DEMORALISING DRINK HABIT

CONDENMED BY BISHOP OF WATERFORD. Out of the great love he had for the youth of the diocese, he would appeal to them not to let down the Church and themselves by becoming slaves to the habit of intoxicating drink.

Young men and young girls, he said, who became drunkards, broke all the holy images that were in their minds and hearts, and became like wild beasts. He warned young people who were just beginning to get a liking for intoxicating drinks that they would fall little by little and would wake up some morning and find themselves incurable.

At the present time, when there is so much indulgence, so much artificial comforts all around them, young men and women should be convinced in the secret of their own minds and hearts, that the right thing to do, the Catholic thing to do, was to bear witness by their lives to the fact that they were going to make the sacrifice of total abstinence.

There was a possibility that some of the evils which afflicted their nation in the matter of drink followed from the temperance and the stimulus of drink was the spark which set off the explosive of sin, and drew down upon them the anger of a just Father upon His children. There was improvement in the matter of vicious drunkenness in the past half-century, but the nation, nevertheless, still remained drink conscious, a fact that was to be noted more now than ever.

It was obvious, therefore, that more people were becoming interested in drinking and especially young people. There was something wrong when the evils of drink were openly to be encountered on all sides, and then sin was permitted to take itself flagrantly before the public eye.

SEQUEL TO ACCIDENT AT BALLINROAD

Motor-Cyclist and Cart-Driver Summoned.

Dungarvan District Court Case.

There was a sequel to an accident near Ballinroad railway crossing last September when Maurice Fennell, farmer, Garroony, was charged with (1) the dangerous driving of a motor-cycle, and (2) driving in a careless manner without due consideration for the public and Mr. Joseph Lucas (who was driving an ass and cart on the occasion), labourer, Goumroe, was charged with similar offences.

Mr. J. F. Kenny, solr., for M. Fennell, Lucas was not professionally represented. Mr. R. Farrell, solr., held a watching brief for a boy named Hayes who was injured when he was hit by the motor-cycle. Witness Hayes said that on September 15th there had been sports at Clonea, and Lucas, who was driving an ass and cart, was in the crowd.

Witness Hayes said that on September 15th there had been sports at Clonea, and Lucas, who was driving an ass and cart, was in the crowd. He was walking along the road. Near the railway crossing at Ballinroad, Mr. Fennell ran into him and injured his leg, as he (Fennell) was trying to pass Lucas's ass and cart. Witness saw the accident from the sports at Clonea and was returning home, walking along the road.

DEATH OF MR. THOMAS WALL. It is with feelings of deep regret we chronicle the death of Mr. Thomas Wall, Knockavanna, Ballymacarbery, which took place at his residence on Sunday night, November 24th inst.

Mr. Wall, who was in the 70th year of his age, was a well-known and respected member of the community. He was a successful and industrious member. To his bereaved widow, family and other relatives, deep and sincere sympathy is extended in their sorrow and loss. Mr. Wall was a member of the Ballymacarbery Parish Church and was followed by a large and representative concourse of mourners and sympathisers, where the burial took place in the family plot in the adjoining cemetery. The final prayers at the grave were read by Rev. Fr. G. McDonald, C.C., Touranena and Nire.

The chief mourners were—Mrs. Mary Wall (widow); Pierce and Thomas (sons); Sister M. Veronica, Presentation Convent, Carrick-on-Suir; Sister M. Lucy, Mercy Convent, Midleton, and Mrs. T. Halley, New Inn, Cahir (daughters); Mrs. Mary Wall, Cahir (daughter-in-law); Mr. T. Wall, Cahir (son-in-law); Mr. T. Coffey, Knockavanna; Mrs. Nora Wall, Courten; Mr. M. Wall, Knockavanna; Miss J. Wall, do.; Mrs. M. O'Keefe, Ballymacarbery; Mrs. B. Gough, Rathgormack; Mrs. O'Neill, Clonmel; Mrs. J. Wall, Cahir (daughter-in-law); Mr. T. Donegal; Miss B. Wall, Cahir (daughter-in-law); Mr. J. Wall, do. (niece and nephew); Mrs. B. Wall, Knockavanna (sister-in-law); Mr. T. Mulvey (brother-in-law); Mr. W. Brazil, Glenanore (cousin), etc.

