CONDITION OF TURF SUPPLIED AT DUNGARVAN

Strong Criticism at
U.D.C. Meeting.

FUEL IMPORTERS
"UNDER FIRE"

Strong criticism of Fuel Importers
was voiced at the meeting of the Dun-
garvan Urban Council (Mr. T.
McCarthy presiding) on last Friday
night following the reading of corres-
pondence from Fuel Importers re-
garding complaints made by the
Council in connection with the
quality of the turf sent to the town.
In a letter dated November 22nd,
Fuel Importers wrote stating that
they had a report from their repre-
sentative in Waterford that the
quality of the turf sent to Dungarvan
was identical to that delivered to the
merchants in Waterford, and was
carefully selected and graded before
it was despatched.

Mr. Kyne said that the turf he had
bought—and he believed what every-
one else had got for the last six weeks
—was absolutely unburnable, no mat-
ter what the Secretary of Fuel Im-
porters or anybody else said. "I am
willing," said Mr. Kyne, "to meet
them here and produce it to them,
and if the people in Dungarvan are
like me they will not take it. I say
again that the turf we are getting in
Dungarvan is unburnable, and if this
is the type of turf the Government
produce, well, I'm not for the Gov-
ernment. The turf we got previously
was bad and this turf is bad."

The Chairman said he would not
agree the quality of the turf was the
same; it was just as bad before. They
all know that they had to ask an
Inspector to come down about it.
There was another thing which was
not right or proper and which should
not be allowed and that was giving
the best turf to some people. Every-
body should be treated the same and
should get a fair crack of the whip.
"I have been told," continued the
Chairman, "that if you give 3/6 you
would get good turf. The price of
turf is 2/9 and no merchant is al-
lowed to charge 3/6 for it. Unfor-
tunately I did not get any names,
but if I did I would bring it further
than this council."

Mr. Kelly said that he had some
experience of turf and the loss in
transport was up to 75 per cent. by way
of turf.
Chairman—Why would we not get
coal? It could be got if the Govern-
ment liked. If the people got a
ration of coal it would help to burn
the rotten turf.
Mr. Kyne said that the point was
that the people of Dungarvan were
getting rotten turf for the past two
months. The workers of Dungarvan
and their kids were just as important
as De Valera and his kids and they
demanded dry turf. He would sug-
gest that any Government that pro-
duced any turf like that have failed
in their policy. Whether they could
get a coal ration or not he could not
say. The people were suffering and
would suffer more until the time they
rise up and throw the Government
out. Why did the people suffer when
the heads of the Government them-
selves got good turf? "I want the
people of Dungarvan," said Mr. Kyne,
"to rise up against it and smash this
system. I blamed the merchants at
first, but I want to withdraw it be-
cause Fuel Importers are giving us
worse than what the merchants ever
gave us."

The Clerk said that Mr. O'Leary
(Turf Inspector) had informed him
that as Dungarvan was a non-turf
area now he could do nothing about
the complaints. He had also been in-
formed by Fuel Importers that a mer-
chant in the town had refused deliv-
ery of turf on a Saturday (except
one lorry load) and it was not deliv-
ered until the following Tuesday. If
the turf had been accepted on that
Saturday it would have been all
right.

Mr. Kyne said that there was
another point. Turf was sent from
Eederry to Dungarvan—a distance
of 180 miles here and back, and tak-
ing the transport cost at 1/6 a mile,
it was much more than the value of
the turf. Who was subsidizing it?
Who, to use a Yankee expression, was
the sucker that paid for it? They
were aware that it was the ratepayers
of the country. Could they not get
turf suppliers handier? And as well
as that, the turf supplies delivered
to the town must be discharged from
the lorries on the quay. There was
something wrong with the whole
system of turf delivered to Dungar-
van, and unless the people protested
against it nothing could be done. He
would ask their Deputies to bring
the matter up in the Dail and see

what was wrong. They were not all
fools in Dungarvan. Why must a
lorry travel 180 miles to and from
Dungarvan with turf? If Fuel Im-
porters are wrong then the Govern-
ment was wrong and they must be
condemned. Whether it was Fianna
Fail or a Fine Gael or any other
Government they must be con-
demned. He would ask again that
their Deputies from the Council bring
this before the Department and let
the Department explain what was
wrong. The country was run in a
muddle by politicians and he pro-
tested against it. There was turf
within 50 miles of the town and it
could be brought to the town.

