## More Houses for Abbeyside?

### SEWERAGE PROBLEM THE ONLY OBSTACLE

HE intended to build eight houses at Friar's Walk, Abbeyside, and in the near future he expected to construct 20 houses in the area. So stated Mr. Edmond O'Brien, Building Contractor, Abbeyside, when he requested Dungarvan Urban Council to lay a public sewer at Friar's Walk at their monthly meeting on Friday last. The matter was adjourned until an estimate of the cost of the work was furnished.

Mr. P. Walsh (Urban Engineer) said that the sewerage from the houses in the area presently was drained into septic tanks. Off hand he could not give an estimate for the work. The road would have to be drained for the sewer and this would involve 14 to 15 yards of sewer, it would cost in the region of £7,000.

Colr. T. Lannon said this would cost the ratepayers of Dungarvan about £4,000. He proposed that the matter be adjourned to the October meeting of the Council.

A Lismore lad who is currently touring the United States on a young farmer exchange plan is Alex Heskin, Genevieve, a member of the Lismore branch Macra (J.A. Feirme).

Reporting from America, he says that he is now in Arkansas, his second host State in the United States, on the International Farm Exchange programme. The first State which he visited was Michigan and when his programme was concluded there all the I.F.E.E. delegates in the United States gathered in South Dakota for the midpoint meeting at Brookings State College.

Here the one hundred and twenty six delegates had a chance to get to know each other and learn more about the different countries and their ways of life. Arkansas, which is a West South Central State, is almost twice the size of Ireland and has a population of about half that of Ireland.

Alex resided in Phillips County on the eastern side of the State. This county adjoins the Mississippi river and near where he stayed there was a levee over twenty feet high and about one hundred and fifty miles long which had been built there to keep the river from flooding the land during the rainy winter season.

The main crops he found in the area are cotton, rice and soy beans, and due to the dryness of the summers, a lot of these crops must be irrigated. Rice land must be kept under a good four to six inches of water during its growing period.

Alex Heskin will move next to the South West part of the State and following his observations will report further on his American tour.

## Borheenatra Sea-Wall to be Completed

AT last Friday's monthly meeting of Dungarvan Urban Council, it was unanimously decided to approve of an expenditure of £1740 on the completion of the sea-wall at Boreenatra. Subject to a local contribution of £195, the Council received an employment and emergency grant of £1550 for the work.

The Town Clerk (Mr. J. Howlett) said the amount was the same as last year and the Engineer recommended the completion of the sea-wall and the construction of the roadway beside it.

Mr. Walsh (Urban Engineer) said the amount allocated would be sufficient to complete the sea-wall but not the roadway.

Replying to Colr. T. Lannon, Mr. Walsh said he did not know how much had been spent on the wall last year, as some of the money had been spent on filling. The Council received a lot of filling free and if they had not got it he did not know what they would have done.

The expenditure of £1,740 was then agreed to and the discussion ended.

### COMPLAINT AGAINST CARNIVAL OWNERS

A complaint that a Carnival presently in progress at Quann's Field was depriving the old people of the town of using the seats positioned at the town end of the field was made by a member.

The member said the carnival people would not let anybody in to where the seats were. The seats belonged to the people of Dungarvan and if the carnival moved to the other end of the field, the old people could use the seats again.

Colr. R. Walsh said the field should not be misused. He suggested that the Town Clerk write to the owner of the carnival regarding the matter.

Mr. Howlett (Town Clerk) said the carnival was being run by the Dungarvan Sea-Anglers Club.

### DROWNING FATALITY NEAR YOUGHAL

At about 10.30 a.m. on Monday last a boy named Gould saw a body floating in the river below the Crompaune Bridge near Ballymacoda, some six miles from Youghal. He raised the alarm and the body was recovered and brought to the bank and identified as Mr. John Canly of Ballymacoda, single and aged 43 years.

A short time before that he was seen in the village of Ballymacoda one mile from where he was found. The body was still warm and artificial respiration for about two hours was applied without avail. The deceased is brother-in-law of Mr. John Swaine, of North Main Street, Youghal, and it appears that the deceased had a heart attack on the river bank and rolled into the water. Spiritual and medical aid were rendered by Rev. Fr. Williams, C.C. Ballymacoda and Dr. M. O'Brien of Killeagh. An inquest is to be held later in the week.

The reception was held in the Claremore Hotel and the honeymoon is being spent on Jersey Island.

Moynihan, to reduce the rent of the Town Hall from £6 to £1 for a decade held there on August 31st. The dance was for the benefit of the unofficial strikers at the local leather factory.

The Town Clerk, Mr. J. Howlett, said it was a Managerial function.

### SYMPATHY

Sincere sympathy was extended to Mrs. Kathleen Walsh Fitzgerald's Terrace, on the death of her son Liam, who lost his life when involved in a collision with a motor car last week. Sympathy was also extended to the relatives of the late John Hayes, Abbeyside, who was a postman in the locality for many years.

### TALLOW HORSE FAIR GREAT SUCCESS

Tallow annual horse fair, held on Monday last, lived well up to its reputation of being the best horse fair in Munster. There was a plentiful supply of horses of all types on offer and some high prices were obtained for horses of the hunter class.

Beef horses were also in good demand and sold at prices ranging from £40 to £70. In the evening a band recital in the Square attracted considerable attention from the large crowd present. The dance in the Arch Ballroom that night also drew a big crowd, where the Capital Showband excelled with their music. Another feature of the dance was a recital by the Holy Rosary Band Milleton, during the night.

### BRILLIANT LOCAL BOY

**TALLOW NEWS**

**DEATH OF MR. CON CURLEY**

It is with the deepest regret we record the death of Mr. Cornelius Curley, Chapel St. Ardkeen Hospital, on Saturday 1st September after a comparatively brief illness and at an early age. Deceased, who was a member of one of the oldest families in Tallow, was town postman for some years. Son of the late Michael Curley and Mrs. Curley, Convent Street, he was brother of Mr. Michael Curley, the well-known Waterford county hurling goalie of some years ago. Honest and upright in all his dealings, he was extremely popular. He carried on the business of cycle and auto-cycle agent at Chapel Street for a number of years and was at the time of his death sole agent for the Raleigh Cycle Company in the town and district. He was also well-known in greyhound racing circles.

The remains, accompanied by an imposing cortege, were removed to the Church of the Immaculate Conception, Tallow, on Sunday evening, the coffin being taken from the hearse at the Carmelite Convent and bore to the church.

