Colr Norman Walsh  
New Vocational  
Vice-Chairman

Mr. Norman Walsh, Cappoquin, was unanimously elected Vice-Chairman of the Waterford Vocational Education Committee at the monthly meeting on Tuesday last.

The Chairman (Ven. Archbishop D. Frawley) said they were fortunate to have the vacancy caused by the death of Mr. M. O'Hara.

Mr. William Dawer said he had great pleasure in proposing Mr. Walsh for the post. He

had been a member of the Committee for a long time, and would be well able to do the job.

Mr. Charles Curran, seconding the proposal, said everyone knew Mr. Walsh's integrity and he was ideally suited for the position.

Congratulating Mr. Walsh on his appointment, Ven. Archbishop Power said he was an unprejudiced and unbiased and they all knew how sound he was in his views.

Mr. Walsh thanked the members for unanimously electing him Vice-Chairman of that very important Committee, and he could only hope to follow in the steps of his two worthy predecessors, the late Mr. O'Hara and the Fear Mor.

"If I am only half as good as they were," said Mr. Walsh, "I will be well satisfied. We have an outstanding Chairman in Archbishop Power, and I know I will not be called upon very often to resign."

Acting C.E.O. (Mr. T. F. Maher) also congratulated Mr. Walsh on his appointment.

### Taking of Depositions Begins

TAKING of depositions began in Dungarvan District Court before Justice L. B. Skinner on Wednesday in the case in which Mr. Charles Ware, Dromore, Aglish, is charged with driving on November 15th last at Springmount, Dungarvan, at a speed and in a manner dangerous to the public and thereby causing the death of 17-year-old Catherine Teresa Burke, Clonegale, Ballinault.

Mr. Maurice Noonan, Gate Lode, at Dungarvan County Home said he was on duty on Thursday, Nov. 15th, 1962, in the gate Lodge. He knew Miss Teresa Burke employed in the hospital. On that night he saw her leave the hospital and he entered a note of the time of her exit. It was 8.10 p.m.

About a minute later he heard what he thought was a crash from the road direction. He went out to the road and saw an injured girl lying on the left side of the road facing Dungarvan. She was Teresa Burke. She was about 20 yards from the County Home gate and was in a sitting position near the kerb. He assisted in carrying her into the hospital.

On the following day he saw her dead body in the hospital morgue and identified her remains to Dr. McNamara who was about to carry out a post mortem examination.

Mr. A. R. Farrell, Solr. (deposing) was the deceased walking when she left the hospital.

Mr. Noonan—Yes. Dr. M. K. Cusack, Medical Practitioner, Dungarvan, said at about 8.30 p.m. on November 15th last she drove her car to the County Home gate and was as close as possible to the left footpath.

While sitting in my car, continuing Mr. Mansfield, I noticed the other two cars on the opposite side of the road. One of them was red. After a while I noticed a Volkswagen car coming from Dungarvan. It

was about 8.10 p.m. It turned into the hospital gates which were closed. It reversed out on to the road about a minute later and pulled forward and stopped. The rear of the car was at this stage almost in the centre of the road.

The car remained in that position for the time being. I then heard the noise of a car approaching from the Villiers-town direction. I was looking at it from a side view and thought there was just enough room for a car to pass.

The approaching car, a Morris Minor, passed, but it struck the rear bumper of the Volkswagen in passing. I would say the car was doing a moderate speed. It went on for about 20 yards and then I saw an object as if it were falling from the roof of the car. It (Morris Minor) then pulled in.

Witness said he then left his car and went up to the Morris Minor. He saw a person in a sitting position on the edge of the footpath and thought she was badly hurt. The defendant amongst others was there.

He spoke to the defendant who told him he had knocked down a girl.

Cross-examined by Mr. Farrell Solr. (for the defendant) witness said his car was parked opposite the Co. Home gate entrance. His lights were not on. He did not see the Morris Minor strike the Volkswagen but heard the noise of the impact.

To Judge Skinner he said he estimated the speed of the Morris Minor by the sound of the engine.

Judge Skinner—I would take a magistrate to judge a car's speed by the sound of the engine.

Miss Eileen O'Keeffe (18) Killish, Cappagh, said that on the night of November 15th, she drove her father's Volkswagen car from her home to Dungarvan and from there to the County Home. Miss Eithne Hickey was a passenger in the car with her. She turned into the Co. Home recess but when she found the gates closed, reversed back and then went forward. The tail of her car may have been a bit out on the road. The parking lights were on.

Hearing an oncoming car from the Aglish direction, she decided to let it pass. As it passed between her car and the one on the opposite side of the road she heard a bang. She

would estimate the speed of the oncoming car at between 30 and 40 miles an hour.

Replying to Mr. Farrell, Solr., Miss O'Keeffe said she had been driving for the past 18 or 19 months. When she reversed out from the entrance the rear of her car may have reached the centre of the road. She then pulled forward to straighten her car and decided to wait until the oncoming car had passed. She was satisfied there was plenty of room for that car to pass. She did not see the deceased girl at all. Her car would not have obstructed a person coming out of the Co. Home gates.

Miss Eithne Hickey, Knocknaskagh, Cappagh, said she was a passenger in the car with Miss O'Keeffe on the night in question. Immediately after the Morris Minor had hit their car, Miss O'Keeffe reversed again and straightened the car. She corroborated Miss O'Keeffe's evidence about their arrival at the Co. Home.

