## DUNGARVAN U.D.C.

### CALL FOR REDUCTION OF RENT ADJOURNED.

The usual meeting of the above council was held at the Town Hall, Dungarvan, on Friday night, Mr. T. McCarthy, chairman, presiding. Also present were—Messrs. L. A. Veale, Mr. Clancy, J. Goode and Senator J. Butler. The Town Clerk (Mr. E. Deery) was also in attendance.

### Light Application Again Adjudged.

The application from residents of the O'Connell Street area for an extra light to be installed outside the Irish Chemicals Industrials was again adjudged as the council is still awaiting information from the E.S.B. as to costs.

### Demolition of House—Poor Consideration for Owner.

Mrs. Carey, Abbeyside, wrote stating that she would like to have a reduction in the rent of the house which she will get in view of the fact that the council demolished her own house and charged her £15 for doing so.

### Chairman—We were all led to believe that people would be only too willing to pay £1 a week for that all could not possibly afford this. Granted, there is no fear of some people, but then to reduce the rents we must consider the residents of other council houses such as those in Leaghmore, Cathal Brugha Place, Garvan's Terrace, Fitzgerald Place, Keating Street and Patrick Street. We don't want to put more rates on them. They have to be considered low. There are many people in rooms to-day paying £1 a week for them and they would not mind paying the same for a new house. They have told me so.

### Mr. Veale—They would not pay this amount but circumstances compel them to do so.

### Chairman—I know all that, but the point is we have to consider those who cannot afford to pay any more than they are paying at present.

### Mr. Goode—The people who can afford to pay the £1 a week are the wrong people. It is the poor man who is badly in need of a house and who cannot afford to get what he needs. The scheme is far too elaborate.

### In reply to a question, the Clerk pointed out that 115 applications had been received for 74 houses. All the various houses had been fully applied for.

### Mr. Clancy stated that they cannot look to just one side of the story. If they do things will go too far. To reduce the rents of the Abbeyside houses would mean that they should increase the rates and they should remember that the Gallowishall housing scheme is yet to be provided for, not to say that it would be made on them. They need houses for the people who are housed at a nice price. The Government and the ratepayers support the scheme generally and now the position was some can't afford the houses and cannot afford to pay the rent. It is a desperate need of them. Mr. Clancy here referred to the rent of the houses they might as well forget about the Gallowishall housing scheme.

### Mr. Clancy then proposed that the matter be left to the architect.

### Senator Butler—Sure the matter is not on the agenda for tonight.

### Mr. Veale here pointed out that it was an adjourned matter but that he would like to see it put on it on the agenda for the next meeting.

### This was unanimously agreed to and it was also decided to request the Manager to attend.

### MEETING OF HARBOUR BOARD.

Immediately after the Urban Council meeting the usual meeting of the Harbour Board took place. The Harbourmaster, Mr. Curran, was in attendance.

Arising out of the minutes, a rather lively discussion took place on the piling of timber at the quay.

The members pointed out that the timber should not be allowed to protrude over the edge of the quay as it would be a danger both to man and to ships. They stated that the Harbourmaster should be on the spot every time a load of timber is taken to the quay.

Harbourmaster—The Superintendent will not allow the timber to protrude over the edge of the quay as it would be a danger both to man and to ships. They stated that the Harbourmaster should be on the spot every time a load of timber is taken to the quay.

Chairman—At this stage, asked how many chains were used on the quay, to which the Harbourmaster replied that they were at all the approved places with the exception of where they

had been knocked down. Mr. Veale pointed out that the chains should be all along the quay for proper protection. Mr. Curran here drew attention to the fact that they were discussing the position of the timber and not the chains.

Chairman—Why not prevent the timber from being placed out over the quay?

Mr. Curran—What can I do when the Superintendent will not allow the timber to come out on the roadway?