Mr. Kelly pointed out that accord-
ing to Fuel Importers one merchant
had refused delivery of turf.
Mr. Kyne said that the lorries
which came with the turf must throw
the turf on the quay and then men
had to get to work overtime to
put it into the yard. The turf lor-
ries were too big to go into the yards.
The Clerk pointed out that accord-
ing to the communication from Fuel
Importers the lorries left at 3.30.
Mr. Kyne—I suggest that it is about
6.30 when they arrive and that is
after closing time, and men have to
work overtime at night and a quarter.
I suggest that employers should not
be victimised by the Government.

Continuing, Mr. Kyne said that he
understood that Fermoy and other
places had not turf either, so Turf
Importers were not doing their job.
Mr. Kelly said that in Fermoy they
had no turf for two weeks and they
were nearer to turf boxes than Dun-
garvan. It was surprising that turf
was not sent there when the beet
trains were off.
Mr. Kelly said that it was an extra
bad year on turf. In Kerry where
they get two crops it save them as
much as they could do to get in the
first crop.
Mr. Kyne—Why talk about build-
ing a wall around the country so, if
we cannot produce inside it?
The Chairman again expressed his

belief that a ration of coal could be
got in. He believed that one cwt. of
coal would be better than 10 cwt. of
turf. He did not agree with the cor-
respondence from Fuel Importers at
all. He agreed with Mr. Kyne about
the unloading of turf on the quay
because the lorries could not get
through the main gate. The best
thing was to write to these people
and protest against the quality of the
turf sent to Dungarvan.
The Clerk stated that he had re-
ceived replies from neighbouring
Councils to his query regarding the
condition of the turf in those places.
The replies were—Fermoy, position
very bad; Youghal—quite good, but
supplies inadequate; Clonmel—good
and dry.

Mr. Kyne said that in Youghal and
Clonmel it seemed to be all right, but
in Fermoy and Dungarvan it was rot-
ten. Who was wrong? He would
suggest that it was Fuel Importers.
Following further discussion it was
agreed that the Government be asked
to see that a ration of coal is made
for every family in Eire, that the
Deputies be asked to bring up in the
Dail the conditions of the turf sup-
plied to Dungarvan for the past two
months, and Fuel Importers be in-
formed that the Council did not as-
sist in their policy. Whether they could
be criticised for expressing by them in
correspondence to the Council.

COUNTY WATERFORD. COMMITTEE OF AGRICULTURE.
Premiums to Bulls 1947

THE County Waterford Committee of Agriculture invite applications from persons intending to compete for Premiums to Bulls under the Department in making selection in the year 1947.
The Department's Scheme for encouraging improvement in the breeds of cattle, 1947, and who are prepared to purchase such animals at any of the Spring Shows or Sales approved by the Department, in making selection the Committee shall have regard to the needs for securing the location of an adequate number of Bulls of the Shorthorn (including Dairy Shorthorn) Breed.
Towards this end the Committee shall allocate at least two-fifths of the available premiums to Bulls of this Breed, but of the total number of Premium Bulls of all ages to stand in the County for 1947, the proportion of Shortorns (including Dairy Shorthorn) Bulls must not be less than the corresponding proportion in the year 1946.
The Committee shall, if necessary, take other special steps as they may deem most effective to secure that at least this proportion of premiums is fully availed of.
Cow-Testing Associations and Co-operative Societies can compete for those Premiums.
Breeds of Bulls eligible for premiums and value of premiums:
(a) Pedigree Dairy Shorthorn entered in the Register—
(1) where both sire and dam are entered in the Register, and the dam and the sire have each a record of 7,500 lbs. or over of milk containing a calculated yield of not less than 280 lbs. of butterfat—£28.
(2) other cases (not coming under category (a) (1) above) where both sire and dam are entered in the register—£28.
(3) where the dam only is entered in the Register—£20.
(b) Non-pedigree Dairy Shorthorn entered in the Register—
(1) where both sire and dam are entered in the Register, and the dam and the sire have each a record of 7,500 lbs. or over of milk containing a calculated yield of not less than 280 lbs. of butterfat—£22.
(2) other cases (not coming under category (a) (1) above) where both sire and dam are entered in the register—£18.
(3) Pedigree Aberdeen Angus or Hereford—£15.
Each applicant for a Premium Bull must make a deposit of £25 with application.
Premiums will be considered unless accompanied by a deposit. The deposit will be returned to each purchaser of a Premium Bull.
Applications on Forms, which will be supplied for the purpose, must be duly filled up and returned not later than the 29th January, 1947.
D. HURLEY, Acting Secretary, Courthouse, Dungarvan.