Mr. Thomas Ronayne, Aglish said he was employed by the defendant, Charles Ware, in November last. On the 15th of that month he was a passenger in a Morris Minor car being driven by the defendant from Dromore to the pures in Dungarvan. He was in the back seat and a Miss Marj O'Grady was in the front seat with the defendant. Declan O'Neill was beside him in the back. As they approached the County Home entrance he could not say what speed they were doing. He would say they were going slowly.

I noticed a car on the left-hand side and a number of cars on the right hand side as we approached," said Mr. Ronayne.

"I noticed a Volkswagen car on the right side with its lights full on, and could see further up the road beyond that car. The Volkswagen was at an angle across the road and facing the County Home wall. The rear of it was out on the road and was occupying nearly half of the road. As we passed the Volkswagen I heard a bang and formed the opinion our car and the Volkswagen had come in contact."

Mr. Ronayne went on: "The defendant then slowed down. I saw a girl passing from right to left, and our car struck her and the left side of the windscreen came in. Our car slowed down after the girl was hit."

"The defendant pulled up his car immediately the girl was struck and I got out. I saw a girl injured near the kerb and I assisted in bringing her into the hospital."

To Mr. Farrell, Solr., Ronayne said the road ahead from Mansfield's and Miss O'Keeffe's cars was clear and there was no pedestrian in sight. The first sight he got of the girl was after the impact between the defendant's and Miss O'Keeffe's cars.

At this stage, Justice Skinner adjourned the further taking of depositions to the first Court in March.

## GOOD RACING FEATURE OF— SUCCESSFUL LOCAL POINT-TO-POINT FIXTURE

THE point-to-point season got off to a highly successful start on Monday last when Dungarvan Harriers held their annual fixture over the splendidly laid out Killosera course, 1½ miles from the town. For years past this meeting has been generally acknowledged as one of the foremost in the country and this 1963 event will go on record as the best to date.

There was a huge crowd present for the meeting which attracted a record number of entries. There were 47 runners in all including some of the best-known horses in the country.

Although the rain of Saturday and Sunday left the course on the heavy side, ground conditions were remarkably good while the over-cast but dry day made it an ideal one for racing.

As always the officers and committee of the local club ensured that everything went according to plan. Each race was run to schedule and the all-round degree of perfection that was attained made the hard work of all concerned well worthwhile.

HAD SERVICES OF COMMENTATOR

This year, for the first time, the Committee had the services of the well-known race commentator, Mr. D. O'Hanrahan, and his accurate account of each race in its entirety made it an even more pleasurable spectacle for viewers.

During the afternoon the crowd stood in silence as a mark of respect to the late Jack Foley, Killosera, one of the landowners who for years past put part of his land at the disposal of the Harrier Club.

Mr. Thomas Flynn, speaking of the late Mr. Foley said it was with wonderful eagerness and enthusiasm that he looked forward each year to their Point-to-Point fixture and the Club was now grateful to his son, Paddy who was keeping up a family tradition by continuing to allow racing over his land.

As in former years there was a total prize money of £235. During the afternoon three very well-backed favourites obliged and only outsider Laroni in the last race saved the Bookmakers from a disastrous day.

WONDERFUL START

The meeting got off to a wonderful start from a local viewpoint when Paddy Kieley, a member of a great racing Listennel family, piloted Lady Minstrel to victory in the opening race. Although not backed down to favouritism, Lady Minstrel had plenty of backers and proved a very popular winner.

The Open Maiden race for the Jack Lynch Memorial Perpetual Challenge Cup attracted an entry of fifteen and here all the money was for the Cashel trained Goat Island ridden by 16-year-old Willie Browne, son of trainer Mickey Browne.

Goat Island duly obliged its backers. After lying second for one of the three circuits, the favourite, brilliantly handled by his young rider, shot to the front and was an impressive 20 lengths winner from Pettina with Besena a further three lengths away third.

Local interest was of course centred on the Dungarvan Harriers (Continued) race for the Denny Challenge Cup. John Beresford's Little Ned II was installed a money-on favourite in the five-horse field and in the capable hands of his owner ran out a 15 lengths winner from Mr. J. McGrath's Peter's Luck and Mr. Mattie Kieley's Shee Ogue II.

The Youthful Carrots Stakes and Power Cup presented by local business man Paul J. Prever—also Clerk of the Course—were won by yet another odds-on favourite, Donal O'J., in a nine-horse field he was a ways handily placed and

TRAVELLING EXPENSES QUERIED

Because of the refusal by Acting C.E.O. Mr. T. F. Maher to supply the County Council with information about travelling expenses of the Vocational Staff, the matter was raised by Mr. Charles Curran at last Tuesday's Vocational Education meeting in Dungarvan.

Mr. Curran said the matter had been raised at a County Council meeting by a member who sought certain information about the travelling expenses of the Vocational staff. Subsequently the County Council had contacted the C.E.O. who refused to supply the information required.

Mr. Maher (C.E.O.) said travelling expenses covered a very wide range, including maintenance allowances etc. He however, had no power to give that information to the County Council.

Mr. Norman Walsh—who prevented you from giving it to C.E.O.—if any member of this Committee wants it I will give it to him. But by the Constitution of this committee I have no power to divulge it to the Co. Council. The audit is starting in March and the books will be open to the public to inspect these expenses.

Mr. N. Walsh said it looked bad when they put a damper on these matters. What objection, he asked, would the C.E.O. have if the Committee told him to give the information to the County Council.

Mr. Maher said it was confidential information available only to the Committee.

Mr. Walsh said that provided they gave him permission to do so, the C.E.O. should give the information to the County Council. It should not be confidential as it was public money that was involved.

