AGAINST the advice of his father and a friend, a 25-year-old Grange man left a licensed premises, mounted his motor cycle and drove off home. He was found half an hour later dead on the roadway a short distance from the premises, with his cycle beside him.

A jury was told this at an inquest on Patrick Joseph Grange, unmarried, of Cush, Grange, Youghal, on Monday last.

Edmond Lenane, father of the deceased, said he went to the premises at 11.30 p.m. and he met his son, who had some drink taken but was not drunk and he was preparing to leave when his father advised him not to go home on the motor cycle. The deceased did not take the advice and witness went back to the licensed premises. "About half-an-hour later a man came into the bar and said that someone had been killed down the road off a motor cycle at Hickey's Cross," said witness, "and I rushed to the scene of the accident. At Rodeen Cross I found my son lying on the road."

Witness added that earlier in the evening his son went to Youghal and he left at two o'clock and he was in good health and spirits.

SAW OBJECT ON ROAD
Patrick J. McLoughlin, Bridge Street, Bandon, Co. Cork, said that on the night in question he was travelling by car to Youghal on the main Dungarvan-Youghal road. At Newdown he saw an object on the road and he asked his wife to stop the car. He went

Month of Exams.

Girls and boys in the local secondary schools, are, in common with their colleagues all over Ireland, this week in the throes of examinations, as they wade through the questions on the Intermediate and Leaving Certificate papers. June is also examination month for technical school pupils who are facing their day group certificate practical and theoretical examinations.

CHEMISTRY AND PHYSICS IN AT LAST

History will be made when the Waterford County Council holds its open competitive examinations this year for the filling of clerkship vacancies. For the first time ever question papers will be set in the subjects Chemistry and Physics.

Waterford County Council will be the first public body in Ireland to hold these clerkship examinations with the above subjects on the curriculum. It is understood that considerable agitation has been in progress over a number of years for the inclusion of these two important subjects in examinations for public appointments.

LETTER TO THE EDITOR

A short time ago "Clashmore Roadworkers" sought the limelight in a letter full of personal abuse and falsehoods. Now no doubt they are anxious to quit the public gaze but may not find it so easy. After all the ratepayers are entitled to ask some questions such as: are they getting return for their money? Other far more awkward questions can also arise such as: how much more money is being spent on the road? The members of the Co. Council should open their own eyes too.

WEDDING BELLS

Congratulations are extended to Mr. Joseph O'Brien and Miss Margaret Cowman, both members of well-known Dungarvan families, who were married at St. Mary's Parish Church on Monday last. The marriage ceremony was performed by Rev. P. Farrell, C.C., assisted by Rev. Father O'Brien, cousin of the groom. Mr. John McCarthy, Mitchelstown, was best man and the bride was attended by her sister, Miss Anna Cowman, as bridesmaid.

The reception was held at the Park House where upwards of 40 guests attended and after which the happy couple left for Killarney for their honeymoon.

The groom is attached to the staff of the "Dungarvan Observer" and is also a well-known playing member of the Abbeyside soccer club. The bride is equally popular locally.

Council Approve of £10,000 Housing Loan

DUNGARVAN Urban Council approved of the borrowing of a further £10,000 from the Commissioners of Public Works for the purpose of making advances under the Small Dwellings Acts at its monthly meeting on Friday last.

The Town Clerk (Mr. J. Howlett) said the proposed sum was for housing loans. To date, £65,000 had been borrowed for this purpose and a further £10,000 was now needed to keep the scheme going. The last loan of £5,000 was approved and if their loan again they decided on a similar loan, they would have to borrow a further loan again soon. That was why the present proposal was for £10,000.

Colr. J. McCarthy said the scheme was a great incentive for people to build their own houses. Colr. R. Walsh proposed and Colr. McCarthy seconded that the loan be approved of.

Thousands Throng Cappoquin's Centenary Regatta

Favoured by beautiful weather and in the presence of a large gathering the colourful ceremony of the blessing and christening of the club's new boats took place on the river bank on Saturday night. Mr. F. X. O'Leary said, when extending a welcome to those present, that he was doing so at the request of the committee as a deputy for the Club's great personality, Mr. M. J. Sargent, who was absent through illness and who had been mainly responsible for the organisation of this function. He knew that his hearers joined in wishing his absent friend a speedy return to health. Continuing, Mr. O'Leary said that this was a red letter day in the Club's history and was a tribute to the memory of the man who founded the club, a man who had a link with those in great earnest and he was gratified to see that the men of Cappoquin were preserving the tradition.

Presentations of pieces of Waterford glass were made to Lady Keane and Mr. Stanley. In making the formal presentation to Mr. Stanley, Capt. J. Brady said that the Club had been handicapped through the want of a senior eight and now through Mr. Stanley's generosity they had the finest boat in the country. It truly was a great day for the old club and at the request of the members he asked Mr. Stanley to accept the gift as a token of their thanks.

Sir Richard Keane congratulated the Club on reaching its centenary and wished the members a successful future.

The proceedings were televised by technicians from Telefís Éireann under the direction of Mr. Brendan O'Reilly.

Very Rev. Fr. Kerneally, F.P., then blessed the boats and Lady Olivia Keane christened the Four "Olivia" using the traditional bottle of champagne.

In a brief address Lady Keane thanked the club for honouring her by giving the boat her name and in inviting her to the ceremony. She wished the club success in the future and expressed regret at the absence of Mr. Sargent.

Before formally naming the Eight "C.C. O. Stanley", his gift to the Club, Mr. Stanley spoke of his father's long association with the club and his boyhood's recollections of rowing in Cappoquin. It was in great earnest and he was gratified to see that the men of Cappoquin were preserving the tradition.

TALLOW NEWS

ARCH WHIT ATTRACTION

Whit Sunday brings Ireland's new sensation, "The Big Four" back to the famous Arch Ballroom. This will be their fifth visit to Tallow. The following are a few of the hundreds of comments from Top Ballroom proprietors, Band leaders and Musicians regarding the Big Four: "I am convinced that these four young men possess talent unsurpassed. In all my twenty years experience I have heard none better"—Jack Barrett of Kells. "The best all-round group I've heard,"—Tommy O'Brien, Musical Director, Crystal, Dublin. "I don't know any group in Ireland to touch the Big Four" Ray Allen, Musical Director, Laurel Park. "The Big Four" produced a sound and performance which would be the envy of any twelve." Taken from "Dancing with Dixie." "Better than any eight" Paul Jones in the "Evening Press." The Proprietor of The Arch wishes to remind his patrons that this time the Big Four will be playing from 10 p.m. on, less a short interval, with the relief band on for the first hour; also that the big Four will play dance music to suit all tastes. So my advice is come early and don't miss a minute next Sunday at the Arch.

PARISH PRIEST INDISPOSED

Very Rev. Canon Flynn, P.P., Tallow, is at present indisposed and is in hospital. We wish this saintly and revered pastor a quick recovery.

