Dungarvan District Court.

The District Court was held on Tuesday before District Justice O'Riada.

Arrests of Rates.—Dungarvan U.D.C. had a civil bill summons against Mr. W. Morrissey, Skehan, for arrears of rates amounting to £13 2s. 6d.

Mr. M. O'Meara, rate collector, said the rates were due in respect of 1948/49.

A decree for amount claimed was given.

Mr. T. C. Williams, solr. (J. F. Williams and Son) for the Urban District Council.

In the case of J. O'Donnell, Young-hal Road, Dungarvan, against M. Doherty, Mitchel Street the Justice said he would give an open decree and that the parties should settle between themselves whether the £1 a week (for which there was a decree by consent) was to include rent and arrears of rent or arrears of rent only.

Mr. T. C. Williams for plaintiff; Mr. P. J. Morrissey, solr. (Messrs. Farrell and Morrissey) for defendant.

Occasional Licence.—Mr. T. C. Williams, on behalf of Mr. P. L. Power, was granted an occasional licence for the Town Hall for a dance on February 17th.

Wireless Set Prosecution.—The Minister for Posts and Telegraphs summoned Ed. Daly, 10, Cahel Brugha Place, for having in his possession wireless apparatus, namely, an aerial without licence for same.

Mr. J. F. Kenny, solr. (acting for Mr. D. Conahan, S.S.) for the Minister. Defendant's wife appeared but was not professionally represented.

Column O'Dalaigh, official of the Department of Posts and Telegraphs, said that on 10/10/48 he carried out an inspection in Dungarvan and called to No. 10 Cahel Brugha Place. There was no wireless set there but an aerial was in position. On Oct. 10 the defendant got a fortnight's notice to remove it, but he did not reply. A further notice to have it removed in seven days brought no reply either. The prosecutor in Dungarvan informed the Department that it was in position on 19th March.

Mrs. Daly said (not under oath) that the aerial had been taken down and they had no wireless set.

Justice—When was it taken down?

Mrs. Daly—It was taken down a week since. My daughter went to post office and told me.

Mr. Kenny—Was it there on 31st December last? Mrs. Daly—No.

Mr. Kenny—Who took it down?

Mrs. Daly—My daughter.

The Justice said he would let the case stand for a while to hear evidence from the postmaster.

Later Column O'Dalaigh said that he visited the house whilst the court was on and the aerial was still in position there.

When asked by the Justice if the aerial was still there Mrs. Daly said it wasn't.

Justice—Did you hear the evidence of Mr. O'Dalaigh that he visited your house this morning and saw it there?

Are you prepared to swear that the aerial is not there? I don't know anything about wireless sets at all. Mrs. Daly added that the pole was there but she was using the wire as a clothes line.

Column O'Dalaigh said it was too high for a clothes line. There were insulators on it and there was a lead into the house.

Mrs. Daly was again questioned by the Justice and to a question if she would contradict Mr. O'Dalaigh that it wasn't there, she said she would not.

Justice—If you had taken it down there would be no prosecution at all. She was fined 1s. and ordered to pay 28s. 6d. expenses with three months to pay.

Selling Whiskey With Excess Water.—Catherine Dolan O'Connell, Street, Dungarvan, was summoned for selling whiskey to a purchaser, i.e., Guard Deasy, which was not of the nature, substance and quality demanded.

Mr. M. Hally Solr. for Waterford County Council; Mr. T. C. Williams, Solr. for defendant.

Mr. Hally said it was a prosecution under the Food and Drugs Act. Guard Deasy visited the licensed premises of defendant on Oct. 19, where he was supplied with six glasses of whiskey, which were sent to the State Analyst and the report was that it was not genuine.

Guard Deasy, in evidence, said he took samples of whiskey from a bottle which defendant brought to him. Before taking the samples witness asked her if she was satisfied that witness's bottle was dry and she said she was. Witness asked for a genuine measure but she had only a glass measure. On witness's instructions she wiped and dried the measure and she measured the glasses into each bottle witness had, which he then sealed in her presence and took down an exact copy of the label on the bottle. Witness had sealed the bottle before doing this. Witness sent away the samples on the following day and the certificate of the analyst (handed in) showed it had 11.24 per cent. excess of water.

To Mr. Williams, witness said the certificate was based on whiskey 25 under proof.

Mr. Williams here produced an empty whiskey bottle on the label of which was stated 30 under proof and

asked witness if it was similar to the one from which he took the samples. Witness said it was.

Mr. Williams then produced a certificate from the City of Dublin Analyst, which he (Mr. Williams) stated was for a sample of the same whiskey.

Mr. Williams was then proceeding to question witness about the water content, 30 under proof whiskey being higher than 25 under proof whiskey. When Mr. Hally said he would make him a present of the bottle, Mr. Hally went on to say that if the Inspector's attention had been brought to the fact that it was 30 under proof whiskey he (Mr. Hally) would accept the position and the certificate, but it was not brought to the purchaser's attention that it was not 25 under proof.

Mr. Williams submitted that if a person went into a licensed premises and asked for a small whiskey or a large whiskey the licensee need not say to the purchaser that the whiskey was not 25 under proof. Mr. Williams then referred to the fact that there was a very small discrepancy—.08 per cent.—between the samples.

