WEST WATERFORD NEWS.

Clashmore F.C.A.—On Tuesday evening of last week a section of the Clashmore ("B" Coy.) F.C.A. were tested for the battalion competition. The test was carried out by officers of the battalion staff. The members of the section (who proved themselves very efficient, especially at foot and arms drill) were: Lieut. C. Curran, Cpl. E. Lombard, Cpl. W. Lennon, Volunteers J. Barron, J. Treacey, T. Bransfield, J. Moloney, T. Fitzgerald, T. Lennon, M. Baker, J. Baker, M. Mullaney, R. Russell, P. Bagge, and F. Lennon. Subsequently an officer of the battalion staff congratulated them on their smart appearance and soldierly bearing, and complimented them on their general efficiency.

Clashmore Priest Home.—Home on holidays at present is Very Rev. Fr. E. Hannon, California. Prior to his ordination Fr. Hannon was a leading member of the Clashmore senior football team and the Waterford county senior football team. His many friends are pleased to see him in excellent health.

Corpus Christi Procession.—The annual Corpus Christi procession was held at Clashmore and the people of the parish made it the occasion of a great public demonstration of loyalty to the faith and devotion to the Most Blessed Sacrament. The whole route of the procession was beautifully and tastefully decorated with bunting, flags, flowers, evergreens, while a number of shrines were also erected. Following Mass the procession left the Parish Church and proceeded to the village. The Sacred Host was carried under the canopy by Very Rev. Fr. W. Flynn, P.P., and the attending priests were Rev. Fr. D. Slattery, C.C., Clashmore; Rev. Fr. P. Ahearne, Port Elizabeth; Rev. Fr. J. Foley, Chinese Mission, and Rev. Fr. A. Supple, English Mission. The canopy bearers were Messrs. M. Foley, M. Collins, W. Hayes, and J. Muleahy. On each side of the canopy marched a guard of honour of the F.C.A. with fixed bayonets, in charge of Lieut. C. Curran. Sacred hymns were rendered by the parish choir, who, in charge of Mr. W. Supple, N.T., walked in front of the canopy. At the head of the main street Benediction of the Most Blessed Sacrament was given. The ranks then reformed and returned to the church, where Benediction was again given. Mr. J. O'Donovan was

County Board Discusses Referee's Report.

FULL SUPPORT OF BOARD PLEDGED IN ANY LEGAL ACTION BY MR. WHELAN

"MOST SERIOUS REPORT EVER."

The question of the assault on Mr. Kevin Whelan (Stradbally Club) alleged to have been committed by members of the Newtown senior football team whilst he was refereeing a Senior Football Championship match between Newtown and Kilrossanty at Ballylaneen on Sunday, May 16th, was discussed by the County Board at a meeting at the Christian Brothers' Schools, Dungarvan, on last Thursday night.

After the referee's report had been read, the Chairman (Mr. M. V. O'Donoghue) described it as "the most serious referee's report that ever came before the Board." He pledged the assistance and support of the Board in any legal action that Mr. Whelan might take.

A statement by the Secretary (Mr. D. Guild) was also read, in the course of which it was stated that he had witnessed the "incidents" at the match.

The ruling of the Board was that the three members of the Newtown team alleged to have committed the assaults are to be given five days' notice to attend the next meeting of the Board to answer the charges made against them, and that the Chairman and Secretary of the Club are to be given similar notices.

REFeree's REPORT.
In the course of his report, Mr. Whelan said that during the last quarter of the game, after he had ordered a Newtown player off, he was struck by another player of that team, knocked down, and kicked on the ground. The report went on to state that following this incident there was an encroachment of the pitch by spectators and fights ensued. "After ten minutes (the report continued) the match was cleared and play resumed. As the teams were lining out and as I was on my way to throw in the ball, I was again attacked by a Newtown player and I was kicked. On leaving the field after the match I was again attacked by a Newtown player." Mr. Whelan in his report then went on to describe injuries he received, stating that he was attended by Dr. Quinn, Kilmacthomas, and concluded by stating that as a result of his injuries "his football days were over."

Chairman—As long as I am a Chairman of this Board, this is the most serious referee's report that ever came before me and I am glad to see that the Chairman went on to question Mr. Whelan regarding the report.

Chairman—This player you ordered off—did he offend you when you ordered him to go off?
Mr. Whelan—He was reluctant to go off but I told him he must go off.