WAKE UP YOUR LIVER BILE

WAKE UP YOUR LIVER BILE
Without Gallstones—and you'll jump out of bed into the morning full of vim and vigor!
The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your bowels will be constipated. You get constipated. Your whole system is poisoned and you feel sore, weak, and the world looks black.
Laxatives help a little, but a more powerful movement doesn't get at the cause. It takes these good old Carter's Little Liver Pills to get these two pints of bile flowing freely and make you feel up and up.
Harmless, gentle, and soothing to the bowels. Ask for them at your drug store. Beware of cheap imitations. Buy only the genuine.

Kilmacthomas Notes.

REQUISITION.
At both the 8.30 and 11 o'clock Masses in St. Anne's Church, Kilmacthomas, on Sunday last, prayers were requested for the eternal welfare of the souls of Martin Keane, Fahfuehagh and Hannah McKee. Both Kilmacthomas parishioners, the anniversary of whose respective deaths transpire about this time, and for whom Masses were said during the week.

SKILL REWARDED.
Daughter of deservedly popular Mr. and Mrs. J. O'Connell, Mr. J. Kilmacthomas, and a pupil of the local Mercy Convent, is Miss Anne O'Connell, whose name appears in the list of prize-winners published in connection with a crossword competition conducted by an Irish Sunday newspaper, and we are glad to congratulate the talented young lady on her success, and trust she is the forerunner of several others to follow in similar tests of skill.

COTTAGE PRIZE SCHEME AWARD.
Nice to note that highly respected Mr. John Kieley, Ballingroom, Kilmacthomas, has just been awarded a prize under the special scheme inaugurated by the Co. Waterford Committee of Agriculture for best piglet, cow, calf and cattie pig. This acknowledgment of Mr. Kieley's industry and neatness is worthily merited, and it goes without saying that the neighbours feel justly proud of him on his laudable achievement.

BRANDY BOMBAHON CHILD.
"What do you think will be the best to give me for Christmas?" A likeable Bombahon father tells with paternal gusto that it is how he was created by the baby of the family the other day. And we need not tell all the other fond parents of these parts how pleased and proud he was.

AN OUTSIDE VEGETABLE.
A parsnip unearthed in a garden in the Ballyneen locality last week weighed 3 lbs. 1 oz., which is probably the heaviest vegetable of the kind ever raised in the fair and fertile Co. Waterford.

WATERFORD HOUNDS.
Above met at Feddan's Cross on Tuesday, 10th inst., and amongst those out were the following: Laddy Waterford and Mr. Russell; Miss Lindsay; Sir Ernest Giff; Brigadier General D. Dunne; Lt. Col. Dawson; Lady K. Dawson; the Hon. Mrs. Cubitt; Miss Walker; Lt. Col. J. Slocum; Mr. de Vere Hunt; Mr. J. B. Clarke; Mr. J. O'Connell; Mr. T. Cheasty; Mr. N. Morrissey; Mr. Dowley; Mr. Shee and Capt. Ewye; Ballyneen Hounds. The first and hounds soon found, but it was a long time before the fox went away to provide the best turn of the season to date. Leaving the Kennel on the left, and with hardly a check for forty minutes, hounds raced to Park, to where Mr. O'Connell's fox was had from Mothel. The fox went away by Ballyneen, turned left-hand and on by Ballyneen, turned right-hand and on by Wood, then right-hand by Crehana Bog, to Crehana School, where he was lost. This was a fast turn of an hour.

A large following turned out to meet hounds at Kilmacthomas on Saturday, 14th inst. Amongst those seen were Mr. R. Russell, M.P.E.; Mrs. Russell, Mr. T. Gallwey, Major and Mrs. Dempsey; Mr. G. de Bromhead, Mrs. and Miss Morris; Mr. R. de Vere Hunt; Dr. J. O'Byrne; Brigadier-General Col. Dawson; Mr. N. Haley; Lady K. Dawson, and Miss Dawson. Ballyduff Wood was blank and the bog was cleared by the Eire In-guard away from Carriganua, and then turned back right-handed over main road, and by the Eire In-guard where nothing more could be done with this fox. A fox found in Kidamore went to ground under the road after about 15 minutes, and on being bolted was hunted over the railway and back into the covert, to ground in a rabbit-hole from where he was lured and killed. Another fox, found nearby, gave a short circle and was left. Scent was bad all day.

