SALMON FISHING SEASON

The 1963 salmon fishing season opened on Thursday last and prior to going to press there was no news of any catches on the opening day. The 1963 salmon fishing season opened at midnight on last Thursday and prior to going to press there was no news of any catches on the opening day. According to information from the Fishery Office there are two extra licences this season, one up river and one in Youghal. The signs in the river are said to be hopeful and we wish the fishing fraternity a successful season.

FISHERMEN'S MASS

There was a large congregation at the Fishermen's Mass which was celebrated at St. Mary's Parish Church by the Parish Priest, Very Rev. Canon Sheehan who is president of the Fishermen's Association in Youghal. Subsequently at McDonald's Dock the Parish Priest blessed the boats and crews and the ceremony was concluded with the singing by a huge crowd of the hymn "Star of the Sea."

FISHERMEN'S ANNUAL MEETING

The annual general meeting of the Youghal Fishermen's Association was held on Monday night last at the League of the Cross Hall when there was a large attendance of members including the tidal Conservators on the Fishery Board and was provided over by the President, Very Rev. Canon Sheehan, P.P. In his address the Chairman outlined the various activities of the Association during the past year and stated that no matter what difference that might arise members should agree to differ, obey the law of majority and remain loyal to the Association as where there was unity there was strength. Mr. John Buttmer (treasurer) presented this balance sheet showing that the Association had a sound financial backing and he was complimented for the able manner in which he handled the finances during the year. Growing tributes were paid to Mr. James Healy, Vice-Chairman of the Board of Conservators and Hon. Secretary of the Association from its formation up to some months ago when he tendered his resignation. The Chairman and Conservators joined in paying tributes to Mr. Healy who did arduous and useful work for the Association since 1951. The Conservators outlined their activities on the Board for the past year and received the tributes thanks for their efforts. After a final address by Canon Sheehan, P.P. the following officers and committees were elected: President, Canon Sheehan, P.P.; vice-president, Mr. J. B. Arbuthnot; Chairman (outgoing) Mr. John Murphy; (treas) (outgoing) Mr. John Buttmer; Hon. Sec. Mr. Daniel Coakley.

YOUGHAL GAS WORKS

In his report to the U.D.C. the local Government Auditor called attention to the very unsatisfactory financial position of the Gas Works. He pointed out that the undertaking was in debt to the extent of £14,947 to the Municipal Fund and £355 to the Treasurer in respect of loans got for extension of the gas mains. The credit taken into account was £284 due by debtors etc.

After a lengthy discussion on the seriousness of the situation the Manager, Mr. Seary, stated that the Municipal Fund was carrying the debt and would be obliged to take notice so as to prevent it from getting worse, and he was considering the nature of the proposal he would put forward to the Council.

"OUTSIDE LABOUR" AT YOUGHAL

At a recent Urban Council meeting, Colr. T. Hickey complained that the Contractor for the housing scheme at Dunn's Park had broken the terms of their contract by the recruitment of outside labour from Cork, while men were available locally. It was agreed to get a report on the matter from the Clerk of Works.

THE TOWN CLOCK

Recently the clock on the Clock Gate has been ringing at all and every hour and seldom tolled at the correct time. On Saturday night last the tolling was continuous from 9.45 to 10.10 p.m. It was thought that the extensive cold weather might be responsible but the Council agreed to have the clock serviced.

STORM DAMAGE

On the occasion of the official

opening of Youghal Bridge last week Mr. O'Malley, Parliamentary Secretary to the Minister for Finance met members of the U.C.D. and signified his willingness to meet a deputation from the County in preference to repairs to the dam-got sea wall at the Green Park. It is understood that a deputation is to be appointed at the next Council meeting.

C.I.E. PASSENGER RAIL SERVICE

As and from Monday, 4th February, the rail line between Cobh Junction and Youghal will close for passenger traffic but is being retained for freight trains and summer excursions. As a result from the same date there will be seven buses from Youghal to Cobh an extra-versa with four buses each way on Saturdays. The new service compares favourably with the existing rail services.

