YOUR NIGHT-CAP
VELVET CAP
Cappoquin News.
 Great Dramatic Treat Next Week.
 On Monday next, the 22nd inst., Anew McMaster—the famous Shakespearean actor—with a full company of first-class artists will visit the Boathouse Hall, Cappoquin, for a seven nights' engagement. This news has been received by all with much pleasure since the said dramatic show is undoubtedly the most popular visiting Cappoquin for many years' past, and we feel confident that his return visit will, as in previous years, have a wonderful reception from the townspeople. Some of the popular and famous plays which he will show are: "A Tale of Two Cities," "The Song of Bernadette," "Murder in Thornton Square," etc. So that it is unquestionable, from such a splendid selection and the superb acting which is always so consistent in Anew McMaster's plays, that a record attendance will be present each night.

Sequel To Member's Remarks.
Letter From Solicitor Read.
WATERFORD BOARD OF ASSISTANCE.
 Remarks made by a member during the discussion on the dietary scale in the Co. Home, Dungarvan, at the last meeting of the Waterford Board of Assistance, has had a sequel. This was disclosed by the member, Mr. T. A. Kyne, at a meeting of the Board on last Monday, at the Court-house, Dungarvan, when he read a letter from Messrs. Farrell & Morrissey, Solrs., Dungarvan, in which complaint was made regarding certain statements alleged to have been made by Mr. Kyne, concerning the Co. M.O.H. Dr. M. O'Farrell. The letter read—T. Kyne, Esq., Adobey-side, Dungarvan, 28th Sept. 1945. Dear Sir—We have been consulted by Dr. M. O'Farrell, County Medical Officer of Health, County Waterford, whose attention has been drawn to the reports in the public press of your remarks at the recent Board of Assistance meeting in which you state that Dr. O'Farrell is responsible for the dietary scale of the 300 or 400 inmates of the Co. Home, Dungarvan, stated by you to be starving.

Waterford Vocational Education Committee
Objection to Minutes.
 Very Rev. T. Canon O'Brien, P.P., presided at the monthly meeting of the County Waterford Vocational Education Committee at Seol na Geard, Dungarvan, on Monday. Also present: Messrs. M. Clancy, J. McGrath, M. McGrath, An Fear Mor, M. F. Walsh, Rev. Dr. Curtis, O.S.A.; Senator J. Butler, T. A. Kyne and M. H. O'Hara. Mr. J. Langan, C.E.O., was also present.
OBJECTION TO MINUTES.
 Senator Butler, referring to the minutes of the last meeting, said there was no reference to the request made by him regarding the names of the students of the different classes. An order was made regarding this matter and the Committee agreed that the list of names be given to the members. Because of that fact he would ask the Rev. Chairman not to sign the minutes until the C.E.O. had given a full and complete record of what had happened at the last meeting.

Cathal Brugha Place Tenants' Grievances
 A letter, signed by a number of tenants in Cathal Brugha Place, complaining of the state of the footpaths, leading to their houses, was read at the meeting of the Urban Council on last Friday night. The letter was as follows:
 Sir—We, the undersigned tenants in Cathal Brugha Place, strongly protest against the awful conditions under which we are compelled to live, and urgently request the members of the Council to inspect the road and footpaths, when they will see for themselves that we have good reason for complaints. At the last meeting of the U.D.C., the Acting Borough Surveyor said: "As regards the footpaths, there was very little money for improvements in the paths referred to." He further stated that it was decided to do Keating St. with flags and Cathal Brugha Place with tarred chips. Does the Acting Surveyor mean by that that anything is good enough for Cathal Brugha Place?
 We would like to point out to those in authority that we have no objection to the footpaths being done with tarred chips, providing the job is done properly. But we do object to the botched job which has been done within the past week. We would respectfully ask the Acting Surveyor what his idea of repairs is. The repairs in question consist of a few coarse chips thrown in the gateways, and some broken bricks and stones. The rest of the footpaths are as they were before. The same applies to the roadway, the footpaths were filled with the same coarse chips and tar, with the result, the chips were scattered all over by the traffic using the road and the tar is decorating the children and their clothes. "Penalising Conditions."
 Parents find it difficult enough in these expensive times to clothe their children decently and you expect them to imagine the state of affairs when not only the children's clothes are destroyed but everything they come in contact with is destroyed also. We do not have in Cathal Brugha Place more than a few children. We can assure you, Mr. Chairman, we do not have in Cathal Brugha Place more than a few children. We can assure you, Mr. Chairman, we do not have in Cathal Brugha Place more than a few children. We can assure you, Mr. Chairman, we do not have in Cathal Brugha Place more than a few children.

HADDENS
 W. & G. HADDEN, LTD.—DUNGARVAN.

G.A.A.—At the Gaelic Field, Dungarvan, on Sunday last, Cappoquin defeated the Friary in a minor hurling challenge game. Weather conditions were ideal, but the number of spectators was rather small. Despite the fact that the local team was minus the services of some of its most prominent players, they nevertheless played a wonderful game and had an easy win. For the first twenty minutes or so of the game the playing was pretty even, although good and lively. After some hard playing Cappoquin found their mark by their first goal. The local had the best of the play for the remainder of the half hour, and when the short whistle sounded it left the scoring: Cappoquin, 5-2 to 4-0. The great topic of conversation at the moment is next Sunday's two important matches to be played at the Gaelic Field, Dungarvan. The first match is the minor hurling county final between Cappoquin and Mount Sion at 2.15 p.m. We have great hopes for our local lads and hope to see them bring home the honours in flying colours. Mr. D. Sullivan will act as referee for the minor game and D. Power for the senior match.