Mr. Curran said the matter was raised at the County Council and it was his duty to raise it at this meeting.

Mr. Walsh said it looked bad if they gave the idea they were trying to cloak it over.

Mr. Curran said car mileage was the matter in question. If the Committee agreed in principle to making these figures available to the County Council, there would be no undue hurry with the matter.

Mr. John Fahey said it would be better to have them coming before their Committee first.

Mr. Curran: That would be feasible. This matter was raised at the County Council and it is absolutely essential that the matter be clarified.

Finally it was decided to discuss the figures at a future Committee meeting before deciding to take any further steps.

OFFICERS OF TEACHERS ORGANISATION

Mr. Eamonn Flchain, Abbertide, was elected chairman of the Waterford County branch Cumann na nGairn Muinteois at the annual general meeting held in Dungarvan at the week end. Secretary treasurer for the coming year is Mrs. J. Wray, B.Comm.

Funeral cortege of the late Thomas (Tom) Kelleher, Main St., Cappoquin, leaving the Church for interment. Deceased was Quarter Master of West Waterford Brigade of the Old I.R.A.

## Kilmacthomas News

Deeply Regretted by her family, relatives and friends is the death of Mrs. Mary Walsh (nee McGrath), relict of Mr. John Walsh, farmer, Ballyvaden, Kill, Kilmacthomas, which sad event occurred at her residence on Tuesday of last week (5th inst.), after a period of indisposition and at the allotted span. A most estimable and cultured lady and possessor of many delightful traits of character, she was a member of a widely known and highly-esteemed West Waterford family (of quite close to Kieley's Cross, Grange).

Of a most charitable and charming disposition, the late Mrs. McGrath was the perfect type of Catholic mother, devoting herself entirely to the upbringing of her likeable family. All who had the pleasure of being acquainted with her amongst whom she had so many intimate friends, now unite in expressing their deep regret at her passing and offering to the bereaved ones their sincere sympathy.

The cortege, which accompanied the remains when they were removed to the Church of Our Lady of Mount Carmel, Kill, on Wednesday week, was one of the largest and most representative seen locally for a long time. On arrival at the sacred edifice the coffin was received and blessed by the Rev. L. Walsh, C.C., do.

Immediately after the celebration of Office and High Mass the next day, the funeral took place to Ballyristeen Cemetery where interment was made amid every manifestation of profound sorrow. The priests in attendance at the obsequies again officiated at the graveside. Wreaths were laid on the grave. Sheaves of spiritual bouquets and messages of condolence were received.

### CLONMEL PIG MARKET

Messrs. Stokes & Quirke Ltd., Fig Market Sale, held on Tuesday week last, had an entry of 967 pigs, which met a fuller trade than the previous sale. Pork pigs proved most difficult to clear, while bacon pigs were also back about 5/ per cwt. Quality Store pigs, however, held their own and demand was good, but there was little interest shown in short and unsuitable sorts. This recession in price could be probably attributed to the bad weather, but one fact has clearly emerged over the past few weeks, i.e., unsuitable store pigs are fast becoming almost impossible to dispose of.  
**Ruling prices were:** Bacon Figs, 160/- to 163/- per cwt. liveweight; Porkers, 155/- to 167/- do.; Fat Sows, 75/- to 80/- do.; Strot. Stores, £5-7-6 to £6-5-0; Bonhams, £3-0-0 to £4-5-0; Sows-in-Young, £20 to £22 each; Sows and Litters, £30 to £35 each.  
The next market will be held on Tuesday next, 19th February.

### NO COMMEMORATIVE POSTAGE STAMP FOR DR. HENNEBRY

Mr. T. Lynch asked the Minister for Posts and Telegraphs, what are his Department's plans for commemorative stamp issues for 1963.

**Minister for Posts and Telegraphs:** A special postage stamp will be issued next month to mark the Freedom from Hunger Campaign organised by the Food and Agricultural Organisation of the United Nations. Plans for other special issues in 1963 have not yet been definitely settled. In accordance with the usual practice, announcements will be made as and when decisions are taken.

**Mr. T. Lynch:** Is it a fact that the Minister is considering issuing a stamp to commemorate Dr. Hennebry?  
**Mr. Hilliard:** No. It is not a fact.

THE ROYAL TOUCH

"The Royal Touch", in the Middle Ages, was considered one of the divine rights of kings. Scrofula and epilepsy were the only diseases treated. Suitable patients were "touched" by the king. They were then given a gold coin to be worn around their necks. The custom started as far back as Clovis the Frank in 496 A.D. Louis XIV is said to have "touched" between two and three thousand people, but the practice reached its height in England in the reign of the Stuart. Later, however, William III had little faith in his healing powers and is said to have murmured over the sick when touching them: "May God give you better health and more sense". After Queen Anne's death, the ceremony fell into disuse.

'GAELIC FIELD' AT AT KILMAC' AT KILMAC'

Kilmacthomas, Co. Waterford. Dear Sir, Please allow me space in your paper to comment on a statement about Kilmacthomas, made by Mr. Lenihan at the G.A.A. Co. Convention, and published in your issue of the 1st February. He refused to vote for a Gaelic field for Kilmacthomas. How does he reconcile as an ardent G.A.A. supporter and as one who deprecates the playing of soccer in our village? Surely, the only way to stop soccer is to have a field where Gaelic can be played.

