Chairman's Casting Vote Decides

As with the majority of applications for revision of salaries that came before last Monday's Health Authority in Dungarvan, that of the Anesthetist employed by the Authority was granted, on the casting vote of the Chairman.

The Secretary (Mr. Hynes) said his present salary was £878 plus fees per annum and it was proposed to increase it to £1000 per annum without fees. Although, in actual fact he was only a part-time officer he was fully employed at a. times.

M. J. Griffin proposing the increase from 1st November 1962, said that since all the other doctors had been given an increase it would only be just to give it to the present applicant.

Mr. W. Collins said it was vitally important to have a majority of the applicant's ability attached to the Authority.

When the issue had been granted Mr. W. Dower said that ever since he became a member of the Health Authority all he had been faced with was increases.

Mr. N. Walsh — Well said, Mr. Dower.

DEFEATED
Failing to get a proposal for a revised salary for medical officers of District Hospitals (Dungarvan and Lismore) and the County Home, Dungarvan, was turned down.

Mr. Charles Curran — These two men are from the West and they did not get it. That is why they did not get it. Now I wonder could we root out anyone else that might want £1,000 or £2,000 more.

Canvassing By Officials Criticised

If Mr. Curran was scandalised, he is a source of scandal if he does not take the logical sequence to that. So stated Mr. John Griffin at last Monday's Health Authority meeting in Dungarvan when Mr. Charles Curran said members had been canvassed by officials to vote for salary increases that would be coming before them at meetings.

The matter arose when members were discussing an application by Dr. V. Crotty, former R.M.S. St. O'teran's Hospital.

Mr. M. Galgey said it was not a case of what you knew today but what you knew yesterday.

Revolving to Mr. W. Collins, the County Manager (Mr. S. J. Moynihan) said there was no great harm in an official asking a member for a vote. However, it was an inadvisable practice.

The question of Dr. Crotty's retrospective payment was then put to the meeting and after an 8-8 vote had been recorded Mr. W. Kenneally gave his casting vote in favour of the application.

INCREASE FOR SEVEN INSPECTORS

'Not Being Realistic' says Mr. Foran

BY ten votes to six a motion moved by Ald. T. Gallagher that they adopt the recommendation of the Labour Court in relation to the salary of Health Inspectors with effect from August 1st, 1960, was passed at last Monday's meeting of Waterford Health Authority.

Ald. Gallagher said Donegal and themselves were the only counties that had not agreed to this revision. It was before them six months ago and only the retrospective date was rejected.

Mr. J. A. Hynes (Secretary) said seven inspectors were involved and the total cost would be £740, half of which was recuperable.

Mr. W. Foran said they were not being realistic about increases that were cropping up. It was about time they took heed of the Taoiseach's speech when he referred to increases

and said the people asking for higher wages did not know the damage they were doing the country.

"There is an amount of food for thought in that," continued Mr. Foran. The Unions must face facts in the near future when we enter the Common Market. They may not be so liberal in recommending increases then. A five day week is operating in many big industries but it is a ten day week where the harvest and crops are concerned. Three quarters of the population are living in a white collared paradise while the other quarter are bearing the brunt in severe fashion.

They, as public representatives, would have to realise that he added. The next thing they would want was a half-day on Mondays. That was what the Labour Court advocated. That was the trend.

Mr. M. Galgey said Ministers were getting up on public platforms asking not to give increases and then they gave them over their heads.

Mr. Foran — They will turn the country Communist if they do not stop.

The voting on the application was: For — Messrs. Fahy, Roche, Cahill, Madden, Power, Kenneally, Browne, Griffin, Collins (9); Against — Curran, Dower, Foran, N. Walsh, Galgey, Hamilton (6).

DEFEATED
A proposal by Mr. J. Power, seconded by Mr. P. Browne, that revised salary scales be adopted for the Resident Medical Superintendent, the senior assistant medical officer and the Assistant Medical Officer, at St. Otteran's Hospital, Waterford was defeated by 12 votes to 4.

Mr. N. Walsh said they were fooling long enough and this application if passed would mean they would have to pay the Government tax recorded.

Mr. W. Foran quipped "It's about time we lost something".

Mr. J. Power — It's only prolonging the agony.

By a 14 — 1 vote an increase of 11/- a week was granted to five employees whose wages are based on the roadworkers' scale. A similar increase was granted to County Council roadworkers recently.

The cost of the increase to the Authority will be £116 to March 31st next.

Mr. T. Gallagher proposed and Mr. P. Browne seconded the application.

Mr. W. Foran said he (specialist) was only falling in on the band-wagon of increases

give him a 50% increase retrospective to November 1st, 1961. The cost to the Authority to March, 1963, would be £200.

SOUGHT £2,892 IN INCREASES

Applications for salary increases totalling £2,892 for employees of Waterford Health Authority came before the Authority's monthly meeting on Monday last. Half of this amount was recuperable, it was stated by Mr. Hynes, secretary, and would represent a total increase of 3d. in the £ on the rates.

The twenty-one item agenda was dominated by requests for revisions of salaries. In all ten of the items concerned salary increases and during the course of discussion Mr. William Foran remarked that three quarters of the population were living in a "white collared Paradise" while the remaining quarter was bearing the brunt in severe fashion.

At the outset the County Manager (Mr. S. J. Moynihan) referring to a resolution passed at a previous meeting that they only deal with increases at one meeting a year, said they had 900 employees, 108 different grades, and 16 unions. They could imagine the difficulty they would be faced with in dealing with all increases in one day or even a number of days.

Mr. Charles Curran said wasn't it a fact that a series of increases had been given over the past few years.

Dungarvan's 'Idle' Referred To

'Could Work with Farmers Saving Harvest'

WHEN members of Waterford Health Authority were discussing an application for revised fees for Specialists employed by the Authority on a fee basis at their meeting on Monday last, Mr. Charles Curran said what was needed in the country was a levelling up in the standards of living.

Men were walking around Dungarvan idle, he said and they were giving increases to men that were already well paid. It was truly unchristian.

Ald. T. Gallagher said those idle in Dungarvan could go out and help the farmers save the harvest.

The Secretary (Mr. Hynes) said there was only one specialist involved in the application. He was presently getting 3 guineas per four-hour session and that rate was in operation since 1948. It was proposed to

give him a 50% increase retrospective to November 1st, 1961. The cost to the Authority to March, 1963, would be £200.