Death of Mrs. Hackett.—It is with deep regret we record the death of Mrs. Hackett, which sad event occurred at her residence, Upper Main Street, Cappoquin, on Monday 15th inst., following a rather prolonged period of ill-health. Expressions of the very deepest sympathy have been evoked on all sides by the passing of one who had endeared herself to all. She was much beloved by all who had the pleasure of knowing her, as she was possessed of all the attributes of a kindly neighbour and genuine friend, and her many kind acts of charity will long be remembered. No greater proof of her immense popularity could be evidenced on Wednesday afternoon when a huge cortege representative of all classes followed the remains to St. Mary's Catholic Church. Solemn Requiem Mass was offered for the repose of her soul on Thursday morning, after which the funeral took place to Ballinacoola, the family burying ground. The late Mrs. Hackett was a native of Crook-cluney, Ballinacoola, but for some time past had resided in Cappoquin. The chief mourners were—Mr. James Hackett (husband), Maurice Hackett (brother-in-law), Mrs. Hackett, Ballinacoola, (sister-in-law), Miss N. Flynn, Cappoquin; Mr. P. Flynn, Cappoquin; Mrs. P. Flynn, do.; Mrs. Barron, do.; James and Mrs. Morrissey, Coolnacreeva; P. Morrissey, M. Morrissey, D. Morrissey and D. Morrissey, John and Mrs. Pender, Lefanta; Mrs. B. Bonner, Cappoquin; T. O'Donnell, Lyrer; Mr. Bill Pender, Newcastle (cousins and relatives).
Congratulations.—We wish to heartily congratulate Mr. James A. Walsh, son of Mr. A. and Mrs. Walsh, Springfield, Cappoquin, on receiving the important position of manager of the exporting trade of the South. This week Mr. Walsh left for Cork to take up his new and responsible position for which he is ably fitted, and we wish him every success.

Following some remarks between the C.E.O. and Senator Butler which were not intended to take any form of dictation from the C.E.O., Mr. Clancy said that he thought it a very improper thing for the C.E.O. to interfere with the members when they were expressing their opinions. If they were not allowed to express their opinions, there was no use in the minutes. He held that at the last meeting he remembered that Senator Butler made a very clear request that the members be supplied with the list of names of the students. There was a long debate on it and an order was made that this be done. This was not recorded in the minutes. He agreed with Senator Butler that there was something radically wrong when this did not appear on the minutes. He held that it was a very important matter and one they were keenly interested in. Certain information was asked for and the information had not been given. He also would demand that the minutes be amended.

Chairman—That can be done. Senator Butler—I can see them amended. I am deliberately mentioned as asking for the list of names for myself. That is incorrect. I asked that the list be given to every member. I object to that. I ask, therefore, that the minutes be not signed until it is done.
C.E.O.—When no order is made by the Chairman or if there is nothing in writing it is not put in the minutes. Chairman—I think there should have been some mention of it in the minutes.
C.E.O.—The thing should be in writing.
"DICTATING TO THE MEMBERS."
 Senator Butler—You cannot dictate to the members. I am not going to take any orders from you while I am here representing the ratepayers.
 Following further discussion an amendment was inserted in the minutes which when read, Senator Butler said was not correct and said he did not ask for anything for himself. He asked for every member of the

Committee. "I asked," said Senator Butler, "that the list be given to every member of the Committee. That is omitted and I believe deliberately omitted."
An Fear Mor—It was a discussion and such should be in the minutes. Very Rev. Dr. Curtis said he thought the request made was that the list be made available to every member to examine.
Very Rev. Dr. Curtis said he thought the request made was that the list be made available to every member to examine.
Senator Butler—And the peculiar thing about it is that there is no mention of that at all in the minutes. Senator Butler then referred to the report of the last meeting in the Press.
C.E.O.—Everything I read about the meeting is not always accurate. Senator Butler—I have the greatest respect for the Press.
Mr. Kyne—Only for the Press the public would never know what goes on at the meetings.
Sensor Butler—The Press is our greatest safeguard here and the Department I wonder who would shield me? This is the first time this happened to me in forty years.
Senator Butler—I have nothing to do with the Department.
 Following some exchanges between the C.E.O. and Senator Butler, the latter stated his previous assertion that he was not going to be dictated to by the C.E.O. or anyone else. He (Senator Butler) wanted a complete and accurate account of what happened at the last meeting. "I," said Senator Butler, "didn't ask for anything for my own use."
Chairman—You want the minutes in the different classes for the Committee and myself.
 Eventually, after further discussion the minutes were amended to Senator Butler's satisfaction.
CAPOQUIN CARETAKERS' BONDS.
 Mr. M. F. Walsh raised the matter of the bonus to the caretaker of the Cappoquin Technical School and asked why she had not got the question of her employment during the holidays.
C.E.O.—Mr. Bonner (caretaker) got a rise to 21/- a week.
Mr. Walsh—But she was allowed 2/6.
C.E.O.—She got the allowance.
Mr. Walsh—She was not allowed it.
 To Mr. Kyne the C.E.O. said she had National Health stamps only. Mr. Kyne said that people in similar positions had got the bonus. He would suggest it was unfair to her.
Mr. Walsh—The Minister is entitled to get anything.
Mr. Kyne—I believe she is entitled to this increase and she should get it.
Sensor Butler—I presume from what I hear that something has passed for the lady and she did not get it. Am I right in assuming that it went to the Department?
Chairman—Yes.
C.E.O.—The Manager increased it to 21/-.
Chairman—But the 1/- bonus; what happened to it?
C.E.O.—That is applicable only to whole-time officers.
Chairman—Am I right in assuming that Senator Butler was given of 1/- was given.
Chairman—It has been given.
Mr. Clancy—It has been given to Mrs. Langan and the caretaker, Mr. Lynch.
Mr. Kyne—Isn't she part-time?
Mr. Walsh—Yes, she is whole-time. This woman in Cappoquin is not.
 Following further discussion a resolution, proposed by Mr. Kyne and seconded by Mr. Walsh, asked that an extra bonus of 1/- be paid to all part-time employees of the Committee and that same be retrospective to the date on which whole-time employees got it.
TANK AT DUNGARVAN SCHOOL.
C.E.O.—It has been given to the school belonging to the Co. Council was being charged for at the rate of 1/- per week and was subject to removal on a week's notice.
It was decided to purchase a tank.
 Two tenders for supplying turf to the Dungarvan School were received, one from A. Moloney and Sons at 70/- per ton and the other from K. Williams and Co. at the same price.
CO. WATERFORD FARMERS' DANCE.
 A very enjoyable night was spent by 200 couples at the Co. Waterford Farmers' dance held on Sunday night at Carrick-on-Suir Town Hall.

