LOCAL HAPPENINGS

TOOR HOLY WELL A report has been received from the Ardmore area of a cure from a skin disease after visiting Toor Holy Well.

AGLISH WOMAN'S WIN IN LONDON ELECTION Miss Muriel Bowen, formerly of Ballinaparka, Aghlish, a daughter of a former Waterford County Council Surveyor, contesting her first election for London County Council, registered a notable victory at South Battersea in winning for the Conservative Party, a seat formerly held by Labour. She came second in the Poll with 7,757 votes.

A former member of the reporting staff of a leading Irish daily newspaper, she gained an interest in British politics when she went to London to work on a British daily, and aspired to a seat in the British Parliament, but just as her prospects were fairly bright, she elected to leave London to work as a journalist in Washington, U.S.A., with assignments that took her to many countries, including those in the Far East. On her return to London she interested herself in magazine production.

RING PRIEST IS AGAIN BEST DRAIVE PRODUCER Rev. Fr. Victor de Paor, C.C., Ring, has been having a splendid series of successes in the past month with his drama productions. His play groups have won prizes in drama competitions in Cork, Ring and elsewhere, and he himself has collected many awards for best producer. His latest victory was the prize for Best Producer at the All-Ireland Gaelic Drama Festival in Thurles at the week-end, when the adjudicator highly praised Rev. Fr. Power's productions.

The group 'Aislinn na Rinne' who participated in the Tipperary Festival, were nominated to appear in a special performance at the Damer Hall, Dublin.

RAFFLE PRIZE WINNERS Winner of the first prize of £1,100 in the raffle held in aid of the Dungarvan branch of Macra na Tuaithe, was Miss Kit Dee, Kilmacthomas (ticket no. 540). The second prize of £1 was won by Miss Carmel Power, Congress Villas, Dungarvan (ticket no. 544), and the third prize of 10/- went to Mr. T. Kiely, c/o Carriglea Convent, Dungarvan (ticket no. 1280).

APPOINTED INSPECTOR FOR THREE COUNTIES Popular Mr. Matthew J. Dromey, Kilsorra, Dungarvan, has been appointed Department of Agriculture Inspector in charge of the Bovine Tuberculosis Eradication Scheme in three southern counties. With headquarters in Waterford he will supervise the operation of the scheme in Counties Kilkenny, Wexford and Waterford.

MR. M. J. DROMEY A native of Macroom, County Cork, he was trained at Clonsilla Agricultural College, Co. Cork and at the Albert Agricultural College, Glasnevin, Dublin. He was Supervisor of the Cow Testing Association in the Waterford area. Actively associated with the various voluntary rural organisations in County Waterford, he is Vice-President of the County Executive of Macra na Tuaithe, of which he is a foundation member, and a member of the Dungarvan Macra branch.

DANCERS RECEIVED TROPHY The 'Ten of Irish' step-dancers of the Ballinacorney Guild Banntracht na Tuaithe received their shield as winners of this

year's Eleanor Gibbon Trophy competition, at a special presentation ceremony held in conjunction with an enjoyable social in Ballinacorney on Thursday last.

Mrs. McGrath, Cappoquin, representing the Waterford County Federation of the L.C.A. made the presentation and congratulated Ballinacorney Guild on their success.

THE MINISTER COULDN'T COME The luncheon arranged by the County Waterford Committee of Agriculture, to be held at Ocean View Hotel, Clonon, on Saturday last, in honour of the visit of the Minister for Agriculture, Mr. P. Smith, had to be cancelled due to the Minister's inability to attend. In view of a bereavement in his family.

The Minister was to have attended a special meeting of the committee in Dungarvan, and the luncheon in Clonon and was to have discussed with the members matters relating to Bovine T.B. eradication, barley prices, milk recording schemes, milk prices in creamery areas, cost of the Health Act to the farming community, development and marketing of agricultural produce, land division and settlement, employment benefits in rate abatements, methods of appointments of Inspectors.