**REQUIEM MASSES**

Requiem Masses were celebrated at the Church of the Immaculate Conception and at the Carmelite Convent on Monday for the happy repose of his soul and the interment took place on Monday afternoon in the adjoining cemetery. Very Rev. W. Canon Flynn, P.P., Tallow, Rev. M. Condon, C.C., do., and Rev. Fr. Lucey, C.C., do., officiated.

The chief mourners were: Mrs. M. Curley (wife); Mr. W. Curley (son); Mrs. A. Pierce; Mrs. E. Feeney (daughters); Mr. M. Curley (brother); Mrs. M. McGrath; Mrs. I. Millwood; Mrs. J. Meade (sisters); Mr. P. Curley (uncle); Cunningham family, Convent St., Millwood family, McGrath family, Curley family, Convent St. (nephews and nieces); Mr. P. Bright, breezy, readable and enjoyable, the grand little Bulletin published as an introduction to and description of the Brian O'Higgins Christmas Cards for 1962 (all new designs and verse greetings) is a delightful treat. On pages 8 and 9 there is a descriptive list of the cards, and on page 16 useful information is given regarding Air Mail and Surface Mail to places abroad, but all the other pages are packed with stories, articles, poems and humour that old and young will thoroughly enjoy. One story entitled "Stop Press" will be retold and laughed over for many a day; while the Herd of Bulls given this year has a laugh in every line. The sixteen-page Bulletin is free; you have only to apply for it by post, enclosing a loose two-penny stamp for postage and it will be sent at once to any address by Brian O'Higgins, 56 Farnell Square, Dublin.

**WEST WATERFORD NEWS**

**DEATH OF MRS. ALICE MERRIGAN**

The death has occurred of Mrs. Alice Merrigan, Woodbine Hill, Kinsalebeg, and formerly of Tinnock, Clashmore. Of a quiet and retiring disposition, she was a member of a well known and respected family. Her demise has occasioned deep regret and sympathy is extended to her bereaved family.

The funeral to Clashmore Cemetery was of large and representative proportions. Rev. M. J. Russell, C.C., officiated.

**LIFEBOAT COLLECTION**

The annual collection and flag day in aid of the Royal National Lifeboat Institution, took place in this area on Sunday last. There was a generous response at all centres and an expression of thanks is due to all who contributed.

**THE HARVEST**

Operations are well advanced in this area. Due to improvements in weather good progress has been made in harvesting of oats and barley and both yields and quality are considered satisfactory.

**ROADS**

Repairs received by C. Curran, M.C.C., from County Engineer are as follows:

Tinnock Road—This road is included in Five Year Plan (1961-66) and while it is not on current year's Road Works Scheme, will be considered for next year's scheme.

Ballynane, Cladagh Road—This is being attended to at the moment and the men are starting there now.

Roadworkers—Men left off some time ago because of redundancy are now back at work again.

Clashmore Roads—All the roads mentioned by you are included in Five Year Plan and will be done within next three years.

**RURAL ELECTRIFICATION**

Development of Drum area is new well advanced. Official switch-on will take place in near future. The manner in which the work has been done reflects great credit on all concerned.

**NO MENTION**

Looking through the Bord Fáilte Guide to Waterford recently we were surprised to notice that there was no mention of the parishes of Aglish, Clashmore and Knockanore, despite the fact that in the area mentioned there are many natural attractions and places of scenic merit. We refer especially to the majestic beauty of the lower reaches of the Irish Rhine, particularly the Broad of Clashmore which compares favourably with some of the Shannon lakes. Another attraction is the rugged grandeur of the Liskea valley from Moyang to the Blackwater near Clashmore. It is worthy of note also

that the new Youghal Bridge is also in the area to which we refer. For archaeological there is Sweeney's Castle at Ballyheeny, dolmens and ogham stones at Dromore and the Holy Well (now named St. Declan's) at Toor. At Coolbagh are a number of ancient forts. It is hardly necessary to refer to the beautiful beach at Ferrypoint and the pretty caves at Monatreah.

**G.A.A.**

At Ardmore, Brickey Rangers defeated local team by 5 points to 3 points, in senior football tournament replay, Mr. Lupton, Youghal, refereed.

**VOCATIONAL EDUCATION**

The mobile Vocational School at Clashmore will open in the near future. Later in the year a lecture on Farm Management will be given there by Prof. J. B. Ruane, U.C.D. A record attendance is expected at this R.D.S. lecture.

**RETURNED TO ENGLAND**

Following a long holiday at Clashmore, Dr. and Mrs. O'Dowd have returned to England. During their stay they visited many parts of the country, including Dr. O'Dowd's native Kerry.

**SYMPATHY**

Clashmore F.F. Cumann tendered sympathy to Mr. Declan Drohan on death of his wife; to Merrigan family, on death of mother, and to Cunningham family on death of brother.

**G.A.A. INVESTIGATION**

Attention has been drawn to statements that the proposed investigation into incidents following the Clashmore-Shamrocks game at Cappoquin some weeks ago, is as a result of a request from Clashmore Club. This, of course, is not correct. At a meeting of the Western Board following reading of Referee's Report, a Clashmore delegate merely gave his opinion of what led up to the incidents and following a discussion as to what happened the Chairman proposed that an investigation be requested. We wish to emphasize that at no time did Clashmore Club or any delegate representing the Club seek an investigation.

**POPULAR C.E.O.**

The people of this area regret the departure of Mr. Denis Cullinan, C.E.O., and wish him well in his new appointment. Few men have done more for the rural community and for the voluntary organisations than Mr. Cullinan.

We join in welcoming the appointment of Mr. Thomas Maher as Acting C.E.O. It is of interest to note that Mr. Maher began his teaching career in Co. Waterford at Clashmore in 1934. He resided in the area for a period and played with Clashmore G.A.A. Club in junior football.

**LATE MR. JOHN HAYES**

Sarsfield Street, Abbeyside

The death occurred of Mr. John Hayes, Sarsfield Street, Abbeyside, at the Dungarvan District Hospital, on the 29th August. The deceased who was well-known and liked had been a great favourite as a postman up to his retirement two years ago. His death came as a great shock to his family as his two brothers predeceased him by only two months. The popularity of deceased was expressed in no uncertain manner by the large cortege which attended the removal and interment. The remains were removed to Abbeyside Parish Church on Thursday evening and were received and blessed by Very Rev. Fr. Roche, P.P., assisted by Rev. Fr. Walsh C.C. Interment took place in the adjoining cemetery at 4 o'clock the following evening.

To his sorrowing sons Ml. and Noel, his daughters Margaret and Nora and his sisters Mrs. O'Mahony and Mrs. Terry is extended deepest sympathy in their sad bereavement. (Funeral arrangements were by J. Phelan, Square).