County Council workers are at present engaged in the much-needed repairs (though somewhat insufficient) of the bye-roads in the district. The condition of these roads, particularly in the Nire Valley, leading into the different townlands are in a most deplorable state, as a result of the recent abnormal floods; and in consequence cause great hardship to the already harassed residents, who are, when all is said and done, ratepayers, as well as the dwellers and users of our main thoroughfares, which bear such a high reputation for excellence in this county. This is a matter needing closer attention from the authorities concerned, and in this modern and democratic age when one can "just" "fair play," etc., why not give those ratepayers a fair crack of the whip, and have those roads leading to their homesteads and property attended to, repaired, resurfaced, and then at least steamrolled.

Mr. Michael Dunne, who has been employed as a porter at Kilmac Thomas Railway Station for a number of years past, has just been transferred on promotion to the post of signaller at Durrus Station. We congratulate this likeable official on his well-merited appointment, and wish him continued increasing success in the service of the C.I.E.

Miss M. Burgess (nurse), a native of the Kilmac Thomas district, who has been appointed tutor sister of the Waterford County Hospital Training School, is a very esteemed member of the noble profession.

Despite the inclemency of the weather on Sunday last the Kilmac Thomas Senior Football Club had a satisfactory session, and a good following of enthusiastic supporters at the "Old Cornerstone" of Cappouin. The replay was enjoyed in a convincing way by the Dungarvan representation, the wearers of the Green and Gold were not downhearted.

At the city venue, on the same day, Newtown (holders) and Fenor met in the final of this year's Eastern Divisional Junior Football Championship. A few Sundays before the sides played a drawn game. A good-sized crowd eyed and enjoyed the replay, from which Newtown emerged triumphant by the minimum margin. Result: Newtown, 1-0; Fenor, 0-1.

Kilmacthomas Notes.

ANENT NOVEMBER. With the present month out of the way we are hoping for a more agreeable winter. It lives up to its reputation as the gloomiest month of the year. Probably this is partly because it is the prelude to the joyousness of Yuletide with its exhilarating influences. It is the contrast in the calendar that supply the spice of life. Fortunately we have in the heart of the fair and fertile Deise country, escaped the November fogs associated with lowland and other places, describing which Thomas Hood wrote:—

No sun, no moon! No morn, no noon; No dawn, no dusk, no proper time of day; No sky, no earthly view, No distance looking blue, How terrible such a November!

A GOOD JOB OF WORK. County Council Overseer Patrick Kelly (of Glendalligan) and his band of roadmen have just completed the work of resurfacing and spraying the village street of Kilmacthomas, and the job is certainly a credit to them. Incidentally, it strikes us that the laying down of a cement footpath on each side of the street would add to the beauty of the place and be greatly appreciated by the kind and hospitable inhabitants who are worthily upholding and maintaining the grand old Gaelic traditions of their honour-crowned progenitors.

THE MONTHLY FAIR. Kilmacthomas November fair held on Tuesday, 26th inst., was medium-sized and business was brisk. Quotations: 24-year-old bullocks, £25 to £28; 14-year-old, £10 to £12; 11-year-old heifers for export, £15 to £20; calves about 2 months old, £4 to £7; good young springing cows, £25 to £40; beef cows, 12 to 14 months, £10 to £12; fat heifers, £20 to £25; fat sheep, £5 to £8; 10s. to 12s. R.P.E.

Worthy member of a fine old family flock of these parts was Mr. John (Jack) Keane, whose death occurred at St. Patrick's Hospital, Waterford, following a brief illness due to a comical ailment. Possessed of many admirable traits of character, he was a favourite with everybody who had the pleasure of knowing him, and sympathy with his bereaved ones is universal. On Monday evening of last week the remains were removed to St. John's Church, in the city, from where a Requiem Mass for his soul, the funeral service being held in the adjoining Parish Church, Dunhill, where the prayers at the graveside were recited by Very Rev. Morrissey, P.P., do. The chief mourners were: Messrs. John and Michael Keane (sons); Miss Alice Keane and Mrs. J. Keane, D. Keane, Waterford (daughters); Messrs. Henry Keane, Kildermoy, Kilmadane, and William Keane, Clonea-Power (brothers); Miss Alice Keane, Kildermoy (sister); Mrs. Bishop, South Kilkenny (sisters).

Lismore Notes.

