## ONLY ONE TENDER FOR HOUSING SITES

A CENIA Town Clerk (Mr. B. White) told the members of Dungarvan Urban Council at their meeting on Friday last that only one tender had been received in connection with the Council's advertisement in the local papers for housing sites.

The tender was submitted by Mr. J. McCarthy who said the total cost of the sites was £10,000. The tender was accepted at £10,000.

## BOYS MISSING

A member complained that a number of boys, marking out the change from Dungarvan to Bandon, were missing. He proposed they be restored. Searchers who did not know it had unless they were put back to work.

## FRIARS' WALK

Colr Jackie Kennelly said that despite being told that a trench was dug there was about 4 feet of water last week at Friars' Walk.

## SYMPATHY

Notes of sympathy were extended to the following who suffered from bereavement: Johnny and A. P. Ryan; the relatives of the late Patrick Morrissey, O'Connell, St. and the late Patrick Morrissey, B. G. and the late Mrs. B. G. Morrissey, Abbeydean and the Attridge family; and Mrs. P. J. Lynch, Tounhor.

## NOT EVEN ON THE MAP

WHILE it had been pointed out at last Friday's meeting of Dungarvan Urban Council that Bord Falte would not give a grant towards the erection of a causeway between the town and the Curragh, one member remarked that Bord Falte did not even put them on the map. Some people did not even know Dungarvan existed, he said.

## No Grant from Bord Falte

At last Friday's meeting of Dungarvan Urban Council, the member, Mr. J. G. Dowling, stated that Bord Falte could not give a grant towards the erection of a causeway between Dungarvan and the Curragh. Bord Falte said it was outside the scope of their activities and they could not assist.

Mr. Michael Hartly said he very much welcomed the erection of the causeway.

## FRICION BETWEEN MEMBERS AND ENGINEERS?

# "Closer Relationship Necessary"

THE present position could not continue, and better co-operation and understanding between the members of the Council and the Engineers was an absolute necessity, said Colr. C. Curran, at last Friday's specially convened meeting of Waterford County Council.

MR. CURRAN SAID HE HAD DISCUSSED THE POSITION OF THE ENGINEERS WITH CO. ENGINEER MR. J. O'HALLY, AND HE WAS SATISFIED THAT THE PRESENT FRICION BETWEEN SOME OF THEM AND CERTAIN COUNCIL MEMBERS WAS NOT GOOD. MR. HALLY AND HIMSELF WERE VERY PERTURBED ABOUT IT, AND THEY SUGGESTED AREA MEETINGS BETWEEN THE ENGINEERS AND THE MEMBERS, TO FOSTER CLOSER RELATIONSHIP.

Colr. T. Lannon said the Engineers were being well paid and they should give value for money. They also had too many architects coming into the county for small jobs.

Colr. M. Gaige said that several County Councilors had found that they could not get the co-operation of the Engineers in their areas. They always had to consult the Co. Engineer for everything. In his area no one was approaching the Engineer, and it was his opinion that the Engineers would not co-operate.

Colr. H. R. Dowd: What sort of co-operation is expected?

Colr. Curran: I could not answer that.

Colr. Dowd: The procedure I have adopted is to get in touch with the Co. Engineer first, and then if necessary meet the local Engineer to discuss the matter. Never yet have I had any difficulty in getting the Engineers to co-operate. Besides, none of us should waste the time of any well paid official unless the occasion really warrants it.

Mr. Hally (Co. Engineer) said he would assure them that their requests would be translated into action as far as possible. Complaints during the last 12 months hinged mostly on cottage repairs, and a lot of the difficulties would be got over if the members in each

locality got together and discussed matters with the Engineer for that area.

Colr. Curran said he was very concerned about the present position. Mr. Lannon made complaints about Engineers and he was entitled to do so, but most of them were men of the highest integrity, both in private and public life. He would strongly suggest these meetings between the Councils and the Engineers.

Colr. Gaige said they would have no complaints if they got any co-operation.

Deputy T. A. Kyne said he had no objections to these meetings. Whenever he sent in requests for cottage repairs he always got an acknowledgment by return of post and stating that it would be referred to the Engineers. But he never heard any more about it after that.

