LISMORE COURT

The monthly Lismore District was held on Thursday last week before District Justice D. J. O'Donovan. KEEPING ANIMALS IN A

SLAUGHTERHOUSE.

Henry McGrath, victualler, Main Street, Lismore, was summoned by the Waterford County Council for keeping animals otherwise than for slaughter, namely, two sheep in a slaughterhouse, contrary to the Slaughter of Animals Act, 1935, and the Waterford County Council relative bye-laws.

Mr. L. J. Lanigan, Solr., for the County Council, A. Carroll and Co., Solrs., for defendant.
Mr. P. Walsh, Sanitary Inspector, said he visited the slaughterhouse of defendant's premises on September 17 last and found two sheep with their legs tied, lying on the floor. Replying to the Justice, witness said they appeared to be there for some time.

Cross-examined by Mr. Carroll, witness said it would be about 3.30 p.m. or 4 p.m. when he saw them. Witness, to a further question, said he had trouble with this defendant before over the slaughterhouse.

Henry McGrath, defendant, said that the sheep were brought to the slaughterhouse at about 1.30, and to his mind they were dead about the time Mr. Walsh visited the premises. After legal arguments by both sides regarding the bye-laws in the course of which Mr. Carroll submitted that they were defective by reason of the fact that there were penalties for cruelty but none were stated for the summons in question, the Justice held that the bye-laws were defective in this respect and dismissed the summons.

CLAIM BY MOTORIST.

Mr. B. Fitzgerald, timber merchant, Fernville, Lismore, had a civil bill claim against Catherine Sargent (personal representative of Austin J. Sargent, deceased), The Garage, Lismore, for £7 10s. 8d. The defendant had a counter civil bill claim for £7 7s. 6d. against the same plaintiff for goods sold and delivered and for work done.

In his statement of claim Mr. Fitzgerald stated that the defendant or her agents removed from his car in defendant's garage a motor car which value £5, a petrol pump, £2 1s. 8d.; a hub cap, 6/-; a door lever, 3/-.

Mr. P. J. Morrissey, solr., for Catherine Sargent, Messrs. J. G. Skelmer and Son, Solrs., for Mr. Fitzgerald.

Mr. Austin Sargent, son of the defendant, said he was charged the garage at that time. Mr. Fitzgerald came to witness and told him that he had a car that he wanted repaired. Witness went to Feeney's garage and brought four wheels and tyres but then Mr. Fitzgerald's car and took the car—a 1937 Baby Ford—to his (witness's) garage. Witness was instructed by Mr. Fitzgerald to put the car in running order. When the car was in the garage witness took off the wheels and put on the four wheels that were in the car. There was a fifth wheel in the back of the car. The wheels were coloured green. Mr. Fitzgerald, subsequently questioned one of the wheels, claiming that it was not his and was not as good as the other wheel. The wheel was the same one as witness got in Feeney's garage. As regards the petrol pump, witness said that when the car was finished it wasn't running very well and witness found that the petrol pump was defective, so witness got one and charged Mr. Fitzgerald £1 for it. Witness did not know anything about the door handle. The claim of £7 7s. 6d. was for general repairs to the car and goods delivered.

Cross-examined, witness said he did not remember exactly the instructions he got, but what he understood was to put the car in running condition. Witness admitted that the petrol pump he put in the car was not working correctly, but it was better than the one that was in the car. Witness also put in three plugs.

Mr. Skinner—I put it to you that it wasn't the petrol pump that was wrong but the plugs? Witness—No, the petrol pump was wrong.

Questioned about the wheel, witness said that the same wheels as were in the car were put on after it was brought to witness's garage. Replying to the court, witness said there was one man working in the garage at the time.

Justice—You don't think that he took this wheel? Witness—No. He is with us for 16 or 17 years. He wouldn't do it. I never remember a green wheel here.