Dungarvan Show To Be Held Next Year.
GENERAL MEETING.
 A general meeting of the Dungarvan Show Committee was held at the Courthouse, Dungarvan, on last Wednesday, at which Mr. A. Hunt, Rockmount, outgoing Chairman, presided.
ELECTION OF OFFICERS.
 Mr. A. Hunt was unanimously re-elected president, and the names of Mrs. J. K. Bowen, Ballinacoola, Mr. P. Quinlan, Nire Vale, and Major Maxwell added to the list of vice-presidents already in existence.
 Mr. Jack Lynch, South Tce., Dungarvan, was appointed Secretary, and the names of the following were added to the committee: Messrs. D. Heskin, T.D.; George Bell, P. Dwan, H. Hobbs, T. Hartly, P. O'Shea, M. Kelly, Dr. M. McCarthy, Kereagh, Mr. J. H. Curran.
 The ladies committee was re-appointed with Miss Nugent, Clonacross, as president, and Mrs. Denny, Mrs. Chavasse and Mrs. Hobbs were co-opted members.
 It was decided to hold a Show next year and a virile working committee of twelve members was formed to go ahead with the carrying out of repairs to the grounds and the banks, etc.
 A vote of thanks was passed to Mr. P. J. Lynch, Hon. Secretary, pro tem., for carrying on the work of the Show, regarding the R.D.S. premium to mares scheme and any other business required to be done, during the recent emergency.
 Things should be before them when the estimates came up because they often forget certain things of which complaint had been made during the year.

Industrial Development Association.

At a meeting of the committee of the Dungarvan Industrial Development Association held on Saturday last, October 13th, Dr. M. A. Casey, Vice-Chairman, presided.

ELECTION OF OFFICERS.

The business of the election of a chairman in room of the late Mr. P. J. Moloney was then proceeded with. Mr. J. J. Crotty proposed and Mr. E. Maher seconded that Dr. Michael A. Casey be elected chairman.

It was proposed by Mr. E. Maher and seconded by Mr. John Leo that Mr. Paul I. Power be elected Vice-Chairman. This was passed unanimously.

Dr. Casey thanked the meeting for electing him to the chair and referred to the previous two chairmen, Very Rev. T. B. Walsh and the late Mr. P. J. Moloney. He then made the following review of the activities of the association since its formation.

Looking back over the years and to the conditions that prevailed here in 1924 when business was at a very low ebb and unemployment rampant in the Old Boro, I suggested at a meeting of the Urban Council that Dungarvan was ideal for industrial development and requested the Council to call a meeting to set up an industrial development association.

At that time we were dependent mostly on the produce of foreign countries for our daily food. Since then our Government has endeavoured to make our country self-contained as possible and as a result the people as a whole benefitted and through this association Dungarvan has marched on in that onward advance so that to-day I feel our two main industries have in full-time employment more workers than were employed throughout the whole town in 1932.

At that time many able-bodied workers were in receipt of Home Assistance. It was through the activities of this association that two industries were secured for this town. 250 workers are earning their livelihood as a result and much indirect employment is given. Nearly £1,000 weekly is paid in wages and this money is spent in the town.

I do not wish to go on at length but I feel that a few words to-night may be an encouragement to others to do their part in furtherance of greater progress in our midst. It was during a dinner at the Town Hall that we were fighting for its economic independence that the Dickens Leather Co. was secured for Dungarvan. Some time ago it was stated that it would not last a year.

However, we here held a different view and saw its progress. To-day it is as fine an industry as any in the country. This committee frequently met during the years subsequent to the formation of the Dickens Leather Co. discussing plans for further progress and as a result of these endeavours the Glen and Glenties Tourist Centre was set up to give more employment.

Later we added the word "tourist" to the name of our association. We visualised our town as a tourist centre but to that there must be amenities. People on holidays desire a complete change in order to enable them to spend a short period of their holiday. To-day we have golf, swimming, tennis, cinema and scenery but there are no hotels, no up-to-date dance hall, no pleasure boats and indeed very few amenities to exploit this remunerative seasonal industry.