The Tailor bird is a native of Asia and is common in India and China. It displays great skill when constructing its nest. It chooses some large oval shaped leaves, which it stitches together with strands of tough flexible grasses, to form a cup-like receptacle. When this job is finished the nest is built within this framework. It is made of woven of soft cotton and lined with grass and horse hair which makes a very comfortable and safe home for the young birds as it swings gently in the breeze, distinguishable only by the sharpest eyes from the surrounding foliage.

**The West's awake to the need for water on tap**

**FIRST GROUP SCHEME NEARS COMPLETION**

In County Galway less than a mile from the site of the battle of Aughrim, the first shot in another battle—the battle to bring piped water to every family in the West—has been fired.

The place, Oatfield, on the main Dublin-Galway road, is the site of the West's first do-it-yourself group water scheme; the work on which is now nearing completion.

Work on the scheme which, next month, will bring all the benefits of piped water to 13

contributed £650 towards this by way of a grant of £50 for each house and the County Council contributed a similar amount.

Running costs of the electric pump and any regular maintenance that may arise will work out at around 6d. per week for each household, which will be added to their two-monthly bill—a small sum to pay for such a wonderful boon.

Luke Lohan, the Treasurer, like all the farmers, is looking forward to having running water in his kitchen, and installing a bathroom later on. But since news of the new Central Co-Operative Creamery

farmhouses and farmyards began over a year ago and all that remains to be completed is the laying and jointing of the plastic pipes and the installation of the sinks and watering troughs.

The co-operative scheme—an example of the rest of Connacht—got under way after a meeting in a local house which was attended by a representative of the Department of Local Government who outlined the proposed scheme and explained what was involved and what grants were available. A representative of the E.S.B. advised on the pump and electrical end.

When a decision was made to push ahead with the scheme as outlined—a pressure system with 60 gallon tanks in each house—the treasurer collected £20 from each householder to

The group scheme will be officially opened next month by the local T.D. Tony Miller who is a brother of the group's Secretary, Gerry Miller. There will be no shortage of music for the ceil in the local hall that will follow the ceremony because two of the farmers in the scheme are connected with well-known ceil bands. Both will combine for the night to help "raise the floor" to celebrate the coming of piped water to Oatfield.

finance the early stages.

As the area is a bad one for water—only one of the farmers involved had adequate water—available on his land and the rest have to drive their cattle over a mile to water—the first consideration was an adequate source of water. A well diver was employed and this was money well spent. An excellent supply was located a few feet from the surface of the land of Thomas Finn. The next job was boring the well and lining it to keep out clay and silt. Erecting a well-head cover and the pump-house and installing the pump were other jobs that took time, patience and co-operation to complete.

Last week the mile long trench along the grass margin of the main road and the junctions of it to each house to take the piping were opened to a depth of 18 inches. Next week work will start on laying and connecting the plastic piping—nowadays a comparatively simple job. Laying the piping across the main road in three places will be a trickier job.

The estimated cost of the scheme has worked out at £1,950 or £150 per house. This figure includes the cost of their own labour which is allowable for grant purposes. The Department of Local Government

**BOVINE TUBERCULOSIS ERADICATION SCHEME**

in counties **Cork, Kerry, Kilkenny, Limerick, Tipperary & Waterford**

**IMPORTANT NOTICE to farmers**

**Compulsory testing of herds**

Testing of all herds is now compulsory. If you have not yet joined the Scheme, you should apply without delay to your local B.T.E. Office for a test of your herd. If you fail to do so, you are committing an offence and leaving yourself liable to prosecution.

**Compulsory removal of reactors**

Reactors will be compulsorily removed. Herdowners with a high proportion of cow reactors may remove them in two stages.

**Compensation for reactors**

(1) **Headage Grant**: If you have any pink reactor cards on hands, you may use them to earn the £15 headage grant by selling the cows to which they relate to a cannery or a canner's agent at any time up to the 30th September, 1962. Headage grants will not be paid on reactor cows sold to canneries or their agents after the 30th September. Reactor cards will not be issued for herd tests completed after the 15th September, 1962.

(2) **Clear Herd Bonus**: Herdowners who have removed all their reactors (cows and stores) by the 30th September will continue to be eligible for Clear Herd Bonus up to the 30th November, 1962, provided their herds have had a clear test by that date and the other conditions of the existing Scheme are satisfied.

If you have all your reactors cleared from your herd and have not had a test since, you should apply, as soon as possible, to your district office for a further test of your herd and indicate the date on which the last non-cow reactor was removed.

(3) **Direct Purchase**: If you should prefer not to dispose of any particular cow reactor just now, it is open to you to dispose of her direct to the Department on or after the 1st October, 1962. From that date onwards cow reactors will be valued and purchased by the Department. The Department will also purchase, as from the 1st October, 1962, non-cow reactors to Scheme tests from herdowners who have already removed all their cow reactors, or their quota of cow reactors, as the case may be, and have complied with the other conditions of the Scheme.

## LISMORE NOTES

### LISMORE WIN COLLINS CUP

On Sunday last at the Castle Farm ground, in fine weather, but on a rather soft wicket, Lismore minor Cricket XI defeated Vikings Club of Waterford in the final of the Collins Cup. Throughout the competition the Lismore team were unbeaten and had one draw. Lismore captain Pat Rifferty winning to toss elected to field. Tom Sullivan and Paddy Pollard opened the bowling. In his first over Pollard took two wickets with two successive balls. This broke the back of the batting and few of the batsmen showed any form. Pollard bowled superbly and in three overs took four wickets for only 2 runs. Sullivan also bowled well having six maidens in eight overs taking one wicket for two runs. Of the Vikings batsmen only R. Keane and M. Murphy impressed, and their last wicket fell for only 19 runs.

Lismore opens P. Pollard and Jimmy O'Brien settled in quickly and had the score at eight when Pollard was unlucky to be out lb.w. Tom Sullivan joined O'Brien and they quickly hit the runs to win by 9 wickets. Sullivan scoring 16 not out. A word of praise also must go to Lismore wicket-keeper Jimmy Geoghegan for his outstanding display including 4 stumpings.

### NON-STOP DRAW

The following are the results of last week's non-stop draw in aid of parochial funds: £10—Miss S. Daly, Main St. £1 each Mr. M. Whelan, Mayfield; Mr. N. Darragh, Chaple St.; Mrs. Joan Barron, Cappoquin; M. E. Hickey, New St.

### E.S.B. Apprentices For Spain

Two ESB electrical apprentices—21-year-old Thomas Grandison, St. Joachim's Avenue, Sligo and 17-year-old John Cullinane, Ballineen, Co. Cork—will represent Ireland in Electrical Installation (house-wiring) at the 11th International Trade Apprentices' Competition to be held in Gijon, Spain, from September 1st to 15th next.

