FULL DECREE FOR HELVICK WOMAN

'Hay Burning Prevalent In Co. Waterford' - Justice

IT seemed to him that the burning of hay in this part of Co. Waterford was a very prevalent crime. This was the third or fourth case he had to deal with in Dungarvan alone and the next time a person came before him on the criminal side of the Court in such a case, he would exercise his powers and impose severe punishment, stated Judge Fawsitt at Dungarvan Circuit Court on Tuesday, when two claims for malicious burning of hay were brought by Mrs. Mary Murray Helvick, against Waterford Co. Council.

Mr. F. Morris, B.L. (for Mrs. Murray) said the claims were in respect of the burning of hay on September 3rd, 1960, and Sept. 27th, 1962. Damages had been agreed at a total of £85-£50 in 1960 and £35 in 1962.

Mrs. Murray, publican and widow, said she also owned land near her public house in Helvick. In the summer of 1960 she had about 5 tons of hay saved on the land. Declan Shanahan used frequent her premises, but in Sept. that year she refused to serve him with drink because he was not conducting himself. At about 4 a.m. the following morning she was called and told her hay was on fire. It was completely destroyed.

Witness said that on Sept. 28th last she again refused him drink. He issued threats and then went away. Later she returned to bed but was called later and her hay was again on fire.

THOUGHT SHE HAD NO ENEMIES

To Mr. Lovatt-Dolan, B.L. (for the respondents) she said after the first burning she did not think she had enemies and did not connect Shanahan with the accident and took no steps to get compensation. When the second burning took place she had her suspicions.

Mr. Declan Shanahan, Helvick (who is serving a District Court sentence totalling 12 months for the crimes) said on Sept. 3rd 1960, he went into Mrs. Murray's pub with his

brother. She would not allow him and his brother brought the drink outside to him. He later went to Draper's pub, and after having some drinks there went home. In the early hours of the morning he went out to the back of Mrs. Murray's house and put a match to the hay. He was drunk and

did not really know what he was doing. He did it for spite because she would not serve him with drink. On Sept. 27th he was again refused drink and later set fire to the hay.

Judge Fawsitt said there was no doubt about each of the crimes being malicious. The only thing the County Council could say was that the first claim was not brought in time. There was no issue on the amount of hay burned.

Justice would not be done to Mrs. Murray he said, if she was not compensated for both crimes, and he gave a decree for the full £85, and made it a county-at-large charge. He also allowed the applicant costs and expenses. He finally made the remarks quoted at the start of this report.

Mr. F. Morris, B.L. (instructed by Messrs. Farrell & Morrissey, Solrs. Dungarvan) was for Mrs. Murray and Mr. Lovatt-Dolan, B.L. (instructed by Mr. M. M. Halley, Solr.) was for the Co. Council.

In the draws and fixtures, Waterford meet South Tipperary in Cahir in football, and clash with the same team in hurling, fixed for Dungarvan. The games will be played late in the month of March next.

The question of a h'leties in Vocational schools was discussed at length and it was decided to set up a special committee to investigate the position.

They will answer Farmers' Questions

Dungarvan will be well represented on the platform to-night (Thursday) at the first of the series of three symposiums arranged by the Waterford County Executive of Macra na Feirme, and sponsored by the Dungarvan, Knockmeal and Gaultier Co-operative Societies, to be held in Waterford city.

On the panel of farmers who will answer questions on the subject "Modern Trends in Livestock Housing" will be Mr. Con Dempsey, Shandon and Mr. Ned Phelan, Ballyneely, both prominent members of N.F.A. and Macra na Feirme. Among the guest speakers will be Mr. John Curran, B.Agr.Sc., Agricultural Advisor to Dungarvan Co-op., and Mr. M. Byrne, B.Agr.Sc., of the County Committee of Agriculture.

THE DECIES HAPPY FAMILIES

Pictured with their seven children are Mr. and Mrs. Michael Moynihan, Caseyville, Dungarvan. Seated (from left) Rosanna (8), Michael (7), Bernie (5), Christina (3). Appointed Secretary of Munster Council Schools G.A.A.

Mr. Donal O'Faolain, Skeaherne, Abbeyside, popular Rural Science Instructor in Cappoquin and Dungarvan areas, was elected Secretary for the coming year, of the Vocational Schools G.A.A. Munster Council, at the annual general meeting held in Limerick recently.

The position regarding the non-participation of Waterford City in the school's games, was discussed at the meeting, and the hope was expressed that they will be able to take part in the competitions for the coming year.

In the draws and fixtures, Waterford meet South Tipperary in Cahir in football, and clash with the same team in hurling, fixed for Dungarvan. The games will be played late in the month of March next.

Mare and P.O. Van In Collision JUSTICE DEFERS JUDGMENT

JUDGE S. MacD. Fawsitt at Dungarvan Circuit Court on Tuesday, reserved final judgment to Kilkenny in a claim for £150 brought by Mr. William Brazil, Garranmillon, Kilmacthomas, against the Minister for Finance as a result of an accident in which a 2-year-old mare owned by the plaintiff was killed when in collision with a Post Office van on December 31st, 1961, on the Waterford-Dungarvan road. The defendant has also lodged a counter-claim of £255 for negligence and breach of duty by the plaintiff in control and management of the horse.

Mr. Brazil—No, I was only giving her a bit of exercise. Mr. Lovatt-Dolan—I also suggest to you that she was an unbroken horse and you used the belt around her neck. Isn't it usual to put such a thing around the neck of an unbroken horse. Mr. Brazil—No. Mr. James Kelly, farmer and horse breeder, said he was the owner of Raleigh's Pride. Presuming she did not get a knock he would value the mare at £150. He considered the equipment used by Brazil to be very safe, and it would be unusual for a horse to slip out of it.

Mr. Brazil said he had the mare out for exercise on the day of the accident. When he came to Crotty's pub, in Leamybrien he tied her with a belt and chain to a ring on the wall. Whilst inside, the animal somehow slipped the moorings and ran off down the road. A Post Office van came against the mare, the driver did not see her and crashed into her.

Witness admitted that it was breaking tackle he had on the mare that day.