The Justice agreed that the discrepancy was small.

Mrs. Dolan, defendant, said that the whiskey in question was got from O'Brien's, Clonmel. As regards the taking of the samples witness said there was a bottle of "Paddy" with the other bottle on the counter. The retail price of the 30 under proof whiskey was the same as the 25 under proof whiskey.

Mr. Williams—Do you swear that you did not interfere with that bottle of whiskey or any other one? Witness—I did not.

Mr. Hally (cross-examining)—Did you make an observation to the Guard that the bottle came unsealed? Witness—Yes.

And also that the cork was protruding a quarter of an inch out of the bottle? I don't remember that.

Do you know what the labels were facing at the time? I don't remember that.

Did you know that it was 30 under proof? Yes.

Why didn't you tell the Guard that it was 30 under proof? I wouldn't like to dispute or argue with the Guard could say to me that he understood it better than me.

You cannot say if the Guard did not see the labels or noticed it was 30 under proof—you will not contradict him? I don't contradict him but he did write down something.

Justice—If a customer came to you and asked for a glass of whiskey, would you agree that he should get the article he is entitled to get? Witness—Yes.

Mr. T. Dolan husband of defendant, said that when Guard Deasy called and asked for samples from the bottle being used witness told him two bottles were being used and he was witness that he left the bottles in front of him. Witness described as incorrect Guard Deasy's evidence that he (witness's) wife wiped the glass. Witness did not tamper with the whiskey. Witness added that he did not think it necessary to tell customers that and that he did not interfere with the whiskey.

Mr. Hally—Guard Deasy, told me that he is satisfied that Mrs. Dolan or her husband did not interfere with the whiskey at all.

Justice—If a person asked for Irish whiskey and you sold him whiskey from that bottle, are you giving him the article he is asking for? Witness—No, but customers just ask for a "drop". Witness added that he did not think it necessary to tell customers that and that he did not interfere with the whiskey.

Mr. Hally—Guard Deasy, told me that he is satisfied that Mrs. Dolan or her husband did not interfere with the whiskey at all.

After hearing Mr. Williams for his clients, the Justice said that from the evidence in the case he must accept that this whiskey was not tampered with by Mrs. or Mr. Dolan. There was no suggestion that it was "this case will have" said the Justice, "one good result, I am sure that it will convince Mrs. and Mr. Dolan that when a customer asks for whiskey, he is entitled to get 25 under proof whiskey and not any other kind." Stating that the offence was a very technical and slight one, the Justice said he would not record a conviction against the defendant. He applied the P.C.A. and allowed 21/- expenses and 2s. costs.

Larceny of Timber.—Patrick Needham, Sarsfield Street, Abbeville, was fined 10/- and ordered to pay 10/- expenses for the larceny of timber valued at 15/- from a larch-craie wood on November 18. He pleaded guilty to the charge.

Supt. P. O'Mahony prosecuted and Mr. P. J. Morrissey was the defendant.

Late Mr. N. Power,

Carrigbarahane House, Stradbally.

It is with feelings of deepest regret and sorrow we have to announce the death of Mr. Nicholas Power, Carrigbarahane House, Stradbally (formerly of Fahafelagh, Kilsheelan) which occurred on Friday of last week (21st inst) and came as a shock to a very wide circle of friends, with whom he was generally popular.

Deceased, who had gained the allotted span, had been in indifferent health for some time, but notwithstanding this his demise was a happening that very few were prepared for. By the sad event the Co. Waterford has lost a member of one of the most outstanding Catholic families with its comely, loyal and patriotic Irishman and a sterling sportsman.

The late Mr. Power was father of Rev. Fr. Virgilius, O.Cist., Mount Melleray Abbey, Cappoquin; Sr. Helen Marie, Franciscan Convent, Our Lady of Angels, Baltimore, U.S.A., and Sr. Angela Patricia, Mt. Alvernia, Malloy. For the greater part of his life he conducted a most prosperous farming business, being a notably successful breeder and exhibitor of thoroughbred horses and cattle. A kind and considerate employer, he was in the truest sense Nature's gentleman and his upright and honorable character won for him the respect and confidence of every section of the public throughout his career, and his passing has evoked the most genuine sorrow and sympathy from a wide circle of profound respect to his memory.

In the personal and social sphere he was of genial and unassuming disposition, helpful with counsel and resources and interpreting Christian principles in their most practical application. Of his charity and kindness we know much, but not all, for that was not possible, as he did good in secret and his good deeds will be long remembered amongst his neighbors. But above all, we shall remember and honour him for the brightness and nobility of his mind. His singularity of disposition and charm of manner never failed to touch a responsive heart, and the hearts of every body with whom he had come in contact.

When the end came he was reconciled to meet his Maker, and having been fortified with the sacred Rites, he peacefully passed away and his death can be regarded as a well won retreat towards the goal of an everlasting rest.

At the removal of the remains from the residence on Saturday evening to the Parish Church of the Exaltation of the Holy Cross, Stradbally, the accompanying obituary was most eloquently and respectfully read, probably the largest that has ever been in the district and was a tribute of respect to the dead as well as of sympathy to the widow, family and friends of the dear departed one. It was representative of all classes and creeds over an extensive area and was indeed but the just tribute of the people to him who was known to be a devoted husband and father, whose name was joined with an immense of unobtrusive religious feeling and who wished to see everybody happy.