LEFT OVER £9,000 Mrs. Kathleen M. Morrissey, 88 O'Connell Street, Dungarvan, who died on 7th August, 1959, left estate in England and in the Republic of Ireland valued at £9,425 (£6,998 being the gross personal estate in the Republic) (duty paid £276). Probate has been granted to her sons, Messrs. William K. Morrissey, 88 O'Connell Street, Dungarvan; Rev. Fr. John F. Morrissey, C.F., Klokham Barracks, Clonsilla, Co. Tipperary; and Michael V. THIRD BIRTHDAY PARTY Mrs. Mary Riordan, Gliddaun presided at the third annual Birthday dinner of the Dungarvan branch of the Irish Countrywomen's Association, held at the Devonshire Arms Hotel, Dungarvan, on Thursday night last. A good attendance of members of the Guild had an enjoyable evening.

POETRY READING A question regarding the cleaning of the grave of Gaelic poet Tadg Gaelach O'Sullivan at Ballyneen was raised by Mr. N. White at the meeting of the Co. Waterford National Monuments Advisory Committee held in Dungarvan.

Mr. S. Keating said that this graveyard was not vested in Waterford Co. Council and the Council could not therefore undertake the proposed works. It was decided to endeavour to have the work carried out by local initiative.

NEW MEMBER ON THE POLICE force at Dungarvan station is Garda D. O'Donovan, Cork, who was one of the forty-nine new Gardaí who held their passing-out parade before the Minister for Justice, Mr. Traynor, at the Garda Depot, Phoenix Park, Dublin, on Friday last.

BLOOD TRANSFUSIONS There was a good response from local donors when the Cork Blood Transfusion Service mobile unit visited Dungarvan during the week.

FOLLOW LADY RESERVES HABIT Among those received into Religion at a reception ceremony held in the Monastery of Our Lady of Charity, High Park, Dun Loire, was Sister Mary of St. Genevieve (Miss Catherine Tobin, Tallow).

The ceremony was performed by Rt. Rev. Mgr. Boylan, P.P., assisted by Rev. Fr. L. Forristal, Chaplain.

ONE MUST GO Speaking in the Dail on the second stage of the Electoral (Amendment) Bill, Labour deputy Mr. Thomas A. Kynne, T.D., said that the Bill was a "Fianna Foll triumph" and he protested against the loss of a seat for Waterford.

The Minister, Mr. Blaney, said that he realised that no matter what re-arrangement of the constituencies was made, the Government would be charged with political corruption and a corresponding loss of support.