SPRING VALLEY HALL.
The youth and beauty of the room are again here reminded that the attraction here at St. Stephen's Night is a gala dance, commencing at 9 o'clock and winding up at 3 a.m. The music will be supplied by the popularly established Watersford Swing Staff Band, under the baton of "Busty" Griffin and featuring Tommy O'Brien (vocals) with amplification. The glamour and gaiety of the eagerly looked forward to affair will be heighted by the happy pair and well-wishers on both sides of the Mahon are delighted to see him looking in radium health and spirits.

HOLIDAYING.
The Rev. Michael Foley, Chaplain to the town, is in the island of Crete, is now enjoying a holiday in his native parish of Ballyneen, and the lovable young priest's many friends and well-wishers on both sides of the Mahon are delighted to see him looking in radium health and spirits.

JUST A MOMENT.
In this pre-Christmas-week number of your favourite weekly good reader, "Miss Hochte Fein" heartily wishes you all you wish yourself, a quiet happiness within, protection from without, and that peace that passeth understanding. May God bless you and yours.

COUNDELENCY.
Mid-Waterford friends of the late Mrs. Margaret Connors, widow, Clonca, Dungarvan (an account of whose disease appears elsewhere in this copy), sincerely sympathise with her veteran sons and daughter in their sad bereavement and loss, and pray the light of heaven to be gentle soul of the dear departed lady.

BY THE WAY.
"Lead me not into temptation," murmured a sweet old lady who was invited by two youngsters—maybe her grandchildren—to inspect one of those irresistibly alluring windows to be seen in Kilmac anow. She knew full well she yielded to a glance it would lead to the purchase of a gift. That of course is what the shopkeepers aim at, and window dressers who can invest their Christmas display to supply the wants of the pocket are worthy of the results they are wont to achieve. And spending money on Yuletide joys, even if it is in conflict with economic philosophy,

West Waterford News.

GREETINGS.
To all the readers of this column we wish a very happy Christmas and all that is best in life.

THE XMAS SEASON.
The signs of the new approach of Christmas are evident on all sides. The shops are gaily decorated, but seasonable fare is still scarce. During the past week the local Post Office handled a very big mail.

ST. STEPHEN'S DAY.
It is stated that, despite rumours to the contrary, the West Waterford Hunt will meet in Clashmore on St. Stephen's Day. It will, no doubt, be another big day in the historic village.

NEW YEAR'S NIGHT.
The chief attraction on New Year's Night will be the F.C.A. dance in Clashmore. This promises to be the event of the season, and a big attendance is expected. The talent of the function will be a splendid musical programme by Jerry Sutcliffe and his famous band. This is the first visit of the West Waterford of this combination; they have already played in various parts of Co. Cork for Agriculture for best piglet, cow, calf and cattie pig.

CLASHMORE "45" DRIVE.
All roads lead to Clashmore on Sunday night next, 22nd inst., for the big Xmas "45" drive, in aid of parochial funds. A big number of first rounds have already been played. First rounds will also be played on Sunday night, commencing at 6 o'clock, and the second rounds will commence about 8 o'clock. A ladies' committee will serve teas during the night. The drawing of prizes will be held on Saturday night. As already announced, the prizes offered are: 1, suit length 2; Xmas cake; 3, bottle of wine; 4, 100 lbs. of coal.

RURAL ELECTRIFICATION.
The F.C.A. (F.C.A. Council) recently visited the Ballyneen locality for the purpose of organising an F.C.A. unit, and a number of results presented themselves. The results of the visit will be placed before the public in the new year, when it is hoped a big number of recruits will be forthcoming. During the emergency period the Aglish West Waterford and won a number of prizes in the county High Mass competition. It is hoped that the F.C.A. unit will be forthwith opened.

POPULAR PRIEST BEREAVED.
Sincere sympathy is extended to Rev. Fr. Denis Slattery, C.C., Clashmore, by the recent bereavement occasioned by the death of his aunt, Mrs. Slattery.