Mr. Lovatt-Dolan, B.L. (defending)—I suggest to you that you were in the process of breaking her in that day?

scene of the accident at 7.10 p.m. The front portion of the van was extensively damaged, the lamps and front axle were dislocated and there was glass scattered about the road.

"HORSE APPEARED SUDDENLY"

Mr. Michael Watson, driver of the Post Office van said he was driving in the direction of Dungarvan. Nearing the scene of the accident he saw four vehicles in the distance and dimmed. Then he saw the lights of a C.I.E. lorry being switched off and thought it was an indication that something was wrong. Another lorry passed him and only then did the horse appear suddenly and travelling very fast towards him. He thought the horse was very frightened. He braked but there was collision and his van struck the bank and turned over.

Replying to Mr. Sheridan, B.L., witness said he traveled the road for a fortnight every nine weeks and knew it well. He did not remember saying to Mr. O'Brien that he had been dazzled by the light of the lorry.

Mr. James Cass, of the Department of Finance, said the van was first put into service in April 1960 and its value at the time of the accident was £207-18-0. It also had a residual value of £80. They got only £30 for it at a public scrap auction in June.

To Mr. Sheridan, he said it was more like a pan-cake than a van when they got it.

Mr. Lovatt-Dolan, B.L. (defending) said the evidence of Mr. Brazil was actually evidence of his own negligence.

Judge Fawsitt said he would adjourn a decision in the case until Wednesday but at the sessions the following day reserved his decision until Kilkenny Circuit Court.

Mr. D. P. Sheridan, B.L. (instructed by Mr. L. F. Lavin, Solr., Dungarvan) for Brazil; Mr. Lovatt-Dolan, B.L. (instructed by Dr. Conahan (State Solr.) for the Minister for Finance.

Personal Injury Claim Dismissed

A claim for personal injuries brought by John Hallahan, Shanbally, Ring, against John Paul Walsh, and William Walsh, both of Old Parish, was dismissed at Dungarvan Circuit Court on Tuesday.

The plaintiff alleged that he was struck by a car on Feb. 15th last at the Youghal road and received injuries which necessitated his removal to hospital and from which he now found difficulty in doing his pre-accident work.

Mr. Hallahan said he resided with his unmarried brother and before the accident he helped to run the farm which he had transferred to his nephew.

On the date in question he attended Killosera races and afterwards went to Dungarvan where he had two stouts. He proceeded to walk home at about 9 p.m. Across from O'Donoghue's Dairy on the Youghal Road there was an electric light. He was only three feet from the kerb when he was knocked down. He remembered nothing until he woke up in bed next morning. He had a scar on his head and he felt sore.

Witness then continued: "About a week later I went to Dr. Anne Casey and she sent me to hospital and I gave five days in Arkeen. After leaving hospital my back gave me great pain for two weeks and for three months I did no work. Before the accident I was working with my nephew but I could not do the same work now. My head is still bothering me and I have pains in my bones."

Mr. Hallahan told Mr. D. P.

Sheridan, B.L. (for defendants) that he never interfered with the defendants and his passenger after the accident.

Dr. Anne Casey said the plaintiff came to her on February 12th. He had a wound over his eye, had abrasions on the face and pains in the legs. He seemed very confused. She suggested that he should go to hospital but he did not want to. On the next occasion when he visited her he agreed to go to hospital. He still seemed very confused and did not seem to know what happened. She saw him again the day before the Court and he complained of stiffness and pains in his legs.

Dr. Casey told Mr. Sheridan B.L. he had now recovered from the major effects of the accident.

Judge Fawsitt dismissing the claim said the only evidence was that of the injured party and that was not enough.

Mr. D. P. Sheridan, B.L. (instructed by Messrs. J. F. Williams and Son, Solrs.) defended, and Mr. Lovatt-Dolan (instructed by Messrs. Farrell and Morrissey, Solrs.) was for the plaintiff.

YOUGHAL BAY ABLAZE WITH LIGHTS
For some weeks past, Youghal Bay (outside three mile limit) is simply festooned with lights from the trawlers operating for herrings and believed to be German, Spanish and some local boats. The owners were fortunate in towing portion of the craft into the dock, where they succeeded in salvaging the engine. Two other trawlers owned by the Murphy Bros. and Hennessy Bros. broke their moorings at Cobh side and were driven ashore with very little damage onto the Mall Strand. A third trawler, owned by Mr. Mossie Murphy of Monareta sank at her mooring at the Ferry Point and was later raised undamaged.

FIRST LEAGUE POINTS FOR WATERFORD

Waterford 3-14 Carlow 4-4

WATERFORD'S National Hurling League hopes were kept alive at Walsh Park, on Sunday last when following the disaster of the previous week at Limerick, they regained their winning touch at the expense of Intermediate Champions Carlow.

In view of the humiliation suffered at the hands of the Shannonsiders, this was a satisfying Waterford performance. Hurling within themselves for most of the game, they nevertheless had the beating of the Leinster men and gave the impression that they could have finished with a far greater winning margin.

Not that the writer is attempting in any way to belittle Carlow's performance. In spasms on Sunday they produced a brand of hurling that made it easy to understand how they already overcame Cork in this campaign. As yet, enthusiasm is their only substitute for lack of experience, but by championship time next year they should have gained considerably in this respect. Although far from being a great game, it was thoroughly enjoyable for a fairly good-sized attendance. Waterford opened in delightful fashion, led by eight points at the interval and after increasing that lead further in the second half were caught in a Carlow scoring blitz that narrowed the gap at one stage to a slender three points.

COMBINED BRILLIANTLY
The trend of the game in the opening minutes indicated a

LATE MR THOMAS

McGRATH

Glen. Clonea, Dungarvan. The unexpected death of Mr. Thomas McGrath, occurred suddenly in Waterford on Wednesday afternoon, 7th November. He was a most popular man and a member of a widely known and respected mid-Waterford family and was a most industrious farmer. He was a general favourite with rich and poor alike and was a wonderful neighbour.