VISITORS

On Sunday last there was a good influx of visitors in the town and especially on the Promenade where many had their first swim of the year despite the fact that the water was bitterly cold but the sun was very tempting. Conditions were very pleasant, the sun being tempered somewhat by a cooling sea breeze. What might well have been a serious accident took place outside the town in the afternoon when traffic on the Youghal Cork road was very heavy, when there was a minor pile up of cars. One car stopped unexpectedly and was struck from behind by another. Two more cars dented their front bumpers as they came on the scene too suddenly to pull up. Still no real damage was done by the pile up.

WEDDING BELLS

The marriage took place recently at the Parish Church, Stradbally, of Mr. James Connors, son of the late Mr. and Mrs. Nicholas Connors, Park, at Mararet (Peg) Clancy, eldest daughter of Mr. and Mrs. Richard Clancy, Sheekin. The ceremony with Nuptial Mass was performed by Rev. Fr. O'Doherty, C.C., Stradbally.

SALMON NET FISHING

The slight improvement in the catches of salmon by nets and weirs continues according to reports to hand. There is evidence of a good number of grilse in the bay but so far very few have been taken in the nets. This improvement even the month of June is very welcome and it is hoped that it will continue for the remainder of the season which for nets will terminate in seven weeks' time. Netting in Ardmore is at a stand still due to the bay being infested with sharks which have done considerable damage already to drift nets.

YOUGHAL MAN'S DEATH IN U.S.A.

Deep regret was occasioned in the town on Monday last when it became known that a well-known member of the community, Maurice O'Sullivan (shoemaker), of Chapel St., Youghal, had died rather suddenly while on a visit to his brother in the States. He flew from Shannon airport only a few weeks ago and his death in the early fifties is deeply and deservedly regretted and deepest sympathy is extended to his two brothers Messrs. Michael O'Sullivan (Youghal) and Jack O'Sullivan, Cork.

YOUGHAL BRIDGE

According to information to hand it now seems certain the new bridge across the Blackwater at Ardsallagh will be officially opened in September. The major part of the concrete work at the Ballinacree side is almost completed where the bridge is beginning to take shape and as on the other side will end with a cantilever. Between the two cantilevers the space will be bridged by a suspended span weighing approximately 85 tons. When this span is in position the bridge can then be crossed but not finished as the protective railings are to be erected and the 4½ feet foot paths at either side railed off from the carriageway. Overall length of the bridge will be 1,000 feet it is supported by four piers and two main abutments one on either side of the river.

SHORE ANGLERS CHAMPIONSHIPS

Beautiful weather favoured the European Shore Angling the Ardmore and Goat Island Sea Angling Club at Ardmore on Sunday last when there were 95 entries of which were 95 entries most of which came from Cork and Dublin. Catches were far below expectations as numerous basking sharks frightened the fish off shore. The first prize of a gold medal went to John Salmon of Raheny who became the European champion having landed the heaviest fish. Second prize for the heaviest catch went to Mr. A. Switzer of Raheny and the prize for the greatest number of fish went to Mr. Leo Woodnut of Cork Sea Anglers Club. The Juvenile prize for the greatest number of fish went to Gerald Cushman of Ardmore Club.

ELECTRIC WATER HEATING IS ECONOMICAL

You need lots of hot water in the modern farm - for washing-up for cooking, for cleaning, for children. It's not easy to maintain adequate supplies of hot water in kettles and pots, but it's really simple with electricity. Here's a wonderful 10 gallon water heater that sits under your draining board, easily installed and gives you all the hot water you need, automatically. Electric water heating costs less than 1d. a gallon - and if you work out all the costs of doing it any other way, you'll find that's very reasonable. Install an electric water heater in your kitchen now. It's yours for only a few shillings a week on the convenient 5-year plan.

This 10 gallon electric water heater has been specially designed for the farm kitchen. Installation is simple and quick, and no heat is wasted in long pipe runs, thereby ensuring that running costs are kept low.

Kilmacthomas Notes

Worthy Member of a front-rank family of genuine Gaels in historic Kilrossanty parish is Mr. Thomas Veale of Leamybrien, who was one of eleven competitors that submitted correct entries to a Metropolitan Sunday paper's Crossword Puzzle and so qualified to share equally the prize of £500 on offer in the test, which supplies the substantial sum of £45-9-2 to each—more luck to them.

Celebrant of an early Mass in St. Anne's Church, Ballylanean, on Sunday last was a Rev. Father of St. Patrick's Missionary Society, Kiltegan, Co. Wicklow, and in a short discourse, he told the large congregation present of some of his experiences out in Nigeria, from where he recently returned and on behalf of St. Patrick's Missionary Society, appealed to his hearers to help by their prayers and sacrifices. These prayers offered daily bring down God's grace to many a soul in pagan lands while small annual subscriptions all add up to provide for the missionary work at home and on the Mission fields, which can be coped with only through the co-operation of friends. We are dependent on you. Your sacrifice is as necessary as that of the priest on the Mission field. We at home here in Ireland possess the priceless gift of the Faith. We must share that gift with others. To suffer in that sharing is our privilege, since it makes us more like Our Lord. He will give you the reward—exceeding great.

Immediately after the Mass, leaflets issued by St. Patrick's Missionaries were distributed among the congregation.

30th ANNIVERSARY
After leaving the local Curragh National School, Kilmacthomas, Mr. Jack Griffin became apprenticed to a leading Waterford City motor engineering garage on the 7th May, 1926.

Six years later, a fully competent young man, he joined the staff of the late Mr. John Rowe, Central Garage, Kilmacthomas, as leading mechanic. Following the early lamented death of popular Mr. Rowe, R.I.P., Jack took over charge of the very flourishing garage, widely known throughout Eire and far outside for first-class work and efficiency. A pleasing fact to state on the occasion of his 30th anniversary celebrated Wednesday this week, June 6th, marking his start on the premises, 6th

Touraneena News

SYMPATHY
Sincere sympathy is extended to the sons, daughters and other relatives of the late Mr. Thomas Fitzgerald, whose death occurred at his home, Eicantis, Ballinacuit on Tuesday, May 28th, R.I.P.

HOME FROM ROME
Rev. Fr. James Kiely, who was ordained in Rome in February last, is now spending a well-earned holiday at the home of his parents, Mr. and Mrs. Laurence Kiely, Touraneena.

RETURNED TO CANADA
Mr. Walter Wall returned to Canada last week following a six months holiday in his native Ballymacarby.

