"ONE PERSON, ONE POST"

Urban Council Calls for Investigation Into Appointment of Dispensary M.O.

YOUGHAL URBAN COUNCIL

At a meeting of the above, Senator O'Gorman presided. Present were Mrs. Hurley, Messrs. Daly, Lynch, Linehan, Lawlor and the Manager, Mr. O'Connell.

NEW MANAGER WELCOMED. Chairman—I would like to introduce our new Manager, Mr. O'Connell. He has been with the Cork Co. Council for some years and has been Secretary of Cork Co. Council and on the retirement of Mr. Powell, the honour fell to Mr. Hayes to replace him. Mr. Hayes is a man who has served his apprenticeship with the Cork Co. Council and I would like to welcome him.

Mr. Daly—I would like to congratulate Mr. Powell; he came to us in 47/48 and was followed by Mr. D. C. Murphy and later by Mr. Hayes. Mr. Powell was a most courteous official and his work was from this area.

Mr. Hurley—I give my great pleasure to welcome Mr. Hayes. Mr. Lynch—I hope and trust we will in future get more co-operation from the Manager and he made fully aware of all that is going on.

Mr. Hayes—I thank you for the gracious welcome you have extended to me and I can assure you I will give you all the co-operation in my power.

RETAINING WALLS. Mr. Daly—Did the Manager make any report about the walls at Ashe Street and Emmet Place? Mr. O'Connell—We are liable for the sections about the road level.

Mr. Lynch—Who is responsible for the groundwork underneath the road? There was a job done at Ashe Street from the foundation up.

The Manager promised to visit the place and submit a report.

DISPENSARY M.O. Mr. Daly—While I would like to congratulate Dr. Riordan on his appointment as Dispensary M.O., I think the principle of one person one post should apply and I protest that the matter did not appear in either the Press or the Minutes.

Mr. Lynch—These positions should be advertised and as far as I can see our young people are only being educated for export to Youghal. So far the picture has been unsurpassed.

Chairman—A man has got enough ability to win his position on merit alone we have nothing to say to it. I understand, said the Chairman, that Dr. Riordan is now acting in a temporary capacity at the hospital since his appointment as Dispensary M.O.

Mr. Lawlor—I understand the position was advertised.

Mr. Daly—There are other doctors in the area who should have a right to apply. Following discussion, Mr. Daly proposed the following resolution: As the principle of one person, one post, is the accepted policy of the Government, we would request the Minister to investigate the Youghal District (Medical Section) and why this principle is not accepted here. Also that the officer, from the Department of Health should investigate the reasons why Mr. John O'Connell Lower Cork Hill, was refused attention in the County Hospital, Cork, and who had to go to a private hospital for attention.

Mr. Lawlor—I think we are assuming grave responsibility for the position of Dispensary M.O. and was successful on merit alone should satisfy us.

Chairman—I am dissenting from the proposition on the ground that it is no affair of ours.

STRAND SEWERAGE. Arising out of a letter from the L.G.D. with regard to strand sewerage which was described as "primitive and dangerous" the letter adding that it might be possible to deal with the Strand area alone in so far as the sewerage is concerned.

Chairman—The Strand requires sewerage, the present system is inadequate.

Mr. Lynch—About ten years ago, Mr. O'Dwyer, I.R.S. made the Strand area the focus of the Irish nation struggle.

total cost of which was £59,000. It would be in favour of getting our Engineer because any consultant must get his information from the local engineer who has proved to be a most capable man. If you call in a consultant for this job, he will have to get paid again; why not have our own Engineer.

Mrs. Hurley—I am very glad they are thinking of doing something about this sewer. The present system has been there for some years and was only temporary as at that time there were only ten or twelve houses to deal with.

Manager—Our own Engineer has made an outline of a simpler plan to deal with the front Strand only. Before doing anything definite he would like to interview Mr. O'Dwyer, B.E. and L.G. officials. That will be the first step and we are not committing ourselves to anything.