In order to make Dungarvan an attraction for tourists of 1945 standard many things must be done which would require the expenditure of a very considerable amount of money over a period of time. In my view many years will pass before Dungarvan can get back to the position it held as a holiday centre. Thirty years ago when the visitors were familiarly known as "Gabricaks," you would have hundreds of them here during August and September and the early part of October enjoying the sea, the baths, the music of the town's band in the park and the game of "45" in the various lodgings.

At that time there was at least 20 pleasure boats at the Lookout plying to the Cunigar, Helvick, Ballincourty and around the bay. Queues were unknown except in the billiard room. To-day you have only one or two boats plying irregularly for hire and so, a few people must wait their turn for accommodation to visit their Cunigar.

There are more urgent matters which concern Dungarvan to-day and in particular I refer to the housing shortage. I would ask this meeting to send a resolution to the Urban Council and to the responsible Government department concerning this serious problem. There is at least one hundred and fifty working class houses required at once, some of which would accommodate recently married couples now occupying a room in lodgings in which they must wash, cook, eat and sleep. In fact, due to this, no further industrial progress can be made here as there is no accommodation for the workers and the sooner the Urban Council meet to discuss these matters the better.

Following Dr. Casey's statement a general discussion took place and among the points discussed were—Playgrounds for Children—Mr. O'Connell, Acting Borough Surveyor, stated that the Urban Council proposed in the past year period to build about 400 houses. Three sites had been submitted and approved and it was hoped to proceed with process.

development of one site shortly at Abbeyside. The Co. Manager proposed to employ a town-planning consultant, and children's playgrounds were to be embodied in the latest. There were also schemes for the extension of the promenade at Abbeyview and a new road from the station through the Marsh to the Davis Street. It was also proposed to do some improvement work at Stokes Field at Abbeyside, recently given to the Council by Very Rev. J. Roche, P.P., Abbeyside.

Inshore Fishing.—This matter was discussed and reference was made to an order of the Department of Fisheries made in 1933 which prohibited fishing in the quay or any place inside the Cunigar. The Hon. Secretary read extracts from the minutes of the Council meeting in 1943 when this matter had been raised by Mr. Kyne, U.D.C.

Finally, on the proposition of Mr. Patrick J. Morrissey, seconded by Mr. Morrissey, it was directed that a resolution of protest should be forwarded to the proper authorities. Mr. Morrissey also promised to enquire further into the matter when in Dublin.

On the proposition of Dr. Casey, seconded by Mr. Morrissey, it was unanimously decided that Mr. Patrick J. Morrissey, solicitor, should be co-opted a member of the committee of the association.

Deep Sea Fishing.—This matter was discussed and it appeared that owing to lack of suitable craft nothing could be done in this matter. Suggestions were made that the Government should acquire craft and hire or loan them to all the maritime counties. Crews to man them could be easily found.

Question Time.—After a short reply to this matter, the Hon. Secretary was directed to apply to Radio Eireann and the Tourist Board to have a Sunday evening question time broadcast on this trade. The Radio authorities were in Dublin during the next week.

Meat Shambles.—The Hon. Secretary referred to the unsightly appearance of the old meat shambles at T. F. Meagher Street. It was a pity that this should be allowed to remain in its present state. It should be removed.

During a discussion which followed it was stated that the Hon. Secretary was necessary to lay the Council's present file of the premises and it was the opinion of the meeting that this Council's rights should be clarified and an effort made to put a Co. Libraries headquarters there or some other public building. Traller Pumps.—Reference was made to the large amount of A.R.P. equipment that would be disposed of shortly in Britain and that some of the traller pumps would be useful fire-fighting adjunct for local factories.

Mr. O'Connell stated that he was at the moment making some enquiries on this subject and would acquaint them of the results. Cunigar, Public Baths, Etc.—Reference was made to the Cunigar as the key to tourist development in Dungarvan and the acquisition and development thereof was generally discussed.

Regarding the provision of salt water reclining baths a sub-committee consisting of Messrs. J. O'Connell, J. F. Bowen, E. Maher, M. Morrissey and the Chairman, was appointed to consider the matter. It was felt that some baths should be provided near the swimming pool and that perhaps a scheme not involving a large expenditure of money might be devised. The question of advertising the town as a tourist resort was also mentioned.

Finances.—The Hon. Secretary stated that there was a credit balance in the bank but that a sum of £10 was due to Dr. Casey, it having been passed to him for travelling and other expenses in June, 1943.

Urban Council Suggestion.—The next item on the agenda was the proposal from the U.D.C. for a joint meeting with the committee with a view to tourist development in the town.

After a general discussion it was agreed that the Urban Council be asked to nominate two members of the Council to act on the committee and represent them thereon.

Sunday's Great Hurling County Final.

WILL DUNGARVAN REPEAT 1926 ACHIEVEMENT? DUNGARVAN, scene of many a thrilling hurling encounter will be the scene of all Gaels on Sunday next when the Waterford senior hurling county will visit Longarvan and Mount Sion will be staged. The teams need no introduction to the Gaels as both are well-known exponents of our national pastime.

As the day draws near excitement is mounting to fever pitch and it is expected a record crowd will patronise the hurling match. A feature of Sunday's game should be the individual exploits of our two star players—stars and hurling of a high order is anticipated when J. Keane, P. Dowling and Andy Fleming clash with W. Barron, Tom Sheridan and J. Curran.