WILL SERVE IN WATERFORD AREA

The Protestant Bishop of Cashel, Emily, Waterford and Lismore, Rt. Rev. Wm. Cecil de Pauley, D.D., officiated on Sunday last at the ordination in Christ Church Cathedral, Waterford, when Mr. Christopher Bruce Warren, M.A., was made deacon and licensed for the curacy of Waterford.

The ordination sermon was preached by Rev. Canon G. S. Nowlan, M.A., Rector of Rathfarnham, and Canon of St. Patrick's Cathedral, Dublin.

The Donkeys Drew the Crowds

The donkey derby in Tramore on Sunday last attracted considerable interest in Dungarvan and district in view of the entries from West Waterford.

The derby, however, was out of luck as far as the main awards were concerned. The three principal prizes going to competitors from Kerry, Offaly and Tipperary.

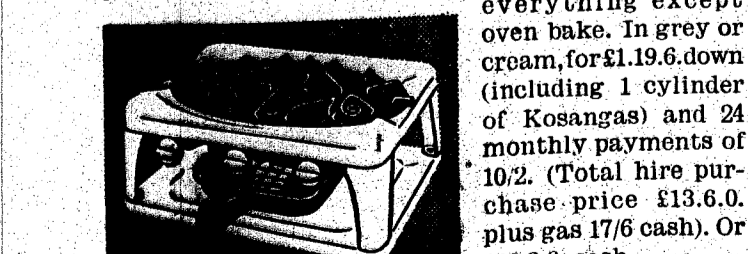

The event was sponsored by the makers of ales and lagers. The winners were 95 entries and a crowd of about 10,000 turned out at the race course.

The Waterford Men's Association of New York City led by Mr. Johnny Buckley, of Dungarvan, leave Shannon Airport outward bound after a month's holiday at home.

LATE MRS. MARY

DUNNE

Ballyharrahan, Dungarvan
Deepest sympathy is extended to the husband, family and relatives of the late Mrs. Mary Dunne, whose death occurred, at an early age, on Thursday, 20th September, at the Richmond Hospital, Dublin, after an illness of some short duration. She was a most likeable person and a most neighbourly upright member of the community which won for her legions of friends around the Dungarvan area. She was a native of Kibrien previous to her marriage.

The remains were removed on Friday evening to St. Mary's Parish Church, Dungarvan, followed by a cortege of very great dimensions and were blessed and received by the Rev. Fr. J. Murphy, C.C.

Requiem Mass was celebrated on Saturday morning and the interment took place in the adjoining family plot. Rev. Fr. J. Murphy, C.C., also imparted the final absolution at the graveside, and recited the prayers of requiem.

Very large sheaves of spiritual and floral tributes were received by her family.

The chief mourners were: Patrick Dunne (husband); Liam and John (sons); Marian (daughter); Maurice Fraher, Abbeyside, Patrick Fraher, Fermoy, John, Reading, England and Thomas, Grantham, Lincolnshire, do. (brothers).
(Funeral arrangements were carried out by James Kiely and Sons, Shandon, Dungarvan.)

Late Mrs. Hannah Byrne

Congress Villas, Dungarvan
The death occurred on Monday, September 24th, at the District Hospital, Dungarvan, after a rather short illness, of Mrs. Hannah Byrne, Congress Villas. She was a member of a very old Dungarvan family and her passing will be deeply felt. Her qualifications of gentleness and reserved disposition made her a friend of one and all. Great sympathy is extended to her husband Patrick and to her family on this very sad occasion.

Her remains were removed on Tuesday evening to St. Mary's Parish Church and were followed by a very large cortege, and were blessed at the church gates and received by Rev. Fr. W. Power, C.C. Requiem Mass was offered on Wednesday morning for the eternal repose of her soul, and the interment took place in the adjoining cemetery. Rev. Fr. W. Power, C.C., also officiated at the graveside. Another large concourse were present to pay their final respects.

Large sheaves of spiritual tokens were received by her family.
(Funeral arrangements were carried out by James Kiely and Sons, Shandon, Dungarvan.)

RESUMPTION OF CIVIL DEFENCE TRAINING IN DUNGARVAN

Civil Defence training was resumed in Dungarvan at the Civil Defence Room on Thursday last August 20th. Mr. J. G. Dowling, Co. Secretary and Civil Defence Deputy Controller, opening the proceedings, welcomed all present. He thanked the volunteers and instructors for their co-operation in the development of the Force over the last twelve months and complimented them generally for their patriotic efforts in undertaking the essential task of being prepared to meet the threat, nuclear or other war should such a catastrophe occur.

Commandant B. M. O'Brien, recently seconded from the Army to fill the role of Regional Civil Defence Officer for No. 1 Region, embracing Waterford County and City, Cork and Kerry, expressed his satisfaction with the progress he noted in Co. Waterford since his appointment. In particular he declared his approval that pride of place had been given to the Warden Service. He complimented those responsible for this approach and expressed his high estimation of the personnel he had seen throughout the county. While the Waterford Service was of primary importance, he said, and must eventually be so widespread as to have a representative in every group of two or three townlands throughout the country, he was not detracting from the importance of the other services in Civil Defence which, he said, are also so very essential and which he was glad to see developing so hopefully in the capable hands of Mrs. M. Fitzgerald, Miss Teresa O'Brien, Messrs. John Power, Richard Ryan, Edward Morrissey, Patrick J. Breen, instructors respectively in casualty, auxiliary fire and welfare sections.

Mr. T. O'Donoghue, B.E., Civil Defence Officer for the County, in encouraging all old volunteers and those newly enrolled to act as recruiting agents, to encourage their friends to swell the ranks of Civil Defence, mentioned the opportunities that would be presented in the future, he thought to uphold the honour of the county in the inter-county competitions that were bound to arise in the neutral course of the healthy growth of the Force. While its aims were of a vital and serious nature, progress was best and most stimulating where the training was approached in a more carefree attitude, which was therefore to be encouraged without, of course, sacrificing the aim at perfection which was a vital stimulus to all continued effort.

Also present were Mr. Seamus Keating, Staff Officer and Civil Defence General Instructor, and Mr. Sean Power, N.T., Civil Defence District Warden.

