Bacon (Maximum Prices) Order, 1951

It has been brought to the notice of the Minister for Industry and Commerce that certain attempts are being made to circumvent the terms of the Prices and Charges (Standard) Order, 1951, in regard to bacon prices. He has, accordingly, on the advice of the Prices Advisory Body, made an Order, entitled as above, operative from the 3rd April, 1951, fixing maximum wholesale and retail prices for bacon.

The new maximum prices of bacon (inclusive of cost of wrapper or other container) are as follows:—

Description of Bacon	When sold to a whole sale merchant	When sold to a retail merchant
Whitshire Cut Sides	275	285
Whitshire Cut Sides, with shoulders off, known as shoulderless	303	313
Whitshire Cut Sides, with gammon off, known as Spencers	274	284

DUNGARVAN URBAN COUNCIL PROTESTS AGAINST EXPORT OF PELTS Deputation to Minister

Mr. T. Lannon, chairman, presided at Friday night's meeting of the Urban Council. Also present were Messrs. N. Kelly, V.C., T. A. Kyne, T.D.; Thos. Lee, M. J. Keane, Senator J. Butler, P. O'Dwyer and Thos. McGrath. The Manager (Mr. S. J. Moynihan) was also present.

Letting of Marsh.—When the Manager's order stating that only one quarter of the marsh be let to Thos. Power as from 1st March, 1951, as recommended by the engineer.

Chairman.—There is a letter here from Mr. Power in connection with this.

The Clerk said the Borough Surveyor decided to retain all the marsh with the exception of the quarter acre to graze the council horse.

Mr. McCarthy said there are over 9 acres in the marsh.

Mr. O'Dwyer said there are 11 acres. It's very unfair to Mr. Power, who has a very large farm.

The council requested that the Manager be asked to change the order made.

Increment to Town Clerk.—When the Manager's order recommending that the council increase the annual increment to the town clerk from £10 to £20 as from the 1st January, 1949, was read.

The Clerk, in reply to the Chairman, stated that the Minister for Local Government agreed about 12 months ago to increasing increments of all Town Clerks on a salary scale.

For long the size of Dungarvan the recommended increment is applicable.

The Chairman said it's extraordinary. Recently when an application was made for an increase for our workmen, our recommendation had to go before the Manager, but here we find the order is already made and we have to agree to an increase to a man who in my opinion has a good salary.

To Senator Butler, the Clerk stated that his minimum salary when reached would be £550.

Mr. Kyne, T.D.—Not an extraordinary wage.

Mr. O'Dwyer said his objection is that when their workmen looked for an increase of 10/ it was knocked down to 7/6.

Sensate Butler—An increment is not an increase. The terms of the appointment carries the which will only mean that the maximum salary will be reached sooner.

Clerk—The increments were £13 yearly and now the Minister has agreed that they be £29.

Manager—The Minister is acquiescing to the demand of the Local Government Officials' Union.

Chairman—I am proposing that the increment be left at £10.

Mr. Keane—in view of the facts as stated, I don't see the point in opposing it.

There was no second for the Chairman's proposition.

The Export of Pelts.—A deputation representing the workers of the Dickens Leather Co. appeared before the meeting. The deputation consisted of Messrs. Denis McGrath, Terence Dalton and Patk. Lyons.

Mr. McGrath said they came before the council to seek the advice and help of the members regarding the export of pickled pelts, and the position is that unless they can be guaranteed and have that guarantee within the next two weeks about 80 workers in the factory will be let go. Already 50 tons had been shipped to the U.S.A., and to those not versed in the tanning industry this export might seem good business for dollar earnings, but in actual fact it was saddening employment for the sake of dollars.

If export is stopped they could have both the employment and the dollars by processing and finishing the leather for use in this country and then the surplus could be exported.

Mr. Dalton, factory shop steward, said he had been informed by the Manager that unless the export of pelts was stopped and unless they had that guarantee within the next two weeks 80 employees would have to be let go. If this happens it will affect the town's business, and as the representatives of the townspeople, he thought the council should call a public meeting to protest against the export.

Mr. Lyons stated that they had information to the effect that 50 tons more are to be shipped in the next future.

Chairman—We would be lacking in our duty if we did not proceed against the export of pelts, which will later be imported as leather.

Mr. Keane—What is the right step to take? We should protest as the strongest possible means.

Mr. O'Dwyer said it is publicly stated that this firm gave £5,000 to Fine Gae, during the last election.

Mr. Dalton—We are only concerned with the fact that the pelts are going out. They have the excuse they are getting dollars.

Mr. McGrath, replying to Mr. Keane, said he thought the Minister should be sent asking the Minister to confirm or deny that further pelts are to be exported.