They will be part of the 16-member Irish team representing a number of trades, which will compete against about 200 of the most competent and best-trained apprentices from West Germany, Britain, France, Italy, Spain, Portugal, Belgium, Holland, Austria, Switzerland, Luxembourg and possibly Japan. Each team will be distinguished by a special national flag.

Thomas Grandison is a fifth-year apprentice with the E.S.B. and will complete his training next October. John Cullinane, a second-year apprentice, has still three years to do of the 5-year course.

Since 1958, the first year in which the E.S.B. was represented in the competitions, the Board's apprentices have been highly placed each year. At Barcelona in 1960 the Irish team gained two first places, two seconds and two thirds; last year, at Duisburg in West Germany, the Irish team won three first places and one third.

While in Spain the group will visit industrial plants in Asturias and will tour a number of well-known Spanish centres.

## THIS IS THE SEED YOU NEED

Expert advice is available on request from your local E.S.B. representative.

Get the biggest possible return from your potato crop next year — use fluorescent lighting to control the sprouting of your seed. This ensures:

- \* Earlier and heavier yields of early potatoes
- \* Up to 2 tons per acre MORE in main crop varieties
- \* More flexibility in planting-out time
- \* Reduced losses from early potato blight
- \* A more uniform crop with fewer misses
- \* Better operation in mechanical planters

Fluorescent lighting provides the PROVEN answer to the problem of correct potato sprouting.

Fluorescent lighting fittings are hung in the alleys between stacked sprouting boxes and are switched on for twelve hours a day. Any farm building which can be made frost proof may be used. One fitting is sufficient for the controlled sprouting of a ton of seed potatoes. Purchase price is £10 and running costs are low—certainly no more than 7s. 6d. per ton.

Kilmacthomas News

Have it that when the Curator of the National Museum, Dr. A. Lucas, visited Waterford City on Wednesday of last week seeking information about a cottage woven out of wheat straw, which was constructed out of wheat straw, which was constructed over a century ago, he was directed by Ald. T. Lynch, T.D., to the residence of Miss Norah Flynn in Stradbally, where such a ceiling exists.

New York Waterford Versus Kilkrossanty. The friendly football match between the above teams proved most pleasing to the fine crowd of enthusiasts it lured to the lovely laid-out venue at Leamybrien on Thursday evening of last week. Referred right admirably and well by Mr. Ptk. ("Plus") Dalton (Kilkrossanty F.C.), the visitors (1-4) were in front by the minimum of a margin when the whistle sounded. Of a verify, the visitors' company will not soon forget the wholly hearty, homely and hospitable welcome they received on the auspicious occasion.

Continuing Increasing Success to Master Seamus O'Brien brilliant pupil of the De La Salle (Secondary) School, Muinebeg, who has passed the Leaving Certificate examination with distinction. He is son of Mr. Sean O'Brien, N.T. (Principal), Goresbridge National School, Co. Kilkenny, and Mrs. O'Brien. The talented boy's father is a native of Knockcur, Stradbally, and is a prominent member of the I.N.T.O. His mother is a sister of Mr. James Whelan, Whelan's Hotel, Stradbally, and he is a nephew of very well known and liked Miss Kathleen O'Brien, matron of the newly established institution at Coolcreeher, Co. Longford, where she supervises the running of this special centre of rural domestic economy for girls and women who are receiving special training to re-fit them for useful employment under the National Rehabilitation Institution.

His Latest Periodical Visit to his relatives in Leamybrien has just been made by much esteemed Right Reverend Monsignor George B. Curtiss, of the Diocese of Bridgeport, Connecticut, U.S., and those who had the pleasure of meeting the eminent ecclesiastical dignitary were delighted to find him looking ever so fit and well. Nephew (on the paternal side) of the noted Leamybrien football player Mr. Patrick (Paddy) McGrath (R.I.P.), who was captain of the good team that took its second County championship crown to historic Kilkrossanty-Fews parish 31 years after the winning of its first one by the combination (then of 21 players) captained by Mr. Patrick (Patsy) Wall, of Ballinavouga (of honoured memory). Monsignor Curtiss is a first cousin of Messrs. Patrick (Pat) Veale, Thomas (Tom) Veale and Michael Veale, of Leamybrien (a trio of topping footballers of the 30's and 40's), and Mrs. Mary Donovan, wife of Mr. Patrick Donovan, Knocknacullen, Co. Incidentally, it's nice to recall that the Kilkrossanty-Fews XV who became County Champions in 1939 had Pat Veale as their captain.

The Monsignor, who was accompanied to Leamybrien by his sister and her husband, Mrs. and Mr. James Murphy, of Waterbury, Connecticut, and also by his cousin, Fr. Enda, of the Franciscan Order, is an intimate friend of Dungarvan-born Mr. Bernard Dalton, who holds a very important post in the postal service of the Great Western Republic. Monsignor Curtiss and his party left Leamybrien laden with happy memories of their visit.

In Connection with Waterford Festival of Light Opera Festival Queen Competition, Miss Kilmacthomas will be selected at a 9-2 dance sponsored by Kilmacthomas Social Club and taking place in the local R.I.C. bow hall to-morrow (Sunday) night "Pat Irwin All Stars" will supply the music and it is expected that the attractive function will be favoured by a very large attendance. Full particulars of the affair are advertised.

At The Meath Hospital, Dublin, Mr. John Dee, Ashtown, Kilmacthomas, died on Saturday, 1st inst. (Feast of St. Fiachra). He had been in indifferent health for some time past and passed peacefully away fortified by the rites of the Mother Church. Of quiet and unassuming disposition, he was greatly esteemed in his district, where he is missed, not alone by his proximate ties

but by all who knew him. His remains were removed on Sunday evening to St. Anne's Church, Fews, where they were received by the Rev. M. Barron, C.C., Kilkrossanty. Requiem Mass, on Monday, preceded the burial, which took place in the adjoining cemetery in the presence of a big gathering of relatives, friends and sympathisers. Fr. Barron again officiated at the graveside. Numerous Mass cards and messages of sympathy were received.

Gratulations go to Miss Colette Mary Cullinan, youngest child of Mr. and Mrs. Jas. Cullinan, Bonmahon; Miss Deirdre Murphy, younger daughter of Mr. and Mrs. M. Murphy, St. Anne's Tce., Kilmacthomas, and Master Henry Valentine Howard, Sean Walsh Pl., do, on each having secured a County Council Scholarship, following the open competitive examination in connection with same conducted by the Department of Education. The girls are pupils of the Convent of Mercy School, Dungarvan, and the boy is attending the Christian Brothers School, Dungarvan.