At he asked was a definite reply from the Engineers.

Colr. F. Roche said area meetings would be good to foster better relationship. It was no pleasure for any Colr. to stand up here and make complaints about the Engineers. He was not making complaints about those in other areas, and as far as he knew they were doing the job they were put there to do.

Colr. M. Hartly said there was the greatest co-operation between the Engineers and the members in his area. If he had

a complaint he would go to the Engineer in question and discuss it.

Colr. Lannon asked if this meeting was called specially to pay tributes to the Engineers. They should stop it and get work done for the people. They had spent 40 minutes already talking about the Engineers.

Colr. Curran: Two hours was spent talking about them at the last meeting.

Colr. W. Foran said he was not one for throwing bouquets at the Engineering staff, but neither was he throwing bricks at them. What was really wrong was that there was not enough of personal contact between the area representatives and the Engineers.

Finally it was agreed in principle to hold the meetings.

## "We'll be Burned to a Cinder"

FOR the safety of the people of Dungarvan and Abbeydean it would be advisable to have the E.S.B. examine the matter and see that the earth connections in the town were in order, said Deputy T. A. Kyne, Chairman of the Urban Council, when it was unanimously decided to ask the E.S.B. to neutralize the Urban District.

Mr. B. White (Town Clerk) said he was told by the local man that things were not as good as they should be. The joints were made of rubber and the earths were not continuous.

Colr. T. Lannon: Get them to do something or they will burn us to a cinder.

## ADDITIONAL LIGHTS FOR YOUGHAL ROAD SOUGHT

AN application from residents of the Youghal Road for additional lights was deferred by Dungarvan Urban Council at their meeting on Friday night last, until an estimate is got from the E.S.B. for the work.

Mr. B. White (Acting Town

Clerk) said that the applicants claimed that on account of the widening of the road there was increased traffic. The present lighting was inadequate and there was a danger to pedestrians, they said.

One member said that could not be so as there was a footpath on the way out.

**Late Mrs. Catherine Tobin**  
Kilbrien, Ballinamult

The death took place on Friday, April 28th, of Mrs. Catherine Tobin, at her residence, Kilbrien, after a duration of illness and at the fullness of years. She was a most likeable person, most charitable and a member of a very old Kilmac family. Her charming manner won for her legions of friends.

We would like to extend our most sincere sympathy to her family and relatives.

Her remains were removed on Saturday evening to Kilbrien Church and were blessed and received by Rev. Fr. M. Farrell, C.C. A very large cortege attended.

Requiem Mass was celebrated on Sunday morning for the eternal repose of her soul, and the interment took place in the adjoining family plot. Rev. Fr. Farrell, C.C., imparted the final absolution and recited the prayers of requiem at the graveside.

The chief mourners: Thomas John, David, Kilbrien (sons); Mrs. R. Whelan, Emmett St.; Mrs. Joan Keane, London; Miss Mary Tobin, Miss Nellie, Tobin, Kilbrien (daughters); Richard Power, U.S.A. (brother); Mrs. B. Byrne, U.S.A. (sister).

(Funeral arrangements by J. Kiely and Sons, Dungarvan.)

**Late Mrs. Mary Coffey**  
Renadampuan, Ballinamult

The news of the death of Mrs. Mary Coffey, Renadampuan, which had occurred after a very short illness at the residence of her daughter Mrs. John Coffey, Knockavanna, on Sunday, April 28th, was received with heart-felt regret. Deceased was of a quiet and inoffensive nature which won for her the popularity of the people of Nire and Touraeneena districts.

We wish to extend to her daughters and relatives our most sincere and deepest regret on this sad occasion.

Her funeral cortege which made the journey to Touraeneena Church on Monday evening was very large and most representative and the remains were received and blessed by Rev. Fr. K. Mulcahy, C.C., assisted by Very Rev. Fr. P. Walsh, P.P., and Very Rev. Fr. B. McGrath, P.P., Ballylooby.

Requiem Masses were offered for the happy repose of her soul on Tuesday morning and the interment took place in the adjoining cemetery. Rev. Fr. K. Mulcahy officiated at the graveside.