Secondly, he said Kilmacthomas is a western British Garrison town. This statement is too stupid for words. When Kilmacthomas was British Garrison, the people of Kilmacthomas did more than Mr. Lenihan to remove them. Hence our resentment at his statement. His attitude of soccer must be new found, since he included ten Kilmacthomas soccer players on his minor football team to play De La Salle in 1962 championship.

I would ask Mr. Lenihan for the sake of his club to withdraw his statement. His club always got generous support from Kilmacthomas. Yours Faithfully, KILMAC' MAN

CLASHMORE I.C.A.

The annual general meeting of the Clashmore I.C.A. was held at Coolnasmead National School on Friday night, February 8th. There was a good attendance of members.

Miss Ann Roche (Area Organizer) was present and gave a very interesting talk on the work of the various Guilds. The following officers were elected for the coming year: President, M. J. Walsh; Vice-President, Mrs. J. Byrne; Hon. Secretary, Miss M. Dunford; Treas., Miss S. Whelan; Hon. Griean Correspondent, Miss M. Bove; Committee, Miss O'Brien, Miss Duggan, Mrs. Burke, Mrs. Dunford, Mrs. M. Walsh.

Late Miss Ethel Biggs

The sudden death of Miss Ethel Biggs, Abbeyside, Dungarvan on Sunday night, 10th February, 1963, came as a great shock to the whole community.

Born in Abbeyside, Miss Biggs served in the army in two world wars and at the close of World War II returned home to care for and nurse both her mother and aunt to the end of their lives. Miss Biggs was a daughter of the late Capt. T. J. and Mrs. Biggs, also of Abbeyside and granddaughter of the late Rev. John Bain, the Old Rectory. She was one of Abbeyside's best known and most charitable personalities, and her kindness to the poor knew no bounds.

The funeral was held on Wednesday, 13th February at 2.30 p.m. A short service was held at the home conducted by Rev. J. R. Biggs (nephew), following which the remains were brought to St. Mary's Parish Church where service was held conducted by Rev. W. McKenna, Rector of the Parish, and Rev. J. R. Biggs, and at which a large congregation of relatives and friends were present.

Afterwards the committal was conducted by Rev. W. McKenna at the family burying ground adjoining the Church.

Messages of sympathy were extended to relatives who were present: Mr. T. Lauwers (nephew); Rev. J. R. Biggs (nephew); Capt. and Miss Chestnut; Miss Hawthorn; Bern (cousin); and also those who were unable to be present: Mr. and Mrs. A. Lauwers (brother-in-law and sister); Belgium, and Mr. J. B. Biggs (brother); Luton Beds. Wreaths were sent by: Doris and Adolf, Jack, Betty and Jim, Tom and Doris, Jean and Ivan, Elizabeth and Richard; Mabel, Chris, Lily and John; Miss J. and C. Bessem; Florence, Grace and David; Maurice and Betty; Mr. and Mrs. Woodhouse; Nellie Hague. (The funeral arrangements were in charge of Mr. J. Phelan, Dungarvan).

CAPPOQUIN NOTES

LATE MR. T. KELLEHER Through the death of Mr. Thomas Kelleher, which occurred suddenly in the early hours of Wednesday, 6th inst., Cappoquin has lost one of its best known and most popular figures. The sad news of his passing was learned with feelings of the deepest sorrow.

He was associated with the movement for independence since his boyhood. In his teens he joined the Volunteers and later the I.R.A., becoming Quartermaster of the West Waterford Battalion, serving actively in many parts of the country up to the Truce. Exposing the Anti-Treaty side, he was also under arms throughout the Civil War and was one of the number who stood guard round the farmhouse in Glenarene on the historic occasion when the "Cease Fire" document was signed.

During the Emergency he was one of the first to answer the call for home defence and became leader of the local group of the L.D.F. Actively associated with the Fianha Fall organisation, he enjoyed the friendship of many of the principal political figures in the country.

In association with his lifelong friend, Mr. Tom Lincoln, who pre-deceased him a year ago, he was responsible for starting the project to erect a monument (now nearing completion) to the memory of those who fell in the fight for freedom.

One of the kindest of men and firm in his convictions, he was tolerant and broad-minded, enjoying the friendship of all his many acquaintances. A lover of his native town, he was a generous supporter of every movement for its betterment.

There was a very large attendance when the remains (the coffin covered with the national flag and borne by old comrades) were removed on Wednesday evening to the local church and received by Very Rev. J. Keeneally, P.P., and Rev. M. O'Meara, C.C. Public sympathy was reflected in the very large numbers from the town, district and outside areas who attended the funeral to St. Declan's Cemetery. Members of the Old I.R.A. formed a guard of honour.

In an oration at the graveside, Mr. Frank Ryan, Talou, paid a touching tribute to the memory of the deceased. In the course of his address, he said: "The names of many men are household words because of their part in the conflict. The name of Tom Kelleher, never figured prominently in these accounts, but nevertheless, he was one of the many brave soldiers who did their duty fearlessly and no matter what the personal risk he could be depended upon to carry out the task allotted to him. He was a faithful son of Ireland, who, to the last, remained loyal to the Republican Cause."

As the coffin was lowered into the grave, the Last Post was sounded. Very Rev. J. Keeneally, P.P., assisted by Rev. M. O'Meara, C.C., Rev. P. Flavin, Carrigea and Rev. C. Daly, Modelgo, recited the last prayers. The chief mourners include: Mrs. M. Kelleher (wife); Maurice (son); Mary (daughter); Joseph (brother); Mrs. E. Smith, London; Mrs. M. O'Leary, Wexford; Miss E. Kelleher, Cappoquin (sisters); nephews, nieces, cousins, etc. (Under aking by M. J. Noonan, Cappoquin).