His remains were removed on Thursday evening from the County and City Infirmary. Mortuary to Garranbane Church followed by a huge cortege and were blessed and received by Very Rev. Fr. J. Roche, P.P.

Requiem Masses were celebrated on Friday morning and the funeral proceeded after the prayers were recited by Rev. Fr. M. Walsh, C.C. to Kilgobnet cemetery, where the internment took place in the family plot. Rev. Fr. Farrell, C.C. Kilgobnet, imparted the final absolution and recited the prayers of requiem at the graveside. Another very large and impressive concourse were present to pay their final respects to their departed friend.

Deepest sympathy is extended to his brother Michael McGrath, Australia, and also to his sisters, Josephine, Glen; Mrs. Mary Rivers and Mrs. Margaret Pickett, U.S.A.; Mrs. Nora Mulcahy, Abbey-side, Dungarvan; Mrs. B. Clancy, Sheskin, Stradbally, and also to his nephews and nieces.

Large sheaves of spiritual tributes, telegrams and letters of sympathy were received by his relatives.

(Funeral arrangements were carried out by Messrs. James Kiely and Sons, Dungarvan)

runaway Deise victory. The home forwards combined brilliantly and had six well-converted points on the scoreboard in as many minutes.

Carlow settled down better thereafter and playing with the advantage of the breeze, held their own for the remainder of the half — at the end of which they trailed 1-9 to 0-4.

The early stages of the second half were an exact replica of the first. Again Waterford hurled the Carlow men back on desperate defence and added scores that to all intents and purposes settled the issue.

RAMMED HOME THREE QUICK GOALS

But then we saw Carlow at their very best. Trailing by 2-10 to 0-4, they suddenly began to thrive on this adversity.

Led by scorer-in-chief Willie Hogan, they set about retrieving a rapidly deteriorating situation and sensationally

rammed home three goals in a matter of minutes—all incidentally coming from the stick of centre-forward Hogan.

Waterford, as though indignant at having their once imposing lead slashed to danger point, again took control. Their defence closed the shutters to the Carlow attack, while their own forwards weaved stylishly through for the scores that made their victory a clear-cut one.

JIM IRISH, Maring Og Morrissey and Austin Flynn were superb in Waterford's defence. Joe Condon gave yet another classy mid-field display and Mick Fannelly and Tom Cheasty took the greatest share of the honours in attack.

On a Carlow side that lost no caste in defeat, Willie Hogan was outstanding at centre-forward, scoring his side's four goals. Others to impress were Waterford based Peter McGovern and Willie Walsh, Pat Brophy and Moling Morrissey.

C.B.S. WIN LOCAL "DERBY"

Dungarvan C.B.S. 4-3
St. Augustine's 2-4

The Fraher Field staged a thrilling "local derby" on Thursday of last week when the C.B.S. scored a great five points victory over the Friary in the first round of the Dr. Rodgers Munster Colleges Junior hurling championship.

The game produced hurling of a surprisingly high standard and was featured by several outstanding individual performances.

The Friary had a decided advantage in the opening half and were good value for their four points interval lead (2-3 to 1-2).

But what a transformation the second half brought. From the re-start the C.B.S. literally put the bit between their teeth and got completely on top in practically every sector.

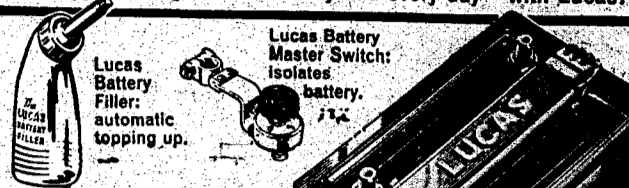

John Coleman started their revival with a well-taken point and when sub. Michael Dolan belted a brace of goals home, they never let up.

Outstanding for the C.B.S. were Tommy Donovan, T. Nagle, John Coeman, "Ruby" Mahony and Michael Dolan. The Friary were best served by P. Hegarty, L. Moyles and D. Buckley.

TOAST TO THE N.F.A.

The newly-elected President of the Waterford County Executive of Macra na Feirme, Mr. Thomas F. Maher, B.Sc., H.Dip. Ed., Church Street, Dungarvan, Chief Executive Officer, Waterford County Vocational Education Committee, was the proposer of the toast: "The National Farmers' Association" at the N.F.A. annual dinner and dance in Tramore last night (Wednesday).

Speaking in Irish and later in English, he paid tribute to the great work for farmers which the N.F.A.—the big brother of the rural organisations—was performing throughout the county.

The dinner-dance was one of the most successful functions of its kind and was the third function of this type organised by the Waterford County Executive of the N.F.A., and held at the Grand Hotel.

Farmers from all over the county attended, and through the efforts of the new acting secretary of the Executive Mr. B. Pearce, Lismore, all arrangements were perfect and a pleasant evening was enjoyed by all.

Kilmacthomas News

The Great Call was answered on Sunday of last week, 11th inst., by Mr. Michael Higgins, farmer, Lyre (near Mahon-bridge), Kilmacthomas. He breathed his last at his residence, following a few weeks' indisposition and while still in his sixties. Of a quiet, unassuming disposition, he was popular with all sections in the locality, and his demise was learned with genuine regret...

More of our graduates can reach the heights than which some of you have reached, and I am sure that you will gladly extend a helping hand to them," he added. May his year of office be a most successful one.

An Official who is well and popularly known and whose periodical visits to this and other parts of the fair and fertile Deise country are always most pleasing to teachers and pupils alike, is Sean Uas. O'Sullivan, chief inspector, Primary Education Branch, Department of Education, and it is pleasant to publish that his brilliant daughter, Miss Aileen O'Sullivan (aged 24 years), of 15, Helen's Road, Booterstown, Co. Dub., flew to the U.S.A. on Monday of this week to take up a Research Fellowship in Biochemistry at the renowned Princeton University, New Jersey. Miss O'Sullivan spent a short holiday at home after returning from three year's research work at London University's Chester Beatty Institute of Cancer Research, where her thesis for Ph.D. degree was approved by the university authorities. A graduate of U.C.D., she studied under Prof. S. J. Conway and received the B.Sc. Special Degree in 1959 and the M.Sc. Degree in 1959. From U.C.D. she was awarded a Travelling Studentship to London University, where her work has been part of a basic investigation into the causes of cancer. The subject of her thesis for the Ph.D. degree was the biochemistry of Nucleic acids in normal and tumour tissue. Her work in the one-year research project at Princeton's modern new Department of Biological Sciences will also be concerned with Nucleic acids. It may lead to advances in basic knowledge of genetic processes, a field closely related to cancer research.