TEENAGE SECTION AGAIN IN BREADBAKING COMPETITION

Teenagers will, after all, be allowed to enter this year's National Wholesome Bread-baking Competition organised by the E.S.B. in co-operation with the National Ploughing Association. The section for juveniles which had been included in previous competitions, was dropped when it was decided to organise the 1962 competition at parish level to

encourage greater numbers of adults to enter.

In view of the overwhelming demand from young people throughout the country to be allowed to compete the section for junior competitors has been reintroduced. The "Teenage Section" will cater for juveniles between the ages of 13 and 18 years. Teenagers will not be eligible to compete in both junior and senior competitions;

but if they are 16 years or over they can, if they wish, take part in the senior competition.

Last year over 3,000 juveniles entered the competition.

The county finals—in which both senior and junior representatives will take part—will be held in the week ending October 27th next. The winners from each county will compete for the overall awards in the National Finals in Thurles on November 7th and 8th next.

Dungarvan has always answered the helping call of this service and we feel sure the forthcoming visits will be as splendidly attended by willing donors as in the past.

WEDDING BELLS

MURRAY-LANDERS

The marriage, with Nuptial Mass and Papal Blessing, took place in Ballinroad Parish Church, of Mr. Patrick Murray and the late Mr. Nicholas Murray, Deelish, to Kathleen, daughter of Mr. and Mrs. John Landers, Ballinroad. The ceremony was performed by Very Rev. J. Roche, P.P., assisted by Rev. M. Walsh, C.C., do. and Rev. M. Farrell C.C., Kilgobnet.

The bestman was Mr. Noel Murray, brother of the groom and the bridesmaid was Miss Carmel Landers, sister of the bride.

The bride, who was given away by her father, was beautifully attired in a ballet length frock of white witchcraft lace and her veil was held in place by a coronet. She carried a bouquet of red carnations and maidenhair fern and also a bridal missal. The bridesmaid wore a turquoise lace frock with matching headdress and carried white carnations.

Following the ceremony, a reception, attended by upwards of 50 guests was held in Ocean View Hotel, Clonea. Going away the bride wore an ace blue suit with white accessories.

Both bride and groom were the recipients of many useful wedding presents.

Late Miss Aileen Flynn

Ballinacough, Dungarvan. Deep sympathy is extended to Patrick and Mrs. P. Flynn and also to their family on the death of their six year old daughter Aileen, which took place at her residence on Monday, 24th September. She had been ill for some time but had attended school the previous week. May God comfort them all in this hour of sorrow.

The remains were removed to St. Mary's Parish Church on Monday evening, followed by an immense cortege and were blessed and received by Rev. Fr. W. Power, C.C. The interment was made the following day, Tuesday in the adjoining cemetery.

Large numbers of spiritual tokens and also floral tributes were received by her parents, brothers and sisters.

A NICHOLAS N PRODUCT

This photograph shows three members of the Auxiliary Police force, 1920-21. The "Auxies," as they were called, and the "Black and Tans" were specially recruited to crush the fight for freedom. How the spy system on which these forces depended for information was crushed, and the terrible reprisals that followed, is vividly told in a dramatic new book, "Bloody Sunday" serialisation of which begins next Sunday in the SUNDAY PRESS.

WEST WATERFORD NEWS
LATE MR. RICHARD O'CONNELL
 We regret to announce the death, which occurred at an advanced age, of Mr. Richard O'Connell, Graigue, Aglish, Deceased, who was a member of a well known family, was a popular and respected figure and of a most industrious nature. His demise has occasioned deep and widespread regret and sympathy is extended to his bereaved family.

The funeral to Clashmore Cemetery was of very large and representative proportions, while there was also a big attendance at the interment in the adjoining cemetery.

CLASHMORE CURATE BEREAVED
 Sympathy is extended to Rev. Fr. M. J. Russell, C.C., Clashmore, on the recent death of his mother, Mrs. Annie Russell, Ballyporeen, Co. Tipperary.

Deceased, who was of an extremely religious and charitable disposition, was a very popular amongst all sections of the community and her passing, following a rather prolonged illness, has caused much regret.

The remains were removed from Medical Missionaries of Mary Hospital, Clonmel, to Ballyporeen Parish Church and the accompanying cortege was one of the largest and most representative ever seen in the area and included a big gathering of clergy, the mayor and members of Clonmel Corporation, the Chairman and members of Waterford County Council, etc.

The interment took place in the adjoining cemetery. Solemn Office and Requiem High Mass, attended by a big number of clergy, was offered for the eternal repose of her soul in Ballyporeen Church.

IRISH PROFESSOR'S LECTURE
 Dr. J. B. Ruane, Professor of Farm Management at U.C.D., recently lectured at Warrenstown Agricultural College to 120 members of the British Society of Animal Production. It is of interest to note that Dr. Ruane will give a lecture on Farm Management, at Clashmore, in the near future. The lecture, one of the R.D.S. series, is being sponsored by the County Waterford Vocational Education Committee and is expected to attract a record attendance.

THE HARVEST
 Most of the crop in this area has now been harvested. Due to the advent of dry weather, most of the grain has been saved in good condition. The lifting and crowning of the beet crop is now about to begin.

DOMESTIC ECONOMY CLASSES
 Classes in domestic economy are now in progress in Clashmore twice weekly. There is a good attendance at both afternoon and night classes, which are being conducted by Miss M. O'Meara, D.E.I.

G.A.A.
 Clashmore, having qualified for the Primary Football Divisional Final, are now preparing for the big event. Aglish GAA ladies are confident of their ability to annex the senior football championship.

YOUGHAL BRIDGE
 Beet growers are disappointed that Youghal Bridge will not be open to traffic as early as expected. It now appears that beet will again this year be delivered from Ardmore and Clashmore areas via Dungarvan and Cappagh Stations.

CONGRATULATIONS TO NEWLY WEDS
 Congratulations to Miss Mary Coughlan and Mr. John Douris on the occasion of their recent wedding. Both are very popular in the Clashmore area. Miss Coughlan is a former president of Clashmore I.C.A.

RETURNED TO AMERICA
 Following holidays spent amongst his relatives and friends in Touraneena and Old Parish, Mr. Tommy Conry, who was accompanied by his wife and family, returned to the U.S. with New York's Waterford hurling gael, who, on their return flight, left Shannon on Wednesday 19th September.

Also returning with the exiles as one of the officials of the Waterford Club, was Mr. Maurice O'Grady, Knockboy, Ballinamut.