Mr. Clancy—The Superintendent also in attendance. He is, of course, right, but you too have your own responsibilities. The timber is at present being lashed on any way and is coming well out over the quay. If a man falls into the sea and is drowned we would be held responsible, that is, of course, if he fell over the edge. If he should tell the Superintendent that, and that you cannot allow it over the edge. Anyhow, it can be considered an obstruction.

Mr. Curran—It can be considered a valuable export and provides employment for men.

After further discussion on the matter it was suggested that the timber should be piled the other way, that is parallel to the quay edge.

The Harbourmaster was not altogether in favour of this as he made out it would be inclined to roll into the sea.

The Chairman stated that they and no objection to the timber being piled properly and the carter should be made to do this.

Mr. Curran—I have no say as to where the timber is placed. You mean to tell me that the timber can be thrown anywhere around the quay.

Mr. Curran—No, I am responsible to a large extent, but the law is a big say in the matter too.

Senator Butler—Who is responsible in an accident occurs because of the timber not being properly piled?

Mr. Curran—I do not know.

Senator Butler—The council would be responsible and as you are an officer of the council, it is your duty to see that there is no obstruction on the quay.

Mr. Goode—And on the other side, he has the law to worry about.

Mr. Clancy stated that they were to-day living in straits. It was not a pleasant situation. He pointed out that in the case of an accident to person or thing, and it was their duty to see that such an accident does not occur.

Finally, it was agreed to pile the timber parallel to the edge of the quay from now on, and see how it works out.

Considering the application for sanction of an overdraft, accommodation of £500 on the 31st December, account Butler said that he understood they were to be very careful about the transfer for the general account and asked for details of this account.

The Town Clerk pointed out that the account only had £400 on it and that he had nothing to do with the other.

Senator Butler—I thought that account was banked up from now on they could look forward to about £1,000 a year from the harbour account. Senator Butler here referred to the rent of the houses they might as well forget about the Gallowishall housing scheme.

Mr. Curran—We are not under the Harbour Act at all like other places and if we were the Government would back us as they have done elsewhere.

The Town Clerk pointed out that to do that would mean transferring from the general account to the harbour account.

Mr. Clancy here referred to the rent of the houses they might as well forget about the Gallowishall housing scheme.

Mr. Clancy then proposed that the matter be left to the architect.

Senator Butler—Sure the matter is not on the agenda for tonight.

Mr. Veale here pointed out that it was an adjourned matter but that he would like to see it put on it on the agenda for the next meeting.

This was unanimously agreed to and it was also decided to request the Manager to attend.

AT STUD "O'Connell Street King" Black Dog, 75 lbs. By Well Squared & Blue Baby II.

WELL SQUARED was one of the greatest track sires ever, with BLUE BABY II, always ran in top class in England and was holder of two track records.

Dunlop's best career O'Connell Street King consisted of wins and 1 second in 7 starts, and since being retired to Stud has proved a champion sire.

First bitch mated to him—three boys sired from litter—2 dogs sold for £200 and one at 255 guineas.

Further particulars of winners and bitches mated to him recently published in "The Observer" p. 12 GUNTERS, to approved bitches.

Further particulars apply—LIAM MORRISSEY, 32, O'Connell St., Dungarvan.

COMHAIRLE CONDAE PHORTLAIRGE (WATERFORD COUNTY COUNCIL). SCHOLARSHIPS IN SECONDARY AND VOCATIONAL SCHOOLS, 1950.

THE County Council of Waterford has decided to

Ballyduff, Moorehill, and Knockanore Notes.

In Gaelic circles—The Gaelic season now drawing to a close has proved to be a lean one in local Gaelic circles, and one is inclined to ask should it be so. Every club in town or country experience their lean periods—older players are retiring and the younger ones are not experienced enough to replace them, while the biggest scourge of all nowadays is emigration, the effects of which are being felt by every club in the country. With competitions now at a standstill and playing fields empty, now is the time to begin putting things in order for 1950. The grand Gaelic spirit which has always prevailed in the Blackwater village is not dead, but sleeping, and we feel sure that 1950 will see the wearers of the fur-famed red and white again to the fore—Gaelic of the historic parish, get going. Now is the time to organise for the coming season, and we feel sure that Ballyduff will soon regain the high prestige which it held in former days, and who knows but the elusive championship may find its way to the Blackwater village in 1950.

