## Excess Expenditure Approved Of

# ROADWORKERS REPRIEVED

**MANY** of the road-workers of the County who were threatened with unemployment as a result of the County Council's decision at the Annual Estimates' meeting to drastically reduce expenditure on main roads have been reprieved. At Monday's meeting a total of £22,500 additional expenditure on roads was agreed to by ten votes to seven and a revised roadworks scheme adopted for 1962/63.

The additional expenditure is divided as follows:— £15,000 on Main roads and £7,500 on County roads. The overall amount provided for roads however, is still down on the 1961/62 figure and £6,805 will be lost in grants.

Before moving the motion that the excess expenditure be agreed to, the Chairman, Col. Charles Curran, said that any £100,000 that was being spent should be directed entirely at him and not at the officials or other members. He wished to thank the N.F.A. who had complimented him on his efforts to reduce the rates, and the roadworkers who had shown great restraint. The N.F.A. who had also spearheaded the campaign for lower rates had informed him that they were not opposed to any proposal that would save the workers from being dismissed.

In a lengthy and detailed statement to the meeting, the Chairman said: "On the occasion of the reconvened estimates meeting, it was clear that the Council in its anxiety to resist a steep increase in rates would make a decision which would result in this body surrendering its authority. Such a decision would have far-reaching and disastrous consequences for the ratepayers and the community as a whole and I was prepared to use any legitimate device to prevent such a development. The Council was then faced with two conflicting problems: (1) To strike a rate and thus retain its authority; (2) To strike a rate that did not saw a big increase in the 1961/62 figure and was within the capacity of the people to pay without any undue hardship."

The statement went on: "It was very clear that there was no easy solution. My proposal placed somewhat reluctantly before the Council before the Council, which consideration late on the second day was an effort to resolve the problem and break the deadlock. It was I who allowed a somewhat unorthodox solution but it was effective and received the approval of the vast majority of the ratepayers. Unfortunately the situation to the major problem created a number of other problems not the least of which was the threat to the employment of a number of roadworkers and it was clear that if certain hardships were to be avoided some adjustments would be necessary."

Col. Curran listed the following arguments in favour of the motion: (1) Employment of work study Consultant should result in some considerable savings and help to offset the effect of surpluses in the estimates; (2) Economic Advisory Council's report — further major relief may be expected as a result; (3) Select Committee of the Oireachtas is at present examining administration of the Health Act and methods of financing same; (4) Major relief amounting to £24 million was granted in the Budget; (5) Represents a further 25% increase in rates for the current year; (6) Financial position will not deteriorate if this appointment is made; (7) Humanitarian and social considerations; (8) Views expressed by many ratepayers that the roadworkers who are the lowest paid and most defenceless members of the Council's

staff should not suffer as a result of rate reductions. The County Engineer said the sums mentioned in the motion were not equivalent to the sums provided in last year's estimate. In a letter the Department also stated that the provision for Main and County roads for the current year was inadequate. The Secretary (Mr. J. G. Dowling) said that grants would be cut by the same amount as they would provide for the roads than last year. Replied to Senator J. Butler, he said this £22,500 would have to be provided for in next year's estimate.

Col. Butler — This will put about 10% on next year's rate. Chairman — Only if we go on a spending spree. To Col. N. Walsh he said this expenditure would put 1/11 on the rates next year. Col. M. Harty said that the members should have been circled with all the facts before having it put on the agenda like a bombshell.

Mr. J. D. Hally (Co. Engineer) said £65,805 had been provided for Main roads in 1961/62 and there was £21,805 less provided this year. Likewise, £195,655 was provided for County roads in 1961/62 and £9,687 less in the current year. They would lose £6,805 in grants if the present motion was passed. Co. Accountant (Mr. F. O'Leary) said there was only a difference of £951 and £250 respectively for Main and County roads in the present proposal and the County Engineer's

estimate. Col. M. Galgey said the Minister had arrived at a very clever way of forcing their decision. The Chairman said he would oppose anything to propose a higher figure. The effect of this motion would be a maximum of 5d. on next year's rates. Col. N. Walsh — You are after changing your tune now. Earlier you said it would be 1/11. Col. Galgey said all the Co. Councillors in Ireland should resign as a body when they had the power taken from them.

Col. W. Foran said they were creating a surplus from year to year and that was bad economy. The wool was being pulled down over their eyes and he would not stand for that type of thing. They were now faced with a supplementary estimate that would have to be met next year and they were told that "extras" from last year would also be added on. The whole thing was being twisted. Chairman — I resent that remark. Nothing is being shaded from anyone.

Col. Galgey — how many workers will be unemployed if we do not pass it? Co. Engineer — 60 or 70 for a period of 12 months and if you pass £22,500, £6,500 is still lost. Col. R. Walsh said they struck a rate and he would not waver or be seduced. He heard a lot of the NFA's appeals but did not care if Kruschev paraded nuclear weapons. It all boiled down to the fact that they struck a rate and then learned that fifty or more men would be unemployed. He had a suggestion that could keep them in employment — that they spend money on housing the people rather than providing speedways for millionaire tourists. He for one would not be a sucker for the Minister's bait. Col. J. Fahy said he would appeal to the members to have the motion passed. If not 70 road workers most of them

married men would lose their jobs. Most of the workers were living in rural areas and their only alternative would be to emigrate. Also they had got concessions in the Budget. The County Manager said the concession for County Waterford was over £60,000. The Chairman said in moving the motion he was not influenced by the Minister or anyone else. Col. R. Walsh — Why didn't we think of this the first day and not make ourselves the laughing stock of the country.

Chairman — We have not made ourselves a laughing stock. The Chairman then moved his motion that "they hereby approve of the expenditure during the current local financial year of a sum of £22,500 in excess of the sums provided in the estimates for such year for road services, such sum to be utilised as follows: Main roads, £15,000; County roads, £7,500.

The voting was: For — Col. Butler, Curran, Harty, Kynne, Drohan, Fahy, Heskin, Montavny, Quirke, Cahill (10). Against — Col. Whelan, Foran, O'Ryan, N. Walsh, Galgey, Madden, R. Walsh (7).

### ENGINEER SOLD TOMATOES AT CREAMERY — Coir. Alleges

ALLEGATIONS that a Co. Council Engineer was selling tomatoes at a creamery at 10.30 a.m. on a working day were made at Monday's meeting by Coir. Tom Lannon. The matter arose when members were discussing the Cottage repair programme for 1962/63.

Coir. Fahy complained that certain cottages were not being visited at all by the engineers and in reply the Co. Engineer, Mr. Hally, said an engineer could not be expected to visit all the cottages at once.

Coir. Lannon said at least one engineer wasn't all that busy because he could be at the creamery at 10.30 in the morning selling tomatoes. The engineer concerned was from the East Waterford area.

Coir. M. Galgey said they should check on the tomato-selling engineer. Coir. W. Foran said a man should be prepared to stand on his feet and prove such statements.

Coir. M. Galgey said it took courage to make such a statement and Mr. Lannon should not have been criticised for it. Coir. Foran said these statements should be proved. Coir. Lannon said if he made a statement that wasn't true they had a place to take him. But when he made such a statement they could be sure it was true.

Coir. Foran — I can tell you Mr. Lannon's statement is a very serious one. The discussion then ended.

## NO ACCOUNTANT FOR HEALTH AUTHORITY

**WHEN** members of Waterford Health Authority met in Dungarvan on Friday last they were again confronted with an agenda item requesting the appointment of a permanent Accountant to the Authority. A similar request was rejected at a previous meeting while Friday's was also defeated by 8 votes to 7.

The Co. Manager, Mr. Moynihan, said the expenditure of the Authority in 1950 (then under the name of Board of Assistance) was £150,000 (1950-51), £487,000 (1961-62), £759,436 (1962-63), £774,452 (1963 estimate) and £858,336. These figures showed the expenditure had gone up nearly six times in 12 years. Mr. Curran — We have an assurance that Mr. G. Glanville's position will not deteriorate if this appointment is made. Co. Manager — That is quite true. Mr. Curran — No one has influenced me in the least but I am satisfied from enquiries

## Medical Card position may be reviewed

**THE** people of the County were already paying dearly for Health Services, but there was still a lot of dissatisfaction amongst the public concerning the issuing of Medical Cards. So stated Mr. Tom Lannon at last Friday's meeting of Waterford Health Authority when he moved a motion that all holders of Social Welfare Insurance Cards be given Medical Cards.

Mr. Lannon said it was alleged that if you make representation to certain people for a medical card there is no difficulty in getting one. If this was true it was a sad state for the country. A family man with £10 a week could not afford to pay doctor's fees. The Acting Secretary (Mr. F. Money) said at the end of March this year 52.9% of the people in County Waterford were covered by medical cards. Mr. J. Griffin said Mr. Lannon wanted the people who were compulsory holders of insurance cards to be issued with medical cards. The inter-

tion of the resolution was good and even though contrary to the Managers' Act they could suggest to the Minister to take steps to alter that sacred Act. He had no hesitation in seconding the proposal. Mr. Galgey — Is the figure Mr. Money gave correct? Mr. Money — Yes. Mr. Galgey — Then you mean to tell me 50% of the Waterford people have only £5 a week (the amount allowed for a medical card). Mr. Money said 50% also included the dependants of the medical card holders and would mean that 50% of the County had less than £6 a week.