Chairman—He obeyed you?
Mr. Whelan—He did.
Chairman—The player who jumped on your back and assaulted you—do you know him?
Mr. Whelan—I was backing away at the time but I daresay I could identify him.

Chairman—You are not positive of this man—you do not know him definitely?
Mr. Whelan—No; I did not identify him then.

Chairman—The player who assaulted you after the resumption of the match—do you know him?
Mr. Whelan—I do.
Chairman—This is a most serious assault, and as far as the Board and the G.A.A. are concerned they will deal with it very effectively. But however effectively the G.A.A. and the Board may deal with it, I don't think it would have as thorough an effect as the referee himself taking action. (To Mr. Whelan)—Are you prepared to take legal action against these men?
Mr. Whelan—That is a difficult question to answer at the moment.

Chairman—If you are this Board will support you and help you in every possible way. The position is it would be a little involved for the Board to prosecute. I think it would be far better for you to take legal action and you will have the full support and assistance of the Board. We will go to the extent of employing a lawyer to conduct the case for you.

Mr. Whelan—It is a very serious case for me.
Chairman—Did the Guards take a statement from you?
Mr. Whelan—Not yet.
Chairman—The only redress we can give you is our help to punish the culprits. I put it to you that not only is it in your interest but it is your duty as an individual and as a Gael to proceed in this matter.

Mr. Whelan—The point is this, that it may be an invalid, according to the doctor, for years to come. I intended going to America and if I am "cutted" now it will be a loss to me and my family. It is very serious case for the people involved in this matter.
Chairman—We are going to the very extreme lengths to see that justice is done in this case.

Dungarvan Juvenile League

The above League was initiated on Tuesday evening last when West End, well supported by followers, took the field against a rather timid-looking East End. Although the evening was, neither team would hear of postponing the match. That same spirit of determination was evident all through the game. The clever Eastern lads gave a skilful exhibition against a rather heavier team. Both sides concentrated more on defence than on attack, hence the low scoring. In the first half Joe Prendergast received a nice centre from G. Morrissey to crash to the net for the East. But the West were not "asleep," and returning to the attack had the quality from Mairé Fitzgerald. Good work was done by Tutty, Haughey and Crotty for the West, but the East secured a point by C. Morrissey. For the last five minutes the West stormed the Eastern goal, but to no avail, leaving the East winners by 1-1 to 0-0. On Wednesday evening a glorious match in ideal conditions was witnessed between Shandon and Mitchels. The former won by 5-0 to 3-1 and were considered lucky as Mitchels had most of the play. It was a thrilling second half when Mitchels, who were led by 3-0 to 0-1, settled down to business. Ten minutes from the end they were only two points in arrears with Shandon calling back their forwards to defend. Thrills were packed into the last few minutes, but when Shandon got their last goal it was all over for Mitchels. Two great games are listed for Tuesday next.

FAMOUS SPORTING TROPHIES

The DAVIS CUP In 1900, D.F. Davis, Harvard Undergraduate, donated a Cup for international tennis competition. The original conditions as submitted by the Americans, have been mutually revised, but the broad principles of the competition remain unchanged. Zoned in different parts of the world, the matches are played between May and September and the winning of the Davis Cup, designating international supremacy in tennis, is decided each year by the arbitration of 4 single and 1 double, the final being played in the country of the holders. U.S.A., G.B. Britain, France and Australia have held this greatest of tennis trophies, and Davis Cup matches have featured the most famous tennis players in the world.

COUNTY COMMITTEE OF AGRICULTURE

Mr. P. R. Power, Chairman, presided at the monthly meeting of the Waterford County Committee of Agriculture at Dungarvan on last Saturday. Also present: Messrs. M. O'Ryan, D. Leahy, D. Coghlan, M. F. Walsh, W. Dowd, D. Heskin, T. Morrissey, J. Mansfield, R. Barron, M. McGrath, J. Conroy, C.A.O., and instructors attached to the Committee.

FOX DESTRUCTION SCHEME. The C.A.O. informed the meeting that they were "flooded out" with applications under above scheme and the amount of £100, allocated under the scheme had been expended.

HUNT COMMITTEE REFUTE CHARGE. Mr. M. F. Walsh said that at the last meeting a charge was made against the Hunt Committee relating to the West Waterford Hunt. He would like to know where the information came from.