Mr. B. Fitzgerald, defendant, said that he went to Mr. Sargent on Good Friday and asked him if he could supply wheels and tyres to remove the car to his garage. He said he would. Witness gave Mr. Feeney the opportunity but he said he had no tyres. Mr. Sargent came up with wheels and tyres and they were put on the car. The car was pushed out of the garage and down the hill. Later Mr. Sargent pushed it to his garage with his own car. Witness told him to open the cylinder because if it was not in good condition he (witness) intended to get a newly-conditioned engine. Witness later asked Mr. Sargent to take up the car and Mr. Sargent said that the petrol pump was not working. Witness told him to take up the car as it was. Mr. Sargent took the car as far as the bridge and again said that the petrol pump was not working. The car was brought back to the garage and a petrol pump was put in. Later witness was told that the pump was defective by a Mr. O'Brien. As regards the wheel, witness said he was definitely certain that it was not one of his wheels, unless he had a hub cap and door handle had also been missing.

Cross-examined by Mr. Morrissey, witness said he inspected the car twice in Feeney's garage, and was certain there was a handle on the door. The only instruction witness gave Mr. Sargent was to open the cylinder head to see if the engine could be reconditioned.

To Mr. Skinner, witness said he was willing to pay £3 10s. for the work done.

Mr. W. O'Brien said he fitted a new petrol pump in Mr. Fitzgerald's car as the one in it was defective.

To Mr. Morrissey, witness said there was no complement about his giving the petrol pump.

Evidence was also given by Mr. Stapleton.

The Justice said that Mr. Fitzgerald is his claim for the wheel would have to be able to prove fraud against Mr. Sargent to succeed. Mr. Sargent swore that he put on the same wheel that he got in Mr. Feeney's garage. He (Justice) was, therefore, not allowing anything for the wheel. He gave a decree for £8 to Mr. Fitzgerald and a decree for £4 17s. 8d. to Mr. Sargent, each side bearing its own costs.

Dungarvan Hurlers Before Lismore Court.

CHARGED WITH RIOTOUS CONDUCT.

A row between some members of the Dungarvan Senior Hurling team at Lismore on the evening of November 16th which a building match between Dungarvan and Avonmore was played, had a sequel to Lismore District Court on Thursday last when two members of the team were charged with (1) drunkenness and disorderly conduct, and (2) being passengers or intending passengers on a public service vehicle (bus) did conduct themselves in a riotous and disorderly manner.

Supt. P. Crean, Lismore, prosecuted. Mr. P. J. Morrissey, Solr. (Messrs. Farrell and Morrissey) for both defendants, pleaded guilty.

Sergt. Bellantyne, Lismore, said he with a colleague was on duty on the day in question. There had been a hurling match in Lismore that day and the Dungarvan team had come to Lismore by bus to play in the match. Witness was on duty near the bus and saw a group of men coming up Main Street shouting and carrying hurlers. Some other men came out of licensed premises and they all got into the bus. A fight started and witness tried to stop the bus but was unable to get into the bus. Witness, however, succeeded in getting in by the rear, but had to get out again. Witness saw one of the defendants in the bus. He was shouting and trying to get possession of a hurley. Witness called in through the window of the bus at him but he did not mind witness. They were inclined to settle down but it started again and the position got worse, so that the emergency door had to be opened and witness went in. Witness removed the two defendants, but as he was going to remove one of them the other shouldered and pushed witness. After that things got quiet. As witness's colleague was going into the bus one of the defendants gave him a push in the chest and he nearly fell on to the road.

Supt. Crean—What did the crowd in the bus do? Witness—They were not very helpful.

Cross-examined by Mr. Morrissey, witness agreed that scenes like that were seen in the vicinity and he never saw anything like it before in Lismore. Witness was at the match and agreed that it was rough from the start but the last quarter was the worst.

Mr. Morrissey—Did some of the crowd at the match try to get in over the railings? Witness: They tried to get in but they didn't.

Mr. Morrissey—Wasn't there a lot of rowdiness and fighting among the players, too?

To further questions, witness said that when the match was over things got quiet and the trouble that did take place later was among the Dungarvan players and supporters themselves.

Witness, to a further question, said he did not notice a third man in the bus causing trouble, nor did he notice that he started all the trouble.

Mr. Morrissey, addressing the court, said that this was very rare in this county. Some members of the Dungarvan team were on the all-Ireland team and they were booed and jeered at by the people in the field. That was what caused all the trouble.

The Justice imposed a fine of 40/- on each of the defendants.

Larceny of a Sheep

Supt. Crean charged Paik Mullenphy, Rosperry Hill, Ballyduff, with the larceny of a sheep, the property of a neighbour.