Mr. Daly—Mr. O'Dwyer's plan envisaged an outfall at Moll Goggin's corner; we objected to this as it would be serious for Youghal as a seaside resort. Following further discussion, Mr. Lawlor proposed and Mr. Lynch seconded that we proceed with the scheme as outlined by the Manager, that is a special scheme for the Strand.

TOWN HALL REPAIRS. L.G.O. wrote that the Minister will raise no objection to the raising of a loan by the Council from their treasurers to cover the cost of repairs.

Town Clerk—The total amount of the loan will be £1,000.

Mr. Daly—The reply is satisfactory with the Town Hall is the town's social centre.

PENSION INCREASES. A circular letter was received from the L.G.D. stating that the proposal to increase pensions has now become law.

The implementation of same was proposed by Mrs. Hurley and seconded by Mr. Lynch.

PRODUCER OF MOBY DICK. Mr. Daly—I think we should congratulate Mr. John Huston on the producer of the film Moby Dick. The film got a premier award and from the point of view of publicity it has done a great deal for Youghal as some of the finest scenic effects were shot in Youghal. So far the picture has been unsurpassed.

Chairman—It was decided to make the light in front of Sea-

When the official picture comes to Ireland, the State should do the thing properly and show him the honour he deserves. Mr. Linehan seconded the resolution.

Mr. Lynch—No money could be paid for the free publicity Youghal got as a result of the "shooting" of portion of Moby Dick in Youghal and any honour the producer might get would be well deserved.

The Chairman and the other members present agreed and joined in the tributes to Mr. Huston.

PROPOSED HOUSES FOR SEAFIELD FABRICS. The Town Clerk said that the deputation from the council met Mr. Lord on the site and it was decided to recommend the UDC to send a deputation to the Department of Finance and Local Government, asking for sanction to erect the houses.

The Town Clerk then wrote asking if the deputation would be received and the Chairman Senator O'Gorman, also got in touch with the Parliamentary Secretaries suggesting the 9th as a suitable date.

Mr. Daly—These extra houses are requested for additional technical staff as the factory is installing 110 additional looms. The proposals of the deputation were approved.

Mr. Hurley—Would it be possible to have the public light opposite the front entrance to Seafield Fabrics left lighting all night as many workers are on night shift.

Mr. Lynch—I think the Council will grant this request willingly.

Mrs. Hurley—There is no light at Green's Quay and people are in danger of falling at night time. This matter was never raised before and the residents are ratepayers.

Mr. Linehan—I think there are many lights at the Front Strand. Very few pass in or out during the winter months. Some of the lights should be put in Cork Hill where they are more urgently needed.

Chairman to Mrs. Hurley—Are all these lights necessary? Mrs. Hurley—Yes and more if we could get them.

Mr. Lynch—The present public lighting costs £550 a year.

Mrs. Hurley—One hospital in Cork says that amount for lighting alone.

Chairman—It was decided to make the light in front of Sea-

field Fabrics on all-night and (2) have the proposals for additional lights at Cork Hill and Green's Quay examined and reported on.

TOWN CLOCK. With regard to the Town Clock the Town Clerk reported that Messrs. Mangan of Cork, whose firm erected the Clock, reported that it is in very bad shape and requires many spare parts; the estimate the cost to be £45 to £50, the work to be carried out in one week.

Mr. Lynch then proposed and Mr. Hurley seconded that the repairs be carried out immediately. In reply to a member, the Manager stated that the winding of the Clock costs £18 a year.

Mr. Daly asked what the cost would be if this work was done electrically and how often was it done?

Chairman—It has to be wound twice a week.

SURRENDERING OF PROPERTY. Arising out of the reading of a letter from Messrs. J. L. Keane and Sons, offering to surrender to the Council certain property in the Market Square, Mr. Lynch asked what will happen if this property is not looked after. In my opinion, said Mr. Lynch, the first thing is to ascertain if the Murphy have any claim on the property.

Manager—I think it would be a liability.

Mr. Lawlor proposed and Mr. Hurley seconded that the Council should take over the property and inform them that the Council have no interest in the matter.

Mr. Macnamara, Solr., wrote stating that Mr. M. Walsh, Contractor, would be prepared to take over the property at Grattan Street, which has been vested in the Council.