LISMORE MAN WEDS.
Mrs. J. Church, Dungarvan, was recently the scene of a very pretty wedding when Miss Mary O'Sullivan, fourth daughter of Mr. and Mrs. O'Sullivan, Keating Street, Dungarvan, became the wife of Mr. Frank Geoghagan, fourth son of Mrs. Hannah Geoghagan and late Mr. Geoghagan, Glen Farm, Lisimore. The ceremony was performed by Rev. Canon O'Brien, P.P., V.F., Dungarvan. The bride, who looked very charming, was attended by her sister, Miss Ann O'Sullivan, and her bridesmaid, Miss Jack Walsh, Lisimore. A reception was subsequently held at the bride's home and the bride and groom were entertained. A member of a well-known and respected Lisimore family, the bridegroom is one of the most popular young men in the town, while his bride is also held in high regard in her native Dungarvan. When Mr. and Mrs. Geoghagan, who were the recipients of many valuable presents, later left for their honeymoon they carried with them the sincere wishes of a wide circle of friends for happiness and prosperity in the future.

ROAD IMPROVEMENTS.
The surfacing and tarring of Upper New Street and other roads in the vicinity of the town now nearing completion by the Co. Council is a much-needed improvement and greatly welcomed by the townspeople. The New Street, in particular, was badly in need of attention and being the direct line to the railway station for farmers west of the town, the surface was much improved. From continual carting, and besides, the cobblestone channels which were grass were impossible to keep clean and looked most unsightly.

BRITAIN SENDS US BARLEY.
The steamer Melotos arrived at Rosslare Harbour from Bristol this morning with a thousand tons of mature barley consigned to various Irish brewers. This is a portion of some ten thousand tons of barley which Britain has supplied Irish brewers in return for an increased allocation of stout and beer for Christmas.

ENOUGH.
It has its compensations. Of all the pleasures in life we do not think any pleasure can equal that derived from watching the face of a child on being presented with a new toy. For that and other reasons we hope that many will be led into temptation with the toys of the Christmas season freely and wisely.

TEMPERANCE HALL, Kilmacthomas.
The Temperance Fund Draw will place this (Friday) night.

TALLOW NOTES

OUTBREAK OF FIRE.
An outbreak of fire which occurred in a hayrick in the farmyard of Mr. Michael Geary, Knockour, in the early hours of Tuesday morning 16th December, was fortunately observed by Mrs. Geary before it had made much headway. Members of her family immediately sought assistance from the neighbouring farmsteads, which was readily forthcoming. Bold efforts were made by Mrs. Geary and those who came to render assistance to cope with the flames. Meanwhile a member of the family was dispatched to Tallow Auxiliary Fire Fighting Service for assistance, which in less than half an hour reached the scene of the conflagration at 7 a.m. Realising the possibility of the likelihood of the flames extending to straw rick and adjacent buildings, the officer in charge had the County Fire Brigade Headquarters at Dungarvan notified and requested assistance, and in approximately 55 minutes they arrived on the scene. Meantime the members of the Tallow Service, aided by the neighbouring farmers and farm labourers, had conveyed the fire engine and equipment to a stream in a glen a quarter of a mile distant from which the hose was connected and a copious flow of water was poured on the burning rick with good effect. On arrival of the county equipment under the County Fire Chief it immediately got into action, laying down half a mile of hose to a river bridge and directing the powerful flow of water achieved wonderful results, and the flames surrendered, but not before considerable damage was done. At this stage consultation was possible, and decision was taken to cut down the sides and ends of the rick so that the unburned portion of the hay that could be examined, and this resulted in uncovering a goodly portion of practically unburned straw. Due to the magnificent efforts of the volunteer fire fighters and Guards, plus the efficient service of the local and county fire fighting units, much valuable property was saved which may have otherwise been destroyed.

