Waterford Board of

Criticism of the method in which the minutes of the board were recorded was voiced by Mr. T. Kyne at the montthly meeting of the Waterford Beard of Assistance (Ald. P. Caulfield, chairman, presiding), at the Courthouse, Dungarvan, on last Monday.

Mr. Kyne complained that a number of points which had been raised at the last meeting were not on the minutes and dissented from having them marked "read."

Following a discussion it was decided that in future all important matters be inserted in the minutes.

Mr. Kyne said that at the last meet-Mr. Kyne said that at the last meeting he made inquiries regarding the free boot voucher system and it had not been inserted in the minutes; also the transfer of the old age pensioners from the County Home to the Mental Hospital, and he noticed that wasn't on the minutes either; also the in-

quiry about changing the name of the County Home on the birth certificates of children to that of St. Joseph's Home, which was also omitted; and he thought that Deputy Morrissey had made an inquiry regarding the 1924 diet, which also was omitted. How could bese matters be raised in the future if they were not recorded in the minutes. He wanted to rais these matters at the meeting. He fel Point-to-Point Fixtures, 1946. — that the minutes should be recorded. The following are the dates which as was done in every other body. > The Secretary explained that if things were put in writing they were nserted in the minutes. Mr. Kyne asked how could points be raised at previous meetings if they were not in the minutes. He was not sure that they should be in writing. If that was so there would be no records in the Urban Council or the County Council; but records of these bodies run into four and five sheets. The Secretary said that he explained the procedure at a previous meeting. If any request were put in writing it was put in the minutes At meetings the Superintendent Officer was present to answer any

Continuing, the Secretary said that was always the procedure and there never had been any complaints or any trouble. He (Senator Butler) was an old member of the board and

he knew that.
Senator Butler—Prior to the
Managerial Act the minutes were rather lengthy. Secretary—They were always drafted in the same way. We got them from what was written at the Mr. Kyne—I certainly object to that procedure. I suggest that the Manager be asked to give a direction

Secretary—Put that in writing.
Mr. Kyne—I cannot write. Even though I can't write that doesn't debar me from being a member. I am making it verbally and record it or not. I want to see it is, and if it isn't I will take it further. I dissent locked out and were refused to visit or relatives on Ymas Day. from the signing of the minutes.

Ald. Kenneally (Mayor of Waterford) then proposed that the minutes

Mr. M. Morrissey, T.D., seconded. Mr. Kyne—I dissent because there the members at the last meeting and there is no record of them. Senator Butler—It would be easy to put in just a note of certain ques-Secretary—It would be a very simple thing to put it on paper. I don't want to do something which will be open to objection afterwards.

Senator Butler—I; will only open to objection if it isn't in the minutes.

Secretary—Mr. Kyne has stated that everything that is said is to be

Mr. Kyne—Not everything; only the important things. I don't want a verbal account at all. I have experience of meetings-G.A.A. meetings, for example—and a full record

Secretary—I have 50 years' experience of meetings and that was always the procedure.

Senator Butler—It would be very easy to have a note in the minutes that Mr. So-and-So asked about such a thing or Mr. Phelan, replying to a question by Mr. So-and-So, said such

Mr. Kyne—Suppose that I asked something of Mr. Phelan regarding a matter raised at a previous meetcould say that it never came up. I'm not suggesting that he would do it or dream that he would deny it.

Mr. Morrissey said that different

Mr. Morrissey said that the Aga cooker should be got as it would not go down to the 1939 price. The Secretary said that it was the opinion of the engineer that the price would go down—and at a not far dis-

Secretary—The County Surveyor. Mr. Kyhe—I doubt if that is part of his duties. Senator Butler-I believe the price will go down, and in a short time; and it may be even lower than the pre-war level. I believe things will get very cheap. That's my opinion. We can bring it up at the estimates meeting next month.

Mr. Kyne said he did not want to have things like this go on and he went on to say that if his information was correct in a dump out at the County Home a harrow and two ploughs had been found covered with rust. If that were true—he was not saying it was—if things like that could happen, why all the talk about

Mr. Kyne—That is my information. Mr. Kyne referred to the visiting days at the County Hospital and the County and City Infirmary and said his information was that there were two visiting days for the Infirmary and three for the County Hospital. He would like that the same number of visiting days be for each. The Chairman said that both places had the same hours

Mr. Kyne-Would it be possible to get an extra day?

Chairman—That order applies to city people. For people outside the city the relatives can come at any day. My experience is that visiting is terribly overdone. The first thing you go in you would think all Waterford was there. And very often there are some bad patients in state of the compatients of the ward and at the same time there would be 25 or 30 people crowding in Mr. Kyne said the instruction of the Church was to visit the sick, antl a number of workers had only Sun-

Mr. Kyne—I am not talking of the Infirmary but the County Hospital. If they were run on similar lines, so Ald. Kenneally—If a patient is bad he can be visited at any time by the relatives. There is no such thing as stopping the relatives. The hospital was closed recently owing to the "flu." Maybe it is one of these days Mr. Kyne is referring to. I don't believe it was Xmas Day.

Mr. Kyne—My information is that it was Xmas Day. Ald. Kenneally—As far as I am aware there was no complaint about

Mr., McGrath-Did you as a mem-Ald. Kenneally—No.

Mr. Kyne—The information given to me is that it was. I would like to have an inquiry into it. One day is Xmas Day that we would all like to

I think it should be included.

With regard to the Youghal Military Barracks, Mr. P. Little, T.D., Minister for Posts and Telegraphs, wrote:—The Minister for Defence has now replied to my further representations in regard to the question of the retention of a military post at Youghal. I am very sorry that Youghal cannot be continued as a military post, but it is satisfactory to learn that it is hoped to use it as a summer training centre. In connection with the same matter Col. Jas. Hannon, Kickham Barracks, Clonmel, wrote-Dear Mr. Walsh-With reference to your letter of 28th pending closing down of the post in Youghal, I wish to tell you that I have since been talking to Chief of. Staff about the matter with particuin your letter. The Chief of Staff informs me that he regrets that the final decision has been made and that the matter has now passed out of his hands. It is anticipated, however, that Youghal will be retained as a training centre. I should like to take this opportunity of expressing my sincere appreciation of the efforts which your council and yourself have Youghal feel at home and also for the many gestures of goodwill and friendship which have been extended to us on all occasions.-Yours sincerely-James Hannon, Colonel, O. Chairman-I think it is nearly a fait accompli now. What we want is states that where the site is going to be will be a matter for public opinion. Mr. Daly, B.E.-In March last year the two County Councils put up between them the sum of £10,000 for pears that this survey will not take place until the Bill now being discussed in the Dail will go through.

Chairman-I think we have too much hush hush about the bridge. After all when one looks back for seven years, seven years wasted, and the town is being bled white.
Mr. Broderick, T.D.—The responsi-

The Chairman, seconding, said that everyone in Youghal had the greatest regard for the deceased's parents and family. Young Troy was a very nice boy in all respects. If the Troy family wanted proof of the boy's popularity and the people's sympathy it was all reflected in the immense cortege which followed his remains. It was the largest seen in Youghal for some time. The other members present associated themselves with the expression of sympathy, and the Town Clerk on behalf of the other officials and himself asked to be associated with the vote of sympathy.
Mr. L. Daly asked if any complaint had been received about the Spa Hill.

The Town Clerk replied in the negative and added that this hill will be included in the £13,200 relief scheme. Noted.

Mr. Broderick, T.D.—I was agreeably surprised to see how well all these roads are being these