On arrival at the entrance to the sacred edifice was the coffin was conveyed by Very Rev. E. F. English, P.P., Stradbally and Rev. Fr. Virgilius, O.Cist. (deceased's son).

A solemn Mass was celebrated on Sunday, all that was mortal of the late Mr. Power was laid to rest in the family burial plot in the adjoining cemetery in the presence of another gathering of the general public. Fr. Virgilius, O.Cist. who said the 11 o'clock Mass, officiated at the grave and was assisted by Very Rev. English, P.P., Very Rev. M. Dowley, P.P., Ballyduff, Rev. T. Draper, C.C., Stradbally, and Rev. E. Casey of the English Mission.

In addition to the deceased's widow (nee Quilty) and son and daughters, the immediate chief mourners were: Mr. T. Power, Fahafelagh (son) and wife and family; Mr. Billie Power, Fahafelagh (son) and wife and family; Mrs. J. H. Power, Carrigbarahane House (son); Mrs. K. Raber, Glen, Kilmacshane (sister) and family; Mrs. Nolan, Fenor (aunt); and Daniel Casey, Gawn (brother-in-law), and family.

The Parish Church was filled on Friday morning when solemn Office and High Mass of Requiem were offered for the happy repose of the soul of the late Mr. Power. Very Rev. P. Quilty, P.P., Oromske, Mass.; deacon, Very Rev. M. J. Murray, P.P., Ballyduff; sub-deacon, Rev. T. Draper, C.C., Stradbally; Very Rev. P. Quilty, P.P., Aglish, Mass.; master of ceremonies, Chanters, Rev. J. Grace, C.C., Ballynaneen, and Rev. D. Dawson, C.C., Kilsrossney, C.A. The choir were: Very Rev. E. English, P.P., Stradbally; Very Rev. M. J. Hackett, P.P., Kilsrossney; Very Rev. H. Symon, B.A., P.P., Newry; Very Rev. P. D. Cummins, O.S.A. (Prior), Dungarvan; Rev. J. Hally, C.C., Kilmacthomas; Rev. M. Power, C.C., Kill and Rev. P. O'Shea, C.C., Carrigrohane.

The late Mr. Power was another son of the late Rev. Monsignor Peter Quilty, New York; Very Rev. P. Quilty, P.P., Oromske, New Zealand; Rev. Mother M. Patricia, Convent of Mercy, Stradbally, and Mother Peter, Convent of Mercy, Palmerstown North, NZ.—R.I.P.

I COURSED AND TRACKED

Waterford Do Well at Kilsheelan

At Stud: "KNOCKROE PINE" B.D. Dog. July 1945. B.W. 72 lbs. Carnagh Moon—Baytown Pine.

On the 21st inst. I was at a meeting brought together some good class puppies and my selections in last week's issue, namely, "Blue and Grey," "Grave and Gay" and "Bright Promise," earned their tickets for Clonmel. I particularly liked the way the first named went, as first he slipped he led Lucky, then about 40 lengths and had 100 yards to go in the second round. He led the useful Glen-na-Fall in a good hour and got off very easily. In the third round he led Grave and Gay four lengths but in the semi-final I thought he ran a very tired dog to be led and beaten by the eventual winner of the stake, "Clonmore Mercury." This is a real good puppy and will go well in Clonmel. He has pace above the average and is a good runner of a hare. The only puppy of the stake was Mr. O'Gorman's "Over-rated." This fellow was unlucky to lose, as in a long slip with Clonmore Mercury in the third round he had swung in the top of the field who got the turn by inches and of course that finished it. However to sum up, I think the winner Clonmore Mercury, Over-rated and Grave and Gay will go well in the Derby and I would advise readers to remember them in the long odds setting.

THE winner of the Oaks Elimination Stakes was outstanding and is a first-class bitch. She impressed me in her first course and I marked her as the winner. She has pace and determination and the long ground at Clonmel should suit her. With any luck she should be at Oaks winner.

I was sorry Mr. W. Power's Bright Promise had to be withdrawn owing to illness against Rhynn Bella as I thought she was going very fast on Tuesday and looked as if she would get to the final. Yet I doubt if she would lead the winner in the Derby and I think Clonmel she will, in my opinion, run well as she has good pace and is a good runner of a hare.

The eight dogs which qualified at Kilsheelan are—Rainbow Chaser, Mellow Dusk, Dooling's Hill, Pallas Glory, Grave and Gay, Hue and Cry, Clonmore Mercury, Over-rated (bye in second round).

Seven bitches qualified out of the stake of 25, as follows:—Harry's Comrade, Orphan Princess, Duff's Charm, Darling Iris, Bright Promise, Rhynn Bella (bye in second course); Tanist More.

Only approved Bitches with Vet's Certificate. FEE: 7 GUINEAS (Prepaid). Stud Cards on application.

T. J. STONE

PASSAGE EAST, WATERFORD.

