"Ruthless Action was Necessary" -- Chairman COUNTY RATES UP BY 9 PENCE

Acute Unemployment Problem May Now Arise

THE second and final chapter in the Co. Council's battle to strike a rate for 1962/63 has ended. Following the deadlock of the first meeting the Council reconvened at the request of the Dept. of Local Government on Tuesday last and on

the casting vote of the Chairman, Mr. Charles Curran, a rate of 45/6 in the £ was adopted. This figure shows an increase of 9d. on last year's rate and a decrease of 4/9 on the original demand of the County Manager, Mr. S. J. Moynihan.

Mr. Moynihan who refused to accept this figure at the first Estimates Meeting because of the failure of the proposer to show specifically where reductions could be made, said it was on this occasion, an acceptable rate as Mr. Curran had shown where a further £28,540 could be deleted

not blaming the Officials of the Manager for the present financial position, but the Dept. handed down this legacy to them to satisfy their own wishes but not the wishes of the ratepayers. He asked what percentage was involved in the Health Services in the County. The Co. Manager said the percentage was reasonably high.

In his letter to the County Manager, the Minister, Mr. Neil Blaney, said a rate of 45/6 (carried at the initial Rates meeting) was not a rate in effect as it did not comply with the requirements which made it compelling for the Council to show where cuts could be made.

Colr. Quirke: Tell the Minister we are no longer able to pay 50/50 of the Health Act. Colr. Curran: This County Council has gone further than anyone to help the ratepayers, and every decision made was in the interests of the rates.

Colr. Norman Walsh said the last day they spent almost five hours trying to arrive at a satisfactory figure but could only succeed in reducing the estimate by 5d in the £. Three figures were proposed—47/7, 45/6 and 44/9 (last year's rate). He proposed at that meeting that they make a stand and strike a rate of 44/9 again. Nothing had happened in the meantime to change his views.

Colr. Quirke: If the Government pay 75% of the Health bill then we would be prepared to strike a rate. Colr. Curran: The N.F.A.'s only suggestion was that we make no provision for Health in the Estimate. Colr. M. Harty said he was

inflicted a further burden, to 44/9, he and thousands like him would have to ignore his moral duties to his family. It would be out of the hands of the small farmer to improve his land, and if the ratepayers were going to be penalised by unjust taxes it would be impossible to compete in the Common Market. They were once told the Health Act would cost them only a few shillings in the £, but now it was costing them 18/- in the £. Other counties may have increased

WE have been authentically informed that owing to certain reductions made at Tuesday's Estimates meeting, the roadworkers of the county will suffer greatly in the matter of unemployment.

As from Monday next, April 2nd, forty-eight roadworkers will receive notices of dismissal, and with machines becoming idle, which appears inevitable, further men may be let go.

their rates, but unfortunately they had the record of being amongst the highest rates in the country. The trend would soon be that the farmers would fly from the land, and he wanted to arrest that trend. That is why he would support Colr. N. Walsh's proposal.

Colr. Curran said they would all like to see Colr. Walsh's proposal passed, but it carried no weight in law. Colr. D. F. Madden said in 10 years the rates had doubled. But in 12 months time he would resign from the Council if there was anymore increases in the rates. These increases were only a farce, he said.

SOMETHING RUTHLESS
The Chairman (Colr. Curran) said that to bring the matter to a head he was prepared to do something ruthless, and therefore proposed a rate of 45/6. This he said would not be satisfactory to a large section of the community but it had to be done. Also he was informed by reliable sources that next year there would be a substantial increase in the Health Grant.

Mr. Moynihan (Co. Manager): The Council will have to show where cuts can be made. Colr. Curran: If we adopt 44/9 without showing where cuts can be made we will be back where we started. Now, however, we will have to do without desirable services, I suggest we take £20,000 from the roads. It's a drastic action, but it must be done.

Dep. T. A. Kyne: This means we lose a £10,000 grant. Colr. N. Walsh: Forget about 45/6 Mr. Chairman and have the guts to support me. Come what may I am standing over 44/9.

WORKING MAN WILL SUFFER
Dep. Kyne: It is the working man who will suffer by the Chairman's proposal. You certainly won't get me to support it.

Colr. Curran: I know this could lead to a revolution in the county, but we must bring the matter to a head. I want to bring it home to the people, the drastic position we are in, and the only way to do it is the hard and unpopular way. I

No Grant For Local Harbour

YOUR application has received full and careful consideration and taking into account the extent of the present and prospective trade to the port, the Minister could not justify a recommendation to the Government in favour of a grant for the proposed work. This is an extract from a letter from the Dept. of Transport and Power to last Friday's Urban Council meeting in reply to the Council's request for financial assistance for the harbour.

The Town Clerk (Mr. John Howlett) said the Department sent down two engineers who inspected the harbour and they reported back on it. Deputy Kyne said the reply was just as he always thought.

A member said that some morning they'd find the whole place after falling in. Deputy Kyne said it was a matter of primary importance but there was nothing they

could do about it. "Personally," said Deputy Kyne, "I don't know how to tackle it. I suggest Senator Butler and myself see the Minister for Local Government in the hope of getting permission to use the unemployment grant on it during the summer."

Colr. R. Walsh said the sea wall in Abbeyside was also badly damaged and in immediate need of repair. Deputy Kyne said as they

were not the owners of the land in this case they were not responsible for any repairs. His suggestion to approach the Minister with Senator Butler, was unanimously agreed to.

A GAELIC TOGETHER

From every Gaeltacht in Ireland the people will come to Ring to the Mor Dhall Gael (the inter-Gaeltacht festival) which will be held next June. One of the big features of the Mor-Dhall will be the gathering of the Gaeltacht poets for the Damh-Scoil. There each poet will recite his prepared composition on a theme given beforehand.

Busy with the organisational work in connection with the festival is Mr. Nioclás McCraith, the headmaster of the Ring Secondary School. He is also the vice-chairman of the Western Board G.A.A. and fields out with the Brickey Rangers.

There will be no competitions at this in Ring this summer. Its objects are to establish understanding and caidreamh between peoples from the different Gaeltacht areas and to encourage poetry. On the final night the best items of the Feile will be taken to provide a concert in Dungarvan.

THEY DREW HORSES IN THE SWEEP

Mrs. Bridget T. Rogers, Lismore, has drawn "Politics" in the Grand National. The lucky lady is well known locally, being a daughter of Mrs. M. Crotty, ex-N.T. Clonea, and sister of Mrs. Josie Fitzgerald, Mrs. Mary Mansfield, Bury and Mr. Jack Crotty, St. Garvan's Terrace.

Mrs. Rodgers spends a holiday in Clonea every year while her daughter, Jean, usually spends her whole summer holidays here. The winning ticket was sold by Miss Mary Tobin, c/o Greenes, The Square, Dungarvan.

This is the third time a horse has been drawn with a ticket sold by Miss Tobin. Mary and Frank Murphy of Mountfion Old Parish, were among the lucky ones who drew a horse in the one hundred and fourth Irish Hospitals Trust Sweepstake on the 1962 Grand National. On ticket No. ZQT 44213 they drew Dandy T.M. Other fortunate people in the county were those covered by the non-de-pi-me "All Nothing" with an address, Genthane, Lismore, who on ticket No. ZQZ 57779, drew Clipador.

The lucky winner of £100 cash prize in the Hospital Sweepstake was Miss Mary Wall of Mary Street, Dungarvan.

Miss Wall received official notification of her win on Thursday morning.

