## Another Successful Point-to-Point Fixture

# Favourites to the fore

### SILENT TRIBUTE

Two minutes silence was observed as a tribute to the memory of the late Mr. Jack Lynch, who had been a pillar behind the fixture for years, as Mr. Paul I. Power so appropriately put it.

## BIG FIELDS AND FINE WEATHER

The natural terracing that overlooks the testing Kilrossa stretches was thronged on Monday last, when the ever-popular Dungarvan Harriers staged their annual Point-to-Point meeting. A total of thirty-five runners and a mild, dry afternoon gave the big attendance plenty to enthuse over. On top of all, the winners, without exception, were well supported.

## Ploughing Contests at Tramore

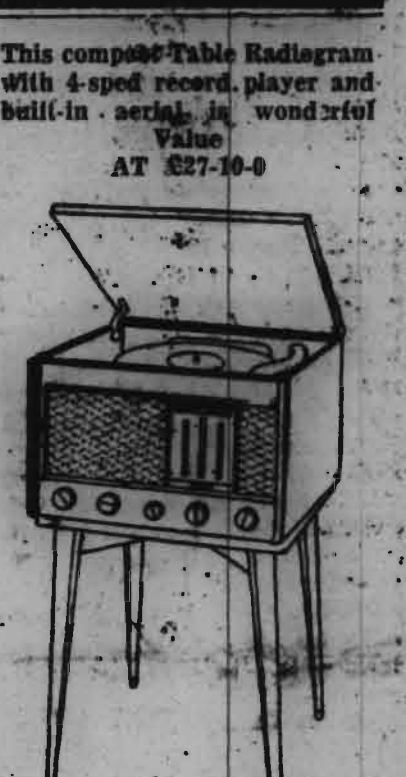

There is being favoured as venue has been favoured the Ploughing Championships were inaugurated. In place the exhibition of other Machinery will be a promisingly varied and probably the biggest collection outside Ballinacorney. Like the record place and for the first time, an unique competition has been undertaken, open to the whole country, for the baking of ploughing championships the competition began on a county basis and now 27 competitors, one from each of the 27 Administrative Counties, are making ready to appear at Tramore for the finals on 12th and 13th Feb.

## Crotty runs for top teamster job

The New Deal ticket running to oust the Hoffa-O'Rourke axis out of the Teamsters Joint Council 16 election next month is now complete. Denis V. Crotty, of Clonca, Dungarvan, Co. Waterford, has been selected to run as president against O'Rourke. Crotty heads Local 352 Warehousemen's Union, John Hill, President of Local 1 Brewery Workers Union is candidate for vice-president. John De Lury, President Local 631 Sanitation Workers for secretary-treasurer; John Strong, President Local 807 Truck Drivers and Chauffeurs for recording secretary; Joseph Clark, President Local 590 Bakery Drivers, for trustee; Edward Doyle, President Local 456 Teamsters and Warehousemen, for trustee; John Manchester, secretary-treasurer Local 383 Milk Drivers and Dairy Workers for trustee; Joseph Heffernan, President Local

757 Ice-cream Drivers, for member Advisory Board; Edward F. Wilson, secretary-treasurer Local 820 Armored Car Drivers for member Advisory Board; Edward Conway, secretary-treasurer Local 804 Parcel Delivery Service, member Advisory Board; Theodore Daley, secretary-treasurer Local 445 Chauffeurs and Helpers, member Advisory Board; Patrick Sullivan, President 818 Inland Warehousemen, member of Advisory Board.

At the forthcoming meeting, Dennis Crotty spoke from the floor and electrified the assembled officers and delegates of Joint Council 16. He said in a straight from the shoulder talk that he was out for a New Deal for the Teamsters Union and that he was going to help drive the "money changers and racketeers from the temples of labor." Crotty further stated that he had no comb nor toothpicks in his pocket to comb or pick the character or private life of any labor leader on the O'Rourke-Hoffa ticket; he was only interested in honest trade-unionism and clean operation of all units in Joint Council 16.

We have pleasure in informing you that on February 1st, this long established company came under new management. Those concerned, who have been connected with the Wine and Spirit trade for very many years, are confident that the happy relations which have hitherto existed with our customers will be fully maintained in the future, more especially as the Company's business will be continued in accordance with the highest traditions of the Wine and Spirit trade. Therefore, we confidently ask for a continuance of your support, since our terms and prices compare most favourably with those of any other similar concern in Ireland.

## Big event of the programme was the Open Maiden Race for the Jack Lynch Memorial Cup.

Thirteen were saddled for this event, Ballyerne and Miss Tapotes being the favoured pair and they fought out the finish, Mr. Ronayne's mare prevailing by three lengths for Mr. P. J. Daly. Inky Devon, ridden by Mr. W. McLernon led for two and a half miles, with Aunt's Cottage, Ballyerne, Inter Gold, Miss Tapotes and Royal Catch all keeping tough. After a mile and a half, the winner was tracking Inky Devil and a mile further on she, with Miss Tapotes took over with Inter Gold challenging the pair. Miss Tapotes led for a while but then Mr. Daly gave Ballyerne her head and she showed fine stamina to draw away and readily resist the efforts of Co. Kilkenny rider, Mr. W. C. Redmond on Miss Tapotes in the run-in. Inter Gold stayed on to fill third place with Inky Devon fourth.

Mr. McLernon had earlier been successful on Knock Cottage, Mr. J. Hennessy's mare showing the benefit of her recent race at Carrigrohilly, by taking the Open Farmers Race readily. Her victory was a hollow one, for at one stage or another all her rivals fell and she won unchallenged. Muriel III and Overfast were both remounted and the only excitement of the race was provided by them in a tussle for places, Muriel III getting second place by half a length. Red Gillette, a faller at the second fence in this race, was saddled again for the lightweight event and won decisively by fifteen lengths. Miss McCarthy, in the hands of Mr. McLernon, made the running but she was a spent force after a couple of miles and was pulled up near the finish. Harvey, ridden capably by Miss K. Berney, then flattered but Red Gillette raced on to the lead over the question of what the winning distance would be.

