FRUIT AND FOREST TREE NURSERIES

Arising out of a suggestion by Mr. Harty that the figure of £200 valuation should be fixed...

supply Lord Lambert variety. That, in my opinion," said Mr. O'Shea "is indeed a shocking state of affairs for any nursery at this time of the year."

"Years ago the nurseries of this country were given every protection by the Government with the hope that the fruit-growing industry would develop as it should but evidently no good use was made of that protection."

Mr. O'Shea stated that something would now have to be done—something that would make up for all that was not done during the past 30 years and it was entirely up to the Government to take the required action.

In Ireland to-day, he said, they could not get certified stock, which was a very serious matter. In England, they had a scheme whereby all growers would receive certified stock...

a state of affairs is really shocking and will have to be brought to an immediate end."

Recently, two bundles of forestry trees were received. They were supposed to be from 15 to 24", but 50 of them were on examination found to be no higher than 12".

Mr. Harty said he believed that protection should be removed from the Irish nurseries. He referred to the fact that £100,000 is being expended in the county in connection with fruit growing and it's a very serious thing to have the nurseries sending inferior stock.

The Committee decided to subsidise the purchase of two farmyard manure distributors by a sum of £25 each, the purchaser to be prepared to hire some out on the proposal of Mr. Barron, seconded by Mr. Dower.

LISMORE NOTES

Christmas in Lismore.—Christ-
mas in Lismore was celebrated
with the usual solemnity and de-
votion. At the early Masses on
Christmas morning, the spacious
church was packed to its utmost,
while the number of Communi-
cants must have constituted a
record, and the grand spirit of
piety displayed was a credit to
the town and the diocese and
shows that the faith planted by
St. Patrick is as bright and un-
sullied in this ancient and his-
toric town to-day as then. The
choir, under the able direction
of Mrs. B. O'Connell, was all
that could be desired. The high
altar was most artistically de-
corated with choice cut flowers
and holly by members of the
Children of Mary Altar Society.
The late Mass was followed by
Benediction. Again the church
was packed. The weather was
cold and damp and the town was
deserted, all seeking the cosy
comfort of the family circle, for
there is no feast of the year
more closely associated with the
home than the great and august
feast of the Nativity. A large
number of former inhabitants
came home for Christmas.

Success of Local Actress.—We
heartily congratulate Miss
Eliagh Noonan, only daughter of
Mr. and Mrs. David Noonan,
Main Street, Lismore, on being
picked to play the leading lady
opposite Michael McLiammor in
"God's Gentry" which was
staged at the Gate, Dublin, on
St. Stephen's Day. It will be
remembered that some years ago
this young lady won the Acad-
emy Award and Gold Medal for
elocution, and has since played
small parts in plays staged by
Lord Longford. This is her first
big achievement and we hope
that she will be very successful.
Lismore has produced many
professionals in different spheres
of life, but this is the first time
that they have produced a pro-
mising actress. Again we wish
Miss Noonan the best of luck,
but we hope to hear more of
her in the near future.

Pioneer Social.—As usual the
Pioneer Christmas Social will be
held in the Town Hall on to-
morrow at 8.30 p.m. Only pioneers
are requested to attend. Very
little we can say about these
functions. They have always
been so successful, so be there
to join in the fun. Local musi-
cians will provide the music,
cell and modern. Rev. D.

Agricultural Conditions in November

Weather and Work.—Except for an occasional dry day, the weather during November was very wet with flooding in low-lying areas. Pastures were above normal for the season. Work consisted mainly of digging the potato crop, lifting and stacking potatoes, and some ploughing of lea and stubble.

COBEN CROPS. Winter wheat yields from the limited area of winter wheat were slightly under average and quality of grain was generally good. The grain struck the closed gate and when he finally brought it to a stop, the distance from the rear of the train to the gate was about 100 yards.

GRAIN. Yields of both malt and feeding barley were very satisfactory and well above average. The quality of grain was generally good. The grain struck the closed gate and when he finally brought it to a stop, the distance from the rear of the train to the gate was about 100 yards.

DEATH OF MR. THOMAS DALTON. We regret to record the death of Mr. Thomas Dalton, Clashmore, who took place at the Dungarvan District Hospital on the 15th inst. Member of a widely known and long-connected family, he was a man of a kind and charitable disposition, who won the respect and esteem of all who knew him.
