### Aone in Boat with Eight Dead Men Polish Sailor's Shocking Ordeal

The first authentic account of the loss of the collier "Ary," which foundered near the Tuskar lighthouse on a voyage from Port Talbot, Glamorgan, Wales, to Waterford with a cargo of coal for the C.I.E. on Saturday night, February 8th, was exclusively told to our reporter at the Dungarvan Hospital by, it is believed, the sole survivor, Jan Borucki (10), a native of Poland. His story of the sinking of the ship, how he, with eight other members of the crew, took to one of the ship's lifeboats, and how all the men perished in the arctic and stormy weather subsequently, make it a truly pitiful and grim one. Borucki, who is a Catholic and unmarried, was washed ashore in the lifeboat near Mine Head on Wednesday morning of last week. Staggering out of the boat, he was confronted with high cliffs that rise almost sheer from the beach, and although suffering from severe frostbite to his hands and legs, and in a near state of collapse from his three and a half days' grim ordeal in the lifeboat, he immediately started to climb the cliffs.

### How Welsh Collier Foundered. Survivor's Story Told in Dungarvan Hospital.

**Superhuman Climb.**  
How he managed to scale up the steep sides is a mystery, as it would tax the strength of any normal able-bodied man. And not alone did it require strength but also courage—courage that alone is born of desperation and the will to live. Such desperate courage is this man possess; for there is nothing else to account for his superhuman climb on the cliffs. Staggering along half-delirious and only partly clothed, he eventually reached the farmhouse of Mr. C. Hourigan, where he was immediately cared for and taken to Dungarvan Hospital. For the first few days his condition was very grave, but he won through, and to-day, though he is still suffering from the effects of his terrible ordeal, he continues to make good progress. He is being attended to by Drs. McCarthy and O'Sullivan, who are attached to the hospital, and after transfusions and special treatment, his condition is improving. It is regretted, however, that the gangrene to his two feet will necessitate surgical treatment.

**Coal For Waterford.**  
When our reporter saw him in the hospital last Thursday week he was surprised at the wonderful progress he had made, which is indeed a tribute to the skill and ability of our local medical staff. Dr. McCarthy and the nursing staff of the institution. It is fine sturdy and muscular type of young man, Borucki has a fair knowledge of English and was able to give our reporter a vivid account of his harrowing experience. He said he was born in Poland in 1927, was an A.B. (able-bodied sailor), and joined the "Ary" in 1946. The ship left Port Talbot, Glamorgan, on Saturday morning, February 8th, with a cargo of coal for Waterford. About 10 o'clock on Saturday night the ship started to list to port and the captain ordered water pumped into the starboard side to right the ship. The efforts of the crew to do this were unsuccessful. At midnight when the ship was on the point of sinking the crew took to the boats.

**Nothing to Steer Boat.**  
"I went in the port lifeboat," he continued, "and with me were the mate, the second engineer, two Welsh firemen, a Spanish fireman, the steward, the cook and a Spanish sailor. We were not long in the boat when we saw the ship sink about 100 yards away from us. I don't know what happened to the other boat or if it got away from the sinking ship."

**KILMATHOMAS COURT**  
There was a brief sitting of the usual monthly District Court at Kilmathomas, on Wednesday of this week (before Mr. F. McCabe, D.J., Waterford). As the defendant had not put in the appearance, the Justice adjourned for one month the case in which Bridget Kearns of Ballinacasta, Kill, is charged by the State with the offence of fowl to wit, a cockerel (valued 15s.), the property of a neighbour, Ed. Fitzgerald, and a charge is being brought by the Attorney-General, at the suit of Supt. P. Doyle, G.S., Tralee.

**YOUTH'S JOY-RIDE.**  
A youth named James Butler, of Rathmadden, Kilmathomas, was charged by the Attorney-General, at the suit of Supt. P. Doyle, G.S., Tralee, with the offence of driving an alleged illegal removal of a motor car (the property of Mr. Wm. Power) from Rathmadden on the 1st ult. Mr. T. Kiersey, Solr., admitted the offence on behalf of his client, the defendant. The Supt. said that on the date in question defendant's father, Mr. Wm. Power (who had parked his car outside) as a visitor to the house. While the owner was inside, young

### WHISKEY SUPPLIES FOR 1947.

OWING to the exhaustion of pre-war stocks and the curtailment in the distilling industry since 1939, whiskey supplies will be at their lowest this year. Already most of the Wholesale houses have reduced their customers' quotas, in some cases by as much as 50 per cent.