LATE MR. JOHN MITCHELL
Youghal and Ballycurrane, Dungarvan
The death occurred on Wednesday, August 29th, at the South Infirmary, Cork, after a short duration of illness and at a comparatively early age, of John Mitchell. He was a general favourite in the Dungarvan Ballycurrane areas, where he was born and previous to his retirement from farming some years ago. He was a most jovial character and a true friend of rich and poor alike. He also became a most popular man in the town of Youghal where he resided since his retirement. Deepest sympathy is extended to his brother and sisters in their great loss, especially to Miss Mabel Mitchell with whom he lived.

The removal took place from Cork on Thursday evening followed by a large cortege to the Church, Dungarvan, and were received by Rev. Mr. McKenna, Dungarvan. Funeral Service was conducted on Friday afternoon by Rev. Pear, Youghal, assisted by Rev. McKenna and the interment took place in the adjoining family plot amidst manifestation of great sorrow from the very large concourse present.

The chief mourners were: Ted Mitchell, Cornwall (brother); Mrs. Baley Rawie, Bristol; Mrs. Minnie Porter, do.; Mrs. Nellie McGivern, Bath, England; Miss Mabel Mitchell, "Kincora," Youghal (sisters). (Undertaking by James Kieley and Sons, Dungarvan.)

LATE MISS H. LYNCH
BOHADDOON, DUNGARVAN
The unexpected death of Miss Hannah Lynch took place during the early hours of Monday morning at her residence Bohadood. She was a most charming person and a true friend. Her passing was the occasion of a very great sorrow in the areas of Bohadood and Coolnasmeary, where she was better known. She was a sister of the late Patrick Lynch, very well-known and highly skilled blacksmith of the village Bohadood.

Her remains were removed on Monday evening to Kilmacthomas Church followed by a large cortege and were blessed and received by Rev. Fr. Farrell, C.C. The interment took place on Tuesday morning in the adjoining family plot, when an imposing concourse were present to pray for their departed one. Rev. Fr. Farrell, C.C., also officiated at the graveside. The chief mourners were: Mr. M. Lynch, Clonmel (brother); Mrs. Nora Brown, Shanballyanne, Ballymacarby, Mrs. Bridget Tobin, Piltown, Kilkenny (sisters), and a large circle of nephews and nieces. (Funeral arrangements were carried out by James Kieley and Sons, Shandon, Dungarvan.)

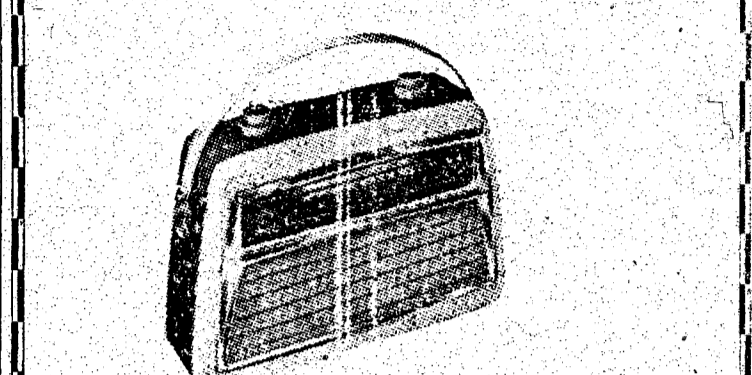

Newly Appointed N.T.
Miss Eileen Hughes, N.T., daughter of Mr. and Mrs. Wm. Hughes, S. Thomas' Tce., Dungarvan, has been appointed to Glenbeg National School, where she will serve under Principal Mr. Patrick O'Neill, n.t.

# Harvest Procedure for Wheat

## N.F.A. NEWS

Following an extract from a statement recently issued by the Central Laboratory of the coming harvest, it is pointed out that the main part of the wheat grain is the endosperm or floury part, which is composed mostly of starch. When wheat sprouts, the starch is converted into sugar. When you mix wheat with water, you get a kind of paste. But, as we know, sugar dissolves into water. The more sugar in the wheat, the thinner will be the mixture of wheat and water, and the thinner the mixture the quicker a piece of metal will fall through it.

The Hagberg test is, therefore, a test of the amount of sugar in the wheat and this, in turn, indicates the degree of sprouting.

"When we speak of the standard of colour or brightness of wheat we mean the degree of mould in the wheat. We do not mean the natural colour of wheat. Wheat will not be rejected because it has a dark natural colour.

"The grower has this safeguard, that he can, if he wishes challenge the judgment of the intake point, if his wheat is rejected on grounds of mould, he can appeal to the Central Wheat Laboratory, where a scientific test will be carried out.

"Any miller will gladly examine a sample of wheat submitted to him and, if necessary, do a Hagberg test on the sample, without charge to the grower. If the miller advises that the sample is not, in his opinion, millable, the grower, acting on this advice, can decide whether or not to let his wheat travel. It is essential, of course, that the sample be a truly representative one, and of course all the miller can do is to give advice. The final word as to whether the wheat is millable or not, must be given at the intake point."

**CHAIRMAN'S STATEMENT—ACT SHOULD BE AMENDED**

Within the last few weeks fourteen Wheat Conferences were held in different parts of the country in order that farmers could get on the spot information regarding the new standards relating to wheat.

At the first Conference, July, Mr. Jim Mullins, Chairman of the N.F.A. National Grain Committee made a statement. It is perhaps opportune to quote some of the remarks he then made:

"The N.F.A. agreed to share in the direction of the Central Wheat Laboratory because believed that this act of limited co-operation with the Flour Millers' Association was in the best interests of wheat growers for this year and probably for future years.

"It does not mean that the N.F.A. agrees the standards to be used for this year's harvest, and two points have been made clear in all the press statements—

1. The N.F.A. does not accept the millers' right to set standards.
2. The N.F.A. has insufficient information on which to base an opinion as to what the standard should be.

"On the other hand the millers reiterate their view that they must be free to set the standards they require. The millers base their view on the Cereals Act which gives no clear definition of millable wheat. We think that this act should be amended in this matter and have said so to the Department of Agriculture many times and will continue to do so. We say that as the Department sets the price and the Wheat Order it should also set the standards, being the only neutral body equipped to arbitrate between farmer and miller.

"Now a uniform standard for all mills is to be instituted. We are very conscious of the deep concern which has been expressed by some of those attending Conferences that the Millers' colour bar will not lead to any increase in rejections over what we have had in the past, but in this context it is possible to define a normal harvest, and how long is it since we had one?"