Senator Butler—I understand would have more weight than a telegram.

Mr. O'Dwyer—Wasn't there a deputation before and didn't Mr. Keane get an assurance that there would be no further export.

Mr. Keane—This council is behind the deputation fully. He favoured the holding of a public meeting.

Senator Butler said he personally had no faith in public meetings.

Cappagh Woman Killed by Train

Mrs. Kathleen Kelleher, Gatekeeper at the Railway Crossing on the Cappagh-Waterchurch road, was fatally injured on Tuesday morning while opening the gates for the Goods Train proceeding from Cappagh to Dungarvan. The deceased, who was aged 75 years, lived for about an hour after the accident during which time she had spiritual and medical attention.

The tragedy has cast a gloom over the entire neighbourhood where the deceased and the members of her family are held in the highest esteem. To add further poignancy to the tragic occurrence is the fact that the deceased and her husband, after spending fifty years as gatekeepers here were to leave to reside in a nearby newly-erected cottage on Saturday 7th.

An inquest into the circumstances of the death, was held on Tuesday evening, at the outset of which Supt. P. O'Mahony, who had as a full report of the accident had to be submitted to certain Government Departments, he was asking for an adjournment to enable him to complete his evidence.

Mr. Daniel Kelleher, son of the deceased in evidence, stated he had seen and identified the remains of those of his mother whose age would be about 75 years. He had last seen her alive between 8.30 and 8.50 that morning when she was then in good health. At the time they had been discussing the possibility of a special goods train as in the time of the discussion he would pass. His mother was gatekeeper and he was attending in the duties at present. At the time of the discussion he was in bed but a few minutes later his mother shouted that the train was coming. The time was 8.55 and he had just been to attend to the gates but his mother told him not to bother, she would do it. As she was running she said: "I'll hardly be in time, Denny," and he immediately rushed not to mind the gates but look after herself. Nevertheless she thought she would make it in time and managed to open one side and while in the act of opening the second side, the train came and struck it. He thought that she was probably struck by both the gate and the train; he had no time to get her lying on the south side of the crossing where she had been thrown. The train was coming into Dungarvan from the Mallo side. When he got to her she was vomiting blood and in reply to his question she said that she was very bad and was meaning. The priest and doctor were sent for and they arrived before she died. He stated that the train stopped about 15 or 20 yards from the end of the last carriage away from the crossing and it had been going slowly.

In reply to Mr. P. O'Mahony, solicitor, representing C.I.E. witness stated that his mother was not on duty at all but had actually gone to the station to oblige him. She had been out on sick leave and he was doing duty.

Dr. M. J. McCarthy, M.O., Whitechurch, in evidence, stated that he was on the scene of the accident at 9.45 on that day. He examined the deceased and, in his opinion, death was due to shock and haemorrhage due to injuries received, which would be consistent with the train accident.

The Coroner, on the application of the Superintendent, accordingly adjourned the inquest pending provision of further evidence, and a writ was extended to the relatives of the deceased last night.

The Supt. Dr. McCarthy, M.O., Whitechurch, Mr. M. J. Power, on behalf of C.I.E. joined in the expression of sympathy.

Dungarvan Man's Death in Mullingar

By the death of Mr. W. A. (Liam) Power, dental surgeon, Auburn Villas, Mullingar, the members of the Power family, O'Connell Street, Dungarvan, have suffered a triple bereavement in the space of a few weeks. First by the death of their mother, the late Mrs. M. A. Power, O'Connell Street, which took place on February 8th, and followed during the next few weeks by the death of their brother, Liam, which sad event occurred suddenly at his residence on Saturday morning, March 31st.

The deceased was brother of Messrs. Paul J. Power, "Land End," Dungarvan; Joseph Power, O'Connell Street, and Carrage Power. He had an extensive practice and was visiting a surgeon dentist to the Mullingar County Mental Hospital and other institutions. He was a noted swimmer and athlete. He was married to Miss Mary Power, the daughter of Mr. W. J. Power, of the happy repose of his soul in Mullingar Cathedral on Monday morning, April 2nd, when the funeral left for Dungarvan, where it arrived in the afternoon and was held in the cemetery, Very Rev. T. Canon O'Brien, P.P., V.F., assisted by a large number of clergy from far and near officiated at the graveside.

Mr. Power was a member of the Band Committee for the classes, were withdrawn and no reason was given. Mr. Crotty stated that the classes did not be carried on without the instruments, and he asked that the council should lend their aid in whatever way possible to see to it that the instruments were again provided for these classes. He maintained that they were the property of the townpeople and pointed out that the council therefore had a say in the matter.