The defendant, who was not professionally represented, pleaded guilty.

It was stated that it was Mullenphy's first offence.

The Justice made an order binding the defendant over in his own bail of £10, to come up for sentence if called upon during the next 12 months.

West Waterford News.

Clashmore F.C.A.—A general parade of the Clashmore F.C.A. was held on Friday night last for the purpose of inspecting rifles, etc. There was a large attendance of members of the force. The parade was in charge of Lieut. J. Hayes, Company O/C. Also present were Capt. R. D. Keating, Battalion O/C; Lieut. C. Curran, Battalion I/O, and Coy. Sergt. V. J. Aston, B.A.O. Arrangements were made for training for the forthcoming Command Competition.

G.A.A. Revival in Ardmore.—We learn that the Gaelic Football Club is being reorganised this year in Ardmore and that a team will compete in the championship. In the past the seaside village fielded useful teams and the revival will be welcomed by the Gaels of the West.

The Roads.—During the past couple of weeks some of the by-roads in this area have been patched. For some time past these roads have been in a shocking condition and this attention has resulted in a considerable improvement.

Waterford Hurler's Clashmore Visit.—In a letter to the Gaels of Clashmore, Jim Ward, Captain of the Waterford All-Ireland S.H. team, expressed his gratitude for the wonderful welcome extended to him and the other members of the All-Ireland team on the occasion of their recent visit to this historic Gaelic centre.

He expressed his delight at being met by the members of the famous old Clashmore team and predicted a great future for the G.A.A. in Waterford. He stated that the great victory of last year would, he hopes, be the first of many.

Kinsalebeg Visit.—Subsequent to the recent G.A.A. Convention at Clashmore the members of the Waterford S.H. team visited Kinsalebeg at the invitation of that veteran Gael, Mr. Moss Conroy. They received a cordial welcome.

Clashmore G.A.A.—The annual general meeting of the Clashmore G.A.A. Club was held during the past week. A full report will appear in our next issue.

On the Land.—During the recent spell of fine weather tillage work was pushed ahead. A good deal of ploughing has been done to date.

Salmon Fishing.—Fishermen are already busily engaged making preparations for the commencement of the salmon fishing season, which will begin on the 1st of February.

Bus Stops.—The West Waterford Council on Monday last, a good-sized "field" turned out and an excellent day's sport was provided.

Fuel Famine.—For the past couple of weeks coal, turf or firewood were unobtainable for domestic use in this area. This unprecedented state of affairs resulted in much inconvenience to householders and on all sides one heard complaints. Even during the worst period of the emergency fuel and firewood were secured at all centres in unlimited quantities. It is fortunate that the scarcity occurred during a period of very mild weather, otherwise much hardship would have been caused. No explanation as to the cause of the scarcity has been forthcoming.

Rural Electrification.—About 16 years ago hopes were high that the Rural Electrification Scheme would be introduced to the Ardmore-Clashmore area. Local committees canvassed the area on the advice of the E.S.B. and a representative of that body visited the district and had a conference with representatives from Ardmore, Grange, Kinsalebeg and Clashmore. Correspondence between the more. Correspondence between the canvassers and the local Parish Councils led to the belief that official canvassers would visit the area for the purpose of carrying out a survey.

As a matter of fact, the area was described as "ideal" and the public were confident that work would have begun by now. For no explainable reason, however, nothing has been heard of the matter. Apparently the Ardmore-Clashmore area has been entirely overlooked. The residents of the district are entitled to know why.

Ardmore.—Ardmore is one of the few first-class seaside resorts in the county that is not supplied with electricity by the E.S.B. (Here the canvassers showed that practically 100 per cent. of the householders would be availed of the scheme. Are they to be disappointed?)

Clashmore Parish.—In Clashmore Parish Church on Sunday last the Masses were celebrated by Very Rev. Fr. Flynn, P.P. Very Rev. Fr. P. Ahearne, P.P. Rev. Fr. J. Foley and Rev. Fr. J. Ward. On Sunday evening Holy Hour devotions were conducted by Rev. Fr. D. Slattery, C.C. There was a large congregation present.

Late Capt. M. Sheehan.—The death of Capt. Michl. Sheehan, Clonmel, has occasioned a deep regret amongst his many friends in this area. During the first years of the emergency he served as area officer of the L.D.F. for West Waterford and was a favourite amongst those under his command. A brave and fearless soldier, he suffered severe hardships during the Black and Tan and Civil Wars.