"Since the formation of the N.F.A. in 1955 it has been generally recognised by all farmers' organisations as the Association to speak for all corn growers. This duty has been fulfilled for the last 7 years if not always with the success deserved at least with vigour and determination. Flour Millers and Government alike have been, where necessary, constructively criticised, and alternative policies proposed.

"It would have been easy to reject the flour millers' offer of a share in the direction of this Laboratory. The determination of millability by colour is not practised elsewhere in Europe, and tests for baking quality by the Hagberg method to be used here is regarded as promising but not yet proven by European cereal laboratories. We had therefore very little information from else-

where on which to form a judgment. If the interests of growers are to be properly safeguarded it seems that this can be done more fruitfully by co-operation in the laboratory and learning enough to formulate an intelligent opinion as to what standards farmers would accept to be necessary than by staying outside and battering at the doors."

**COPY OF AGREEMENT**

The following is a copy of the agreement entered into by the Irish Flour Millers' Association and the National Farmers' Association, in regard to the Central Wheat Laboratory, Dublin.

1.—Four Directors, two appointed by the National Farmers' Association, two appointed by the Irish Flour Millers' Association shall be charged with the responsibility of administering the standards in the Central Wheat Laboratory.

2.—The Manager appointed by the Irish Flour Millers' Association shall be responsible to the four Directors for this purpose.

3.—Two chemists shall be in charge of the technical procedure of the Laboratory. One of these chemists shall be appointed and paid by the National Farmers' Association and shall be responsible to the directors appointed by the National Farmers' Association. The other shall be appointed and paid by the Irish Flour Millers' Association. Both shall work under the administrative direction of the Manager.

4.—There shall be a Liaison Committee consisting of four directors together with a representative from the Agricultural Institute and a representative from the Department of Agriculture.

5.—Members of the Committee, the Manager, and each of the chemists may refer any matter they wish to the organisations they represent.

6.—Any two directors shall have the right to call a meeting of the Liaison Committee.

7.—Any person, trader or organisation shall have the right to get wheat tested at the laboratory, whether dry or green, on payment of a standard fee, if the directors are of the opinion that this will not interfere with the main functions of the laboratory, i.e., standards.

8.—The National Farmers' Association does not accept the standards proposed by the Irish Flour Millers' Association. The National Farmers' Association has insufficient information on which to have any opinion as to what a reasonable standard should be.

9.—The operation of this agreement shall be jointly reviewed before arrangements are made for the 1963 harvest.

**RESTORATION OF GREEN PARK WALL**

The Deputy County Manager, Mr. S. Hayes, informed the Youghal U.D.C. that the plans for the restoration of the Green Park Wall damaged by the S.E. gale of March 7th last had not yet been sanctioned. The Council made a final appeal to the County Manager to get the matter expedited as soon as possible so that the work may be started without delay.

**HIGH TIDES NEXT WEEK**

Commencing on Friday, 14th September, and ending the 18th the highest tides of the year will occur and residents in the low lying parts of the town would be well advised to take all possible precautions. It is hoped that by this time the Green Park wall will have been repaired as with a wind anywhere from the South, Youghal could expect a repetition of the disastrous flood of 4th Wednesday last.

**HOUSING SURVEY FOR YOUGHAL**

At this week's meeting of the Cork County Council it was unanimously agreed to carry out a survey in the Youghal area for the purpose of housing.

**YOUGHAL BRIDGE**

It has been announced that the new Youghal Bridge across the river Blackwater at Ardcaillagh will be opened for public transport on Sunday, November 4th. Final stages of the work are now almost complete and it is a very impressive structure. This bridge will replace the old iron bridge which is about a quarter of a mile down river from the new structure. Prior to the selection of the site for the new bridge Youghal traders urged that the bridge be built at or adjacent to the old bridge site otherwise it would have serious consequences as far as the business of the town was concerned. It is now the general opinion that the new bridge will not seriously damage the business in Youghal.

## GEOSH MAN WEDS IN LONDON

St. George's Cathedral, Southwark, London S.E.1, was the venue for a pretty wedding on August 25th last, when Mr. Stephen Foley, youngest son of Mr. and Mrs. Michael Foley, of Geosh, Aglish, married Miss Deila O'Connor, S.R.N., eldest daughter of Mr. and Mrs. Thomas O'Connor of Ballyroe, Athy. Co. Kildare, formerly of Co. Limerick.

The ceremony, with Nuptial Mass and Papal Blessing, was performed by Rev. Dominic Mulhern, C.C., St. George's, whilst Rev. P. Farmer conducted the organ.

Given in marriage by her father, the bride wore a full-length gown of white brocade with nylon veil, fastened with a headpiece of roses. She carried a bouquet of pink roses and Stephanotis.

The bridesmaid was Miss Kathleen O'Connor, sister of the bride, and child attendants were Anne and Caroline Shaughnessy, nieces of the groom. Miss O'Connor wore a full-length gown of lilac brocade with matching accessories and carried a bouquet of Tea Roses and Lily of the Valley while Ann and Caroline were attired in short dresses of blue nylon with pink bows. Both wore headpieces of pink roses and carried baskets of pink roses trimmed with blue ribbon. Best man was Mr. David Foley, brother of the groom. The reception was held at Winefield House, South Lambeth Rd. S.W.8, where upwards of 60 guests were present. The happy couple were the recipients of numerous good wishes. Going away the bride wore a lemon two-piece with lemon and white accessories. The honeymoon is being spent in Guernsey.

## WEDDING BELLS

The marriage with Nuptial Mass and Papal Blessing took place at the Honan Chapel, U.D.C., recently between Mr. Maurice Neelan, son of Mr. and Mrs. Denis Neelan, Tralee, and Miss Mary Sheehan, daughter of Mr. and Mrs. John Sheehan, Knockgarraun, Cappagh.

The ceremony was performed by Very Rev. Fr. J. A. Power, O.S.A., Prior, New Ross, cousin of the bride, assisted by Rev. Fr. C. Daly, C.C., Modeligo.

The bride, who was given away by her father, wore a dress of white slipper satin cut on classical lines with chapel train of full-length tulle veil, which was held in place by a coronet of orange blossom and seed pearls. She carried a shower bouquet of deep red carnations and maiden hair fern.

Miss Breda Sheehan (sister of the bride) acted as bridesmaid. She wore an apple green brocade dress, also cut on classical lines. Her bouffant head-dress was held in place by a single white carnation. She carried a bouquet of white carnations and maiden hair fern.

The best man was Mr. Wm. Neelan (brother of the groom) while Sean and Eddie Sheehan (brothers of the bride) acted as ushers.