While we hope to maintain our customers' quotas as far as possible, we must ask the patient indulgence of our many customers if we cannot give them as much Whiskey this year as we would like to.

We hope the position will be very much improved early in next year.

### "The Whiteheaded Boy" Death of Mrs. B. Early, CAPPAGH.

We regret to record the death of the above popular lady, which occurred on Friday, February 14th inst. Mrs. B. Early, level crossing gatekeeper at Cappagh, the deceased was most popular and obliging. We heard the people calling not alone by the members of her family but by a big circle of friends.

The funeral, which took place to Ballinacasta Church on Saturday evening, was very large and representative of every family throughout the surrounding district. The coffin on arrival was received and blessed by the Rev. J. Murphy, C.C., and escorted into the church where it lay in state. Following the celebration of Mass on Sunday, interment was made in the adjoining cemetery in the presence of innumerable relatives and friends of the departed.

The immediate family mourners were—Mr. Pat. Early (husband); Michael, Jim and John (sons); Marie and Peggy (daughters); Pat. Early (grandson); Mrs. M. Deane (daughter-in-law); Mr. Morrissey and Kevin Egan (sons-in-law).

### DUNGARVAN MAN'S WILL IN HIGH COURT.

The last will, dated 3rd March, 1946, of James Dunne, Devonshire Street, Dungarvan, who died on 8th March, 1947, and which was valued at about £9,000, was admitted to probate in solemn form by Mr. Justice Davitt, in the High Court, Dublin, on Monday last, after testamentary proceedings in the County Court, Dungarvan, County Wick, had drawn out opposition.

Nicholas A. Kelly and Michael J. Kelly, Devonshire Arms Hotel, Dungarvan, acted as executors, to have the will established, and Mr. Dunne had pleaded the usual three statutory grounds.

**Slabh gCua Jottings.**  
Annual Meeting.—The annual general meeting of the Slabh gCua Hurling and Football Club was held recently in Tournarena. A very large gathering of the youth of the parish was present and the junior football team, a junior hurling team and a minor football team, were held strong throughout the evening. The three captains are—Football, Thos. Power; hurling, Paddy Hearne; and minor football, Vin Martin. It was decided to hold a 45 drive in aid of above in the near future.

tasks with smooth efficiency. Mr. Joe O'Leary, an efficient and courteous hall superintendent. And to the "principal man behind the scenes"—Mr. H. O'Hara—who produced the play no praise could be adequately given to describe the excellence of his work.

Has well take the Dungarvan Orchestra, played selections of light music in their usual pleasing and effective manner.

### Late Mr. Wm. O'Meara, Former Town Clerk.

It is with deep regret that we announce the death of Mr. William O'Meara, former Town Clerk of Dungarvan, at his residence, Mitchell Street, on Saturday of last week. He had been ill for only a few days, and his passing came as a great shock to his family and the people of the town generally. He was father of Rev. Mce. O'Meara, C.C., Modeligo, and Mr. M. O'Meara, rate collector, Dungarvan.

Mr. O'Meara, who before his appointment to the office of Town Clerk 25 years ago, was rate collector, and retired from the service of the Council three years ago. A man with a wide knowledge of local government affairs, he showed a sound administrative ability that made him eminently fitted for the office he held. Under his skillful and careful guidance the affairs of the Council were carried on with a smooth and orderly efficiency, and ample proof of this was given by the glowing tributes that Local Government auditors always paid him in their reports. He was at all times courteous and considerate to the officers under his management, and his Council members were always harmonious and cordial. To the Press, who often had to seek his assistance in the course of their duties, he was always courteous and obliging and gave them every facility in their reportorial work.

The remains were removed to St. Mary's Parish Church on Sunday evening and were followed by a large concourse of people, which included representatives of various bodies (including the Dungarvan Urban District Council).