PASSING OF A GREAT GAEL
The death of Mr. Jack Dwan which took place recently at his home, Fourmilewater, Ballymacarby, was learned with feelings of sincere regret, not only in his native parish but throughout Munster, especially in G.A.A. and sporting circles for Jack was one of the greatest sportsmen Waterford ever produced. The deceased who was in his 83rd year, came of an esteemed and prominent farming family who in his early years won fame as an all-round athlete and an outstanding footballer. Jack commenced his sporting career when in his early teens he won his first prize at the Clonmel-Island sports-meeting in the under 14 years race and as a young man he took part in all local sports contests and competed at meetings throughout Munster, from where he carried off countless prizes. It was on the football field, however, that Jack really made his name. As a member of the Clonmel Shamrocks team he won four county championships at the end of the last century and the beginning of the present one and in October, 1902, he helped that famous team to win the All-Ireland football final played at Jones' Road when the defeated London Hibernians on the score 3-7 to 0-2. In the years that followed Jack played with nearly every club in the country in invitation games and later while employed in the grocery business in Limerick, he played with Limerick Commercial for three years and won a county championship with them.

He played rugby too, while still playing Gaelic (there was no "ban" in those days). He was a two-footed player and had a deadly shot with the left. It was while playing on a Tipperary team against Dublin in a challenge game at Waterford in 1930 that Jack scored a remarkable goal with the "kittens" from 76 1/2 yards to turn a one-point deficit into a two-point victory.

Up to the time of his illness he retained all his early affection for the National pastimes. He was one of the most prominent members of the Aughavilane and Fourmilewater Sunday Coursing Club and in February last he attended the end of the season's inter-club coursing contest held at Aughavilane between Clonmel and Fourmilewater. A big-hearted man with unflinching good humour the deceased was a warm favourite with all who knew him and he will be sadly missed by his brother, sister, relatives and a large circle of friends to whom sympathy is extended.

Subsequent to Requiem Office and High Mass for the repose of his soul at St. Laurence's Church, Fourmilewater, interment was made in the cemetery adjoining R.I.P.

TOURANEENA I.C.A.
The Touraneena I.C.A. guild held their usual monthly meeting on Tuesday night, May 29. A very interesting talk was given by Mrs. Monica Walsh, Cappoquin, of her experience during her term of teaching in Kenya, the customs and habits of the natives and life in general in that far-off land. It was decided at the meeting to hold a dance in the near future and the annual outing to Shannon Airport on August 15th. The result of the competition for the best home-made bread was: 1st prize, Mrs. A. Whelan, Killooney; 2nd Mrs. B. Power, Cabernaleague; 3rd, Mrs. M. Kirwan, Boolavounteen. On Monday 28th May, four members of the guild travelled to Lismore where they were given a demonstration on the art of making soft toys and rush work.

CAPPOQUIN NOTES

SYMPATHY
Sympathy is extended to Mr. David Farrell, Coolagortwee, on the death of his sister, Miss Mary, which took place in Dungarvan Hospital on May 20th. Poignancy is added to her passing by the fact that only a week previous the death of her sister Hannah, occurred. The interment took place in Affane on Friday in the presence of a very large number of mourners.

SHEEP-SHEARING COMPETITIONS
To the members of the local branch of Macra na Feirme we offer congratulations on the success of the undertaking. The entry was a record one and with attention to every detail or organization, the heavy programme was run off without a hitch. The construction of pens etc. and the laying out of the grounds attained very much of the voluntary helpers, all arrangements were perfect. Compliments to one and all, not forgetting the members of the ladies committee, on the very satisfactory result of their efforts.

PROMINENT FARMER'S DEATH
We announce with deep regret the death of Mr. Leo O'Donnell, Killahala which took place on Monday evening. A full obituary will appear in our next issue.

LOCAL LADY BEREAVED
Sympathy is extended to Mrs. J. Flanagan, Allen St., who had been bereaved by the death of her nephew, Rev. Fr. Anglus, O.Carm. (Anthony Ramsay) which took place in Hartley, Kent. He was in his thirty-fifth year and was ordained in 1960. Those who were privileged to meet the young priest when he visited Cappoquin share with the members of the Flanagan family the grief caused by his early death.

DRAMA GROUP'S SUCCESS.
First place (84 marks) went to the local I.C.A. group in the County Federation's one-act play competition of "Wrecked." The members of the cast were Mrs. J. O'Donovan, the Misses E. Mullins, M. Power and M. Teeling. Production was by Mr. B. Breen, B.A. We learn that in the near future the play will be presented locally.

FORMER OARSMAN'S VISIT
A former Cappoquin oarsman, and now a member of the London-Irish Club, Mr. Jim Regan, made the trip home to attend the regatta. In 1952 at Cork, he stroked the Maiden Four (other members of the crew were Billie Kiely, and Jim and Michael Lacy, with Terry Crotty, cox) to victory. This win was the prelude to the long series of successes for the "Dark Blues."

This was a Munster Fed. race and there were over 450 pigeons from all over Munster. The Premier had 50 birds entered and had a very good return, about 40 birds homed. The distance of 245 miles was flown in 5 1/2 hours. There was a distance of over 40 miles of water to be covered. The Club race was won by Miss B. Lannen; E. Daly 2nd; D. Tobin 3rd, and J. M. Treas., Dungarvan, and former Waterford All-Ireland hurler, stated that the club was in a sound financial position. The Hon. Sec. Mr. Morris Abbeyside, stated many new members from the County had been enrolled. The committee have made arrangements for social functions to be held during the months ahead, the first of which will be held in the near future.

TRAGIC DEATH OF YOUNG GRANGE MAN
The tragic death of Mr. Patrick J. Lenane, Cush, Grange, came as a great shock to the people of the area and cast a pall of gloom over the entire neighbourhood. Deceased was killed instantly when his motor cycle crashed on the Youghal Road about a mile from his home. Aged 25 years he was very popular and a great wave of sympathy goes out to his parents, brother, sisters and other relatives in their great sorrow.

SYMPATHY
Ardmore and Clashmore G.A.A. Clubs tendered sympathy to the family of the late Mr. Lenane. He was a playing member of Ardmore Club while his brother plays with Clashmore.

RURAL ELECTRIFICATION
The development of the Drum area is now well advanced. The scheme has, however, run into some difficulties due to the fact that a number of acceptors have threatened to withdraw due to the special service charge. It is hoped, however, that commonsense will prevail and that the problem will be resolved to the satisfaction of all concerned. A number of potential consumers stated that the charge represented such a steep increase in the rent already quoted to them as to make the total yearly rent entirely prohibitive.

TRAFFIC JAMS
There were several jams on the Clashmore road on Saturday evening last when a 50-ton machine was being conveyed through by C.I.E. transport. The huge machine aroused considerable local interest.