THE Open Stake was divided between Springfield Water and Battle Ranger, both running well taken all around the course was the best I have seen at Kilsheelan for the past ten years. The hares were first class and I must congratulate the judge, Maurice Davin on his faultless decisions and the Kilsheelan Club have once again provided the followers of the leash with first class sport.

WATERFORD COUNTY COUNCIL

Mr. D. Hoskin, chairman, presided at a special meeting of the Waterford County Council at Dungarvan on Monday.

Standing Orders were suspended for the hearing of a deputation from Tramore Town Commissioners in connection with the spreading of separate charges under the Sanitary Services Act, 1948, to the whole of the county health district.

Mr. P. Power, Chairman of the Tramore Commissioners said that the deputation represented the Tramore Commissioners directly and also the remainder of the county and were asking to spread the separate charges to the whole of the county health district. They were asking the County Council to approach it from the people's point of view.

Mr. Kelly said that one of the Lismore Commissioners told him that some of the houses could be repaired there. Some of the people there turned only £3 or £4 a week.

Chairman—If you will not get five tenants from the 20 houses. Mr. Kelly—The only way is to put it on the rates.

Chairman—That is what I am arguing. Mr. Kelly—Suggested if possible to take over the old houses in Lismore and put them in a proper state of repair.

The Chairman said that he pointed out that to the Minister at the conference on housing about a terrace in Lismore. Somebody condemned these houses, but he (Chairman) pointed out to the Minister that if they could be repaired it would be better. The Minister agreed with him.

Mr. Morrissey (architect) said he went through the houses of which there were 50. The scheme provides for 20 first.

The Chairman said he was not objecting to the building of the houses at all, but he wanted to point out the danger that they might be too many houses. He thought half that amount would be sufficient to make a start in Lismore.

Mr. Kelly said he knew people living in this area in Lismore who paid 2/6 or 3/- rent and earned only about £2 15s. a week. If they were asked to pay 7/8 rent they would have very little left.

Mr. Walsh raised the matter of housing in Cappoquin and said he understood that they were to get 40 new houses there. He thought it would be a big mistake to build 40 houses. Ten or 15 would be in favour of, but not at a rent he had heard at the meeting that day. If they had them at a normal rent it would be all right, but no labourer in Cappoquin could pay 16/- a week.

Mr. Kelly—No one can be compelled to pay that.

Mr. Walsh—Who will pay for them?

Mr. Kelly—The rates.

Mr. Walsh—Why should the rates pay?

Mr. Kelly—The County Council is the housing authority. I tell you these things are not worrying me at all.

Mr. Norris—There are a lot of others worrying about it.

Senator Butler thought they should concentrate on these houses that could at a reasonable cost be put in a reasonable condition. In the Lismore houses there were bathrooms. He didn't know what the cost of a bathroom fully equipped would be. He felt that in present circumstances they should not build up to a high standard but build down to a certain cost so that people could pay the rent.

Mr. Morrissey (architect) said provision for the bathroom cost £110.

Mr. Kelly—Or about 60, a week rent.

Senator Butler, continuing, said that there would be only £300 from the Transition Fund for these houses and he thought that the rents would be terribly high and they would not get people to go into them.

Mr. O'Ryan favoured the building of five houses under the scheme and to get information as to houses that could be repaired there.

Mr. Kelly proposed that they get their engineer to inspect the houses condemned in Lismore and see what it would cost to put them in good repair.

Replying to Mr. Kelly, Mr. W. O. Morrissey said it was his considered opinion that 20 houses were needed there.

On the question of survey of the houses in Lismore, raised by some of the members the County Surveyor said that in the first survey made he reported that 15 houses were needed to solve the housing problem there. In subsequent survey the number was reduced to 10, so they felt that they could build 20 in safety.

Mr. O'Ryan said that they were going beyond the bounds as regards the building of houses. He held that the reconstruction of old houses would be better and that houses should not be demolished.

Replying to Mr. Walsh, the architect said a site had been selected but not acquired yet in Cappoquin. He told Mr. Quirk that the site had been selected yet in Cappoquin.

It was agreed to build 12 houses in Lismore and that landlords there be requested to carry out repairs immediately and in the event of failure to do so the Council would take over the houses.

ROAD WORKS SCHEME. The gross total submitted by the County Surveyor in respect of the provisional roads works scheme was £246,675, as against £145,761 last year.

Mr. Quirk—I think to make it short we should strike last year's estimate.

Chairman—You have not the other estimates before you yet.

Chairman—How will this vast expenditure show itself in the finished article?

County Surveyor—What do you expect me to say only it will show itself very well.

worse position this year than last year. There had been increases in wages, foodstuffs, etc., but there had been no increase in the price of produce.

Mr. Kelly—I'd like farmers to take the cheerful side and not the gloomy side.

Chairman—There is no man who can say that he is better off now than last year.

Mr. Kelly—One out of every four has a new motor car now.

Chairman—He is entitled to a car if he wants it.

To a question by Senator Butler if there were any credit balances available, the County Manager said there was none.

Mr. B. Barron referred to the item of £8,000 for repairs to cottages and asked was that the same for the past few years.

County Secretary—It was about the same last year.