Kinsalebeg were Best Irish Public Speakers

Three teams competed in the final of the Irish Public Speaking competition for Macra na Feirme teams in Co. Waterford which was held at Lawlor's Hotel, Dungarvan. They were: Kinsalebeg, Dungarvan and Gaultier.

In a competition in which marking was very close the Kinsalebeg team were adjudged the winners.

Members of the winning Kinsalebeg team were: Chairman, John O'Brien; speaker, Matt Budds; Proposer, Mosie Halahan; second, John Colr.

Messrs. Humphrey Kelleher and Nicolas Mac Craith were the adjudicators and Mr. Donal Whelan acted as chairman for the competition.

Council Resent Manager's "High- Handed" Action

HE resented the Manager taking from the Council a function that was theirs and he would not tolerate him or anybody else up-spurring them.

So said Deputy T. A. Kyne (Chairman) at last Friday's meeting of Dungarvan Urban Council, when Mr. S. Deegan, Acting Manager, purposed to give permission to Irish Shell & B.P. Ltd. Dublin, for the construction of a petrol pump island and sales kiosks, at Ringerehy, Yougal Road, Dungarvan.

Deputy Kyne said he thought they had the right to veto and he proposed they not grant the permission as yet. He didn't like Mr. Deegan telling the companies they could go ahead with the work without the Council's permission. The matter should be deferred until it was dealt with on its merits.

Colr. R. Walsh said as long as it wasn't misconstrued why they were refusing it, it was all right. "Deputy Kyne—The Manager won't do it over our heads. The Council unanimously agreed to adjourn the matter until they receive further information regarding the request."

"MAKE UP YOUR MINDS"
A letter from the County Committee of Agriculture requesting that two fairs be held annually in Dungarvan, was read by the Town Clerk, Mr. John Howlett. The letter suggested that the fairs be held in May and November. Mr. Howlett said previous to this he had received further correspondence from the same committee that one fair a year (in May) would be sufficient.

Deputy Kyne proposed that they refer both letters back to the Committee of Agriculture and let them make up their minds. Colr. R. Walsh said the Comm-

tee of Agriculture knew best but at present were speaking with two voices.

Deputy Kyne's suggestion was agreed to.

GREAT HONOUR FOR CAPPOQUIN MAN

IN the suite which escorted His Eminence Cardinal Michael Browne to the Papal Consistory in the Vatican Palace, Rome, on Wednesday 21st inst., was a young priest of the Diocese of Waterford and Lismore, Father Michael Olden, a student of the Irish College, Rome, who is pursuing a post-graduate course of studies in the Gregorian University, Rome, for the past two years.

His Eminence chose Father Olden as his Assistant for the occasion because he is from Cappoquin, where the Cardinal's father was born. He was the only Irishman in the Cardinal's suite.

News has just reached Bishop's House, Waterford, that Father Olden has secured the Degree of Licentiate in Ecclesiastical History at the Gregorian University, with distinction. Father Olden is son of Mr. and Mrs. T. O'Leary of Main Street, Cappoquin. Mr. T. O'Leary, B.A., is a well known and highly respected Professor of Mount Melleray College.

WORK PROGRESSING AT BORHEENATRA

In a report the Architect said that the concreting of the foundations for houses 31 to 34 inclusive, started on 21st November '61, and were completed on November 24th. Local gravel was used for the foundations. The report added that progress was being maintained.

Colr. Lee—He's a liar. I insist on an engineer coming down and examining it all. I hope they're not going to be left on our hands like the Loughmore houses.

Deputy Kyne said they had the architects' report which stated the best gravel was being used for the laying of the foundations. He saw no reason for going beyond that report.

Colr. T. Lee—The best gravel is not being used. You'd want a pick-axe to get through it.

In reply to Colr. R. Walsh, the Chairman said the work was progressing and the contractor had 12 months from March '62 to complete the scheme. He added that any members who were free could go down and visit the site with the architect next week.

REPAIRS TO "THE POUND"?

The Town Clerk read a letter from Mr. J. F. Kenny, Co. Registrar, regarding the reconstruction of "The Pound" in Dungarvan. The letter stated it was a matter of urgency and suggested a sum of £500 for the work. Mr. Kenny also stated that he had been in touch with the Co. Secretary on the matter.

Deputy Kyne said of the Co. Registrar wanted to meet them (the Council) he should come

WEDDING BELLS

MOONEY-MOORE

The wedding took place with Nuptial Mass and Papal Blessing at St. Agatha's Church, Dublin, between Mr. Richard Mooney, eldest son of Mr. and Mrs. R. Mooney, Strandside, Ardmore, and Miss Elizabeth Ann Moore, daughter of Mr. and Mrs. E. Moore, Gorey.

Rev. Fr. W. Rogan officiated. The best man was Mr. Thomas Mooney, brother of the groom and the bride, who was given away by her father, was attended by her sister Miss Catherine T. Moore.

up. However, he personally would not propose a penny for the work as the days of "the Pounds" were out. The Town Clerk will inform the County Registrar of the Council's decision.

Secretarial Post Created by Health Authority

WATERFORD Health Authority, at its monthly meeting on Monday, decided, by nine votes to eight, to create the post of Secretary to the Authority. By a similar vote a proposal to create the post of Accountant was defeated.

The Co. Manager said the present total expenditure of the Health Authority was £856,000. It was the biggest Authority in the area and employed about 800 Officers and Staff and it was impossible to expect Mr. J. Hynes (Acting Secretary) to carry on the burden of Secretary-Accountant, which he had been bearing since July 1960. The appointment of a full-time accountant would not involve any extra expenditure on the rates, he said.

Mr. J. Power proposed that Mr. Hynes and Mr. Glanville hold the positions they had held up to this.

Mr. C. Curran said he would resent very strongly any action that would replace Mr. Glanville. Few had given longer service to the Council and he would not agree to anything that would disimprove his position.

The Co. Manager said if the post of accountant was created, Mr. Glanville's position would not be disimproved one iota. Accounts, however, should be centralised and carefully checked.

Mr. M. Morrissey said for the past 23 years Mr. Glanville had been doing two jobs—staff officer and looking after accounts.

Mr. T. Lannon (making a welcome re-appearance after a lengthy illness)—The Manager says small accounts should be carefully checked. Does this mean there has been mistakes in the past.

Co. Manager—No.
 Mr. Lannon—All I can say is extra positions will cost extra money.

Co. Manager—I tell you they will not.
 Mr. Lannon—Time will tell.

Co. Manager—I want to make it clear that I am casting no reflection whatsoever on the manner in which accounts have been checked up to this.
 Mr. J. A. Hynes said the position in Dunganarvan at present was lopsided and supervision was 25 to 1. There were three part-time men looking after the accounts at present and it was now proposed to appoint one full-time man.

The County Manager said if a full-time accountant was appointed he'd give an assurance that the status of the three men presently doing the work would not be decreased and would not cost the ratepayers one penny more. He felt it would be much more efficient to have one full-time accountant.

Mr. T. Lannon said no private enterprise could carry on like they were because they couldn't afford it. If they did not stop it the people would, and it would be a good job when they did.

Finally a vote was taken on each post separately and a one vote majority was decisive in each case.

Medical Cards Again Discussed

Reference was again made to the recent complaints made by Mr. John Fahy regarding the issuing of medical cards by Mr. Tom Lannon at Monday's meeting of Waterford Health Authority.