Curraheen Cottage tried to make all the running in the heavyweight race but she was beset for a time at half way by Last Pact, ridden by Miss D. McNamara. Curraheen Cottage quickly gained control and half a mile out Roll On and Isabella were the dangers, the former challenging all the way but was unable to cut down the winner's lead.

Mr. Milo Moloney won the Harriers' Race on his own horse, Ganger's Gold in a good finish with Mr. J. Kiely on Dick IV. Arrangements which were in hand of hard-working and meticulous joint hon. secretaries.

## £5,076 for Cappagh Man

In the High Court on Tuesday last the jury assessed damages at £5,076 in a claim by Michael McCarthy, Cappagh, Dungarvan, against Messrs. Dickens Leather Co. Ltd., Dungarvan, in respect of personal injuries.

The plaintiff was employed by the defendant company for 19 years as a machinist and while operating a staking machine on July 15th, 1956, he sustained an injury to his right hand when the machine took a sudden start with the result that his arm had to be amputated.

Mr. Justice Murnaghan, after allowing credit for £234 workmen's compensation, gave judgment for £4,841 with costs.

Mr. T. K. Liston, S.C. with Mr. Jas. D'Arcy, S.C. and Mr. Frederick Morris (instructed by Messrs. Farrell and Morrissey, Solicitors) appeared for the plaintiff, and Mr. W. O'B. Fitzgerald, S.C., with Mr. Oliver D. Gogarty, S.C., with Mr. Henry Barron (instructed by Messrs. Petrie Knox and Pigot, solicitors) appeared for the defendant company.

## Letters to the Editor

A Chara,  
The recent visit of the Minister for the Gaeltacht to Ring, poses many questions, chief of which is, "Is Ring a Gaeltacht area longer and consequently entitled to Gaeltacht grants?" It is now very doubtful if Irish is the everyday language of any home in Ring. Gaelic enthusiasts who have been visiting Ring for many years tell me Irish is now practically dead there. If this is true the Government should re-examine the position and not dole out State funds on a district not entitled to them. I have been told that Corca Dubhine in Dingle Peninsula is the only Gaeltacht in the Province of Munster.

At the Agricultural Committee meeting, Mr. Curran wants the Gaeltacht area extended to Ardmore and Grange. I wonder is he really serious. Hindustani would be just as useful to you as Irish in Ardmore village. Nowhere there could you do your business through the medium of Irish.

I am sincerely in favour of all help possible for language cultivation but it must be admitted that there are many in Ring who have no time for Irish but prefer the Bearla instead.

KILMACTHOMAS AND DISTRICT NOTES

their Patrons has survived to the present day. Congratulations go to genral Mr. Edward Keating, B.Agr. Sc. Supl. Johnston Castle Agricultural College, Westford, on his appointment as Inspector in the Department of Agriculture. He is due to take up another appointment shortly. A native of Kilcanave, Kilmacthomas, Mr. Keating was appointed Superintendent at the College about five years ago, and is well known in a agricultural circles throughout the Midel County.

Respected Farmer's Demise.—It is with sincere regret that residents of these parts heard of the decease of Mr. Jeremiah Lenihan, Ballynahogue, which sad event happened at his home on Wednesday last week after a period of failing health and of the allotted span. Though everything that medical skill and care and attention could do was undertaken, he passed peacefully away (in the presence of his nearest and dearest fully fortified by the final consoling ministrations of the Mother Church, to which he was ever devotedly attached and his departure hence is, deeply and deservedly regretted by every section of the community in the area.

Jermy as he was affectionately known to all and sundry, was an up-to-date and very successful dairy and tillage farmer and a front-rank breeder and exhibitor of top-grade hunters. It was indeed a pleasure to meet and have a chat with this most unassuming neighbour. Spouse of Mrs. Bridget Lenihan (nee McKenna, native of Seafield, Bannahon) and father of Misses Betsy and Addie Lenihan and Messrs. John and Michael Lenihan, the deceased was a member of the oldest established Mid-Waterford family stock. With his wife, daughters, sons, nieces, nephews and in-laws a wide measure of sympathy is extended.

The attendance at the removal of the remains on Thursday evening week to St. Anne's Church, Ballylaneen was of imposing dimensions and most representative. Next morning, Office and High Mass were celebrated by Canon of the Mass was Rev. T. Draper, C.C. Stradbally; sub-deacon, Rev. M. Walsh, C.C. Kilmacthomas. In the choir were: Very Rev. H. Synnott, B.A., P.P., Newtown; Very Rev. J. Halley, P.P., Modligo; Rev. L. Walsh, C.C. Kill; Rev. P. Quailly, C.C. Fenor; Rev. J. Grace, C.C. Ballyvaughan; Rev. J. Murphy, C.C. Ballinacorney.

The remains were laid to rest subsequently in the adjoining cemetery, amidst every manifestation of sincere sorrow, and, as on the previous evening, there was again a large concourse of relatives, friends and sympathisers. All of the public prayers officiated at the graveside. Sheaves of spiritual bouquets and messages of condolence were received.—Peace to the gentle soul departed.

Believable.—The engagement is announced between Nicky, son of Mr. Nicholas Connors and Miss Mrs. H. Connors, Park Stradbally, and Phil, daughter of Mrs. Mary Beresford and the late Mr. Nicholas Beresford, Cochnacore, Dungarvan.