BY THE SEASIDE
Big crowds flocked to the seaside on Sunday last. In some instances the beaches were left in a very filthy condition; a fact which drew critical comment from the more civic minded visitors. It is hoped

A Book Every Farmer Should Possess

WE have this week received a copy of the N.F.A. Year Book, beautifully laid out and edited by

Waterford man Tom Llewellyn, from which we take the following interesting extracts:-

President's Message Rickard Deasy

For the Association 1961 was a year in which our thoughts underwent a transition. The succession of separate events which collectively assumed such a menacing aspect to the future of our industry, made us realize that arguments supported only by figures were obviously ineffective. While our policy remained unchanged it became increasingly evident that we must examine afresh our methods of presenting it. In September this policy was endorsed by the National Council and presented to the Government in what is now generally known as the N.F.A. Document on Farm Income. The presentation of this document at the outset of the Eighth Round of wage increases was timed to emphasize that the claims of the agricultural sector would have to be taken into account in planning our national economic progress. The broad case we set out then has never been disproved. It remains the backbone of our policy. The Council has repeatedly emphasized that the steps we are to take to maintain and improve the position of our graziers; national industry must correspond closely with those outlined in the document. We must attach special importance to the decision of Council, as stated in the document that all future subventions to agriculture wherever practicable must be applied so as to be of maximum benefit to the smaller

farms and just diminish progressively on a sliding scale as the size of the enterprise increases. Clearly 1962 must be a year of change for us all in the Association. This was symbolised by the decision of Dr. Greene to hand over office as our National Convention in January. Since the inauguration of the N.F.A. Dr. Greene has held office and later as President. For his devoted service and especially for the leadership he gave the Association without stint through out its formative years, Irish farming and indeed the whole community will always be indebted to him. The Convention did, far more than merely mark a change of office-holders.

More than 2 thousand member-delegates from every part of the country formally endorsed N.F.A. policy as formulated by the National Council and expressed in the policy document mentioned above. The spark of enthusiasm kindled at the Convention was carried home with the delegates and caught fire at branch and county level. The new flame shows itself daily in the new members who are finding the strength in unity. An expansion of membership however welcome, is not an end in itself. It must be accompanied by an expansion in the activity and services of the association at both county and national level. Even without this growth at home, we face the problem of providing for an important extension of the work of the Association at International level. During 1962 the Association must be prepared to face with determination the problem of organising our resources to match our ever growing responsibilities. Equally, we face at home a major task in progressively bringing the income from agriculture into line with the industrial activity. While the Special Council meeting of April 1978 recognised the Budget as a gesture of the Government's goodwill towards agriculture, it made it perfectly clear that more must be done. The Council directed that in securing the implementation of the N.F.A. plan for improving farm income submitted to the Government last December, priority over all other sections must be given to the small farmer and the dairy farmer.

During its first seven years, N.F.A. has built up an organisation which has achieved recognition abroad as the representative organisation of Irish Agriculture, while in the early months of this year we have clearly demonstrated our mandate to represent Irish farming at home. We now face a future in the knowledge that we must expand and intensify the work of the Association at home and abroad.

The domestic and international aspects of our work are interdependent, our effectiveness at home being largely governed by our direct access, through our membership of I.L.F.A.P. and our direct contacts with national farmers organisations in other countries to the latest developments of thought and activity in the agricultural sector throughout the world. Neither at home nor abroad can we succeed unless we are

supported by adequate numerical and financial backing. In this issue of our Year Book we show how our fellow farmers in other countries are organised for similar ends. We must equal and indeed exceed their achievements if we are worthy to represent Irish Agriculture in the New Europe. Already 1962 has shown the Association that unity of purpose can get results. This in itself has been a change for the better; from this achievement small though it is in relation to what we must learn a lesson, and by developing our united strength we must be enabled to make further progress in the cause of Irish Agriculture.

Ultimately rests with us. We have the cure - organisation. Let us use it before it is too late.

WOOL - by - Chairman J. Callanan

In presenting a short history of the N.F.A. Wool Committee it is essential to give a picture of the position with regard to the marketing of wool eight or nine years ago when the wool committee came into existence. At that time Irish wool had a very bad name on the export market for the way in which it was presented for marketing, the principal faults being dags left on fleeces, stullings and tar brand marks. About that time the powers that be decided to start a clean wool campaign and a conference was held in Ballinacorney representing I.A.O.S. Coras Tracthaia and Macra na Feirme. A report was issued from that Conference recommending that a board be set up for the purpose of ensuring that our Irish Wool would be put on the export market in a proper condition. The National Council of Macra na Feirme at that time decided to appoint a National Wool Committee in co-operation with I.A.O.S. and a deputation from that committee went to Scotland on the invitation of Scottish Wool Growers (a co-operative marketing organisation in Scotland) more or less on a fact finding mission. The information acquired by that deputation bore out the statement above that whereas Irish wool was second to none in quality was presented for sale in a very bad condition. Our Committee decided that there was only one way to induce the wool producers to improve presentation and that was a price incentive.

Organisation: The Only Answer - by - Sean Healy, General Secretary

Insular in its geographic position but not in the life of its people, Ireland can well claim a place of honour among the Nations of the Free World. As a Nation its lifeblood is Agriculture, but the necessary impetus to keep that lifeblood from coagulating and the Nation from dying is not always forthcoming. The onus for this stagnation must be shouldered by all who are to blame. When this load is distributed fairly, the bulk will fall on other than the farming community, while at the same time the farming community cannot itself stand blameless. While other sections or organised themselves farmers remained unorganised. Consequently, in the tug of war for an allocation of the national cake the farmer was year after year eliminated in the first round. In 1955 saw the establishment of a National team for farmers the N.F.A. Gradually it gained recognition, 1962, as the President has stated has shown that a good team can win the first round even if coming from far behind.

Internationally, the good wishes to our Association from our sister organisation all over the globe, recorded in this book are indicative of the esteem in which you in your Association are held throughout the world. No man is a prophet in his own country. Read and practice the advice in the articles in this Year Book. Examine the methods by which farmers in other countries achieve success.

Remember that in a few years many of the Associations recorded in this book may be looking to the one centre for judgment. They will then be presenting a united front from eight, nine or ten national organisations then united in C.O.P.A. (Committee of National Professional Agricultural Organisations) for membership of which we (the N.F.A.) have already applied.

In the few years that remain let us then ensure that no farmer is outside the ranks of N.F.A. and that, having put our agricultural house in order at home, we can with one hundred per cent membership stand shoulder to shoulder with our fellow farmers in other countries in the new Europe which is emerging. A more concrete approach to the solution to all our agricultural problems

oil it is impossible for the naked eye to know which is which, so the only answer is to remove all brands. At this stage I do not like to mention any particular member of our committee. But I think I would be falling in my duty if I did not say a word of praise to the late Mr. Thomas Beegan who was our first Chairman and did an amount of good work for the committee, and all the other members of the Committee who have worked so unselfishly in the interests of wool producers all over the years.

I will now turn to our staff in N.F.A. and I wish to pay special tribute to our present Secretary Mr. Jim Quinn, who has worked so hard for the Committee and in the interest of the producer. He is always anxious to seek advice from members of Co. Executives as to how the scheme could be improved.

The members of our organisation I also wish to congratulate on who have presented their wool at our markets in such excellent condition. One of the things the committee can compliment themselves on, is that we have always instructed our contractors to refuse all wool presented at our markets that is in their opinion not up to the standard of our guarantee.

The policy of our Committee is to seek payment for our commodity according to quality and presentation and these are essential points if we are to make any headway in the European Common Market.

