MUNSTER INDUSTRIAL ADVOCATE

Vol. 39. No. 2,172.

SATURDAY, MARCH 11, 1950.

SPECIAL NOTICE

(Registered at the G.P.O. as a Newspaper).

PRICE 2d.

locally. Keen rivalry exist be-tween those teams and as New-castle were South Tipperary Junior Cnampions, 1949, big things are expected from them,

TO-DAY in POWER'S

BREWERY . . . Hygiene . . .

People generally are becoming more hygienically minded. And in Power's Brewery to-day every available equipment in being installed to achieve absolute hygiene in the finished bottled drinks. The bottles are sterilized in a very strong but detergent solution BEFORE passing into the new washing machines, where they are very thoroughly brushed inside and out, drained, and given a final rinse in pure fresh water, and finally examined as they pass on to the filling through a powerful inspection lens recently designed by a leading American firm and which clearly shows up the inside of each bottle,

The hygienic maintenance of all machinery and equipment is also being provided for, and a new sterilizing tank is being installed into which, after each day's bottling, are placed all couplings, taps and piping through which the beer passes from cask to filling machine. From first operation to filler the bottle is not touched by hand.