Seac Maith Do Ceoltoiri.—The local Croagh of Comhaltas Ceoltoiri Eireann held their annual meeting at McLaughlin's Hotel, on Tuesday night last. The following Officers were re-elected for 1963: Cathaoirleach, Tomas O Dubhla; Rúnai, Unseadun, Leas-Cathaoirleach, Padraig O Fiannusa; Cisteoir, Sean O Fiannusaig.

After the Cathaoirleach's address and An Rúnai's report, the present state of the croagh, was discussed, and the absence of young players was deplored. It was unanimously decided that following the lead of Dun Garbhain, an effort should be made to start a class for Gaelic music in Ceapach Chunnin without delay. The first step will be to collect at least twenty names. This is a great chance for any of our youth that may like to study Gaelic music, a most important aspect of our National culture. Ten members have already been enlisted. You might surely be one of that other ten, so give your name immediately to any of the officers of the branch.

CAPPOQUIN I.C.A.

The annual general meeting of Cappoquin I.C.A. was held recently. Mrs. Conway (President) presided. Before the business of the meeting, a vote of sympathy was passed to Miss Mary Kelleher, on the death of her father. All members standing.

The following annual report was submitted by Mrs. McGrath (Hon. Secretary): "It gives me great pleasure to report on some of the principal activities of the Guild, which is now 10 years old, and each succeeding year sees some thing new added to its list of social and cultural activities. The monthly meetings were well attended and a demonstration of talk was usually given in connection with them."

"In April, Mr. Michael Walsh (Travel Ltd.) Dublin, visited us and showed pictures of the Holy Land and Rome. This was arranged by Rev. P. O'Meara, to whom we are very grateful. We invited our neighbouring guilds to our meetings and in turn visited them."

"Our guild was represented at all Federation Meetings, one Council Meeting and the A.G. Mee irish, Dublin. We competed in all Inter-Federation Competitions, although not winners, we were always in the first three. A cash contribution was made to the Wireless for the Blind. Some of our members are very active workers for other national charities (I.S.P.C.C. and Rehabilitation Institutions). We contributed to the County Home entertainment in conjunction with other Waterford Guilds. At Xmas, in conjunction with the Rowing Club, we entertained the boys of St. Michael's Orphanage."

"When His Eminence Cardinal Browne visited the town we arranged and decorated the public platform for him and were highly complimented on same. Our Drama group were county winners in the one-act play competition and were presented with the Federation Jubilee Cup. The play, entitled 'Wrecked', was produced by Mr. B. Breen, B.A., to whom much credit is due for his invaluable direction and assistance."

Dungarvan Hunt Ball

The fifteenth annual Hunt Ball under the auspices of the Dungarvan Harriers Hunt will be held in the Town Hall on Monday, Feb. 25th. Last year's most popular social event was attended by 700 people who came from ripe counties. Always looked-forward to by the young debutantes and married couples alike as the great dance before Lent, the local Town Hall is always beautifully transformed for this perfectly organised Hunt Ball, now so well established. The excellent supper provided by the sponsoring ladies committee is the main feature of the event. That ever popular Mick Delahunty is assured of a big welcome back to Dungarvan.

Dancing will commence at 9 and the first supper starts at 11 p.m. Over 230 will be served at each supper in the magnificent dining hall so kindly made available for this great occasion. Already the local dress-makers are busy in preparation for the young ladies all of whom look forward eagerly to this wonderful evening. The wise people will attend early and enjoy the best dancing between 9 and 10 p.m. The enormous amount of preparations put into this Hunt Ball by the expert ladies committee and the members of the Hunt is certainly mostly of the greatest support of our town's people.

Dungarvan Hunt Ball

The fifteenth annual Hunt Ball under the auspices of the Dungarvan Harriers Hunt will be held in the Town Hall on Monday, Feb. 25th. Last year's most popular social event was attended by 700 people who came from ripe counties. Always looked-forward to by the young debutantes and married couples alike as the great dance before Lent, the local Town Hall is always beautifully transformed for this perfectly organised Hunt Ball, now so well established. The excellent supper provided by the sponsoring ladies committee is the main feature of the event. That ever popular Mick Delahunty is assured of a big welcome back to Dungarvan.

Dancing will commence at 9 and the first supper starts at 11 p.m. Over 230 will be served at each supper in the magnificent dining hall so kindly made available for this great occasion. Already the local dress-makers are busy in preparation for the young ladies all of whom look forward eagerly to this wonderful evening. The wise people will attend early and enjoy the best dancing between 9 and 10 p.m. The enormous amount of preparations put into this Hunt Ball by the expert ladies committee and the members of the Hunt is certainly mostly of the greatest support of our town's people.

An Objective and Dispassionate Look - President N.F.A. NEWS

Speaking at the annual dinner of the Limerick and Clare Milk Producers in Cruise's Hotel, Limerick, this week, N.F.A. President, Mr. Rickard Deasy, said: "The most urgent requirement of Irish Agriculture in the light of the breakdown of the negotiations for British entry to the E.C. is for an entirely objective and dispassionate examination of the whole position of Irish Agriculture within our national economy."

"This, he said, is the moment for us to take a fresh and dispassionate look at many widely held beliefs. For example, we continually hear it said that Britain is our best market. Does this mean only that Britain is our biggest existing buyer of agricultural produce, or that it now, and must inevitably remain, our only major outlet? We must be led to ask ourselves what degree of assurance the future is in fact given by the current Trade Agreement? We should also explore in a positive way what improvements might be achieved in the arrangements for Anglo-Irish trade, especially for agricultural trade, or whether any alternative trade grouping would be available to us."