Mr. R. Barron, continuing, said he believed that that was an outrageous amount for repairs to cottages. As far as he knew and from information he got, there was a lot of waste of stuff for the repairs to cottages.

Mr. Barron continued—As regards repairs to cottages, he thought that about eight tons were brought to Passage and left there until it turned into blocks and was then taken away again. I think that is a disgrace.

Mr. Kelly also gave information regarding alleged incidents regarding cottages.

Mr. O'Ryan said that £80,000 would not repair the cottages because they were "built rotten".

Mr. R. Barron said that there were complaints that some people could not get their cottages repaired while other people could not get them repaired at all. He added there should be more supervision over the men repairing them, who came when they liked and left when they liked.

Mr. Quirk agreed saying that some people could get their cottages repaired several times and other cottages were not touched at all.

Mr. Jephson, Assistant County Surveyor, replying to Mr. Barron's allegation about cement, said that the cement was kept in a garage and did not go bad.

Mr. P. Barron—There was cement in Passage for eight months. I don't know what happened to it but maybe it was used on the cottages that were not repaired (laughter).

Mr. Leahy—I have seen cottages repaired year after year and it was a waste of money.

The County Surveyor said that they had no choice at the moment to get men to repair cottages. They could not get plasterers; they could not even get a handyman.

Chairman—The complaint about the men idling should be taken up by the engineers.

Mr. Quirk and Mr. O'Ryan then formally moved that the same estimate for the roads be recommended for the coming year.

A rather general discussion then ensued as regards the incapacity of farmers to pay a higher rate, it being contended that the position of farmers had not improved. Reference was made to the price for potatoes and oats.

Mr. Quirk, appealing on oats, said that Mr. Dillon had stated that they didn't get as much as would cover the floor, "but" added Mr. Quirk, "I can cover the floor for him with oats from Ballyduff".

The County Surveyor said that in this year's estimates the estimate for main roads had been reduced and the estimate for the county roads increased and that was done to meet the demands coming up from time to time at meetings. He would like to apologise that the increase was in county roads.

Mr. Kelly said that they should provide at least in addition to last year what they gave the workers in increased wages, so that there would not be less employment.

Following further discussion, it was decided to adjourn further consideration to the next meeting of the Council.

Following a short discussion, the notice of motion in Senator Butler's name that the Council adopt Part III of the L.G. (Sewerage) Act, 1948, as from April 1st, 1949, was passed. Mr. Kelly seconded.

ROAD WORKERS' WAGES. The County Surveyor reported that an increase of 1s. per week in the wages would amount to £1,500 in the year and an increase of 4s. per week, 26,000 per year. The present wages were £2 16s.

On the proposition of Mr. T. Morrissey, seconded by Mr. Kelly, it was agreed to increase the wages to £3 2s from January 1st, 1949, with appropriate increases to gangers, etc.

WEEKLY PAYMENT FOR ROAD WORKERS. A circular from the Department recommended to the Council the adoption of a scheme whereby road workers could be paid weekly instead of fortnightly.

The County Secretary reported that to adopt the Department's recommendation would cost £14,000 per year, which included the salaries of additional staff, cottage, etc.

The Chairman favoured adhering to the old system. He thought that none of the permanent workers objected to the present system. It was a hardship on casual men but not on permanent men. He suggested that the Council stick to the old system.

Mr. O'Ryan—Could the office do something about the temporary men? Could those be paid weekly?

County Surveyor—If they started on the second week of the fortnight they could get paid weekly.

Replying to Mr. Kelly, Mr. Boyle said that the wives of these men about a dozen or so, came to the office for the pay checks.

It was decided to adhere to the old system.

ARAGLEN BRIDGE. A letter from the Cork County Council reported the completion of Araglen bridge. The cost was £11,000 and application for half the amount was made to the Council.

Mr. Quirk said a good job had been done there which did not cost the £5,000 estimated.

RENT OF NEW COTTAGES. The County Secretary reported that the rent of the cottages was £1 and application for half the amount was made to the Council.

Mr. Quirk said a good job had been done there which did not cost the £5,000 estimated.

The holy ceremony was celebrated by the Very Rev. J. Roche, P.P., Abbotside, assisted by Fr. F. Power, P.P., and Rev. J. P. Walsh, C.C., Ballyduff (cousin of the bridegroom). The contracting parties were Kathleen, daughter of Mrs. and late late Palk, Daly, of Hill, Ballyduff, and Patrick, only son of Thomas and Mrs. Dunphy, Grawn, Killores. The bride, arrayed in a navy two-piece with accessories to match, was attended by her bridesmaid, who wore a royal blue two-piece and both looked very chic. The "groom" was attended by his brother as best man. After the ceremony, breakfast was served at the home of the bride's mother, where a big number of guests were entertained. The bride and groom were accompanied by the bride's father leaving later for Dublin before the honeymoon. Mr. and Mrs. Dunphy were the recipients of numerous presents to mark the auspicious occasion. We join their hosts of friends in wishing them all the best in the years that lie ahead.

Kilmathomas Notes.