The County Manager (Mr. S. J. Moynihan) in reply to Mr. J. Fahy said if the resolution was passed the numbers of cards would be greatly increased in the County. Mr. Fahy said the resolution would not be any help to small farmers on a valuation and the cost to the Authority would increase the rates considerably. Mr. J. Quirke said that while he believed an enquiry should be made into the Medical Card position, as it stood at present, he felt that if Mr. Lannon's resolution was passed they should also include small farmers. They should also consider the ratepayers, and ask where was the additional money going to come from. One day they were reducing the rates and the next day they were increasing them. The County Manager said the motion if passed would entitle a man with £15 a week to a medical card.

Mr. Lannon said this service would cost nothing extra, as the people were already paying for it. The position of the doctors was, they wanted to be paid and still have a private practice. They talked about extra money but all they had to do was examine the incomes given to well-paid officials every year. The Acting Chairman (Mr.

### DUNGARVAN GOLFERS DOWN IN SEMI-FINAL

In the Irish junior Cup South Munster semi-final at Little Island golf club on last Thursday evening, the favourites Muskerry moved on to the final by defeating Dungarvan by three and a half matches to one and a half. Top pair Mr. P. O'Donoghue (Cork) and Mr. Niall Kennedy (Dungarvan) had a great tussle and were level after eleven holes but then the Muskerry man got in front and was down two on the 17th tee, where Mr. Kennedy had the misfortune to pull his tee shot just out of bounds to lose his match by three and one. P. O'Donoghue (Dungarvan) fought all the way with Mr. J. Lannon (Cork) but had to give best to the Muskerry man on the sixteenth green. Mr. Jack Conillon (Dungarvan) played some excellent golf to finish off A. Keary (Cork) at the clubhouse hole and win by five and four. Mr. J. Curran (Dungarvan) snatched a fine half from Mr. B. Carwell after being four down at an early stage.

## INCREASES GRANTED TO MATRONS

**WATERFORD HEALTH** AUTHORITY, at its monthly meeting on Friday last decided by eight votes to seven to grant salary increases retrospective to April 1961 to Matrons of the County Home, District Hospitals and County Hospital.

Mr. F. Money (Acting Sec.) said the increases had been agreed with the Nursing Organisation. Four hospitals were involved — County Home, Dungarvan, District Hospital, Dungarvan, and Lismore and St. Patrick's, Waterford, and £690 would be required to grant the increases from April 1961. Mr. P. Cahill, proposing the increases said no matter what salary they gave them, they couldn't give them enough. Mr. D. F. Madden seconded. Mr. J. Quirke said he would vote for the increases from this date but not from April, 1961. Mr. J. Griffin said to refuse the retrospective increase

increase would be exceedingly bad policy and could lead to strikes. Mr. T. Lannon — This thing of nurses going on strike is being talked of a lot in this country and is going too far. Mr. Cahill's proposal was then carried by the one vote majority.

### TRAVELLING ALLOWANCE REFUSED

By a similar vote, an application from District Nurses for travelling allowances that would cost the Authority £175 a year was rejected. Mr. Money said four nurses were in receipt of certain allowances since 1958. Nurses in the rural area were given £50 a year and £25 in the urban area. The application now was for £100 and 50 respectively. The voting was: For: M/s. Cahill, Madden, Power, Gallagher, Browne, Griffin (7); against — Messrs. Lannon, Curran, Dower, Fahy, Foran, Quirke, N. Walsh, Galgey (8).

C. R. V. Foran said a man should be prepared to stand on his feet and prove such statements.

Colr. M. Galgey said it took courage to make such a statement and Mr. Lannon should have been criticised for it. Colr. Foran said these statements should be proved.

Colr. Lannon said if he made a statement that wasn't true they had a place to take him. But when he made such a statement they could be sure it was true.

Colr. Foran—I can tell you Mr. Lannon's statement is a very serious one.

The discussion then ended.

reduce the rates, and the roadworkers who had shown great restraint. The N.F.A. who had also spearheaded the campaign for lower rates had informed him that they were not opposed to any proposal that would save the workers from being dismissed.

In a lengthy and detailed statement to the meeting, the Chairman said: "On the occasion of the reconvened estimates meeting, it was clear that the Council in its anxiety to resist a steep increase in rates would make a decision which would result in this body surrendering its authority. Such a decision would have far-reaching and disastrous consequences for the ratepayers and the community as a whole and I was prepared to use any legitimate device to prevent such a development. The Council was then faced with two conflicting problems: (1) To strike a rate and thus retain its authority; (2) To strike a rate that did not show a big increase in the 1961/62 figure and was within the capacity of the people to pay without any undue hardship."

The statement went on: "It was very clear that there was no easy solution. My proposal placed somewhat reluctantly before the Council before the Council, which consideration late on the second day was an effort to resolve the problem and break the deadlock. It was I who allowed a somewhat unorthodox solution but it was effective and received the approval of the vast majority of the ratepayers. Unfortunately the solution to the major problem created a number of other problems not the least of which was the threat to the employment of a number of roadworkers and it was clear that if certain hardships were to be avoided some adjustments would be necessary."

Colr. Curran listed the following arguments in favour of the motion: (1) Employment of work study Consultant should result in some considerable savings and help to offset the effect of supplementary estimates; (2) Economic Advisory Council's report—further major reliefs may be expected as a result; (3) Select Committee of the Oireachtas is at present examining administration of the Health Act and methods of financing same; (4) Major relief amounting to £2½ million was granted in the Budget. This represents a further 25% decrease in rates for the current year; (5) Finances of the Council have shown a considerable improvement since the estimates meeting; (6) Humanitarian and social grants; (7) Views expressed by many ratepayers that the road workers who are the lowest paid and most defenceless members of the Council's

the current year was inadequate. The Secretary (Mr. J. G. Dowling) said that grants would be cut by the same amount as they would provide for the roads than last year. Repeating to Senator J. Butler, he said this £22,500 would have to be provided for in next year's estimate.

Colr. Butler—This will put about 10/- on next year's rate. Chairman—Only if we go on a spending spree.

To Colr. N. Walsh he said this expenditure would put 1/11 on the rates next year. Colr. M. Harty said that the members should have been circumsularised with all the facts before having it put on the agenda like a bombshell.

Mr. J. D. Hally (Co. Engineer) said £65,805 had been provided for Main roads in 1961/62 and there was £21,805 less provided this year. Likewise, £105,655 was provided for County roads in 1961/62 and £9,687 less in the current year. They would lose £6,805 in grants if the present motion was passed.

Co. Accountant (Mr. F. O'Leary) said there was only a difference of £951 and £250 respectively for Main and Co. roads in the present proposal and the County Engineer's

how many workers will be unemployed if we do not pass it? Co. Engineer—60 or 70 for a period of 12 months and if you pass £22,500, £6,500 is still lost.

Chairman—I resent that remark. Nothing is being shaded from anyone.

Colr. Galgey—how many workers will be unemployed if we do not pass it? Co. Engineer—60 or 70 for a period of 12 months and if you pass £22,500, £6,500 is still lost.

Colr. R. Walsh said they struck a rate and he would not waver or be seduced. He heard a lot of the NFA's appeals but did not care if Kruschew paraded nuclear weapons if all boiled down to the fact that they struck a rate and then learned that fifty or more men would be unemployed. He had a suggestion that could keep the men in employment—that they spend money on housing the people rather than providing speedways for millionaire tourists. He for one would not be a sucker for the Minister's bait.

Colr. J. Fahy said he would appeal to the members to have the motion passed. If not 70 road workers most of them

# NO ACCOUNTANT FOR HEALTH AUTHORITY

WHEN members of Waterford Health Authority met in Dungarvan on Friday last they were again confronted with an agenda item requesting the appointment of a permanent Accountant to the Authority. A similar request was rejected at a previous meeting while Friday's was also defeated by 8 votes to 7.

The Co. Manager, Mr. Moynihan, said the expenditure of the Authority in 1950 (then under the name of Board of Assistance) was £150,000; 1960, £467,000; 1961, £759,436; 1962, £774,452; 1963 (estimate) £856,336. These figures showed the expenditure had gone up nearly six times in 12 years.

Mr. Curran—We have an assurance that Mr. G. Glanville's position will not deteriorate if this appointment is made. Co. Manager—That is quite true.

Mr. Curran—No one has influenced me in the least but I am satisfied from enquiries

that it is the essence of good business to appoint an Accountant.

Mr. Moynihan said if the post was created and Mr. Mongey was not appointed to it, it would then go to the appointment's Commission.

Mr. J. Power said he opposed the appointment the last day because he thought as a result Mr. Glanville would be demoted, but now that he had an assurance to the contrary it was different.

Mr. Lannon said some of the members seemed to think money was growing on gooseberry bushes.

A vote was then taken on whether or not to create the post and it was decided against by 8 votes to 7.

The voting was: Against, Messrs. Lannon, Dower, Foran, Quirke, N. Walsh, J. Power, Gallagher, Browne (8). For—Messrs. Curran, Fahy, Cahill, Galgey, Madden, Griffin, Collins (7).