Legislation Spoilt Council's Good Work

ONCE again the existing legislation that gives the County Council no legal right to go on private roads with machinery was criticised at last Friday's meeting by Colr. J. Fahey.

While I wish to praise the Co. Engineer and his staff, the Council workers and all others who helped in clearing the main and county roads in the snow crisis, said Colr. Fahey, it is a pity their work was spoiled by not going far enough. They were of course deprived by legislation.

Colr. Fahey added that houses in the Nire Valley were completely snow bound. He got a phone call from one of them — Tobias of Gensalough — and he went there with Agricultural Instructor Mr. Nicholas Moyley. Leading to the house there was ten feet of snow and the residence itself was completely covered in. They had their cows locked in since the blizzard started and could neither let them out for water or get food stuffs in.

On the way back they met Mr. Lynch, the engineer, and asked him to go and look at the road. Mr. Lynch said he would not at that time. He (Colr. Fahey) was very disappointed to that attitude. Some effort, he said, should have been made to help the family. They were still in the same position with snow up to the roof-top of their house and would be for some time to come. Permission should be got for the clearing of all roadways.

BIG PROBLEM

The Chairman (Mr. Charles Curran) said it was a very big problem. He repeated what he said about Mr. Hally and his staff doing all they could. The

setting up of a committee consisting of organisations throughout the County for the purpose of having machinery ready for all future emergencies was being considered.

Colr. M. Harty said everyone did their best in conditions that were like the North Pole. However, the "red tape" regulations should be removed as quickly as possible.

Colr. M. Galgey said if the Co. Engineer stepped outside his duties, he would have got a battery. They were the very worst that would have at him if he spent a shilling he should not have spent. He thought the Co. Engineer was perfectly right to do as he did.

Colr. Curran said there should be a community effort as there was in other Counties.

Colr. Fahey said no one was more appreciative of the efforts put in by Mr. Hally and his staff than he himself.

Mr. Hally said they just did not have the authority to go in and clear private roads and avenues.

Deputy T. A. Kyne said the Minister for Defence had complete control over the Army and they took complete control for him. In the case the Minister did not think there was a national emergency.

Colr. Curran said it was only now that the people were fully aware of what happened in these areas and that was why an organisation should be formed to meet another such

emergency. Colr. K. O'Ryan said there were ten feet banks of snow yet in the Nire. Could anything be done to clear this he asked.

Colr. Curran — Wouldn't it be a grand effort if the N.F.A., G.A.A. and Trade Unions sent a few hundred men to the Nire next week. Also why not invite the Army out now. They would come out I think in very limited emergencies.

Colr. Dowd said they should make a decision now on the roads that were not yet cleared and then make provision to provide the money for the cost.

Colr. Lannon — How much has been spent on it already? Mr. Hally About £4,000 or £5,000 so far.

Colr. Lannon — No one objected to the spending of that money in an emergency of this kind.

Mr. Hally — We are not legally entitled to go on to private territory.

Colr. G. Heskin — It is as bad in Ballyduff Upper and if help was given to one place they would have to give it to them all.

Colr. Fahey — I can say it is not as bad any place as it is in the Nire.

Colr. Curran — The only solution would be to call a special meeting of the Agricultural Committee and the Co. Engineer will ring Dublin to see what can be done.

NO LEGAL RIGHT

Later in the meeting when the Co. Engineer said he had been in contact with the Department and was told they had no legal right to go on private roads except in the case of hardship or when a doctor was needed. The Co. Council, he was told could do the work as agents on a reciprocal basis.

Colr. Fahey said no one in the Nire could pay for that work. Every £1 would have to be minded at the moment. Their very existence was at stake and they would not be able to contribute towards that work. It was a shame the way these people had been deserted by the Government and the County Council, and if some of the people who gave that reply had to live under those conditions they would think again.

Colr. Morrissey asked where were their voluntary organisations or were they 4/6 an hour and 6/6 an hour after that.