COURSING CLUB DANCE. The Town Hall, Lismore, will be the scene of all lovers of the "light fantastic" on Tuesday night next, when the Lismore Coursing Club will hold their grand annual dance. A very energetic committee is leaving nothing undone to perfect all the arrangements, and everything will be in apple-pie order by Sunday night. The presentation of the O'Gorman Cup will take place during the dance. The Bridesmaids' Band has been engaged to supply the music, and a really enjoyable night is assured.

ENTERTAINMENT AT THE HAPPYDROME. To conclude an excellent week's entertainment at the Happydrome, Peter Murray and his players presented on Sunday night last, to the capacity house, a very entertaining and enjoyable performance, entitled "The Two Mrs. Carrills." Throughout the week the show was exceptionally well supported, and the peak attendance was on Friday night for "The Song of Bernadette." The most outstanding performance was a skilful presentation of T. C. Fife's well-known play, "Autumn Fire," which was much appreciated by a large crowd.

LISMORE IN THE LAST CENTURY. A Visitor's Impression.—The town of Lismore, which bears on its arms the hope-inspiring motto, "God's Providence is my Inheritance," is a very pretty and agreeable town, save when a circus comes the way, or the annual Agricultural Show rouses all the energies of the town, and the farmers alike. But I must also except Sundays. After the 8 o'clock Mass on Sunday, the town is a very busy one. Anybody's heart goes to see the throng of strong farmers, their wives and daughters, that pour out from the splendid new Catholic church, into the beautiful little town with the one element in it general lacks—plenty of life and colour. And you can hear the Irish tongue, too—God bless it!—as the elderly people from the mountains greet each other warmly. What a pleasure it is to hear our beautiful Irish expressions—"God save you," "God save all here," "God bless the work," "God and Father Blessed Virgin be with you," "God speed you and send you safe." Again, with regard to dress, the country matrons still wear the most graceful of mantles, the long Spanish cloak, with its large satin-lined hood, that is drawn over the neck and cap during Mass. With this ample cloth cloak the rich farmers' wives wear on Sundays and holidays, fine cashmere or even the most graceful and lace or embroidered caps—the whole dress is so becoming and refined, that it is a pity that the country matrons still wear the most graceful of mantles, the long Spanish cloak, with its large satin-lined hood, that is drawn over the neck and cap during Mass.

Everybody buys either salt herrings or pennynuts of fresh sprats, and so great is the demand for salt herrings in cart-loads, in barrels, in baskets, and in crates for the mill. DUNGARVAN URBAN COUNCIL

The Tuff Question.

Mr. Thomas McCarthy, Chairman, presided at a meeting of the above in the Town Hall on Friday last. Other members in attendance were Messrs. L. A. Veale, Vice-Chairman; T. A. Keane, N. Kelly, and M. Morrissey, T.D.

Mr. Morrissey—So we have a supplier. Clerk—Yes. TURF SUPPLY SCARCITY, ETC. The Chairman referred to the remarks passed by a turf merchant in the town...

Mr. Morrissey—I did not hear anything of this, but the thing is too silly to give it any consideration. Mr. Kelly—I did not hear this either, but I heard that one merchant had no turf to give his registered customers a few days ago.

Mr. Kelly—The merchant referred to is only getting two lorry loads a day, through no fault of his firm. Those lorries bring the turf by road a distance of 160 miles.

Borough Surveyor for an estimate. Mr. Kelly—It is useless putting a paling there. The people are entitled to protection if our tenants are trespassing. If we referred the matter to the County Council...

Mr. Veale—It is no use tilling the land now. I often saw 20 to 30 horses in the field. The new complaint of the landowner is that the horses are flattened to let them in.

The letter was referred to the Manager. SHOOTING OF WATER. A letter read from Mr. M. L. Kyne, Miss May Guiry, and Mrs. Margaret Harte. The letter complained of the water shortage to their premises.

Mr. Veale—No one went to investigate it. Mr. Morrissey—The cause is well known. The pipes down there are old and clogged and need to be replaced. A larger bore pipe put down you will have the same complaint.

Mr. Kyne—It is only a matter of about 100 yards. Mr. Morrissey—Something should be done there. BUILDING SITE OFFER. The Clerk read a letter from Messrs. De Brothers offering a field at Gallow's Hill, which is included in the land to be acquired under the housing scheme for that area, at £850.