Mr. Walsh then went on to refer to a letter from the West Waterford Hunt Committee, published in the "Dungarvan Observer" stating the charge that they released foxes and asked Miss Mullins' opinion on it.

Mr. Walsh said that he had been told that the foxes were left out. Mr. Walsh—The West Waterford Hunt did not release any foxes. If there is destruction of fowl it is not because of the releasing of foxes.

Mr. Walsh—There was no harm in making that statement. There is nothing sacred about the hunt club as far as I know.

Mr. O'Hara, proposing Dr. M. A. Casey for the position, remarked on the great work which the doctor had done in first obtaining the swimming pool for Dungarvan and also on his continued interest in swimming ever since.

Mr. T. B. Boyle, seconding, also paid tribute to the great interest which Dr. Casey had always displayed in swimming and in the progress of the Club.

All the members agreed that Dr. Casey would prove an ideal choice for the position if he would accept it and the proposal was passed unanimously.

Waterford County Board G.A.A.

Mr. M. V. O'Donoghue, Chairman, presided at a meeting of the Waterford County Board G.A.A., at the Christian Brothers Schools, Dungarvan, on Thursday night of last week. The attendance included—Messrs. D. Good, Secretary; M. O'Connor (Munster Council rep.); Rev. Fr. Kelleher, Chairman, Eastern Board; Messrs. C. Curran, Chairman, Western Board; P. Ryan, Sec. do; M. McCarthy, Sec. Eastern Board; Rev. Bro. Murray, Chairman, Colleges' Council; Rev. Fr. Walsh (St. Patrick's); Rev. Fr. Walsh (St. Moleran's); Rev. Fr. Grace, B.D.; Messrs. P. Butler, J. Green and J. McGrath (Western Board Reps.); W. Keane and 'Fad' Browne (Eastern Bd. Reps.).

Mr. O'Ryan—What was the amount paid last year? C.A.O.—£80, at 5/- a fox. Asked if the hunt committees and the Sheepbreeders' Association contributed to the scheme, the C.A.O. said they did not.

Mr. McGrath (Kill) said that their case was that the objection lodged with the Secretary of the Munster Board was addressed to him in Irish and the body of the letter and the name of the Club (Dunhill) was written in English. There was no rule to say that the objection should be written in Irish.

Mr. McGrath—How are we to know that they were registered in Irish? The Chairman said by seeking the information from the official registrar they would know.

Mr. O'Dea—What is the position of the Club already registered? The Chairman said that such clubs would get time to have them registered in Irish.

Waterford Teams Congratulated.—The Chairman said he wished to extend congratulations to the Waterford minor and senior teams for their success at Thurles. He also wished to congratulate the Waterford junior hurling and junior football teams on bringing off the double in the Munster championships.

J.F. Selection Committee.—The following were elected on the Waterford J.F. Selection Committee: Messrs. M. V. O'Donoghue (County Board Chairman), C. Curran (Western Board Chairman), L. Quinlan (Valley Rvrs. F.C.), and two representatives of the county champions (Fenor).

WATERFORD COUNTY COUNCIL

After rejecting a proposition by Senator J. Butler, seconded by Mr. T. A. Kynne, T.D., and supported by Mr. M. Harty, that the Council accept a Government grant of £2,000, subject to a local contribution of £666, for employment schemes for displaced workers, the Waterford County Council at a special meeting at Dungarvan on last Monday, passed an amendment, proposed by Mr. M. O'Ryan, seconded by Mr. J. Mansfield, by 10 votes, 8, retaining the grant unless the condition regarding local contribution was dispensed with. Mr. O'Ryan's amendment was, however, adopted unanimously when put as a proposition.

The proposition was: "We refuse to put the ratepayers to any further additional cost by way of increased rate to relieve the Government of its duty of giving employment to displaced workers, and we ask the L.C. Minister to give the £2,000 without any contribution from the ratepayers."

This was the second occasion on which the Council refused to accept the grant. The Chairman (Mr. D. Heskin) said that since the last meeting a communication had come from the Department and he thought it best to summon the meeting to discuss this item. At the last meeting they thought it unfair to make this grant conditional on the Council's consent.