Mr. Lawlor proposed and Mr. Linehan seconded that the request be granted.

Manager—it is a function of the Council to lease for 31 years and let the necessary repairs and rates.

Mr. Macnamara is to be asked what rent it is proposed to pay.

GAS COOKERS AND APPLIANCES. A resolution from the Clonmel Corporation was received proposing that the Council should purchase gas cookers and appliances as they are not manufactured in the Republic.

Mr. Daly—We should support this resolution as we have about 50 cookers here and it is revenue to our undertaking.

Mr. Lawlor seconded, adding that we should give the matter all the support in our power.

Mr. Lynch—If you want to save petrol why not hire a horse and cart for scavenging?

Finally, Mr. Hurley proposed and Mr. Lynch seconded that the Town Surveyor's proposals be accepted and that the public be notified.

In reply to a member, the Manager stated, in regard to the £500 grant, that so far the proposals have not had the sanction of the Minister. In regard to the Strand scheme, the Town Clerk stated that it was hoped to get sleepers from Waterford.

TEMPORARY BUILDINGS. Mr. Lynch asked if stacks erected on concrete blocks are rateable.

Manager—I have not seen them but I think they would be, however, I will see them for myself.

Mr. Lawlor asked when it was proposed to take joint action with the Cork Co. Council in regard to other stacks in the area. The Manager promised to look into the matter.

SYMPATHY. Sympathy was extended to the family of the late Mrs. Phibbs, formerly of Youghal; to the family of the late Mr. Wm. Aher of Youghal, and to the family of the late Mr. John O'Connor of Shanacole, near Youghal.

With less than three weeks to go before the opening gate of the salmon season on Friday, February 1st, local fishermen are busy preparing their boats, filling and mending drift nets.

From information to hand there would appear to be a good run of spring salmon in the district and it is earnestly hoped that this will be a successful season. There are varied opinions in regard to the 1956 season, for some it was bad and others it was fairly good according to their catches. Last year the final returns in the Lismore district were considered to be satisfactory as compared with the previous years. The salmon fishermen have the best wishes of all sections of the Community as their lives as in all other occupations of the sea are hazardous. The trout season with rod and line does not open on the same date as the salmon season, it commences on February 15th each year.

LATE MRS. MARY J. FEENEY. We regret to record the death of a member of an old Youghal family in the person of Mrs. Mary Jane (Fanie) Feeney, of 7 O'Reilly Terrace, Youghal, which sad event took place at St. Finbar's Hospital, Cork on Friday of last week. The remains were removed to St. Mary's Parish Church, Youghal and the funeral followed by a large cortege took place to North Abbey Cemetery on Sunday last at 3.30.

The chief mourners were Miss Mary Feeney, S.R.N. (daughter); Mr. Joseph Feeney (son); Mrs. Alice Pomphrett (mother); Mr. Batt Pomphrett (brother); Mrs. Joe Feeney (daughter-in-law); Mrs. B. Pomphrett and family (relatives).

Rev. E. G. O'Dwyer, Youghal, officiated at the graveside.

YOUGHAL HARBOUR COMMISSIONERS. Mr. Daly—in 1947, Mr. Lynch—it was the Minister for Industry and Commerce who put our harbour where it is today when he took our coal cargoes and sent them to Cork. It was finally decided to repeat the request for a grant.

It was decided to attend to £10,000 and letters prior to the opening of the salmon season on February 1st in the interests of the fishermen.

COURT DECREE. Mr. Daly—What is happening about the Court Decree against P. O'Connor. Secretary—It will be lodged with the Sheriff for collection.

YOUGHAL DISTRICT COURT. Before Mr. M. J. O'Nolan, D.J. T. Lindsay Field, North Main Street, Youghal, V. E. G. Moore, trading as Sorento Electric, Well Road, Douglas, Cork. In reply to Mr. W. R. Hodnett, Solicitor, Plaintiff stated that on the 20th November last, defendant came to him at his plaintiffs premises and asked him for a loan of £15 which he gave.

The Justice granted a decree for the full amount.