His Hosts of Friends and Well-Wishers up and down the Decies join with his legions of others beyond its confines in warmly congratulating Stradbally born Mr. John Kiely, F.R.C.S., Cork City, on his recent election to the Presidency of the Irish Medical Schools' and Graduates' Association, which popular preference was emphasised by the immense measure of acclaim that greeted his installation at the Rembrandt Hotel, South Kensington, London, attended by more than 100 members and their ladies from all the Irish University medical schools and from the Royal College of Surgeons, Dublin.

Surgeon Kiely received his early education at St. Augustine's College, Dungarvan, and took out his medical degrees at University College, Cork, where he is now senior lecturer in surgery. He is also Senior Surgeon to the North Infirmary, Cork, and Surgeon to the Cork Eye, Ear and Throat Hospital.

Interesting to recall that, apart from his eminence in the surgical sphere, Mr. John Kiely played to two at golf and he once had the honour of defeating Jimmy Bruen, a tremendous achievement assuredly. He hunts is a racehorse owner and an extensive farmer, owning a splendid Friesian herd. His life's partner is a lady with poise and personality and they are blessed with a large family—all pursuing the noble medical profession.

Incidentally, Surgeon John and Mrs. Kiely are parents of Dave Kiely (Landsdowne R.F.C.), one of the three new members of the Irish team that draw with Wales in the international rugby football match, brought off at Landsdowne Road, on Saturday last. Dave made his debut in the open-side wing forward berth, where he certainly played a great game, proving himself an exceedingly tough, tenacious and tactically clever exponent of the code.

Surgeon John Kiely is brother of another famous Cork Surgeon, Mr. Patrick (Paddy) Kiely, who is Professor of Surgery in University College, Cork.

Acknowledging his election to the Presidency of the I.M.S. and G.A., Surgeon John urged Irish medical men in the Sister Isle to preserve a united front.

AGRICULTURAL COMMITTEE HEARS DEPUTATION

Macra Stress Need for Additional Instructor

A deputation from Waterford County Executive Macra na Feirme stressed the urgent and immediate need for an additional Agricultural Instructor in the County, at last Saturday's meeting of Waterford Committee of Agriculture in Dungarvan. The deputation which was introduced by Mr. George Heskin was comprised of Messrs. Liam Docey and Pierce Casey.

Welcoming the deputation, the Chairman Mr. John Fahey said any decision taken by them was in the interests of overburdened ratepayers. They would gladly hear the deputation and the members would then ask any questions they wanted to. They already decided at the last meeting not to appoint an Agricultural Instructor, and to amend that decision, they would require a resigning notice of motion signed by six members.

Addressing the meeting, Mr. Docey said they had come to him for their trumpets, the music of which was not so sweet. They didn't come to cross swords with the Committee but to put their cards on the table.

HAD NOT COME TO DICTATE

Mr. Casey said they had not come to dictate to them what to do. "We feel," he said, "that the appointment of Temporary Agricultural Instructors is not the best thing. They are inclined to look after their own interests, as they can be sacked at any time. Farmers lack interest when they see their interests moved about, and many areas have been without an instructor for two years. The farmers are fed up with all these changes in instructors."

Mr. Casey added that in Co. Waterford there was about 800 farmers to one instructor, which was roughly 2 1/2 hours per farmer a year. They felt that 3 hours a month should be devoted to each farmer.

Mr. Docey said they felt there should be two more agricultural instructors, and two more horticulture instructors in the county.

RCUTE SHORTAGE

The C.A.O. Mr. P. Conroy said at present there were four temporary instructors, one permanent and himself in the county, and up to this there

PERMANENT v. TEMPORARY ISSUE AGAIN BEFORE COMMITTEE

'Public Fed-up of Increases'

THE public were taking a very poor view of continuous increases and a great deal of unrest had been created, stated Mr Charles Curran at last Saturday's Committee of Agriculture meeting in Dungarvan. Before the members was a letter from the Department stating that the Minister had directed that a new prescribed salary scale be augmented retrospective to April 1st, 1962, for permanent agricultural instructors. He added that no Committee shall pay less than this prescribed scale.

C.A.O. (Mr. P. Conroy) said he was asking that the same benefits be given to their temporary instructors. I was up to the members, he said, to bring them into line.

Mr. George Heskin said he had always voted for Permanent Instructors, and although he was not against temporary instructors, he could do nothing about this request.

Replying to Mr. K. O'Ryan, the C.A.O. said they had four temporary instructors in the county.

Mr. Curran said there was nothing personal in what he was saying, but the people who arrived at this decision must be up in the clouds. The gap between those who give the increases, and the people that paid them was far too wide, and the situation was a serious one. The public were taking a very poor view of it, and a great deal of unrest had been created.

NO CHOICE

Mr. John Fahey (Chairman) said they had no choice as far as Permanent Instructors were concerned. It was a Ministerial order and they would have to abide by it.

Mr. H. R. Dowd: It is an absurd order.

Mr. Fahey: It is not the present Minister only that has made such orders. All the other Ministers down the years have done the same.

Mr. Dowd: What I'm quibbling about is sitting here and not being able to do what we decide to do. At the last meeting we decided to provide no money for instructors, yet we are now being forced to do so.

Mr. Conroy (C.A.O.): The temporary officers are giving very good service.

Mr. Curran said he had no objection to the Minister having authority, but in this case he was asking it properly. They should make it very clear to the public that this was out of their control.

Mr. J. Butler: Are the Temporary Officers doing the same work as the permanent men?

Mr. Conroy: Yes.

Mr. Butler: And isn't it a fact that a temporary officer has the same qualifications, but lesser privileges than the permanent officers. I think it is unfair not to give them the same increase, and I propose that they get it.