Kilmacthomas News

Popular Dominic... Belonging by birth to Knockrour, Stradbally, is very well known and liked Mr. Sean O'Brien, N.T. (Principal), Gorebridge National School, Co. Kilkenny, who was accorded a rousing reception at a special session of the English National Union of Teachers in Brighton recently, when he attended as fraternal delegate from the I.N.T.O. In the course of his address to the assembly, Mr. O'Brien said that after many years of agitation, they had succeeded in ensuring that the recruitment of the untrained had ceased in Ireland—a statement which was greeted with local and prolonged applause. Mr. O'Brien's address was well received and his remarks on the subject of the untrained had much to do with the same problems to deal with as the members of the English Unit. Incidentally, he is a brother of the late Miss Kathleen O'Brien of the Old Boro' of Dungarvan, a cultured and refined lady, who is attached in an official capacity to a number of public bodies in her native county. Looking Hale and Hearty is Mr. Richard Brett, who is now enjoying an extended holiday in his native Ballyvaughan, Kilmacthomas, the visit marking his first return thereto since he emigrated to New Zealand 38 years ago. A man who gave good service in the I.R.A. during the War of Independence, he has fared prosperously in the home of his adoption "down under," and he and his wife now have the happiness of ranking amongst the youngest grandparents out there. Son of the late Mr. and Mrs. James Brett (building contractor and licensed vintner), Ballyvaughan, and brother of Mr. Tom Brett, do. and Mrs. Margaret Lennon (widow and farmer), Lisnageragh, Bonmahon, he speaks eloquently of the vast strides in modern house construction in the homeland since he emigrated, and the immense improvement in the general appearance of the business establishments, comparing favourably in this respect with those in the more pretentious overseas centres. Mr. Brett will be winding up his stay and going back to New Zealand in the eighth month of the current annum. Miss Margaret Dowley, whose death occurred at Aarke General Hospital, Waterford recently, had attained to the nonagenarian span. A well-known and highly respected lady, she was a licensed vintner and general provision merchant in her native village of Kill, Kilmacthomas, for many years. She was aunt of Mrs. Nellie Lennon (wife of Mr. Denis Lennon, farmer, Rathany, Kill, with whom, and the other relatives, sincere sympathy is general. Her remains were removed to the Church of Our Lady of Mount Carmel, Kill, where the coffin was received and blessed by the Rev. L. Walsh, C.C., do. Next day, subsequent to the celebration of Solemn Requiem High Mass (preceded by the Office for the Dead), burial took place in the adjoining cemetery and all of the priests present at the obsequies again officiated at the graveside. Go nBeannacht Dia Trochaire ar a h-anam. Mr. Vincent Ashton, who died in England recently, was buried at both the 8.30 and 10 o'clock Masses in St. Anne's Church, Ballyvaughan, on Sunday week last, and Mass for the repose of his soul was said in the sacred edifice during last week. The deceased is survived by his wife, who is a daughter of the late Mr. and Mrs. Thomas Wall (farmer), Ballinarrin, Bonmahon, to whom a great wave of sympathy goes out in her bereavement and loss. Kilmacthomas Macra na Feirme.—A great gathering of light fantastic lovers in the Rainbow Hall, Kilmacthomas, on Sunday week last, thoroughly enjoyed the 12th annual dance under the auspices of the above club. Music was provided by Phil Richardson and his orchestra. At Tramore Spring Flower Show, Mrs. Wade, wife of Mr. R. W. Wade, Mill House, Ballyvaughan, Kilmacthomas, was a prizewinner in the Decorative classes with her exhibit-arrangement representing advertisement of Irish industry. Two Centuries Back.—The Sedan Caber was the fashionable mode of transport in the 18th century. The members of the aristocratic family and all ladies of fashion used it in their journeys on both sides of the Mahon River, especially when the weather was inclement. It was a portable chair or covered vehicle with side windows and entrance through a hinged doorway at the front, the roof also opening to allow the occupant to stand. It was carried on poles by two "chairmen." The Sedan Chair took its name from the town of Sedan, in France, where it was first used. It was introduced into England in 1694, but it did not find its way into the Emerald Isle until a much later period. Here in the Mahon-straddling little town it was called by the pole carriers, the "sitting down" chair. The chairmen who carried the Sedans of the 18th century wore braided liveries, cocked hats and feathers. The chair had its crimson velvet cushions and damask curtains. The roads in the eighteenth century were in a very primitive state. Even the craft of the pavior was in the early stage of its development and when it rained the conditions became very unpleasant for ladies who wore the crinolines and were otherwise encumbered with the voluminous garments then fashionable. The Sedan Chair must have been much in service on wet days in winter and one can picture the carriers eagerly at their stands in Main Street, which was then, as now, an important highway. They have been thus described: "With chest begrit of leather bands. The chairman at the corner stands. The poles stuck up against the wall. Are ready at a moment's call. For customers they're always willing. And ready, ay, to earn a shilling." Other times, other manners. Propitious Weather wooed a tremendous crowd to Waterford Hunt Point-to-Point Race last Wednesday evening, every body in attendance thoroughly enjoyed the day's racing. Much regret has been occasioned by the news of the unexpected death of Killeavy, Sergeant Michael Naughton, Kilmallock G.S. Station, Dublin, which sad event occurred at Dr. Steven's Hospital, Dublin, on Wednesday last week, 12th inst. (Feast of St. Julius). Aged 55, he was a member of the force for 33 years, and had served in Leamybrien, Mooncoin and Westford before being transferred to the Metropolis in 1938. To everybody who knew him, the late Sgt. Naughton endeared himself by his easy and friendly manner, by his very many likeable and genuine qualities. He had been a very exemplary Catholic husband and father, and was an outstandingly straightforward man. He is survived by his wife, Mrs. Mary Anne Naughton, 29 Curlew Road, Drimnagh, Dublin, and their daughter, Miss Una Naughton, do. do. Mrs. Naughton, sister of the late Sgt. Naughton, and her relatives wholeheartedly sympathise with the family in their heavy tribulation. By the way, the bereaved widow is sister of Mr. John Drohan, P.C., M.C.C., Knockeally Lower, Leamybrien, a highly-respected member of the farming community. The remains were removed to St. Paul's Church, Mount Argus, Dublin, from where, on Friday last week (after the celebration of Requiem Mass) the funeral set forth to Mount Jeroma Cemetery for interment, and was, in points of size and representativeness, a fine public tribute of respect to the memory of departed worth. Beannacht De le'n anam di. Mr. Richard Fleming, of Ballyvaughan, Kilmacthomas, is at present undergoing treatment at Arden General Hospital, Waterford, for injuries sustained when involved in an accident at his work on Friday last week. A native of West Cork, he settled down here in the Mid-Waterford area about fifteen years ago. Industrious and upright, he is heartily to be commended for his speedy and complete recovery from the effects of his mishap. The People of the Kilmacthomas Dispensary District, which embraces Stradbally and Leamybrien, read with great pleasure in last week's issue of this paper the fact that eminent Dr. F. F. (Tom) Lynch has been appointed permanent M.O. here by the appointments Commissioners. Dr. Walsh, M.O., Bonmahon-Kill-Dunhill Dispensary District, who has been doing duty here for some time, will continue until Dr. Lynch is ready to take over. COV'S. LATE MR. JOHN WATERFORD