Both teams favour the overhead style of hurling and Mount Sion claim they are capable of beating Dungarvan in any of the local pitches. I cannot give my view on the Mount Sion team as I have not seen them in action this year but their displays in the past is keeping with their proud club tradition. Dungarvan would want to show improvement if they are to win on Sunday next and I understand a few changes are likely in the attacking department. The Blues, however, have already won the first leg of the double and their victory over Stradbally in the senior football final has left them in confident mood and they will take hurling honours on Sunday. The greatest game of hurling since every witness of the county competition was that between Dungarvan and Mount Sion some years ago at Lisnore and the memory of that thrilling display will be in the minds of our two teams. They are quite capable of reproducing this form on Sunday next and if so, Sunday's final will be a most interesting history. The respective merits of the teams is the chief topic throughout the county. Mount Sion, perhaps the best in the county, are well supported in the western area to bring off the double.

Dungarvan won well from Irish Tanners in the first round and this victory, I admit, was impressive and they were reckoned likely candidates for county honours but more than one of the hurling judges. Then they went down to Cappoquin in the second round and this set-back only spurred them on to greater efforts. Shortly after this Cappoquin defeat they returned to favour when they completely outclassed Tallow at Lisnore, their most important victory. In the second round meeting with Cappoquin and the Blues reversed the previous result by a ten-point margin.

Mount Sion had an easy victory in their first encounter at Waterford but they were considered lucky when they came up against De La Salle in the closing stages that they won by a two-point margin. The Army were not at full strength in the third round and Mt. Sion had no trouble in disposing of them. Then came a clash between the veterans, Erin's Own and Mount Sion which was won by the former but the match was awarded to Mount Sion on the grounds of an illegally constituted Erin's Own team.

Mount Sion will be led by John Keane, who is recognised as one of the greatest centre half-backs in the game, and it is likely he will share the honours with the versatile Andy Fleming with Paddy Dowling left half. I have heard a good deal lately of the Mount Sion full back Larry Fanning who is gradually making a name for himself, and Mt. Sion will not be found wanting in this department. The veteran Paddy O'Connor retains his place at centre half. The forward line is a product of Kilkenny hurling and an artist at ball control. O'Dea is a coming youngster with colleges inter-collegiate experience, and he should be an ideal partner for his clubmate, Jim O'Meara. "Paddy" Flynn, who already has a brace of championship medals with his club, is a strong candidate for the left half position, and the other two positions in the half line of attack may be filled by Dick Cooper and Donal Fitzgerald. Both young players have gained their spurs by outstanding displays. Pat Fanning will feature at spearhead of the attack and he will have consistent winners alongside him in T. Keane and Mickey Healy. Both are opportunists of a high order. The Cusack youngster, Mick Moloney, will guard the bearna baghail for the "Blues," and he is playing great hurling this year. Paddy Neale, Tom Sheridan and Pad Neville seem an automatic choice for the full-back line. In favour of M. Landers in his own position at centre half, and this line will take some beating if Jackie Good and Jimmy Mountain fill the remaining berths. Paddy Daly and Christy Moylan will in all probability be around the half-way mark and Dungarvan should have a slight pull hereabouts. The Dungarvan selection I wrote some time ago had difficulty when they were selecting their team for the County S.F. Final, and I can see them having similar trouble when they are selecting six forwards for the hurling final. There is an abundance of material available for the six positions and likely candidates are Paul Lannon, Percy Dillon, Jim Lyons, P. Stack, P. Butler, W. Barron, P. Moloney, T. Murphy and D. Good; all those mentioned are well-known exponents of the game and I am looking forward to see the six best in action for Dungarvan.

Mount Sion are making the journey with an air of confidence, and despite the fact that Dungarvan are on the home pitch, Dungarvan are a formidable combination and are quite capable of rising to great heights, and backed by local enthusiasm they will not readily bow to defeat. Mount Sion, however,

three down the challenge and Dungarvan accept it for the honour of the Old Borough. Dungarvan first won the Senior Hurling Championship in 1908, and again they were champions in 1917, 1920-23, 1926, when they won both hurling and football. From 1926 until 1941 Dungarvan had a lean period in the S. H. Hurling Championship and Mount Sion, who came along in later years, captured the title in 1938, '39, '40, and again in 1943. Dungarvan had won the title by two titles, but the latter expect to take their fifth on Sunday next.

Mount Sion on their way to Sunday's final disposed of P. H. P. Army, De La Salle, but went down to Erin's Own. The score in their various matches may be a source of information to readers. Mount Sion, 3 goals 4 points; P. H. P., 3 goals 3 points; De La Salle, 3 goals 3 points; Erin's Own, 10 goals 2 points; Army, 5 goals 6 points; Mount Sion, 1 goal 5 points; Erin's Own, 2 goals 5 points.

Dungarvan accounted for Irish Tanners (6-6 to 3-3); Cappoquin (6-7 to 4-4) and (6-2 to 1-7); Tallow (6-7 to 3-3). All preparations are completed for a great county final which follows our national game should not fail to see. Dungarvan and Mount Sion take the field both well prepared to give of their best and uphold the honour of their respective clubs. Best of luck Dungarvan and Mount Sion, and may the best team win.

The Dungarvan Brass and Reed Band will parade the forms around the field and Mr. Davy Power of Portlaur will set the ball in motion at 3.45 (S.T.). Prior to the senior event, Mount Sion and Cappoquin meet in a minor hurling county final and this match should provide an interesting curtain raiser. The game is timed at 2.15 (S.T.) and will be refereed by D. O'Sullivan.