The interment took place following Office and High Mass on Monday morning in the presence of another large and representative gathering.

**Week-end of Stark Tragedy.**  
**Bodies Washed Ashore at Youghal and Ardmore**  
(From Our Youghal Correspondent)  
One of the greatest tragedies which living memory occurred in the locality during the past week-end when twelve members of the ill-fated crew of the s.s. "Ary" were washed ashore between Ballymacoda and Ardmore at various points. The first body to be recovered was taken out of the sea at Ardmore earlier in the week, but on Saturday and Sunday the bodies were washed ashore practically en masse.

On Saturday at 3.15 Garda J. McAleer found the body of Stefan Fallicki on Ardmore Strand, and while he was removing it the body of William James Fisher was washed ashore.

The first body to be washed ashore at Youghal was discovered in the Market Square Dock about 8.50 a.m. on Sunday by Mr. John O'Brien, Sarafield's Terrace, while enjoying a short walk after first Mass. Stepping over the quay he saw the body of a man lying face downward in the mud. He immediately reported the matter to Garda Ruane who was on duty at the Garda Station. Garda Ruane accompanied him back to the dock, then returned to report the matter to Sergeant O'Beirne who immediately went to the scene and with the assistance of Mr. O'Brien, placed the body on a stretcher which was hoisted to the quay and taken to the Fire Station. Papers on the body disclosed that the deceased was H. Nugs, seaman, amongst them was a receipt for a passenger air ticket dated December 22, 1946, from Loughborough, China, to California, U.S.A.

**Week-end of Stark Tragedy.**  
**Bodies Washed Ashore at Youghal and Ardmore**  
(From Our Youghal Correspondent)  
On the same afternoon at 4 o'clock another body was discovered at Ring Strand, Ballymacoda, but no documents could be discovered on it for identity purposes. Two other unidentified bodies were washed ashore at this point at 5.30 p.m. Those three bodies were removed to the Youghal Fire Station by Sgt. C. Eddie. Killeigh.

Meantime the Ardmore Gardai were also having a busy period. At 2.30 p.m. on Sunday the body of Edward Kolk was found at Carthy's Cove, Monasterevin. He was a Spaniard born in 1906 at Seville. On him were found three discharge certificates, 435 lbs. in English notes and a number of foreign currency notes. At 10.45 p.m. on Sunday the body of Alexander Malm, as Estonian, was found. He was 71 years, married and was first engineer.

In addition to holding two inquests it was decided to hold one at Ardmore to cover all the bodies; and on Tuesday at 2 p.m. the bodies at Youghal were removed to Ardmore. In the morning the Catholic burial service was conducted in the Fire Station by Rev. R. Thornhill over the bodies which were assumed to be Catholics. Dr. D. T. McCarthy, Coroner for West Waterford, arrived shortly before 4 p.m. to hold the inquest, accompanied by Dr. M. O'Sullivan, Dungarvan, Dr. Catherine Foley, Ardmore and Supt. O'Mahony, Dungarvan, he first inspected the bodies and then proceeded to Rooney's where the inquest was held.

### CORRESPONDENCE

**CONTINENTAL ACADEMIC SOCIETIES.**  
The Editor, "Dungarvan Observer."  
Dear Sir,—The Irish students in the University of Freiburg have undertaken the revival of the Academic Society, "Hibernia." This society was founded in 1932 and was duly recognised by the governing body of the University. Through lack of members it had to cease activities during the war.

The importance of this revival may not be grasped immediately by those who do not know of the important part played by Academic Societies in the life of a Continental University. These societies group together the students of the various nations and it is through its society that each nation has official representation at all University functions. At present there are over twenty such societies in the University. Our predecessors here realised—as perhaps only those who leave Ireland realise—the need for such representation for our country. Thanks to their patriotism and enterprise, "Hibernia" came into being. Its record during the years that followed is one of which we Irishmen are proud. It did much towards the obtaining of a more just appreciation of Ireland and the Irish in this international centre.

The need for such a society continues. It has, in fact, been accentuated in recent years by a war propaganda, which, where Ireland was concerned, was none too exact in its adherence to truth. We feel that we should be falling in our duty to Ireland if we did not continue the work begun by our predecessors by those who have gone before us.