# Medical Card position may be reviewed

THE people of the County were already paying dearly for Health Services, but there was still a lot of dissatisfaction amongst the public concerning the issuing of Medical Cards. So stated Mr. Tom Lannon at last Friday's meeting of Waterford Health Authority when he moved a motion that all holders of Social Welfare Insurance Cards be given Medical Cards.

Mr. Lannon said it was alleged that if you make representation to certain people for a medical card there is no difficulty in getting one. If this was true it was a sad state for the country. A family man with £10 a week could not afford to pay doctor's fees.

The Acting Secretary (Mr. F. Mongey) said at the end of March this year 52.9% of the people in County Waterford were covered by medical cards.

Mr. J. Griffin said Mr. Lannon wanted the people who were compulsory holders of insurance cards to be issued with medical cards. The intention of the resolution was good and even though contrary to the Managers' Act they could suggest to the Minister to take steps to alter that sacred Act. He had no hesitation in seconding the proposal.

Mr. Galgey—Is the figure Mr. Mongey gave correct?

Mr. Mongey—Yes. Mr. Galgey—Then you mean to tell me 50% of the Waterford people have only £6 a week (the amount allowed for a medical card).

Mr. Mongey said 50% also included the dependants of the medical card holders and would mean that 50% of the County had less than £6 a week.

The County Manager (Mr. S. J. Moynihan) in reply to Mr. J. Fahy said if the resolution was passed the numbers of cards would be greatly increased in the County.

Mr. Fahy said the resolution would not be any help to small farmers on a valuation and the cost to the Authority would increase the rates considerably.

Mr. J. Quirke said that while he believed an enquiry should be made into the Medical Card position as it stood at present, he felt that if Mr. Lannon's resolution was passed they should also include small farmers. They should also consider the ratepayers and ask where was the additional money going to come from. One day they were reducing the rates and the next day they were increasing them.

The County Manager said the motion if passed would entitle a man with £15 a week to a medical card.

Mr. Lannon said this service would cost nothing extra, as the people were already paying for it. The position of the doctors was, they wanted to be paid and still have a private practice. They talked about extra money but all they had to do was examine the increases given to well-paid officials every year.

The Acting Chairman (Mr. N. Walsh) said if the motion was passed it would only be a recommendation and would require amending legislation to have it put in order.

Mr. Lannon's motion was carried by 13 votes for, none against and Colrs. Quirke and Madden abstaining.

Mr. Lannon said he was first forced to move his motion when he made representation for a card on behalf of a local married man with eight children and an income of £8 a week. He was first refused a card but after a second representation was given one.

# INCREASES GRANTED TO MATRONS

WATERFORD HEALTH AUTHORITY, at its monthly meeting on Friday last decided by eight votes to seven to grant salary increases retrospective to April 1961 to Matrons of the County Home, District Hospitals and County Hospital.

Mr. F. Mongey (Acting Sec.) said the increases had been agreed with the Nursing Organisation. Four hospitals were involved—County Home, Dungarvan; District Hospital, Dungarvan; and Lismore and St. Patrick's, Waterford, and £690 would be required to grant the increases from April 1961.

Mr. P. Cahill, proposing the increases said no matter what salary they gave them, they couldn't give them enough. Mr. D. F. Madden seconded.

Mr. J. Quirke said he would vote for the increases from this date but not from April, 1961.

Mr. J. Griffin said to refuse the retrospective increase

increase would be exceedingly bad policy and could lead to strikes.

Mr. T. Lannon—This thing of nurses going on strike is being talked of a lot in this country and is going too far. Mr. Cahill's proposal was then carried by the one vote majority.

# TRAVELLING ALLOWANCE REFUSED

By a similar vote, an application from District Nurses for travelling allowances that would cost the Authority £175 a year was rejected.

Mr. Mongey said four nurses were in receipt of certain allowances since 1958. Nurses in the rural area were given £50 a year and £25 in the urban area. The application now was for £100 and 50 respectively.

The voting was: For: M/s. Cahill, Madden, Power, Gallagher, Browne, Griffin (7); against—Messrs. Lannon, Curran, Dower, Fahy, Foran, Quirke, N. Walsh, Galgey (8).

## Kilmacthomas Notes

Transferred—Mr. T. J. McCarthy, of the Provincial Bank Nenagh, has come on transfer to the Kilmacthomas Branch, where he has just taken up duty.

**First Communion**—A group of pupils of the Mercy Convent School, Kilmacthomas, made their First Holy Communion at the 8 o'clock Mass (celebrated by the Rev. M. Wall C.C. do.) in the Convent Chapel last Sunday morning. The children were very tastefully attired and all radiated happiness as they reverently approached and withdrew from the altar rails. After Mass the first communicants were the guests of the good nuns and they did full justice to the delicious breakfast served them.

**"G.A.A. Stars of Yesterday"**  
The subjoined, under above caption, is culled from "Carbery's Column (Sporting and General)" in the "Cork Weekly Examiner" dated the 24th ult.:—"As a versatile athletic family—hurlers, footballers and all-round athletes—few could compare with the Kirwans of Kilmacthomas, Co. Waterford. Their fame was widespread.

"First of the brothers whom I saw in action was Roddy Kirwan, a rangy 6foot man that I watched jump six feet at a Kerry sports meeting. Next I was surprised to see the Waterford man shining as half-back on Kerry's famous football team of 1903.

"Residence and not birth, was the qualification at that time, for there was no such thing then as 'declaration rule.' And Roddy Kirwan was then a bank official resident in Castleisland, Co. Kerry. It was in Tipperary Town I first saw Roddy play—in that wonderful match against Kildare which ended in a disputed score and a replay was ordered for Cork on August 27, 1905. All Ireland championships were then two years behind schedule.

"The replay was one of the finest exhibitions of Gaelic football played to date. It ended in a draw (Kerry 0-7; Kildare 1-4). Roddy Kirwan again starred.

"The third game between Kerry and Kildare in that epic championship of 1903 was played in a heavy drizzle. Kerry seemed more suited to the conditions. I have seen all three games, having cycled many miles each day. Kerry played most attractive football in that third game and they won by eight points to two.

"Roddy Kirwan played any fine games for Kerry before his retirement; he was a clean, polished player and a most popular official. He died recently in his 80th year.

"Younger brother, Percy Kirwan, was better known as an hurler, yet he was skilled in both games. I saw him play Gaelic football with Waterford several times; his sprinter's speed was his outstanding feature, but he could spring high for balls and fielded confidently. He was a long straight kicker. I never saw Percy hurl, but he too, was a splendid performer with Waterford teams.

"It was as an all-round athlete that I knew Percy Kirwan best. He was a sturdily built man of 5 feet 9½ inches and at once made his mark on athletic fields as a youth. He could run, jump and throw weights with the champions. He was soon champion in high company, not far behind the great Tom Kieley himself. Percy Kirwan won national championships in sprints, hurdles and all-styles in jumps. I saw him clear 24 feet at Mallow in the long jump and 48 feet 10 ins. in the hop step and jump. He won the Irish hurdle championship in good time and he was in big demand at all Irish meetings; he won the A.A.A. titles in the long jump, but his greatest triumph was in Rome in 1912.

"This was in the Holy Father's jubilee sports, open to the world. Percy Kirwan won two titles. He was also useful in weight events. Had any all-round competition been run in his time, I give Percy a big chance of victory on an Irish programme. A third brother, Jim Kirwan, was one of a home bird but I saw him play some fast close games for Waterford. He was a fine ground hurler, but he was more devoted to work on his farm than to any form of athletics.

"The Kirwan brothers travelled far to see Irish teams at successive Olympic Games. I do not know how many Olympic Games Percy Kirwan has seen but I think it is over the dozen."

**Her Troops and Legions of Friends** will unfeignedly wish a fast and full recovery to amiable Mrs. Foley (nee Mulcahy) wife of popular Mr. John Foley, St. Anne's Terrace, Kilmacthomas, who is at present an hospital patient undergoing treatment for her indisposition.

**The Late Mrs. Mary Butler** (nee Walsh) widow and former Kilmacthomas, was the possessor of many admirable traits of head and heart and she lived her allotted span on the very best of terms with

her neighbours. With her bereaved sons, daughters, sister and brothers sincere sympathy is widespread.

Following the celebration of Office and High Mass in the Parish Church, Clonsilla-Power, on Friday of last week, her remains, which were rested overnight in the sacred edifice, were interred in the family burial ground in the adjoining cemetery, the clergy in attendance at the obsequies again officiating at the graveside, in the presence of a large and representative assemblage of the laity. —May she rest in peace.

**Query**—Has any neighbour from the coast to the Comeraghs seen or heard a land-rail or corn-crake, during the month just ended?

**To the Sincere Regret** of a wide circle of friends, the death occurred at his residence, following a short illness and at comparatively young age, on Thursday week, 24th ult., of Mr. John Hurley, farmer, Ballinarrid, Bonmahon, a very well-known and liked figure in agricultural and sporting circles in the district. A sister of his is a religious attached to the Community of a Convent abroad. He also was brother of Mrs. Mary Donovan, widow, Ballinarrid and Mr. Patrick Hurley, do. (a sterling Gael and prominent Stradbally senior footballer in his earlier years). Deceased was a cousin of the McKean families of Ballydwan and Ballinarrid, respectively.