WEST NEWS... The transfer from Aglish to Lismore of Rev. Denis Slattery C.C., has occasioned deep regret in the former parish, where he is very popular. ### TALLOW NEWS

**L.C.A.**  
There was a good attendance at the last general meeting of the Tallow I.C.A. Guild, Mrs. Cotter (President) was in the chair and welcomed the two guests, Mrs. Walsh and Mrs. Tanner, to the meeting. Mrs. Walsh gave a very interesting talk on Kerya and Mrs. Tanner gave a wonderful demonstration of Raffia work.

A vote of sympathy was passed to the wife and daughter of the late Mr. Murphy, Co. Librarian. The vote was proposed by Mrs. Cotter and seconded by Mrs. J. Moroney.

The committee meeting was adjourned as a mark of respect to the late Mr. Roche, mother of I.C.A. Organiser, Miss Anne Roche. The Guild's next general meeting will be held at the Temperance Hall on April 28th, when Mr. Cullinan, C.E.O. will give a talk on the late Count John McCormack.

**HEAVY CATCH BY KNOCKANORE FISHERMEN**  
Whilst fishing for salmon on the Blackwater, near Ballinacorney last week, Mr. John Connolly, Knockanore and Mr. Maurice O'Keefe, Newport, netted a salmon that weighed 48 lbs. The fish, when sold, fetched £24. This is the heaviest salmon caught on the Blackwater for some time. Messrs. Connolly and O'Keefe are two of the oldest fishermen on the river.

**SHAMROCK SOCIAL**  
Shamrocks hurling club will hold a social at Kilwaterney, on Friday, April 28th. We would appeal for support as the replacement of hurleys and the travelling expenses have to be met and this is the only way the club has of adding to their finances. The team will be meeting Tourin in the first round of the junior hurling championship on May 14th. Show your appreciation of those who are endeavouring to keep our national game alive in the area, by attending their social on next Friday night.

**SHAMROCKS DRAW WITH AFFANE**  
In a challenge game at Cappoquin on Sunday, Shamrocks drew with Affane in hurling. From reports to hand the game was not of a high standard and Shamrocks will have to improve on Sunday's form if they are to overcome Tourin in the championship, and strict training will be needed in the intervening period.

**NEW DATE FOR TALLOW COUL**

### TOURANEENA NEWS

many years of health and happiness.

**ABLE ADDRESS BY TOURANEENA-BORN PRIEST**  
Rev. Fr. Aherne, C.C. Clonmel, Waterford, a native of Touraneena, addressing the Annual General Meeting of the Irish Union of Distributive Workers and Clerks, in Waterford recently, said:—

"The great need of the world today was for peace, but peace could only be attained by justice. There should never be 'Class War' or 'business or industry' Class War could be started by employers who thought of their workers as 'hands' and treated them accordingly, or by employees who thought of their employers as 'hated bosses', and did the same."

"Peace was essential for interest, co-operation and efficiency. Peace, which comes first from a recognition by all who work in the same place, that each was a free man possessed by dignity and secondly from a determination based on that recognition to treat each other accordingly. Where human dignity was not recognised, there was trouble—trouble from the workers who sought to do as little as possible, and from the employers, who tried to get out of their workers as much as possible in return for as small as wage as possible. The result was a 'Class War' in the industry or business, with a reduction of efficiency and co-operation."

Christian Social teaching upheld men and his dignity and emphasized the all-importance of the family. The family was the basis of society, its cornerstone. It was the home that was the source of most of the personal and social disorder of our time, although that disorder traced back to factors involved in the undermining of the home.