East Waterford Tit-Bits. No October Court at Kilmac.—Owing to the fact that the District Justice (Mr. F. J. MacCabe, Waterford) is at present doing temporary duty for his colleague (Mr. J. V. O'Sullivan), the usual monthly District Court at Kilmac, which was to have been held there on Wednesday last (October 17th) did not take place. The November Court at Kilmac, which will be held as usual on the 21st prox., when it is expected that there will be a fairly heavy list of cases to be dealt with.

Cattle Stealing Charge.—The case in which a young man named Pat O'Shea (described as an Insurance agent) of Grawn, Kilmathomas, was charged, as alleged, with the larceny of cattle, the property of Mr. Pierce Casey, Dungarvan, was again before the District Court at Waterford on Wednesday last. Mr. D. Counahan, M.A., L.L.D., State Solicitor (who prosecuted), the case was adjourned for a fortnight, with a view to fixing a date for the taking of depositions, defendant being allowed out on continuing bail.

Deaths of the Cardinal.—Amongst those who attended the obsequies of the late Cardinal MacRory, at Armagh, on Wednesday last were: Mrs. Mary Brennan, 93, South Circular Road, Portobello, Dublin (niece); and her husband, Mr. T. D. Brennan, journalist, of the same address, a native of The Glen, Waterford.

Lismore Notes.

Obituary.—The death of Miss E. Watson, which took place at her residence in Chapel Street on Saturday evening last at an advanced age, has occasioned much regret among her friends and acquaintances in the locality. Deceased, who had been living alone for many years, was in failing health for a considerable time and her death was not altogether unexpected. Of a quiet and retiring disposition, she was a lady of culture and refinement, and during her long years of residence in Lismore made many friends among all classes.

The remains were removed to Lismore Protestant Church on Sunday evening, accompanied by a representative gathering of the general public, and on Monday morning the interment was made in the adjoining cemetery.

Camogie Tournament.—The opening game of the Lismore and Cappoquin Cup Tournament was played at the local venue on Sunday last between the Ballyduff and Knockanore clubs. The match was a very close one, but Ballyduff emerged winners by the narrow margin of one point. There was not a very large attendance, probably due to the fact that the teams were an hour late arriving at the pitch and many people had gone home under the impression that the match was off. Those who were present were amply compensated by witnessing a clash in which both teams gave of their best and speed and hard hitting were the order of the day. Knockanore had the better of exchanges in the first half and were leading by 1-1 to nil at half-time. Ballyduff seemed to settle down and before long had two major scores to their credit. The closing minutes were very exciting with both sides attacking furiously in turn. Although Knockanore tried hard they were unable to do more than register one point in this period, while Ballyduff landed winners on the score: 2-0 to 1-2. After the game the teams were entertained and later all attended a social at the courthouse. This proved a delightful and successful function and was attended by a large crowd of well-wishers. An excellent selection of Irish tunes was played by the Eire Instrumentalists' O'Leigh Band, and the few hours' dancing was thoroughly enjoyed by all. We learn that another tournament game may be played on Sunday next between the Camphire and Glen Rovers if the date remains an open one.

Excellent Film.—The "Song of Bernadette" had a very successful week's run at the Palladium Cinema, Lismore. Huge crowds from all sides came to see this splendid film and the cinema was packed to the doors for every performance.

Agricultural Operations.—Threshing operations are well advanced in this district and the yield and quality of the grain is considered satisfactory.

WAKE UP YOUR LIVER BILE

without faltering—and you'll jump out of bed in the morning feeling fit and fresh. The liver should give out two pints of liquid bile into your bowels daily. If this bile is not secreted, your food is not digested. It is not digested in the bowels. One thing you can do to help your liver is to take a course of... system is poisoned and you feel sore, weak, and the weight is lost. You have a nasty bowel movement, you get a headache. It is then that you need a Little Liver Pills to get these two pints of bile flowing freely, so you can be healthy and happy again.

Ballyduff, Knockanore, and Moorehill News.

U.S.A. War Decoration.—During the past week information has been received by Messrs. Wm. and Bartholomew Flynn, Leitrim, K. Worth, that their nephew, Second Lieut. Sean M. Flynn, attached to the 8th Air Force Headquarters, U.S.A., has received the Bronze Medal and a Presidential citation for meritorious service in the European theatre of operations. Lieut. Flynn is but 23 years of age. His father, who was well known in Ballyduff, emigrated to the United States many years ago, and in the letter received by his uncles it states that: "It is a great thing to say that one of the Flynn's built the first airfield in France on the memorable D-Day and has since seen a great deal of the world." The citation accompanying the Bronze Star Medal states: "2nd Lt. Sean M. Flynn, Jr., 819, Engineer Aviation Battalion, for meritorious service in connection with military operations against the enemy in the European theatre of operations from June, 1944 to July, 1944. During this period Lieut. Flynn, while serving as assistant S. 3, directed the entire clearing, surveying and grading of advanced landing grounds in such an efficient manner that they were completed on schedule despite a marked shortage of earth moving equipment. The eminent leadership, ability and calm courage in the face of grave danger displayed by Lieut. Flynn in directing the construction work, and in making personal reconnaissance under enemy fire contributed substantially to the success of the Allied landing operations and reflected the highest credit on himself and the military service."

Kilmacthomas Notes.