Concluding, he said that "All these, and many other, are problems demanding immediate examination as a matter of fact. In my opinion, it is fortunate for us that we have been given a few extra months to complete this work. We must use them well."

The Taoiseach's speech this week shows that the Government has not as yet evolved a definite line of action following recent E.E.C. developments. According to the Taoiseach, we will wait until the air becomes clearer, then examine all possibilities and take the most promising course. N.F.A. feels however, that we must work hard at maintaining friendships and contacts. When we eventually come to decide on an approach the paramount position of Irish farming must be given foremost consideration.

The present position must be looked upon as a delay rather than an abandonment of Ireland's participation in E.E.C. Our objectives must still be radical overhaul of our marketing methods in all countries, more efficient processing, and marketing at home and a re-orientation of our farming methods and systems where necessary.

In addition, we must not let the grass grow under our feet. We must be out and about gathering information at source and not depending on second hand reports from other countries which might have a vested interest in producing reports of a particular nature. Dynamic leadership from Government at this juncture is vital.

"N.F.A. ABSOLUTELY NECESSARY" County Manager. Speaking at the annual dinner of the Cork County Executive of the N.F.A. this week, Mr. Conlon, Cork County Manager, said that it had always been obvious to him from the beginning that the N.F.A. was an Association that was absolutely necessary for the welfare of the farmers and of Agriculture generally in this country.

Referring to a recorded interview with the U.S. President which he (Mr. Conlon) had heard, Mr. Kennedy he said on the occasion of a threatened strike by farmers in the U.S. that he had little fear of the strike because farmers there were not organized in one Association. This, Mr. Conlon said should be taken as a direct impetus by Irish farmers to organize themselves in their own Association.

Speaking for Macra na Feirme at the dinner, Mr. John Hench, Chairman, Cork County Executive, said that Macra looked on NFA as its baby and that everybody must realize the important position N.F.A. hold in the country today. "The greatest bugbear of the Irish economy in the past was," he said "a disorganised Agricultural community but under the leadership and guidance of the N.F.A. that is being righte."

The function which was attended by over three hundred farmers was presided over by Mr. Jerome Buttner, Munster Vice President, and directed by Mr. Patrick Walsh, Cork Co. Chairman. Guests included the General Secretary of the N.F.A., Mr. Sean Healy, Creamery Managers from the County, the C.I.O. and County Instructors, the Chairman of Waterford N.F.A., Mr. D. J. Coughlan, and the Chairman of Limerick N.F.A., Mr. D. Quish.

Mr. A. J. Keogh, M.Agr.Sc., just back from Brussels, says: "The Rome Treaty is the 'Bible' of the Common Market. Article 39 says that an equitable standard of living must be assured for farmers. It is achieved by—Equilibrium between production and consumption. Community responsibility for selling surpluses. Improved farm structure equipment. Good prices for good farmers. Frontier controls to prevent cheap dumping. Prevention of inflation (where prices are chasing behind costs). FARMERS' DEMAND CHANGE Over 600 Roscommon farmers attended a mass meeting in Roscommon on Monday night, this week to demand aerial drainage in the low-lying valleys of the Rivers Suck and Shannon.

Based on reports of engineers in the Board of Works and E.S.B. the Roscommon Executive of the N.F.A. has calculated that at present over 340,000 acres of Roscommon are now subject to flooding in the valleys of these rivers and their tributaries. This land could be brought into full production by a comprehensive arterial drainage scheme. This would add considerably to the prospects and incomes of small farmers in the area.

"THE EARLY BIRD CATCHES..." This week, Mr. H. Wooley, President, N.F.U., and Mr. Asher Wingerthen, the N.F.U. economist, left for the U.S. and Canada to discuss their world food proposals with the heads of Canadian and American Farmers' Unions. The N.F.U. travellers will return at the end of this week for the annual price review with the British Government. After the price review a further tour, involving New Zealand and Australia, has been planned.

BRIEFS FROM ABROAD Meat Shipments Doubled—Argentina. Argentine meat shipments to Britain during the seven weeks commencing Feb. 4th, have been scheduled at 33,000 tons of chilled beef. This is nearly double the quantity shipped during the corresponding period last year.

High Wool Prices—Australia. Wool prices at Australian auctions during January were the highest for five years, the Council of Australian Wool Selling Brokers has announced. Strong competition from Japan together with bidding from Eastern Europe and the Continent, led to the high prices. The price averaged for greasy wool for the month was 66.5d per lb. Shortage of Ware Potatoes—Britain. Britain is to import ware potatoes, the British Potato Board announced this week. Heavy frost damage is suspected, though as yet, there is still no accurate account of the extent of the damage. American Farmer Best Foreign Exchange—President Kennedy. The President of the U.S., Mr. John F. Kennedy, speaking in Washington last week, said that exports of farm commodities reached a record £2,000 million last year.

of our best foreign exchange earners. It is our firm policy to maintain and expand these exports," he declared. Lamb Exports—Greece and New Zealand. Greek studies of the requirements of the European Common Market have shown that there is a good opening for the export of Greek lamb to France. A report from Athens states that the Greek government has therefore decided on the export of 10,000 tons of young lamb to France during the coming year. Attempts will also be made to export lamb to West Germany. Exports will be of an experimental nature. Greece is an Associate of the Common Market. Special efforts to introduce New Zealand lamb to Italian hotels and caterers will be made at the Milan International Fair next April. What about Irish lamb?