Mr. Veale—Mr. De called on me. The area of the field is 5 acres. The Manager does not think the price (£170 per acre) reasonable.

Mr. Morrissey—There are other landowners who see this scheme of houses is to be built. Did they agree to sell? Mr. Veale—This is the first offer.

Mr. Kyne—An offer has been made and surely there might be given and take. He suggested referring it to the Manager to try and come to terms.

Mr. Veale—If we got that field we would be able to proceed with that portion of the scheme, even though the other portions should be acquired. The question was referred to the Manager.

Mr. Kyne said his attention had been drawn to the fact that for the past two Sundays two horses were grazing in the Park and a good many people in the town are being inconvenienced by the noise and dirt.

MUNSTER COUNCIL

At a meeting of Munster Council, G.A.A. in Limerick on last Saturday, Rev. Canon Hamilton presiding, the appeal of Dick Fitzgerald's Football Club, Killarney, against the ruling of the Chairman, Kerry County Board, on the match with Killarney Legion in the Kerry Senior Football Championship was discussed and a decision of the Kerry Board upheld. The appeal of Erin's Own, Waterford, against their suspension by the Waterford Board following the publication of a letter in the local Press by the club, in which officials of the Board were censured, was overruled and the action of the Board approved.

The offer made by the delegates of the club to retract the letter and publish an apology was not accepted by the delegates of the Waterford Board. Delegates attended from Thurles Clubs' Grounds improvement Committee and explained that they proposed to carry out an extension to the club's ground. The report was adopted. The Secretary's report showed that there were ten clubs in the county, that a number of successful meetings had been held during the year. It stressed the importance of each club registering at least 100 members. The county championship, held at Clashmore, was a success from every point of view. The county cross-country championships, held at Waterford, were a financial loss. The following officers were elected for the coming year—President, Rev. Fr. D. Slattery, C.C., Clashmore; Chairman, Mr. J. J. McGrath, Cappoquin; Vice-Chairman, Sean Bell, Cappoquin; and Mr. James Downey, Dunhill; Secretary and Treasurer, Mr. Leo Dunne, Waterford. Officers were also nominated for the Central Council.

It was decided to adopt a bye-law prohibiting athletes in the county from competing at meetings outside the county on the date of county championships. It was stated that on the day of the county championships at Waterford, a number of athletes had competed at fixtures in other counties. A discussion took place on the question of reviving athletics in Dungarvan, and it was decided to take steps in that direction. Beary's Cross A.C. applied for a county championship event, and Dunhill A.C. applied for the county cross-country championships. A number of motions were sent forward to the Munster convention to be held in Limerick on 15th December. Chief Supt. M. J. O'Reilly wrote regarding his inability to attend the convention.

LATE MISS H. POWER. The late Miss Helen Power, Lower Main Street, Dungarvan, whose deeply deplored all-too-early demise was chronicled in the previous issue of the "Observer" was a member of Messrs. John and James Sheehan, Garranurton, Kilmacomas, and of Miss M. Sheehan, doo, and she was a cousin of the Fyran family, all of whom are very esteemed members of the farming community.

Youghal Urban Council

Present—Mr. P. J. O'Gorman, P.C., chairman, presiding; Mrs. S. Hurley, Messrs. Sean F. Daly, B.E., M. Ahern and Mr. Daly, B.E.—Has there been any reply from the Department of Industry and Commerce in reply to our application for a grant for harbour improvements? Secretary—Yes, the reply stated that the matter was having attention. Mr. Daly, B.E.—It is better that we should have details of the work it is proposed to have carried out. Chairman—Why were we overlooked by the Department? Mr. Ahern—Why were we overlooked by the Department? Mr. Daly, B.E.—It is better that we should have details of the work it is proposed to have carried out.