Another Demise.—At the Co. and City Infirmary, Waterford, on Thursday last week, with a brief illness and in the prime of her womanhood, of Miss Mary C. (Christie) O'Sullivan, daughter of the late Mr. Denis P. O'Sullivan, licensed timber and general provision merchant, Kill. A very kind and gentle person, the late Miss O'Sullivan was held in affectionate regard by a wide circle of friends, a fact which was amply evidenced by the vast cortege which accompanied the removal of her remains to the Church of Our Lady of Mount Carmel, Kill, where the coffin was received and blessed by the Rev. L. Walsh, C.C. The interment was made in the adjoining cemetery on Saturday, after Office and High Mass, the priests present at the graveside again officiating at the graveside. A number of beautiful floral wreaths were placed on the graveside and numerous Mass cards were received. Many expressions of condolence have been tendered to the dear departed one's grief-stricken mother and sisters and brothers in their bereavement and loss.—R.I.P.

Historic Kilrossanty's Fine Vanish Church is dedicated to her who has lovingly been called "The Mary of the Gael"—St. Bridget, whose feast on Saturday, 1st, was observed as a Church holiday by the parishioners, the same as it always was by the generation that went before. Her feast has been observed through the centuries. The faithful flocked to the sacred edifice for Mass on the morning of the feast, and young and old, in very large numbers, received Holy Communion thereat. There is no disguising the fact that the good people of Kilrossanty's heartening age-old devotion to

Cultivation of the Potato Crop

It is most important that potatoes should be grown on rotation with other crops. Continuous cultivation of potatoes on the same soil must be avoided. Yield, deterioration in quality and an increased tendency to disease. If at all possible, potatoes should not be grown in the ground more than once in four years.

SOIL REQUIREMENTS. Potatoes can be grown on almost any soil except on wet, drained lands. The best crops are obtained on a medium loam containing plenty of organic matter. Such a soil, especially if it is loose, friable and well-drained is easy to cultivate and there is less risk of a check in growth during the growing season.

AUTUMN CULTIVATION. Whilst many farmers produce excellent potato crops, there is no doubt that the yield and quality of the crop can, in general, be appreciably improved. More attention to detail is necessary if good potatoes are to be grown. Ground where potatoes are to be grown should be ploughed early in order to benefit by the winter frost and to give turf a chance to rot. The nature and extent of the autumn cultivation will depend on the place the potato is to occupy in the rotation and on the condition of the ground in the autumn following the crop. Potatoes are usually grown (a) after a grain crop or (b) after lea.

(a) After grain crop.—Growing after a grain crop especially after an oat crop following lea, is the most common method. When grown after a grain crop the potato usually occupies portion of the root break and is, therefore, a cleaning crop. It is especially so when the ground is especially rough and bent grasses if they are present, should be destroyed. This may be done by either a preliminary shallow ploughing or by using the cultivator or spring-tine harrow to tear the surface. The ground should then be harrowed in the ordinary way and the weeds collected and destroyed. This process can be repeated until the ground is clean. Finally, the soil should be ploughed deeply, using a skim cutter. It would be a great advantage, especially from the labour saving point of view, if the farmyard manure could be spread and ploughed-in at this time. The mechanical spreader has simplified the operation.

(b) After lea.—The mechanical operation of farming and especially the introduction of the totovator has made the preparation of a seed bed after lea much simpler. The totovator is used until the surface is well broken up. Then the ploughing is carried out if farmyard manure is being applied it can be worked in with the totovator before ploughing. If the lea is fairly young, with a good covering of wild white clover, farmyard manure may be omitted.

SEEDING CULTIVATION. The nature of the spring cultivation will vary somewhat with the condition of the soil and the equipment at the farmer's disposal. Land treated in the early autumn in the manner already described should be given a few strokes of the harrow, first in the direction of the furrows and then at an angle across the ploughing, followed by the cultivator. The soil should be brought into a suitable condition for drilling that is, to at least a moderately fine tilth.

In dealing with heavy soils, it may be advisable to cross-plough. The extra labour involved will be more than repaid by the extra depth and abundance of moisture provided in some cases the use of a chisel crusher may be necessary before drilling.

As far as possible all operations should be carried out when the ground is in a dry condition. The making of a seed bed is then much easier. When the land to be planted has been reduced to a moderately fine condition, drills 28" — 32" wide may be opened with a double mould board or drill plough. When the tractor is used, the drills are made by the implement which carries from 1-4 double mould board ploughs or ridging bodies.

The ridger has an adjustable marker which is set so that the drills are at a uniform distance apart. Sometimes the ridger carries a fertilizer distributor or which places the fertilizer at the bottom of the furrows. Drills should not be carried out until preparations have been made to enable planting to be done immediately afterwards. The ground should be in a dry condition at drilling time. It should be clearly understood that no subsequent treatment as regards manuring, selection of seed or other aids to successful potato culture, can in the least degree lessen the necessity for careful and thorough cultivation before and after planting.

Once the drills are opened the application of manures and planting should be carried out with all possible speed. Where tractor machinery is used it is now possible to have the drilling, manur-

To-day, electricity provides a better and cheaper way of doing almost every job on the farm, whether it be motive power to drive farmyard equipment, heat to operate a grain dryer, or light to provide infra red warmth for poultry and bonhams.

To the farm housewife, electricity brings the means of providing running water in the home and the most modern method of cooking and heating to bring her more comfort, more leisure and greater cleanliness in her home.

Remember, the more use that is made of electricity, the cheaper is the cost per unit. Take advantage of this and if you would like more particulars of the latest electrical equipment available for the home and for the farm, write or call to your nearest E.S.B. Office.

### BOXING TOURNAMENT IN CORK A BIG DISAPPOINTMENT

Three Dungarvan boxers were engaged in Cork on Friday night last and met with mixed luck. There was not as good an attendance as expected due to the fact that Harry Perry who was to box Teidt, withdrew, and Teidt's bout with J. Smith was a disappointing affair. It was left to T. Sheehan and his opponent J. Kearns to provide the best bout of the night and both boxers were given a fine reception for their non-stop bout, the decision going to the Dublin boxer very narrowly. I don't think there was as good a bout seen in Cork for years.