Gloucester Harriers' Dinner.—The attention of readers is directed to advertising the Gloucester Harriers' Dinner to be held on Sunday night next. Music will be by Billy O'Donnell and his band, Catering by Mrs. Reynolds.

Clashmore Harriers.—The draw held at the Clonmel at Clashmore on Sunday, 9th January, the winning ticket was No. 1975. Holder can have prize on presenting ticket to Hon. Sec., G.A.A., Clashmore.

I Coursed and Tracked By "DICK THE LIAR" Eliminating Events at Kilsheelan

All local coursing fans will be keenly interested in the couring at Kilsheelan on Tuesday and Wednesday as the winners of the Preliminary Trial Stakes in the Waterford-Tipperary areas will meet to decide the all-important right to entry into the Derby and Oaks. Under existing conditions the eliminating stakes will consist of 12-dogs and 22 bitches, eight from each to qualify. This means winning two courses and as the prize money is very substantial—£150 to the winner of each event we are likely to see keen competition. It is very hard to say much about the competitors at this stage as the complete list has not yet been published and I am almost certain that some of the qualified bitches will have gone amiss, so we are likely to see several runners-up amongst the entries. However, all going well, we can look forward to seeing good trials and those on the look-out for the winners of the Derby and Oaks will have a busy time.

COUNTY LIBRARY COMMITTEE

A meeting of the County Waterford Libraries Committee was held in the Courthouse, Dungarvan, on Monday, 20th December. Present—Rev. Fr. Murray, P.P., chairman; Rev. Fr. Duffner, O.S.A.; Messrs. M. P. Walsh, M.C.C.; M. O'Hara, B.A.
The minutes of the last previous meeting were read and signed.
"PLACE NAMES OF DECIES" RE-PUBLICATION.
Referring to the project for the republication of Canon Power's book "Place Names of Decies," the County Librarian made a special appeal to the members of the Libraries Committee to assist the good work by canvassing for subscriptions.
According to his (the County Librarian's) experience, in his own district of Lismore, the only really effective way of ensuring the success of the venture was by direct personal contact with likely subscribers.
Rev. Fr. Murray, P.P., welcomed the new member, Rev. Fr. Duffner, O.S.A., to the County Libraries Committee and said that he was sure Fr. Duffner would prove a worthy successor to his very distinguished confederate, Dr. Curtis, who had been obliged to resign on his transfer to Cork.
The orders made by the County Manager since the last previous meeting were available for inspection.

a good galloping surface for future racing. How often do we hear of dogs getting broken toes etc. owing to the bad state of the going. Most of this trouble can be avoided by proper care and management of the track. Due to the number of dogs that are now available for racing it seems that any kind of treatment is good enough but the time is coming when there will be a shortage of dogs as then, perhaps, we will see a change for the better all around. It is to be hoped that my suggestion that a percentage of the prize money in all classic events be paid to the breeders of the winner and second will bear fruit because it seems that the new gamarking regulations will add an extra burden on the breeder by increased charges for inspection of litters.

WATERFORD BOARD OF ASSISTANCE

Councillor P. Caulfield, chairman, presided at the monthly meeting of the Waterford Board of Assistance at Dungarvan on Monday. Also present—Ald. Kennedy, Messrs. M. O'Ryan, B. Barron, K. Ryan, T.D., M. McGrath and Senator J. Butler.

Mr. McGrath, Acting Secretary, and Mr. M. Phelan, Superintendent Assistance Officer, were also present.

FOOTWEAR SCHEME. In reply to the Board's resolution regarding the reduction in the allocation under the Footwear Scheme, the Department's letter stated that the estimated requirements by the Board as submitted to the Department were 3,421 vouchers and approval was given to the issue of that number of vouchers.

Mr. Phelan said that requirement at first were 3,421 vouchers, but in August this had been increased to 4,972 pairs. They would want 500 or 600 pairs now.

COUNTY HOSPITAL OPHTHALMIC UNIT. A letter (circulated to the members) from the Department of Health stated that the Minister approved in principle to the establishment of an ophthalmic unit at the County Hospital.