Colr. J. Quirke — Some people are in good jobs today but the people that gave them these jobs are now forgotten. They brought the Red Cross to the Hungarians a few years ago and they will give no help to the people suffering on the mountain side. The discussion then ended.

LATE MRS. NORA NUGENT

(Nee Flynn)

The sad death of Mrs. Nora Nugent took place at the District Hospital, Dungarvan, on January 23rd after a rather short illness. She was a member of a very respected Grange family and relict of Thomas Nugent, Grange, who was a well-known member of the farming community and a great greyhound man in his day. She was a very popular lady and was loved by all for her gentle and retiring disposition.

Deepest sympathy is extended to her daughter Mrs. Jas. Begley, her grandchildren, her son-in-law James Begley, who reside in Grange and also to her sister.

Her remains were removed to the Hospital Mortuary to Grange Parish Church on Thursday evening followed by a large attendance and were interred in the presence of Rev. Fr. G. Griffin, C.C.

Requiem Mass was offered for the repose of her soul on Friday morning and the interment took place in the adjoining family plot. Rev. Fr. Griffin, C.C. imparted the final solemn benediction and recited the prayers at the graveside. An other very large concourse was present to pay their final respects and to sympathise with her next of kin and dearest. Large numbers of Mass cards, telegrams and letters of sympathy were received by her family.

(J. Kiegan and Sons, Shanon, had charge of funeral arrangements).

BOVINE TUBERCULOSIS ERADICATION SCHEME

in counties

Cork, Kerry, Kilkenny,

Limerick, Tipperary & Waterford

IMPORTANT NOTICE to farmers

By statutory regulations which came into force last June every herdowner in the above counties was required to arrange for a test of his herd for bovine tuberculosis if the herd had not already been tested since 1st January, 1962.

There are still small numbers of herdowners who have not complied with this requirement. These herdowners are committing an offence for which they are liable to heavy penalties and, as legal proceedings will be taken in the near future against herdowners who fail to comply, they should get in touch immediately with their local B.T.E. Office to have the required tests carried out.

Apart from the penalties provided by law, any herdowner who fails to have his herd tested during the current round of testing will not be eligible for the concession of disposing of cow reactors in two stages. When a herd is tested during the next round of testing, all reactors will have to be removed from the herd at once.

GRIST TO THE MILL

GRIND ELECTRICALLY AT HOME

AND SAVE UP TO £5.0.0 A TON

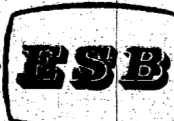

Profits from dairying, cattle rearing, pigs or poultry depend very much on proper feeding. Animals thrive better on fresh food—tests show that stored meal gradually becomes less appetising and less nutritious. A farmer with his own grinder can grind just the right amount of grain when he needs it—and this enables him to prepare top quality feeding for his livestock.

AN ELECTRIC GRINDER IS A MONEY MAKER AND A TIME SAVER. IT GRINDS 1 CWT. OF GRAIN FOR 2d. IT SAVES TRANSPORT CHARGES AND TIME. IT PROVIDES YOUR STOCK WITH NUTRITIOUS, FRESH-GROUND MEAL.

MILESTONES IN MEDICINE

ANCIENT ROME

With the Romans did not regard the practice of medicine as a profession, they made their contribution to the science in the field of Public Health and Hygiene. There was an aqueduct, for instance, which brought water from the city and other water dealt with the water supply to the city. It is estimated that 200,000 gallons of water reached the city daily from 14 great conduits and each house had its own cistern and system of taps. The main contribution of the Romans was the establishment of the hospital system. The legend of the founding of the first hospital is well known. A crowd gathered on a ship returning from Epidaurus, where help had been sought during a plague, when a crowd of men and boys on St. Bartholomew's Island, whereupon the plague ceased. A hospital was founded on the place where it landed. Years later, in 1121, a monk from this hospital went to London to found St. Bartholomew's of that city.

Emergency Meeting Considers Snow Crisis

FOLLOWING a meeting of Waterford County Council on Friday last, an emergency meeting of the Committee of Agriculture was held to determine ways and means of giving help to the many people in the Nire Valley who are still marooned after the snow-blizzards of recent weeks.