J. Woods found Murphy an awkward man to box but was not up to his usual standard and even so there was not much in it at the end, the decision going to Murphy. Fred Norton again showed his ability to punch against a very good boxer in Irish champion N. McCarville. McCarville had a big advantage in height and reach but Norton attacked all through but it was not until the middle of the final round that he landed several hard right uppercuts which had his opponent in dire trouble and after taking a count of eight McCarville ran into a barrage of punches and was unable to defend himself. The referee stopped the fight in favour of Norton.

**ANNUAL MEETING**  
The seventh annual general meeting was held on Sunday last and it was noticeable that membership had fallen but the Club will be carried on as usual.

The club will run a bus to Tramore on Wednesday next for the tournament sponsored by the Crusaders Club, Waterford and will include boxers from Cork, Dublin, Waterford, and Dungarvan and quite a good programme has been arranged. Bus will leave at 7.15, fare, 6/- please note—those wishing to travel should hand in cash with names.

### Annual Meeting of Coolnamear Branch N. F. A.

The third annual meeting of above was held in Coolnamear N.S. recently. There was a large attendance of members present. The chairman Mr. Thos. Fahey welcomed the large crowd and in a brief address outlined the working of the Branch over the past twelve months. He spoke of the present day necessity of such a strong organisation as N.F.A. and pointed out the benefits derived during the past year through the medium of such a strong and virile organisation. Concluding the Chairman said that he hoped that the few who were still outside the ranks of N.F.A. would become members in 1958 as it is through a united effort the aims and benefits can be best achieved.

The Treasurer Mr. Thos. Wall stated that the Branch was in a sound financial position, and that he wished to thank all who had helped to bring the Coolnamear Branch to its present strength. The Hon. Sec. Mr. Thos. Byrnes in a comprehensive report outlined the huge amount of work carried out by N.F.A. during 1957 and said that the farmers of the country could feel happy that they now had such a strong organisation as N.F.A. He concluded by thanking all who co-operated with him during his term as Secretary and said he hoped the Branch would become even stronger and better in the year that lies ahead. Arising out of the Sec. report, it was proposed by Vice Chairman Mattie O'Brien that the canvass of the area covered by Coolnamear Branch be completed as a small number of farmers were still outside the ranks of N.F.A. This resolution was passed. Glowing tributes were paid to the outgoing committee members by all present for the amount of work they have done for the local Branch. In the proposition of Mattie O'Brien it was unanimously decided to re-elect the outgoing Chairman, Vice Chairman, Treasurer and Hon. Secretary. The new Committee is as follows: Chairman: Thos. Fahey, Vice-Chairman: Mattie O'Brien, Treasurer: Thos. Wall, Hon. Sec.: Thos. Byrnes, Publicity Officer: W. Dalton, Thomas Dunford, Patrick Tohin, Thos. Dunford, John Browne, Martin Kelly, Delegates to Co. Executive, Martin Kelly, Wm. Browne.

**Certified Seed Potatoes**  
Best potato yields cannot be obtained unless the health and vigour of the seed planted is satisfactory. Good seed cannot be selected on appearance nor is the district of origin alone a reliable guide. The important thing is to ensure that the seed is the produce of a vigorous healthy crop which has been grown in suitable isolation from diseased potatoes. Growers are accordingly strongly recommended to plant certified seed potatoes at least every three years.

It is advisable that orders for certified seed should be placed with seed merchants early in the season. Certified seed potatoes are sold in sacks with an official red metal seal marked "Department of Agriculture, Dublin" on one side and "Certified Seed" on the other. In addition, the sacks are branded to show the variety, certificate number of the grower, grade of seed and initials of the licensed potato merchant responsible for packing. Reliance cannot be placed on the quality of seed sold in bags not so branded and sealed.

### CATHOLIC SCOUT TROOP MEETING

At 8 o'clock on Saturday night we had about 85 per cent in the Den for the meeting in spite of the weather. Too many Scouts were in 'plain clothes' and these were probably taken by surprise by the weather, as the excuse of 'too cold to change' no longer applied. In future uniforms must be produced at Troop meetings for inspection either on their owners bodies or in paper parcels. It was said that some night when we have two or more scouts with paper parcels we can have a competition between them to see which would change clothes quickest. For the weekly quiz we had Charlie the candidate's looking to scouts for information and some of the answers were plain lies. A rounders game with two teams ended in a draw with each side 244 runs, however Paddy D. who was keeping the score, managed it. Patrols got directions to do three items during Patrol work time. I to draw a plan of Eire; 2 to write out 30 parts of the Mass each on a separate piece of paper and 3 a knot problem about trying up a watch dog in a garden. As far as some chaps are concerned the dog is still watching them. For signalling we were sent the following message and told to arrange punctuation to make sense

### F.C.A. NOTES DUNGARVAN BATT. F.C.A. FIELD DAYS

A Field Day will be held at Youghal Ranges on Sunday 16th February next, for the purpose of exercising personnel in Open Range Practices. Transport will leave Dungarvan at approximately 10.30 a.m. Further details will be published next week but in the meantime the Battalion Staff are anxious to find out the approximate numbers that will attend so that suitable arrangements may be made for all.

**LOCAL PARADES**  
Attendance at local parades have improved during the past week and there is yet much improvement to be made especially in the case of Dungarvan Centre where attendance is the lowest in the Unit. I would appeal to all members to make an effort to come on parade for the next few weeks so that T.S.O.E.T. and miniature may be completed.

**RECRUITING**  
The Battalion Staff are anxious to recruit as many as possible for the Unit before the end of March '58. I would appeal to all members to bring along their friends so that we may build up the strength of the Unit and show battalions of other areas that Dungarvan is still one of the best Units in the Southern Command. It is hoped to open new centres in the county in the next month or so and any person who is keen in having an F.C.A. training centre in their locality should get in touch with the Battalion Staff, Youghal Road, Dungarvan.