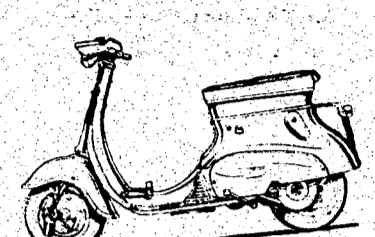

Sacred music was played throughout the ceremony. The wedding reception was held in Ashbourne House Hotel, Glounthane, Cork, and the honeymoon was spent touring Ireland. Going away the bride wore a primrose suit with black accessories.

The groom is attached to the Dunganvar Creamery and the bride prior to her marriage was attached to Cappagh Creamery.

## TIP, TOPS IN THRILLER

The 1962 All-Ireland hurling final in which Tipperary retained their crown at the expense of gallant Wexford will surely be bracketed amongst the all-time greats. No words of mine, no praiseworthy adjectives, could even remotely pay tribute to the magnificence of the fare served up by Sunday's finalists.

That there should have to be a loser to so pulsating a game was the only regrettable feature. Such was the warm-hearted dedication and zeal of all thirty participants and the sheer splendour of both sides hurling, that neither side really deserved to lose.

75,039 spectators were fortunate enough to have been eye-witnesses to it all, the memories of which will never be forgotten. Croke Park resembled a burning cauldron as the titanic battle waged unflinchingly to and fro. Four times in all the sides were level. Frequently in that memorable spine-tingling second-half the lead exchanged hands as the nerve-racking uncertainty of it all was precariously predominant.

## NEW HEIGHTS

In the end it was the holders, aided by the advantages of a younger age average that prevailed. Deservedly they reign for another twelve months at least as champions of Ireland, but only after withstanding the challenge of a Wexford side that even in defeat reached new heights in hurling glory.

At the close of as vibrating a final as has ever ornamented the Metropolitan stadium, Tipp had two points to spare — 3-10 to 2-11. And if Wexford's plausible efforts deserved something better than defeat, who could honestly deny Tipp their hard-earned success?

These southern champions stuck hard and fast, and within 80 seconds had set the game alight with goals by Moloughney and McLoughlin.

## INSPIRATION IN ADVERSITY

The effects of such a start would have disastrous consequences for most opposition. But not Wexford. Rather did they find inspiration in adversity and for the remainder of the half were more than a match for Tipp. Five minutes before half-time they had wiped out that eighty seconds deficit and if anything looked the more potent side. But in the remaining minutes of the half, the champions regained their dominating touch and points by Jimmy Doyle (2) and Sean McLoughlin left them 2-6 to 1-6 ahead at the turn of home.

Enthralling as that opening half had been however, it was completely overshadowed by the spell-binding intensity of a superrivalling second moiety. Within ten minutes the Slaney-styled goal on equal footing again and entering the closing quarter were two points to the good.

Picture the scene. Here were fifteen purple and gold standard bearers showing the way for their night-marish start. And with the encouragement of their huge following and every outsider in the ground, a repetition of '60 seemed inevitable.

Then and only then, however, was the true championship potential of Tipp illuminated in its proper perspective. Visions of yet another acknowledgment of defeat to Wexford only tended to make them produce the form that swept aside the challenges of all Southern opposition.

Brilliantly they regained their lead through a great goal by Killenough's Tom Ryan, after Mackey McKenna had completed the spadework. But within a minute equilibrium had been restored when Paddy Kehoe pointed a free.

Thus in the white heat of battle, glorious uncertainty continued to prevail. But with the sands of time running out, Father Time took its toll on Wexford's veterans. Visibly slower than Tipp, at this stage, they found themselves fighting an uphill battle once more and points by Nealon and McLoughlin ensured that the McCarthy Cup would find a resting place in Knocknagow for '62 and the nineteenth time in all.

To most a draw would have been regarded as a more fitting result and if ever a side deserved a second chance it was Wexford. They contributed regally to making it as fine and sporting a decider as has ever been waged in the 75 years of the Association's his-

## WORTHY CHAMPIONS

And yet this cannot detract one iota from Tipperary's victory. They simply took the chances that came their way, and are the worthiest of champions.

For the right-full back John Doyle, the occasion was a particularly memorable one, as he became the first Tipperary man ever to win six All-Ireland medals and fittingly he turned in a quality display to honour his feat.

To goal-keeper Donal O'Brien must go a major share of the honours, for it was his uncanny anticipation that defied many Wexford efforts.

## CLASSICAL

The hurling of centre-back Tony Wall was of a classical nature throughout, while Mick Burns came into his own in the crucial closing stages.

Unexpectedly Theo English and Liam Devaney had to play second fiddle to Phil Wilson and Martin Lyng and periodically Donie Nealon and substitute Tom Ryan (Toomevara) operated in the area.

Contrary to general belief also it was full-forwards Tom Moloughney and Sean McLoughlin that notched the decisive scores early on and Nealon both at top of the right and midfield played powerful hurling.

## WREAKED HAVOC

After an indifferent start, Tom Ryan (Killenough) wreaked havoc on the Wexford defence in the second-half, while Mackey McKenna and Jimmy Doyle (until retiring injured) were of an dangerous.

## GREAT SIDE

Wexford's display stamped them as a really great side, that cannot be far from the ten in years to come. Some of their veterans may now decide to call it a day, but they still retain the material to challenge—and beat the best.

On Sunday Pat Nolan gave a fabulous goalkeeping display and the superb hurling of Tom Neville was a treat to watch. John Nolan again effectively countered Jimmy Doyle, but Billy Rackard and Jim English both have had better games.

## SURPASSED EXPECTATIONS

Phil Wilson and Martin Lyng surpassed even Wexford's expectations by dominating midfield and it was no fault of the wily "Hopper" McGrath (a delightful hurler), the hard-hitting Ned Wheeler and the stylish Jimmy O'Brien and Paul Lynch in attack that they failed to strip Tipp of their title.

Having singled out the outstanding performers on both sides, let it be stressed again that all thirty acquitted themselves splendidly. The sportsmanship of victors and vanquished alike was exemplary and added greatly towards making it a final that will be remembered and talked of for many years to come.

## NEXT SUNDAY'S GAMES

A crowded and attractive programme has been arranged for Sunday next when three venues — Dungarvan, Cappoquin and Waterford stage appealing championship games.

Dungarvan must again hold pride of place on the list where two finals — Ardmore and Tramore in the County minor football final and Fourmilewater (holders) and Ballyduff Upper in the divisional junior hurling decider.

At Cappoquin there is real Western flavour about the clash of Colligan Rockies and Abbeyside. The Villagers will be without county star Austin Flynn and on that county the Rockies must be fancied.