It sounds like the worst kind of cliché to say that the family is the most important institution in human affairs, but it is the quality of home life of men and women, who constitute succeeding generations, that determines the kind of men and women they will be. It is not enough to say that we must have a family, as long as we have a family, we must have a family that is united, that is united in love, that is united in respect, that is united in duty, that is united in faith, that is united in hope, that is united in charity.

### WELL DEFINED

**N.F.A. NEWS**  
NATIONAL OBJECTIVES WELL DEFINED  
Some people will disagree with the Taoiseach's recent statement that "in most sections our national objectives are well defined and that plans for their attainment have been laid down and are working." Some objectives are reasonably well defined. Others one can say without fear of contradiction, are rather nebulous.

Mr. Lemass has good reason to know that our overall national objective, where agricultural produce is concerned, is anything but well defined. Despite repeated N.F.A. requests that a definite line of action should be taken NOW, in relation to one or other of the two trade blocks that have developed in Europe, no decision has been made.

Many of our people are becoming apprehensive and the recent admission of Finland to the Outer 7 and Greece to the Inner 6, has not allayed their fears. The favourable treatment which Greece has received is indicative of what we might expect.

The hour is growing late. Our chances of getting preferential treatment are becoming less and less. With the amazing rapid progress that is being made in Europe, it is being made disastrous for us to fiddle any longer, like Nero.

**NEW APPROACH TO SMALL FARMS**  
All Ireland, and the N.F.A. in particular, will agree with the Taoiseach that a new and comprehensive programme of action is needed in the small farm areas. Our Association has been saying so since its inception. More than that, it has tried in many ways to put those words into action. Considerable help has been already given to a multiplicity of small farmers. Ambitious schemes have been noted and an untold amount of help has been given to those who have come to rely on the N.F.A. and it is right that he should.

We welcome the belated decision of the Government, in deciding to carry out a systematic examination of the possibility of increasing output on small farms. Unless there is a reasonable hope that the programme will be carried out, it is expected that there will be no flight from the Land will continue. There will also be a certain movement of people to the towns and cities, we know. It is a world-wide phenomenon. But, the present set-up is such that small farmers are becoming demoralised through the lack of a dynamic policy, besides the special danger on their problems and difficulties.

There is no doubt, but that the general policy for agriculture will require adaptation and supplementing in its application to small farming areas.

**WHY DAIRY DISPOSAL BOARD?**  
The N.F.A. welcomes the statement made by the Taoiseach to the effect that the Government approves of the Minister for Agriculture's acceptance of N.F.A. policy by the dairy system by extending to certain counties in the West of Ireland.

What is not clear is the inference that this extension should be made about by the Dairy Disposal Board, Surely Co-operative Societies are the obvious answer.

The fact that the N.F.A. at level, has taken active interest in the development of co-operative creameries in the Western counties, under its auspices, a

### HEIFER LOAN SCHEME

It was suggested in the Dail that the Heifer Credit Scheme operated by the N.F.A. and the Commercial Banks has not a success. This is not true.

There could have been made of this Scheme and it is expected that there will be made of it in the immediate future.

Many of the farmers have testified to its value, by increasing their herds. Since the Heifer Credit Scheme was introduced towards the end of 1958, the rapid decline in numbers of heifers in calf, has been reversed. Their numbers have actually risen from 158,000 in January, 1958, to 191,000 in January, 1961, while the number of milch cows in the same period, increased from 1,212,000, to 1,257,000.

These increases are impressive, when one remembers the great number that have been culled under the T.B. Eradication Scheme. Were it not for the N.F.A. Heifer Credit Scheme, many farmers would have had their output limited, when the balance of payments would not be giving such apparent cause for satisfaction.

**APPLE GROWERS MEET**  
An interesting meeting was held last week at the Department of Agriculture's offices to discuss problems of apple marketing and packaging.

Many points of interest to both sides were discussed, with particular reference to the problem of apple imports and

**SALMON NET FISHING**  
The slight improvement in catches of salmon by drift nets as reported, was not maintained during last weekend. With half the season now passed, prospects of the season improving are indeed very poor despite ideal weather conditions for netting. While the Youghal boats are picking up only a few odd fish, the drift netmen upriver to Coonen are said to be having the poorest season within living memory.