Popular Gardas Transferred.—Much regret is expressed in Ballyduff at the transfer of Garda J. Kelly, who during his five years' sojourn in the local station proved himself to be an efficient, courteous and conscientious police officer, and his transfer to Mooncoin is regretted by all. His numerous friends join in wishing him every success in his new surroundings. Garda J. Hayes, Mooncoin, replaces Garda Kelly at Ballyduff.

Estimated Knockanore Resident Passes.—It is with very deep regret we record the death of Mr. Wm. Richard Moloney, Knockanore, which sad event occurred on the 9th inst. following a rather protracted illness and at a moderately advanced age. Deceased was a member of an old, widely connected and highly respected family, and was held in the highest esteem by all classes of the community. Gentle, kindly and unassuming, he made numerous friends, who one and all regret the passing of a good neighbour and a sincere friend, and all unite in tendering very deep sympathy to his bereaved widow and family in their sorrow and loss. On Thursday evening the remains were removed to Knockanore Church, where they were received by Very Rev. M. Power, P.P., assisted by Rev. P. J. O'Reilly, C.C. The accompanying funeral cortege was both large and representative. On Friday morning Requiem Masses were offered up for the happy repose of his soul. In the afternoon the interment took place in the adjacent cemetery, in the presence of another large gathering and amidst every manifestation of very deep regret. Very Rev. F. Power and Rev. P. O'Reilly officiated. The chief mourners were: Mrs. B. Moloney (widow), John, Thomas, Richard and Wm. Moloney (sons), Miss N. Moloney (daughter), Mrs. J. Driscoll, Mrs. K. Driscoll, Mrs. E. Cashman, Mrs. J. Coughlan (sisters), Mrs. J. Moloney (daughter-in-law), John and Michael O'Connor, John and Richard Coughlan, Patrick and Daniel Moloney, Richard, Jerh, and Sonny Driscoll, Knockanore; John and John Driscoll, Ballymacoda; Ed. and Richd. Cashman (nephews); Mrs. K. Cahill, Mrs. J. O'Connor, Mrs. M. Rordan, Mrs. W. Browne, Misses Joe and Nora Moloney, Peace Cashman, Hannah Driscoll (nieces); John Driscoll, Patrick Williams, Thomas John, and Ted Russell (brothers-in-law); Mrs. D. Moloney, Mrs. McGrath, Mrs. O'Sullivan (sisters-in-law); Mrs. Michael and Patrick Barry, Wm. Barry (cousins), May Barry (niece) and her husband, Mr. Wm. Roberts left for Southampton to rejoin his ship, being attached to the Navy.

WEST WATERFORD NEWS

Hunting.—Enthusiasts in Clashmore area are disappointed that no meet of the West Waterford Hunt for the current month. It is understood, however, that the big annual meet will take place at Clashmore on St. Stephen's Day, when the usual big gathering is expected to flock to the popular centre. Since the formation of the West Waterford it has been the custom to hold the St. Stephen's Day meet at Clashmore and any departure from that practice would be strongly resented by the people of the locality.

Escaped Lunatic Captured.—An inmate of Waterford Mental Home, who escaped from that institution recently, was captured by a party of Gardaí near Kin-siebeg on Sunday last. It appears that a bus conductor who knew about the missing man observed him on the road and telephoned the Gardaí.

Aglish Dance.—A very successful dance, under the auspices of the popular auspices of the Modeling Excursion Club, was held in the Glebe Hall, Aglish, on Sunday night last. There was a record attendance and all had a very enjoyable time. The featured music of the function was the sparkling music supplied by the band.