RELICT SITE. Mr. T. K. Keane applied on behalf of Mr. J. O'Flynn, Cork, asking that a site at Upper Strand, Youghal, which was declared a relict site by the Youghal Urban Council be no longer declared relict.

Mr. Macnamara, for Urban Council, said that although the site was improved it was not yet ready and he stated that ironically the site was known as "Love's Cottage."

The Justice adjourned the case for two months to give an opportunity of having the proposals re-considered.

In a number of undefended civil bills decrees were granted in absentia. Like the previous Court it was of very short duration.

Council told resistance has entered a decisive stage

I.R.A. LETTER DISCUSSED

At a meeting of Youghal Urban Council, Senator O'Gorman, presiding, the following letter issued by the Army Council, Irish Republican Army, and dated Dec. 12th, 1956, was read: "Resistance to British rule in occupied Ireland has now entered a decisive stage. Early in 1956, north-western units of the I.R.A. attacked key British occupation installations. Spearheaded by volunteers of the I.R.A. our people in the Six Counties have carried the fight to the enemy. They are the direct victims of British imperialism and they are also the backbone of the national revolutionary resurgence. This is the age old struggle of the Irish people versus British aggression. This is the same cause for which generations of our people have suffered and died. In this grave hour, all Irishmen and women, at home and abroad, must sink their differences, political or religious, and rally behind the banner of national liberation. We call on Irishmen in the British armed forces to stand by the Motherland and refuse to bear arms against their own countrymen. We call on members of the R.U.C. and 'B' Special Constabulary to cease being tools of British imperialism and either stand aside or join us in the fight against tyranny. We warn them should they reject this plea they will be adjudged renegades by the Irish people and treated accordingly by the resistance movement. This is the fight of the Irish nation struggle to be free and in it all Irishmen and women must play their part. They must recognise too that we want no aid from any foreign power and have received none and that in the final analysis it is the Irish people themselves—by their sacrifice, their endurance and their will to victory, who must free Ireland. The whole of Ireland, its resources, wealth, culture, history and tradition, is the common inheritance of all our people regardless of religious belief. The division of our country by Britain and its subjection to British political control in the north and to British economic domination in the South, must now be ended forever. It is up to this generation of Irishmen and women to resolve for all time our unity, independence and freedom from foreign domination. The alternative, if the present situation continues, is extinction as a nation, etc. etc. Mr. Lawlor—I think we have had a decision from our Government on this matter and I think we should mark the letter read. Mr. Daly proposed that they adopt the resolution. Seconded by Mr. Lynch and the majority of the country was in favour. Chairman—We must realise

we have a Government. Mrs. Hurley—I agree with Messrs. Daly and Lynch; these young lads are great and my heart bleeds for them. Mr. Lawlor—we must have law and order in every country, we have free and unimpeded elections here every five years and while the elected Government is there it is their duty and responsibility to govern. We also have the clergy supporting the Government in this matter. Chairman—We all look forward to the unification of our country. The discussion ended.

YOUGHAL LITTLE THEATRE SOCIETY. The Youghal Little Theatre Society have once more added to their list of successes by their outstanding production in the Town Hall of "The Halfers" by Ruth and Augustus Coetz. The play which is based on the novel "Washington Square" by Henry James, left nothing to be desired, the acting being up to the usual high standard. The members of the cast all of whom are highly trained and keen, deserve to be congratulated for having so successfully put over this period play, which was made more interesting by the fact that the costumes used were those which were worn for the Irish premises. The play in the Gaiety Theatre, Dublin.

The Inside Story

By Tom Tobin

The Hopes of Dunganarvan

During the week, the Irish Press carried a brief report which stated that work on the section of the Irish-American Fenians' Memorial at Helvick Head was to commence immediately.

However, it is good to learn that work is being resumed and that, by this Summer, a fine memorial to the men of the Fenian's Hope will stand high above the bay into which sailed the brigantine Erin's Hope in 1827—just 30 years ago.

On the foggy morning of the 1st June, 1823, 33 men came ashore in a small fishing boat owned by Tad Pior O'Fuinain at Ballyvaughan.