Chairman—How things have changed. At one time Cork was described as a town near Youghal. We must improve our harbour and harbour facilities if we are to be as far distant when our harbour will be a hive of industry. The time is coming when Youghal will be able to export again. Twenty-five to thirty years ago you had Swedish and Norwegian ships coming to Youghal with cargoes of timber. Please God these times will come again. It was decided to prepare a list of improvements that it is proposed to carry out in the event of a grant being made by the Department. Mr. Ahern—Why are people not permitted to come up or go down Nile Street? Chairman—The people living in the area say that the closing of this street is very detrimental to their business. If you have to come up the other streets it is a loss of time and the traders in the area have cause for complaint. Town Clerk—This street was closed in the interests of the public. As members are aware, the council got an order at the last court that certain dangerous houses were to be demolished and until they are demolished the street must be closed to the public. The matter was noted. Mr. Daly, B.E.—Why not have some old houses reconstructed? If that were done it would be a help for the time being. Mr. L. Daly—What about the Niserson hut? Chairman—Yes, it would be a good idea as it would help as a temporary measure. It was decided to refer the matter to the Manager. Mrs. E. Cronin, Carlton Place, wrote asking the council to have the face of the road at Carlton Place attended to. It was agreed to refer the matter to the Manager. Mr. Ahern and Mr. O'Brien was very glad to come to Youghal a quarter of a century ago and it is a terrible slap to Youghal to have this happen. Mr. Daly, B.E.—The matter was referred to the Manager. Mr. Hurley, B.L., may be in Dublin shortly and he could interest himself in the matter. It was finally decided to refer the matter to the Manager through the Deputies and remind him of his promise to look into the matter. It was decided to ask the Manager to look into the matter with a view to acquiring the place. The Town Clerk suggested the Council, wrote asking the Council to try and get the present train which leaves Cork for Youghal at 2.30 and back to 3.30 would facilitate young school children to get home early. Mr. L. Daly—This is a mail train. Mr. Ahern—It is the Post Office who will pay for it. Mrs. Hurley—A train leaves Youghal at 4.30 and arrives in Cork at 8. Chairman—I think we should ask C.I.E. to make the change suggested. If, however, it is run in connection with the mails you will not stand much of a chance. We will refer the matter to C.I.E. through our staff-master. This was agreed to. The Town Clerk stated that he had a reply from Mr. Little, T.D., in connection with the council's request to extend the public lighting to the Mill Road area, and Mr. Little's letter stated that he was again contacting the E.S.B. The Town Clerk having read his letter to the Minister, the Chairman said it was an excellent letter. We have all voiced our opinions about the darkness of the Mill Road and I am very nervous at night of being in this area as it is beginning to stir its dormant body. We are very glad the two County Councils have taken the matter up. We have a more vital interest in the bridge than anyone else, and I think the time we have fixed will suit everyone as the Dail does not sit on Mondays. The Clerk read the following letter, which was received from the Irish Tourist Board—"Dear Sir—I am to refer to previous correspondence regarding the promotion of a development scheme at Youghal and to inform you with regret that it does not now appear likely that my Board will be able to proceed with its proposals on the site selected, as the price asked for the site (£40,000 plus £2,000 for replacement of the station-master's house) is regarded as too high, and would make the whole scheme uneconomical. If your Council is in a position to suggest an alternative site or sites, I shall be glad to hear further from you in due course. Mr. Ahern—I think the I.T.B. are at this matter since 1941 and it took them five years to find out that the scheme was all wrong, and what between architects and engineers coming to Youghal from time to time must have cost a lot of money and now at this stage they come along and tell us the scheme would be uneconomical. I think it is purely political and the £50,000 that Mr. Lemass said was allocated to Youghal will be going elsewhere. Mr. Daly, B.E.—It was Mr. John O'Brien who suggested that these suggestions for Youghal and now he must have made up his mind to put the money somewhere else. Mr. Ahern—Ballyvaughan, Lidoonvarna, but Youghal is to get nothing. This Youghal off the map. Just after all Mr. O'Brien is just an official and I think we should place the whole matter before the Minister, Mr. Lemass. Mrs. Hurley—We should go to the Department of Industry and Commerce. They have nothing for Youghal, but they want to put up luxury hotels and then they are going to sell them. Mr. L. Daly—I agree and as Mr. Lemass made a statement in the Dail that Youghal was allocated £50,000, we should write to him. Chairman—This matter has been going on for six or seven years and I do not mind stating here what I always felt, that the matter was a good bluff. You never had any feeling of assurance. At least that is the way it struck me. We all felt that it would be a long time before anything would be done for Youghal. I didn't know there was a letter from Mr. O'Brien, but the letter just bore out what I have had in my mind for a long time. It just occurred to me that this official is not omnipotent. Mr. Lemass made a statement in the Dail that a certain sum was earmarked for Youghal. As far as the I.T.B. is concerned the sum to be allocated was very little as they have money to burn, but where Youghal is concerned they just use it there. I would suggest that the council before Mr. Lemass himself. To approach a Minister you must do it through a Deputy. Mind you I won't say I am assured by the Minister. I.T.B. The only thing I can say is that I am disgusted with the whole matter. The way the matter is being seen our grand developed, to make it the finest seaside resort in Ireland. Surely for a small sum they are not going to drop the whole scheme. Mr. Daly, B.E.—Representatives from the I.T.B. were here four or five years ago. They were going to extend the pier, but the pier was not built in addition to the other schemes, and I agree with the Chairman that the pier was not built. It was brought to the notice of Mr. Lemass. After all they have £2,000,000 to play with. Mrs. Hurley—I would suggest that we write to all the Deputies as well as to the Minister. Mr. Ahern and Mr. O'Brien was very glad to come to Youghal a quarter of a century ago and it is a terrible slap to Youghal to have this happen. Mr. Daly, B.E.—The matter was referred to the Manager. Ballinameela Labourer Sentenced to Twelve Months.