SCHOLARSHIP WINNER
 Congratulations to Theo Parker, Cahernaleague, Ballinamut, who was awarded a scholarship in agriculture under the Waterford County Council Scheme.

SCHOOL STRIKE
 As a protest against the unsatisfactory condition of the old school at Newcastle, Ballymacarby, and the delay in completing the new one (now in the final stages of erection) the majority of the parents would not permit their children to return to school. Out of eighty-six pupils on the roll, only twenty-six turned up for classes on the re-opening day, following the summer vacation. Since then the attendance has dropped to six, as the strike goes on.

 We regret to record the death of Mrs. M. E. Stout, of Knockaverry, Youghal, which took place recently at the residence of her daughter, Mrs. B. Quain, South Main Street, Youghal, after a brief illness. Formerly of an old established Bandon family, the deceased was mother of Rev. D. J. Stout, I.C., of Tanganyika, and since her advent to Youghal she made many friends. A lady of many admirable qualities, she was held in high regard by all who had the pleasure of her acquaintance and who now mourn her passing.

The remains, accompanied by a very large and representative cortege, were removed to the Church of Our Lady of Lourdes, where Requiem Mass was celebrated on Saturday morning last by Rev. Fr. Magner, C.C., and the funeral took place that afternoon to the family burial ground at Bandon.

LATE MRS. MARY CASHMAN
 Deep regret was felt in her native town of the announcement of the death of Mrs. Mary Cashman (nee Power) which took place over the weekend with tragic suddenness in Dublin. Sister of Rev. William Power, S.M.A., and eldest daughter of M. S. Mary and the late John Power, Clock Gate, Youghal, the deceased was a well known personality. She is survived by her husband Mr. Patrick Cashman of Alexander Road, Cork and three young children. Her death in her early forties is deeply regretted and very sincere sympathy is extended to her bereaved family. The remains were removed to St. Patrick's Church, Cork, from where the funeral, both large and representative, took place to St. Finbar's Cemetery at 10 o'clock Mass.

YOUGHAL BRIDGE
 In the presence of a large gathering, the 80-ft. long deck beam weighing 180 tons, was hauled into position on Monday last. This structure was placed on the east side of the bridge and moved across on roller bearing resting on huge girders. This mass of concrete and steel was moved at the rate of one foot per minute and was done by manual labour with two winches operated by twelve men. During the move there were several stops to check progress and to make slight adjustments. The bridge is expected to be open to traffic early in December. The work which started in 1960 is well ahead of schedule. It is 880 feet between the abutments at either side of the river, and 1,350 feet between the approach roads. It will give 21 feet clearance over high water.

YOUGHAL COURSING CLUB
 At a special meeting of the Youghal Coursing Club, striking references were paid to the memory of the late Mr. John M. Ryan, one of Munster's most popular and well known greyhound racing and coursing personalities. A sincere vote of condolence was passed with the relatives of the deceased on behalf of the Youghal Club and its officers. The local Club was represented at the removal of the remains by Messrs. Dick and John Power.

 Youghal is to have a new watermain of 8" pipe to replace the present 6" main. Tenders have been received for the contract and the Engineer Mr. O'Sullivan, B.E., stated that he could not recommend the acceptance of any of the tenders. The Asst. Co. Manager informed the Urban Council that the work would work out at 1/- in the £ on the rates. Further, that the quality of the water will improve as acidity and encrustation will cease.

Degree in biochemistry by the University of Glasgow, where he is at present engaged in work of research. Dr. Fottrell, who received his early education at the Christian Bros. Schools, Youghal, is son of G. and M. Fottrell and Mrs. Fottrell of Clifton, Youghal.

Due chiefly to emigration, the membership of Lismore Dramatic Society has fallen considerably and the club would welcome new members. Anyone who is interested in joining should contact the secretary Mr. J. Stapleton or any member of the Club.

VISIT OF U.S. DELEGATES
 Early last week, Miss Mary Massey and Walter Henry, International Farm Youth Exchange delegates from the U.S., arrived in Lismore to begin their stay with host families in County Waterford. They have already spent two months on the exchange programme with farming families in the Six Counties.

Mary, who is 23, comes from Hagar in the State of Virginia, where she has lived on the family farm. Walter, who is 22, hails from Lanesfield, Ohio, and also lives on the family farm.

During their stay here they will live with farm families and visit many farms and places of interest in County Waterford.

They were met on their arrival at Lismore Station by members of the National Council of Maera na Feirme and members of the local branch. They will give talks and film shows to Maera and I.C.A. members before leaving for Westford.

The Wheat Question N.F.A. NEWS

Most of the winter wheat has been harvested but the cutting of spring wheat is only starting now. Reports indicate that sprouting is widespread and much of the grain discoloured. The N.F.A. National Council met last week to consider the report from the National Grain Committee which had already called on officers from the Department of Agriculture and had since asked for a restoration of the 1960 scale price for wheat in place of the 1962 scale. The current scale was supposedly designed to discourage excess wheat growing in less favoured areas but in the conditions now prevailing creates only as a heavy penalty on all growers irrespective of their skill and the care with which they handle the crop.

The N.F.A. has been sharing the direction of the Central Wheat Laboratory with the Flour Millers' Association whereby the facilities now available for the quality assessment of wheat can be used to improve the segregation of this year's wheat into what is usable and what cannot be milled into flour. It is hoped in this way that a settlement of the problem facing farmers and millers can, with the sympathetic co-operation of the Government, be resolved in the best interest of all. Farmers are advised to keep their wheat sale dockets in good condition showing: (a) quantity sold; (b) price received; (c) date of sale; (d) (bushel weight and moisture content); (e) amount of Grain Board levy deducted; (f) Hagberg number.

Where the wheat is graded as unmillable the wheat docket should be so marked but apart from this it should give all the necessary information listed above. The Flour Millers have agreed, where requested, to give in writing the reason for rejection of a grower's wheat. We would urge farmers to be reasonable in this respect and to request this information in writing only cases where there is real reason for doubt.