**LATE MRS. MARY CROWLEY**  
Deep regret was occasioned in the town at the sad and unexpected death of a well known member of the community in the person of Mrs. Mary Crowley, 9 Priar St., Youghal, which took place on Friday last at a Cork Hospital, after a short period of illness. Wife of Mr. Patrick Crowley (Ex-R.I.C.), she deceased as a mother of Miss Mary Crowley, A.C.T.L. Deceased, who was a member of an old and highly esteemed family, was a lady of many admirable qualities and her passing is deeply mourned over a wide area, and deepest sympathy is extended to her bereaved husband, sons and daughters in their great sorrow.

The remains were removed to St. Mary's Parish Church, Youghal, from where the funeral took place at 4 p.m. on Sunday to North Abbey Cemetery, and the large and representative cortege testified to the high esteem in which the deceased lady and her family are held in the town and surrounding district. Solemn Requiem Mass was celebrated at the Parish Church on Monday morning, at 10 a.m., for the repose of her soul.

**YOUGHAL LADY PROFESSED**  
Sister Rose Genevieve O'Connor, only daughter of Mr. and Mrs. John O'Connor, Ballydaniel, Youghal, was professed at Maryfield Convent, Rosshampton, recently, by Rev. Fr. Ward, S.J. Sister Rose received her early education at Park National School, and subsequently at the Presentation Convent, Youghal.

**STRANGE FISH LANDED**  
Last week a strange specimen of fish came ashore and was unable to get off the beach on the strand. It was noticed by the strand caretaker, Mr. Ned Sullivan, who brought it ashore. The fish which had black and white stripes, weighed 9 lbs. and was 19 inches long. The body was oval and in two sections, the lower part being in a form of shell. The eyes were on the flat of the head which had two long and four short tentacles. It was examined by many fishermen who were unable to identify the species, and nothing like it had ever been seen in the town or along this part of the coastline.

**LAST OF THE OLD COASTERS**  
A familiar motor schooner "De Wadden" (4 to 500 tons) in the South Coast, made her last trip from Youghal last week with a cargo of pit props for Wales, under her skipper,

**Members Object to Joining General Council**

A proposal by Mr. Norman Walsh, seconded by Mr. G. Curran, that they should no longer affiliate to the General Council of Committee of Agriculture was defeated by six votes to two at a meeting of Waterford Co. Committee of Agriculture.

A letter was read from M. P. Conroy, C.A.O. in which it was pointed out that the annual subscription of £30 was due.

The local committee is represented on the Council by the Chairman and Vice-Chairman, Messrs. Fahy and Hartly. Mr. Fahy said that the General Council was a worthwhile body and he was very satisfied with it. A number of deputations had been sent from the Council to the Minister. It was a good way of strengthening the hand of each committee.

Mr. Walsh said that the annual subscription was money gone down the drain. Mr. Fahy—The Council has made out fine reports and sent them to the Department of Agriculture.

Mr. Curran—There are too many bodies in this country and most of them are only debating societies. The General Council has no statutory powers and they are only trying to usurp our powers. We are Irish language activists to a statutory body and let us do our duty and not hand over matters to anyone else.

Mr. J. Quirk said that a deputation from the General Council would bear more weight than one from an individual committee. Mr. Galgey said that all committees were represented on the General Council, whose more professional direction and weight would have more effect.

Mr. Curran—The General Council is a body that is more convivial than constructive throughout the country. The Minister has pointed out that it was not too much to hope that new Irish writers would emerge.

The adjudicator, Prionnias Mac Damada, said that interests of the agricultural land was second to no nation on earth as far as acting talent was concerned, indeed it was more than that. He had witnessed some great moments of acting from F. J. McCormick, for instance, and from Greta Garbo and he had received a similar revelation from one or two individual actors during the festival. Gabbard might talk about committees behind them, but the C.A.O. said that repertage no one could set the standards but the actors themselves.

Mr. Curran—Proposing the annual subscription be paid, Mr. Quirk believed that the General Council was doing good work. Members had all the riel Fallon might talk about committees behind them, but the C.A.O. said that repertage no one could set the standards but the actors themselves.