Mr. J. Quirk said the temporary posts must have been made for a special purpose. Otherwise why not make them all permanent he said.

Mr. Heskin said it was unfair that they bring their temporary instructors into line with the permanent ones.

Mr. Fahey said it would be unjust to debar a young man in their employment of his rights and privileges.

Mr. Conroy (C.A.O.) said their permanent instructors were now on the new scale, but the temporary officers did not come under the same scope and privileges, and their salary remained unaltered. It was in the Committee's power to give them salaries equal to those of the permanent men, and to make retrospective to April 1st. It would cost approximately £250 to do so.

WOULD GIVE CONCESSIONS

Mr. Curran said he did not think that Temporary Officers should be on the same scale as permanent ones. But he would give concessions in this case and he proposed the increased salary retrospective to November 1st, '62. "This retrospective is only a racket," he added.

Mr. W. Foran said it seemed to be Dept. policy to coerce them into making permanent appointments.

Mr. Fahey (Chairman): This is outside the question now.

Mr. Dowd: If we can do nothing, we have no business here.

Mr. Curran: This is a controversial matter, and it is my submission that it does not appear properly on the agenda. We should adjourn it to the next meeting to give the members a chance of studying the position.

Mr. Foran said he was not casting reflection on the temporary instructors, but he could not see why they should have them on the same salary scale as permanent officers.

Mr. Dowd proposed that not

with standing the Minister's Order, they oppose the increase. Mr. Norman Walsh said he would not be down on the Minister's decision. They were paying 50% of the increase, and would get a say in it. If they had any cuts they'd set up and set out. They were simply throwing away their rights.

The Chairman said there was no question of proposals or anything else regarding the Minister's Order on salary increases for permanent instructors. It was merely a question of accepting it. He died they had now deal with it.

Mr. Norman Walsh said he wanted it to go on record that he was not in agreement with the order. He was not questioning the Chairman's decision on it.

Mr. Dowd said he was not agreeing with it either.

Mr. Walsh said he would open up the matter again at the next meeting by reason of a resigning motion.

Mr. Fahey: You will have to get six names to sign it.

Mr. Walsh: Don't worry, I'll easily get them.

The discussion then ended.

F.C.A. NOTES

A conference was recently held at this HQs to discuss the winter programme of training. The authorities wish the force to be in a greater state of readiness than ever before, and accordingly an extensive programme is planned to include: Mortar, Machine Gun, Signals, Intelligence and Anti-Tank Rifle, also Tactical Training.

The winter camp for annual training is starting on 24th November at Fermoy and a number of Officers and men will be reporting on that date. As a result of a review of conditions of service recently undertaken, it is hoped that many improvements will soon be announced. It is hoped to open some new training centres soon particularly in the west of the county.

ACTING C.E.O. PRESENTS "FIRST BUDGET"

Presenting what he described as his "first budget," Acting C.E.O. Mr. T. F. Maher, placed his proposed Annual Financial Scheme for 1963/64 before the members at last Tuesday week's Vocational Educational meeting.

Mr. Maher said he went carefully through the figures with two objectives in mind: (1) to keep the cost as low as possible, and (2) to keep all the schemes going as good as possible.

He was asking for a rate demand of 11.4d. in the £, which was an increase of 2.8d. from last year's rate of 8.6d. in the £. The total contribution from the local rating Authority would be £13,829—an increase of £3,400 on last year's rate of £10,429 over last year for instruction.

Mr. Norman Walsh said the tendency the whole time was increase and increase. A halt would have to be brought to it someday. The, as elected representatives, had the final say in the scheme.

Mr. Charles Curran said they were committed to a lot of the figures as presented.

Finally, it was decided to hold a sub-committee meeting on Monday to consider further the proposed scheme. They will send a final report to the Department.

LATE MRS. C. POWER

GRAIGUE, AGLISH

The death occurred recently, in her 93rd year, of Mrs. Catherine Power, Graigue, Aglish and formerly of Leagh, Ring. Deceased was a popular and respected member of the community, a kind and generous neighbour and good friend. The funeral to Aglish cemetery was of large and representative proportions.

The chief mourners were: Mrs. McGrath, Mrs. McKenna and Mr. Wm. Hallahan (nieces and nephew); Thomas Hallahan (grand-nephew); Kathleen Hallahan, Mrs. Boeman (grand-niece); Patrick McKenna, Very Rev. Fr. Hackett, P.P.; Rev. Fr. Tobin, C.C. and Rev. Fr. Nugent, C.C., officiated at the interment.

TOURANEENA NOTES

CONDOLENCE

Widespread and heartfelt sympathy — especially from their many friends in Touraneena and Ballymacarby — goes out to the grief-stricken parents, brothers, sisters, and relatives of the late Miss Teresa Burke, Clonegalgale, Eallinamult, who lost her life under tragic circumstances at Dungarvan on last week-end. — R.I.P.

HOME FROM HOSPITAL

Miss Josephine McGrath, who was injured some weeks ago as a result of a fall from the bicycle on which she was travelling to Touraneena National School, was discharged from Dungarvan District Hospital on Monday of last week, and is now convalescing at her home, Curraodon, Ballynamult.

Her sister Mary, who was riding pillion with her on the occasion, escaped with minor injuries and was allowed home from hospital after a week's treatment.

"The Message of Fatima"

On Wednesday night next, 23rd November, the initial performance of "The Message of Fatima" by the pupils of the Presentation Convent Schools, Dungarvan, will take place. This is a beautiful Pageant Play in 4 acts, which gives, in a vivid and spectacular fashion, the wonderful happenings of Fatima in 1917. As usual, nothing has been spared by the Presentation Community to make each performance a memorable one for Patrons of all ages.

Performances will also be given each night on the 29th Nov., 30th Nov., and on Sunday 2nd December. A Matinee will be held on the afternoon of Thursday, 29th November. As advertised elsewhere in this issue, bookable seats may be reserved with Mrs. M. Foley, Criterion Cafe, Main St., Dungarvan, each day between the hours of 11 a.m. and 2 p.m.; and 3 p.m. to 6 p.m. This is a show you cannot afford to miss.