### CATHOLIC SCOUT NOTES

**INTER-PATROL CUP.**  
Up to date reckoning of points shows that the Wolfhound Patrol (M. Biffin P.L.) who lead for a time are within whispering distance of the Tiger Patrol (J. Regan P.L.) who had a big lead for a time. In third place are the Panther Patrol (P. Tyrrell P.L.). The Wolf Patrol are not last.

**LOURDES PILGRIMAGE.**  
Half a dozen of the 1200 Catholic Scouts flying to Lourdes early in April will be from this Troop. Having filled forms, got pass-ports photographed, saved up money etc. they need only shove a few necessaries in a hand grip or rucksack and they will be ready to board a Viscount 701 at Collinstown. By the time they realise there is nothing to be nervous about they will be in France. OUI.

Noisy appeared on the Cinema Screen on Monday night playing the pipes at the Fleadh Ceoil. Killarney seems to be favoured for camp next summer. Very few of the present Troop membership have been there. Some of our memory men could probably name the year of last camp there and even the P.L.s of each Patrol. One special memory is it is the wet morning a P.L. in charge of breakfast tried to beat the rain by putting paraffin in the fire without moving the porridge pot out of the way. What a chorus later — 'oll in the morning! And sugar was rationed too; One chap eat his supply oil included but he also likes burned porridge and he still keeps it. We heard a few tunes the pipes on Thursday night and no doubt the hard work of past months shows results. No more bluffing and galloping and all the lads playing what the music says, twiddle bits and all. Drummers tapping with delicate precision (who said that) and tenor drummers dazzling the eye with whirling sticks. A notice on the board a few weeks ago said that 'Santa Claus won't pay registration fees till 1968' but still some scouts have not yet forked out. If they are waiting to be held up by a gun I have information that that is just what will happen next Saturday night. Funny how fellows don't like a good water pistol popping at a spot between the eyes. — PROTREM.

**GENERAL.**  
Noisy appeared on the Cinema Screen on Monday night playing the pipes at the Fleadh Ceoil. Killarney seems to be favoured for camp next summer. Very few of the present Troop membership have been there. Some of our memory men could probably name the year of last camp there and even the P.L.s of each Patrol. One special memory is it is the wet morning a P.L. in charge of breakfast tried to beat the rain by putting paraffin in the fire without moving the porridge pot out of the way. What a chorus later — 'oll in the morning! And sugar was rationed too; One chap eat his supply oil included but he also likes burned porridge and he still keeps it. We heard a few tunes the pipes on Thursday night and no doubt the hard work of past months shows results. No more bluffing and galloping and all the lads playing what the music says, twiddle bits and all. Drummers tapping with delicate precision (who said that) and tenor drummers dazzling the eye with whirling sticks. A notice on the board a few weeks ago said that 'Santa Claus won't pay registration fees till 1968' but still some scouts have not yet forked out. If they are waiting to be held up by a gun I have information that that is just what will happen next Saturday night. Funny how fellows don't like a good water pistol popping at a spot between the eyes. — PROTREM.

### THE CASE OF THE BLOCKED DRAINS

When this column turned the spotlight on the case of the "blocked drains" which is a source of major worry to farmers throughout Ireland, it started on a movement that may well bring a speedy solution to the many problems involved.

Professor Oliver Roberts, the botany expert at University College Cork, got in touch with me to say that he was working on this problem for the past two

**DEATH OF MR. M. HOGAN**  
We regret to record the death of Mr. Michael Hogan, Ballinacorney, Tallow, which sad event occurred unexpectedly at his residence on Sunday morning, Feb. 2nd. Deceased had been ill for a few weeks but he had apparently recovered when his death occurred suddenly. A highly respected member of the farming community, he was widely esteemed and his demise is greatly mourned over a wide area. The remains were removed to Tallow Parish Church on Monday evening, followed by a very large cortege. Requiem Masses were celebrated on Tuesday morning for the happy repose of his soul and the interment took place in the family plot in the adjoining cemetery in the afternoon in the presence of a very large number of friends and sympathisers. Very Rev. Canon W. Flynn, P.P., Tallow, and Rev. M. Condon, C.C., do. officiated.

The chief mourners were: Messrs. Patrick and Matthew Hogan (sons); Mrs. H. Flynn, Mrs. M. O'Connor, Miss P. Murphy, Mrs. F. Baldwin, Miss B. Hogan (daughters); O'Connor family, Willis family, Murphy family (grand-children); Mr. H. Willis, Mr. M. O'Connor, Mr. P. Murphy, Mr. John Baldwin (sons-in-law); Murphy family, Boola, Mr. Neville, England (cousins and relatives), R.I.P.

**TALLOW FAIR**  
Tallow monthly fair held on Friday 31st was well stocked. Cattle prices were well maintained, heaviest 3 year old making from 250 to 270, younger lots realised from 225 to 245 according to quality. Sheep were steady around recent rates. Pigs were in slow demand at reduced prices.

**PREMISES SOLD**  
Mr. John Farrell, Auctioneer and Valuer, Lismore, Tallow and Dunmanway, put up for sale the tailoring establishment of Mr. M. O'Flynn, Main Street, on Friday January 31st and after spirited bidding was bought by Miss Stata Walsh, Hair Stylist, Convent Street, for a sum in the region of 2500.

**GALLYDUFF MAN'S DEATH**  
We regret to record the death which occurred at the District Hospital, Dungarvan, on Friday, January 31st, of Mr. David Coughlan, Mocollop, Ballyduff. Deceased was a member of an old and highly respected family and his death is deeply regretted. The remains were removed to St. Michael Church, Ballyduff, on Friday evening and the interment took place in Mocollop

'Stream and Field in Ireland'

The big push in the third phase of the drive to develop Ireland's tourist angling potential is well under way. This phase concerns sea-angling with emphasis on the 4,000,000 sea anglers in Great Britain and France and it follows on the second phase development of trout and salmon waters and inland course fishing centres.