The society, however, must necessarily find its activity limited and hampered under present conditions, and in this matter we rely to a large extent on the generosity of friends in Ireland. We appeal to our colleagues, who are needed for the publication of the Society's Annals, for the participation in the various social functions of the University, for the organisation of conferences, etc. It would be regrettable if we were to fall simply through lack of money in a work which can do so much good for Ireland.

**DUNGARVAN URBAN DISTRICT COUNCIL.**  
**FIREWOOD FUND.**  
A Special Meeting held last night between the Urban Council and representatives of the Parish Council and Merchants of the town, it was decided to open a Fund for the distribution of firewood to needy persons and others in the town. The Scheme will be operated by the Parish Council, the Chairman of which, the Rev. T. Canon O'Brien, P.P., has very generously contributed £100.

APPRENTICES W DISCUSSED

Very Rev. T. Canon O'Brien, Chairman, presided monthly meeting of the County Vocational Education Committee at Sgoil na Gaeil, Dungarvan, last Monday. Also present: Mr. Butler, Messrs. M. McGoghlan, M. Harty, T. A. Vesie, M. H. O'Hara, Morrissey, T.D., Very Rev. Fr. Scanlon, Mr. J. Lanigan, C.E.O.

Scholarships and. A letter from the Department stated that a scholarship for the purpose of supplementing was early years of apprenticeship not regarded as coming under the provision of the Vocational Education Act, 1930, and could, therefore, be approved. Such which may be established in 1948 must be subject to the general powers of the Committee in relation to the supply of not university education, but technical education as laid down in Sections 34 and 35 of the Act.

The C.E.O. explained that the old Act which understood could carry on but from the men's reading of the Act that not. The Department's decision was that the money spent only for education as a wage.

The Rev. Chairman asked scholarships they did apply if they applied to the scholars had given.

The C.E.O. said that the County did not give wages with their ships; they gave maintenance allowances. They did not give a ship to a boy to be apprentice and joinery. The C.E.O. queried the relative section of the Act applicable to scholars.

The C.E.O. added that the ship holder he had mentioned at the Glue Factory but not any other. Very Rev. Fr. Scanlon said that the work. The Factory offered an apprentice.

Mr. Kyrne—What wages did the C.E.O.—I don't think money; he was only there to see Mr. Kyrne—I'm not asking wages here? I don't ask wages he got.

Mr. Morrissey, T.D.—Was offer before the Committee. C.E.O.—Yes. Mr. Kyrne—This is on the and I suggest that all the other Mr. Morrissey—I think I know Glue Leather Factory as well Glue Factory offered to take.

Mr. Kyrne—I am interested I want to know what wage (wages) in excellent in the fruit and vegetable gardens, and pasture. Vacant positions.

Proposed Technical School for Kilmacthomas

APPRENTICES' WAGES DISCUSSED.

Very Rev. T. Canon O'Brien, P.P., V.F., Chairman, presided at the monthly meeting of the Co. Waterford Vocational Education Committee at Scull na gCiar, Dungarvan, on last Monday. Also present; Senator J. Butler; Messrs. M. McGrath, D. Coghlan, M. Hartly, T. A. Kyne, L. A. Vesin, M. O'Hara, E. A. Morrissey, T.D.; Very Rev. Dr. Curtis and Mr. J. Lanigan, C.E.O.

Scholarships and Wages

A letter from the Department stated that a scholarship for the purpose of supplementing wages in the early years of apprenticeship could not be regarded as coming within the provision of the Vocational Education Act, 1930, and could not, therefore, be approved.

The Rev. Chairman asked what scholarships they did apply to and if they applied to the scholarships they had given.

The C.E.O. stated that the Committee did not give wages for their apprentices; they gave maintenance allowances. They did give a scholarship to a boy to be apprenticed to carpentry and joinery.

Mr. Kyne—There is no reason why they should not attend at 8 o'clock. I agree with the C.E.O. that it is affecting the classes because they are working more hours than laid down by the law.

Mr. McGrath—If there was a power machine here, would that make the girls any more proficient? Mr. Kyne—Not at all.