ANNIVERSARY REQUEM OFFICE AND HIGH MASS FOR THE REPOSE OF THE SOULS OF P.P. TALLOW.
Very Rev. M. Canon Walsh, P.P., Lisimore, presided at the Anniversary Requiem Office and High Mass celebrated at the Church of the Immaculate Conception, Tallow, for the repose of the souls of the late Very Rev. Wm. Kehoe, P.P. Rev. M. Condon, C.C., Tallow, was celebrant; Rev. J. Ayscough, C.C., Fenor (nephew), celebrant; Rev. Wm. Keating, C.C., Lisimore, sub-deacon; Very Rev. M. Heame, P.P., Tallow, and Rev. M. Condon, C.C., Lisimore, chanters. In the choir were—Very Rev. Wm. Heame, P.P., Tallow; Rev. D. McGrath, P.P., Knockanure; Rev. D. McGrath, P.P., Tallow; Rev. M. Condon, C.C., Tallow; Rev. J. Ayscough, C.C., Fenor; Rev. Wm. Keating, C.C., Lisimore; Rev. Wm. Keating, C.C., Lisimore; Rev. Wm. Keating, C.C., Lisimore; Rev. Wm. Keating, C.C., Lisimore. A very representative attendance of parishioners. R.I.P.

MONSTER 45 DRIVE.
The annual 45 drive promoted by the committee and held at the Temperance Hall on last Saturday night must have been one of the most successful. 212 prizes were on offer, which certainly was an incentive to all those who have the artistry of dealing with the pack. Extensive close play was evident from early on amongst the pairs, and enthusiasm was now and then expressed by periods of close play. Exceedingly close play was the order during the semi-final stages, and prior to the finals being played the committee was charged by the decision that all prizes be pooled and divided equally between the four pairs who had reached the distance, and this ended one of the best and most enjoyable 45 Drives promoted by the committee. The finalists and prize-winners were—Wm. Hogan, Kilmacthomas; Michael O'Connell, Ballyneen; Talbot; James Kelleher, Woodview, Curraglass, Co. Cork; Thomas Kelleher, Kilmacthomas; Co. Cork; John O'Connell, Lisimore; Jas. Duly, Parkdroda, Tallow; Robert Corbett, Ballycough, do.; Robert McNamea, Convent Street, do. Card holders will please note that on next Sunday night a special White Drive will be held at the Temperance Hall beginning at 8 o'clock.

GREETINGS.
Your correspondent desires to extend to all readers of the "Observer" hearty Christmas greetings and best wishes for their happiness during the festive season.

SUCCESS OF LOCAL PUPIL.
A recent meeting of the County Waterford Branch of the National Society for Prevention of Cruelty to Animals at which Lady Susan Dawson (President) presided, it was unanimously decided to award the Special Prize offered by the Branch for the Best Essay on "Kindness to Animals" to Miss Mary Ryan (13 years), eldest daughter of Mr. and Mrs. P. Ryan, pupil of Tallow Girls' National School. The competition was open to all schools in the City and County of Waterford. At the request of Lady Dawson, Very Rev. Fr. Heame, P.P., presented the prize cheque of £2 to Miss Ryan at the schools, and congratulating her on her success, said that she had set a very fine example which all the pupils in the higher classes should try to emulate. He also complimented the teachers—Miss Herbert (Principal), Miss Hodnett and Mrs. Walsh, assistants, on the meritorious achievement of their outstanding pupil.

FELICITATIONS.
The Committee of Tallow Lawn Tennis Club extends Christmas greetings to all old friends and patrons of their annual dance, and look forward to the pleasure of extending additional greetings and good wishes on New Year's Night at their annual dance in the Regal Ballroom, which will be on for a very auspicious occasion. For further particulars see advt. in this week's "Observer."

ENOUGH CINDERELLA.
Sponsored by the Ballyneen Post-Office Base Committee and held at the Regal Ballroom on Wednesday night week, one of the most enjoyable and successful of the season was the party; fully well attended and the large company present were studied beyond measure by the delightful programme of the members served up by the ever popular Brie-side (sister) band, which included many fine numbers and other outstanding numbers.

Discussions At Dungarvan Urban Council Meeting

DREDGING OF HARBOUR Park Terrace Water Supply Grant For Sea Wall.

Mr. McCarthy, chairman, presided at the meeting of the Urban District Council on last Friday night. Also present—Messrs. T. A. Kyne, L. Veale and N. Kelly. Mr. P. Walsh, S.S.O., and Mr. E. Deery, Clerk, were also present.

Following further discussion a notice of motion was handed in by Mr. Kyne that the Manager be asked to acquire the Boshenaw sites for the purposes of the Council.

Mr. Kyne—My information is that he has dropped the case and has taken other land.