There was a very large and representative attendance at the removal of the remains on Friday evening to St. Anne's Church, Ballylanaan, where the coffin was received and blessed by the Rev. P. Power, C.C. do. Requiem Masses at 10 and 10.30 o'clock on Saturday morning preceded the interment which was made in the adjoining cemetery amid every manifestation of sorrow. Fr. Power, C.C., officiated at the graveside, assisted by Very Rev. D. Power, P.P., Stradbally.

Numerous Mass cards and messages of condolence were received.

At a anam, a Iosa Dillis, dean trocraire.

**In Holy Cross College, Clonsilla, Dublin, His Grace, Most Rev. J. C. McQuaid, D.D., Archbishop of Dublin and Primate of Ireland, on Sunday last ordained twelve priests, all of whom will serve in the Archdiocese of Dublin. Rev. Patrick Ryan, Ardinnan, Co. Tipperary, was one of the twelve. Two uncles of his—Rev. P. Shine, C.C., and Rev. P. Shine, C.C.—are ministering in the Archdiocese of Dublin. And he also is a nephew of Mrs. Margaret Murphy (nee Shine), wife of Mr. Michael Murphy, St. Anne's Terrace, Kilmacthomas, both of whom were in the Metropolis for his elevation to the Holy Priesthood.**

**It is Learned** that the Fianna Fail Organisation's National Collection, taken up at church gates in the 26 counties, was handsomely contributed to by supporters of the Government in this section of the Decies.

**In The Latest M.H. (Dublin) Pools' List of Prizewinners,** amiable Mrs. Deevy, wife of Mr. W. E. Deevy, V.S., Kilmacthomas, figured and she is to be congratulated on her good luck.

**G.A.A.**—The vast majority of this area's jovers of the "big ball" code are set on seeing the Kilrossanty-John Mitchell's Phelan Cup clash at Walsh Park to-morrow (Sunday).

The County Accountant, Mr. F. O'Leary told members at last Monday's County Council meeting that £447,986 representing 98.38% had been collected in rates for the year just ended. £2,908 was uncollected. The percentage for the previous year was 98.07.

The overall position was an improvement, said Mr. O'Leary.

**SALMON NET FISHING**

The slight improvement in catches of salmon by nets reported in last week's issue continued this week up to the time of going to press. Up river there was an improvement in the catches by nets but the two stake weirs are going rather badly, said to be due to adverse weather conditions. Little or no net fishing is being done in Ardmore, Knockadon and Ballycotton. Youghal fishermen are concentrating on the bay for their operations which are now very much hampered by weeds which is usual at this time of the year.

**FIRST DEEP SEA ANGLING COMPETITION**

The first open competition of the season under the auspices of the Youghal Sea Anglers Club took place on Sunday last when seven boats with 21 rods competed in poor weather conditions. Mr. C. Ledingham-Gowan's Tostal Trophy for heaviest catch 315 points was won by Mr. Herman Sweetnam of Youghal. The club prize for the second heaviest catch was won by Mr. A. Lupton and Mr. Anthony Roche's prize for the heaviest fish 55 points was won on the toss of a coin by Mr. Sweetnam from Mr. Ernie Farrell of Youghal. The second competition will take place on Sunday, June 17th when the Island Trophy and Blackwater Hatchery Cup will be competed for. The latter will be for the greatest number of bass taken by any one angler in both the May and June competitions.

**LATE MISS E. GAYER**

Deep regret was felt at the announcement of the sad death of Miss Elizabeth Gayer, of South Main Street, Youghal, which took place on Sunday last at St. Mary's Nursing Home, Youghal, after a short period of illness. In her early forties the late Miss Gayer was a member of a well-known Kanturk family, being daughter of the late John and Mrs. Gayer, Ballymormor, Kanturk, and sister of Mrs. Jack Forrest and Mrs. Tony Simkins of South Main Street, Youghal. She remains were removed to the Church of Our Lady of Lourdes, the Strand, where Requiem Mass was offered for the repose of her soul on Tuesday morning at 9 o'clock. The funeral took place that day at 2 o'clock for the family burial ground at Kanturk followed by a large cortege.

**LATE WM. ROCHE**

The death took place last week of Mr. William Roche, of Cork Hill, Youghal, a well-known member of the community of an old Youghal family the deceased was in his

For the past week the work of demolition of the three-storey building in the North Main Street, Youghal, known as Bank Buildings, and used in the emergency as a Red Cross Post, is taking place to make way for the long sought new Post Office in town. It is estimated that the building will be ready by the end of the present year.

**TIMELY RESCUE AT YOUGHAL QUAYS**

During the week-end, Patrick White, aged 11 years, while playing with other boys at the Pier Head, had a narrow escape from drowning when he fell into the Market Dock when the tide was three-quarters full. His pals raised the alarm and Brendan Maher (17) son of Mr. and Mrs. P. Maher of Tallow Street, working on a new house adjacent to the dock, plunged in to the water and rescued White. There was very few people around at the time and were it not for the prompt and plucky action of Maher the boy's life could have been lost. Maher's action is deserving of recognition.

**THREE MORE YOUGHAL MEN FOR GREENLAND**

The German Trawler Saarbruecker, a vessel of 718 tons, called at Cobh on Sunday last and took on a crew of six Irishmen, which included James Mullins, John Barry and Michael Murphy of Youghal. The trawler sailed from Cobh that evening at 4 p.m. In all, 15 Youghal men are now serving with the German fishing fleet at Greenland.

**LISMORE NOTES**

**ROUND-HILL BOWLING TOURNAMENT**

The 4th Annual Roundhill Bowling Tournament recently got under way. The tournament sponsored by the Round-Hill Bowling Club, which, incidentally, is only a three-man club: John Doocey, Chairman; Jimmy O'Gorman, Hon. Secretary, and John O'Gorman, Treasurer, has attracted an all time record of over eighty competitors.

When these three young men decided to form a club back in 1959, they held a doubles tournament which had an entry of thirty competitors, not bad for a start; then came '60 and the number had gone up to nearly 60 competitors. Last year 70 competitors entered for glittering cup and cash prizes. Now comes this year's tournament and the entries have passed the eighty mark. Not alone do these figures show that bowling has "caught-on" 100% in West Waterford, but also points out what a wonderful name these three young men have made for themselves and the district of Round-Hill and Ballylea.

Whose name will be inscribed on the cup this year, and join the past "hall of fame" winners? Well, with only half the first rounds thrown it is high impossible to make a forecast. But before a winner has emerged in early August many a good score will have been witnessed.

For the record, the previous winners have been: Wally Doocey and John Power, Lismore (doubles winners, 1959); John Foley, Knockanore (single hand winner, 1960); Michael Lehane, Cappoquin (single hand winner, 1961).

First round scores are being thrown each evening at 8 p.m. and first round winners to-date are: E. Barry (scr.) bt. J. O'Donoghue (scr.) and P. English (3); P. Foley (2) bt. P. Cahill (2) and J. O'Neill (2); J. Lineen (2) bt. J. Daly (scr.) and W. Doocey (2); J. J. Scallan (2) bt. W. Lineen (scr.) and P. Foley (2); J. McGrath (1) bt. T. Barry (1) and T. Connors (3); T. Power (2) bt. M. Lehane (1) and B. Tobin (scr.); J. Colleder (1) bt. A. Ahearne (2) and J. McCarthy (2); T. Whelan (4) bt. M. Connors (3) and T. Corbett (3); J. Foley (scr.) bt. M. Morrissey (2) and T. Doherty (2); J. Fitzgerald (scr.) bt. P. O'Gorman (3) and P. O'Brien (3); L. Sullivan (scr.) bt. T. Meahan (3) and J. Walsh (3); W. Colleder bt. P. Flives (2) and O. Wilkinson (1).

**GREAT VICTORY FOR HOME CRICKET CLUB**

At the Castle Farm ground on Sunday last, in ideal conditions, Lismore C.C. played Cork County. Winning the toss,

the Cork team went into bat and despite some good bowling by Paddy Feeney and Trevor Enderser, hit up 144 runs. T. Woods hit a bright 38, while B. Pearce scored 41 for the visitors.

Lismore openers, Paddy Scanlon and John Crotty went in to bat, but with only one run on the board, Scanlon was out l.b.w. J. Crowley joined Crotty, but was unlucky to be out for only one run. With twenty minutes play left before tea, Trevor Enderser joined Crotty and they remained there until tea break.

A heavy shower during tea made the already cut-up wicket treacherous. Within minutes of the resumption Crotty was out. P. Harris then joined Enderser to form the partnership that was to stay together till the winning run was hit. T. Enderser had a well hit score of 78 not out, while P. Harris hit 44 not out, giving Lismore a clear cut victory of 7 wickets.

**NA PIARSAIGH FOR DUNGARVAN**

One of the most progressive juvenile clubs in the country comes to Dungarvan on Sunday next to do battle with the boys of the local C.B.S. Na Piarasigh of Cork, are respected wherever hurling men gather, for this is indeed a highly successful and efficient club. They are bringing two teams along to the Old Boro on Sunday and the local lads will have to work hard if they are going to def- at the first of them.