Mr. McGrath—Did not Mr. Cullen get the position when Mr. Millea went out on pension?

Mr. Kyne—Yes. Mr. McGrath—When Mr. Cullen has gone out now there is still a vacancy.

Mr. Kyne—I'm not questioning that at all. Was it advertised? Senator Butler—It was advertised and Mr. Cullen was appointed to one position and Mr. Fahy to the other.

Mr. McGrath—There is work for another man now. Mr. McGrath—Wasn't there a letter from the Department saying that they could give no more time to Mr. Cullen to qualify, and didn't the Department ask the Department to give him more time to qualify?

Mr. McGrath—Who was put in his place? Mr. McGrath—There is no work at present for a man in his place.

Mr. McGrath—I think a person has been slipped in in his place—that's my feeling about it. After the C.E.O. had told the meeting that a letter had been received from Padraig O Fionnghusa, Irish Teacher, Mr. McGrath held that it should be regarded as an application for the position which Mr. Cullen had vacated.

Mr. McGrath—But in his area he can only do 12 hours a week. Mr. McGrath—Has he the Certificate? Mr. McGrath—He has the Timshre Gaedle certificate.

Mr. McGrath—I think we should seriously entertain this application. Mr. Morrissey—Is there any vacancy? Mr. McGrath—There's bound to be when Mr. Cullen has gone.

Mr. McGrath—Very well. The C.E.O. again pointed out that he could not find work for a whole-time teacher.

partment, approving of the purchase of one sewing machine for use in Dungarvan School, the C.E.O. said that the girls who were being trained were being taken away to the Bag and Glove Factory from the school before they were trained at all. If there was a power machine in the school the girls could be better trained.

Senator Butler—I'm in my opinion that it's all wrong. We are only training them for a certain purpose. C.E.O.—They only do it for a part of the time. They attend the cookery classes at other classes also.

Senator Butler—I prefer that they use the hand machine. C.E.O.—We have a hand machine. Mr. Morrissey, T.D.—I see no reason why there should not be a power machine. This is a small industry that has been started in the town and they should be facilitated.

Senator Butler—The people in the industry could train them themselves. Replying to Mr. Kyne, the C.E.O. said that they were not paid by the Committee.

Mr. Morrissey, T.D., said that the point was that they would be helping a small industry here in Dungarvan. They all knew that the Irish industries had kept the country going through the emergency. A power machine would be very useful in the school. There was no reason why one should not be there; and if girls were trained they might get jobs not alone in Dungarvan but in other places.

To a question by Rev. Dr. Curtis, Mr. Kyne said that the ages of the girls in the factory were from 14 to 18 and were paid 10/- a week. Chairman—There are a number going there from the National Schools also.

Mr. Kyne—10/- a week is a criminal wage to give and I hope that after to-night when I am to meet the employees that it will be considerably more than that. C.E.O.—It is affecting the classes here too.

Mr. Kyne—There is no reason why they should not attend at 8 o'clock. I agree with the C.E.O. that it is affecting the classes because they are working more hours than laid down by the law.

Mr. McGrath—If there was a power machine here, would that make the girls any more proficient? Mr. Kyne—Not at all.

Mr. McGrath—Did not Mr. Cullen get the position when Mr. Millea went out on pension?

Mr. Kyne—Yes. Mr. McGrath—When Mr. Cullen has gone out now there is still a vacancy.

Mr. Kyne—I'm not questioning that at all. Was it advertised? Senator Butler—It was advertised and Mr. Cullen was appointed to one position and Mr. Fahy to the other.

Mr. McGrath—There is work for another man now. Mr. McGrath—Wasn't there a letter from the Department saying that they could give no more time to Mr. Cullen to qualify, and didn't the Department ask the Department to give him more time to qualify?

Mr. McGrath—Who was put in his place? Mr. McGrath—There is no work at present for a man in his place.

Mr. McGrath—I think a person has been slipped in in his place—that's my feeling about it. After the C.E.O. had told the meeting that a letter had been received from Padraig O Fionnghusa, Irish Teacher, Mr. McGrath held that it should be regarded as an application for the position which Mr. Cullen had vacated.