GRADING SYSTEM Another big problem at that time was that the small wool producer who usually has the best wool, but for economic reasons had to sell his wool immediately after shearing, usually got 4d to 6d per lb. less than the man who could afford to keep his wool for six or eight months. Our Committee asked the Macra na Feirme organisation if they would voluntarily submit to the system of grading and sign a form guaranteeing their wool free from daggings and all kinds of foreign matter. This suggestion was adopted. The Committee then made an agreement with a firm to buy from our members on a graded basis. They did so and to-day we have three firms as contractors.

On the formation of 'The National Farmers Association' the Wool Committee automatically went over to N.F.A. and has continued its policy of trying to get a fair price for the producer. The big problem which the wool committee had to face is trying to fix a fair market price each week.

OUR POLICY. It has been the policy of the wool committee over the years to try and improve the system of marketing the Irish wool and we feel that we have achieved a good deal in the matter of presentation. We think that a further incentive should be given for removal of all brand marks from the fleece before it is shorn. It is easier to remove the brand from the fleece before it is shorn than afterwards. One might ask why should you have to remove the modern marking fluids as they will scour out, but the whole trouble is that immediately marking fluid is diluted with any kind of oil it becomes a paint and leaves a stain and looking at a brand of genuine marking fluid and a brand of marking fluid diluted with

CLASHMORE I.C.A. At the monthly meeting held in May there was a good attendance of members. Miss M. J. Russell presided. There was some discussion concerning the annual outing. Most of the members felt that two short trips would be better than one long one as in the latter case there was usually very little time left for sight seeing. The final decision was left until the next meeting. The question of a jumble sale was raised and this likely to be held in July in conjunction with the sale of home and farm produce.

On Wednesday 30th May a representative of Helena Rubenstein Ltd. attended to lecture on beauty culture and make up. Miss Hocter traced the career of Helena Rubenstein whom she said was now over 80 but who looked twenty years younger. She started making beauty cream at the age of thirteen. Her parents lived in Poland and the family was very poor and Helena helped their exchequer considerably by her efforts. The 'House of Rubenstein' has grown and grown until this wonderful old lady now gives employment to over one million people mostly refugees.

The lecturer then gave a practical demonstration on make-up. Miss Mary White, the secretary (who was the lucky member chosen as a model and Miss Hocter described her skin as beautiful. Before she left the lecturer gave each lady present a present—a beautiful chart suited to her individual skin. This gesture was much appreciated by the audience. A sumptuous supper was then partaken of.

On Sunday last four members, Misses Linda Coughlan, M. J. Russell, Mary White and Mrs. Moloney collected for the 'Freedom from Hunger Campaign' on behalf of the Red Cross. £40 was realised.

DUNHILL GO OUT IN THRILLER Rockies Over-Came Disastrous Start To Win

Colligan Rockies 4-6 Dunhill 3-7

THE form book — admittedly an unreliable guide in the championship, was again torn to shreds at Dungarvan on Sunday last, when a highly-rated Dunhill side fell before Colligan Rockies by a two-point margin in the opening round of the senior championship.

At what a glorious start it was to this 'ridden death' contest. Dunhill, all-powerful, with justified confidence in the Fraser Field, and for the first half looked as potent as their pre-championship form suggested. But before the hour had run its course, the Easterners had to regret the unflinching determination of the Rockies to significantly turned a menacing licking into a victory that for a period looked beyond the possibilities.

LED 2-6 TO NIL

With exactly twenty-five minutes in the first half gone, Dunhill, hurtling with a fluent ease that made it easy to understand why they enjoy such a high reputation, led 2-6 to nil. Nor was this advantage the least bit flattering to their superiority. The Rockies, fifteen of them appeared to be bigger-heads with their

SHAPING WELL

The hurling at this stage, was good without being brilliant, with the emphasis undoubtedly on first-time pun-

ing. Dunhill had enjoyed the lion's share of the exchanges during the half — a fact that was hardly reflected by their interval lead. But Colligan with the advantage of the second half breeze were shaping extremely well. Already indications of a shock result were visible.

Thus did it materialise. Dunhill forced the early pace on the resumption but without the slightest success. Colligan's defence showed no signs of first-half weaknesses and inspired by the brilliant goalkeeping of Paddy Fitzgerald "put up the shutters" to the Dunhill forwards.

By the three-quarter stage the sides were level for the first time in the hour and it became blatantly obvious that the last quarter would be a case of the survival of the fittest.

THRILL-PACKED INCIDENTS

Crammed into those final fifteen minutes were incident after thrill-packed incident when each side in turn held decisive advantages. First the Rockies nosed into a two-point lead but when Billy Dan's crashed a 21 yard free to the net five minutes from time it looked as though a great bid was about to be thwarted. And when Dick Tobin failed from a like free a minute later it seemed a confirmation of that likelihood. Not however, since making their senior debut have Colligan have no alibis. They held enthusiasm. Following Tobin's near fatal miss they surged back up field and two minutes from time Mickey Walsh became one of the heroes of the hour by scoring the goal that gave his side the worst of victories.

CONFONDED THE CRITICS

Unquestionably this was one of Colligan's greatest displays. Dunhill's recent form made the result a cut and dried one in the eyes of most, but the Rockies thriving on adversity by overcoming such a demoralising start, confounded the critics who belittled their challenge.

Dunhill, on the other hand, can have no alibis. They held what appeared to be an unsailable lead at one stage, but faltered when Colligan piled on the pressure. Nor can the fact that the final whistle came ninety seconds before the end of the hour be of recompense to them, as it is extremely doubtful that they would have saved the game in so short a period.

EARLY KNILL LEAD

Billy Dunphy gave Dunhill a fourth-minute lead when he pointed a free and Tommy Allen added a soft goal from a 21-yard free. Sean Beresford pointed in the tenth minute and Paddy Delaney tacked on 1-1 in the space of two minutes. The losers continued to monopolise the exchanges and points by Dunphy Regan and Tommy Allen from a free gave them a clear four goal advantage—2-6 to nil. But Colligan re-arranged their forces, goalied twice in a minute by Browne and Jimmy Tobin and a point by Mickey Walsh, left it 2-6 to 2-1 at the short whistle.

A point by Dick Tobin and a goal by Mickey Walsh cut Colligan's deficit to a single point nine minutes after the restart. Pete Power and Ted Coughlan quickly exchanged points before Paddy "General"

Walsh scored a great equaliser in the 15th minute.

LEAD FOR THE FIRST TIME

Then for the real drama. A brace of glorious points by Tom Byrnes in the 17th and 18th minutes gave the Rockies the lead for the first time. Dunhill again edged to the front when Daniels goalied from a close-in free in the 25th minute and when Dick Tobin failed from a simple free they looked a beaten side. Casting aside, however, the "near and yet so far" cry, they returned to the offensive and in a welter of excitement, the Dunhill defence was caught napping and Mickey Walsh slipped through for the goal that to Colligan men was golden in every sense of the word.