Many years ago, in 1828, there was a football team in County Waterford known as the Erin's Hopes of Dunganarvan, known locally as "the Hopes".

And now I refer to the Dublin Erin's Hopes. They won the county senior football title last year and made plenty of headlines in their achievements.

Readers are still trying to figure out the mystery of the birdman that disappeared, referred to very briefly, in this column last week.

That Boat Makes Headlines Again... According to a certain Dublin newspaper, the Government is to provide a State-subsidised fishing boat for the Waterford coast.

It Happened Last Week... Not a copy of the "Observer" was available last Saturday.

There was a complete sell-out. I wanted four copies for friends and failed to get them. I was lucky to get one and I would not have had that but for the fact that I picked it up at the office on Thursday night.

Take my tip and place a regular order so that you will not get the same disappointment, and I think I had nothing to do but ramble into the newsgang and ask for all I wanted of them. What a hope!!!

Phelan Cup gets under way

Kilrossanty-Brickey Clash is the Feature

IT goes without saying that the clash of old rivals Kilrossanty and Brickey Rangers is the feature event of the programme of Phelan Cup fixtures for reckoning on Sunday. But the meeting of the holders of the trophy and the Husky Park men has not by any stretch of imagination the same to itself, for champions Mount Sion and Kill are billed to try conclusion at Waterford and Dunhill and De La Salle will be locked in combat at the venue of the former club. In short, we have an exceedingly attractive fixture list. Mocollopi who are to seek regaining back to junior status, have conceded the Phelan Cup to the Aglish men may well find themselves in the semi-final without having had to play a single game—a state of affairs that would certainly be detrimental to their prospects—for Tourist, the only other club in the division, have already been retrained and may have to forego their place in the competition. The Fraher Field should house a big audience when Kilrossanty and Brickey Rangers get prospects in a three horse race—and will battle desperately hard to remain in the running. It is hardly reasonable to expect football of more than moderate standard at this stage, but the issues to be decided are far-reaching, plus the added incentive to settle old scores, that I believe both sides will put in a superlative effort. Mount Sion, even without captain Con Crowley and Mick Flannelly, should be capable of collecting two points at the expense of Kill. The country club has hit on less than times and the defeat of the champions at this stage would be a major surprise. The Dunhill-De La Salle encounter is a much more open looking affair. De La Salle looked a grand side when accounting for Stradbally in the junior decider last November and even on enemy territory will stretch the rugged Dunhill men. The latter have been disappointed after a promising patch in their earlier senior days. Backed by a home crowd and playing with customary determination, however, they can take at least a point from their more polished rivals. The Phelan Cup is a much more open looking affair. CAFFOQUIN AND MOUNT SION MAKE PROGRESS

The opening series of Sargent Cup ties, which were decided under pleasant weather conditions on Sunday last, panned out more or less in accordance with general expectations. Mount Sion, the holders of the trophy, carried too many big guns for an inexperienced Erin's Own side and Caffoquin, fielding a side that showed several changes from that which did duty in last year's championship, routed a very poor Dungarvan, but De La Salle had to battle a good deal harder than many anticipated to share the points with a hard-hitting Dunhill team. The remaining tie, in which Geraldines were to have clashed with Tourist, was postponed due to a bereavement in the family of a member of the former club.