Don't Sell At Unrealistic Prices Warns N.F.A.

DON'T SELL AT UNREALISTIC PRICES

The N.F.A. calls on farmers not to sell stock under the B.T.E. Scheme at unrealistic prices. Reports reaching Head Office indicate that in some areas farmers are being offered prices unrelated to their value for animals which they are disposing of through the Department of Agriculture. The N.F.A. National Dairy Committee reminds farmers that they have certain rights in this matter. By not insisting on these rights and by accepting prices unrelated to the value of their stock they are only doing a disservice to agriculture and to the country as a whole, because a necessary consequence of such action on their part would be that they would be left in a more depressed financial state and hence with less enthusiasm for increasing depleted stock numbers.

DAIRY MEETING FOR LIMERICK

Dairying is one of the most important industries in Ireland. The income of more than half the farmers in the country are largely dependent on it. If its development is hampered in any way, farmers, their wives and families, our towns and cities, will all be adversely affected by it. If it prospers everyone will benefit directly or indirectly. The dairy farmer is a key man in the production of wealth in our country. On his shoulders rests the livestock industry and to a large measure the pig industry. Between them and our dairy products as such, more than £80m. of foreign currency was earned for the country last year.

COMMITTEE TO ADOPT NEW SYSTEM

The volume of business requiring the attention of the National Industrial and Transport Committee has been growing rapidly and the committee has been finding it increasingly difficult to get through the amount of work which awaits it at each meeting. In an effort to cope with the situation a new system has now been decided on which should go a long way towards solving this problem. The members of the National Industrial and Transport Committee, have divided themselves into three working groups each of which is responsible for detailed work and study in connection with particular aspects of the Committee's functions. Each of the working groups is given a wide field to cover. One group deals with Transport, Land Reclamation, Mining and Compensation. Another group deals with Water Supplies, Factories, Buildings and Rural Electrification. The third group deals with Farm Mechanisation, Fertilisers and Industrial Products. The working system will be that each group will hold meetings at which it will be possible to go into considerable detail on the various items requiring attention. Particular points calling for the attention of the full Industrial and Transport Committee will be singled out and presented in summary form together with the recommendations of the appropriate sub-committees. The Industrial and Transport Committee will then be in a position to deal with those points more rapidly. In this way a much greater volume of useful work will be done.

FARMERS HAVE ABILITY

Farmers have business and administrative ability, said Mr. Mesall, C.E.O., in Roscommon, at a public meeting last week. From personal experience with farmers in one or two projects in the recent past, he had BOBIN SHIRREL C.M. come to this conclusion and he might have had abundant evidence in the past where co-operative enterprises were concerned, but that is all changed now and a completely new approach to the management of their business was becoming ever more evident among farmers. This new development is not confined to the West. New co-operative ventures are being studied and undertaken in the South, while farmers in the Midlands are investigating the feasibility of erecting a drying and storage plant capable of holding large quantities of grain. These moves by farmers are symptomatic of the times and the realisation by them of the fact that they must become more closely associated with the distribution and marketing of their produce. It has been said that 40% of the retail price of some food stuffs is absorbed by processors and handlers. If farmers are to assure themselves of reasonable prices for their goods they too will have to engage in this type of work so that the profits to be made

N.F.A. NEWS

NEW MUTTON AND LAMB FACTORY

At the meeting mentioned above it was decided to set up a committee to investigate the capital cost of setting up a Mutton and Lamb Processing Plant. Other relevant factors including running costs, through put necessary to make an economic proposition, and also the availability of supplies will be made to another public meeting which is to be called in the near future. Facts were given to show that while some factories in Ireland are doing a first class job in the export field, others are bringing a lot of discredit on us because of the way in which they butcher animals and despatch the carcasses and offals. The disparity in prices obtained in different areas (some quite near others) has been as much as 6d. per lb., and this in turn has given rise to great dissatisfaction among sheep producers. When the local survey is completed steps will be taken to canvass for share capital and judging by the tone of those present at the meeting it would seem that this will not be an insurmountable difficulty. Competition, it is said, is the life of trade. If this is true, we can confidently expect new vigour in the marketing and processing of sheep and lamb once farmers decide to take this business into their own hands.

AWARDED GOLD MEDAL FOR FISHING FEATS

With a rod and a terylene line which was new in stock in his sports shop and which he was trying out, Mr. John Casey, Main St., Dungarvan, hooked himself a specimen Spar Dogfish—and a gold medal. He later that same day caught four other specimen spar-dogs. That was in June 1961, and on Saturday last in Dublin he received for his fine feat, a medal from the Irish Federation of Sea Anglers—for the spurdog fish which he landed weighed thirteen pounds and broke the existing English record of twelve pounds four ounces. This catch was just six ounces short of the Irish record. A founder member of Dungarvan Sea Angling Club, John, who is a maser angler, is a specialist in shark fishing and he caught four of this type of fish in the outer bay this summer. The terylene fishing-line and the trace which he makes up himself, have since become a favourite buy with local and visiting sea anglers.

BACON PIGS IN GOOD DEMAND

An entry of 1,178 pigs at last Tuesday week's Clonmel Market (conducted by Messrs. Stokes and Quirke, Ltd.), met a mixed trade. Prices for Bacon Pigs and Porkers were higher than at any period in 1962. Fat Sows also improved by amount 10/- per cwt. Trade for strong stores was of as good as previously, while medium store pigs were back 10/- to 15/- per head. Bonhams proved most difficult to clear while Sows and Litters and Sows-in-Young sold well. Ruling prices were: Bacon Pigs, 167/- to 190/- per cwt. liveweight; Porkers, 165/- to 173/- per cwt. do.; Sows, 80/- to 82/- do. do.; Strong Stores, £7-5-0 to £8-15-0; Medium Sows, £3-10-0 to £5-5-0; Bonhams, £3-2-6 to £4-2-6; Sows and Litters, £34 to £37-10-0; Sows-in-Young, £24 to £26-10s.