The Acting Secretary said that the Manager had made an order referring the matter to the County Surveyor and Dr. Condon for a report as to the requirements.

Mr. O'Ryan—Until we have the report we can do nothing further about it.

The Manager said that the Department had agreed to the unit and they wanted to have it properly equipped. If patients were mixed up there was a danger of infection. The Department insisted on segregation.

Ald. Kennedy thought that the County Hospital was equipped and they were only waiting for a nurse.

The Acting Secretary referred to the Medical Inspector's report and stated that he did not agree that it was equipped enough for an ophthalmic unit at the moment.

KITCHENETTE. The meeting approved of the provision of a kitchenette at St. Patrick's Ward, County Hospital, at a cost of £250.

Arising from this the Chairman referred to the recommendation that two engineers be appointed to report on the renovations necessary for the County Hospital.

Acting Secretary—That was referred to the county engineer and his report has not been received yet.

EXCESS EXPENDITURE. The consent of the Board was asked to the excess expenditure during the current year of £5,000 in respect of assistance in district institution; £2,000 in respect of medical assistance; and £3,000 in respect of other expenses.

The Acting Secretary said that the £5,000 was in respect of increases in the price of foodstuffs, etc.; that the £2,000 was for the payment of temporary medical officers and midwives and the £3,000 was mostly for the purchase of two new ambulances.

Arising from this, Mr. O'Ryan referred to the list of outstanding matters requiring sanction by the Department which he had got from Mr. O'Phelan, and said that all of the outstanding matters had now been settled with the exception of the Bonmahon dispensary appointment and that would be done in the near future.

Mr. O'Ryan—The ambulance ought to come to the doors of the houses, that is only common sense.

Mr. McGrath—In the country it does.

Senator Butler—And if it is pouring rain!

Mr. O'Ryan—The same applies. They have to get shelter as best they can. Manager—I will take a note of it.

Munster Colleges Fixtures.

The Chairman (Rev. Bro. Murray, Dungarvan, C.B.S.) presided at a meeting of the Munster Colleges Council, held in Mallov. The following fixtures were made:

Dr. Harty Cup (S.H.)—(A), Thurles C.B.S. v. Dungarvan, C.B.S. on 20th February at Thurles. Semifinals—St. Flannan's (Ennis) v. winners of A, on or before 6th March; Final to be played on or before St. Patrick's Day.

Coin na Muman (S.F.)—(A), St. Flannan's (Ennis) v. St. Brendan's (Killarney) on or before 13th Feb. at Buttevant; (B), winners of A v. Rochestown on or before 27th February. (If St. Flannan's, Buttevant v. St. Brendan's, Macroom venue. Final on or before March 13th. Colaisie Isogan v. winners of above. If Rochestown, Coachford venue; if St. Flannan's, Buttevant venue, and if St. Brendan's, Killarney venue.

Frewen Cup (J.F.)—(A), Clonmel High School v. St. Flannan's at Tipperary; (B), Rochestown v. St. Augustine's (Dungarvan). Venues and dates to be fixed. (C), Colaisie Isogan v. winners of B on or before 4th April at Coachford or Cork. Final on or before 15th May.

Dean Ryan (J.H.)—(A), Fermoy C.B.S. v. Rathluir C.B.S., at Doneraile; Castlemary v. Midleton C.B.S., on 13th March. First semi-final on or before 27th March; (C), St. Augustine's v. winners of B, at Youghal on or before 27th March; (D), Nenagh C.B.S. v. Limerick C.B.S., at Nenagh. Second semi-final on or before 27th March.

to the fact that some of the home assistance officers were also cottage rent collectors.

The Chairman said that similar officials in Waterford Corporation and the County Council had no responsibility as far as money was concerned, but home assistance officers had to deal with thousands of pounds. That was what the Board wanted to get equalised.

Mr. Phelan said that the main point in the salary scale was the fixing of a maximum salary. A home assistance officer ought to be entitled to a maximum of a clerical official. If that were fixed the salaries could be graded down from that.

A suggestion by Mr. O'Ryan that the matter be left over until next month so that he could interview the Minister about it was agreed to.

BALLYMACARBERY M.O.'S RESIDENCE COMPLAINT. Mr. O'Ryan called attention to the condition of the residence of the Ballymacarbery M.O., which he described as being in a "shocking state". This house had cost a lot of money.