Mr. McGrath—But in his area he can only do 12 hours a week. Mr. McGrath—Has he the Certificate? Mr. McGrath—He has the Timshre Gaedle certificate.

Mr. McGrath—I think we should seriously entertain this application. Mr. Morrissey—Is there any vacancy? Mr. McGrath—There's bound to be when Mr. Cullen has gone.

There's what the recruits have to say—

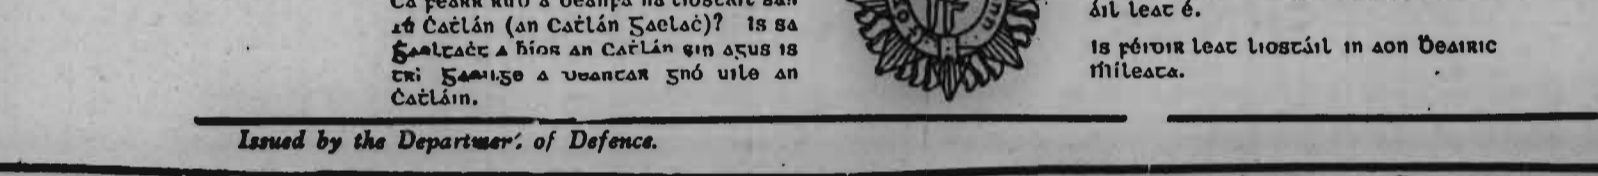

"I LIKE THE PAY" The new rates pay of a recruit on joining is 4/- per week. After five years' service a soldier gets an additional 3/6 per week. On leaving the Army after completing his full term of 21 years he gets a pension.

"I LIKE THE FOOD" Food in the Army is good. Menus are varied and meals are well cooked.

"I HAVE LOTS OF LEISURE" All work and no play? There is plenty of time off for leisure, for study and for "civvies" four evenings a week, vouchers to the soldier's Home.

"I FIND IT'S A HEALTHY LIFE" Army life is a healthy one. Proper meals, plenty of fresh air and exercise, games of choice, a varied occupation—all go to build up that physical (and mental) fitness which is the soldier's life.

"I'M WORKING AT MY TRADE" In the Army every soldier employed at his trade. If he is not a tradesman he will be given specialised training to fit him for his job in the Corps of his choice.

Issued by the Department of Defence.

classes were at present suspended in three centres in East Waterford. Mr. Kyne—in view of this I suggest there is work for a man.

Senator Butler thought the whole Committee should have something to say on the matter before it would be recommended to the sub-committee.

Mr. Hartly said that he was not opposed to the building of the schools but the Co. Council had enough expenditure to meet already without this. He understood that there were loan charges on £450,000 on the Co. Council.

Mr. Kyne suggested that they should not adhere to the views of the Co. Council of any other committee but take it on their own responsibility; and if they fell foul of the people who voted them in, well, it would be their own fault.

Senator Butler said that he wished to make his position clear. This question had been before the Co. Council on two occasions and by a majority of the Council the request for a grant was refused.

Mr. Kyne said that if they wanted social services they should pay for them. He would never be a party to asking for something for which he was not prepared to pay.

## SOCIAL LETTER

### MOST REV. DR. COHALAN. LENTEN PASTORAL

Here under we give the text of the Lenten Pastoral, for the Diocese of Waterford and Lismore—

#### First Great Religious Mission.

Very Rev. and Rev. Fathers and Dear Brethren—The first great religious mission entrusted to men took place when Our Lord, a little while before His Ascension, sent the Apostles to the whole world to all peoples, all nations and all times, to proclaim His Gospel and to continue His work of Redemption. Here are the words of the text which He gave this mission: "And Jesus coming spoke to them, saying: All power is given to Me in Heaven and on earth. Going, therefore, teach ye all nations, baptizing them in the name of the Father and of the Son and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you, and behold, I am with you all days even to the consummation of the world" (Matt. 28. 16).