The first game, timed for 3 p.m. sees the under twelves go into action. Here the Dungarvan side cannot entertain much hope for their side is an extremely inexperienced one not having played even one match as a team. Luckily there are four of the senior team on this age but it is doubtful if this will be sufficient to stop the Cork boys.

The under 14 game should be a clinker all the way. Na Piarasigh maintain that they have never had a better team. Men who know, are talking in similar strain of the Dungarvan boys, so the stage seems to be set for a classic. It would provide one very interesting information regarding the relative merits of Cork and Waterford hurling. The Leesiders have a huge population to draw from but the local boys have ground advantage and with good support from the side lines they may manage to pip their more fancied rivals. Be the result what it may, the game itself should produce hurling of an order rarely seen amongst schoolboys. For the purist this game is "a must" and the man who likes his hurling "hard" should have his fill also. Personally, I think that there is wonderful entertainment here.

**AGLISH MISSION CLOSSES**

When the Mission, conducted by Fathers of the Franciscan Order, closed in Aghlish and Mounstuart Churches on Sunday evening last striking scenes of devotion were witnessed. The sacred edifices were crowded for the solemn occasion. Both preachers complimented the people on the manner in which they had performed the exercises of the Mission and praised them for their stupendous steadfastness to the Faith. They paid a special tribute to the local priests. They appealed to all to persevere in the practice of their Holy religion and by prayer, good works and mortification become better Catholics.

The same Fathers opened a mission in Ballinacorney Church on Sunday evening and during the week the various devotions were attended by very large and devout congregations.

**RELIGIOUS EXAMINATION**

During the past week the children of the local schools were examined in Christian Doctrine. The knowledge displayed was excellent—a fact which reflects great credit on all concerned.

**MATCH AT CLASHMORE**

Clashmore, who are competing in the Primary Grade, tried a few newcomers and showed some improvement on recent displays. Mr. W. Allen refereed. In the next round of the Primary competition, Clashmore, we are informed, meet Old Parish and not Cappoquin, as inadvertently stated in this column last week.

Deceased, who was a member of a well-known family, was a popular and respected figure noted for his many outstanding qualities and kindly characteristics. A leading educationalist, he was also associated with many cultural movements and was particularly interested in the Gaelic League, and G.A.A. He was especially attached to his native district, which he visited every summer.

He was brother of Mr. Declan Fitzgerald, Mr. J. J. Fitzgerald, Sergt. Gerald Fitzgerald G.S., Capt. M. A. Fitzgerald (Defence Forces), Mr. James Fitzgerald, Mr. Thomas Fitzgerald. Ballinacorty, Dungarvan

Widespread regret was occasioned at the announcement of the death of Mr. John B. Daly, which took place on Thursday, May 24th, at his residence, after a rather short duration of illness, but at the fullness of years. His death has caused a vacancy very hard to fill because he was a man of outstanding qualities. He was a kind friend to rich and poor alike and a most charitable individual. He was also a most industrious model farmer. The greatest of deep and true sympathy is extended to his beloved family on their great loss.

FARMERS ARE THE WORST PAID OF ALL

Last week, Officers from every county in Munster gathered in Mallow to discuss in detail the implications of the recently imposed levy on the incomes of dairy farmers. Speaking for the farmers in each of their counties, the delegates said that this last blow was really a crippling one. Farmers worked longer hours for less money than any other member of our community, but their efforts were to be repaid by a further reduction in their incomes. It was not merely a case of farmers not wanting to pay the levy. It has now reached the position where farmers could not afford this reduction which could easily be taken as a penalty for efficiency. The man who had upgraded his herd and increased the yield of his cows was now being asked to pay more for his good husbandry. After the meeting, the following statement was issued:—

"The meeting expressed indignation at the recent imposition of a levy on milk producers, resulting in a drastic cut in the dairy farmers' incomes. While admitting that An Bord Baine needs to be sufficiently well financed to carry out its onerous and vitally important duties in finding, developing and exploiting all possible markets for dairy products, the meeting was unanimous in saying that now is not an opportune time to impose such a levy. "For their work and effort, farmers are the worst paid section of the Irish community, who, unlike every other section have been asked to bear higher

costs for their raw materials and accept lower prices for their products. Farmers just cannot afford to pay this milk levy. The meeting called on the N.F.A. National Council to bring before the Government and the Irish people the most unsatisfactory position in which farmers generally and dairy farmers in particular now find themselves. "All Munster counties pledged full support for any action decided upon by the National Council in its efforts to give stability and a sense of security to the small farmer and dairy farmer, upon whom the agricultural economy ultimately depends. "All engaged in agriculture he meeting stated, are looking to the N.F.A. to give a lead and the delegates felt that now there was greater need for leadership than ever before because farmers have their backs against the wall."

STRUCTURE NEEDS TO BE OVERHAULED

"It is imperative not only to maintain income, people should also get positive incentives to increase certain lines of production, for example, beef and dairy products," said Mr. Rickard Deasy, President of the N.F.A., when addressing the Dublin Co. Executive last week. "There is a great obvious need," he continued, "for a unified approach to many of our problems. We must keep up incomes at all costs. Some of the efforts we have made in the past are now bearing fruit but there must be no 'letting up'. Other countries, who, incidentally, are our competitors, have a considerable lead on us already. They have already made great progress in trying to assure for themselves new markets in the developing countries of the European Economic Community. We cannot afford to wait until our application has been formerly accepted for membership. Now is the time. We have a lot of leeway to make up even as it is."

"There is need," said the President, "for a complete overhaul of the structure of the dairy industry. Everyone engaged or interested in agriculture must now make an all-out effort to improve the dairy setup because it is the keystone of our basically agricultural economy." Speaking of the recent levy, he said that "we must never forget that to thousands of our members, and especially our small farmer members, the monthly milk cheque is their sheet anchor, and the reduction in the milk cheque cannot be countenanced."

SPECIAL TREATMENT NEEDED FOR BACKWARD AREAS

A deputation from the N.F.A. National Industrial Committee met Mr. Childers, Minister for Transport and Power, on Wednesday, 23rd May. The plans which were recently announced by the Government to extend the Rural Electrification Scheme were discussed and the deputation expressed appreciation of these measures. They asked, however, that further consideration be given to people in backward areas which are still considered un-economic even under the new scheme. In addition to the £10 subsidy to provide bottled gas for cooking and lighting it was pointed out that arrangements should be made to provide these people with suitable power units for milking machines, water pumps, grinding mill, etc.

Transport.—The deputation had a very long discussion with the Minister on many aspects of our transport problems with particular reference to putting our house in order in anticipation of Ireland's acceptance as a member of the E.E.C. In regard to tractor transport the Deputation complimented the Minister and Government on the reduction of the £8 tax to £2-10-0. An assurance was also obtained that farmers who have already paid the full £8 tax for this year will get a refund in respect of the period 1st July, to 31st December, in order to give them the benefit of the reduction. The N.F.A. representatives emphasised again the necessity of lifting the £31-10-0 tax of co-operatively owned tractors.

Haulage Plates.—The deputation was also very pleased to learn that an idea which has been discussed a number of times in the N.F.A./C.I.E. Advisory Committee, has been developed. As a result of this an arrangement has been made whereby C.I.E. will consider granting special haulage plates to owners of tractors at a nominal charge of £1 per year. Final details of this arrangement are being discussed with C.I.E. and a further announcement will be made. The deputation also covered the whole question of road, rail and shipping services in so far as they affect farm produce.

Cost of Living.—Between 1955, and 1961, prices generally—cost of living—went up by over 17%, but the price of agricultural products in the same period actually went down three per cent. "In a word," said Dr. Lucey, "the farmer is now getting less income than he did in 1955, though he has to pay far more in taxation and for what he buys. This is not the result of chance. If the farmer complains, he is told to produce more to make up for the poor price he gets, and when he does this he is then told that the market is saturated and that he must be satisfied with a lower price still."

QUESTIONNAIRE ON LAND SALES

Members interested in the growing number of sales of farms within their counties are asked to contact their local County Secretaries, giving all the details that they may have on this matter. Headquarters has already circulated County Secretaries to whom questionnaires have been sent. If members co-operate it will be possible for us to get, in a reasonably short time, a bird's-eye view of the position as it is today.

PROGRESS BASED ON EDUCATION

Education is the foundation stone upon which all our striving towards progress must be based, said Dr. Hillery, when looking for £22,210,920 for the Department of Education. This amount is 15% of the total for all the Supply Services. Some interesting points came to light in the course of the debate. Primary school pupils had declined by 3,145, the reason for this being the fact that we had had the peak conditions created by the abnormally high marriage and birth rates that occurred in the years after the war. The number of pupils now is 503,218. Secondary school pupils had now passed the 80,000 mark. If the present rate of increase of 3,600 each year continued, there would be more than 100,000 pupils attending secondary schools by 1970.

ECONOMIC EXPANSION — PROGRESS REPORT

The Progress Report produced by the Government recently shows that farmers are leading the way in increasing production. This is especially shown in products for export. Farmers accounted for 88% of domestic exports according to the official estimate. In effect, it is considerably higher, as some agricultural products are classed as industrial. The agricultural exports increased £23m. out of a total increase of £27m. The fact that farmers are prepared to respond to any economic opening is shown by the increase in limestone delivered for the 6 months in question. It came to 475,000 tons compared with 186,000 in 1961. There is also a very considerable increase in the use of other fertilisers.