Earlier in the day Co. Engineer, Mr. J. D. Hally told the Co. Council members that he had been in contact with the Department by phone and was told that the Council had no right legally to go on roads that were not public. They had no right to work on these roads unless in the case of hardship or when a doctor was needed. The Council could, however, do the work as agents on a recoverable basis.

At the emergency meeting the Chairman, Mr. John Fahey said the Department of Local Government would give them no help and would not allow the Co. Council to give them any help. It was a reply that they would get in normal times.

LIVES AT STAKE

Peoples lives are at stake he said, and also their future. In the Nire Valley we always heard of people that were harrowed and fed in the Fight for Freedom. Now they are forgotten.

Mr. J. Quirkie said sympathy

Heated Exchanges at Conty Council Meeting

Heated exchanges took place during the course of Friday's County Council meeting, in Dungarvan between Colrs. T. Lannon and W. Foran. The Chairman, Colr. Curran, repeatedly rang the bell for order and Colr. Dowd asked to adjourn the meeting unless order was restored.

NEW DISPENSARY FOR CITY?

The present dispensary facilities in Waterford City were well below the level reasonably expected in any part of Ireland said Mr. John Griffin, Mayor of Waterford at Monday's meeting of Waterford Health Authority when proposing a motion "that a new dispensary be provided for the City or alternative suitable premises be secured without delay because of the inadequacy of the present dispensary."

LATE MRS. SARAH MAYE

The death took place on Saturday, January 19th at St. Joseph's Hospital, Dungarvan, of Mrs. Sarah Maye after a prolonged illness but in the fullness of her years. Previous to her illness, she resided in the Ballymacarney area where she was a favourite of the highest degree with all who had the pleasure of her acquaintance.

the sheep were eating the wool off each other.

Mr. O'Ryan - We heard of cases in the Nire Valley where the heads of sheep were eaten by foxes.

Mr. Fahey - The snow is so high in the Nire that a man working a bull-dozer, lost it, and that is not an exaggeration.

SPECIAL COMMITTEE

At this stage it was decided to form a special emergency committee comprised of the chairman of the County Council and Committee of Agriculture, the C.A.O., Mr. Conroy, Johnny Dohan, Kieran O'Ryan and Sean Whelan, for the purpose of making definite arrangements to give help to affected areas.

After lengthy deliberations it was decided to call out the military in Clonmel.

Throughout the week-end, over 40 troops from Kichham Barracks, Clonmel, equipped with pick-axes worked tirelessly to give relief to many people in the Nire.

APPEAL

Mr. Fahey also made an appeal to people to keep in their dogs at night during this emergency and to keep the dogs off the lands where sheep were.

Mr. Fahey said a number of sheep were killed by dogs in Ballygagin last week.

Dep. Refuses to Move Motion

I ASSURE you Deputy that this will be bad in the mouth with the public, said Chairman C. Curran at last Friday's Co. Council meeting when Deputy T. A. Kyne refused to move a motion signed in his name "that salary increases already granted to certain members of the Council's clerical staff be made retrospective to August 1st, 1960."

PROPOSED

Deputy Kyne said he wanted the motion postponed. He had two reasons for this request. The Local Government Union Officials who were to attend the meeting in support of the claim did not do so and a number of councillors who would support it were not present.

If the Chairman would not agree to his request for a postponement then he would not move it. He wanted it to be on the agenda when all members were present.

Colr. N. Walsh - You are holding a gun to our heads.

Deputy Kyne - I am not.

The Chairman said it was a notice of motion signed by Deputy Kyne and only he could move it. He could assured him that his action would be had taste in the mouth with the public.

Deputy Kyne - I am only asking to have it postponed and fix a definite date for it.

Colr. N. Walsh - If you do not move it can we deal with it today?

Deputy Kyne - I do not think so.

Colr. Foran - As one who will be against the motion I think it should be postponed to suit Deputy Kyne.

