Sir,-Kindly allow me space in your valuable paper to reply to some remarks made by Mr. Kyne, T.D., at a recent meeting of the Waterford Mental Hospital Committee in reference to the Agricultural Wages
Board. He is reported to have said Chairman Congratulates Team.

Addressing the meeting, the Chairman said he did not propose to make a speech as he knew that they and everyone else had heard plenty of talk during the past few weeks and what he would propose to do was to congratulate the two gallant teams on their magnificent double victory in Croke Park on the history-making day, September 5th, and to thank most sincerely on behalf of the Board and the Gaels of the county the selection.

As a member of the No. 5 Committee, which covers the Counties of Carlow, Wexford, Kilkenny, Tipperary, and Waterford, I don't agree with those remarks. On this committee there are five farmers, representing the farmers' interests, and 5 workers, representing the workers' and the Gaels of the county the selection committees and trainers who interests. Surely this is not one-

without making special mention of rate. I am sure this should be proof their "exiles" resident in Dublin for that the Board has not wasted its best we could do under the circum-

Third, Mr. Kyne says the Board is not representative of labour. I wonder what kind of worker Mr. Kyne would have represent the workers; should it be a white collared worker thought everyone would agree with workers on the Board are not representative of labour; but if he means "I wish to congratulate the people the latter, then the men on the Board

thousands and gave such an en-thusiastic welcome to the teams; also understand that the wage fixed by the Board is only a minimum wage; the two victories."

Continuing, the Chairman said it would be right too to thank those who contributed to the Training Fund for the teams. He wished to the distribution of the Minister responsible, as many farmers all over the country are doing.

Mr. Kenny—Were you satisfied that he thought he was? Witness—No.
Witness added that the defendant at the time did not seem to be in a position to give an intelligent answer.

Mr. R. W. Beer, defendant, said that on the evening in question he was driving from Lismore to Cappoquin. The car belonged to Mr. Gleeson, and witness had a trial of it, as he intended to purchase it. Mr Gleeson had defendant's car. On the date of the accident nothing had been paid in respect of the car. Witness claimed that in his opinion he was entitled to use the insurance certifi-

cate he had in respect of the car, and he pointed that out to the Guard, and also three days later. Mr. Kenny—Can you tell the Court what insurance certificate you had?
Witness—It was a third-party one, and one of the clauses was that I was entitled to drive any other vehicle not my property or bought on the

nire purchase system Regarding the accident in Lismore, witness said that before it, the car was in perfect condition. It came in contact with a wall and one of the lights went, and the brakes were pulling the car to one side. That, said witness, was the reason that he was not able to stop immediately at Cappoquin. Witness added that he purchased the car, and the cheque for the amount was produced.