Prayers for the eternal welfare of the soul of his Eminence Cardinal McEvoy were said by the faithful of Mid-Waterford at the Masses in the churches of their respective parishes on Sunday last. The Late Very Rev. Thomas Galvin, F.R.S., Newtown Kilmacthomas, the deceased pastor's confessor we have just learned that when his reverence was a pupil at St. Colman's College, Fermoy, he won two Entrance Scholarships and two Intermediate Exhibitions, and subsequently at St. John's College, Waterford, he displayed equally remarkable talent, proving himself a capable student, and his high natural gifts were quickly recognised. From the days of his earliest curacy his many endearing qualities as a priest had gained for him the love and affection of the people. Passing away in the fullness of his years, he has left after his enduring moments to his parish the zeal, piety and ardent love of country—characteristics which commanded the respect and veneration of almost every denomination. He, by his way, and representativeness—quite a remarkable tribute of respect to the late beloved pastor's unceasing labours for the spiritual and temporal welfare of those committed to his paternal and comforting guidance. On all sides was manifested the depth of sorrow which the death of so estimable a parish priest occasioned throughout the diocese and its environs.

His grave is at the front of the Parish Church, Newtown Kilmacthomas, where the beautiful parochial house he had erected shortly after his advent to the parish in 1934. His father Galvin was brother of Mr. James Galvin, a prominent and worthily well-esteemed merchant in Ballymore, Co. Tipperary (their birthplace, by the way), and of Mother Aloysius, Presentation Convent, Mount Mellick, Leix. The other immediate relatives are: Mrs. J. Galvin, Ballymore; (sister-in-law) Very Rev. T. O'Donoghue, O.P. (Priory, St. Mary's, Cork); Rev. Mother Magdalene, Presentation Convent, Doneraile; Mrs. Cor. Sr. Kevin, do.; Rev. Mother Antonio, Presentation Convent, Mitchelstown; Mr. and Mrs. James O'Donoghue, Gurnabawn, do.; Mrs. M. A. Condon, Glenroe, Limerick; Mrs. K. A. O'Keefe, Mitchelstown; Mr. John Ryan, Burncourt, Co. Tipperary; and Miss Mary Ryan, do.; Miss Brenda Ryan, do.; Mr. William Campbell, Cork; Mrs. O'Doherty, Mrs. O'Hanrahan, Mr. W. J. O'Donoghue, Mr. John O'Donoghue, Mr. Thomas O'Donoghue, Mr. H. O'Brien, Mrs. Russell, Post Office, Ballymore; Mrs. Teddy Slattery, Mr. Pat Fox, Mr. W. Williams and Mr. J. O'Donoghue.

Incidentally, the attendance of the general public at the burial included two intimate Waterford City friends of the deceased, namely: Miss J. Dr. V. J. White and Mr. T. Thompson. The light of Heaven to the soul departed.

Death of Mrs. J. Duggan.—The death, which took place on Friday of last week at her residence, Kildwan, Bonmahon, of Mrs. Johanna Duggan, widow, occasioned widespread feelings of regret and evoked deep sympathy for her bereaved family, who are held in very high regard. Deceased, who had reached a fairly advanced age, possessed a natural gift of gentle, cheery kindness and endeared herself to every member of the community who shared her acquaintance. She died a happy death, fortified by the rites of the Catholic Church, to which she was ever devotedly attached. A cortege of imposing dimensions accompanied the removal of the remains on Saturday evening to the Church of Our Blessed Lady of Mount Carmel, Kill, where they were received by the Rev. M. Power, C.C., do., who recited the prayers for the dead. Interment was made in the adjoining cemetery after Mass on Sunday amid every manifestation of profound sorrow. Father Power pronounced the final Absolution at the graveside. May she rest in peace. (American paper, please copy).

Within the Week Mr. James Barron and his son wound up a happy holiday in our midst when they returned to the sister city, Mr. Barron, senior, is son of Mrs. and the late Mr. Patrick Barron, Garrunturton, Kilmacthomas, and brother-in-law of Mr. Pat Quinn, Farrateigh, do. (cotage tent and rate collector). Now spending a period of leave of their old home at Ballyvosteen, Kill, are Sergt. Wm. Power, of the Irish Army, and Sergt. Michl. Power, of the English 8th Army. The former won the National Army Shield Competition (open) in 1943 and the latter saw service in several European sectors all through the war just ended. Both are looking fit and well and are delighted to be renewing pleasant acquaintance with their troops of friends locally.

Baldwin's Hall, Kill.—Last Sunday night's ceilidhe and old-time waltzes here attracted a great gathering. The function was under the aegis and in aid of the local Gaelic Football Club. Dancing commenced at 9 o'clock and continued with unabated zest up to 2 a.m., when the National Anthem was played. The local ceilidhe band rendered the music with wonted ability.

Death of Mrs. M. Hunt.—The death of Mrs. Mary Hunt, Butlerstown, which happened last week-end at St. Patrick's Hospital, Waterford, after an illness of some weeks and at a comparatively early age, has aroused the deepest feelings of sympathy with the nearest and dearest to her. Her death was a bereavement and loss. The deceased was of a most hospitable nature, kind and generous, and was an example to her by her devout Catholic life. She was aunt of Mrs. P. Power, Kill, and of Mrs. P. Kiersey, Union Road, Kilmacthomas. All that was a most devoted daughter, Mrs. Hunt was reverently laid to rest in the cemetery at Kill on Monday, in the presence of innumerable relatives, friends and sympathisers.

Summer Time or Old Time?