LARCENY OF BICYCLE AND FALSE PRETENCES CHARGES. "IMPOSSIBLE TO REFORM HIM," SAYS D.J.

Pleading guilty to charges of (1) larceny of a bicycle on November 20th and (2) obtaining an overcoat by false pretences on November 18th, Paik McGrath, labourer, Ballinameela, Cappagh, Co. Waterford, was at the Dungarvan Circuit Court on Tuesday sentenced to six months on each charge, the sentences to run consecutively.

Supt. J. O'Mahony, who prosecuted, said that on November 18th, McGrath went to Messrs. Hadden's shop in Main Street and said he was purchasing a bicycle from a man named Mr. Power, of Touraneena, who had an account at the shop, to get an overcoat for his wife (McGrath) and to charge to Mr. Power's account. He was supplied with the coat, McGrath worked with Mr. Power and knew that Mr. Power had an account at Hadden's. McGrath did not pay as much as one shilling for the coat. The value of the coat was £4 10s. 6d.

Regarding the second charge, Supt. O'Mahony said that on November 20th, McGrath was arrested on suspicion of having stolen a bicycle belonging to Mr. Lee. Frazer from outside the shop in which Mr. Frazer was employed. McGrath was arrested on Monday and the bicycle was found hidden near where he was arrested. McGrath had been before the court on three different occasions for the larceny of three bicycles. He got three months on each of three charges and had done nine months already, most of it in Mountjoy. He was also charged on a fourth occasion, not so long ago, with taking another bicycle without the authority of the owner and was fined £3, which had not been paid. It seemed there was every reason to reform him, added the Superintendent.

The Justice said that it seemed that McGrath was bent on a career of crime. He had been before the court on a number of occasions and it seemed that the particular feature of his crimes was the larceny of bicycles. On the last occasion the defendant came before him (Justice) he fined him, hoping that he would reform, but not alone he had not paid the fine, but he has since got into trouble again. "I am afraid," continued the Justice, "that it is impossible to reform him at all, and I am going to sentence him to the longest period I can."

The Justice then imposed sentences of six months on each charge, both sentences to run consecutively.

Death of Mrs. H. Keever

It is with much regret we record the death of the above lady, which occurred at her residence on Sunday, November 17th. Youghal Development Association.

MERGER OF INDUSTRIAL AND DEVELOPMENT ASSOCIATION.

The third annual general meeting of the Youghal Development Association was held in the Green Park Hotel on Tuesday, Nov. 19th, at 8.30 p.m. Michael Ahern, Chairman, presided. The attendance consisted chiefly of members of the association and some members of the Industrial Committee.