Colr. M. Galgey said he also was against it but the Deputy was quite entitled to postpone it. Everyone should get a fair crack of the whip, he said.

Colr. Curran - This has certainly come as a bit of a bombshell.

Colr. Lannon said if they were going to adjourn it for one month they would do so for two months.

Dep. Kyne: I am agreeable to that. I will move it at the March meeting irrespective of who is here.

Colr. Foran said he believed all members got facilities down the years and Dep. Kyne was entitled to them now.

Colr. N. Walsh: If we are here the next day and those that will oppose the motion are in the minority will you adjourn it for me. If I find that the members opposing it are in the minority I will ask for a postponement.

CANNASSED

Colr. Curran said he did not intend taking rigorous action today, but in view of the circumstances he could see that it would not appear on the agenda again. Officials he said canvassed for this.

Colr. Lannon: There will have to be an enquiry into this

OBJECTED

Colr. Lannon said he objected very strongly to anyone going to the houses of Councilors asking them to vote for the motion.

Colr. K. O'Ryan: This whole thing is farcical.

Colr. Lannon: This country will end up in a revolution, and those that started it will end up against a wall. It will be even too good for them.

Colr. N. Walsh said the ugly feature of it was that they were beaten everywhere.

Colr. Lannon asked if five members got together and put in a motion that they not consider the matter any more, what would the position be?

Colr. Curran said Dep. Kyne as sponsor of the motion would not move it and the Council's hands were tied.

Colr. Foran proposed it be adjourned.

Colr. Sean Whelan said that he was one of the five members that had counter-signed the motion, and he now wished to withdraw his name from it.

He also wished to dispel rumours that he counter-signed the motion because of a relative of his that got a Council job that was not fought at all.

Colr. M. Morrissey said Dep. Kyne was to be congratulated on his stand.

Dep. Kyne said in the light of Colr. Whelan's decision he would have to withdraw the motion.

GRANTED

On the proposal of Dep. Kyne seconded by Colr. J. Quirkie, an increase of 2d. an hour (as per National Agreement) was granted on building trade workers' retrospective to October 24th last.

To Colr. K. O'Ryan, the Chairman, said the last increase was given about 12 months ago.

Colr. O'Ryan: Why make it back to October? I'm dissenting anyway.

Mr. J. D. Hally (Co. Engineer) said £100 to £150 was involved.

Colr. N. Walsh: These retrospective rates are getting out of hand.

Colr. Curran: They are not getting out of hand, they have got out of hand long ago.

WATERFORD MEET ALL-IRELAND CHAMPS.

Form has the peculiarity of going haywire when Waterford and Tipperary meet in senior hurling combat. One can never ascertain with any degree of certainty what the result is likely to be and their meeting in a senior challenge at Walsh Park, Waterford, on Sunday next should draw a huge crowd for a "bird's eye view" of the present form of these top-ranking hurling counties.

A Waterford-Tipperary challenge is invariably a step above the ordinary "run of the mill" tourney. Basically, the result of Sunday's game bears little significance, yet the razor keen rivalry that exists between them is an assurance in itself that both will go all out to chalk up a victory.

While all games throughout the county are presently in jeopardy, the Walsh Park Committee have thwarted the elements. Straw has been spread as a protective covering for the past week and the playing surface will be in perfect condition for the game.

The 1962 clashes of these Munster neighbours makes interesting reading in the Provincial final at Limerick in August. Tipperary meted out a merciless hammering to the Deise men and went on to win their 19th All-Ireland title.

Then in October last, Waterford exacted sweet and glorious revenge. The counties again met at that time in the Oireachtas final at Croke Park and Waterford displacing a brand of hurling that has pressed fantastically searching for suitable adjectives sweet to a magnificent 5-12 to 4-9 victory.

What lies in store during this next hour is at this stage merely a matter for conjecture. However it is the writer's guess that the paid customers will be given a rousing send-off for 1963.

While selectors of both counties are putting some new blood on trial, the selections are nevertheless quite formidable and indicate a definite reluctance by men of us to meet with defeat.

