#### RING DEFEAT BRICKEY RANGERS

Ring, 0-5; Brickey Rangers, 0-2. "A very poor exhibition," was the animous verdict of the spectators vho saw Ring defeat Brickey Rangers y 5 points to 2 in the first round of Waterford junior football championship at Dungarvan on last Sun-The verdict was well merited, for it was a dull, listless, lifeless game, devoid of thrills or excitement, and lacking in any pretentions of

The Brickey representatives were expected to give a display in keeping with the tradition of their seniors but they, however, greatly disappointed. They were, for the most part, running around in aimless confusion, accomplishing nothing. The Ring fifteen were more or less of the same feature of having at least some idea of setting about getting results. They showed more combination—which is not saying a lot-fielded better, and were generally a superior team. Both sides had very poor forwards, and this weakness lost both fifteens some scores, especially the winners.

Following some midfield exchanges at the beginning, Brickeys attacked from a free, but Ring cleared. Brickeys returned again and, getting a free close in, M. Power sent over the bar to open the scoring. Brickeys were having slightly the better of matters at this stage, but their attacks were unimpressive and lacked thrust. After a Brickey back had fouled, Ring got going from the resultant free. A further free to Ring close in saw P. Curran put the sides on level terms. Ring now had a bout of attacks, and though they shaped like scoring once, they failed to improve their position. The Brickeys attacked from a free but the Ring backs proved sound and cleared well. Ring took the initiative again and nearly registered. A further offensive yielded i minor per P. Curran. After both sides had visited in turn, M. Power had the scores level again when he pointed from a free. Ring again returned, the Brickey goal being in a spot of trouble for some time, until a free relieved.

of a "gift" opportunity. Attacking, B. Murphy had the best score of the an acute angle. Further pressure by Ring gave the Brickey backs some disquieting moments until a free re-lieved. The relief was short-lived, as vantage, resulting in at least 2 points being missed. A Brickey rally followed, which looked promising, but poor finishing by the forwards left them still in arrears. Ring took the offensive once more and had 2 wides. Attacking again the Brickeys forced a 50. The kick was well placed, but the forwards failed again to follow up a good advantage. At this stage the Brickeys had shot their bolt, with Ring definitely on top. Towards the Ring definitely on top. Towards the end Barry (Ring) had another minor to leave them deserving winners.

without Calemei—and yea'll jump out of hed in the moraling full of vim and vigour. The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food 'doesn't digest. It just decays in the bowels. Gas 'bloots up your stomach. You get 'constitued. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives 'help a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pilis to get these two pints of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Many people are hampered daily in their business and home lives by some ever-present muscular or nerve trouble, such as Rheumatism, Sciatica, Lumbago, Neuritis, or by some foot or leg trouble, fatien arches, stiff or swoollen ankles, owing to the way in which the whole body is thrown out of balance. This causes pressure on nerves and muscles, interferes with the circulation, develops wrong body position, displacing various parts and organs of the body, and thereby impairing the general health. Not only are those complaints hampering, but the constant aches and pains irritate the nerves, and

#### KILMACTHOMAS NOTES

An Honoured Lady's Demise,— Worthy member of a very well-known and highly-esteemed family was Miss Elizabeth Moore, Kilcannon, Annestown, who died on Tuesday of last week. She was in the truest sense Nature's gentlewoman. Cultured and refined, her extreme courtesy and kindness to all whom she had come in contact with and her ever-charitable disposition to the poor and needy gained her the respect and confidence of every section of the community throughout her allotted span, and her passing has evoked the most genuine sorrow and remarkable manifestations of the most profound honour to her memory. The remains were taken to the Protestant Church, Annestown, from whence the funeral set forth to the family burial ground in Kileraddan Cemetery, Youghal, The accompanying cortege on the occasion was a most impressive demonstration of popular respect by all classes and creeds to her memory. and of regard for and sympathy with her nearest and dearest-including Mr. Edward (Ned) Moore, Kilcannon, a sterling honorary official of the Waterford Young Farmers' Association, and as good and true a sportsman as one could hope to happen on. And while on the subject of taxation, it is my opinion that the time is now opportune for the Govern-ment to float a large long term loan to finance housing, water, and other development schemes and make posterity bear its due share of the burden as well as reap the benefit of the efforts expended by the present generation in creating material comforts of a permanent nature, and thereby relieve the excessive impost of present day taxation.

With capital only barely requited following a meagre obsolesence al-lowance you will already have noted the sum transferred to Reserve and the very small addition to be carried forward, and, no doubt, you will agree with me in saying that this ploughing back any surplus into the development and expansion of the and fast-wearing machinery by modern and up-to-date plant to neutralise anticipated foreign com-