INSTRUCTION COURSE FOR FARMERS

Among the suggestions put forward by the Interdepartmental Committee on the Problems of Small Western Farms in its recent report was that more short courses in agriculture should be provided for the farmers in the area. For some years past, the Department of Agriculture, school at Athenry, Co. Galway, has been providing courses of this kind, and at present eight regular courses are available each year. Special courses are run from time to time on subjects such as grassland management, dairy farming and others for which there is a demand. In the last few years, some of the courses have not been fully attended and while there are reasons for this, the fact remains that the courses are of a type that would be of very considerable benefit to farmers and their sons. They cover all aspects of farming as it is practised on the vast majority of Irish farms, up-to-date and scientific methods being explained by qualified teachers. As well as theoretical instruction a large number of practical demonstrations take place during each of the courses. The Departmental work in co-operation with Macra na Feirme, Macra na Tuaithe and Muinín na Tire in arranging courses for the members of these organisations, and in some cases the organisations assist with the expenses involved for those attending the school. These expenses are not by any means high, which is another attractive feature. A new school building is being erected at Athenry, school and is expected to be ready in 1963. It will accommodate 40 students at a time. The farm attached to the school covers about 600 acres but the instruction given is designed to be of practical value to small farmers who need to get full value from every acre of their land.

One of the most successful courses held annually at the school is that arranged by the Co. Mayo Committee of Agriculture for farmers from the county. The course is held in the last fortnight in June. The Committee gives 24 scholarships and pays the travelling expenses for candidates attending this course. There has not been any shortage of applicants for all places available. A typical course includes instruction on dairy farming, calf-rearing, housing, use of milking machine, sheep flock management, pig breeding and feeding, housing in all its aspects, drainage, manuring of lands, production and management of grass, silage-making, hay making, root-crop cultivation, animal diseases, control of pests and weeds, farm accounts and turkey care and management. The demonstrations for this course include dehorning calves, castration of pigs, cattie-weighing and judging vegetable growing, ploughing and other cultivations, sheep dipping and the use of a foot-bath for controlling disease in sheep. Films are also used to enhance the instruction and demonstrations. On the school farm a great variety of crops is grown and the students can see these in the fields at various stages depending on the time the course is being held. There is a full range of modern machinery. Three breeds of sheep, Galway, Suffolk and Oxford Down, two pig breeds, Landrace and large large white, as well as a short-horn dairy herd are maintained at the farm. The turkey propagating station is included in the farm buildings and the students learn the most up-to-date methods of managing a turkey flock. The courses held in the winter have been the most popular and usually present no difficulty in getting all the available places. The obvious reason for this is that farmers can afford the time in the winter months to be away from home economically and sociologically.

# WATERFORD FOOTBALLERS OVERWHELMING VICTORY

## KILMAC' BATTLE WAY TO CUP FINAL

**Kilmacthomas 1; Clonmel 0;**  
With only four minutes to go, it looked as if the Infirm Cup semi-final, Kilmac' v. Clonmel, was going to end in a draw. In those closing minutes Clonmel were defending desperately, but somehow the Kilmac' forwards were not getting their best form. Then Ron Battle rounded centre-half Doherty and scored the goal that put his team in the final. This is Kilmac's fourth year in a row to figure among the finalists. They won the Infirm Cup in '59; the Marquis of Waterford Cup '60, and last year won the League Championship and Walsh Cup Tournament at Portlaoine.

## DUNGARVAN MAN'S DEATH IN AMERICA

The death occurred suddenly in the United States of a 45-year-old Dungarvanite, Mr. Jack Lyons, aged seventy years, of Linden Boulevard, Brooklyn, New York. When he left Dungarvan fifty years ago he joined the American Army and saw service in France with the United States Expeditionary Force in World War One. He was wounded in the leg and hospitalized for a short time. He paid his first visit to his home town in 1926 when he had recovered from his illness. He visited Dungarvan on several occasions since that time and his last visit was five years ago when he was the guest of Mr. Patrick Lynch, O'Connell Street. A former member of the staff of the "New York Journal American" he had been living in retirement for some time. He was a life-long member and staunch supporter of the leading Irish American societies. He is survived by his wife and by his married sister who now lives in California. At his death he left a family of seven.

## WATERFORD 3-5 TIPPERARY 0-6

WATERFORD football continues to bask in a golden era of dominance and thanks to meritorious eight-point victory over Tipperary at Clonmel on Sunday last the County now stands but one hurdle away from a place in the provincial decider.

Even mindful of the fact that Kerry must now be faced in their own backyard—at Listowel on June 24th, such is the continued upward trend in the standard of the county's seniors that when they face the Kingdom they need have no cause to be over-awed or dismayed by their far from impossible task. For make no mistake about it, a better side hasn't left the county for many many years. They have skill in abundance, can give and take hardship in the best possible manner, and above all else are blessed with one of the greatest qualities of all—the ability to fight back no matter how great the odds against them.

**AMPLE SCOPE**  
Against Tipp, on Sunday they were given ample scope to display their latter quality. For despite their comfortable winning margin, they had to fight an uphill battle for a great portion of the game, against a side that at one stage looked quite capable of halting Waterford's gallop. In fact even the most partisan Deise supporters must have sat through the interval recess fearing the worst. For during that opening half, there was only one team in it and it certainly wasn't Waterford. Thanks to a complete monopoly of the midfield exchange, due in the main to the power football of John Keating, Tipp, dictated the trend of the game to their own liking and were in no way flustered by their 0-6 to 1-1 half time advantage.

minutes Waterford missed 21-yard frees but Freddie O'Brien goalied from a melee in the 7th minute to give them the lead. Tipp then took over and a succession of points by McGovern (2) and Liam Connolly (2) gave them a well-deserved two-point advantage. Jimmy Hewitt pointed a Waterford free in the 22nd minute but John Keating negated this score before the interval when he finished off a 60 yard solo run for a truly great point. Hewitt cut Waterford's deficit to a single point after only six minutes of the restart and after many feasible scoring chances were squandered. Coughlan jinked his way through for a goal. Sub. Vincent Byrne was only in the game seconds when he found himself all alone in front of the Tipp, goal but his drive flashed off an upright and flashed wide. However, at this stage Waterford were rampant and points by Harty, Kirwan (free) and Spratt and a goal by Brendan Coughlan just on the call of time left Waterford comfortable and worthy victors. Waterford's S. O'Monroe, T. Moloney, E. Mooney, M. Kirwan, T. Power, M. Dingley, M. Connolly, J. Hewitt, T. Walsh, T. J. Harty, B. Coughlan, J. Spratt, T. 'Doc' Walsh, F. O'Brien (capt.), T. Kirwan, Sub-Vincent Byrne for Dingley.

**MASTER-MIND**  
For more years than one cares to remember Ardmore's Tommy Power has proved himself Waterford's master mind at the code. Again on Sunday last he turned in one of those flawless displays that he invariably reserves for the big occasion and had by far the better of the duel with his Tipperary counter-part. Mark Dingley was sound at centre-half but obviously lacked match-practice while Mick Connolly, like Power, looked every inch the complete footballer. Over the hour the side fared indifferently at midfield. Jimmy Hewitt and Tom Walsh (Stradbally) failed to reach usual form and it was only with the second half advent of Freddie O'Brien and Tommy Joe Harty that they gained a firm footing in the area. Both O'Brien and Harty were at their best when moved to the centre and played vital roles in the team's last quarter superiority. The forwards both individually and collectively reaped little harvest off a resolute and uncompromising Tipp defence early on but finally edged through for the decisive scores.

**DIFFERENT**  
On the change over however, it was a vastly different Deise side that went about its business of retrieving their position. Undoubtedly Keating's midfield domination had swayed the issue in Tipp's favour in that opening half, and in an effort to curb the Ardinnan man's effectiveness Waterford mentors moved Freddie O'Brien from full-forward to their troubled midfield sector. And almost immediately Tipp's stranglehold in the centre was broken.

**IDEAL FOIL**  
O'Brien playing a rugged but highly effective type of game, proved the ideal foil for the stylish Keating who slowly but ever so surely faded from the picture. And with him went the hopes of a Tipperary victory. And yet, despite having to fight with their backs to the wall, Tipp, through tenacity rather than skill, remained a potent danger and at the three-quarter stage still led by the minimum of margins—0-6 to 1-2. But only in the last quarter did Waterford finally succeed in grinding the home county into the parched-like pitch. Simultaneously all sectors of the side reached the pinnacle of their power at the three-quarter stage and in that blitzkrieg final quarter scoring spell gave irrefutable proof that at their best they are worthy opposition for anything in the Province. The forwards combined beautifully to weave lanes through the Premier County rearguard and brilliantly taken goals by Ben Coughlan set the seal on a competent afternoon's work.