It is of the utmost importance that farmers should not withhold their wheat but should do their utmost to ensure a steady flow, otherwise intake points may become congested. We would recommend that farmers should at this stage exclude wheat around the headlands, lodged patches and heads of stacks from consignments which they are sending to the mills. Colour Standard Relaxed.—Later in the week after lengthy

negotiations by the N.F.A. on behalf of farmers who stand to lose heavily on their harvest, the following joint statement was issued by the N.F.A. and the Irish Flour Millers' Association. "Following a meeting between representatives of the Irish Flour Millers' Association and the National Farmers' Association to-day, the flour millers agreed to relax their colour standard for wheat, and to accept wheat on the same basis as last year. "The N.F.A. representatives referred to large scale rejections of wheat and urged that immediate action be taken by the flour millers to relieve the situation and enable the normal flow of wheat to be resumed. "The flour millers' representatives stated that the standards had been defined on the assumption that Irish wheat would be used to the extent of 75% in the gist, but as it seemed unlikely that this target can now be reached, the colour standard could be relaxed. Instructions to this effect are being issued to all intake points. "The flour millers stated that there could be no charge in the maltose figure of 2.3 which is in force. The Hagberg test, and the system of appeals to the Central Wheat Laboratory will be retained. At this stage it is not possible to estimate the amount of the crop which might be found to fail the Hagberg test."

The Irish Flour Millers have agreed that this decision is to be retrospective and all wheat previously rejected on colour will be upgraded, provided the maltose figure is acceptable. FARMERS WORRIED BY £8m. FACTORY No evidence has yet been given to show that the proposed £8m. nitrogenous fertilizer factory will be a sound investment for the Irish people or in the best interest of farmers. This was the opinion of the N.F.A. National Council which met in Dublin last week. Originally, it was claimed that such a factory would be based on the use of Irish raw material, e.g. peat from the Blackwater bog or pyrites from Avoca. The siting of a factory was to be governed by the availability of the raw material. Now it is proposed that imported sulphur, pyrites and fuel should be used. The only native material to be used is limestone and this must be hauled 50 miles across the mountains! Oil if regarded as "native" would have to be transported 122 1/2 miles. The proposed factory is to give full-time employment to 300. This is an extraordinary figure since— (a) It is the inclusive figure given in 1959 to cover the winning of turf and gypsum (as first intended) plus the manufacture of the fertiliser itself. (b) Fisons in conjunction with I.C.I. are building a £90m. plant which will only need 70 persons. (c) In 1959 the N.F.A. was specifically informed in the Department of Industry and Commerce that the giving of employment would not be a deciding factor. Now, the employment of 300 is highlighted. Employment in this instance would be at a cost of £20,000 per man, which is ten times that required to give employment in light industry. On the basis of 100,000 tons p.a. production, depreciation of as little as 5% interest at 6% and wages: the cost per ton would be £8-15-0 to £10-15-0 without allowance for cost of raw materials or transport. Import prices of bulk nitrogenous fertilisers are at present around £10 per ton c.i.f. World surpluses of fertilisers are increasing. Figures procurable do not dispel the doubts attaching to this project and farmers are worried about whether this £8m. is being well spent.

DEATH DUTIES The Economic Section of N.F.A. is at present working on a project which should bring to light the unnecessary hardship suffered by people in agriculture as a result of Death Duties. Since farming requires a high capital investment with a considerably smaller percentage profit than other forms of investment it is unfair that capital invested in farming should be subject to Death Duties to the same extent as other forms of investment. Under existing legislation Death Duties reduce the earning capacity of farms at a time when agriculture can least afford it.

WHEAT STANDARDS Misunderstanding still seems to exist in some quarters on the N.F.A. position regarding present wheat standards. This was further encouraged by a report in a prominent southern newspaper. Despite a correction published next day we feel that it is timely to repeat once more the facts. The N.F.A. agree to share in the direction of the Central Wheat Laboratory because it believes that this act of limited co-operation with the Irish Flour Millers Association is in the best interest of wheat growers for this year and probably for future policy. The N.F.A. has made it quite clear on a number of occasions that it did not and has not accepted the standards set by the Irish Flour Millers for this year's harvest and two points have been made clear since these standards were announced— 1. The N.F.A. does not accept the millers right to set standards. 2. The N.F.A. has insufficient information on which to base an opinion as to what the standard should be.

FARM STRUCTURES Following the recent International Meeting on Rural Life, in Rome, the President of the N.F.A., Mr. R. Deasy, Mr. S. Healy, General Secretary, and Mr. T. Cahill, Honorary Secretary and member of the Farm Structures Committee spent several days examining in detail some projects in Italy which have hit the press headlines. Particular interest was shown in the Borgo a Mozzano project. Discussions were held with the Directors and Staff involved in these enterprises. Village group leaders were interviewed and judging from reports received at Headquarters it appears that a lot of valuable information has been obtained which will be of value to the N.F.A. Farm Structures Committee. N.F.A. COUNCIL AND MACRA NA TUATHHE £50 per annum for the next five years, is to be contributed by the N.F.A. to Macra na Tuaithe. This decision was taken at the National Council Meeting held last week. This is a further endorsement of the fact that the N.F.A. is wholeheartedly behind the ideals of the junior section of Macra na Feirme. County Secretaries are being written to asking them to do what they can to further the Macra na Tuaithe Scheme in their areas. It is expected that Co-operative Societies will also be anxious to be associated with Macra na Tuaithe activities, and it is confidently hoped that they will back this Movement with financial help. The decision of the Government to import Charollais Cattle has been welcomed in most circles. The N.F.A. has asked on many occasions during the last few years that a limited number of these cattle (for which extraordinary claims have been made) should be obtained for test purposes here. The Department decision followed a visit to the United States by Mr. J. Beatty, and Mr. P. Harnett. It is reported that the initial consignment will consist of sixteen Charollais and Polled Hereford cattle. The majority will be Charollais bulls selected from the top herds in the U.S. The reason for purchasing the cattle in America, rather than France is, in order not to jeopardise our existing North American meat market.

Late Miss Mary M. Power
S.R.N., R.F.N.

The death took place on Monday, 17th September, at Lisnace Hotel, of Miss Mary Power, S.R.N., R.F.N. She was a native of Carrowgarra, Cappagh, and was a well-known member of the nursing profession. She served under the Waterford Health Authority and spent twenty years on the staff of the Lisnace District Hospital, holding for a period the post of matron. A lady of amiable disposition, her memory will be long cherished by those whom she gave devoted service and by her associates in the nursing and medical professions.