**Dungarvan (T.A.) I.C.A.**

SMOKERS AGAIN HIT. INCOME TAX RELIEF PENSIONS RAISED. HELP FOR AGRICULTURE

The Budget

DR. RYAN, Minister for Finance, presented his "Year of Progress Budget to the Dail on Wednesday. He told the crowded House that the direction of public investment, as far as possible into productive channels, combined with tax incentives given in recent years, was playing a large part in raising national production.

Standard rate of income tax lowered by 8d to 6/4 in the £ from April 6th. This means that where tax deductions under F.A.Y.E. were made at 5/3 in the £ for 1959/60, a new rate of 4/0 in the £ will apply for 1961/62.

Corporations with profits less than £2,500 a year and not therefore liable to Corporation profits tax, will enjoy the full effect of the reduction in the rate of income tax.

Limit to which the 25% relief applies on earned income is being increased from £1,800 to £2,000.

Sur-tax scheme simplified by reducing the number of rates from eight to three. Rates to be 2/8 on the first £2,000; 5/ on the next £3,000, and 7/6 on the balance.

The proportion of contributions of employees under the Social Welfare Act, which is attributable to widow's pension, orphan's allowance and old age pension, will be regarded as earned income for income tax purposes.

Dependent relative allowance payable under the unenacted provisions of the Social Welfare Act, which is payable to a married man with dependent children, will be increased by 1/6 each for the first and second child and by 1/6 for the third and each subsequent child. An easing of the means condition in regard to unem-

employment assistance is promised. An additional £825,000 is being allocated for assistance to agriculture.

Duty on leaf tobacco up to 1/9 a pound, equivalent to 1d. on 20 standard sized cigarettes and slightly over 1d. an oz. of pipe tobacco except in the case of hard-pressed tobacco, where the increase will be 1d. Here are the changes in brief:

Rate of estate duty on estates of over £100,000 lowered to 40%.

The 2d. stamp duty on receipts and ad valorem duties on certain bills of exchange are to be abolished and be replaced by 2 flat duty of 3d. on all cheques and other bills of exchange drawn in the state.

Rates of non-contributory old age, blind and widows' pensions increased by 1/6 a week. The personal rate of unemployment assistance an able-bodied man will be increased by 1/6 a week for the first and second child and by 1/6 for the third and each subsequent child. An easing of the means condition in regard to unem-

employment assistance is promised. An additional £825,000 is being allocated for assistance to agriculture.

Celtic Took Valuable Points at Carrick

DUNGARVAN CELTIC look a major stride towards winning their first league title on Sunday last, when they scored a narrow, but well merited 1-4 victory over Rock Rovers (Carrick), at the latter's venue.

As a result of this win Celtic now head the table by two points, but have played a game more than Kilmacshomas, who are in second position.

With only two more games to play, the Blues must stand an excellent chance of carrying off their first-ever league title.

The game, without incident, was a high tempo affair. Defences were on their feet, and neither side of forwards, despite receiving plenty of the ball, ever threatened any real danger.

The game itself could be aptly described as one of two phases. Territorially Celtic had a big advantage in the opening half and well deserved their goal lead at the interval.

On the change-over, however, the foot was indisputably on the other foot and the hosts were encamped in the Celtic half for long periods in what proved a vain quest for the score that would have saved the day.

NEVER FALTERED
But, during this fierce Carrick pressure, in which they had six corners in a matter of minutes, the Celtic defence never faltered and heroically defied every effort of the host's to score. Indeed it is doubtful if this defence has ever performed with greater distinction.

If the Celtic front line found goal-getting a difficult task against a resolute Rovers rear-guard, they at least deserve credit marks for their whole-hearted efforts and their second-half tactics in lying back and packing their goal-area proved successful.

This defeat is a severe blow to the Rovers league hopes, and although the side in general played reasonably well, the writing was on the wall for them long before the end.

ONLY GOAL
The only goal of the game came midway through the opening half. Centre-forward Singleton smothered a clearance by the Carrick centre-half and turned the ball out to