SETTLED DOWN

Paddy Fitzgerald turned in a capital display in goal, while Cyril Power, Garry Quinlan and Christy Dover were particularly prominent defenders. Tom Byrnes at midfield, revealed his old form of a few years back and his second half points swung the game in Rockies' favour. In attack the ceaseless and accomplished work of Paddy Walsh made him the big threat to Dunhill's defence. Mickey Walsh when switched from defence scored the decisive goals and Ted Coughlan, Sean Browne and Dick and Jimmy Tobin all contributed handsomely to the victory.

FAILED TO IMPRESS

For once Mick Barry failed to impress in the Dunhill goal and must shoulder the blame for at least two of the shots that beat him. Billy Daniels, Noel Dunphy and Richie Power were eminently sound in defence. Billy Dunphy and Monty Guiry had their moments of prominence at midfield and Sean Beresford, Allen, Mick Whyte and Paddy Delaney were best in a hard-working attack.

Kilrossanty Power Was Missing MAGNIFICENT MITCHELS ARE MASTERS

JOHN MITCHELS 0-6 KILROSSANTY, 0-3

ALTHOUGH John Mitchels as yet are only in the preliminary stages of their establishment, they are already being accepted as one of the glamour sides of the County. To date they are unbeaten in football.

To most the result came as a real turn-up but for the huge attendance that witnessed the game in glorious conditions, there was never the slightest doubt as to the likely outcome. From the moment referee Con Crowley set the game in motion it was Mitchels all the way and never once were they led during the hour.

Yet, despite the undisputed dominance of Mitchels, few could grumble with the game as a spectacle. The feinting was exceptionally good on both sides and attacks were mounted with thought and purpose. Contrary to general belief also, the game was finished without an unsportsmanlike incident. True, hard knocks were given and taken but always in the proper spirit and both camps warmly congratulated each other at the call of time.

On this form Mitchels are really progressing — and rapidly at that. Throughout they controlled the trend of the game almost without notice, able interference and without exaggeration it could be stated that they had 90% of the play. In fact the score-line tends to be misleading, as Kilrossanty are highly flattered to have ended only three points in arrears.

Just how superior Mitchels really were can be gauged from the fact that Kilrossanty failed to register a single score from play — their points coming from two frees and a penalty. In fact fully seventeen minutes elapsed before the green and gold shirred brigade launched their first worthwhile attack and only twice in the half did they get the ball beyond the Mitchels end-line.

LED BY A POINT

And yet, almost unbelievably they were led by only a point 0-2 to 0-1 at the break. Mitchels, for all their attacking, found the Kilrossanty defence at its unyielding best.

TRAVESTY OF JUSTICE

Yet had Kilrossanty gained the maximum benefits from that "pen" and gone on to win or even draw, it would have been a travesty of justice to John Mitchels. This was their day, their hour when nothing could have or should have deprived them of victory. For the occasion they were a superbly fit side and ran the opposition into the ground. They opened at a cracking pace, maintained it through the hour and finished as fresh as they had started.

Kilrossanty can only have bitter memories of this game. They were literally flung to the ground against fleet-footed opposition, looked un-nerved and over-anxious and, in plain facts, were but a shadow of the team that beat the Bricks.

As I saw it, however, the same was won and lost at midfield. Hereabouts Noel Kirwan and Rogie Connors completely played Eddie Lonergan and Tom Flynn out of the game, and despite a variety of different pairings opposing the winners partnership still succeeded. Mitchels pressed relentlessly from the start and after a few narrow misses took the lead in the 5th minute when a perfectly placed Wally Connors "fifty" was fisted over for a point by Tommy Kirwan. Ball after ball was reigned on the Kilrossanty goal but the entire defence proved equal to every attack and only conceded a further point during the half — and that from a free by Billy Krwan. So over-powered were the losers, however, that only by sporadic did they lift an almost con-

tinuous siege and a pointed score. Best for Lismore were J. Geoghan, Sean Sullivan, free by Tom Flynn in the 27th minute left the minimum of margins between the at the

competitive fare and last Sunday's Phelan Cup victory over parish rivals Kilrossanty at Waterford, temporarily, at any rate makes them king-pins of Comeragh football.

EXACT REPLICA

The second half proved an exact replica of the first. Again John Mitchels forced the pace and Jimmy Mansfield had a point from a free in the third minute. Two minutes later Billy Kirwan added another and Mansfield again supplied the finishing touches to a great move in the 11th minute.

With fifteen minutes remaining Kilrossanty got the penalty award that might have changed the game but Bucko Timmons nonchalantly blazed over for a point. When Flynn pointed a free in the 27th minute, Kilrossanty were still left in the game with a chance even if a remote one, but justice was done when Mitchels had the final say with a last minute point by Mansfield from a free.

DECISIVE MOMENT

Then came the decisive moment of the game. Mick Pender gained possession in front of the winners' goal but was immediately grounded by three or four defenders. Referee Con Crowley had no hesitation in awarding a penalty — a decision that wasn't disputed by a Mitchel defender.

From the sideline it appeared that Tom Flynn delicately from taking the kick and the task of converting it was then entrusted to 'Bucko' Timmons. But to the consternation of Kilrossanty supporters he ballooned the ball over the bar and with it all hopes of success. Towards the close they made valiant if unavailing effort to snatch a belated victory but could manage no more than an exchange of points that in the circumstances served no purpose.

What might have happened had Kilrossanty goalied from that penalty will always be only a matter of conjecture. It is a personal belief that they would have succeeded in saving the game though "ifs" and "buts" in the aftermath are of little consequence.

But had though their forwards tried, they never found it easy to penetrate an iron-caste Comeragh rear-guard. Jack Kirwan, recalled specially for the game came up against a bang in form Mattie

Sarsfields No Match For Meaghers

Meaghers 9-14 Sarsfields 1-3

The all-group clash of Meaghers and Sarsfields at the Fraser Field, Dungarvan, on Sunday last was a farcical affair that resulted in a thirty-point victory for the latter.

Sarsfields—drawn from the Geraldines. Tourin and Affinity were completely outclassed from start to finish and had the winners so dominated their victory could have been an even bigger one.

The pattern of the game was set after only thirty seconds play when Phil Frisby gave Meaghers the lead with a snappy goal. Thereafter the game was simply toyed with by the opposition as score followed score in almost monotonous fashion.

Leading 5-6 to 0-2 at the interval the second-half became a mere formality for Meaghers. Contented to 0-2, T. Regan, (1-0), P. Kenneally, Ned Costin and T. Barry (0-1) each replied for Sarsfields.

CRICKET

On Thursday last Lismore C.C. travelled to Waterford to play Bishop Foy's and were narrowly defeated by only 8 runs. Batting first, Bishop Foy's were all out for only 35 runs on a very dangerous wicket. In bowling P. Hudson took 7 wickets for 14 runs while T. Endersson took 3 for 19. Going in to bat Lismore lost 4 wickets for only 7 runs. Then a stand by Paddy Scanlon and Matt Jough brought the score to 25 before they were out. The remaining batsmen added only 2 runs before being all out.