Mr. McGrath—I was going to raise that because it would be interesting to know what was spent on it.

The Manager said that over a period of years a lot of money had been spent on it. He added that he would get the engineer to inspect it again.

TRAMORE M.O. RESIDENCE. In reply to a question by Mr. R. Barron, the Manager said that the Department had approved of the purchase of the M.O.'s residence in Tramore.

ESTIMATES. The estimates for 1949/50 were next considered by the Board.

In a statement the Manager said: I beg to submit my estimate of expenditure for the year ending 31st March, 1950, showing estimated expenditure £13,839 and estimated receipts £11,000, leaving the net deficit £2,839 as compared with £1,451 for last year or an increase of £1,388. The actual expenditure estimated for the coming year is considerably heavier than this year, but this is offset by the fact that whereas on 31/3/48 we had an estimated debtor balance of £18,042, on 31/3/49 the balance against is estimated at only £3,840. The increases are mainly under the head of assistance district institutions and are caused by increased prices, increased numbers of inmates, bonus to officials and the adoption of a 96 hour working fortnight for the nursing staffs.

The increase mentioned also affects the current year and it will be necessary to have a resolution passed concerning the excess expenditure. Whilst there is a decrease in the estimated expenditure under the heading of general home assistance owing to the discontinuance of the Government Scheme for the payment of emergency supplementary cash allowances through the home assistance officers, it is suggested that cash allowances in approved cases in lieu of food vouchers be paid out of the Board's funds as home assistance. This will cost £5,500 and an alternative estimate omitting this sum has been prepared in case the Board are not prepared to continue this service. In addition to the above, the consolidated health services grant under the provisions of the Health Service (Financial Provisions) Act, 1947, which is payable direct to the contributing authorities will offset the increase in the demand, leaving the amount to be raised by the contributing authorities about the same as last year.

Mr. O'Ryan, referring to the food vouchers, said he didn't see why the Government should get away with that. It was saving the national account at the expense of the rates.

Senator Butler—The estimate is exactly the same as last year?

Manager—Yes.

Senator Butler—I remember at previous meeting it had been said that the estimate for next year would be abnormal, but it turns out now it is the same as last year.

Deep in our hearts her memory is kept. We loved her too much to ever forget. Mary, Tom and family, Twickenham.

Lectures at Technical School, Dungarvan.—On Tuesday (Jan. 18th) Dr. D. Deasy, Assistant, Department of General Agriculture, University College, Dublin, will give a lecture on "Fertilisers and their treatment of Root and Cereal Crops". Starting at 8 p.m. sharp at Dungarvan Technical School, the lecture will deal with soils, cultivation, manuring, seeds and other treatment of crops, with particular reference to the control of weeds and insect pests. This lecture, which is the last of the Royal Dublin Society's winter lectures for the current session arranged for the county by Co. Waterford Vocational Education Committee, is of great interest to farmers. Admission is free.

Dungarvan Branch I.N.T.O.—Mr. T. O'Folain, M.A., presided at the annual meeting held in Egan's Hotel on Saturday, 15th inst. The Secretary in his report stated that the present strength of the branch is 100, but that there were still three unassociated teachers in the area. Branch officers for 1949—Chairman, Mr. O'Folain; vice-chairman, Mrs. B. Condon; financial secretary, Mr. W. J. Cullinan; organiser, Mr. M. Murphy. The Secretary was appointed delegate to the Eastern Congress. Nominations for the C.E.C.—President, Mr. J. Mansfield, Tipperary; vice-president, Miss B. Bergin, Dublin; district representative, Mr. J. Keane, Tipperary; financial committee representative, Mr. T. Scannell, Limerick. A resolution was passed demanding that the department discontinue the recruitment of junior assistant mistresses. Sympathy was extended to Miss B. Kenneally, Killishill N.S., on the death of her sister, R.I.P.