Mr. Lannon said he had similar experiences to Mr. Fahy. It was he who sent the gentleman referred to by Mr. Fahy to a T.D. and he was given a medical card. The position was in need for immediate overhauling and the Dept. should be informed and let them do something about it.

Mr. Fahy said the position was entirely unsatisfactory. Regardless of what reports there were to the contrary, he proved his case beyond all doubt.

The Co. Manager said he doubted if a T.D. had any effect on the issuing of medical cards.

Mr. Fahy said the whole system was wrong. There had been too much delay in answering replies to applications.

Mr. C. Curran said his only observations on the matter was that Deputy Sean Treacy stood to gain 1,000 votes at the next election by all the publicity it had received.

SPECIAL MEETING
 The Authority decided to hold a special meeting at which the architect would be present to discuss the proposed £200,000 repair work to St. Oliver's Hospital, Waterford.

Mr. Hynes said the original figure for the work was given at £350,000 but the Committee reduced it to £200,000.

Mr. W. Kennally said they had already approved of £200,000 and it was now only a case of how they were going to spend it.

In reply to Mr. T. Lannon, the Secretary said they got a grant of 50% of the total cost and the rest would be put on the rates over a number of years. It would never exceed an increase of 1/-.

Mr. W. Collins said the work was a necessity as the people were crying out for it.

The Secretary told Mr. Lannon that the architects' fees for the work would be £30,000.

Mr. C. Curran said he had been told by a highly qualified architect that the whole thing was crazy. They were fooling around with a quarter million pounds. He was perfectly satisfied a perfect job could be done for £100,000.

The special meeting to discuss the matter will be held in the Merial Hospital.

Opening of Carrick Firm's New Premises

On Tuesday, 3rd April, at 11 a.m., the new premises of Suirway Farm Machinery Ltd., Carrick-on-Suir, will be officially opened. Mr. John Dowley, well-known in Carrick-on-Suir farming circles and Chairman of Carrick U.D.C. has kindly consented to perform the opening ceremony. M/s. Massey-Ferguson (Eire) Ltd. are pleased to announce that this new company Suirway Farm Machinery Ltd. have been appointed Massey-Ferguson Main Dealers in the Co. Waterford, Carrick-on-Suir and South East Tipperary area.

Edward Dowley & Sons Ltd. for over a century prominent in the wholesale and retail marketing of fertilizers, grain and seeds are responsible for the formation of this new company. Faith in the future of the agricultural industry in the South of Ireland has been the basis on which this well known firm has for so long given the farming community a first-class service.

The organisation of an efficient sales and service operation for tractors, combines and other agricultural equipment has now been completed with headquarters in building specially rebuilt for the purpose at New Street, Carrick-on-Suir.

Edward Dowley & Sons own and operate Kilonerry Estates Ltd., which comprises 200 acres of tillage and mixed farming operations as well as certified seed growing. Several

of the Directors are farmers themselves and they are therefore fully aware of the many problems of modern agriculture.

The General Manager of the Suirway Farm Machinery Ltd. is Mr. William Morrissey. Mr. Morrissey has been with the Dowley Company for twenty years and before that was actively engaged in merchandised agriculture for many years. His experience and temperament will ensure the smooth running and efficient operation of the day to day affairs of the company.

Mr. George Plant has been appointed Sales Manager. Mr. Plant, who hails from Killane Co. Wexford, is an experienced agricultural machinery sales man and is well known to the farming community in the South of Ireland. The Workshops, which are being equipped with modern tools, will be under the supervision of a local man, Mr. Tommy Power. Another local man, Mr. Dick Jay, will be in charge of the spare parts department. This department will carry a comprehensive range of spare parts for all types of Massey-Ferguson machinery.

The Massey-Ferguson organisation is proud to be associated with this new venture and are fully confident that Suirway Farm Machinery Ltd. will provide a first class service for the farmers in their certified seed growing. Several

Display and Demonstration

To celebrate the appointment of Suirway Farm Machinery Ltd. as main dealers Messrs. Massey-Ferguson (Eire) Ltd. have arranged an impressive demonstration and display of agricultural machinery to be held on the lands of Mr. Michael Walshe, Tybroughnaye, Carrick-on-Suir.

The highlight of the display will be the new Massey-Ferguson 830 Combine. This machine is produced in France and is very similar to the 735 Combine but with the addition of several improved features.

The combine is powered by a 499 Perkins Diesel Engine. Resulting from increased power together with increased straw walker and sieve area the output of the machine is greater than the 735. The Combine has already been in service in France and other continental countries and has therefore been thoroughly tested. This harvester will, we feel, now prove very popular and is attractively priced at £995.0.0.

In the big Combine class Massey-Ferguson are showing the latest models of the 780s and the 892 machines. Also on display will be Balers, Mowing Machines and Trailers.

There will be a full demonstration of the Massey-Ferguson range of Ploughs, Harrows, Cultivators and Seed Drills. Of special interest will be the new MF32 unit seeder.

This is a precision seeder and is designed to sow a variety of seeds one at a time at selected distances apart. Being the most accurate and efficient machine of its kind it simplifies sowing and thinning operations. It is primarily intended for the sowing of sugar beet, mangolds, kale, swedes and cabbage.

A unique feature of the seeder is a panel with flashing lights fitted to the tractor. These lights indicate to the operator that the sowing mechanism is working or then the seed hoppers need replenishing.

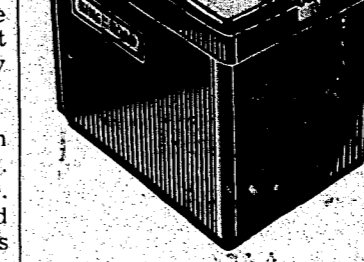

As an added attraction Massey-Ferguson (Eire) Ltd. are demonstrating their well known Tractor mounted Diggers and Loaders. These machines will be operating on the lands of Mr. Murphy, whose farm is adjacent to the agricultural demonstration site. All those engaged in land project, drainage, and building works, will have an opportunity of seeing these versatile machines demonstrating their capabilities in such operations as trenching, loading and back filling, etc.

Suirway Farm Machinery Ltd. and Massey-Ferguson (Eire) Ltd. desire to express their sincere thanks to both Mr. Walsh and Mr. Murphy for placing their lands at our disposal.

Congratulations to — SUIRWAY FARM MACHINERY LTD.

WORK ON THE LAND

With the recent spell of fine weather farmers in this area are working round the clock with the spring work on the land. What strikes one as he travels round the country this year is the vast acreage under tillage. Farmers everywhere seem to be switching over from livestock to tillage. A very large acreage of wheat has been sown. The area under potatoes seems to be shrinking each year. Some farmers now only plant a few drills of the tubers where formerly they planted an acre or more.

SALMON FISHING

During last week and the opening days of this week there was still no improvement in the catches of salmon. A few boats are lucky to land a few odd salmon in the week, while the remainder are having the leanest time for many years. The scarcity of salmon is being experienced all over the coast and seemingly it is not attributed to weather conditions. Some boats are now short-handed as the men have given up and taken on shore work.

YOUGHAL MAN'S ESTATE

The late Mr. James Allen of 11 Friar Street, Youghal, who died on October 21st last, left estate in England and the Republic valued at £4,300. He left £100 to the Rector of St. Mary's Collegiate Church, Youghal (to pay the annual income therefrom for the benefit of Substitution Fund of that Church. His daughter, Mrs. D. E. Constable of Youghal is named as executrix.

