Mr. O'Ryan held that it would be the County Manager and County Medical Officer of Health to discuss the question of T.B. Unfortunately the Manager had no communication the Manager had no communication from the Urban Council.

Mr. Kyne, "to go into this thing and try to get something practical done."

Mr. Morrissey said they were all perturbed about F.B., but they could not discuss things which were not before them. They had no facts. He would suggest waiting until they had something more definite to go on, so that they could initiate a campaign. If necessary a special meeting could be called and ways and means could be called and ways and means could be discussed to counteract the disease

Mr. O'Ryan suggested a committee of the County Council to go to the Urban Council, with the Manager and County Medical Officer and to ham-

mer out a scheme.

Mr. Quirk raised the question of married people in the country who had not the means to pay for medical attention. That should also come in for investigation.

without Galomel—and you'll jump out of bed in the morning full of vim and vigour

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels, Gas blosts up your atomach. You get constipated. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives help a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up." Harmlets, gentle, yet amazing in making bile flow' freely. GAELIC NOTES : SENIOR CLUBS By "TAOBHLINE."

The senior hurling county championship will advance a further stage on Sunday and there are two important ties down for decision Irish Tanners, Portlaw, last years finalists, meet Tallow at Dungar van and the county champions (Army) take on Erin's Own at Waterford. Owing to injuries Port Waterford. Owing to injuries Portlaw requested a postponement bu Tallow, who have trained hard in preparation, could not see their way to agree with the result unless ast minute postponement takes place the game will be played. The Army will be at full strength against the old favourites at the Sportsfield on Sunday next and they make no secret of the fact that they expect to win out again this year. Erin's Own will have the services of many veterans long past their best but it should be remembered that they put up a stubborn fight against the Army men last year and it was only in the closing stages of a hectic game that the latter gained the upper hand. The Army are fielding practically all last year's players and a thrilling game is expected and the result will be eagerly pected and the result will be eagerly awaited throughout the county. Portlaw last year had a narrow victory over the Tallow men but this year the Bridesiders have secured the services of M. Beecher and C. Daly and those two have strengthened the team so much that the wearers of the blue and gold have an eye on major honours.

an eye on major honours I admit there is a doubt about the game being played as Portlaw are having trouble with injured players but when Tallow would not agree to a postponement the Board had no alternative but to let the fixture stand. Enthusiasts are eagerly looking forward to this great clash and ing forward to this great clash and I hope their enthusiasm is rewarded. A special meeting of the Co. Board will be held at the Gaelic Field on Sunday next at 5 p.m. and all members and senior club representatives are requested to attend. With only three teams left in the senior foot-ball championships it is interesting to see who will contest the county final against Stradbally who await the winners of Dungarvan and the

I promised to deal with Dublin-Resident Deiseach's letter but for the benefit of my readers I will give his letter in full (which will be found elsewhere in this issue) and I will remark on it at a later stage. I am glad, however, to note that we have some very ardent supporters throughout the county and I think a letter from them now and again would prove interesting to all readers and followers of the Decie

hurlers. The sympathy of all Gaels is extended to Willy Barron on his recent bereavement occasioned by the death of his uncle, Pat Phelan. Graignagour, Ballymacarbry. The deceased was brother of Jack Phelan, a well-known and popular figure here and in the U.S.A.

Coal at Last.—"The first consignment of household coal to reach this country since 1940 arrived last week and is now being discharged." POWER'S BAKERY.

IN THE DAIL.

In the Dail on Thursday, June 21st, Mr. Heskin asked the Minister for Finance if he will seek powers, in cases where at least 50 per cent. of the people concerned are agreeable to repairs to roads being carried out, to compel the dissentient persons to en-gage in such work, particularly in cases where the entrance to road is

affected by such objection.

Farliamentary Secretary to the Minister for Finance (Mr. Smith): It is not proposed to seek the powers suggested in the Deputy's question. Mr. Heskin: Arising out of the Parliamentary Secretary's reply, I should like to point out that in a good many areas, particularly in the case of culsde-sac, we find that some of the people effected object to repairs being people affected object to repairs being carried out to the roads. That is very unfair to the others who wish to have the repairs carried out. At least

Mr. Heskin: I have two cases in mind where applications have been made to have work carried out under the rural improvement scheme. One of these cases is in connection with a boreen leading into seven farms.
The two farmers at the entrance to the boreen object to the work being carried out inasmuch as the work entails the widening of the entrance wall. They are not willing to have that wall removed or to have the boreen widened, and therefore, the work cannot be considered by the Board of Works. Unless compulsory powers are taken to have the portion of wall removed, the road repairs

cannot be undertaken.

Mr. Smith: In that case the objector could that be compelled to contribute.

Mr. Heskin! How is it that if a road is declared to be a public road under the county council, the county surveyor can come and do as he wishes?

Transport of Goods from Railway
Stations.

Mr. Heskin asked the Minister for Industry and Commerce if he will state why shopkeepers and general merchants are not allowed to convey their goods from railway stations in their own vehicles; and why public carriers are not allowed to carry such goods; if he will state further if Coras Iompair Eireann have a monopoly of the haulage business; and if public cartiers will be compensated

To the Editor, Dungarvan Observer. Dear Sir,-May I solicit the services of your journal in order to express the deep gratitude of the Munster Council to the Waterford Board for the efficiency with which they carried through all the arrangements for last Sunday's match at Dungarvan. It is quite evident that your county has a very united, energetic and efficient Board. Camogle, strides within an incredibly short period. At least where there are 50 per cent. or more of the people concerned willing to carry out the repairs, I would ask the Parliamentary Secretary to seek the powers necessary in order to facilitate them. I would ask the Parliamentary Secretary to reconsider the question.