Sympathy.—A great wave of sympathy goes out to the widow (nee Cuddy), sons (James, Michael, William, and John Joe), and daughter of Mr. John Downey, County Council workman, who died at the Infirmary, Waterford, from injuries accidentally received when he was crushed by a lorry against a wall at the old Workhouse, Kilmathomas, on Friday evening of last week. Deceased was a conscientious and very decent man, whose gentle, amiable and kindly disposition won the respect and esteem of the people of the town and district. The exceptionally large funeral procession which accompanied the remains from the city on Saturday evening to the Parish Church, Ballyduff, and again on Sunday, when the interment took place in the adjoining cemetery, marked the feelings of respect for the memory of the deceased. Very Rev. M. J. Murray, P.P., Ballyduff, officiated at the graveside. May he rest in peace.

Death of Miss N. Power.—A most gracious and worthy lady, in the person of Miss Nora (Nana) Power, Knockyolan, Kilmathomas, passed her eternal reward on Saturday last, following a brief illness, and her demise will be for many an unexpected loss to a family of which she was the late Miss Power had a very attractive manner, was generous of heart, and had a mind free from bitter prejudices. Generosity and kindness, straightforwardness and candour were elements that went to make up a fine character, and the peace she possessed in large measure. Her earnestness and sincerity had secured for her a warm place in the affection of those with whom she came in contact. She belonged to a family line, and held in high regard by numberless friends, she was a most exemplary and devoted member of the Catholic Church, and she used God's graces well from the first. There was an extremely large and representative attendance at the removal of the remains on Sunday evening to St. Bridget's Parish Church, Kilmathomas, where the coffin was received and blessed by Very Rev. M. J. Hackett, P.P., do. On Monday morning Fr. Hackett, P.P., and Fr. Dawson, C.C., each said a Requiem Mass for her soul, and at 12.30 p.m. during the burial took place in the adjoining cemetery. The prayers at the graveside were read by Fr. Hackett. The chief mourners were: Mr. John Power, Curraheen Cross, Kilmathomas (brother); Miss Johanna Power, do. (sister); Mrs. Bridget Kiely, Ballynahogue, Kilmathomas (sister); Mr. John Power, Kilmathomas (nephew); Mrs. M. Naughton, Dublin (niece); Mrs. Margaret Power, Killybegs Cross, Grange, Youghal (sister-in-law); and family. Many Mass cards and messages of sympathy were received. R.I.P.

Death of Miss E. Troy.—After a somewhat protracted illness and in her 84th year, Miss Elizabeth Troy, of Kilmathomas, passed away peacefully on Sunday last. A member of a well-connected local family, the deceased was a highly cultured and generous-hearted lady, and her entire life was of a most upright and edifying nature. Her passing has left a void not easily to be replaced, and many expressions of sympathy have been tendered to her bereaved ties. A vast concourse of neighbours attended at the removal of the remains from the residence on Monday evening to St. Bridget's Parish Church, Kilmathomas, and again at the interment, which took place in the adjoining cemetery, after the celebration of Requiem Masses. Very Rev. M. J. Hackett, P.P., pronounced the final absolution at the graveside. Peace to her soul.

Snowfall.—Snow fell on the Comeragh Mountains on Sunday night. Popular Newtown Neighbourhood.—His numerous friends and well-wishers sincerely sympathise with Mr. James Mansfield, blacksmith, Newtown, Kilmathomas, on the death of his sister, Miss Catherine Mansfield, which took place recently in America.

Spring Valley Hall, Bonmahon.—A splendid attendance of devotees thoroughly enjoyed the grand dance (9 to 3) brought off here on Sunday night last. There was not a dull moment from commencement to close, the music being rendered by Busty Griffin and his band (Waterford) with wonted ability. Patrons did full justice to the good supper provided.

The Monthly Fair.—There was a large supply at the Kilmathomas January fair, held on Tuesday of this week, and at which cattle in condition were in keen request at prices about £1 per head above those of the preceding month's fair. Notations: 3 year old bullocks, £37 to £45 each; 2 year olds, £29 to £36; yearlings, £15 to £18; 3 year old heifers, £25 to £28; springers, £30 to £40; 2 year old heifers, £20 to £25; yearlings, £13 to £16. Fat hoggets, £6 10s. to £7 10s.; store pigs, £5 10s. to £7.

Courting Dance.—The 27th annual dance under the auspices of the Newtown, Kilmathomas and District Courting Club takes place at the New Ballroom, Portlaoine, on to-morrow (Sunday) night. Music by Busty Griffin and his Waterford Swing Aces, dancing from 9 to 3; admission 4/- (supper extra); mineral bar. A bus will leave Kilmathomas (via Newtown and Carroll's Cross) in connection with the dance at 8 p.m. A bumper gathering is anticipated, and a sparkling social assured.

A County Function.—The annual dance (9 to 3) of the Stradbally Harriers at Stradbally Parish Hall on Sunday night week (6th prox.) is eagerly looked forward to by the youth and beauty of the Barones. Music by Jimmie Cawley and his orchestra (Guest Band, Olympia Ballroom, Dublin). Wines and spirits; buffet; admission 5/-.

Coffey, James O'Brien and James Norris.

DUNGARVAN U.D.C.