'Stream and Field in Ireland'

The current (February) issue of 'Stream and Field in Ireland' the country's only angling and shooting monthly, lists the formation of the new clubs with interesting sea-angling courses fixed for Rosslare in May, Ballymore in June, and Skerries (Co. Dublin) in July.

# RESUMPTION OF N.H.L. Waterford Face Kilkenny Again

THE County hurlers will certainly not be lacking in incentive when they step out of hibernation to resume their National League activities on Sunday next. Away to Kilkenny, Waterford has the dual incentive of avenging Championship and Oireachtas defeat last back end and in the process commencing the new season on a winning note. But what an effort it will be to take back the points from Nowlan Park!

True, it is, the result is of little more than prestige value, but Waterford-Kilkenny rivalry is intense enough these days to guarantee a battle royal irrespective of circumstances.

The Kilkenny men, of course, will doubtless be hopeful of a slip up by group-leaders Waterford, an event that would bring them back into the running for a final place. That possibility, however, though it would appear, has probably influenced the decision to bring that doughty defender, John Maher, back from England for the game. In fact, Garvan for Rockett, excepted, the Ossey line-out is identical with the side which did duty in the All-Ireland.

The Waterford fifteen is also on the expected lines, though few will see eye to eye with the choice of former mid-fielder, Johnny O'Connor on the mark. O'Connor, a grand out-fielder hurler on his day, is certainly not my idea of a prolific full-forward. Mentors, of course, were set quite a problem by the temporary absence of brilliant John Kiely, who is currently domiciled across-Channel. It could be that we will still see O'Connor operating in an area more congenial to his style before the hour is through.

Victory at this stage would be a great morale booster. Kilkenny certainly are not taking any chances. But they may not be beyond a top-notch Waterford. One way or another it should prove a very informative encounter.

## C.B.S. LEAGUE

Don at Mainstreet 4-0  
Dungarvan Lahr 3-1  
The Village boys proved far superior to Dungarban Lahr. The first-time pulling of the winners paid dividends as their forwards led by Liam Mac Keachta gave the opposing backs a busy hour and were it not for the Trojan work of P. O'Faolain, D. O'Callahan, C. O'Logain and R. O'Connell, the losers would prefer to forget about this match.

The Abbeyside team is a good one and while it may not look as strong as last year's winners, it has all the fighting qualities and the will-to-win, that we have always seen in the boys from across the Bridge.

G. O'Callahan, S. O'Duignan and the O'Mathuna brothers having gained experience from last year's league, are showing the younger enthusiasts the 'know-how' of league hurling.

A special word of praise goes to Capt. M. O'Faolain for his dynamic effort in this match, as in all others. He, however, has good helpers in M. O'Loibhaiss, S. O'Duahir and R. O'Loibhaiss. Scores for the winners were: L. Mac Inerachta (2-0); R. Mc Craith (1-0); L. O'Callaghan (1-0); S. de Paor (1-0). For the losers—M. O'Faolain (1-2); A. O'Faolain (1-0); M. O'Loibhaiss (1-0).

## BACK AGAIN

JOHNNY O'CONNOR full-forward on Sunday.

## GROUP TEAMS SHOULD BE A FORCE

The bye-law introduced at last year's Congress which permits junior clubs to amalgamate for senior competition without altering their individual junior status is certain to add a good deal of colour to the forthcoming championships. Dame rumour has already linked several prominent junior sides and, although it is unlikely that the actual constitution of any combination will be definite until the names go into the hat, it would seem that the established club sides will face the biggest threat since Avonmore blazed a sensational trail back in 1948. Certain it is that the senior competitions—no doubt the more ambitious selections will participate in the Preliminary and Sergeant Cups—will be all the more attractive by their inclusion.

## County Board Meeting

The County Board is scheduled to meet in Dungarvan on Wednesday night. Big items on the agenda will be the making of arrangements for the Phelan and Sergeant Cup competitions. It is expected that the championships draws will also be made. Not the least interesting item is likely to be the proposed investigation into the legality of the newly-elected Vice-Chairman of the Western Board, Mr. M. Doherty. It will be recalled that this matter came before the County Convention in the form of a motion from the Cahal Brugha Club and was referred to the Board on the recommendation of the County Chairman. Another interesting matter referred from the Convention is the Mount Sun proposal to introduce better quality medals for the county championships. All in all we should have some interesting discussions.

## Footballers Disastrous League Opening

Tipperary 2-13; Waterford 0-8  
Waterford's initial engagement in the National Football League ended disastrously on Sunday last when a mediocre Tipperary side was never troubled to take the points by a convincing margin. Played at Fethard, this game produced little in the way of good football and what it did undoubtedly came from the Tipperary men. The result certainly poses many problems for the Doldse selectors.  
Tipperary led throughout. The Premier county side, though, was a trifle flattered by the local margin. Nonetheless, Waterford's performance was a nothing short of downright disappointing.

## St. Garvan's Annual Meeting

At the general meeting of the above the following were elected for 1958: Chairman, Mr. P. Whelan; Vice-do., Mr. L. Power; Secretary and Treasurer, Mr. M. Doherty. Committee, Messrs. P. Whelan, L. Power, J. Woods, M. Lyons, G. McCarthy, M. Doherty, T. Sheehan, J. Drummy, J. Walsh, Captains and Vice-Captains, J.H. John Kiely and T. Sheehan; J.P. Jack Woods, G. McCarthy; M.H. Jinn Walsh; T. Woods; M.P. J. Conroy and M. (Mutt) Whelan.

It was decided to hold a club social at Clonlea in the near future. Subject to permission, it was agreed to play a J.H. tournament for a set of medals or miniature cups. Glowing tributes paid to inter-county star, John Kiely on his brilliant and wholehearted hurling for both club and county in 1957. Club membership fees, junior 2/6, minor 1/- remain unchanged.