YOUGHAL FLOODING

At a recent Urban District Council meeting the Town Clerk informed the members that so far there was no communication from the Department of Local Government regarding the recent flooding at Youghal. During a discussion the Town Engineer, Mr. J. O'Regan, B.E., reported that the County Council had made available to him £3,000 and he was putting a concrete toe along the wall opposite the Loreto Convent, to be continued as far as the money will go. It was finally decided to send a deputation to the Minister to include the Chairman, Engineer, Asst. Co. Engineer and Town Clerk together with five Dal Deputies. The Council thanked Mr. O'Regan for the expeditious manner in which he started making good the damage after the storm, both on the Promenade and Slop embankment.

DESTRUCTION OF CORMORANTS

As a recent meeting of the Lismore Board of Conservators reference was made to the untold destruction of salmon fry by cormorants, especially in the tidal portion of the district. The Board agreed to have One-Day Cormorant Shoot, on Sunday next, 1st April, due notice of same can be seen in our advertising columns in this issue. The Board, through its Clerk (W. J. Sweeney, Fishery Office, 11 The Mall, Youghal) will pay an award of 5/- for each cormorant killed. Such award will be paid only on the production of a certificate of destruction signed by a member of the Garda Síochána. It is hoped that many guns will be in action on Sunday as cormorants, which are plentiful in the district are the greatest menace to fish life.

HIGH COURT APPEAL DISMISSED

At the High Court on Circuit in Cork this week before Mr. Justice Teavan, 173 year-old Mary Fitzgerald of Cork Hill, Youghal, was unsuccessful in her appeal. In August 1959, she tripped and fell near her home into a trench which had been opened on the footpath by the Youghal U.D.C. and filled later. She sustained a broken leg and her claim for £2,600 damages against the Council was dismissed in the Circuit Court. The Justice dismissed the appeal with costs and affirmed the decision of the Circuit judge. Mr. J. Gleeson, S.C., with Mr. S. Brosnan B.L., appeared for the plaintiff and Mr. W. O.B. Fitzgerald, S.C., with Mr. S. D. Barrett, B.L., for the Urban Council.

YOUGHAL GAS WORKS

The fate of the Youghal Gas Works is still in the balance. It would appear that legally the Council had no powers to sell or lease the gas undertaking, and according to the Asst. Co. Manager there is no alternative but to close down on May 31st of this year. The Council decided to refer the matter to the Minister for Industry and Commerce as to whether the works can be leased or not. The Gasworks was erected in 1850 under Act 9 of George Cap. 82 when Youghal had a Corporation.

N.F.A. NEWS

BRITISH REVIEW BUTTER QUOTA

The decision of the British Government to allocate a butter quota of 12,000 tons to Ireland for the twelve months commencing 1st April, 1962, will be revised with mixed feelings by producers. The ex quo represents a 50% increase on the quota which was on the 31st March, 1962, and it may also be hoped that the quota may be revised during the coming year to a higher average price than we received before the introduction of the quota. On the other side of the fence, however, is the fact that the former advance of the Anglo-Irish Trade Agreement is now a greatly meaningless one as it has failed to provide us with any preferential treatment over and above that meted out to the hoard of relative newcomers to the British market. Viewing our allocation with that of other countries, it would appear that we have got nothing special anyhow, as the following figures show the quota for the main exporting countries. Ireland, 12,000 tons; New Zealand, 150,000; Denmark, 91,000; Australia, 62,000; Poland, 16,000; Finland, 11,000; Argentina, 9,000; Sweden, 4,600; S. Africa, 2,000; France, 2,400; Austria, 1,700; Kenya, 1,700; Belgium, 200; Uruguay, 200; Others, 3,000. The total quota for the year is 390,000 tons.

IRISH AGRICULTURAL PROSPECTS

A comparatively recent issue of the Irish Banking Review published by the Irish Banks, dealt at length with our application for membership of the Common Market and the implications for this country arising from this application. Reference was made to Irish agricultural prospects and it was pointed out that Irish prices for most farm commodities are at present significantly lower than corresponding prices in most Community countries. For example, prices paid to producers for feeding barley are higher in each of the six Community countries than in Ireland, with the exception of Holland where prices are 8.5% to 46.5% higher (except in Holland) by a range of 1.5% to 18.2% and milk prices are higher in each of the six countries in the range of 1.9% to 52.4%. The article continued that it may confidently be expected that membership would allow Ireland a higher level of exports of most major agricultural products at attractive prices. Initially, in the preparatory period, expanded agricultural trade will be encouraged by long-term agreements between Community members. It is intended that the quantities involved in these agreements should be based on the average volume of exchanges between members in the three-year period 1955-1957, "due account being taken of traditional trade." This proposal suggests that in the event of Britain and Ireland both joining the Common Market, account would be taken of Ireland's traditional position as a major agricultural supplier of the British market in working out these preliminary trade agreements. The Commission's agricultural proposals emphasise the need for structural improvements in agriculture. Financial aid would be supplied from a special fund towards the expansion of educational facilities, the development of industries in rural areas, and the transfer of marginal land to other uses, e.g. forestry, to be encouraged. It was pointed out that in the Community, over 60% of total farms are less than 12 acres in size, and are generally less productive than the vast majority of Irish farms. The Agricultural Conference of member States in July 1958 laid emphasis on making it possible for farms "to remain so to become competitive," and favoured a policy of aid to the less favourably situated areas, "to enable the necessary conversions to be made." In addition, the Conference subsequently recognised that "in view of the importance of family farms in European agriculture, and the unanimous determination to preserve their family character, every means should be used to strengthen the uneconomic and competitive capacity of family undertakings."

TERMS OF TRADE DETERIORATING

Too few people realise that while exports of agricultural products as a whole through-out the world have been rising, the unit value or price of such products has tended to decline. On the other hand, the unit value of exports of manufactured goods rose steadily during the past decade. This deterioration in the "terms of trade" is especially disadvantageous to countries like Ireland that are primarily agricultural and to developing countries. WHY NOT A "FOOD RACE"? There has been a great deal of talk lately about the Freedom from Hunger Campaign which is presently in full swing in some Irish counties and one might reasonably ask what it is all about and what it has to do with us anyway. The tragic fact that, while some countries in the world produced a surplus of food-stuffs, millions of people in other countries died annually from starvation, has worried conscientious people throughout the world for many years now. There was unanimity that something should be done about the devising of a workable plan held up the translation of good thoughts into real action. A lot of work had to be done and it still being done to convince governments that they have a duty to help fight hunger and malnutrition if the hopes of mankind for better living standards for all are to be achieved. Any lasting worthwhile effort in this matter would have to be on a national and international scale. The world's conscience has been stimulated into realising that millions of people are currently living on the brink of famine. It is a worthwhile project, and every individual and every organisation should be timely being concerned with the efforts being made within its own national boundaries. The campaign was first launched about four years ago and it is to be told the truth, the record of achievement to date is not very impressive when one remembers the enormity of the task. F.A.O. spear-headed the campaign. I.F.A.P. (International Federation of Agricultural Producers) on which Ireland is represented by the N.F.A. and the Chairman of whose Policy Committee is Dr. Juan Greene, has recommended that the Freedom from Hunger Campaign should be widened to include an International Food and Farm Policy. Farmers' organisations would have an essential part to play in such work. Major difficulties to be overcome will include the transport of food without disrupting international trade. Further, more one must see to it that

RATES

The agricultural grant provided for in the estimates for 1962/63 is 290,000 more than for last year. This will no doubt be considered to be an increase in the "subsidies" to agriculture. In fact, it shows the increase in taxation which is being imposed on the farmers. The increase of 7% in the Grant reflects an increase of somewhere between 5% and 7% in farm taxation. This is no news to farmers. They have already seen that in some areas the taxation was increased by over 4% in the 1961/62 year. Through the County Councils have agreed to the N.F.A. demands and the Procs. Marches by refusing to pay increases under certain headings, nonetheless the deadly spiral goes on, unopposed by the Central Government which has imposed on the local government heavy charges for health and roads. There is no end to this problem except that the rates must be raised. Only local services and the Central Government take a "look at the total costs of what they are ordering. This might frighten some of our legislators into a sense of responsibility in the spiral of wages, taxes, costs.