Mr. Kyne—Not alone do I object to building a wall, which, it was stated, would cost £500.

Mr. Kyne—My point is we should learn by the lessons of the future in our housing schemes.

Mr. Kyne—We're not dealing with that tonight. Mr. Kyne suggested to the Manager that in future housing schemes this be included.

Mr. Kelly said that he believed that Miss Christopher had suffered a lot. He agreed with Mr. Kyne that a wall should be built on the site.

Mr. Kelly said that he believed that Miss Christopher had suffered a lot. He agreed with Mr. Kyne that a wall should be built on the site.

Mr. Kyne said that he had had communication from three owners of the land at Boshenaw.

Mr. Kyne—I think the Council have no objection to that.

Mr. Kyne—Well, I don't believe it, I remember when the tenants were blamed for removing railings at Loughmore and they never took them away.

Mr. Kyne said that he had had communication from three owners of the land at Boshenaw.

How To Get Rid of Rat and Mice Menace.

Method to be Explained at Public Meeting. Urban Council Calls for Co-operation of Townspeople.

After hearing Mr. P. Walsh, Sanitary Officer, speak of the necessity for the destruction of rats and mice in the town, the Dungarvan Urban District Council at their meeting on last Friday night (Mr. T. McCarthy presiding) agreed to call a public meeting under the auspices of the Council, early in the new year, at which Mr. Walsh will explain the methods to be used to get rid of these vermin.

After stating at the outset that the Department wanted to know what action was being taken for the destruction of the vermin, and pointing out that the Council was responsible for the carrying out of the Act, Mr. Walsh explained that there were two methods that could be adopted, the best one being the holding of a public meeting at the Town Hall, under the auspices of the Council, at which he could explain to the people how to get rid of the rats.

In bakeries there was no good in laying poison for them, because there was plenty of food in such places for them. The best method was to pre-bait, that was to bait a rat with a certain place for three days so that the rat would accustom himself to it; then on the fourth day to poison the bait. This method presented the widespread distribution of poison. Mr. Walsh added that all this could be explained more fully at a public meeting.

The Chairman asked if a public meeting would be necessary. He was of opinion that they could have a special meeting of the Council where this could be discussed and explained. Mr. Walsh—What I want is a co-operative effort by everybody.

Mr. Kyne said that what he wanted was a public meeting under the auspices of the Council so that the people could be educated in the way to destroy rats. It was no use in one person trying to get rid of them in his house; there was no hope that all the rats would be killed, because some of them could go into a building next door. They should have a "rat-destruction week."

Mr. Walsh said that if a public meeting were held at which their Chairman would preside it would give the thing the necessary "umph" the people saw that the "City Fathers" were sponsoring it.

Mr. Kyne said he thoroughly agreed with what Mr. Walsh had stated. Every member should throw in his weight behind this and get rid of the rat. It was the job of Mr. Walsh's job to see that the vermin were destroyed, and he (Mr. Walsh) was doing the job well. He (Mr. Kyne) wanted to give him every assistance and he thought that a public meeting should be called and attended by the members and their Chairman.

It was unanimously agreed to hold a public meeting after Christmas.

COMPENSATION TO BEET GROWERS. A meeting between the Sugar Co. and the Beet Growers Association.

That the sum of 7/6 per ton be paid to the price payable under the best contract to growers this year in respect of beet to be delivered or beet already delivered but not tested for sugar content.

This compensation was granted on account of deterioration of beet (loss of weight and sugar content), for extra labour stored and for increased freight charges brought about by increased tare in respect of beet not yet pulled, caused by the recent stoppage of work at the company's factories.

It is estimated that the compensation granted to growers will cost the company approximately £25,000 equivalent to £3 per acre on an 8-ton crop.

The company also submitted their price offer for the 1947 crop, and we understand it will be considered by the Board and the Council of the Beet Growers' Association this week.

Reports from many parts of the world this week support the view that more grain has been grown in the world this season than the world can eat.

If Argentine's growing maize crop comes through the present Argentine grain will be hunting for buyers. The now famous calculation of the International Emergency Food Council is that the world is in need of 10,000,000 tons of food grain—creating a "sell-off" for which which was costly to Britain as a world buyer—has clearly collapsed.

World production, too, has increased by 5,000,000 tons over the season. Production is not quite enough for world demand, but is more than half-way back to pre-war level, which was too high.
