### Waterford Co. Board C.A.A. LAST SUNDAY'S JUNIOR MATCHES AT DUNGARVAN

A meeting of the Waterford Co. Board C.A.A. was held in the C.B.S., Dungarvan, on Sunday night last. Mr. C. Curran (Chairman) presided, and also present were—Rev. Bro. Keane, Messrs. P. O'Dwyer, T. Lee, T. McCarthy, and N. Kelly. Mr. O'Meara, Acting Clerk, was also present deputising for the Town Clerk, who was ill.

**Allotment Plots.**—Patk. Organ, T. J. Murphy, P. Pace, Abbeyside, appeared before the meeting and complained of having his allotment for a plot turned down. He was told if land is available he would get a plot. He had no objection to anyone getting a plot, but he was told and is aware of two plots been given to occupants of the same house. He thought the plots should be given to the most deserving cases and he held that as he had a family of 13 young children he should be a deserving case.

Mr. O'Dwyer said this man is the father of 13 children and cannot get a plot, while people with 215 coming into the house weekly have got plots.

Mr. O'Meara, Acting Clerk, said that there is only 23 acres of land available at Abbeyside. He thought the Town Clerk granted the applications in the order in which they were received. The Inspector was there during the week and suggested that the plots be made one-tenth instead of one-eighth of an acre so that more plots could be given.

Mr. Organ said there are other deserving people also who did not get plots.

Mr. Lee—I don't see the good of talking about plots. The field is not ploughed yet.

Chairman—I think we should refer this to the Inspector and recommend that the plots be given to the most deserving cases.

Mr. Lee referred to the delay in getting the plots over the past few years. When the Town Clerk was here the plots were handed over to the Inspector. The Chairman said it was hard to get the land this year.

Following more discussion, the Chairman's suggestion was approved.

**Trespass Makes Garden Useless.**—John Hogan, Loughmore, appeared before the meeting asking the council to have the fence between his garden and the right-of-way repaired as the garden is useless to him through trespass.

The Chairman referred to people coming night after night before the council with small grievances and said the council are paying good salaries to officials to see that this work is reported on or done.

Mr. McCarthy—The officials not to blame for the grievance of Mr. Hogan. He has been before the council a few times already and the council as a whole would be delighted to have this small job done, but the Manager would not order the work to be carried out. I want to make it clear that a few barrels flung into on top of the fence is all that is required, but the Manager would not agree to the expenditure. There is no good in blaming the officials. I fought this man's case but it was turned down due to the cost.

Mr. O'Dwyer—I propose this man's case be attended to right away.

It was decided to recommend to the Manager to have the work carried out.

Mr. Hogan spoke of the unsanitary condition of his garden, due to the trespass. About two months ago he asked the sanitary officer to see it, but he never turned up.

Mr. McCarthy said there was an order made to have the sanitary officer attend a meeting. He (Mr. McCarthy) don't want to harm any official, but he wants the sanitary officer here to give him a chance to defend himself. The best way to contradict statements made here is to stand. I don't want to stab anyone in the back and would like him to be here to defend himself. I propose again he be asked to attend before the meeting.

Mr. O'Dwyer—I will second that, but it's no good. He was asked before.

Mr. McCarthy—I would like to know if the sanitary officer got a letter asking him to attend.

The Acting Clerk said the strict procedure in such cases is that the council recommend to the Manager to have an official appear before a meeting.

Mr. McCarthy—Probably this man got no letter asking him to attend.

**Matter for Band Committee.**—When a letter was read from the playing members of the Dungarvan Brass and Band pointing out to the council that Mr. Thos. Croity had not their author to appear before the council recently, the council decided that the matter was one for themselves.

**Lights on Shandon Road.**—When an application to have the Shandon Road as far as the

Gaelic Field lighted was read from Mr. Sean Kelly.

Mr. O'Dwyer, supporting, stated that this was now the favorite walk of all the townspeople, as due to the heavy motor traffic on the Waterford and Youghal Roads very few go to walk there.

Mr. McCarthy said there was an application previously from Mr. Kenny for two lights here and he (Mr. McCarthy) have reason to believe they are necessary. Some short time ago young girls were attacked on this road in broad daylight, so what would happen in the night time. We can't do it tonight, but we should do it.

Mr. O'Dwyer said Mr. Kenny's application was made in the interest of the public, not in his own.

**Town Hall Improvements.**—This matter was again adjourned to the meeting of the Manager to the next meeting.

Mr. McCarthy, who presided against the delay and the loss of revenue to the council, Mr. Keane said the Manager is taking a very deep interest in the hall and it should be left in his hands.

**Congratulating Dr. Browne.**—A resolution from the Kerry Co. Council congratulating Dr. Browne, former Minister of Health, on the Mother and Child Welfare Scheme was read.

Mr. O'Dwyer stated that this matter was not one for the council now. It's in the hands of the hierarchy and it would be better not to discuss it.

The Chairman agreed with Mr. O'Dwyer and suggested marking the resolution read.

Mr. Kelly—I move that we adopt this resolution, as I believe it is the best thing that has happened since Dr. Browne was Minister of Health, and he had the very same opinion of him to-day. What happened to cause this uproar he could not say, and he thought very few could say, but he thought it was a very good objection to the scheme.

Mr. O'Dwyer stated that while he would not agree to take any action in this matter, he would like to say that he believed that Dr. Browne was the best Minister Ireland ever had, and he thought the matter was not one they could discuss at the meeting.