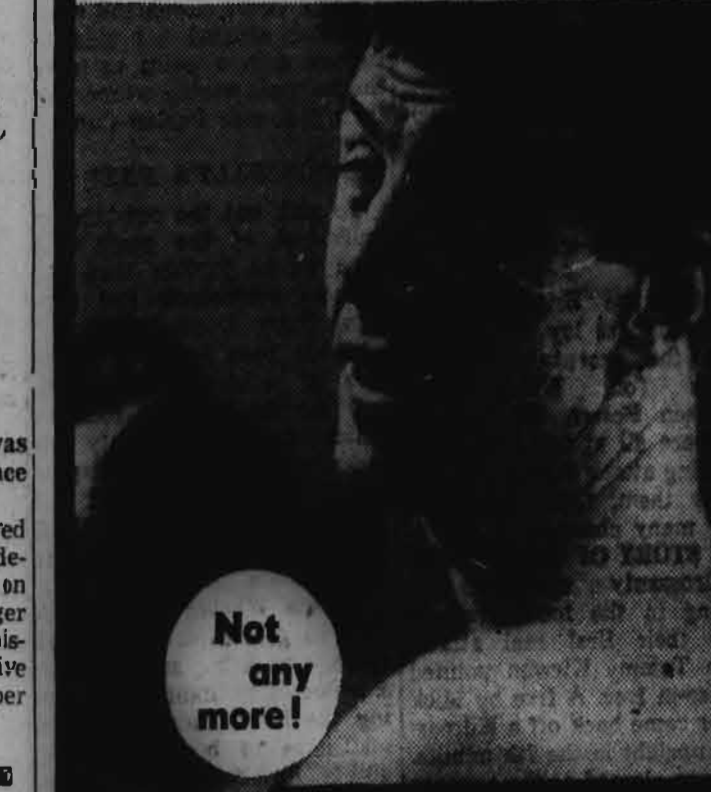

JOHN BERESFORD... was brilliant in the winners defence outside left Power who centred and though missed by inside-right Duggan, the ball ran on to the intruding right-winger Sandford, who made no mistake with a right footed drive that gave the Carrick keeper no chance.

MAGNIFICENT DEFENCE
To the Celtic defence must go the honours for victory. Clancy in goal was sound and made one spectacular save at a crucial period in the second-half. The return of Pat Walsh at full back strengthened the sector considerably and formed a very effective partnership with Willie John Curtin, who had his best game of the season. Woods was again a dominating figure at centre-half and he had two intelligent and industrious wing-halves in Beresford and O'Brien.

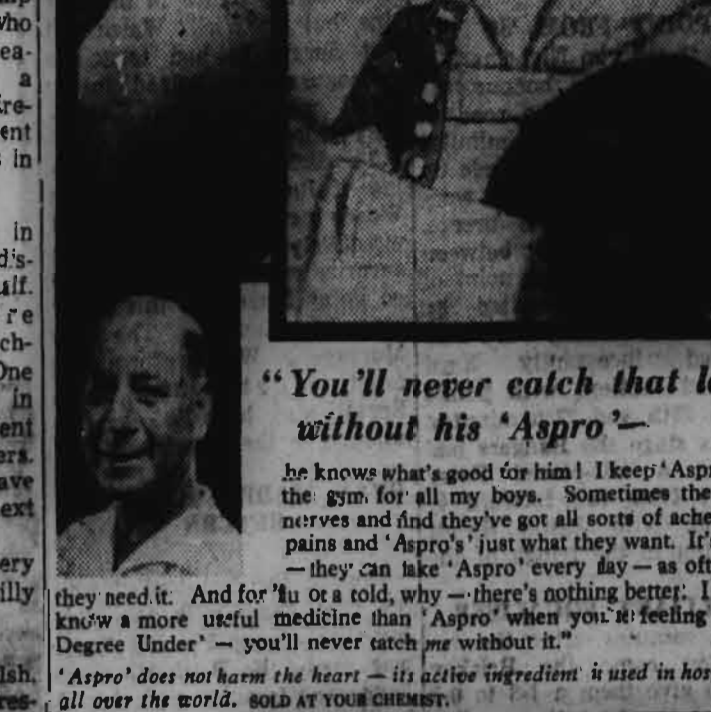

Singleton led the attack in fine style and had a goal disallowed in the second half. Best of the remainder were Sandford, if only for his match-winning goal, and Lyons. One of the biggest draw-backs in this sector was the apparent lack of fitness of some players. This will most certainly have to be remedied by their next outing.

The game was in the very capable hands of Mr. Billy Collins (Waterford). Dungarvan: Clancy, Walsh, Curtin, O'Brien, Woods, Beresford, Power, Duggan, Singleton, Lyons, Sandford. YOUNG girl, able to sew and do minor repairs, wanted immediately. Permanent. Box no. 2844.