Accident at Quay.—Falling between the quay and the sea, a young boy, charging coal into a lorry of which he was the driver, a young Tipperary man named Walsh suffered a severe head injury on last Monday night. He was removed to the District Hospital where he was detained. Walsh arrived on the quay that morning for a lorry load of coal, which was being discharged for a local coal merchant firm. Fortunately the boat was not very close to the quay at the time and the tide, which was at about half ebb, broke his fall; otherwise it is believed that a similar accident which happened some years ago to a local dock labourer with fatal results might have occurred. It appears that Walsh was helping a coal bucket trolley to load the lorry when the swinging bucket pushed him over the edge. He fell on the quay, injuring his head, and then rolled over between the quay wall and the boat. Work on the boat ceased whilst Walsh was taken out of the water in a dazed condition. Medical assistance was summoned and he was removed to the District Hospital, where he was detained and his injuries attended to. He is stated to be progressing very well.

No Quorum.—In the absence of a quorum the meeting of the Urban District Council, which was to be held on last Friday night, fell through. Only two members, Messrs. T. McCarthy, chairman, and T. A. Kyne, T.D.—attended, and Messrs. S. J. Moyihan, Manager; E. Deery, Town Clerk, and J. O'Connell, Acting B.S., were also present.

Well-known Couple Weds.—At St. Mary's Parish Church, Dungarvan, recently, a very pretty wedding took place when Miss Netta McGrath, Congress Villas, and Mr. Jim Lyons, (now known as Mr. Lyons), were joined in the holy sacrament of matrimony. The groom is a very popular member of the community, having spent many years in the employ of the Dickens Leather Co. and a member of the local G.A.A. Since going to England he has become a member of the London G.A.A. and played last year in the All-Ireland Junior Final. The bride, who is daughter of Mr. and Mrs. Peter McGrath, Congress Villas, is also a very popular young lady. Dressed in blue with accessories to match, she was attended by her sister, Maive, while the best man was uncle of the groom, Mr. W. Lyons. Breakfast was held in the bride's home and the happy couple left for Cork where the honeymoon was spent. The ceremony, with Nuptial Mass, was performed by Very Rev. Canon O'Brien, P.P., V.F., assisted by Rev. Fr. Farrell, C.C.

Abbeyside Branch Labour Party. The quarterly meeting of the committee of the above branch was held on Sunday last. Mr. T. A. Kyne, T.D., attended and gave a very interesting account of the work being done by the Labour Deputies in the Inter-Party Government. The Abbey-side housing scheme, which is progressing very satisfactorily under direct labour, was also discussed. The annual general meeting to elect officers for the financial year will be held early in February, at which a preliminary Labour meeting of the Cabinet will attend.—Hon. Sec.

June in January.—The exceptionally mild weather for the past week has resulted in the rare spectacle of roses and daffodils in full bloom in some gardens in the town.

Cases at Kilmactochas District Court.

(Before Mr. F. J. MacCabe, D.J.) The above Court was held on Wednesday of this week. Richard Carroll, Kill, was fined £2 and costs, ordered to pay £1 for the expense of an official who attended the Court when the Minister for Posts and Telegraphs charged him with having an unlicensed radio in his possession. The offence was admitted by defendant, who was told by the Justice that they let the prosecution know beforehand that they were admitting the offence there would have been no need for the P.O. official to attend and they would have avoided paying his expenses.

Mr. M. W. Keller, Solr., Waterford, was charged with the larceny of a bicycle lamp value 4/8. Inspector M. McCarthy, G.S., Waterford (for St. Lyons) said the bicycle was found outside a pub in Strabally and when he came out the lamp was gone. The bicycle was subsequently found in defendant's bike in another house. A charge of unlawful possession against the same defendant was withdrawn.

Sergt. Sullivan, G.S. Kill was in the case. Whelan had pleaded guilty to the larceny charge. There being no objections by the Garda an occasional license was granted to Whelan, Strabally.

Sergt. Sullivan summoned Joseph Heffernan, breadvan driver, Strabally, with not having his road tax displayed. The case was adjourned. Same Patrick Steward for being drunk and disorderly, fined 10/- each.

Same W. Kevin Lonergan, no light on bicycle, fined 2/- each. The Waterford Co. Council (represented by Mr. Liam F. Lanigan, Solr., Dungarvan) have N. Fitzgerald, Ballinassia, Bonmahon, charged with using a .22 rifle instead of an approved instrument for the slaughter of animals. Defendant, through his Solicitor (Mr. F. Hutchinson, Rathfadde) did not admit the offence.