## West Waterford Notes

### ARDMORE SEWERAGE SCHEME

The residents of the important seaside resort of Ardmore will be pleased to learn that their new sewerage scheme will commence in the near future. The necessary Department permission has now been secured and as soon as some formalities have been complied with work will start. In addition to supply a long felt want the new scheme will give considerable employment.

### CLASHMORE L.C.A.

The annual general meeting of the Clashmore G.C.A. was held recently when the following officers were elected for 1958.

President, Miss Marie Mullaney; vice-do., Miss Elizabeth O'Keefe; Hon. Sec., Miss Kathleen Ronayne; Hon. Treas., Mrs. E. Beresford; Press Corr., Miss Linda Conaghan; Delegate to Federation, Miss Mary Coughlan; Delegate to An Griannan, Miss Denise Mullaney; Committee, Mrs. T. O'Connell, Mrs. J. Molony, Mrs. J. Egan, Miss Kaye Power, Miss Josie Ryan, Miss Phyllis Morrissey, Miss A. Roche, Organiser, was present and there was a large attendance.

### CLASHMORE C.F.A. FUNCTION

All roads lead to Clashmore on Sunday night next for the Clashmore-Aglish C.F.A. annual social and dance which function promises to be very enjoyable. For full details see advts.

### GARDA STATION NOT TO CLOSE

We are authoritatively informed that a rumour circulating in this area to the effect that Villierstown Garda Station is to be closed is without foundation. An unofficial move has been made, however, to have Clashmore station re-opened.

### FISHING SEASON OPENS

Summerlike weather conditions prevailed in this area for the opening of the salmon fishing season. Prior to the opening, V. Rev. D. Power, P.P., Clashmore, celebrated Mass for the success of the season and in a simple but impressive ceremony performed the blessing of the boats.

### CLASHMORE WOMAN'S DEATH IN U.S.

The death has occurred in U.S. of Mrs. Margaret Chand (nee Lynch), a native of Knockaniska, Clashmore. To her relatives in the Clashmore area sincere sympathy is extended.

### CLASHMORE AFFILIATE HURLING TEAM

Clashmore, once known as home of Co. Waterford football, has entered a junior hurl team for the championships, is hoped to field a useful combination against Ballysaggart the first round.

### MINISTER TO VISIT CLASHMORE

Mr. Sean O'Connell, Minister for Posts and Telegraphs, will visit Clashmore on Saturday night, 15th February, when he will be entertained to a sup by West Waterford Comhonnaithe F. The Minister will also receive a number of deputations on the occasion.

### WITH THE HARRIERS

Kinsalebeg Clashmore rangers met at Boda (near C more) on Sunday last and a ten mile run—one of the best of the season and in a simple but impressive ceremony performed the blessing of the boats. In the light of this, we have no alternative other than advise farmers to milk their own compounds this year. Full information will be given to any member or Branch Secretary on application to Headquarters, JUNIOR WARBLE ERADICATION. Clonroche Branch in Co. Wexford is carrying out a personal canvass of all farmers in its area, asking them to dress their cattle for warble-fly this year. This is a completely voluntary scheme and the purpose is to eradicate the warble-fly in the area. Because it is estimated that the warble-fly does not travel more than 400 yards, it seems a perfectly feasible undertaking. It is hard to estimate the losses incurred through damaged hides and reduced milk yields due to warble-fly, but it must be very considerable and if farmers would, through their own initiative, stamp out warbles entirely, it should be reflected directly or indirectly in an increased income. Scientists in many countries are now claiming that they have found the answer to the problem in chemicals which are 97% effective on oral administration. We have little doubt that eventually such a chemical will be in common use, but in the final analysis, a great deal will depend on farmers' initiative and organisation. We believe that this effort made by the Clonroche Branch in Co. Wexford should be profitably undertaken by our Branches throughout the country NATIONAL COUNCIL ELECTIONS. The NFA National Council Elections are being held this year. Co. representatives elected now will sit for the next two years. Nomination forms are already in Branch Secretaries' hands and we would ask all Branch Secretaries to ensure that a meeting is held for the purpose of nominating his candidates for the county. Completed nomination papers should reach the Secretary, 27, Earlsfort Terrace, Dublin, not later than 17th February, 1958.

## N.F.A. NEWS

### USEFUL CREDIT SCHEME

The scheme administered by the Agricultural Credit Corporation for the purpose of providing credit for the purchase of fertilisers and limestone might be usefully availed of by many farmers this year.

The date of repayment is December 31st, 1958 and as far as the Corporation is concerned, there is no maximum or minimum loans.

Application should be made on Form FL54, which is obtainable from the Corporation and questions for fertilisers required, together with Land Commission Receivable Orders should accompany the completed application forms. No land mortgage is required and only a surety necessary in one property-owner.

Two farmers may go surety for each other or alternatively, the merchants from whom they purchased the manures can act as sureties.

The loans are sanctioned by the Corporation but are issued by a bank selected by the applicant. The interest rate is 5%.

This is the best scheme for short-term credit available to farmers and while we deplore the general inadequacy of credit facilities, we feel that the best use should be made of the existing ones.

### IMPORTED OATS

In recent weeks, British seed oats has been dumped on the Irish market. The operative word is "dumped" because this oats is being produced under the British system of deficiency payments and it is consequently undercutting the price of the home grown product.

Over a number of years, efforts have been made in this country to encourage the growing of certified seed oats, particularly Sun II and other similar varieties. This will be of little avail if growers' confidence is broken by the knowledge that highly subsidised oats can be discriminatedly dumped on the market to the detriment of the price structure of Irish oats at any particular time. It is therefore, a matter which should be kept in mind in future trade negotiations that we have with Britain.