Mr. T. Linehan, Hon. Secretary, then submitted the following report: "Three years ago the Youghal Development Association was formed. At that time the members were of opinion that the future of Youghal and that they had good reason to be. Reports in the Press stated that the Government had granted a large sum with a view to improving and developing Irish holiday resorts—inland of money to the Irish Tourist Board and seaside. This money had been divided into several substantial amounts, to be spent on various resorts. Youghal figured high on that list. Bearing in mind the immense possibilities which this scheme presented, where Youghal was concerned, the Development Committee discussed at great length the various ways in which the money could be spent with the most advantage both to the town and to the Strand. A long and detailed list of suggestions was drawn up and, with a promise of every help towards carrying out, was sent to the Chairman of the Irish Tourist Board. An invitation was also sent to him to come to Youghal and talk over these suggestions with the committee. This he did most kindly. At this meeting, the Chairman Mr. O'Brien was delighted with the interest taken in, and the suggestions made for the new scheme. He left behind him very hopeful and expectant committee. It seemed that at last Youghal might be in a position equal to, if not surpassing, the best of the channel seaside resorts. But, alas! here is Youghal to-day in exactly the same position as three years ago. Where an advance in development and improvements is concerned, Youghal has not done more than it was before the I.T.B. scheme was projected. All the suggestions made to and approved by the I.T.B. have been without any result. Up to date the Youghal Development Association's No. 1 policy—the development and improvement of Youghal—has not met with any success. But now, to the other functions of the Association—the entertainment of summer visitors. Here, at any rate, we have met with success. Before the season began the Committee unanimously agreed to select Mr. Owen for the position of organiser and re-elected the same sub-committee to assist him. During the three summer months, 11 concerts, 2 question-times and 1 whirl drive were held. All, with the exception of the whirl drive, were well attended and provided first-class entertainment, visitors expressing their real pleasure on every occasion. An attempt to hold a regular small scale on the Strand tended at first to be very successful, but then, because of the interference between competitors and through no fault of the organiser, ended in an anti-climax. During the Carnival week, a fancy dress parade proved very successful and on a couple of nights the Hotel Montraea orchestra, under Mr. Connolly, gave a number of recitals which were very well received. During the summer also, the Museum was formed and opened to the public. It contains a number of interesting exhibits but is yet only in its infant stage. When the number of exhibits has been enlarged and the visiting-hours regularised, it will provide a decided asset to the town. I would like to pay a sincere vote of thanks to the Chairman of the Museum Committee, Mr. J. C. Condon, through whose efforts the museum came into being. Two other events which took place during the season were the gymkhana run by Mrs. Haynes and the Committee tenders its congratulations to the parties concerned. Once again I would draw attention to the regrettable apathy of the people towards the work of this association. Both Town and Strand people must realise that such a body benefits the community as a whole and they must endeavour to give it every assistance, both actively and financially. Finally, I would like to congratulate our organiser, Mr. Owen, on the high-class entertainment he provided at the concerts. I would like to thank Mr. Atkins for his kindness in allowing us free use of his hall and I would like also to thank both Mr. Edwards and Mr. Fox for their invaluable work during the season. The Chairman stated that the Hon. Treasurer had not submitted a report but informed him that approximately £70 was to credit in the Bank.

On the proposal of Mrs. Susan Hurley, U.D.C., seconded by Mr. B. Quinn, the report was unanimously adopted. At the request of the Chairman, Mr. Jack Forrest, secretary of the Industrial Development Committee informed the meeting that his organisation might be considered to be a section of the Development Association as most members were in both organisations. Their main aim was to obtain the active support of the more youthful citizens of the town who had more spirit and energy. Operating under a small working committee they could get more concrete results and better public support. Regarding the mooted fusion of his organisation and the Development Association he suggested that the best re-

could be achieved by establishing two small sub-committees, one to deal with the industrial development and the other to deal with the touring and sight-seeing. He thought there would be no objection to amalgamating the two bodies. From recent Press reports he noted that the Youghal Bridge project was at last coming to a head and that four members of the Cork Co. Council, the Waterford Co. Council and the U.D.C. have been appointed on the committee. However, so far it was not quite clear where the bridge is to be erected and he suggested that inquiries be made so that they would be assured it would be in the best place.

Mr. Goun Hurley, B.L. D.J., explained that the Bridge Committee had no power to seek competent opinion regarding the suitability of the site. The opinion of a qualified engineer on the matter would have more weight than that of laymen. Mr. Forrest suggested that it would be disastrous to erect the bridge at Ardaraigh. They should find out if the townpeople could be persuaded to contribute to the matter. During the past year his committee had been exceptionally lucky in their efforts to get the newspapers and he thought they should cooperate whether there was fusion or not. He thought expert engineering opinion should be procured. If they can persuade the Local Government Department to do it will be a step in the right direction. The U.D.C. suggested that when in Dublin he might try to have something done for the town and he thought they should thought expert engineering opinion should be procured.