At this stage the Chairman stated that the resolution was going to be proposed for adoption he would have to bring the discussion to a close.

Mr. Kelly then proposed its adoption, and Mr. McCarthy seconded, saying—I admire that man for the manner in which he was trying to do good for the poor.

Mr. Keane—What's the point in bringing it up at this meeting. He has now resigned and the whole country is well. When Dr. Browne was Minister of Health for the commencement of work on the Ardkeen Sanatorium, I and many others were convinced that his efforts for this county are worth recalling and above all, I think that Ardkeen was a memorial to him all the days of his life.

Mr. McCarthy—I agree, and I am behind this Government, but I do not like this kind of thing.

Mr. Keane moved his amendment, that the resolution be marked read.

Mr. O'Dwyer seconded this, and on a vote three voted for the amendment and two for the position. Mr. Lee did not vote.

Mr. Kelly—We agreed last night to call a special meeting and we should hold it.

Mr. McCarthy—It was I proposed it, but now seeing that there is a letter from the Union, I think the matter should not be discussed.

An amendment by Mr. Kelly that the matter be discussed was defeated by 3 votes to 2, on which Mr. Kelly remarked that those who voted against the amendment were not friends of the workers.

**Minister's Letter.**—The following letter was received in the council offices on Monday morning by the Acting Town Clerk (Mr. M. O'Meara):—"I am pleased by the Minister of Industry and Commerce to refer to your telegram of 31/3/51 regarding the export of pickled pelts and to inform you that no further action is to be taken. These commodities will be granted pending discussion of the entire question with all the interests involved. I am to add that an assurance in this respect was given to Deputy Mr. Keane and to a representative of the Dickens Leather Co. of Dungarvan, in the course of an interview on 22nd March, 1951."

### Vocational Education Committee Meeting

Very Rev. T. Canon O'Brien, P.P., V.F., chairman, presided at the monthly meeting of the Vocational Education Committee held on Monday last. Also present—An Fear Mór, vice-chairman; Messrs. M. O'Hara, D. Leahy, M. Harty, S. Curran, M. O'Sullivan, M. Clancy and N. Kelly.

**Approval.**—A letter from the Department approved the appointment of Mr. Robert O'Hara as part-time teacher of Arithmetic and English.

**Girls From Gaelacht as Nurses.**—The committee approved the scheme as submitted from the Dept. of Health for training girls from the Gaelacht area as nurses. The scheme was also in operation last year and the C.E.O. was directed to have the particulars of the scheme made known to residents of the Gaelacht areas.

**An Fear Mór Nominated.**—On the proposal of Mr. O'Hara seconded by Mr. Clancy, An Fear Mór was nominated for membership of the Vocational Education Association.

**Premises for Tramose Classes.**—Following a report on the visit of a delegation to Tramose from the Dept. of Health for training girls from the Gaelacht area, the committee, the C.E.O. stated that there is a possibility of securing one suitable room from September to December where domestic economy classes and perhaps woodwork classes could be held.

Following a short discussion, the C.E.O. was directed to write to the Town Commissioners.

**Irish Scholarships.**—The committee decided as in former years to award 20 Irish Scholarships to the Gaelacht pupils of Irish Classes held under the auspices of the committee.

**Committee.**—On the suggestion of Mr. O'Hara, it was agreed to award the scholarships this year on a regional basis.

**Suggestion to Order Wine, L.T.A. Scholarships.**—The Irish Tourist Association wrote informing the committee of the dates for the holding of examinations in 1951. They also wrote stating that as a result of the suggestion of Mr. O'Hara, it was agreed to award the scholarships this year on a regional basis.

Acting Clerk stated that as he only took over to-night, due to the illness of the Town Clerk, he could not give any report on the visit of the delegation to the Minister.

Mr. O'Dwyer—According to rumour, there is another fresh proposal to award the scholarships to the Minister.

Mr. McCarthy—According to reports in the Press, Mr. Keane got an assurance that after the license expires no other license will be issued. He suggested calling a special council meeting to deal with it.

Mr. Keane agreed. He said that this concerns everyone, but there are others—the shopkeepers and the people who invested their money on the advice of the Government.

The council then unanimously agreed to call a special meeting on Saturday night at 7.30 p.m.

On Saturday night the following attended—Mr. T. Lannon, Chairman; N. Kelly, Vice-Chairman; Messrs. P. O'Dwyer, M. J. Keane, T. McCarthy and Senator Butler.

The Chairman said that he had received a letter from the Secretary Amalgamated Transport and G.W.U. on behalf of the committee asking that in view of the license expires no other license will be issued, the council refrain from discussing this matter for at least another week.

Mr. McCarthy—Coming from the Union we should accede to their request.

The Chairman agreed with this.

Mr. McCarthy proposed, and Senator Butler seconded, that the matter be adjourned.

Mr. Kelly—We agreed last night to call a special meeting and we should hold it.

Mr. McCarthy—It was I proposed it, but now seeing that there is a letter from the Union, I think the matter should not be discussed.

An amendment by Mr. Kelly that the matter be discussed was defeated by 3 votes to 2, on which Mr. Kelly remarked that those who voted against the amendment were not friends of the workers.

**Minister's Letter.**—The following letter was received in the council offices on Monday morning by the Acting Town Clerk (Mr. M. O'Meara):—"I am pleased by the Minister of Industry and Commerce to refer to your telegram of 31/3/51 regarding the export of pickled pelts and to inform you that no further action is to be taken.