Mr. T. McCarthy, chairman presided at the meeting of the Dungarvan Urban District Council on last Friday night. Also present—Messrs. T. Kyne, T.D.; M. Clancy, Senator J. Butler, Messrs. S. J. Moynihan, Manager; E. Deery, Clerk, and J. O'Malley, Acting Borough Surveyor.

Turf Complaint.—Arising from one of the Manager's orders, Mr. Clancy said that several complaints had been made to him about the turf supplied under the cheap fuel scheme. He asked the Clerk where was the turf being got from.

Clerk—Fuel Importers.

Mr. Clancy—A woman told me she got a bag of dirt and another woman said she got a bag of goo.

Chairman—The same thing was said to me, but I think there is an improvement since.

Grants for House Repairs.—The next item on the agenda was (a) to consider the making of grants to persons required to carry out repairs to houses which can be rendered fit at a reasonable cost, and (b) acquiring houses with a view to affording necessary repairs where houses can be rendered fit at a reasonable cost and where the owner is not prepared to carry out the necessary repairs.

Correspondence was read from the Department in connection with these matters, it being stated that the Department wished to know the Council's views on the matter.

The Clerk pointed out that a grant of £80 could be given for each separate dwelling or one-third of the cost, whichever was the smaller.

Senator Butler said that if a grant were given to one person it must be general. He asked how many applications had been made by landlords.

The Clerk said that the number of such houses was estimated at 28.

Senator Butler—There are no applications for grants at the moment?

Clerk—The Council has not decided to give grants yet.

Mr. Clancy—Did not some people say they intended to carry out repairs?

Clerk—Two parties have. Acting Borough Surveyor—You could not compel them to carry out the repairs at the moment.

Senator Butler—I think it would be safer to adjourn it.

Mr. Clancy said it would cost a lot of money to repair it. He asked a question before if a landlord was entitled to increase the rent for the repairs and to what extent, but did not get an answer yet. It would be hard to expect landlords to expend money on repairs without getting some return on it. Landlords were reluctant to do anything about houses that were condemned.

Mr. Kyne said that before doing anything about such houses, they must build the Abbeyside ones. They would not know where they were until these were built.

Clerk—The Department is anxious to know if the Council will acquire houses if the landlords will not carry out repairs.

Mr. Kyne thought the Council should acquire them before they fell down. As regards the making of grants, he said that would put up the rates and the Council would have no claim on the houses. He thought it would be bad policy to give grants.

Mr. Clancy, referring to condemned houses, he said that he had a list of houses in Abbeyside living in a five-roomed house to which was attached an acre of land. The man paid 4/6 a week and his house was to be demolished. He thought it would be a crime to demolish that house.

Senator Butler said that if this man's house was demolished he would be deprived of everything.

Mr. Clancy said he hoped that they were not going to do everything the Department told them. The Council knew more about these matters. If the Council carried out all these things there would be gaps every place in the town. There was no need to clear areas at all.

The Chairman said he didn't think it was in the mind of the Council to knock houses. The Chairman also agreed with Mr. Clancy as regards the house in Abbeyside mentioned by him.

Manager—There is no question of demolishing areas at the moment.

It was decided to inform the Department that the Council was considering the matter of acquiring houses where landlords were not disposed to repair them.

Abbeyside Housing Scheme.—A written report on the progress of the Abbeyside housing scheme was read from the Acting Borough Surveyor.

To Mr. Kyne, he believed that some of the houses would be ready for occupation by May or June.

Increase in Wages Application.—An application by the local branch of the A.T. and G.W.U. on behalf of the employees of the Council for an increase of 10/- a week in their wages was deferred.

Proposed Rents of Abbeyside Houses.—A letter from the Department stated that the grant from the Transition Fund would be £400 per house and that that grant would have regard to the rents charged and the contribution from the rates. The letter also stated that the rents should show a 20 per cent. increase over present rents and that there would be a grant to set off the change in the interest on loan charges.

The Clerk then presented revised calculations of the proposed rents for the Abbeyside housing scheme. These were (previous proposed rents in brackets): 18 houses, 14/10 a week; rates, 4/11—total, 18/11 (22/2); 18 houses, 14/11; rates, 3/8—total, 17/7 (20/3); 8 houses, 13/2; rates, 3/6—total, 16/8 (19/8); 32 houses, 13/2; rates, 3/6—total, 16/8 (19/8).

Senator Butler asked what was the rent of houses of similar type at the present moment.

The Clerk said there was no equivalent scheme, but the nearest one was the last scheme and the rents varied from 8/6 to 8/1 a week.

The Acting Borough Surveyor said there were no 5-roomed houses in that scheme.

The Clerk said that there were 18 houses but not in the remaining 36. There was provision for 18 houses in them. His calculations were based on that.

Senator Butler said having regard to the Department's statement that the rents should be 20 per cent. higher, that on the rents of 8/7

Ballymacarbery & Nire Valley Musings.