NOTES

DEATH OF MISS H. SARGENT

Her many friends here and in particular those of the older generation, learned with much regret of the death of Miss Helena Sargent, which took place in St. John's Hospital, Ennisceorthy on 24th inst. She was a member of an old Cappoquin family and had been resident in Wexford for many years. The interment took place in St. Ibar's Cemetery on Monday.

Immediate relatives include: Mr. M. J. Sargent, Sr. (nephew); Michael, James and Austin Sargent (grandnephews); Mrs. P. Fives, Mrs. P. Fitzgerald, Miss Mona Sargent, Mrs. A. Walsh, Fermoy; Mrs. D. Daly, Curragh (grandnieces).

GLOR NA GAEL

The members of the Gaelic League intend to have an entry from the parish in next year's Glor na nGael competition and in preparation for this are starting a campaign to encourage the general use of Irish in everyday affairs. They are anxious that those who speak Irish should have a badge to display the fact and are inviting those who wish to qualify for the Famine (gold silver or brass) to notify the branch secretary at the Vocational School as soon as possible.

LOCAL LADY'S BEREAVEMENT

Sympathy goes to Mrs. M. J. Sargent (senior) on the death of her brother, Mr. Richard O'Donnell, who died in New York on 20th inst. He was a native of Lismore and had been many years in the U.S. Last year he spent a holiday here and poignancy is added to his passing by the fact that he had intended to return and settle in Ireland in the near future.

Immediate relatives include: Mrs. E. McCarthy (sister); Julian McCarthy (nephew); Mrs. Hansie, Mrs. Belijac, Miss E. McCarthy (nieces).

G.A.A. CONCERT

We learn that the G.A.A. intend presenting a variety programme at the Desmond on 15 April, to include two one-act plays with supporting concert items by local and visiting artists. In our advertising columns in later issues details will be given.

DEATH OF MRS. M. LANDERS

We announce with deep regret the death of Mrs. M. Landers, Camphire. A full obituary will be published in next week's issue.

LATE MR. JAMES ALLEN

Chief mourners who were inactively committed from list in connection with the death of Mr. James Corbett, Allen St., Cappoquin: Mrs. Leo Grant and family, New York; Owen Corbett and family, Knockalara, Cappoquin; Mrs. Nora Corbett, Curraheenvoher, Ballymacarbray.

Clashmore I.C.A.

The members of the above Guild held their annual dinner in the Green Park Hotel, Youghal on Wednesday, 14th February. Rev. Fr. Russell, C.C., and Miss Ann Roche, Area Organiser, were very welcome guests and altogether over fifty people enjoyed a very excellent meal after which the usual speeches were made and the younger members spent a most entertaining evening dancing to the music of the Royal Aces Band.

On Thursday, 8th March, after the usual business of the monthly meeting, Mr. Murphy, N.T. Modello, gave a most interesting talk. His subject was "Folklore" and the members felt they were learning of many new aspects of this fascinating business.

On Sunday, 25th March, a whist drive was held in the School, there being twenty-one tables. It was considered a great success. Valuable prizes were given and refreshments were served. Mr. Joseph O'Keefe was a very able M.C. and both he and Mrs. O'Keefe did yeoman service during the evening.

The first meeting of the Study Circle will be held this week in the School. This venture (rather in the nature of an experiment as far as this country is concerned) is sponsored by Goras Eireann and ten members from the Clashmore I.C.A. will make up the "circle". The subject to be studied will be "Musical Appreciation". If this is a success more will follow as soon as the subjects are ready.

These "circles" are a regular feature of life in Scandinavian countries and it is hoped they will become the same here in Ireland.

am prepared to be utterly ruthless to-day, irrespective of the consequences to myself. No man living can be 100% consistent.

PROPOSED REDUCTIONS

Colr. Curran then proposed the following list of reductions that could be made, totalling £28,540: £18,000 off Main Roads; £1,000 each off County Committee of Agriculture and Housing; Tourism, £15; Libraries, £500; Piers and Harbours, £50; Cunnigar Project, £400; Courthouses, £200; Interest on Over-Draft, £50; Civil Defence, £50; Savings and Credits, £7,500; Youghal Bridge, £100; Franchise and Jurors, £100; Fire Brigade, £100; Vocational Loans, £100; Sanitary, £50.

Mr. Curran added that regarding £7,500 for Savings and Credits he was only living in hope.

The Co. Manager said he (Colr. Curran) was taking a lot off Main Roads and nothing off the County roads that could bear it better.

Colr. Curran said they could take an equal amount off Co. and Main Roads.

Colr. M. Hartly said regarding the proposed reduction of £400 from the Cunnigar Project said it was not cutting off £400 they were but forfeiting a grant of £1,600.

Colr. Curran said his mind was made up and he would not change any items.

Colr. Galgey said the Chairman was making a real effort to bring home to the public and themselves that something was wrong.

Colr. P. Cahill said he could not support Colr. Curran's proposal as it would only help to drive the working people to England.

Dep. Kynne to the Chairman: If your proposal is put as an issue to Colr. N. Walsh's, I'll vote for Colr. Walsh's.

In reply to Dep. Kynne, the County Manager said if they reduced the County and Main Roads estimate from last year's figure they would lose all grants.

Colr. Curran: This story was told a few years ago by the Minister gave us our grants.

Colr. P. Cahill: The only ones that will suffer are the workers.

UNDER FIRE AND CRITICISM

Colr. Curran said this Council had been constantly under fire and criticism and he wanted to bring it home the hard way that they were not responsible for the present position. His proposal gave him no pleasure but he was completely adamant about it.

Mr. S. J. Moynihan said under Savings and Credits could not see where they could save £7,500.

Dep. T. Kynne proposed they adopt a rate of 47/7, and Colr. W. Kenneally seconded.

The Chairman said if Colr. Walsh's proposal of 44/9 was accepted they would only have a repetition of the last day.

Colr. Walsh: You should not comment on it at all.

Colr. Curran: It is my duty to do so.

Co. Manager: The Committee and Council have found that a minimum rate is 47/7.45.

Colr. Curran's proposal that a rate of 45/6 be struck, having shown where cuts could be made, then became an amendment to Colr. N. Walsh's proposed rate of 44/9, and was carried by Colr. Curran's own casting vote, after a 10-10 vote had been recorded.

The voting was: For 45/6—Colrs. Curran, Fahy, Roche, Heskin, Montayne, Cahill, Galgey, Kenneally, Morrissey, R. Walsh, (10); Against—Colrs. Dwyer, Hartly, Kynne, Whelan, Drohan, Foran, O'Ryan, N. Walsh, Quicke, Madden.