**KEATING AND GLEESON BEST**  
From a Tipperary viewpoint John Keating and Paddy Gleeson were the men of the match while little fault could be found with Liam Connolly, Sean McGovern, John O'Meara and goalkeeper Tony Newport. **THE SCORING**  
Scarcely two minutes had elapsed when Gus Danagher gave Tipperary the lead with a point. In the fourth and fifth

minutes Waterford missed 21-yard frees but Freddie O'Brien goalied from a melee in the 7th minute to give them the lead. Tipp then took over and a succession of points by McGovern (2) and Liam Connolly (2) gave them a well-deserved two-point advantage. Jimmy Hewitt pointed a Waterford free in the 22nd minute but John Keating negated this score before the interval when he finished off a 60 yard solo run for a truly great point. Hewitt cut Waterford's deficit to a single point after only six minutes of the restart and after many feasible scoring chances were squandered. Coughlan jinked his way through for a goal. Sub. Vincent Byrne was only in the game seconds when he found himself all alone in front of the Tipp, goal but his drive flashed off an upright and flashed wide. However, at this stage Waterford were rampant and points by Harty, Kirwan (free) and Spratt and a goal by Brendan Coughlan just on the call of time left Waterford comfortable and worthy victors. Waterford's S. O'Monroe, T. Moloney, E. Mooney, M. Kirwan, T. Power, M. Dingley, M. Connolly, J. Hewitt, T. Walsh, T. J. Harty, B. Coughlan, J. Spratt, T. 'Doc' Walsh, F. O'Brien (capt.), T. Kirwan, Sub-Vincent Byrne for Dingley.

**MINISTER ACTED PART OF PONTIUS PILATE**  
It was quite obvious the Minister had played the role of Pontius Pilate in the matter. He had passed the baby on to them but they would pass it back to him again. So stated Col. N. Walsh at Monday's meeting of Waterford County Council when a letter was read from the Minister for Local Government requesting the views and observations on the appeals by the Council's Administrative and Clerical and Engineering staffs for revised salary scales retrospective to August 1st, 1960.

**RESENTMENT**  
The proposal to employ a temporary assistant engineer for the work, however, met with strong resentment from some members. Col. P. Cahill said they could take one of the engineers off the roads and put him on the cottage scheme. Deputy Kyne said an engineer was essential for the project, they couldn't make omelettes without breaking eggs. Col. Fahy said if they didn't appoint an engineer the cottages would never be built. The Co. Manager said if they turned down the appointment of the engineer there would be no direct labour scheme. When a proposal to appoint an engineer was defeated by ten votes to eight, Col. R. Walsh said they were throwing thousands of pounds away on other matters but would not spend a penny for a house. Col. Fahy — This is a shocking decision. We have been fighting for cottages for the past twelve years and now we have decided not to build them. Col. R. Walsh — It will be another twelve years before a house is built now. Col. Sean Whelan — I think the area engineers should supervise the houses. The Chairman (Col. Curran) said it would be unwise to spend £10,000 on houses and have no one in charge of them. It would not be very good business. Col. Fahy said they had been blaming officials and the Department in the past, and now when it was in their own hands they turned it down. Col. Curran said that for the first time in twelve years they had made a positive effort to build cottages and now they had become unstock.

**FREEDOM FROM HUNGER**  
His Lordship, the Bishop, Most Rev. Dr. D. Cohan, has given permission for the Church Gate collection to be made throughout the Diocese on Sunday next in aid of the "Freedom from Hunger" campaign which is being sponsored by the Irish Red Cross Society. Generous support of the public is urged for this very worthy object.

**SECURED BANK POST**  
Miss Kay Lavan, nineteen years old daughter of Mr. M. J. Lavan, Solicitor (Messrs. E. A. Ryan & Co.) Dungarvan, and Mrs. Lavan, has been appointed to a post with the Western branch of the Munster and Leinster Bank Ltd. She was a former pupil of the Convent of Mercy, Dungarvan.

## Cottages Scheme Still in Doubt

When Waterford Co. Council at its monthly meeting on Monday last unanimously agreed to build a proposed 27-house rural cottage scheme by direct labour, it appeared as though a long felt need had been achieved. But with the subsequent failure of the members to sanction approval for the appointment of a temporary assistant engineer for the scheme, the project now rests as a doubtful proposition. Col. John Fahy, proposing the establishment of a direct labour scheme said although sanction had been received for 30 rural cottages (by contract) they were still a long way from completing the building requirements of the county. The only way of speeding up the erection of cottages was by direct labour scheme and any road workers that would become unemployed could be employed on it. The housing position was in a shocking state and it was time they did something about it and give people decent houses to live in. Col. R. Walsh said they were not taking the interest they should in the housing position. It was twelve years ago since a cottage was built in the County and they should forget about their speed-tracks and provide houses instead. The Co. Engineer said a direct labour scheme was quite feasible. No guarantee of the cost by such method could be given however, as yet in view of the fact that no contractors had been got for a proposed 27 house scheme, there seemed to be no alternative but a direct labour scheme.

**Councillor Again Alleges Minutes not Correct**  
FURTHER allegations that the minutes of the March meeting of Waterford Health Authority were not a true record of what transpired on that occasion were made by Mr. Tom Lannon at last Friday's meeting of the Authority in Dungarvan. Mr. Lannon said that at meeting they discussed the appointment of a permanent secretary. His salary was £900 and now it was going to be £1750 or so they thought. A position never existed where he could be given such an increase in salary and he might as well go up to the Square and say it was going to be £1750. If that was the case there was no protection for public money. The Co. Manager (Mr. S. J. Moyrhan) said Mr. Lannon's allegations were incorrect. Mr. Lannon said the Secretary mumbled out something about the salary scale at that meeting. Acting Secretary, Mr. F. Monaghan, said Mr. Lannon was not correct in quoting the Secretary's salary as £900, as that was only the minimum scale. He had at present £1470. Mr. J. Quirk said to his knowledge they passed no increase for the Secretary. Mr. N. Walsh (Acting Chairman)—That is what many of us believed. Mr. Milo Galgey said he never voted for an increase for the Secretary but he knew he was going to get it, as it was clearly read out at the meeting. Mr. C. Curran said the whole trouble was that the substantive motion was not proposed and seconded properly. The Manager said a substantive motion did not require a proposer and seconder. The Chairman said that on the legal advice they had received, anything could be referred to again. Mr. J. Griffin (Mayor of Waterford) said the last day he proposed that the minutes were a correct record of what happened and he was prepared to stand over it. They had a resolution appointing a permanent secretary and he personally became clearly aware of the financial effect of that resolution. The Manager said when the resolution was passed it was put to the meeting as a substantive motion. Mr. Lannon said he understood how they should spend public money. The officials go back to offices and laugh at the way they slipped things past the Committee, he said. Everything, he added, should be above board by putting it on the agenda for everyone to see. Mr. Griffin said they knew quite well that when they appointed a man to the post, there was a fixed salary scale for it. Mr. Lannon — These fellows are already too well paid for what they are doing. We can give them increases of £10 a week while poor people are flying from the country. A proposal by Mr. J. Power, seconded by Mr. D. F. Madden that the Minutes be signed at the meeting and passed. Mr. Lannon failed to get a seconder for his proposal that the minutes be not signed.

### SENIOR HURLING CHAMPIONSHIP COMMENCES

After a fortnight of intense inter-county activity which gave Waterford such a glorious start to their championship campaigns; our own senior hurling championship steps to the forefront over the forthcoming week-end with two very attractive ties listed for Dungarvan.

In the afternoon, the most talked about side in the County, Dunhill, meet Colligan, the Meaghers while Sarsfields and the Meaghers also try conclusions in a game that honestly speaking could go either way.

The Dunhill-Colligan tie should set the afternoon's senior fare off on the right foot, Dunhill on the occasion of their last visit to the Old Boro when they narrowly defeated Abbeyside created a lasting impression and should prove exceptionally powerful crowd-pullers for their meeting with the Rockies.

The preparations of the respective sides for this game have been ones of marked contrast. Dunhill have since early spring been engaged in tournament games almost non-stop and are a superbly fit side just now.

The Rockies however, have been far less active and will be dependent on their few weeks training to match Dunhill's fitness. Since gaining senior recognition a few years back they haven't been endowed with any great luck. In fact, unless I'm

JACK KIELY... one of Colligan's solid defenders.

astray in my calculations victory on Sunday would be their first in the senior championship.

Is it any wonder then that Colligan are hoping for better luck on Sunday. They themselves are fully conscious of the magnitude of their task, yet, despite Dunhill's imposing qualifications are confident of their ability to upset the odds.

Needless to say they will field a full strength side and knowing their true capabilities the writer would be very hesitant in ruling out the possibility of a shock result.

Paddy Fitzgerald, presently on the verge of county recognition, will prove a real foil to the Dunhill forwards in goal, while a defence carrying such individuals as Garry Quinlan, Cyril Power, Mickey Walsh and Paddy Tobin will not be easily outwitted.

Mentors can call on a variety of midfield pairings that would be more than adequate and if Jimmy and Dick Tobin, and Paddy Walsh are serviced sufficiently well in attack, the Easterners could experience a very trying hour.

And yet, despite Colligan's undoubted strength it is difficult to say Dunhill. As tough as task, they effectively

blend this toughness with a scintillating brand of hurling and Billy Dunphy, Mick Whyte, Mick Barry, Sean Beresford and Richie Power are the ones most likely to prove the greatest stumbling blocks to the Rockies, the remaining personnel of the side are also match winners in their own right.

