John Hennessy, Kilossera, said he

was on the road some distance from where the accident occurred. He saw Regan's car coming and then he saw the forry. In his opinion the lorry had just passed the trap and the driver pulled into the left. To Mr. Williams-When he saw

He blew again and Regan again waved him on. If Regan had kept driving straight there would have been no accident. Mr. Hennessy's evidence could not be right as witness kept straight on. CONVENTION

The first convention of the Water-

Sheet.—Miss Ryan, Hon. Treas., submitted the balance sheet and statement of accounts, of receipts and expenditure since for formation of the Board in July, 1944. This showed receipts £64 8s. 6d., with expenditure £28 9s. 3d., leaving a balance to credit of £35 19s. 3d.. On the proposal of the Tallow representative seconded by the Dungarvan representative, the balance sheet was adopted unani-

The Hon. Treasurer was complimented by the Very Rev. Chairman on the manner in which the accounts were presented to the auditors.

The year 1944 has been a red-letter one for camogie in Co. Waterford. WEDNESDAY, 24th JANUARY, 1945. | Board in July, camogie forged ahead so rapidly that in all we were able to field twelve teams to compete for honours in the county championships, the populariy of camogie in the county and were it not for transport lifficulties and the fact that the championships ran late, the attendance would have been much better. Despite these difficulties our balance is fairly satisfactory as indicated in the report. I recommend to con-

vention that the county championships be run off early this year with augmented receipts. In taking part in the Munster Championships we achieved notable success in spite of the disadvantage of short practice and the difficulties thereby besetting the Selection Com-mittee. At Lismore, Waterford met Tipperary in the first encounter. The bground was very unfavourable owing to a downpour in the forenoon. Yet our team distinguished themselves against an experienced team and the first annual convention of the Waterford County Camogie Board. They, in the G.A.A. County Board, had, for a number of years looked final whistle left us winners by a comfortable margin, thereby entitling us to participate in the Muns-ter Final against Clare. This was the match of the season and excite-

well-trained team! and in the beginning, to the spectators, victory for Clare seemed a foregone conclusion but in a very short time it was evident that Waterford were work and determination. With a little luck they would have carried off the laurels. Clare emerged victorious, winning by the small mar-gin of one point. Congratulations a great success in spite of adverse

many matches within a short period of time. All matches were play d to record that there were very few accidents and these of a minor character. Dungarvan and Knockanore von through to the County Final which was played in Cappoquin.
Both teams played at a great disadvantage owing to bad weather conditions during the preceding week. The game was very well contested and at half-time it was either team's game but during the second half, in a fighting finish, stamina and craft won the day for Dungarvan. Congratulations Dungarvan on winning the county final and I must pay a special tribute to Knockanore who fought their way to the county final. Before finishing my report I would appeal to all clubs and their followers to give their whole-hearted support to the Camogie Association during 1945. In conclusion I thank especially the Very Rev. President who has

left nothing undone to forward and popularise camogie in our county and who has at all times and in all weathers attended our matches and our meetings. I also wish to thank the Rev. M.