Waterford give their big chance on Sunday to Tony Cummins, John Meany, Tom Allen and Charlie Ware. This quartet replace old reliables Phil Gimes, Seamus Power, Larry Guinan and Mick Dempsey, and good displays could earn a league place against Wexford the following Sunday for one or more of them.

Meany and Cummins form a new and experimental mid-field partnership that will be fully tested by Theo and Sean English. The latter has played as one or two for his native Waterford and at 21 this "Terry" based Guardia is a hurler with a bright future.

The Divisional defence is along expected lines, the onus being on customary formation being the pairing of Joe Condon at right half back in stead of Larry Quinn.

Neil Power has been nominated as first choice for long keeping job but if he is not found that by agreement, Paddy Flynn will take over at half-back. Obviously selectors are evaluating the opportunity of making comparisons between the pair, the most impressive of whom will bring over the past against Wexford.

The attack features the continued presence of captain Tony Allen (Dundalk) at left half, while Charlie Ware is also given the best chance of establishing claims for permanency in the other corner. John Barton again leads the attack, while the other line of Flannely, Cheevers and Walsh is retained en bloc.

While Tipperary are also giving the promising Sean English and Mick Murphy a chance to prove their worth, the changes are revolving for the most part on the ever-greened campaigners that have earned so much success over the past few years.

Roger Murray is being challenged by Donal O'Brien for the number one jersey. It is noted by a solid record that is missing with John Doyle and Matt O'Garra.

Their attack has been re-arranged and Jim Devaney now feels himself occupying the full-forward berth as a selector that Premier County selectors have not adequately filled since the retirement of "Sonny" Mahon.

Versatile Donie Nealon — back in the fight corner while Jimmy Doyle — "Mackey" McKenna and Killeen's Tom Ryan form a powerful looking half line.

With such a galaxy of stars on view and the earnestness of both sides to win, Walsh Park should stage a vibrant challenge.

KILGUBINET'S ANNUAL SOCIAL. As can be seen from the advertisement on this page, Kilgubinet's annual social will be

held in Cloha on Thursday 14th February. This event is now recognised as one of the outstanding social functions of the year, and this coming event should prove no exception.

Club President, Fr. Michael O'Farrell, Secretary, Simon Hanley and the committee are already "hard at it" ensuring that all preparations will be complete. Incidentally, such is the demand for tickets that it would be no surprise if they were limited. So intending purchasers would be advised to secure their tickets immediately.

The Club is also running a "45" Drive, for which there will be £30 in prize money. The fee is only 1/6 per head.

BALLINAMEELA A.G.M. The following Officers were elected at the recent annual general meeting of the Ballinameela Club: President—Rev. Fr. T. Nugent, C.C.; Vice-President—Tom Brown; Chairman—Tom Brown; Secretary—Michael Culoo, N.T.; Secretary—Mick Cliffe; Ass. Sec.—Harry Conway; Committee: Mr. Cashman, John O'Donnell, John Brown, M. Keleher.

Captains: J.H. Packer, Mr. Carthy, J.F. Jim Maher, M.H. Jim Kelly; M.F. Jim Power. Selection Committee: J.H. Harry Conway, M. Cashman, M. Culoo, John Brown, J.F. Jim Maher, M. Cashman, M. Culoo, M.H. M. Cashman, M. Keleher, M. Culoo, M.F. John H. Conway, M. Cashman.

WESTERN BOARD The first meeting of the Western Board for 1963 will be held in Cappoquin town-hall (Friday) February 1st. The meeting will deal with affiliations and the championship draws will be made.

The officers of the board will be in a tentative half an hour before the commencement of the meeting to accept affiliations.

A Quiet And Uneventful Convention NO CHANGES IN OFFICERSHIP

IT is essential that Boards and Clubs be controlled by men of integrity, men of true Gaelic character and men who will be admired, honoured and respected by the youth, said outgoing Chairman, Mr. J. Moloney, N.T., in his address to last Sunday's Convention in Dungarvan.