At some time money would be made available to increase farm size, to make farms more compact, to provide them with better buildings working facilities, drainage and fencing. This would leave European agriculture more competitive and more efficient.

Mr. A. J. Keogh, M.Agr.Sc., just back from Brussels, says: "The Rome Treaty is the 'Bible' of the Common Market. Article 39 says that an equitable standard of living must be assured for farmers. It is achieved by—Equilibrium between production and consumption. Community responsibility for selling surpluses. Improved farm structure equipment. Good prices for good farmers. Frontier controls to prevent cheap dumping. Prevention of inflation (where prices are chasing behind costs). FARMERS' DEMAND CHANGE Over 600 Roscommon farmers attended a mass meeting in Roscommon on Monday night, this week to demand aerial drainage in the low-lying valleys of the Rivers Suck and Shannon.

Based on reports of engineers in the Board of Works and E.S.B. the Roscommon Executive of the N.F.A. has calculated that at present over 340,000 acres of Roscommon are now subject to flooding in the valleys of these rivers and their tributaries. This land could be brought into full production by a comprehensive arterial drainage scheme. This would add considerably to the prospects and incomes of small farmers in the area.

"THE EARLY BIRD CATCHES..." This week, Mr. H. Wooley, President, N.F.U., and Mr. Asher Wingerthen, the N.F.U. economist, left for the U.S. and Canada to discuss their world food proposals with the heads of Canadian and American Farmers' Unions. **OH! FOR LUSH, GREEN GRASS**

Never before has our stock of winter fodder been subjected to such voracious prolonged demands. Since the Weather Clerk pointed his wand to Arctic Conditions some weeks ago haybarn, root-clamp and granary alike have been clearing rapidly to relieve the pangs of cold and hungry farm stock.

The burning question on the mind of every farmer and stockman to-day are: "Will the fast dwindling supplies tide us over to the first spring grazing?"

"Can we do anything towards narrowing the gap by having that grass those vital weeks earlier?"

**IT'S THE ELEVENTH HOUR**

The calendar states "Spring is here" but mother nature is unwilling to conform to this fact. Inevitably of course she will add her agreement with the rise of the mercury, the morning song of the birds and the freshening of the bud. It is then the man who has set his sights on providing the earliest of grass will see his dreams emerge in a fast growing carpet of rich and ever so welcome first Spring grass. Limited time is still left to make provisions for having grass a week or two earlier than it left to its own devices.

**WHAT TO DO NOW.**

Apply three to five cwt. of Superphosphate and one to two cwt. of Muriate of Potash or their equivalent in a compound form (as for example Potassic Super) per acre now to some young ley land. Immediately a softness come in the weather follow up with two cwt. of quick-acting nitrogenous fertilizer per acre. Nitrolime, nitro-phosphate, nitro-force to mention a few of the calcium ammonium nitrate sources of nitrogen are suitable for this purpose.

**LONG-TEAM PROVISIONS FOR EARLY GRASS**

While the method described above will very definitely provide welcome relief to harassed fodder situations it is really an emergency plan of action. The good grass farmer is putting his path to early grass even in the selection of grass seed mixtures for his leys. His subsequent management of his leys is also influenced by his aiming at the early bite. Temporary leys composed mostly of Italian Ryegrass or H.I. Ryegrass are ideal for providing the first bite of grass as these strains of grasses are the first to start growing and are recognised as fast-growers. To produce the earliest grass these young leys should be leaved of stock in October and receive a liberal application of phosphate and potash fertilizer, better still if a light dressing of well rotted farmyard manure were available. Then with the first indications of mildness in Spring the two cwt. per acre of nitrogen will provide its value in a matter of two weeks or so.

Fields for this important assignment of producing early grass should be so situated as to be sheltered from the harsh winds that blow from the North and East. Every farmer is well acquainted with the fields on

his farm that have the reputation of early growth. This natural advantage should be utilised to the fullest extent by good management and adequate manuring to provide the earliest of Spring grazings.

**THE ECONOMICS OF EARLY GRAZING**

In discussing this aspect of the problem first feature to be taken into account is the amount of land that should be subjected to this special treatment each year. A half-acre per cow-equivalent is an ideal target to aim at and the grazing management of early grass can be greatly improved by delaying the application of nitrogen on half the acreage for ten to fourteen days. In this way one could expect to have grass production conform to the system of grazing. The other equally important aspect of the economics of early grass production is the type of stock for which early spring grazing and the animals most apt to give the best returns for this luxury if it is to be termed as such. The additional cost of production really only amounts to one or two pounds per acre when it is agreed that some fertiliser would be normally applied to boost the seasonal production from these same acres. In some instances slight inconvenience may be experienced where land has to be kept clear of stock. With proper management this provides little difficulty. Where an outlay of one or two pounds per acre on a limited acreage can reduce the winter feeding period by even as little as two weeks it is most certainly a very sound investment.

**GRAZING TECHNIQUE**

The grass at this early period of the year is in its most nutritious state and so every effort should be made to graze it properly without any wastage or spoiling. This can be achieved with the aid of an electric fence. Strip grazing and daily changing of the fence is the ideal way to do the job. Sheep present a problem for control with the electric fence but one may be successful if a strong battery is used and two strands of electrified wire. Place the lower strand about nine inches from ground level and the second twelve to fourteen inches higher.

Always bear in mind that young grass is the most perfect and completely balanced food one can provide for the grazing animal.