The County Health Authority was represented by Doctor M. O'Farrell, M.O.H., and Mr. J. A. Hynes, Secretary when, followed by many hundreds of mourners, the remains were on Tuesday evening removed to Modelgo Church, where they were received by Rev. C. Daly, C.C.

The burial took place on Wednesday in the adjoining cemetery, Rev. C. Daly, C.C., and Rev. V. O'Donovan, English Mission, officiating. There was again a very large attendance.

The chief mourners were: Edward, Carrowgarra (brother); Mrs. K. Holkinson, London; Mrs. M. Luke, do. (sister); P. Barron, Knockairia (brothers-in-law); T. Barron, Knockairia (nephew); Mary Luke (niece).

(Funeral arrangements by A. Walsh and Sons, Cappoquin.)

Members of the Town association of Dungarvan I.C.A. and the members of the Ballynameela Guild Banntracht na Faoithe held their annual outings independently, last week but both groups homed-in on the same target—the Waterford International Festival of Light Coera—and enjoyed a cultural afternoon topped off with any enjoyable tea.

WEDDING BELLS

QUIRKE-CIONNFAOLAIGH

The marriage took place with Nuptial Mass and Pupal Blessing at the Parish Church, Yougal on Wednesday, between Mr. Maurice Quirke, Trahoigan, Co. Cork, and Miss Brigid Ní Cionnfaolaigh, daughter of the late Mr. and Mrs. Michael 'o Cionnfaolaigh, An Rinn.

Following the reception which was held at the Green Park Hotel, Yougal, the happy couple left on their honeymoon which is being spent on a motor-tour of Ireland.

Now Safely Back at their home in England are Mr. and Mrs. Donagh (Don) Quilty and their family of five children, following a grand holiday, during which they stayed at Ocean View Hotel, Clonea, Dungarvan, from where boating, fishing and motor trips occupied their days at this side of the Channel.

Mrs. Quilty, prior to her marriage, was Miss Bridie Kieley, of Ballygown, Leamybrien. Mr. Quilty is a native of Co. Limerick; his father and his uncle both fought in the county's young manhood. Positioned in a clerical capacity, he and his wife and family look forward to again holidaying in the Decies next year. Good luck to them.

Have it that the members of the Ballynameela Cumann, F.F., have an important agenda to dispose of at their usual monthly meeting, taking place to-night (Saturday) at 8.15.

A Native of Lismore and a past pupil of the C.B.S. there is Mr. Michael Ormond, of Carlisle Avenue, Donnybrook, Dublin, chief clerk in the office of the Official Assignee, and he was present at the opening meeting of the Committee on the Law of Bankruptcy in the

Kilmacthomas News

Of A Verity, none of the persons referred to in the subjoined breathe in the part of the fair and fertile country veined by the rivers Dulligan, Tay and Mahon.

"He's such a heel his stocking hangs up for Christmas." "She's so sarcastic she could chop cabbage with her tongue." "For exercise, he lets his flesh creep." "She's so dumb she thinks you cool a motor by stripping the gears."

"He never knew what happiness was 'till he married Mellie, then of course it was too late."

A Holiday in his native Kilmacthomas has just been wound up by Mr. Anthony (Tony) Beattie, Chartered Accountant Edgware Road, London; he was accompanied by his infant daughter, and during their stay they were guests of their parents, Mr. and Mrs. Ben Beattie, St. Anne's Tce. Both are in radiant health and spirits.

Most Conveniently Situated for the members of the Kilmacthomas Fire Brigade is the newly-erected structure in the town for the storage of their lorry and general equipment. Messrs. Wm. Power, Kilmeaden and James Tobin, Boolatin, Leamybrien, were the tradesmen engaged, and they were assisted by a group of County Council roadmenders in charge of Mr. Mommie Landers (overseer), Garrahlish, Kilmacthomas. The essential building is certainly a credit to all concerned.

The Noted Kilrossanty Senior Footballer of the twenties and thirties—Mr. John ("Maheer") Moroney—has just ended an agreeable holiday-break while away in the historic parish where he first saw the light, and where he had with him his son, Anthony (Tony), a handsome happy-dispositioned boy. "Maheer" is prettily jobbed in the Land of the Rose and he is as keen as ever on the native games and pastimes. And no doubt, he feels confident that Kilrossanty's Green and Gold standard bearers of to-day will be figuring for better in next year's County S.F. championship competition than they did in this year's.

As The Long Nights are nearing, plans for the indoor pastimes are being formulated, and in this area, as elsewhere, amateur dramatic classes, concert parties and promoters of card drives will now be busily moving in the way of preparing their wintertime programmes.

The Many Friends of clubbable Mr. Thomas (Tommy) Lannon, Seafield, Kilmacthomas, will be sorry to learn that he is laid up and at present undergoing treatment for his ailment at Arkeen General Hospital, Waterford. A husband and the father of two children (a son and daughter), he is Joint Hon. Treasurer of Ballynameela Cumann, Fianna Fail. His absence from his native district (where he is on the best of terms with the neighbours) will be keenly felt, and it is fervently hoped that his indisposition will be only of short duration.

Congratulations and all good wishes to Mr. Alan Mulcahy, Scrahan, Kilmacthomas, and Miss Chrissie Mooney, Amberhill, Kilmeaden, on their marriage, which, with Nuptial Mass, was solemnised in the Parish Church, Ballyduff Lr., by Very Rev. J. Canon Kieley P.P., do. To mark the auspicious occasion the popular pair were made the recipients of a large array of serviceable and costly wedding presents.

A.F. Kilmacthomas v. Portlaw.—In this tie, decided at Portlaw on Sunday, 9th inst., the nippy Kilmac' forward, Roy Batty, had annexed the winning scores for the visiting eleven before he sustained a nasty jaw injury—a wound that later received a number of stitches from the local doctor. Happily, Roy is now almost fully recovered from the effects of the unfortunate "knock-out."

Rathgormack Athletic Club's first annual dance at the Rainbow Hall, Kilmacthomas, on Sunday night last was favoured by a big gathering; it was a 9-2 affair, and the music was pleasingly rendered by the "Riverside Seven."