QUESTION DISCUSSED BY DUNGARVAN, U.D.C.—The question of adhering to Summer Time or reverting to Old Time was discussed by the Dungarvan Urban Council at the fortnightly meeting on last Friday night, when different views were expressed by the members. The matter arose from a resolution by Mr. L. A. Veale, which stated: "We urge the Government to discontinue Summer Time and implement the recommendation of the Summer Time Commission by establishing a standard Irish Time." Moving the motion, Mr. Veale said he was speaking for a number of people in town, who were protesting against the present Summer time. Some years ago when protests were made against summer time, the Government set up a Summer Time Commission. He remembered that the Commission recommended a standard Irish Time on a meridian passing through Dungarvan. "I think," continued Mr. Veale, "that we should have our own national time, the same as in other countries. The present summer time is a hardship on children going to school, especially children coming from the country, who go to school on wet and cold mornings."

Senator J. Butler said that this was an urban area and views expressed here might be very dissimilar from those expressed in the rural areas. He thought that it was a matter for the Co. Council where they would have the views of both urban and rural representatives. "As far as I know," said Senator Butler, "the opinion of the people in the urban area would be in favour of summer time." Mr. Ciancy said he always liked summer time and he hoped that it would continue throughout the winter. There were three or four bad months during the winter with dark and wet days and the hour made a great difference. The Chairman said he favoured Mr. Veale's resolution and would second it. "I," said Mr. McCarthy, "go among the people a lot and the majority of them favour the old time, or God's time, as they put it. Regarding the position of school children raised by Mr. Veale, Senator Butler said the schools could go half way. He remembered the schools opened at one time at 9 o'clock, but when the summer time came in they opened at 9.30. He thought that the school authorities could make it 10 o'clock."

Mr. McGrath—I think the most of the people are in favour of summer time. He knows the workmen employed by me would favour summer time. Chairman—I suppose there is for and against it. Senator Butler—as far as the urban area is concerned the people seem to be in favour of summer time, but I personally think it is a matter for the Co. Council. Following further discussion it was decided to ascertain the opinion of the townspeople in the matter and the resolution was deferred.

Young Man Electrocutated at Waterford.

A 21-year-old man named Joseph Francis Hearne, 72 Dominick Place, Waterford, was electrocuted at the Electricity Supply Board's headquarters at Graecidun on Friday last. It appears that while engaged in the painting of some metalwork in the power-station, young Mr. Hearne entered one of the high tension cubicles, where the strength of the current approximates 22,000 volts. Shortly afterwards, two of his colleagues—Messrs. J. Stewart and M. C. Brown—noticed a flash, and, on dashing to the cubicle, observed Mr. Hearne falling on to the passage outside. They realised that he had received a very severe shock. They immediately applied artificial respiration, which, with the prompt arrival of Dr. W. Coffey, who administered the "Jelly" treatment, kept up for several hours, unhappily without success. It is presumed that the current from the high tension busbars must have, in some way, come in contact with the deceased's clothes. The late Mr. Hearne, who had been attached to the E.S.B. for the past six months, had seen some service with the R.A.F. A rider recommending the erection of barriers in front of the cubicles was added to a jury's verdict of accidental death, at an inquest held on Saturday by Mr. G. A. Nolan, Coroner.

A factory inspector told the Coroner that he would prefer barriers to compressors as a protection round the cubicles. The funeral, accompanied by a very large concourse, arrived in Dungarvan about 4 p.m. on Sunday evening, where interment was made in the cemetery adjoining St. Mary's Church. The deceased was nephew of the late Patrick Keane, Sarrafield street, Abbeysteele—an ex-British naval man—who died, some few months ago.

Popular Clashmore Man.—Having spent an enjoyable holiday in his native Clashmore, Warradilly, John (Sean) Murphy of the B.M.N. returned to duty this week. His many friends were pleased to see him fit and well following his trying experiences in all parts of the world during the war. Old Age Pension.—At a meeting of the Youghal No. 2 (Rural) Old Age Pension Committee held at Clashmore, Mr. R. J. Russell (chairman) presided. A number of old age pensioners were before the meeting and each was recommended for a pension of 10s. per week. Clashmore Army Chaplain Returns Home.—Having been interned by the Japanese since the fall of Singapore, Rev. Fr. James Ward, British Army Chaplain, returned to his native Clashmore on Saturday last. Fr. Ward's first foreign post was in Hong Kong and later he was stationed in Hong Kong. He administered to his troops throughout the Malayan campaign and was wounded in the battle for Singapore. He is now fully recovered and in perfect health. Following his liberation he was flown in a U.S.A. Army plane to an English aerodrome, and later he continued the journey to Ireland. On his return he received a cordial welcome from his many friends, who were pleased to see him in excellent spirits. A member of a well-known Clashmore family, Fr. Ward is son of the late Mr. D. Ward and of Mrs. M. Ward, Kilmacshane, Clashmore; brother of Very Rev. Fr. M. Ward, P.P., Glasgow Diocese; Mr. M. Ward, Clashmore, and Mrs. J. Ahearne, Tintur, Cappoquin, and a nephew of Mr. M. O'Halloran, Lauretum, Clashmore. Following his return to Ireland, Fr. Ward will return to duty.

COMPULSORY TILLAGE AND WHEAT GROWING IN 1946.—The Minister for Agriculture announces that in view of the continued necessity for the maximum home production of food the Government have made an Order, similar to the Order for 1945, requiring occupiers of five or more statute acres of land to cultivate in 1946 three-eighths of the area of such land and to sow with wheat a specified minimum area. A notice on the subject appears in our advertising columns.