Mr. David Sheedy, Inspector, in a recent case stated that he visited defendant's premises on two occasions and reminded him that he was not to use a .22 rifle as an instrument, such as a captive bolt.

In cross-examination, witness said that he was unable to say whether or not defendant had ever used the .22 rifle for the slaughter of animals. Remarking that the summons was "bad," the District Justice dismissed the case.

Indecent Assaults.—The Justice adjourned until the March Court a case in which Patrick Lansfield, a youth, of Ballinassia, Bonmahon, is charged with an indecent assault against a girl aged 7 years. Mr. Kelly, defending, intimated that two boys under 16 years of age were charged with the same offence. The case will be taken together.

Illegal Fishing.—Mr. P. F. Verrington, Clerk to Waterford County Council, Board v. John Fitzgerald, of Seafield, Bonmahon (represented by Mr. J. F. Kenny, solr., Dungarvan), and Raymond Murphy, Dublin (represented by Mr. Hutchinson), the case was adjourned until March for the attendance of Murphy.

Annual Races.—At a recent meeting of the Ballymore Point-to-Point Committee the Secretary informed them that he had received the necessary permit for the annual races on the 16th inst. A discussion took place re the financial position, which was deemed very satisfactory. It was decided to call off the run in from the last of the year, the first post, as this would make it much easier for all concerned in the case of a close finish.

GARDEN SEEDS.—We have now received our stocks of garden seeds for the coming season. Included are broad beans (Windsor and Longpod), scarlet runner beans, dwarf French beans, peas (all varieties), broccoli, Brussels sprouts, cabbage (all varieties), carrot, cauliflower, cucumber, mustard and cress, lettuce (cabbage and Cos), leek, onion (all varieties), parsnip, parsley, radish, tomato (Incor and other), veg. marrow, etc. Our prices are reasonable and the quality of our seeds is, of course, renowned.—Harpur Bros., seedsmen, Waterford.

January Cattle Fair.—The January fair held on Wednesday was small. There were generally except for a good high-priced cattle. Prices—Yearlings, £10 to £13; 2-year-olds, £17 to £22; 3-year-olds, £27 to £34; (cows) were jointed. Sheep made over £8 10s. to £8. There was a large fair of pigs with prices making over £5 to £6. The annual collection (house-to-house) will take place on Friday, January 28th, the usual generous response is anticipated by the club.

Rescued From Drowning.—Early on Thursday morning, hearing cries for help near his ship, which was berthed at the quay, Captain Jones of the motor vessel Peterstown (London), rushed from his bunk to the side of the ship and saw a man struggling in the tide nearby. Lowering himself by means of a rope over the side, Captain Jones grasped the man and with the help of his crew took him on board, the man, who is stated to be from the Grange area, was in a very dazed and shocked condition and is believed to have been the victim of a severe attack of seasickness. The man, who is stated to be from the Grange area, was in a very dazed and shocked condition and is believed to have been the victim of a severe attack of seasickness.

AT STUD: "KNOCKROE PINE" Bd. Dog, July 45. R.V. 72 lbs. Carnagh Moon—Baytown Pine, Carnagh Moon by Mr. Moon ex Rebel Music Mad. Baytown Pine by Tanist ex Little Nettle. Carnagh Moon, litter brother to Rebel Light, was a champion Tracker. Baytown Pine, bought specially for breeding, is litter sister to Baytown Iris, dam of Baytown Finch, etc., all champions. This dog's dam has had winners in every litter, and his grand dam, Little Nettle, has bred more winners than any bitch in Ireland. Knockroe Pine was one of the most consistent dogs of recent years, and has won five stakes coursing, including a 32 dog trial stake at Seven Houses. He got very little tracking owing to an injury, yet he has won six races at Waterford (four in succession), clocking 30.70 in the final of the Waterford Sweepstake last season, which he won. All his litter were top-class, and his brother, Greengage Pine, is one of the top open dogs in England. His record for gameness is second to none on track and field, and breeders are offered one of the best bred dogs in Ireland at a small fee. This dog never got out of a duffer stake, his first time slips being in the Tipperary Cup (1946) when 16 months old, and had to be drawn in the second round owing to injury. Only approved Bitches, with Vet's Certificate. FEE, 7 GUINEAS (Prepaid). Stud cards on application. T. J. STONE, PASSAGE EAST, WATERFORD.