Mr. O'Dwyer suggested that the instruments should be locked in and that young boys should be deprived of the opportunity of learning music. When the bandmaster was appointed, a member of the Band Committee came to him and asked him as a member of the Town Council to support the formation of the Band Committee could not pay their bandmaster full wages. He stated that young boys could be going to school and learning music as a result of whatever happened the bandmaster is no longer in town.

Mr. Crotty said when the class was formed he paid a subscription. He did not go to derive any benefit from the class but in order to make it a success for the sake of the band.

To Mr. Lee, Mr. Crotty said he believed the instruments are the property of the Band Committee. Mr. Keane—Who had the right to loan the instruments to the Band Committee? The Band Committee had the right to withdraw them.

Mr. Lee said it was very unfair that those youngsters who joined the class and paid their money to learn music cannot do so.

Mr. Keane—When this committee were last in the Dungarvan Brass and Reed Band were not out on Easter Sunday in memory of the men who died in 1916.

Mr. Lee caused laughter when he said, "And I suppose the most of them (the youngsters) could not blow a 'Bess' shooter."

To Mr. Butler, Mr. Crotty said he had made representation to the Band Committee but got no satisfaction.

Following further discussion, Mr. Keane suggested, and it was agreed, to recommend to the Band Committee that two members of the band should be co-opted in the interests of music lovers of the town.

When further discussion developed, Mr. Crotty insisted that the band was the responsibility of the council, and asked the members what would happen if the present committee resigned in a body. He also pointed out that when the band was organized many years ago the instruments were stored in the Town Hall and that fact spoke for itself.

Fels Na Deise.—When a letter was read from the Secretary of the above asking the co-operation of the council in the running of the Fels, which will be held in Dungarvan this year, it was decided to notify the Secretary that the council would meet on Tuesday night for a discussion.

Dean Ryan Cup

Dungarvan C.B.S. 4-1; Middleton C.B.S. 3-3.

In the semi-final of the Dean Ryan Cup (hurling) at Lisrore on Sunday, Dungarvan C.B.S. defeated Middleton C.B.S. by a single point in a thrilling game played under very unpleasant conditions. A strong wind, reaching gale force at times, blowing diagonally across a very greasy pitch, favoured Dungarvan, who won the toss and who opened the scoring with a goal by Enright. Cooney had a second goal and Middleton, with an outstanding back line, kept the scoring at a minimum despite the gale which threatened to blow them over the bar. The Middleton tally with a point 3-1 to 0-1 at the interval. Middleton put plenty of dash into the opening stages of the game and as Windy had a hard shot into the net and followed up with a point in the first five minutes. Dominating the game in the second half, stages, Middleton went all out to

beat a strong Dungarvan defence in which A. Flynn was outstanding. From a side-line point Rohan cut through for a spectacular goal and a few minutes later Hennerty sent over the bar. Middleton were now only a point in arrears and excitement ran high as the Dungarvan end was the scene of a terrific onslaught, but the Middleton forwards could not get through.

Only five minutes remained when Dungarvan broke away and in a spectacular rush they had a grand goal for a 6-point lead. It was not by any means the end as Middleton, in a fiery movement, swept up the field for Williams to crash into the net. Still a point in the difference the last few minutes were electric as the issue was in the balance with Middleton fighting grimly to break through, but to no avail against a sound Dungarvan defence.

Dungarvan Harrier Point-to-Point Races Successful Meeting

The committee responsible, particularly the indefatigable non-secretary, Mr. L. N. Barton, are to be complimented on the smoothness and despatch with which the fixture was run through.

The committee were: Judge, T. Kelly, Esq., M.H.; P. Barry, Esq.; Paul I. Power, Esq. Clerks of Scales—Jack Lynch, Esq.; Thomas J. Flinn, Esq.; E. Maher, Esq. Clerk of Course—L. N. Barton, Esq. Hon. Treasurer—P. O'Donnell, Esq.

The feature of this successful point-to-point meeting held under the auspices of Dungarvan Harriers at Killosera and Lisnaskill on Monday was the success of two of Cork City's well-known amateur riders.

The dull and cold weather of the forenoon gave way to a warm period in the afternoon, with the result that the very large crowd present were able to enjoy themselves under almost ideal conditions.

The Open Maiden Race provided the most thrilling finish of the afternoon and young Mr. W. Cadamantow (804), who secured his reputation by coming with a beautifully timed spurt on Ronwood to beat George Angerton by half a length.

The Dungarvan Harriers' Combined Race is always a very sporting race and this year, owned by Mr. N. Connors and well ridden by Mr. F. Cleary, set a merry pace for the greater part of the journey and was a very popular winner.
