LIVER BILE

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives thelp a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carters Little Liver Pills, Stubbornly refuse anything cise, 1/3 and 3/c.

Further Successes for Local Cham-pion Cyclist.-Mr. J. J. Foley, the well-known cycling champion, brought further honours to his al-ready proud record on Sunday last at Blarney. Competting in the Munster Championship Athletic Sports he secured two first place -one in the mile championship and one in the five-mile championship he also gained third place in the three-mile championship. Both events were won by a comfortable margin despite the fact that the cream of Ireland's cyclists were competing. These splendid performances-all three achieved in one day-have won for our noted cyclist the highest praise and admiration, confirming our faith in his wonderful ability. His many friends heartily congratulate him on his successes. It is noteworthy that J. J. Foley has now 25 Munster Championship