EXPERT WILL ADVISE ON FARM MANAGEMENT

The Royal Dublin Society notified the Co. Waterford Vocational Committee at its meeting recently in Dungarvan, that Professor J. B. Ruane of the Faculty of Agriculture, Glasnevin, Dublin, would attend at Kilmacthomas and at Clashmore, on December 3rd and 4th, to lecture on Useful Hints in Farm Management. Arrangements are being made for a lecture at a later date by Doctor D. Weal, a noted authority on fishing, who will speak on "Fishing for Profit" and on other days, too, at

DIMINISHING TURKEY INDUSTRY

In 1951, out of a total of 1,220,000 turkeys produced, 875,000 were exported and 345,000 were consumed on the home market. Since then the position has changed considerably—and on other days, too, at

CO-OPERATIVES

Production cannot continue along the traditional lines. Breeding should be controlled so that the finished turkeys are ready for export at 18-20 weeks—this requires organisation. It is something which our co-operatives could invest gear. If, for example, a co-op. a live could offer four or five thousand birds to an exporter, with the assurance that delivery would not be effected in canvas bags, and that the quality is of given standard, would place them in a strong bargaining position.

FARM CO-OPERS

Farmers co-operatives are likely to shrink in numbers but grow in size. That's the forecast of Glenn E. Heitz, Director of the Co-operative Bank Service of the U.S. Government. Farmer co-ops, he said, are faced with narrow margins and growing competition. "This," said Mr. Heitz, "will result in a trend towards bigness through economies of smaller co-operatives with strong regional ties and through further mergers and consolidations." In addition, he said, co-ops will tend to rely more on borrowed funds to fill their growing capital needs for expansion programmes.

DISGRACEFUL SCENES MAR JUNIOR FINAL

Ring And Newtown Play Lifeless Draw

RING 0-2 NEWTOWN 0-2

and all others present at Dungarvan's Fraher Field on Sunday last will conjure up ever-lasting memories of this drawn junior football final between Ring and Newtown. Lest, however, readers might be misled, let it be stressed that these memories will not be of the classic or thrilling exchanges, but of scenes of sheer blackguardism that are truly unforgettable.

During a game that produced precious little in the way of good football, spectators were treated (or is that the operative word?) to some of the most disgraceful scenes witnessed at the venue for many a long day. Good sportmanship was something unknown except by a few individuals on both sides and the handling of the game was a nightmarish task for referee Billy Daniels.

Although the opening thirty minutes were punctuated by frequent hard knocks, the half ended without an untidy incident of note. But the second half was only minutes old when we were given an unwanted sample of what was about to come. Subsequently, and despite persistent warnings by the referee, the game got completely out of hand. First there was the extraordinary spectacle of a player being chased around the field by three or four playing members of the opposition. But worse was to follow. Fisticuffs were again the order of the day towards the close, while the final whistle was but the signal for the most serious flare-up of all in which serious, and counter assaults were instigated with revolting ferocity.

Having "penned" in brief the story of misconduct, it is I suppose high time to deal with the game itself—excluding the exhibitions given by those who fancied themselves as prospective Sonny Liston's.

As with the previous Sunday's senior final, this game failed miserably to live up to confident expectations. Good football was at a premium and play for the most part scrappy. The strong breeze that blew across the field throughout played wicked tricks with the leather on occasions and militated against quality fare, yet the conditions cannot altogether answer for the poor football served up.

Having assessed all the chances that fell (and were missed) to both sides, the result was an equitable one. Terribly Newtown had a decided advantage but lack of a reliable place-kicker cost them numerous points. Early on, when the Western champions defence was unsettled, they were awarded several scores.

CHAMPIONS STILL FANCED IN HURLING REPLAY

Not even the lengthy interval between the drawn game and Sunday's replay can dampen the county wide interest in the senior hurling final—episode two—between long-reigning champions Mt. Sion, and their city challengers Erin's Own.

Such has been the upsurge in enthusiasm these past few days, that, weather permitting, Walsh Park should house its greatest-ever attendance for a championship final.

Yet, many believe that Erin's Own may have missed the bus in the drawn thriller. That view is no doubt strengthened by the happenings of 12 months ago, when Sion were again held to a draw the first day, but ran riot in a one-sided replay. But while history has a peculiar habit of repeating itself, the writer firmly believes that victory will not be easily attained by either side on Sunday.

Sooner or later, Mt. Sion's winning championship sequence must go by the board. For nine years now they have remained unbeaten in this death or glory campaign, and should they make it a round decade of successive titles. Deise history will have been made.

What then are Erin's Own's chances of ending this Monahan reign? Basing one's judgment on the drawn game, I would rate them highly, yet mindful of Sion's replay tradition, must make the champions clear favourites to dispense with this Poleyberry challenge.

Latest news from the Erin's Own camp is that Joe Condon is an extremely doubtful starter. Condon fractured a bone in one of his fingers against Carlow on Sunday last, and is presently encased in plaster. As yet the county star has not cried off definitely, but presently at any rate, his chances of playing are slim.

As against this, the challengers will benefit greatly by the return of Harry Russell, who has not played since he was injured in last year's replay. Russell is expected to be placed on the fringe of the square, with Charlie Ware moving to the right corner.

Condon's absence would of course complicate matters elsewhere on the side, but with the exception of Jackie Condon's return to defence, the rear-guard is expected to remain unchanged.

Much interest will also be centred on the display of Percy Flynn in goal. In the drawn game he alone defied the champions on occasions, and a repeat performance would put him well in the running for inter-county recognition.

Unlike Erin's Own, Sion are expected to be at full strength. Larry Guinan, who missed the game against Carlow on Sunday is steadily recuperating and is confident of being fit to take his place in defence.

Jim Hurley, who took over full back in the drawn game is likely to retain the post now, but save for a possible mid-field alteration, the remainder of the side will be as before.

Needless to say, a lot will depend on whether or not Joe Condon can take his place at mid-field. With or without him, Erin's Own will still be the outsiders, but his inavailability would surely move the death toll to their chances.