The acceptance of Dr. Croke, Archbishop of Cashel as Patron of the Gaelic Athletic Association, said Mr. Moloney, "has virtually become the constitution of the Association. The growth since then, has been phenomenal. The Association has survived its 'growing pains' and has reached the state of manhood."

"In recent times in the press and on the Radio we hear harsh criticism of the present day youth. Whether this is just fuel is hard to judge at times but I feel that we have an obligation to guide our youth so that they may become better Irish citizens and better members of the Association. This should be done by example and it is essential that Boards and Clubs be controlled by men of integrity."

Debit to be Spread Over Two Year

By 13 votes to 2 a proposal by the Chairman, Col. C. Curran, that a recommendation be made to the Health Authority for the spreading of the debit balance of £12,500 over two years (rather than clearing it off in one as decided at the Provisional Estimates meeting of the Authority) was passed at Friday's meeting of Waterford County Council.

The Co. Accountant, Mr. F. J. O'Leary, said to clear the balance off in one year would increase the County rate by 2/8. If it was spread over two years the increase for the coming year would be 1/6.

The Chairman said it was a non-recurring debit that was related to the transfer of A-grade to the Health Authority. Col. M. Galgley—This was debated at the Health Authority. Mr. Chairman, you did not get your way then and now you have brought it up here so it will work out the way you thought best, Ed. To what it all can now be said to be the best way as far as the Health Authority is concerned.

Chairman—The decision arrived at, at the Health Authority meeting did not meet with the approval of the ratepayers of Co. Waterford who thought it was a very harsh decision. I hit them too hard last year and I am proposing we spread the payment of the balance over two years.

Senator Jack Butler seconded.

Col. Wm. Foran said if they tried to clear it off in one year they would only be hitting their heads against a stone wall. The people would not be able to pay it.

Col. T. Lannon—Some of the gentlemen in public life would bend backwards for you they should be ashamed to be in public life.

A proposal by Col. Norman Walsh seconded by Col. H. Dowd that the debit balance be spread over three years was then put to the meeting and defeated by 13 votes to 2.

Col. Lannon's proposal to clear it off in one year was then put to the meeting and beaten 12-3.

Finally the Chairman's proposal to spread it over two years was carried 13-2.

The voting was: For—Col. Wm. Foran, Col. B. J. Hart, W. Whelan, D. H. Fahy, Foran, Heskin, N. Walsh Galgley (13). Against—Col. Lannon, Ryan (2).

day as Administrator of the Gaelic Athletic Association in Co. Waterford. He was prepared to accept criticism which was constructive, and was also ready to criticise himself over the shelving of accident claims over the past few years. He would use every means at his disposal in 1963 to recover any amount outstanding to clubs for accident claims.

"Twenty-five years I have been with you in victory and defeat," continued Mr. Goode. "I can remember back over these years all the staunch loyal and Gaelic faces. I wish you all the best for '63. And may the games we love prosper."

A motion by Mr. Sion that all Co. Fia's be played in Eastern and Western venues or alternate years except in the case of agreement between teams from the same division contesting the finals. Hurling finals and football finals to be played in different divisions in the one year," was carried by 121 votes to 104.

Moving the motion, Mr. Seamus Power said they were prompted to do so by the state of affairs existing for the last two years. There was "jockeying" between the East and West at Co. Board meetings, and if the East was stronger at those meetings, the venue would be an Eastern one. Likewise, if there was a Western majority, the venue would be in the West.

The motion, he said also took into account the case where two teams from the same division meet in finals, could decide between themselves on a venue. He would strongly recommend it to the Convention.

Mr. Nicholas McGrath, outlining several reasons for opposing it, said they should consider what a neutral venue really was. He said they should preserve their status quo, and would ask in particular Western delegates to vote against it.