CAFFOQUIN ROUT THE BLUES

In their game against Dungarvan, Caffoquin senior hurlers opened the season on a very bright note with a facile 7-0 to 1-0 victory over an under-strength visiting fifteen. The result was a tribute to the imaginative policy of the winning mentors who, at long last carried out a widespread experiment with the resources at their disposal. It was typical start-of-the-season fare, with Caffoquin so vastly superior in all respects that interest waned midway through the second half. The home team's defence got through the little they had to do very comfortably. Michael O'Connell led the line very well at centre half, with Francis O'Donoghue in a new outfield role and Michael Fraher also prominent. Ned Costin, in his first game for Caffoquin, and Mick Lacey had the better of the issue all through at mid-field. The re-arranged forward line "clicked" in no uncertain manner. Individually and collectively one could not fault their hurling. All in all, it was a most auspicious send off to the new year and augurs well for future prospects. Dungarvan, forced to field without the services of Jackie Goode, Liam Shiole and Moss Quailly—it is said that the latter has put away his hurling for keeps in favour of seeking sporting performance. Best portion of the team was the defence, but even in that department they could not cope with three superior hurlers of the winners. The Blues must overhaul their resources if they are to create any visible impression in the championship. Caffoquin—J. Fraher (goal); M. Mason, P. McFrath, L. Doohey, T. O'Donoghue, M. Connor (capt.), M. Fraher; E. Costin and M. Lacey; W. Conway, T. J. McCarthy, J. Mason; J. Sargent, P. Fraher, T. Loneragan.

MOUNT SION 5-5 ERIN'S OWN 3-4

Mount Sion's opponents their defence of the Cup, which they have held since the inception of the competition, on a highly-impressive note at Waterford, where a plucky Erin's Own side, though they tried, could not match the superior teamwork of the champions. But the scoreboard was a little unkind to the losers who spluttered hurling sustained the interest of the fair-weather gathering for most of the way. The winners superiority was manifested from an early stage, yet their rivals battled with dash and courage that an upset was not out of bounds of possibility for three quarters of the hour. Although never of a classical standard, the hurling required a reasonably good standard for the time of year. The Marquisry, it seems safe to assert, will have a good deal of support once again, while Erin's Own, too, accepting their showing as being indicative of their potential, should be capable of making matters hot for the best before the year is very old. De La Salle, 5-3, Dunhill 3-7. Telling will be the outcome of the last quarter. De La Salle failed in magnificent style to earn a divisor of the points with more than a usual Dunhill side in the second game of the city programme. The country men made all the early running and seemed set for a ready victory when bidding a substantial lead well into the final period but De La Salle ploughed steadily to scratch a rather fortunate point. The hurling was of a rugged quality in an encounter that was fought out at a brisk pace. In all the circumstances a draw was probably the fairest result, though the quality of Dunhill's first half hurling would surely have reaped a better dividend had they been capable of maintaining the effort over the hour.

Just a prayer from those who loved you. You will live in our hearts forever. Because we thought the world of you. Dear Father we miss you, saying goodbye. Perhaps it was just as well. For we could never say goodbye. To our Father we have so well. You would not ask for sorrow. You would not ask for tears. But just to be remembered. By us through the years.—Inserted by his loving family.

SCOUT NOTES SPECIAL S.S. MEETING

On Tuesday night the Senior Section held a meeting to discuss some navigational problems and the result will not be known until Sunday morning when they confer with the SM at 12 noon. GENERAL Maurice Phelan has taken up athletics in a big way now. He takes his training seriously and has changed from the long walks to the short but businesslike night walks out by the river-side burnings up that road. We also hear that he has quite a few admirers when he goes running. Perhaps they are just those to catch or time him. Now that "Rock n Roll" has come into the fore, so has Brownie who is at present being coached by the crazy mixed-up kid—the feller with the crew-cut (we don't mean Paddy D.). Fintan is usually punctual for meetings, except of course when they are Troop Meetings. Fintan seems to have his hands full at the moment trying to keep the young all-star in line—not the New Line. Law seems to be Burke's favourite topic for argument—of course we are still in the dark as to his source of information. We are a pair sure while Jerry professes a run with the law, he is hant with the hands. Jerry always seems to be looking for more, whether it is for a rubber or not. Lar who was so busy during the week-end, manages to arrive in time for his rounds on Sunday. Pete is doing a lot to shake, rattle and roll lately, but all we say to him is more power to you, sm. Of course, we must not forget about the weather-man, blackie, since he came home on leave, we have been getting some fine dry weather, perhaps he needs this for himself. Well, by all accounts, he seems to like business down in K.C. and is just itching to get right back in circulation there again.

CONDOLANCE

At a special condolence meeting of the Dungarvan and Waterford Football Clubs a cheque was presented to the family of the late Mrs. M. Flynn, on the recent bereavement.