HURLERS RETURN TO WINNING TRAIL

After their inevitable lapse to Limerick, Waterford returned to the winning trail on Sunday last, when, without undue difficulty, they beat Carlow 2-14 to 0-4 in the national hurling league.

Although short Jimmy Byrne and Jimmy Guinan, the Deise side were reasonably impressive and no doubt could have won had they so desired.

After leading 1-9 to 0-4 at half-time, they moved into a near unassailable lead shortly after the restart with a series of scores. Enthusiastically, Carlow's back, and their star-forward Willie Hogan, smacked home three goals in "big time" to reduce the deficit to three points. But with their supremacy challenged for the first time in the game, Waterford shook off the lethargy that had descended on them, and ended

the hour well in control. Their victory means that Wexford are now the only unbeaten side in the group. Waterford and Carlow have both dropped points, while two defeats have put Cork and Limerick practically out of the final shake-up.

Waterford's key game will be against Wexford in the new year. Luckily they will be at home to the Slaneysiders, whose remaining game will then be against Carlow. Waterford will wind up their group campaign with an away game against Cork.

Thus if Waterford can beat both Wexford and Cork, they would be involved in a play-off with the All-Ireland finalists (presuming they beat Carlow). The writer believes they can achieve this—if they continue to maintain normal form. But, unfortunately, in Waterford's case, one never knows.

INCIDENT PACKED JUNIOR FINAL ENDS IN DRAW

What must only be described as one of the roughest junior finals in years, Ring and Newtown drew 0-2 each at Dungarvan on Sunday. Early on an un-called for neede crept into the exchanges and the pot finally boiled over in the second-half, when a free for all took place in the middle of the field. Right to the end the bitterness remained, and on the final whistle disgraceful scenes of rowdiness and savagery took place.

As a football game, it was also a complete flop. Little or no attention was paid to the ball, the primary object of most of the participants being to "get the man." Leniency on the part of referee Billy Daniels didn't help matters either, and had he taken stern action in the first-half, much of the second-half happenings might not have occurred.

When replay time comes around it is to be hoped we will not have a repetition of the drawn game. Another such hour would only degrade the Association's good name.

CLASHMORE DEFEAT BRICKEYS

Clashmore became Western primary football champions at Cappoquin on Sunday when scoring an impressive and well-merited 3-9 to 3-2 victory over Brickeys Rangers.

Leading by 1-6 to 0-2 at half-time, Clashmore really sparked in the second-half, and their forwards in particular combined brilliantly to notch any outstanding scores.

Despite the winners' clear-cut victory margin, it was a thrilling decision. Brickeys fought pluckily throughout, disputing every ball, and proved beyond doubt that their victory over Dungarvan was no flash in the pan. Never once in the game was any trace of rancour evident, and both sides are to be highly complimented on their give and take attitude.

Outstanding for Clashmore were Mick Baker, Tommy and Denis McGrath, Pat and Liam O'Rourke, and John Power, while Brickeys had their stars in Jim and Michael Spratt and the O'Donoghues and Tom Geaney.

Paack Hogan (Abbeyside) was an excellent and impartial referee.

COUNTY BOARD MEETING TO-NIGHT (THURSDAY)

A meeting of the County Board will be held in the C.Y.M.S. Club, Dungarvan, on Thursday night (to-night). The main item on the agenda will be fixing a replay date for the senior football tie between Ring and Newtown.

There is also much speculation as regards a date and venue for the county primary hurling final between Carmoquin and Postlaw. Rumour has it that the game will act as a certain raiser to Sunday's senior final, but Carmoquin are not in favour of the city venue. Neither are they likely to be in agreement with playing it on Sunday as Andy O'Keefe, one of their defensive stars is presently nursing an injury.

DEFENCES ON TOP

But over all, defences on both sides were generally on top and had little difficulty in containing peevish opponents. No one of the four points scored during the hour came directly from play and so in effect were the respective attacks, that another hour would have been unlikely to produce one such score.

GOOD FOOTBALL AT A PREMIUM

As with the previous Sunday's senior final, this game failed miserably to live up to confident expectations. Good football was at a premium and play for the most part scrappy. The strong breeze that blew across the field throughout played wicked tricks with the leather on occasions and militated against quality fare, yet the conditions cannot altogether answer for the poor football served up.

THE SCORING

To relate the story of the scores is simplicity itself. Sixteen minutes had elapsed before Tommy McGrath had the only point of the half, when on the target from a 14-yd. free. Newtown failed to capitalise on several like chances and just on the stroke of half-time their goal had a miraculous escape when only the upright prevented Tommy Joe Hartly from goaling.

MAYOR DRAWS THE PRIZES

Ald. Denis Burke, Mayor of Clonmel, drew the prizes at the Coumshingaun, Kilmacthomas on Monday last, under the auspices of the Kilmacthomas Fine Gael Regional Executive raffie. Mr. Percy Kirwan, president and also present were Mr. Teddy Lynch, T.D., and Wm. Foran, M.C.C.

The band's new vocalist, Fergus Sherlock is making a wonderful impression every place. This ceilid will be the last dance before Christmas. We will have details next week of the "best ever" Christmas and new year attractions.

BLOW TO RING'S HOPES

One of the greatest blows to Ring's hopes was the failure of their County stars, Tommy Joe and Pat Hartly to hit peak form. It was obvious a great deal was dependant upon this pair and a lot of sting was taken from the side when both were well subdued.

Full marks, however, to an ever-alert Nick Graves in goal and Sean Kiely, Jim Hartly and S.V. Murray in defence. Liam Meagher d'd much to offset Pat Hartly's ineffectiveness at midfield and never gave up over the hour.

As the score-line suggests, Ring were weakest in attack. Without the customary brilliance usually displayed by Tommy Joe Hartly, the sector never looked as dangerous as in other outings. Tommy McGrath was easily the best of the six and Bobbie Curran and Tommy Joe periodically caught the eye.

HUBBARD BEST FOOT-BALLER ON VIEW

In centre-back John Hubbard Newtown had the best footballer on view. He was seldom outwitted and Ring mentors tried Curran and Hartly on him without success. Dimir S. O'Hubard sarchuiche don mBaile Nua.