Ireland can produce the best oats in the world and it seems ridiculous to be importing both for seed and for food stock feeding. Bloodstock breeders have complained that they cannot buy Irish oats of a sufficiently high quality for feeding and we wonder why no effort has been made to have farmers contract to supply their estimated total requirements.

We do know that on the National Stud, Kildare, where some of the finest blood stock in the world are kept, that they are fed on oats grown on the farm. It must be possible to assess our requirements of oats for bloodstock feeding, to expand the production of seed oats and of oats for milling purposes. This can only be achieved by co-operation between the various interests and a stability in price for the grower.

### HOME COMPOUNDING OF FERTILISERS

With the dissolution of the Price Advisory Body, the NFA is left without a forum for protest against ridiculously high prices of fertilisers.

The Body was dissolved when a case by the NFA for a reduction of 30% per ton in the price of superphosphates was pending. The price of compound fertiliser is far too high and the cost of compounding seems ridiculous when compared with costs in other countries.

In the light of this, we have no alternative other than advise farmers to milk their own compounds this year. Full information will be given to any member or Branch Secretary on application to Headquarters, JUNIOR WARBLE ERADICATION. Clonroche Branch in Co. Wexford is carrying out a personal canvass of all farmers in its area, asking them to dress their cattle for warble-fly this year. This is a completely voluntary scheme and the purpose is to eradicate the warble-fly in the area. Because it is estimated that the warble-fly does not travel more than 400 yards, it seems a perfectly feasible undertaking. It is hard to estimate the losses incurred through damaged hides and reduced milk yields due to warble-fly, but it must be very considerable and if farmers would, through their own initiative, stamp out warbles entirely, it should be reflected directly or indirectly in an increased income. Scientists in many countries are now claiming that they have found the answer to the problem in chemicals which are 97% effective on oral administration. We have little doubt that eventually such a chemical will be in common use, but in the final analysis, a great deal will depend on farmers' initiative and organisation. We believe that this effort made by the Clonroche Branch in Co. Wexford should be profitably undertaken by our Branches throughout the country NATIONAL COUNCIL ELECTIONS. ### DRAWS AND FIXTURES

In addition to ironing out the arrangements for the various competitions, the meeting, which was attended by a very representative number of delegates, dealt with a number of applications for transfers and readjustments.

Apart from the decisions to regrade Tourin and Ballyduff from senior to junior hurling—the former had eight applications and the latter 17—there were no startling developments in that respect.

Transfers were mainly to the returned Ardmore and Kilgobinet and the newly-formed Ballinacourty Clubs.

As stipulated by the County Convention, the minor championships will be run on the league system, with appropriate groupings to Headquarters. Junior competitions will continue as heretofore.

The arrangements are as follows: Junior Hurling (Lismore Group)—All matches on April 20th. Glen Rovers v. Tourin at Lisnere; Oeruldines v. Cappoquin.

Second Round—Geraldines v. Cappoquin v. Glen Rovers or Tourin; Lismore v. Affane, April 20; Ballyduff v. Shamrocks, April 20; Ballinacourty v. Clashmore, April 20.

Dungarvan Group—All first round matches on April 27th: St. Declan's v. Kilgobinet; Dungarvan v. Kilrossanty, at Dungarvan; Stradbally v. Ballinacourty v. St. Nicholas; Dalton, St. Garvan's v. Brickey Rangers; Abbeyside v. The Nire.

Second Round—St. Declan's or Kilgobinet v. Dungarvan or Kilrossanty; Stradbally or Ballinacourty v. St. Garvan's or Brickey Rangers; Abbeyside or The Nire v. Emmetts; Old Parish v. Ring at Dunbarvan, T. Cunningham.

Minor Hurling—Group A: Cahal Brugha v. St. Garvan's; Abbeyside v. Dungarvan. Group B: Ardmore v. Affane; Ballinacourty v. St. Nicholas. Group C: Cappoquin v. Rovers v. St. Michael's; Bride Vatney Rovers v. St. Malachy's. Group D: Ballinacourty v. St. Anne's; Donmahon a bye.

Minor Football—Group A: Stradbally v. Ballinacourty, at Dungarvan, Kilrossanty a bye. Group B: Abbeyside v. St. Garvan's; St. Anne's v. Dungarvan, at Dungarvan. Group C: Cappoquin v. St. Malachy's; St. Michael's a bye. Group D: St. Nicholas v. Ardmore; Ballinacourty a bye.

### HURLING LEAGUE (1957)

Abbeyside v. St. Garvan's at Dungarvan, February 23rd; Kilrossanty v. Stradbally, at Durrow, February 23rd.

### FOOTBALL LEAGUE (1957)

Geraldines v. Brickey Rangers at Bushy Park, Feb. 8th; Stradbally v. Ballinacourty, at Durrow, February 16th. P. Dalton.

## Interesting Junior Football Challenge

The reformed Ardmore Club will play hosts to Geraldines' second string on Sunday next. Reputed to have strung together a capable combination the Seaside side will be anxious to open their comeback campaign on a winning note. But Geraldines, with eyes on a vital League encounter a week hence and with several of the side battling for senior recognition, seem certain to provide a real baptism of fire. In consequence, we should see a most instructive encounter.

## Kilrossanty Report Progress

One of the largest and most enthusiastic gatherings for years attended the annual general meeting of the Kilrossanty Club. The get-together ranged from the old-timers down to juveniles. Sean O'Ormond, Hon. Sec., in the course of a detailed report stated: "It gives me great pleasure to relate our activities for the past year. During that period we have won no less than four trophies, viz. Phelan's, Erin's Hope Cup, Western Divisional Board's Hurling Shield and the coveted Co. Senior Football championship crown. I do not alone when I feel disciplinarian will have to be adhered to. Therefore let us march forward to new and fresh victories as a disciplined and united club." Amidst tremendous applause, Sean O'g thanked his colleagues for their co-operation throughout the last twelve months and members of the public for their interest in the well-being of the club. It was decided to enter a senior hurling team in the championship.