Death of Mr. James Harney.—We regret to announce the death of Mr. James Harney, Glendalough, Ballymacarbery, which sad event took place at his residence on the morning of January 17th, last, fully fortified by the rites of the Holy Catholic Church, of which body he was a most devout and exemplary member. Deceased, who had reached the fine old age of 97 years, belonged to an old and highly respected family and was well and popularly known throughout Counties Waterford and Tipperary. His kindly and unassuming manner and cheerful disposition made him a firm favourite with all sections of the community, who now mourn the passing away of a truly remarkable man. He was a member of the grand type of Irishman. He was a devoted son and other relatives we tender our deepest sympathy in their bereavement and sorrow. The funeral took place on Wednesday, 19th inst., to Killaloe Cemetery, Clonmel, and was followed by one of the largest funeral processions seen in the district for some time, which testified to the popularity of deceased and his family. R.I.P. The immediate chief mourners were—John, James and Bartholomew (sons); Mrs. Catherine Harney, Ballymacarbery; Mrs. Ellen Harney, Glanore, do. (daughters-in-law); James, Kitty and Nellie Harney, Ballymacarbery; James, Michael, John and Nellie Harney, Glanore (grandchildren). A large number of spiritual bouquets and messages of condolences were received.

Telephonic Link-up.—During last week work was completed on the installation of a public telephone at the residence of Mr. Michael Harney, Nire Valley. A longfelt want in the district, expressions of satisfaction can be heard on all sides at its fulfilment.

Sympathy.—Sincere sympathy is extended to the Halley family, Monastrol, Ballinacorney, on the occasion of their recent sad bereavement, caused by the death of their only son, Mr. Margaret Halley, who died recently. R.I.P.

Enjoyable Dance.—Patrons from all parts of the district and of those surrounding at the dance held in the Hall, Ballymacarbery, had a most enjoyable night. All arrangements at the hands of our genial proprietor, Mr. Denis Duce, were as usual carried out in a prompt and expeditious manner, while delightful music was supplied by Jackie Murray and his band of instrumentalists. The dancing music of this popular band, dancing continued with unabated zest until the strains of the National Anthem brought to a close the most enjoyable function ever held in the district for some time.

Popular Young Man Departs for U.S.A.—Good luck and success to Mr. Thomas Moloney, Fourmilwater, Ballymacarbery, who left our midst during the week en route for U.S.A. He is son of Mr. and Mrs. Moloney and brother of Miss Bridget Moloney, shopkeeper, Fourmilwater. A young man of outstanding character, his many friends unite in wishing him "bon voyage" and all the best that life can offer in the land of the Stars and Stripes, where he will join a sister who emigrated several years ago.

For the last housing scheme, it would work out at 10/7 a week and "the difference is—6/- (smiling) to go on the rates.

Mr. Clancy—What a hope! The people said that the bathrooms made only a difference of 6/- a week.

Mr. Kyne said that there was one thing he was worrying about and that was the people whose houses will have to be knocked to complete the scheme. Mr. Kyne said that he thought that they would be over-scrubbed with applications for the houses.

The Chairman said that the ordinary working man could not pay the rents for the houses. A lot of them were casual workers, getting work for about six months in the year.

To Mr. Kyne, the Clerk said he had already got inquiries about the houses.

The question of the contribution from the rates was then brought up, the Clerk asking was it the intention to be in the case of the 18 houses to reduce the rents?

The Manager thought it well to get a direction from the Department about that. He pointed out that Kilkenny Corporation had appointed a deputation to see the Minister and getting more from the Transition Fund.

The Clerk said that a reduction of 1/- per house per week would mean an increase of 4d. in the rates.

Mr. Kyne—And if you bring them down by 6/- it will mean 2/- increase. Senator Butler—You are not going to shift people from houses that can't pay?

Acting Borough Surveyor—You must shift a number to complete the scheme.

It was agreed that Mr. Kyne and Senator Butler interview the Minister about getting an increased grant.

Road Works Scheme.—It was agreed to recommend the same amount—£1,200—in respect of the Council's road works scheme to the County Surveyor.

Electricity Cables.—Mr. Kyne referred to two occasions on which the overhead electricity cables running across the Causeway had been broken and said that in the interests of public safety they should be put underground. Only for the prompt view in which Mr. Coleman and his assistant repaired them on the last occasion there might have been loss of life. Mr. Kyne also asked that a transformer should be erected in Abbeyside at the place where there was greater than the load.

The Acting Borough Surveyor said he had already made representation to the E.S.B. regarding the matter and had got a reply that was respecting favourable consideration.

It was decided that the first request by Mr. Kyne to overhead cables be brought to the notice of the E.S.B.

TOURANEENA AND DISTRICT NOTES

Marriage Ceremony.—The Parish Church, Modeligo, was the scene of a very pretty and picturesque wedding on Tuesday last week, when the marriage was solemnized with Nuptial Mass, by Very Rev. Father Shine, P.P., Modeligo, of Michael, son of the late Thos. and Mrs. Kiely, Lyrette, Modeligo, and Peggy, daughter of Edmund and Mrs. Farrell, Langanoran, Modeligo. The bride was given away by her father, and the bridegroom, sister of the bride, acted as matron of honour. Mr. John Kiely, brother of the bridegroom, was best man. After the ceremony a reception was held at the home of the bride, following which the happy couple left for Cork, where the honeymoon was spent. The bride and bridegroom were well accompanied by members of the farming community and enjoy a wide measure of popularity in their native districts. They were the recipients of numerous and costly wedding presents, and their many friends join in wishing them every year of abundant bliss.