Next Sunday Night at the Glebe.—On Sunday night next the Kilmacthomas Dramatic Society will present in the Glebe Hall, Aglish, Liam D'Alton's popular three-act play, "The Money Doesn't Matter." An outstanding variety show will complete a splendid and very attractive programme. A grand claret-dance will follow. For details see advt. in this issue.

Rural Electrification.—Twice in three years a canvass has been carried out in the Clashmore area for the purpose of ascertaining the number of householders willing to avail of the Rural Electrification Scheme. In each instance the response has been most encouraging. The canvass in each case was carried out on the advice of the E.S.B., who stated that they considered the scheme to be as far away as ever. Old Age Pensions Committee will be held in Clashmore on to-night (Saturday). All members are asked to attend.

FALLOW NOTES

Grand Entertainment.—On Wednesday night, Nov. 9th, a grand variety entertainment was given at the Regia Cinema, Tallo, by members of the Tallo Dramatic Society, before a large audience. The members of this Society are to be congratulated for their excellent performance, especially as the majority of them were facing the footlights for the first time. Despite many counter attractions and unfavourable weather the attendance was well up to expectations. The programme opened with a number of choruses by the troupe including "Four Leaf Clover," "Happiness," "The Echo Told me a Lie" and "You and Me." Mr. T. Quinn received a great ovation for her singing of "Silent Night" and "Ave Maria." Mr. T. Cunningham then appeared and sang two songs "Sweet Sixteen" and "One day when we were young" which were very well received and applauded. A display on the horizontal bar by Mr. S. Frazier was the next item and he received rousing applause. The next act was "Kinship" by J. B. McCarthy with the next item and was followed with much interest. The next item was "The Boy Who Went to Sea" by Mr. T. Cunningham, who appeared and sang two songs "Sweet Sixteen" and "One day when we were young" which were very well received and applauded. A display on the horizontal bar by Mr. S. Frazier was the next item and he received rousing applause. The next act was "Kinship" by J. B. McCarthy with the next item and was followed with much interest. The next item was "The Boy Who Went to Sea" by Mr. T. Cunningham, who appeared and sang two songs "Sweet Sixteen" and "One day when we were young" which were very well received and applauded.

"In Your Kitchen Garden"

Pea stakes of this season may serve another if banded up and stored under cover, failing which place them under a high wall or fence, standing the bundles on end so that water runs through them to the bottom. Rhubarb plantations of long standing are best re-made every third or fourth year. By taking up half the crowns for dividing and re-planting these in new well-dug and manured ground, there will be no excuse for pulling them from next season, as the old crowns untouched will ensure a steady supply. Make good any losses in the spring cabbage plot and dust with soil or lime around the plants if slugs or leather jackets are about; make firm and finally earth up to protect and drain them. Fallen leaves are valuable. Gather them in a heap and allow to rot or dig in or mix with manure to make this good further. Dig up roots intended for forcing and those roots to be used to expose these roots to frost. They rub more easily later. Vegetable rubbish is plentiful and must not be wasted. Either dig in or place on a compost heap to rot into manure. All diseased and woody stuff should be dried and burned and the ashes saved to put on onion beds next spring. FLOWERS.—The growth of dahlias is injured by frost the growth may be dug up and placed in a frost-proof shed. See that each plant is correctly labelled and those especially marked which will be required for propagating purposes. If November is a good time to lift and divide Lily of the Valley. This is only needed every third or fourth year or when they become overcrowded and cease to flower in the best positions. A shaded position should be chosen and if the soil is heavy it can be improved by adding leaf mould or old peat soil. One of the best methods of getting cuttings of early flowering Chrysanthemums is to lift a few roots of each variety in pots or frames, labelling each variety so that no mistakes are made. FRUIT.—Black currants were not pruned, cut out the old wood at once. Discard old bushes and also cut out old Raspberries and Loganberries and tie up to wires or trellis. Give the fruit trees a good spray of lime sulphur. If a part of the garden is wet and more sticky than the other, such might be planted with Raspberries or Black Currants. Strawberry plants in pots can have to be plunged for the winter, but before doing so each pot should be examined to see that worms have not bucked the plants. On many holdings apple trees are sorely neglected and are in some cases only fit for firewood. Something can be done to bring them back to a profitable state by proper pruning, feeding and spraying. Attend to the pruning and manuring, and finally the spraying. Don't be too drastic with the pruning for the first season as it would upset the tree training.