These are the words of Jesus Christ by which He sent forth the Apostles and founded the Church. They are words of great importance because they show the divine constitution of the Church, how it was founded by Jesus Christ on the Apostles and their successors to whom a special authority and promise were given. These words do not pass away; they ring round the world down through the centuries. They conquer space and time, spirit and matter, because they are the words of God Incarnate. The visible bodily presence of Jesus Christ on this earth ceased when He ascended into Heaven, but the Church continues His saving work. We have still in the world the Voice of Christ, the Hand of Christ, and we have the Sacrament of Christ. For the Voice of the Church, which declares to us Christ's revealed doctrine and explains and defends it, is the continuation of the Voice of Christ. Again the Sacraments which are the Body and Blood of Christ, the Body and Blood of the Church in the Sacraments which is raised over the high and the low, the weak and the strong, and whose touch and kiss are poured into the spiritual and immortal soul, pouring in grace and holiness and strength that Hand is the Hand of Christ. Finally, upon the Catholic altar the Sacred Heart of the Victim of Calvary lifts up its stupendous Act of expiation and intercession in our behalf, and thus the Good Shepherd provided in His Church for the chair of teaching, the infallible doctrine, for the altar of sacrifice and for the fountains of grace through the Sacraments.

#### Excellent Work of Church.

See the Church spread through every land dispensing with the truth and the grace of Christ; preaching the Gospel of life, leading men to justice, truth and sanctity. See her bishops and priests offering sacrifice for sin; ministering the sacraments through which the grace of Christ is given to lead men to sanctity; preaching love and justice; preaching the law of God, which alone is the firm foundation of human rights, of order and order. See the Church in countless schools and colleges teaching the way of truth and purity; in countless hospitals and institutions attending to the sick, the orphans and the dying; in countless monasteries and convents offering up the multitude and prayer and reparation for the sins of men.

#### Meets Full Onslaught of Enemy.

The Catholic Church has been nine hundred years in the world, and all that time she has been doing battle in the best, most persevering way in the cause of the human race, the unflinching champion of the rights of God and the rights of man. To-day at this very hour, she meets the full onslaught of the enemy in Yugoslavia, Poland and in Eastern Europe generally; but as she was given the right to proclaim Christ, so she was given the courage and strength to suffer and to die for Him, and she has done so. She has done so to the utter and to the end of the world. She has done so to the utter and to the end of the world. She has done so to the utter and to the end of the world.

#### Church—Home of Sacred Truths.

God might have communicated to us heavenly truths without telling us that they came from Him, as it is commonly thought that He has done in the case of heathen nations; but Our Lord Jesus Christ willed His Gospel teaching to be a revelation acknowledged and authenticated; to be public, fixed and permanent; and accordingly He founded the Church to be its home, its instrument and its guarantee. The rulers of the Church are the trustees of the sacred truths which He spoke to the Apostles by word of mouth. As He was leaving them, He gave them their great commission and bade them "teach" their converts all over the earth, "to observe all things whatsoever He had commanded them," and there He added: "Lo, I am with you all days, even to the end of the world." Here, He told them to "teach" His revealed Truth; next, "to the end of the world"; thirdly, for their encouragement, He said that He would be with them "all days," all along, on every emergency or occasion, until that consummation. The Apostles had a duty put upon them of teaching their Master's words, a duty which they could not fulfil perfectly, He promised to be with them in their performance of it. Nor did that promise of supernatural help end with the Apostles. He added: "I will be with you to the consummation of the world," implying that the Apostles would have successors, and signifying that His promise to be with those successors, as He has been with them. St. Paul calls the Church "the pillar and the ground of the Truth"; and he bids the Corinthians, Timothy, when he had become a ruler in that Church, "to take heed unto his doctrine, to keep the deposit of the faith, and to commit the things which he had heard from himself, to faithful men who will be able to teach others."

#### Intervention of Creator in Human Affairs.

Some 1947 years ago it was the blessed and loving will of the Most High God to intervene in human affairs. This was brought about by the Incarnation of the Eternal Son of God. It was the coming into this world, as the child of a Virgin mother, of the Second Person of the Blessed Trinity. With a loud ringing of bells, three times a day, the Church brings to our attention this fact of the Incarnation. "The Angel of the Lord declared unto Mary, and she conceived of the Holy Ghost. And the Word was made flesh and dwelt amongst us." And in the prayer which follows, we have the impor-