On Sunday next Lismore travelled to Cork to play Cork County at the Mardyke in what should be a very close

RICE CUP

At the Gaelic Field, on Monday, Lismore C.B.S. Rice Cup team were defeated by Dungarvan 4-3 to 2-0. Dungarvan had a much heavier team and a great deal of praise is due

to the local lads for the manner in which they held them. Lismore were weakest at centrefield and due to this were three goals down at half-time. During this period Sean Sullivan in goal made some great saves and but for him and Jimmy Geoghegan at full-back who was really outstanding, the score would have been much more.

In the second half, with Jimmy Geoghan switched to centrefield, the local team were in hard luck for some time as they lift an almost continuous siege and a pointed score. Best for Lismore were J. JUNIOR CHAMPIONS DEFEND

Despite counter attractions at Dungarvan, the Castle Farm, Lismore, should house a huge crowd on Sunday next for the meeting of Western champions, Fourmilewater and Geraldines in the first round of the junior hurling championship.

It is never an easy thing to oppose the holders in any competition and while the Ballymac side will be favourites again on Sunday, there are many who feel that the Adishers are the one side capable of dethroning them.

Sunday's game is a repeat of last year's Divisional decider when Fourmilewater triumphed by eight points at Dungarvan. Now however, the champions will not have the advantage of the Fraher Field to which their style was admirably suited and can expect a far sterner challenge for survival.

As neither side has been in action in any games of importance recently it is difficult to assess their present potential.

STYLO RIORDAN (Geraldines)

If the reports that are both coming from both camps however, are any credit, then this game could well prove the game of the year.

The champions are not content with any problems and when they went up training this week, they were fit as the proverbial fiddle. They have a long drive across that they must not have to do as difficult as last year's attempt at the retention of their title and are fully fit on a training solely to retain it.

But our Adish was determined to be undefeated with to little confidence. Last year's failure still lingers in many quarters of the parish and the realisation that the hour of revenge is fast approaching is making them redouble their efforts to succeed.

Home from England for the game is Roger Ryan, a dangerous and elusive forward

JIMMY HEWITT (Fourmilewater)

and his presence in the attack should greatly boost a sector that has not been a source

of worry to selectors.

Their defence, back-boned by 'Stylo' Riordan, Bunny Ronayne, Jim Hallahan and goalkeeper Billy Crotty greatly impresses me and should uphold this sector of the side.

At midfield they are also well equipped where Paddy Kennelly has for years been operating with success and his duel with Kieran Ryan - both junior inter-country men, should be the game's highlight.

Ryan will of course be the key figure in attack but Terry Maginn, Paddy Kiely and Johnny Longdon can also be prolific scorers.

Formidable as this Adish side may be, however, it is impossible to go beyond the champions. They are a well balanced side with outstanding hurlers in Mick Connolly, Kieran Ryan, Martin, Benny and Tom Walsh, Liam Ryan and Austin Barron and must be given the vote to advance.

But a note of warning. Geraldines are fit, Geraldines are determined and above all Geraldines are confident. In that frame of mind be quite prepared for a shock result.

LAST SUNDAY'S GAMES

Colligan Rockies emerged as the team of the weekend by their 4-6 to 3-7 victory over Durhill at Dungarvan in the senior hurling championship.

The Rockies victory was worthily achieved and in the process had to whittle down a four-goal lead. Such is the indication of a really good side. They now meet Abbey-side of the Brickeys in the second round.

In the second Dungarvan game Meaghers (Gael Og - St. John's) "went to town" against Sarsfields (Geraldines, Tourin and Affane) and won pulling up by 9-14 to 1-3.

In Waterford the sparks flew in the Erin's Own - Ballygunner tie which the former won by 4-7 to 3-5. The odds seemed in favour of a Ballygunner victory at the interval when after playing against the wind and rain they only trailed by 1-6 to 0-7. But they failed to maintain the effort on the change-over and the Poleberry side ran out deserving winners.

Star midfielder Joe Condon received a nasty shoulder injury in the second-half and he will be an absentee from training for several weeks. As yet it is not known if he will be fit for the championship game against Cork on July 8th.

BALLYDUFF WIN

At the same venue newly-promoted Ballyduff accounted for De La Salle by 3-7 to 2-5. Features of the game were the top-class displays of Tom Chestiv for the winners and John Barron for De La Salle.

SENIOR HURLING PANEL CHANGED

The following 21-man panel for the following 21-man panel has been chosen to go into strict training (commencing on Monday night next) for the championship game against Cork on July 8th: Mount Sion, C. Guinan (capt.), J. Byrne, M. O'Riordan, M. Flannelly, M. Dempsey, S. Power, P. Galmes, F. Walsh, F. O'Brien, T. Walsh, Erin's Own - Joe Condon, Joe Coady, J. Irish, Percy Flynn, Dungarvan - T. Cunningham, J. Kiely, Abbey-side - A. Flynn, Dunhill - W. Dunphy, Ballyduff Lr., T. Chestiv, De La Salle, J. Barron.

This panel shows several changes from the one chosen for the game against Clare. Gone are goalkeepers Dickie Roche and Paddy Fitzgerald who are replaced by Percy Flynn and Mick Foley (Ballygunner). Mick Kiely (Abbey-side) has also been demoted from the selection.

ADVERSE EFFECT ON HURLERS

Elsewhere in this issue there is a letter from "Port Laige Abu" - a well-known Gael, criticising the powers that be for allowing our senior hurlers to participate in so many unnecessary tournaments, especially with the championship game around the corner. Personally, I couldn't agree more with "Portlaige Abu". Sure enough everyone realises the importance of match-practice, but certainly not to the extent presently embarked on by the man at the helm. Already three challenge games have been arranged - against Galway on June 17th

CHAMPIONS Mount Sion defending their football crown, the much publicised John Mitchels making their championship debut, and an intriguing hurling meeting of Dungarvan and Cappelquin . . . these are the spicy attractions that will draw the crowds to Dungarvan and Dunhill in magnet-like fashion on Sunday next, at which one or more surprise results are on the cards.

Dungarvan should prove the main drawing card where an appealing two-game programme has been arranged. The homesters and cappelquin set the ball rolling in the senior hurling championship followed by the most alluring meeting of all - Mount Sion and Brickeys in football.

Ever since the first round draws became known this 'Sion-Brickey clash has been looked upon as the "plum" tie of the championship. So open is it that confirmed "betting men" are fighting shy of it.

PHIL GRIMES (Mount Sion)

with a preference for the maximum that a bird in the hand is worth two in the bush.