CAPPOQUIN NOTES

Cappoquin Man to Broadcast in U.S.A.—An interesting item of news has just come to hand from the U.S.A. It concerns Nicholas Regan, son of Mr. Thos. Regan, Allen Street, who, following service in the Irish Army during the emergency, left for the United States in June of last year, and is to be elected that "Nick" has been engaged to sing from the Portland (Oregon) Broadcasting Station. The young Cappoquin man's radio engagement followed his appearance at a concert recently given at the principal theatres, when his singing of several Irish melodies won him tumultuous applause. In the broadcasting service, who was so impressed that he offered "Nick" a radio engagement. We offer the young singer our sincere congratulations and hope that his future on the air will be happy and successful. Local Riders Again Successful.—We offer our congratulations to the brothers Michael and Willie Sargent, who, despite a bad grass and a strong display of ground track riding in the "Scramble" held at Sunday, P.L. Limerick, on last Sunday, were leading Cappoquin riders in the competition and the winners of the four heats were: P.L. Neenan, Limerick; Denis O'Neill, Dunnamanaway; W. J. Sargent, Cappoquin; and Michael J. Sargent, do. The final was a thrilling affair and resulted in a win for Michael, a close second was his brother Willie a close third and Denis O'Neill in third place. Forthcoming Whist Drive.—Arrangements for the forthcoming Whist Drive, sponsored by the West Waterford Hunt, have now been made, and this function will be held in the Boat-house on Saturday night, 11th December. The preparations are in the capable hands of two experienced organisers, Messrs. M. J. Sargent and P. J. Walsh, who will have the assistance of several ladies and gentlemen from the hunting area. The prizes will be most attractive and patrons will be assured of a comfortable and enjoyable evening. All details will be given in our advertising columns in future issues.

KILMACTHOMAS NOTES

Change of Local Fair.—As advertised, the Kilmacthomas cattle, sheep and swine fair is being changed from the last Tuesday to the second Friday of each month, and the first try of the newly-appointed day will be on December 9th next. Leading buyers will attend. Marsh Weather.—A cold westerly wind swept over mid-Waterford all through Friday night and Saturday of last week, preceding a fall of snow to a depth of more than 2ft. on the Knockmore mountains on Saturday night, which was followed by heavy hail and rain in the small hours of Sunday morning. Conditions continue much on the same lines, with rivers and streams in the area are in spate and some low-lying land is under water. Death of Mr. J. Lonergan.—Deep and widespread regret was expressed on both sides of the Mahon when it became known that Mr. John Lonergan, Brenan, Bonmahon, had passed away to his reward. His decease was not quite unexpected, as this good neighbour was in indifferent health for some time past. He bore his last illness with Christian patience and resignation. Born 76 years ago, he was a grand type of Irishman, affable, gentle and kind, and endeared himself to everyone who had the pleasure of his acquaintance. A worthy member of a family whose associations with the Mahon were long and honourable, the late Mr. Lonergan always had the pleasant word and the friendly smile, and the sympathy of the whole community goes out to his nearest and dearest in their sorrow. There was a very large and representative attendance at the funeral, which was held in St. Anne's Church, Ballyaneen, where the coffin was received and blessed by the Rev. J. Grace, C.M. The service was presided at the burial, which took place in the adjoining cemetery on Monday, Fr. John Grace officiated at the graveside. The chief mourners included—Miss Nellie Wall, Brenan (niece); Mr. Thos. Wall, Ballymacanogue (brother); Mr. E. Quane, Collooney, 4th prize, Miss Carmel O'Donovan, Lower Main Street, Dungarvan, 2nd prize. The usual weekly Whist Drive in aid of the Parochial Fund took place in the C.Y.M.S. Hall on Wednesday night, November 9th, and was a most successful one. The prizes were: 1st prize, Mr. F. C. Dwyer, the main St.; 2nd prize, Mr. J. Ryan, Allen Street. Fine Gael Collection.—The Cappoquin Branch of the Fine Gael Party wish to return their sincere thanks to all those who contributed to the collection in aid of the Party Fund, at Cappoquin and Affane on last Sunday. Travellers' Grievance.—We would like to draw attention to the fact that Cappoquin seems to have been forgotten when the time-table for the express trains running each Saturday is drawn up. Neither the morning nor evening trains stops and passengers for Cappoquin must get out at Lismore or Dungarvan, and then make their own arrangements for the travelling public from this area put to considerable trouble. We sincerely trust that this situation will be remedied before Christmas as there is considerable traffic to and from Cappoquin at this period. Important Auction.—On 22nd and 23rd November, on instructions from the Department of Lands, Mr. M. F. Walsh, P.C., auctioneer, will sell by public auction at Glemshelane and Boherybrea, 281 lots of poles in lots of six to twelve, which are suitable for scaffolding, fencing, rustic work and general farming purposes. Sales will commence each day at 1 p.m. CEILIDHE.—Calling All Card Players to the "30" drive sponsored by the flourishing Kilmacthomas Young Farmers' Club. A grand total of £25 is being offered in prize money and the final rounds of the drive will be decided at the Rainbow Cinema, Kilmacthomas, to-morrow (Sunday) night, commencing at 6 o'clock sharp. Prizes available. Be there with your friends. "The Money Doesn't Matter."