Esteemed Priest's Tribulation.—The Rev. Father Michael Russell, C.C., Clashmore and Kinsalebeg, was, for a number of years prior and up to his appointment thereto, C.C., Stradbally, Faha and Ballylaneen, and the parishoners thereof sincerely sympathise with him in his reverence's bereavement occasioned by the death of his mother, the late Mrs. Annie Russell, Post Office, Ballyporeen, Co. Tipperary (relict of Mr. James Russell), which sad event happened at the Medical Missionaries, Clonmel, on Friday, 21st inst. (Feast of St. Matthew, Evangelist and Apostle). Peace to the gentle soul departed.

A Non-Stop Draw to further and swell the funds for the carrying out of essential work to effect a much-needed improvement to the Convent of Mercy School, Stradbally, will shortly be under way, and the laudable undertaking is sure to be well supported within and beyond the confines of the parish.

Here's Hoping that the 35 American and Canadian travel agents who arrived at Shannon Airport on Monday (24th inst) for a six-day coach tour of the country will not be leaving the land without having been to and through the Decies.

Civil Defence Entertained to Interesting Local Films

At the conclusion of the Civil Defence training session in Dungarvan on Thursday night last, members of the Force were treated to a most enjoyable show of Films by our local enthusiasts, Messrs. Tadg Moloney proprietor of Electrical Engineering Services Ltd., Mr. Michael Casey, Dungarvan and Mr. JOHN Morrissey, Ballycoe.

The first—"The Cardinal" was a most interesting record of the visit of Cardinal E.owne to the birth place of his father in Cappoquin, his reception there and the preparation made in advance by the very enthusiastic townspeople to do him honour. The film stands as a permanent and intimate record of the visit of this Prince of the Church to a quiet, small Irish town. One perceives in the quiet, stately appearance of his eminence and the obvious spell cast on his audience, whether it were bishop, priest, Cistercian Monk or laity, something of the heart-stir and the obvious sincerity of the grand gathering and must feel that the faith of the Irish people as shown by the love for its clergy is so very deep. It is a homely film too, and the natural composure and filmed unknowingly is a pleasant change from the commercial production.

The second one—"Civil Defence" shows the local unit in action on their annual field-day last summer at Bonmahon. It opens with a parade to Mass in Dungarvan led by the local Brass and Reed Band. Later the various units are shown en route to Bonmahon with rescue vehicles, fire tenders, welfare equipment and transport trailers.

The scenes at the site of operations speak very well for Civil Defence. Better than any propaganda they indicate what Civil Defence stands for. For all particularly those undergoing training in the various units of the Force, it depicts how detached exercises of training, whether it be on first aid, rescue, firemanship or welfare, properly mastered—though possible meaningless to the shortsighted at the time—can be welded into a most meaningful and convincing display by a resolute and persevering team of volunteers.

At the conclusion of the show, Mr. P. J. Egan, Secretary of the Amalgamated and General Workers' Union and Civil Defence Welfare Instructor, congratulated the architects of the films on their very fine production. The film he felt had a lot of originality and freshness. The sequence of the various scenes was excellently arranged and very well knit together. The grandeur of the script in quality and tone matched in particular the subject of the first film. He thanked those responsible—who on many occasions already had proved themselves very good friends of Civil Defence—for the very fine and encouraging entertainment provided that night and wished them continued satisfaction in the pursuit of a hobby which offered such healthy relaxation to their friends.

Bloody Sunday

They call it Bloody Sunday... that day forty-two years ago, when the revenge of infuriated Auxiliary troops was vented on the cheerful crowds, who had gathered to see the footballers of Dublin and Tipperary do battle on the velvet green sward of Croke Park.

WHY DID IT HAPPEN?

James Gleeson, son of a Royal Irish Constabulary Officer, who resigned in protest, has told the story of the spying and counter-espionage, the attack, reprisal and counter-reprisal which led up to that dreadful day.

Don't miss a word of this full, impartial, stranger and more-frightening-than-fiction story.

STARTS NEXT SUNDAY IN

The Sunday Press

He tells more

- How a group of secret agents, masquerading as ordinary citizens, were probing the secret heart of the Volunteers.
- How Irish counter-intelligence agents, in one swift blow, smashed the spy-ring.
- How three young Irishmen were shot and bayoneted to death in revenge in the guard-room at Dublin Castle.
- How a British Officer, disgusted with the carnage, saved the entire Tipperary football team from death.

THREE GAME PROGRAMME AT DUNGARVAN Brickeys Mitchels Replay

Is Highlight KILL FANCIED TO OUST REDS IN 'SEMI'

● Gaelic Jottings

● SUNDAY'S TRIPLE-GAME PROGRAMME AT DUNGARVAN

A county juvenile final, a senior semi-final and a third replay between Brickeys and John Mitchels, are the ingredients for what should be a football feast at Dungarvan's Fraher Field on Sunday next. The latter game would be capable of packing the venue on its very own, but with Kill and Stradbally attempting to vanquish each other from the championship, and Abbeyside and Mount Sion disputing the right to become juvenile champions—both act-

favourites. But the Reds can never be taken lightly in a championship tie and while I have a slight preference for

KEN MURPHY (Stradbally)

Kill, I'll express no surprise should the prediction go astray.

JUVENILE FINAL

Early comers to the Dungarvan venue should be well rewarded when Abbeyside and Mount Sion meet in the juvenile football final. Both sides have vanquished all foes in their respective divisions and an exciting and closely fought decider should be the order of the day.

Abbeyside, having already failed to De La Salle in the hurling final in the same grade, are determined to make amends. They have first-class players in Pat Enright, Mick Power and Joe Power who has already played in this year's junior championship and this is his chance to instigate a Western victory.

● A FINAL BEST FORGOTTEN

Disappointing finals there may have been in the past, but it is doubtful if Croke Park has ever staged as substandard an All-Ireland decider as last Sunday's Kerry-Rosecommon game, played before a 75,771 attendance.

From the moment Garry McMahon fisted the ball to the Rosecommon net, 35 seconds after the start, a Kerry victory was eminent and the remainder became a mere formality.

An while the Kingdom were the worthiest of victors, the standard of football reached an all time low. Rosecommon seemed devoid of all constructive methods and at times succeeded in dragging Kerry to their own level.

Had their attack taken even half their chances, the issue could have been much closer. But not one of the six had the remotest idea where the roots were, and their solitary point from play during the hour was scored by mid-fielder John Kelly.

Kerry let it be said, while being more than equal to the task of disposing of the Westerners' challenge, were far from great.

