CO. WATERFORD LIBRARIES COMMITTEE

A meeting of the County Water-ford Libraries Committee was held in the Courthouse, Dungarvan on Monday, 17th June. Present—Very Rev. M. Murray, P.P., Acting Chairman; Rev. Fr. Curtis, O.S.A.; Miss M. Healy, Mrs. M. Maher, Mrs. Moloney, Messrs. T. Duggan, M.C.C.; M. F. Walsh M.C.C., and M. H. O'Hara,

Arising out of the minutes, Mr. M. F. Walsh referred to the proposal that Very Rev. M. F. Hearne, P.P., be coopted in place of Rev. Dean Stanley, and stated that the County Council were of opinion that a person of the same religious persuasion as Rev. Dean Stanley should be elected to fill

the vacancy created by the latter's County Librarian Reports on Library Conference.-The County Librarian gave a report of the proceedings of this year's Library Conference held in Dun Laoghaire from 20th to

The Parliamentary Secretary, Mr. Childers, spoke at the Conference, and from his speech it would appear that at last the Department was pre-pared to do something towards library development. It might be that the Department had in view the cenpartment as central authority and an advisory group of representatives of each type of library service. This was the main topic of the Conference, but papers were read on various aspects County Library was visualised as the nucleus of all cultural movements and societies in each county. A paper, "The Library and the Child," read by Mr. David Barry, B.A.,

proved very interesting.

Dr. Curtis asked if it would be possible to have in County Waterford a library of gramophone records such as is at present in County Limerick? The County Librarian pointed out that while he was financially unable to cater in books for the county, he did not think that the moment had yet come to consider the matter of ouilding up a library of gramophone

That was his personal opinion, but that he was prepared to act otherwise if directed to do so by the com-Dr. Curtis asked if the County Lib-

rary was financed according to its lemands and was the amount the ame each year. The County Librarian said that amount was limited, but that there was a clause being inserted into a new Local Government Bill which abolished the rate limitation. If this were passed and adequate finance made available it would be

possible to establish a lending library of gramophone records.

Mr. M. F. Walsh asked if a request for increases of salaries had been received from the Rural Libraries. The County Librarian said yes and that the request had been forgether with a strong recomme