**● ELEMENTS "K.O." LEAGUE WITH WEXFORD**

The incessant rains of last week-end ruled out all hopes of Waterford playing their vital national hurling league game with Wexford at Walsh Park.

An early Sunday morning inspection of the pitch by Deise officials revealed that the ground had been churned into a veritable quagmire and was quite unfit.

The Wexford camp was immediately contacted and Co. Secretary Dean Goode contacted Radio Eirann to have the postponement broadcast.

At a meeting of the Central Council on Monday night the game was refixed for Waterford on Sunday next, Wexford however, intimated their reluctance to play the game on Sunday as they felt they could not field their strongest team. Central Council were adamant that the game would have to be played on Sunday as no other suitable dates were available. Now, however, Wexford have put a real spanner in the works by refusing to fulfill Sunday's fixture. This decision was arrived at a meeting of their Co. Board on Tuesday night and now it seems as though on an emergency meeting of the Central Council can resolve the problem.

**● JOHN MITCHELS SUCCESSFUL SOCIAL**

The first annual social of the John Mitchels and Clorea G.A.A. Clubs at Ocean View Hotel on Thursday night of last week was an outstanding success. Over 150 attended the function—surely an indication of the Club's strength at the present time.

**● KILGOBNET CAN MASTER CLASHMORE**

The twice postponed 1962 winter junior league football game between Kilgobnet and Clashmore is down for decision at Cappoquin on Sunday.

While postponements invariably drain a competition such as this of much of its interest, I fully expect this clash to provide spectators with an entertaining hour's football. Both teams are well capable of "producing the goods" when the occasion demands it and, wherever the honours lie on Sunday evening, the victors will have earned them. I saw Kilgobnet literally

annihilate Ring in their last outing and judging them on that display they must be regarded as favourites on Sunday. Clashmore, of course, have had the football forefront with a series of scintillating displays in '62 and while Ring's conquerors must be fancied, the writer would not be surprised to see the result go the other way.

**● KILROSSANTY SOCIAL FEB. 21st**

Kilrossanty will hold their annual social also at Ocean View Hotel, Clorea, next Thursday Night, Feb. 21st. Tickets can be had from any member of the Committee or Club Sec., Sean Ormonde.

**WHEN SPRING RETURNS**

When spring returns growth stirs anew. In every field and shrub and tree. And birds that mate were wintered through. In chorus now sing full and free.

Rapt melody of song sublime Expressive of joy unconfined. Welcome the songsters mating time. And life in spring is good they find.

The wonderful spring feelings beset. It stimulates the hearts of men. And gives them the desire and zest. To till and sow and reap again.

Hail, quickening tide, the healthful fever Of rush of wind and touch of rain. The lengthening days, the people's zeal— Telling for home and homeland's gain! (G.C.K.)

**WEXFORD REFUSE TO PLAY League Fixture Doubtful**

**WEXFORD are NCT travelling to Walsh Park on Sunday next to fulfil their National league fixture against Waterford. The game, originally fixed for Sunday last, was postponed because of the pitch, and a meeting of Central Council on Monday night refixed the game for Sunday.**

The interim Committee in Wexford however and the governing Committee in the County between the Convention and the formation of the new Co. Board decided at a meeting on Tuesday night not to play the game because they felt they could not field a fit team.

Wexford Co. Secretary, Mr. Paddy Roche said on Wednesday that he could not see why they should be forced to play the game on Sunday since it could have been refixed for March 2nd, 24th, or 31st. Waterford Secretary Declan Goode said he had received a letter from Central Council stating that the match must be played in Waterford on Sunday.

**YOUGHAL NOTES**

**LATE REV. BRO. KEOGH**

Deep regret was occasioned last week at the announcement of the sad and unexpected death of a popular and widely known member of the Christian Brothers' Community in Youghal, in the person of Rev. Bro. Michael R. Keogh, which took place at the Monastery in his 70th year, deceased a native of Co. Kilkenny, taught at the local school for the past 16 years and prior to that at the O'Connell St. Schools in Dublin. For six years he was Superior at Naas and in 1958 celebrated his Golden Jubilee at Youghal. With his pupils and the townspeople, the late Brother Keogh was most popular and as a teacher had outstanding ability. His passing is indeed a tragedy for the Superior and Community at Youghal, the townspeople and the pupils whom he served so well.

The town business was suspended and all blinds were drawn, testifying to the high regard in which Bro. Keogh was held in the town.

The chief mourners were Messrs. James and Patrick Keogh (brothers); Mrs. M. Lawlor (sister); Mrs. Maher and Miss K. Lawlor (nieces); Very Rev. Canon Sheehan officiated, assisted by the other clergy who attended the Requiem Mass.

**LATE CARDINAL DALTON**

A meeting of the Youghal U.D. Council, striking references were paid to the memory of the late Cardinal John Dalton. Archbishop of Armagh and sincere sympathy was extended to the Catholic Hierarchy, to the clergy and people of the Archdiocese of Armagh. The meeting adjourned without transacting any business as a mark of respect to his memory.

**LATE MR. JAMES KELLEHER**

We regret to announce the death which took place recently of Mr. James Kelleher at his residence, De Valera Street, Youghal, after a comparatively short period of illness. Of an old Youghal family, the late Jim Kelleher was a well known figure in the town and deservedly popular.

The remains were removed to St. Mary's Parish Church, Youghal, followed by a large gathering, took place to the family burial ground at Killeagh. He is survived by his three brothers, Messrs. William, Patrick and Thomas Kelleher to whom sincere sympathy is extended.