Mr. O'Ryan asked the County Surveyor what would they be entitled to by way of grant if the roads meeting had put up £666. What would they get from the L.G.D. The County Surveyor said that if it was put in as a particular item in the roads scheme for county roads, they would get 75 per cent. of the total expenditure.

Mr. O'Ryan—And on main roads? County Surveyor—It is graded up to 90 per cent. Mr. O'Ryan said he thought it wasn't fair to ask the ratepayers to contribute. This Council gave employment to turf workers for a number of years and suddenly the Government has sided away from that, and now they asked the ratepayers to contribute. This Council gave employment to turf workers for a number of years and suddenly the Government has sided away from that, and now they asked the ratepayers to contribute.

Senator Butler said he proposed at the last meeting that the County Council accept the grant but the County Council on that occasion decided not to adopt it. He would propose it again that day and let the Council decide one way or the other. Mr. Quirk referred to the fact that when they were adopting a rate they tried to cut down everything as far as possible; now they were being asked to raise the rates again. He thought that a bad system. He thought when they struck a rate they should leave it at that.

Mr. M. F. Walsh agreed. Chairman—It should not be a condition that the Council should have to make a supplementary estimate. I think it is unfair to ask that a further burden be put on the ratepayers. Mr. Kynne asked if they had gone ahead with the turf scheme how much would it cost the ratepayers? Chairman—We are going to be repaid for that.

Mr. Kynne—in actual practice we are being charged. How much were we charged each year? Chairman—But the Department is going to recoup the Council for any loss. County Manager—In future I am afraid that you will not be repaid. Mr. O'Ryan said that the position was that the Government had stopped the turf scheme and displaced workers and now they were asking the ratepayers to pay for that.

The Chairman said that the Ballysaggart road had been damaged considerably by turf traffic. Chairman—What amount would make it passable? Mr. O'Rmond—About £4,000 or £5,000. Mr. Mansfield thought that the Council should not be baited at the expense of the ratepayers. The Chairman said there was another point and that was for a long number of years the Council had spent a lot of money on their roads and they were getting less consideration than the Councils that spent little or nothing on them. Last year the Council spent money to qualify for the grants to keep the main working. Mr. Roche (to Mr. Harty)—You were very anxious about raising the rates last year and now you are in favour of it. Mr. Harty—I am not. I am only looking for information. I am only trying to find out if there was any sum provided in the estimates that could be used for this. Mr. Kynne held that if the grant was not accepted the workers would have to go on home assistance and that would mean increasing the rates too. It would work out the same. Mr. O'Rmond—You will agree that the ratepayers can bear? Mr. Kynne—It do. Continuing, the Chairman said that production costs for farmers had

gone up considerably, but the price he got for his produce did not. Following further discussion, Senator Butler's proposition was put to the meeting and defeated by 10 votes to 3, and Mr. Ryan's amendment was carried by the same voting.

EMPLOYMENT OF ENGINEERING STUDENTS. A request was read from the Engineering Students' Association of Ireland asking that engineering students be employed by the County Council during vacation periods. A letter from the Department stated that no money was available at this stage for a grant towards repairing the Whitechurch road. The Chairman referred to £800 mentioned by the County Surveyor earlier in the meeting and asked if they could get a grant for that.

The Chairman—I would be inclined to say that from that letter you will not. The question of getting a grant under the Employment Scheme. Vote was then raised, and it was agreed to leave the matter to the County Surveyor to see if a grant would be forthcoming under these schemes.

CLONEA-POWER PUMP. Mr. Doyle, Assistant County Surveyor, told Mr. Roche that the pump for Clonlea-Power was one of four that they had contracts for and it would be proceeded with soon. DREDGER FOR HELVICK. A letter from the Board of Works stated that the Faugh-a-Ballagh dredger would not be available for dredging at Helvick until August next. The dredger was at the moment working at Ballibrigan. Mr. Harty protested strongly against the decision of the Board of Works, pointing out that the Council had asked the Board of Works to send the dredger two years ago to Helvick. Mr. Quirk—Was it to come here before Ballibrigan? Mr. Harty—It was. Mr. Quirk—Why didn't it come? Mr. Harty—Some wire-pulling, I suppose. Mr. Quirk—'Tis time these wires were cut (in Irish). The Council agreed that Mr. Kynne raised the matter in the Daill. SYMPATHY. Mr. Harty was voted to Mr. M. Walsh, U.D.C., Emmett Street, on the death of his father.