Right now the Brickey camp is weakening with only one thought - revenge. A flash back to a similar stage in last year's campaign will reveal that the same sides were drawn against each other. On this occasion the

Letter to the Editor

A Chara,

As a life-long supporter of the Waterford senior hurling team, I cannot but feel perturbed by the number of matches, mainly tournaments in which a great number of our inter-county stars are engaged before we meet Cork on July 8th. The display in Thurles against Clare, in spite of atrocious weather conditions, was, in my opinion, the best exhibition of hurling by a Waterford team since we defeated Tipp. in Cork in 1959. Judging by that display I think our chances of an All-Ireland were never so bright. What a pity it would be therefore if the powers-that-be will allow our chances to be minimised by permitting our players to participate in so many unnecessary games before such an important encounter.

I am convinced that this was one of the main causes of our downfall against Cork last year. I don't like to be critical of our officials as I have past experience of the many problems which they are confronted with but I firmly believe that too many matches before this game with Cork will have an adverse effect on our team, especially as some of our old reliables are now reaching the veteran stage.

PORTLAIGE ABU

at Dungarvan, against Tipp on June 20th and probably against Wexford on June 26th. Are mentors closing their eyes to the serious and uncalled for injury risk that prevails. Apparently they are, and it is hoped that this will not be a case of closing the stable door when the horse has bolted.

Rangers were hotly fancied. After all they were 1960 championship runners-up and decidedly unlucky ones at that and their form in general was most convincing. But after giving the Monastery men an object lesson in the arts and crafts of the game for fifty minutes, they cracked in the final minutes and suffered an exasperating defeat.

Is it any wonder then that these Bushy Park representatives earnestly mean business on Sunday. Too often in the past they have come a cropper to the City men and are determined to end the jinx good and proper on this occasion.

To date they have been far from impressive and only recently relinquished their newly-won Fethard Cup to Killrossanty. But mentors fervently believe that that form has now been left behind and that a vastly improved Brickey side will do duty against the champions. I likewise subscribe to that view and if the personal changes expected turn up trumps we may have a change of champions this year.

Yet over the years, 'Sion have made something of a habit of collecting trophies which once in their possession are difficult to extract again. More so the coveted championships and they make no secret of the fact that they intend to slip it across the op-

position again on Sunday. When speaking to Con Crowley last week-end he assured me they would be well equipped for the task and though respecting the Brickey challenge was quite adamant about the outcome.

The seriousness with which the Brickeys are going about their decision to bring Frankie Ryan from England for the game. And although at the time of writing I have received no official news on their line-out, it is expected that Army man Mick Farrell will team up with Andy Hal-

lissy at midfield. The inclusion of this pair would prove a decided acquisition and strengthen to no end the all-round effectiveness of the side. Ryan will almost certainly be placed in attack - most likely on the forty, while Farrell's inclusion would release Shaakaneen Woods for the half line of attack. Together with Justin Spratt this trio would form a highly dangerous attacking line crammed with scoring power.

The proposed midfield pairing of Hallissey and Farrell also looks good. Both are well qualified - physically and otherwise - for the sector and could prove the match-winning pairing.

In the past the Brickeys have been noted for producing at least look very evenly matched.

It goes without saying that both sides are endeavouring to emerge from the doldrums. For years now, neither of these former hurling strongholds has had a direct say in the championship's final shake-up, but as Ballyduff alone bar the path to the semi-final stage for Sunday's winners, few can deny that the incentive for victory isn't great.

The last meeting of the teams was in the Sargent Cup a few weeks back when the Cornerstone fifteen gained a narrow but hard-won victory. Since then both sides have had the benefit of a dedicated training session - the old Boro in particular, and confidence is high in the camp that the sargent cup result will be reversed.

On the shoulder of Tom Cunningham and John Kiely will rest the major share of the same responsibility. Both these inter-county men will fill vital roles - "Cunn" at centre back and Kiely on the "40" or as leader of the attack.

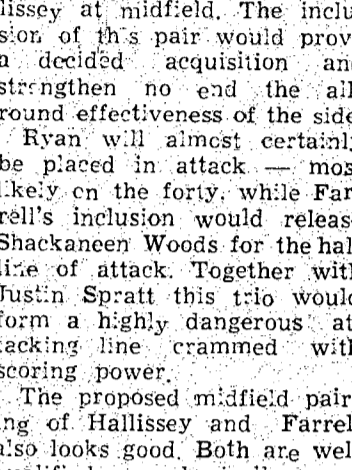

Between them they have enough hurling to inspire any side and if such as Jimmy Walsh, Donal Whelan, Michael Lewis and "Healthy" Woods pull the right weight, could overcome round one.

While Cappelquin cannot boast of a Kiely or Cunningham, their side also contains many top-class club men. Mickey O'Connor and Mick Lacey have both worn the county jersey with distinction while the Fraher's, Geraghty (a newcomer), Mason, Liam Doocey and Maurice Kelleher will all back-bone the club's challenge.

Cappelquin, on the toss of a coin - yes, that's how close it should be, get the hesitant vote, but Dungarvan on their own ground and mindful of the presence of Kiely and Cunningham, are quite capable of proving the forecast wrong.

MITCHELS FANCIED
John Mitchels - Killrossanty's new club, set out in quest of further honours when they meet Group team Eire Og (Ballyduff, Newtown and Rathgormack) at Dunhill. Fresh from their great Pheon Cup victory over "old" Killrossanty on Sunday last - a victory which stamped them as a side above average, this Kiwan-led combination should make a determined bid for highest honours this year.

Eire Og are undoubtedly the strongest group side in the championship. Besides being "tough customers" they also possess plenty of football ability and will extend the opposition to the limit. However, Mitchels are the form team and should account for the juniors.

PADDY FRAHER (Cappelquin)

BILL SPRATT (Brickeys)

top-class defenders and Sunday's defensive set-up is likely to be on a par with previous club rear-guards.

Rchie Whelan seems the obvious choice for goal, and Patsy Donnelly, Bill and Pat Spratt, Nicholas McGrath and Mick Walsh are all assured of places in this sector. The remaining berth has a select-

'SHACKANEEN' WOODS (Brickeys)

tion of candidates although mentors may settle for the solid Peter Ferron for the post.

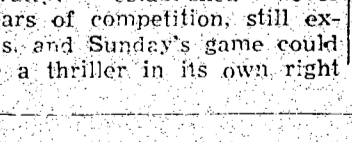

Mount Sion's side on Sunday will be a blending of young and old. All the established stars will be included and are confident in their own ability to "do the trick."

Whatever the result, it should be a game well worth seeing. These great rivals never fail to provide the thrills and if the champions are the popular fancy, it is the writer's belief that should the Brickeys produce their best form they will be good enough to dethrone the champions.

DUNGARVAN-CAPPOQUIN TIE OPEN

Times had it when a senior hurling championship between Cappelquin and Dungarvan would have been looked upon as a stupendous attraction. Now, however, both have fallen from the lofty pedestal the occupied for so long and their meeting on Sunday carries only one assurance - that one of them will record a badly-needed victory in the campaign.

Nevertheless, despite the teams fall from grace, the rivalry - established over years of competition, still exists, and Sunday's game could be a thriller in its own right.