Their superiority was made so pronounced by individual brilliance rather than team effort. Dynamic Tom Long, swish Mick O'Connell and Stamus Murphy, resolute Mick C'Dwyer were the quarter that more than anyone else spearheaded this Kingdom victory.

But over all it was a game best forgotten. Undistinguished would be an under-rating adjective for it and none will regret with satisfaction the day when Kerry captured its 20th football title.

DANCE IN TOWN HALL

As can be seen from our advertising columns, an outstanding dancing attraction has been arranged for the Town Hall, Dungarvan on Tuesday night next. Arranging for the first time in the town is new singing star, Maureen Miller, accompanied by the Miller Boys. Clonmel's Riverside Seven Jazz band will also play.

Sympathy

On the proposal of Mr. Norman Walsh, Waterford Health Authority, at its meeting on Monday passed a vote of sympathy with the relatives of the late Nurse Power, Lisimore.

Mr. Charles Curran seconded. The Co. Manager, on behalf of the officials and his own behalf was also associated with the expression of sympathy.

MICHAEL KIRWAN (Mitchels)

ing as front runners to the Brickeys-Mitchels game, an attendance of near record proportions is expected.

Needless to remark, that game is the most eagerly awaited of the three. Their every meeting to date has produced thrills aplenty and it is hardly wishful thinking to anticipate a gigantic struggle on Sunday.

The deadlock that has prevailed thus far in their private matches, must be broken

PAT SPRATT (Brickeys)

ken on Sunday. Should they be level at the end of the hour's play, extra time will be played in fact two periods if necessary.

At this stage it is a rash individual who would attempt a forecast. Many believe that Mitchels, having failed to translate their outfield superiority into scores the last day, will now pay the

PATSY MURRAY (Brickeys)

penalty. Others just as confidently offer the contention that Mitchels, visibly improving with every outing, will emerge victorious.

KILL SLIGHTLY FANCIED

The second senior game—that between last year's defeated finalists, Stradbally and Kill—is also a county championship contest.

Stradbally have had a comparatively simple passage to the semi-final, encountering the worth while opposition.

Not so with Kill. De La Salle, Dungarvan and Kill have all bowed before them, and confidently await their opportunity to add the Reds to the defeated list.

There is no doubt that Stradbally will be without star player Tom Walsh while the odds are in his favour. It is anticipated that the game will have attracted a hundred percent.

Kill, if only on their showing to date, are entitled to start

CANEY SCORES AGAIN — The Winning Pint — Nick Casey, The Square, Dungarvan

FOOTBALL enthusiasm is reaching Sunday is the day and Dungarvan the crescendo pitch as Sunday draws rapidly nearer. And little wonder that followers of the code are so feverishly entangled in the intense championship atmosphere that is presently sweeping the county. For

Highlight of a three-game programme that has a magnetic-like appeal about it, is undoubtedly the fourth meeting between Brickey Rangers and John Mitchels to determine once and for all who will oppose the Aglish Geraldines in the championship semi-final. On its very own this game would be a tremendous crowd-pulling attraction, but with Kill and Stradbally battling out the first semi-final of the same championship and Abbeyside and Mount Sion juvenile footballers joining battle in the county final—both front runners to the Brickeys-Mitchels tie, the Fraher Field should house an attendance of near-record proportions.

Perhaps the only thing that can be assessed with certainty is that this third replay that carries a distinct Brickey-Kill bias, is a game that will give a definite result on this occasion. Three hours of play has thus far failed to resolve this footballing dispute, but should the occasion demand it, Sunday's tie may continue to nightfall in an effort to draw the final curtain on this marathon.

EXCEPTION

It is an old and accepted adage that too much of a good thing can have adverse effects on anything. But surely this so-

perative sides. It is something of a remarkable coincidence that in each of the three games to date, both sides have amassed

nine point totals. Need one deliberate further on the striking similarity in their ability.

When previewing the last meeting I said it was unnecessary to run the rule over the personnel of the sides. That had already been done in detail prior to the first two games and consequently is hardly necessary on this occasion.

NEEDS NO BUILD UP

The ability of key men on both sides needs no build up from me or any other sports-writer, nor is it any secret that both are carrying "passengers"

BILLY KIRWAN... playing as well as ever in attack.

in certain sectors. Be that as it may, the stage is serenely set for yet another epic and spine-tingling battle. Ever now I have shuddered at the very thought of attempting a forecast, and now my feelings remain the same.

Both sides have fluffed glorious chances to have qualified for the semi-final in their triple meetings but having considered all aspects of it, both

are worthy of yet another chance.

SUNDAY WILL DECIDE

Now that chance is dangling before Brickeys and Mitchels like the proverbial carrot be-

comes the esteem and respect of all championship contenders. To eliminate either from the campaign is an assignment that many have frequently found to be beyond them and speculation is rife as to the likely outcome of Sunday's game.

fore the donkey. But who will clinch the series is quite a different matter. Sunday alone will decide.

KILL OR STRADBALLY?

But if the Brickey-Mitchels game bids fair to be the highlight of the evening's entertain-

TOM FOLEY... Stradbally's reliable full-back.

ment, few can conceal their determination at being fortunate enough to be in a position to witness the championship's first semi-final between Kill and Stradbally.

STRONGHOLDS

Both are football strongholds that have established for them-

MONTY GUIRY... a key figure on Kill's line-out

JOHN FENNEL... one of Stradbally's star defenders

sides and they are well entitled to the honour.

De La Salle, Dungarvan and Kill, so far, have all found out to their cost just how good these Kill men really are and many believe that such as Monty Guiry, Martin Kennedy, Tom Mooney, Noel Power, Paddy Duggan and Tom McGrath and company will carry too much artillery for the Reds.

SCOFFED AT

Such a contention will of course be scoffed at down Stradbally way. True, they have only beaten a group side and Gaultier in their passage to the "semi" but when this stage has been reached they can never be treated lightly.

However, from reliable sources I believe their preparation for this game has been scant and if such is the case not even the brilliance of Tom Walsh, Paddy Power, Tom Foley, Billy Barry, Terry and Jimmy Guiry and John Fennell will be sufficient to save them from defeat.

ABBEYSIDE FANCIED

Sunday's programme should be given a rousing baptism when Abbeyside and Mount Sion meet in the County juvenile football final.

Both have greatly impressed in their Divisional triumphs, but before their own supporters I am prepared for a Village victory.