To say Colligan will strive harder than ever before is not an exaggerated assumption, and in that frame of mind must be in the game with a good chance. But somehow Dunhill remain the fancy and are expected to advance to the second round.

**SARSFIELDS FANCED** Because of lack of information the all group clash of Sarsfields (Geraldines, Affane and Tourin) and Meaghers (a City group) must remain very open. However, the Western Group who can call on such stalwarts as Paddy Kenneally, Stylo Riordan, Billy Crotty, Dick and Wally Dooney and Sean Buckley look a competent side and may have the beating of an opposition that will be comprised in the main of players from the Gael Og club.

**AT WATERFORD** Despite the attractiveness of the Dungarvan games, the encounter of the day is scheduled for Waterford where Ballygunner and Erin's Own meet in a game that is arousing tremendous interest in the City.

The recent rise to prominence of the 'Gunners has set the scribes talking in earnest and if their tournament form is any criterion they will really test the Poleberry side.

Erin's Own, of course, must still remain favourites. Having contested unsuccessfully the last three county finals they are fully bent on going one better this year.

On Sunday they are fancied to make progress towards achieving that goal but only after a pulsating set-to with the enthusiastic and skilful 'Gunners.

**POSTPONED** The Abbeyside-Brickey Rangers senior hurling championship game fixed for Dungarvan on Sunday night next has been postponed on account of the Mission in Ballinacorney. The game will be re-fixed at the next meeting of the County Board.

**GAELIC NEWS FROM LONDON** From all accounts the team of the moment in London Gaelic circles is the St Jarlath's football side, present leaders of their section in the London senior league. To date they have taken full points from 3 games—their last outing being against the fancied North London Club. Geraldines whom they convincingly defeated they meet Parnells in the opening round of the championship. The club also fields a junior side.

One of the guiding lights in this enterprising club is Mick Morrissey, formerly of Abbeyside, who himself was a prominent exponent of the National games.

The Club trains at Regent's Park (5 minutes from Camden Town via Parkway) every Sunday from 3.30 to 6 p.m. and has many Waterford men in its ranks.

Any Waterford footballers in London, or going to London, wishing to join St. Jarlath's, should contact Mick. His address is 8 Barne's House, Camden Road, London, N.W.1.

**WILL REFEREE HURLING GAME AT WEMBLEY** Willie Barron, the former Waterford and Dungarvan star has been appointed to referee the Tipp-Dublin hurling game at Wembley on Whit Saturday (June 9th). Willie, who played for Waterford in the 1938 All-Ireland is still playing top-class hurling in London.

**BUS TO WATERFORD** In connection with the Phelan Cup game, Kilrossanty v. John Mitchels at Waterford, on Sunday next (8 p.m.) a bus will leave Downey's Cross at 6 p.m. via Leamybrien and Kilmacthomas. Return fare 6/-.

**BUS TO WATERFORD** The John Mitchels football Club will run a bus to Waterford on Sunday for the Phelan Cup game against Kilrossanty.

The bus will leave Mahonbridge at 6 p.m., travelling via Fewes and Kilmacthomas.

**THEY say when steel hits steel the result is inevitable. Likewise this similarity applies to football and when the divided playing gentlemen of Kilrossanty parish step out at Walsh Park, Waterford on Sunday night next in the second round of the Phelan Cup we can expect fireworks (legitimate, I hope) for the game's allotted span.**

On one side stand Kilrossanty proud and confident, imbued with the fervent desire to uphold the name of Comeragh football. On the other side of the delicate line that separates them are John Mitchels—an off-spring of the "old" Kilrossanty, possessing football ability aplenty and just as anxious to become the undisputed masters of this tension-charged parish.

And in this instance "tension-charged" is certainly the operative phrase. Everywhere one goes, be it Leamybrien or Fewes, the atmosphere is the same—electric. One could sense that feeling of nervousness, with only one thought in mind—to get on with the work on hands. Yes, that is the Kilrossanty of to-day.

**DESERTED** Ever since the big split followers have waited with abated breaths this meeting of the sides and now that decision day has come sooner than expected it appears as though the parish and many others with it, will be deserted on Sunday evening.

Wherever the game has been discussed, opinion is sharply divided on the probable outcome. Followers of both camps could provide a variety of sound reasons as to why their own particular side should prevail but personally I feel it is more through club affiliations

MICK PENDER... now playing well in attack.

Clonmel Commercial in a challenge game in Clonmel no later than Tuesday night. Although defeated they more than held their own with the South Tipp side for most of the game and had Tommy and Billy Kirwan on would possibly have triumphed. Surely that kind of form speaks sufficiently well for them?

**ADDED DEGREE OF CAUTION** During the week the "Observer" vainly tried to get one or both teams for Sunday. But neither camp will speak until Friday night—no doubt an added degree of caution on the part of the respective sides.

**WALSH ABSENT** A blow to Kilrossanty's hopes is, of course, the non-availability of midfielder, Tom Walsh (presently under suspension). His loss is a severe one and the vacancy will be filled by drafting in Noel Casey or Denis Begley (the latter seems to be the more likely choice) and making subsequent positional switches.

**DIFFICULT TO REALISE** The more one scrutinises the test of course, the more difficult it becomes to realise that here we have men who for years, through thick and thin, wore the same jersey, and now are in deadly opposition. If that's not sufficient background to draw the crowds I don't know what is.

In neutral areas the balance of opinion seems to slightly weigh in favour of a Kilrossanty victory. No doubt that view, precarious though it may be, is based on their performance when beating the Briceys in the opening round of the competition a few weeks back. On that occasion they looked a very able outfit and unless something drastic has happened in the interim, it is only logical to assume they will be exactly that again on Sunday.

**WE'VE QUALIFIED** Where does this leave John Mitchels? Well anyone that is prepared to write off their challenge in the slightest man-

ner, is far from knowledgeable in this game of football. They are a side bristling with many outstanding individuals and well qualified to take their place in the highest grade.

They made their senior debut in the opening round of Sunday's competition and greatly impressed in their defeat of Emmetts. Since they have been far from idle and played

JACK KIRWAN RETURNING

Biggest news from the Mitchel's camp is that Jack Kirwan is being persuaded out of retirement. Jack who first wore the Kilrossanty jersey in the mid-forties was one of the finest defenders ever to leave the parish, and it is more than a rumour that he will be included in the full line of defence.

Of the "old" Kilrossanty they can claim four other Kirwans—Noel, Tommy, Michael and the ever-green Billy, while a younger brother, Tony will also be in the team. Add

to these the names of Pete Gough, Rogie and Wally Connors and you will readily appreciate their side.

Nor does their strength end there. Newcomers Eddie Anderson, Seamus Kenny and Willie Boland add solidity to the defence while Charlie Crowley and Jimmy Mansfield will exploit their ability in attack.

**KILROSSANTY TO WIN!** So there you have it. Two sides with one mission and both equally confident of success. The wisest course would be to keep a closed mouth on the likely result but that would hardly be executing one's duties completely. So taking the plunge, my vote goes to Kilrossanty to win a very close and hard-fought game. Both attacks are confronted by top-rate defences but as I see it, Kilrossanty is the stronger and that may be sufficient to see them through.

**APPEAL** Finally, an appeal to both sides. Don't lose sight of the fact that Kilrossanty is the only parish engaged and strict adherence to good sportsmanship is greatly desirable. Renowned and mis-behaviour will only drag the name of the historic parish to the gutter.

They were best served on Sunday by full-back Christy Nolan, Sean Greagh, Larry Phelan in defence, Hugh O'Reilly and Michael Tobin at midfield while Paddy Ryan, Jim Rooney and Eddie Quinn were outstanding in attack.

However, with the chips really down on the turn over the Deise boys became a trans-

formed side. Within minutes of the throw-in Jim Rooney whipped home an opportunist goal, and thereafter there was no questioning their superiority.

The game itself fell far below expectations. Neither side looked world beaters and Waterford will have to show considerable improvement if they are to entertain any hopes of beating Kerry in Lismore in the semi-final.

Waterford 2-4; Tipperary 0-5

Waterford minors completed the first leg of an eventful double at Clonmel on Sunday last when they scored a richly-deserved 2-4 to 0-5 victory over a highly-rated Tipperary side.

As in the senior game, Waterford's first half position was none too secure, at which stage the odds were definitely inclined towards a Tipperary victory. During that moiety, Waterford after enjoying wind-advantage, failed to utilise all their scoring chances and their 1-1 to 0-3 lead looked utterly inadequate.

JIMINEEN POWER (Kilrossanty)

BILLY KIRWAN (John Mitchel's)

success against the Briceys at centre-back that it appears definite he will again occupy the same berth, and flanked by stylish Noel Walsh and solid Tony Baldwin, will complete this formidable rearguard.

As matters stand, Ned "Cheasty" Lonergan is the only one certain of a midfield berth and I wouldn't dare hazard a guess as to his likely partner.

Included again in attack is Tom Flynn, a Wexford based Garda who made such a tremendous impact against Briceys, and with "Bucko" Timmons, Mick Pender, Jimmy Whyte and Colum Cunningham will spear-head the sides "scoring department."