Dep. Kynne's proposal for a rate of 47/7.45 was then put to the meeting and defeated by 18 votes to 2. Only Dep. Kynne and Colr. W. Kenneally voted in favour of it.

Finally Colr. Curran's amendment of 45/6—already passed on his own casting vote—became the proposal and was carried by the same vote (10-10).

DEPLORED CERTAIN TALK

When the rate had been officially struck, Colr. Curran as Chairman, said he wished to thank all the members and Officials for their help. He deplored, however, the talk that was going on to be abolished and a Commission appointed, which would mean the rubric of one man. The Council did a very good day's work and a rate of 45/6 was a tremendous achievement. Their act in reducing the services was a ruthless but necessary one. Concluding, he said, the campaign carried on against the Council was not a very nice one.

Colr. M. Galgey said his idea was to adopt the lowest possible rate. If they failed to do that they would have a revolution, and this time it would have been a bloody one. Colr. Curran said the Offi-

cialists did everything in their power to cut everything to the bone.

Colr. R. Walsh said that only for the very able Chairman they had they could not have struck a rate. Some members, however, were anxious to throw in the towel, but as a representative of the people he would put up a fair fight before throwing in the towel.

Colr. N. Walsh: I still think my rate should have been adopted. The fact is you have increased the rates by 9d in the £.

Colr. F. Roche said he was certain a rate of 45/6 would satisfy everyone.

Colr. W. Foran said that while the Chairman was to be congratulated, he would also like to congratulate Colr. Norman Walsh on the very fine stand he made on behalf of the ratepayers. He had stood on his own two feet right from the start.

84-year-old Refused Admission to County Home

An 84-year-old Dungarvan man was refused a ticket to the County home by the Rev. Mother because he wasn't the holder of a medical card. This was the allegation made by Colr. Tom Lee at Friday's meeting of Dungarvan Urban Council.

Colr. Lee said the man was given a ticket for the County Home by the doctor but for the reason stated above he was not admitted. He was presently in lodgings and it was most unfair to have him treated in such a manner.

Colr. R. Walsh—Gd knows the Health Act is costing this kind of thing.

Deputy Kynne said they could only ask the Town Clerk to have the case investigated.

POISON DANGER

Colr. Lee also complained that poison was being put into saucages and then thrown around the place. Cats and dogs were being poisoned and now the children were in danger. "What kind of a country are we living in to allow this to carry on," he added.

The Chairman said to his knowledge all that was required of a person was to erect a public notice to the effect that poison had been laid.

Mr. R. Walsh said it was obvious that there was an element of danger.

The Town Clerk will check on the regulations governing the matter.

GATES BEING REMOVED

Complaining that gates were being removed from the hinges on houses in his area, Colr. Lee said it was not the work of children. He gave the names of three culprits to the Town Clerk who could now give them to the Garda.

ANTI-VERMIN CAMPAIGN

A meeting of the County game council was held at Kilmac recently. There was a large attendance of sporting and farming organisations and it was decided to launch an intensive campaign against vermin from 20th to 29th Apr. The sporting fraternity in general are asked to co-operate with the council in this drive. Further particulars later.

Presentation to Popular Civil Defence Members

Mr. and Mrs. Richard Fitzgerald, Abbeyside, walked into a surprise on Sunday night last when they accepted an invitation to attend a "little social" organised by the Dungarvan Civil Defence group.

It transpired that the function had been arranged in their honour and they were asked along to receive a special presentation. Mrs. Fitzgerald (nee Clinch) has been a member of the Dungarvan Civil Defence since its inception and for the past two years has been an instructor in the Welfare Section.

Mr. and Mrs. Fitzgerald, who were recently married, received an enthusiastic welcome from the assembled members when they arrived at the Civil Defence rooms.

Making the presentation, which was of a beautiful Westminster Chiming Clock, Mr. Thomas O'Donoghue, B.E. Officer in Charge of Civil Defence for the area paid tribute to the work done for civil defence by Miss Clinch. He tendered congratulations to husband and wife on their recent marriage and wished them every success in their future life.

A very enjoyable supper and dance followed in the newly-decorated Civil Defence rooms.

PRESENTATION TO POPULAR CIVIL DEFENCE MEMBERS

Mr. and Mrs. Richard Fitzgerald, Abbeyside, walked into a surprise on Sunday night last when they accepted an invitation to attend a "little social" organised by the Dungarvan Civil Defence group. It transpired that the function had been arranged in their honour and they were asked along to receive a special presentation. Mrs. Fitzgerald (nee Clinch) has been a member of the Dungarvan Civil Defence since its inception and for the past two years has been an instructor in the Welfare Section. Mr. and Mrs. Fitzgerald, who were recently married, received an enthusiastic welcome from the assembled members when they arrived at the Civil Defence rooms. Making the presentation, which was of a beautiful Westminster Chiming Clock, Mr. Thomas O'Donoghue, B.E. Officer in Charge of Civil Defence for the area paid tribute to the work done for civil defence by Miss Clinch. He tendered congratulations to husband and wife on their recent marriage and wished them every success in their future life. A very enjoyable supper and dance followed in the newly-decorated Civil Defence rooms.

Footballers Fail Gallantly At 'Ross

CARLOW 1-9; WATERFORD 2-3

DESPITE the failure of Waterford to execute their foremost intentions at O'Kennedy Park, New Ross, on Sunday last, the County even in defeat emerged from this robust but exciting league quarter-final against Carlow with far greater honour than that gained in many past victories.

Over the hour Carlow looked and in effect were the more polished footballing side. Had they ended on the wrong side of the final scoreline it would have been a travesty of justice. Yet by my reckoning a draw wouldn't in the least have flattered the Deise men whose belated rally to achieve the impossible infused feverish excitement into the game that if devoid of classical fare nonetheless produced its quota of thrills on a rain-soaked pitch.

Waterford can feel eminently pleased with themselves and looked a far better team on Sunday than at any other stage of the current league series. Their game had a look of maturity about it that up to now has been sadly missing and should present progress be maintained, the need have no qualms of conscience at facing Kerry or Cork in the Provincial championships this year.

DEDICATED
As yet, they haven't acquired the real qualities that so clearly carry the stamp of class, but rarely have I seen a side so dedicated to their game as the present contingent. Truly they are either ignorant or reluctant to learn the full meaning of the word defeat. Only when facing adversity do we see them at their best which by standards is good indeed.

And against Carlow they came face to face with adversity in the fullest measure. Not alone did they prove slow starters, during which time Carlow availed of their chances to take an early lead but they also conceded a goal in the 20th minute that was nothing short of a welcome gift to the Carlow men. And in the final shake up how valuable that goal proved to be.

TRAGIC BLUNDER
For Waterford it was a tragic defensive blunder that could have been averted. A high centre by midfielder "Cran" Hogan dropped in on the Waterford goalmouth but Sean O'moide hesitated in coming to the ball and when he eventually decided to advance the bounce of the ball beat him and full-forward Ned Doogue was left with the simplest of tasks in fisting it to the empty net.

Nevertheless the Leinster men were good value for their 1-5 to 0-1 interval lead. Worse was to follow for Waterford, however. They restarted, as in the first half without confidence or assurance and a brace of Carlow points seemed to signal the end for Waterford. A Tom McGrath point from a free brought a short-lived respite but in a two-minute spell points by Brendan Hayden made it 1-9 to 0-2.