REST IS THE KEY TO RECOVERY!

Q.—When tuberculosis is detected, what is the treatment?  
A.—Complete rest is the essential part. The sooner this begins the better the hope of recovery. Treatment can be begun at home if you are not sent to a Sanatorium.  
Q.—What about my daily work?  
A.—If you need it, in order to stop work, the Health Authority will pay you an allowance. When mothers go to Sanatoria, allowance for domestic help is payable.

"KNOCKROE PINE"

Carnagh Moon—Baytown Pine. Winner of five Stakes (all Open), including 32 dog Trial Stakes, at Seven Horses, and two Cups. Also group winner on Track; won 6 races out of 8 runs. Owing to an injury in the second round of the Derby in Clonmel (after a no course) he could never be properly trained; yet he won two Owen Stakes in his second season. His litter brother (Greenie Pine) was one of the best open dogs in England. This dog has the best Jan line at stud. Baytown Pine is by Tanis ex Little Nellie, and his litter sister to Baytown Iris, 3rd of Baytown Finch. The remainder of her winners are too numerous to mention, but full particulars and stud cards can be had on application. Going to present stamp in breeding, I will let this dog to six winners or dams of winners FREE before the end of December.

THE KNOCKMEAL PLAYERS

Present Their First CONCERT AND PLAY AT BALLINAMULT Sunday, Dec. 18th. To-night (Friday) a grand dance, under the auspices of the Ballinamult Hunt Club, will be held at St. Michael's Hall, and a record crowd is anticipated. There is no support the Hunt Club is, hence it is hoped that to-night's attendance will break all previous records. Music will be supplied by the Lawrentian Dance Band, Fermoy, who need no introduction to the dancing fraternity, as past records speak for themselves.

NOTICE TO PIG PRODUCERS

The Pigs and Bacon Commission is prepared to purchase Sows of between 5 and 6 months of age suitable for breeding. Undeveloped pigs, or pigs almost finished for sale as bacon pigs, are not suitable. No special weight is provided, but for Sows of about 9 stone live weight, the price will be £10. This price is considerably more than the market price of such pigs at present and is offered as a selection must be made. Interested producers, with Sows for sale, will communicate with: THE PIGS AND BACON COMMISSION 36, UPPER MOUNT STREET DUBLIN

The Ormone Cinema DUNGARVAN.