Seamus Power said Mr. McGrath in opposing the motion had made a deliberate attack on Waterford city as a venue. He never said Dungarvan was not an ideal venue, and Eastern teams had played as many games there as in Waterford. He was not designating what type of venue was best but was only trying to attain equilibrium. If the East was decided upon Waterford, Dungarvan or Tramore could be chosen as venues, and in the West, Dungarvan, Cappoquin or Lishnoge.

The motion was then put to the meeting and carried by 121 to 104.

NOT FEASIBLE A motion in the name of Erin's Own Club that the Co. Board be instructed to procure a suitable playing pitch in the Keshbeg area, was not supported by the Chairman, as he said at this stage such a project was not feasible.

Speaking on the motion, Mr. Charlie Ware said that while the club was block voting over venues in the County, no progress would be made. A split vote between Dungarvan and Waterford would end back voting, he said.

The Chairman, Mr. J. Moloney, said that while it would be desirable to have a field here it would be unfair to expect the Board to procure a field while other Clubs were waiting to have their fields completed.

BETH GARRISON OWN Mr. William Linnah (Newtown) said Kilmochomas was only a very British garison town. They should forget about it and take in Newtown instead.

The Chairman said the motion was not feasible and could not be entered as a motion.

DEFERRED Cahal Brugha's (Dungarvan) motion that a set of hurling teams should be made available to juvenile hurling teams that took part in the 1962 juvenile hurling championships, was deferred to the County Co. Board.

SHOULD GET HELP Mr. Eddie Fitzgerald (Cathal Brugha) said these teams should get some help from the Co. Board. £500 in grants was being given to schools but over the past two years they had got nothing. It would only mean £120 a year to the Co. Board.

Moloney (Chairman)—I would mean more than £120.

Mr. Fitzgerald—You give me £120 and I will get the hurleys for you.

On the recommendation of Mr. Moloney, it was deferred to the Co. Board.

A motion by St. Mary's (M. Melaney) that senior and junior clubs who regrade players to their primary team may not play these regraded players against a primary team proper was not entertained by the Chairman.

Mr. Moloney said the motion was seeking to do something that was a most impossible. He would have to rule it out of

Tribute to Departing Local Official

Many tributes were paid to Mr. Seamus Keating on his promotion as Accountant to South Tipperary County Council, by officials and members of Waterford County Council at their meeting on Friday last.

Mr. Keating was a staff officer with Waterford Co. Council and was also responsible for the office rate collection in Dungarvan.

The Chairman, Col. C. Curran, said that while he congratulated Mr. Keating on his promotion he was sorry that they were losing him. He was the one man that was responsible for the office rate collection. He was a very conscientious and efficient officer and was very human in the manner in which he collected the rates.

Col. W. Foran said Mr. Keating was a man of such ability and possessing other qualifications as well, that he could visualise him obtaining further promotion soon. He did a wonderful job with the office rate collection in the county.

Deputy T. A. Kynne said he always found Mr. Keating to be an obliging officer and the people of Dungarvan and Abbeyville would be glad of his promotion but sorry to lose him.

Col. J. Fahey said Mr. Keating was very patient in listening to a case of difficulty in paying rates. He was delighted to see him going on promotion to his native county.

All the other Council members present were associated with the remarks of their colleagues.

Mr. G. Dowling, Co. Secretary said on behalf of the Co. Manager and his own behalf he wished to be associated with all that had been said. He could not find words to praise Mr. Keating highly enough both as a staff officer and rate collector.

Mr. J. D. Hally, County Engineer, on behalf of his staff and himself, said they valued him very best.

Replying Mr. Keating thanked everyone for the tributes paid to him from it difficult to get words to convey his thanks for the remarks passed. The office collection could not have been a success without the co-operation he received from the staff in the office, the Secretary and Accountant and the Council members themselves.

MANAGER'S RECOMMENDATION ACCEPTED The recommendation of the County Manager, Mr. S. J. Moylan, that Patrick Hegan (Clerical Officer) be appointed to the Office Rate Collector from Feb. 15, 1963 to April 30, 1963 was approved.

Mr. Hegan's appointment was proposed by Col. M. Morrissey and seconded by Col. J. Dohan.