STORMED THE SCENE
But now facing utter annihilation, Waterford stormed the scene and thus began the come-back bid that so nearly rocked O'Kennedy Park from its foundations. Brendan Coughlan started it all with as fine a goal as I have ever seen. Exactly on the half-way line he gained possession and with a solo effort that left defenders floundering in his wake with uncanny ball control he jinked his way goalwards and from fully 25 yards unleashed a fierce drive that left Carlow goalkeeper Power groping air.

It was a goal in a thousand that would have done credit to any product of White Hart Lane. Thereafter Waterford became a transformed side as they pumelled the Carlow net's and a fifth point made it 1-9 to 1-3. Nor were the Deise men finished their siege yet. Seven minutes from time Seamus Power rounded Pat Somers and with almost amusing ease crashed home another great goal. The winners were reeling like a punch-drunk boxer before the rampant and now dominating Deise men and only the experience and brilliance of veterans Willie Canavan and Pax Connolly prevented further scores.

AVERTED DANGER
Twice the Leinster men averted danger by conceding fruitless "fifties" and their safeguard wasn't very specific in the methods it adopted to safeguard their citadel from threatening Waterford raids. Tenaciously they clung to their

FARED WELL
Strongest sector of the Carlow side was undoubtedly their defence, and in the circumstances the Deise attack fared reasonably well. Minty Guiry easily emerged as the most dangerous forward and his jinking runs caused endless worry to the winners defence. Brendan Coughlan had some great duels with Pax Connolly and his superlative second-half goal was the individual highlight of the game. Tommy Joe Hartly was always prominent but the full-line of Seamus Power, Tom McGrath and Doc Walsh failed to mix skill with endeavour.

For Carlow, the old hands—Willie Canavan, Pax Connolly, "Cran" Hogan, Enda Smyth and Ned Doogue played the biggest parts in their hard-won victory.

Carlow—F. Power; W. Walsh; W. Canavan, P. Somers; W. Hogan, P. Connolly, J. O'Gorman; N. Hogan, E. Smyth; M. Nolan, M. Donovan, J. Kelly; P. Brerphy, E. Doogue, E. Walker.

Subs—B. Hayden for Kelly; T. Keoch for Walsh, P. Darcy for Hogan.

Waterford—S. O'moide, T. Moloney, E. Mooney, P. Power; T. Power, M. Connolly, T. Walsh, P. O'Brien, J. Hewitt; B. Coughlan, M. Guiry, T. Hartly, S. Power, T. McGrath, Doc Walsh.

Subs—M. Kirwan for P. Power; J. Spratt for Walsh,

BATTLE ROYAL AT DUNGARVAN

Gaelic Jottings

THAT VITAL CLASH WITH CORK

'Twill be like old times in Dungarvan on Sunday next. For it is with the greatest assurance that I say from the four corners of the county all Gaelic followers will converge on the Old Boro' venue for this vital National League game with the "red devils" from the Lee.

It is a game that has "caught on" like wildfire. Even in places far removed from the counties directly concerned, the encounter and its intriguing possibilities is stirring up unprecedented interest.

For both counties the game is of the greatest importance to their hopes of league honours. To date, neither side has dropped even a single point, and the winners go directly forward to a semi-final tilt at Dublin or Galway. May I ask—is that incentive enough for any team?

Elsewhere on this page I will give a detailed preview of this absorbing sectional derby. Therefore, to ponder further on the game in these columns is non-essential. A final warning to intending spectators however, be amongst the early arrivals on Sunday. Otherwise you may risk the disappointment of being left outside. That is the drawing power this game commands.

FOOTBALLERS DEFEAT WAS NO DISGRACE

Waterford's bid for a place in the semi-final of the National football league for the first time in the county's history, failed at rain-swept O'Kennedy Park, New Ross on Sunday last. But only just. Their 1-9 to 2-3 defeat at the hands of Carlow strikingly contrasts the closeness of this game, that so many predicted would result in a runaway win for the Leinster men.

But Waterford, with a fighting display that had a stamp of class about it on occasions, confounded everyone, and had their glorious last-quarter rally been successful, I for one wouldn't have considered the result a flattering one for Waterford.

Their display was—putting it mildly—a highly encouraging one. When one considers that this self-same Carlow team so decisively beat Kerry in Tralee and then Cork in a Croke Park playoff, Waterford's glorious effort to upset the odds can be fully appreciated. Unfortunately they didn't enjoy their share of luck. As if unweary by the big occasion, they were slow to settle down, a falling that Carlow capitalised on to the full.

But who can say that the future isn't a promising one for the county in the big ball code? These present standard-bearers are as enthusiastic a bunch as ever put on the white and blue jerseys, and can, I believe, establish Waterford as a real power in Munster.

THRILLING DRAW TO WINTER LEAGUE FINAL

Despite the atrocious weather conditions that prevailed at Walsh Park, Waterford on Sunday last, Ballinacourty and Erin's Own made light of this disadvantage and the 1-3 to 0-0 draw was a fitting climax to a thrilling game.

So unfavourable were the conditions that both sides could have been forgiven had the game failed to reach the brilliant heights that it did. But with a zeal that would have done justice to teams involved in a far more important competition, they gave their all in quest of victory.

Erin's Own, playing with the strong first-half breeze, did most of the pressing, but met with stern resistance in a resolute western defence, in which John McGrath was the dominating figure-head. Deservedly, however, the city men led 0-6 to 0-1 at the interval.

Ballinacourty restarted with Mick Kiely at centre-forward and immediately set up a bombardment of the Erin's Own goal. But as in the first half the city defence was equal to everything, Ballinacourty threw at them, and at the end of the quarter stage still led by 0-6 to 0-2.

Ballinacourty's relentless pressure was rewarded fourteen minutes from time when Denis Flynn rocketed a great shot to the net and in a pulsating finish Mick Kiely landed the all-important equaliser. Try as they might in the dying minutes they failed to penetrate the Erin's Own defence further, although on two occasions only inches deprived

them of scores that would have clinched the issue in their favour.

For Ballinacourty, none played better than the Power brothers, Nicholas and Peter (Nicholas in particular), John McGrath and Mick Kiely in defence and forwards Denis Whelan and forwards Denis Flynn (who was top scorer with 1-1) and Donal Whelan.

SUNDAY IS A CLOSED DAY

Owing to Dungarvan's big attraction on Sunday the County Board has wisely decided to make it a closed day for all club games.

Programmes will be on sale for the league game (sponsored by Abbeyside G.A.A. Clubs) which will be a welcome help to the every-day followers that wouldn't be well acquainted with the personnel of the Cork team.

GET YOUR COLOURS

That popular local figure, and former county star Johnny Murphy, will be out as usual over the week-end with the "Colours" for the big game.

ROAD RACE ON SUNDAY WEEK

A five-mile road race starting and finishing at the C.Y.M.S. Hall, Ring will be held on Sunday week at 3 p.m. The race is open to all counties and teams must consist of four runners. The entry fee is 2/6 per person.

ARRANGEMENTS FOR SUNDAY

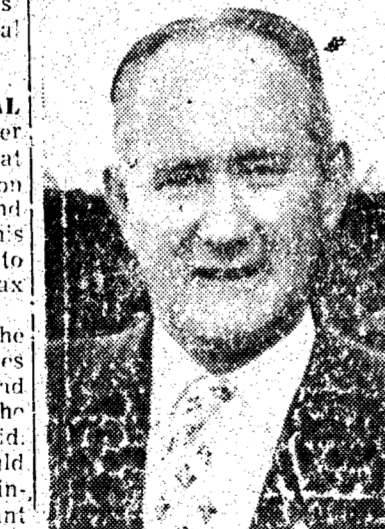

For motorists information no cars will be allowed beyond the Old Cinema (approaching from the town side) and the Limerick at the Castle Mart (approaching from the Ballynecy side) on Sunday.