At Waterford the two K's — Kilrossanty and Kill battle out their quarter final football championship in what is expected to be a thrilling struggle.

## WATERFORD'S TEAM TO PLAY WEXFORD

Following their Munster championship failure, the Waterford selectors have taken the bull by the horns and over-hauled the side to a great extent for their meeting with Wexford in the O'Rochas semi-final at Waterford on Sunday week.

The selected team is: E. Power, T. Cunningham, J. Harney, M. Og Morrissey, L. Guinan, J. Byrne, J. Irish, Joe Condon, M. Dempsey, M. Flannelly, T. Cheasty, P. Grimes, S. Power, C. Ware, J. Barron.

# Attractive Games at Three Venues

## NEW YORKERS MAKE LAST APPEARANCE

**DESPITE** the many attractive championship games that have been listed so very frequently in recent weeks it is doubtful if there has ever been as many glamorously appealing fixtures down for decision on the same day as on Sunday next. Dungarvan, Cappoquin and Waterford are the appointed places for these "plum" pairings and I can visualise many followers being torn between all three venues.

Walsh Park will bring the footballers of Kill and Kilrossanty into quarter-final championship combat at 2.30 p.m., followed by the farewell appearance of the county's New York exiles against Mount Sion. At Cappoquin the stage is set for a regal battle between Abbeyside and Colligan Rockies in the senior hurling championship, while Dungarvan stages two finals—Ardmore and Tramore in the county minor football decider and Fourmilewater defending their divisional junior hurling title against Ballyduff Upper.

**MID-FIELD DECISIVE** — As I see it in fact, the duels around midfield will be decisive. Should Kilrossanty gain equal footing in the area (I cannot visualise them dominating it) they have the forwards—notably Bucko Timmons, Mick Pender and Ned "Cheasty" Lonergan to do the rest.

This I expect, but should Kill prove me wrong, it will come as no surprise to anyone, and least of all the writer.

## YANKS TAKE ON THE CHAMPIONS

The Waterford New Yorkers wind up their four weeks' tour of the county on Sunday next, also at Waterford, when they have their farewell appearance against county champions Mt. Sion.

**WELL WORTH WHILE** — Although the Yanks have not met with success in so far as results on the field of play are concerned, their tour has been well worth-while. Everywhere they played they always gave of their best while their sportsmanship has been above reproach.

Enthusiastically they have faced "home" opposition and it is to their credit they every game they have participated in has been productive of top-class hurling. Obligingly they even turned to football on their tour and scored a splendid one point victory over Kilrossanty on Thursday of last week.

Now they bow out with a game against the county's long reigning champions. To expect them to master the all-powerful Monastery side would be a bit much but led by Johnny Quarry, Mike Pender, Larry Curran, Jim Cullinane and company, we feel sure they will acquit themselves splendidly. And as the saying goes: "It matters not who wor, or lost, but how you played the game."

## ABBEYSIDE-ROCKIES CLASH

The Cappoquin venue will surely house its biggest attendance of the year for the eagerly awaited senior hurling quarter-final clash between Abbeyside and Colligan Rockies. These near neighbours and keen rivals have left no stone unturned in their preparation for this game which is expected to provide hurling of a classical nature.

**DARK HORSES** — Rockies, have by virtue of their first round victory over Dunhill been labelled the surprise packages of the championship and to that I now add "the dark horses" of this campaign.

Against Dunhill they proved very conclusively that they are a side to be reckoned with at all times. At one stage during that game they were trailing by a four-goal margin and looked a thoroughly defeated side.

But never before did they display such top-rate hurling as in the second-half of that Dunhill game. The transformation that took place was as remarkable as it was unexpected and a repetition of it for the entire sixty minute span on Sunday would surely see them into the semi-final.

Few if any changes are expected from the side that so ably performed its giant-killing act.

Paddy Fitzgerald is undoubtedly amongst the leading custodians in the county and a defence marshalled by such stalwarts as Christy Dower, Cyril Uower, Gerry Quinlan and

— By —  
**JOHN A. MURPHY**

## OPPORTUNIST SCORE-GETTERS

In attack the Rockies are in no way lacking opportunist score-getters. Paddy Walsh, as proved against Dunhill, can be very dangerous while Mickey Walsh, their former star defender, but now equally beneficial in attack, and Dick Tobin, can turn into account any chances that may be going.

## MINOR FINAL

As a certain raiser to the junior game, Ardmore and Tramore meet in the county minor football final.

Both came through tough Divisional campaigns in fine style and as both play open football, a classy decider is envisaged.

Form may instal the Easterners as slight favourites but Ardmore, now that their minor hurling hopes were so heavily dashed, will make a tremendous bid for victory.

Boasting no less than five county minors—Frank Colbert, Paddy Carlton, Hugh Reilly, Liam O'Rourke and Jim Rooney, they are a really competent side and I am prepared to see them keep the title in the West for another twelve months.

## WON 100 YARDS (OPEN) EVENT

**DUNGARVAN GAMES** — If the Waterford and Cappoquin games, however, promise to "produce the goods," Dungarvan's two game programme bids fair to equal both.

Major attraction is, of course the Western junior hurling decider, that brings last year's champions, Fourmilewater, and St. Michael's (Ballyduff Upper) into opposition. It is a final that seems to possess all the essentials for a thrilling showdown and the outcome of which is shrouded in doubt.

To date both sides have been remarkably impressive, revealing power and ability in every vicar. Fourmilewater are champions and thus far their title has never been in jeopardy. If anything they are a better side than last year—although the personnel of the team remains unchanged.

## SUPERIOR OPPOSITION

But in Ballyduff they face a side of a calibre vastly superior to any they have encountered en route to the final and it will take all the brilliance of Mick Connolly, iKeran Ryan, the Walshs, Martin, Benny and Tom (the latter is travelling down from Dublin) and Liam Ryan if they are to hold on to their crown.

Ballyduff are in this final on merit alone, and they make no secret of their intentions to continue on their winning streak. When accounting for Ardmore they displayed a brand of hurling that would perturb any opposition. It is quite a few years since they resigned as western champions—a position their followers hope will be altered by Sunday evening.

The twelve months suspension imposed on Michael Quirke, recently robs the Reds of one of their key players but in Joe Daly, Brendan Coughlan,

Shamie Flynn, Mick Beecher and Mickey Feeney they have men well capable of instigating victory.

## COULD GO EITHER WAY

Summing up, it is a game that could go either way. Certain it is that little will separate them at the finish, but on the open spaces of the Old Boro pitch, the champions—younger by average may have the necessary stamina to stay the hour better and may just find themselves on the right side of a very close final score-line.