There will be no school accommodation for the game. Hawker's must take their standards in the Showgrounds and will not be admitted after 1 p.m.

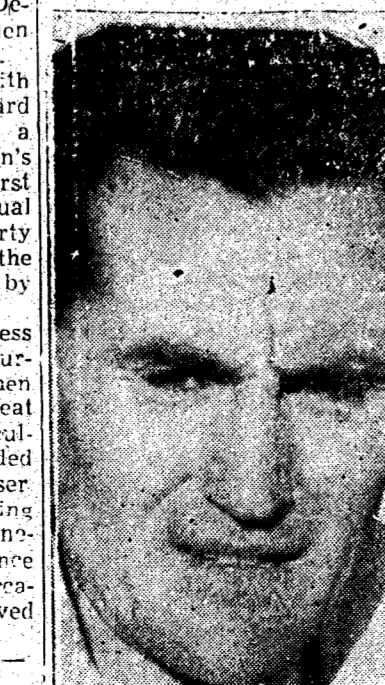

The junior hurling league final between Abbeyside and the Bruckes which was to have been played at 2 p.m. has been postponed.

Techs. Clash in Football and Hurling

Waterford County went down before Cork in the opening round of the Vocational School's Muns or hurling championships at Pecomy on Saturday last. The Tech. lads will clash with Cork again on Sunday next in Yeoughal in the replay of the football competition.

PEAGLAN GUID... whose efficiency as County Secretary will ensure that all preparations will be complete for Sunday's game.

SEAMUS POWER... one of Waterford's scoring aces in football.

But Waterford Favoured to Prevail

DUNGARVAN on Sunday next will be the greatest influx to the Shandon Field in many years is expected for this clash, which by the comprehensive particulars to hand should reveal all that is great about this game of hurling.

Sunday's tie is a league game in name only. Apart from the fact that the winners go direct to the semi-final of the competition—and that surely is reason enough for either county to win, both are treating this clash with the respect that normally only the championship would demand.

Form the start of this competition way back in October last the ultimate goal of both sides was, needless to say, to take sectional honours. Yet almost as important to them was that they record a triumph over the other. Now it is a welcome coincidence that the pre-arranged pairings should be as they are, with the only unbeaten sides crossing camans in this decisive and final game of the group.

Nor on Sunday's outcome can there be any compromise. In one hour the league aspirations of both, which up to now have been exceedingly good—thanks to unblemished records, will stand or fall. Defeat will end a dream for '61-'62 and simultaneously make all victorious appearances against Wexford, Limerick and Carlow a lot of wasted effort.

With this thought—in fact to dese the it as an ultimatum wouldn't be an exaggeration, do these Lee-siders and Suir-

Whereas the Lee-siders are fielding their best possible team, Waterford unfortunately must continue to field without a trio of established stars in Jackie Condon, Tom Cheasty and Larry Guinan. Had they been available I would have no hesitation in taking Waterford but their absence only tends to bewilder intending forecasters.

Comparing the respective sides for Sunday they differ drastically from the '61 championship meeting. Gone from the Waterford side are Ned Power, Joe Harney, Larry Guinan, Donal Whelan and Tom Cheasty, while Cork now demote Denis O'Riordan.

side Counties enter the fray on Sunday. Can it possibly be other than a guarantee of a tip-roaring and full blooded sixty minutes. Personally I do not think so.

Sunday is, however, a day of added significance for Waterford. It presents them with the opportunity of inflicting a defeat on any Cork men that would partially compensate for the disasters of a July Sunday last year.

The date was July 9th to be exact. The venue was Thurles. And there on the green sod of the Cathedral town pitch, Cork inflicted as humiliating a defeat on Waterford as they have ever done in a long era of rivalry.

On that occasion Cork were outsiders, and unfancied outside their own county. But with a ruthless brand of hurling

With Joe Condon scaling tremendous heights of brilliance of late, Waterford are without a midfield problem. As I see it neither Cork's Kelly nor Fitzgerald have it in them to out-hurl the Erin's Own man and with Mick Dempsey proving a more than useful partner I cannot see Cork gaining the slightest ascendancy in this

WATERFORD MORE IMPRESSIVE

Despite the fact that both sides have beaten the same counties in this campaign, Waterford's form has been the more impressive. Whereas both succeeded in crushing Wexford, Waterford's victory over Limerick was achieved by a far more convincing display than that served up by the Lee-siders. With the minimum of effort Waterford coasted to an effortless victory over the Shamonsiders at Walsh Park. Cork, on the other hand, had to call upon all their resources to score a belated and undeserved victory over the Limerick men. Then again their failure to the same county on Sunday last is hardly a criterion of a bright future.

But the 'Red Devils' are as unpredictable as an Irish summer and Deise followers can forget these below par displays. When the occasion demands they invariably prove equal to it and so it should be on Sunday.

DEMORALISING EFFECT

Never can I recall a defeat having such a demoralising effect

CHRISTY RING... a big danger if given half a chance

the Waterford team early last week, followers have discussed over and over again the selectors decision to play John Barron at full-forward. To most—even the De La Salle ma himself—this move has come as a real bomb-throw, and so costly it is with more hope than confidence that the county awaits the result of this experiment.

Barron has always proved himself a free-moving and elusive type of hurler, possessing a deceptive body-swover. Defence may not be the ideal quarters to utilise such qualities but where better than on the fringe of the Cork square to put them into effect. He could be the answer to the selectors prayers.

Elsewhere the side is "you were", with no startling changes. Barron's advent to attack seems doubly byrne to left full-back where he teams up with Tom Cunningham and Austin Flynn. To Flynn goes the task of looking after "the Ringer" but the Cloyne man now showing the weight of his years, will find the Abbeyside a difficult object to round. Cunningham has proved the master of Mick Quane before and can do so again while Byrne should have too much hurling for newcomer Liam Fitzgerald.

NO MIDFIELD PROBLEMS

The problem individual of defence is undoubtedly centre-half Martin Og Morrissey. While mindful of how brilliant he can be, his complete lack of consistency is bewildering and unless he is on top of his form on Sunday an excessive burden may fall on the shoulders of his flankers Mick Flannelly and Jim Irish.

With the Abbeyside a difficult object to round, Cunningham has proved the master of Mick Quane before and can do so again while Byrne should have too much hurling for newcomer Liam Fitzgerald.

LOW-SCORING GAME

Strangely as it may seem it may be a low scoring game. The respective defences are of the finest quality and in the best traditions of the two counties.

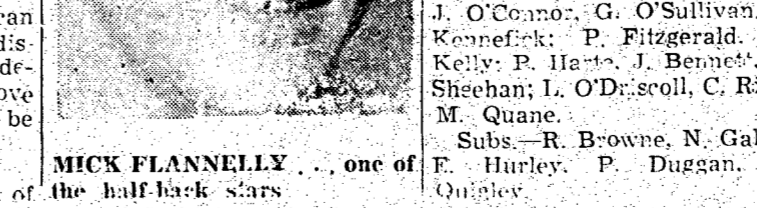

But no matter what pairings Cork may try I cannot see them controlling a midfield. So severely their defence, so strong though it is, will inevitably become overworked, and the home attack should have sufficient scoring power to run up a winning tally.