Large sheaves of Mass cards were received by her family. (Funeral arrangements by J. Kiely and Sons, Dungarvan.)

**Kilmacthomas News**

**A Familiar Figure** in the Barry of Middle Third, in the person of Mr. John Power, Carrageen, Kill, has died at a ripe old age; he was a veteran of the Boer War and was very well liked in his district. After Requiem Mass in the Church of Our Lady of Mount Carmel, Kill, the remains, which had lain in the sacred edifice overnight, were interred in the adjoining cemetery. Rev. L. Walsh, C.C., Kill, officiated at the graveside, R.I.P.

**The Bonmahon Unit** of the Irish Coastal Life-Saving Service paraded at the local Exercise Site and were inspected by Supt. Jeffares, Cork, under whose direction and supervision the men performed the customary course of rescue-ship-in-distress duties. The varied exercises were carried out to the complete satisfaction of the visiting official.

**His Multitude of Friends** and well-wishers on both sides of the Mahon are delighted that the late Mrs. Catherine Tobin, a popular and devoted wife, business manager, Kilmacthomas, is again in occupation of his position at Mr. and Mrs. Keighery's establishment in the Main Street, and is looking in radiant health and spirits following an ailment which necessitated his undergoing treatment at Ardkeen Hospital, Waterford. Yes, it is good to see this likeable noted veteran hunter and genuine G.A.A. enthusiast functioning as formerly — not a whit less alert and active than he was prior and up to his indisposition, bless him!

**Have It that Mr. and Mrs. Willie Crowdie, St. Anne's Tce., Kilmacthomas, are having a nice time** now on their annual holiday visit to those of their nearest and dearest breathing in the Sister Isle.

**The Parishoners** of Kilmacthomas sincerely sympathise with Mr. Thomas F. Keohan, Bootstown, Dublin (Metropolitan Editor, "Cork Examiner"), and the other brothers and sisters of the late Mrs. Kathleen O'Hara, A.L.C.M., Dungarvan, in their tribulation. The gracious, gifted lady was aunt of Rev. E. Keohan, M.A., St. Finbar's College, Farranferris, Cork. Peace to her gentle soul.

**The Dance** — a 9-2 affair — held in the commodious and comfortable Rainbow Hall, Kilmacthomas, on Sunday night last, was favoured by the presence of a fine crowd of devotees, all of whom thoroughly enjoyed themselves, the music being furnished to their complete satisfaction and the catering leaving absolutely nothing to be desired.

CAELIC JOTTINGS

ABBEYSIDE CAPTURE FEIS CUP

Giving their best display for a long time, Abbeyside became holders of the Cappoquin Feis Cup with a clear-cut 6-4 to 2-1 victory over Colligan Rockies at Dungarvan on Friday evening last.

Fielding their full championship side, the villagers built up a commanding first-half lead, and despite an improved second half display by the Rockies, never looked like relinquishing their advantage.

This was a very impressive Abbeyside display, and augurs well for their championship prospects. Their defence, built around Austin Flynn, John McGrath, Mick Kiely and Ned Moore is as good as the best in the county, while an attack they can run up 6-4 against Colligan's defence has plenty of potential.

Following their defeat of Brickers in the recent Sargent Cup game, the Rockies' display was in the nature of an anti-climax. The absence of some of their established regulars may have upset the side's balance but it cannot be accepted in full as an alibi for their inept display.

Mr. Mossie McGrath (Dungarvan) refereed.

Double Defeat for Decies

L.H. CORK 4-10; WATERFORD 3-4

J.F. CORK 4-13; WATERFORD 1-6

WATERFORD'S Munster Championship campaigns got off to an inauspicious start on Sunday last when the Intermediate hurlers and junior footballers suffered a double defeat against Cork at Middleton. The hurling defeat came only after an hour of spirited Deise resistance, but the footballers tottered and finally crumbled before the combined and individual efforts of a top-class Cork side.

While the wide margin of the points separated the Counties at the finish, Waterford's efforts in the hurling game deserved a much better fate. They enjoyed lengthy spells of dominance, particularly in the opening half and had they utilised all their opportunities during those periods of ascendancy, they could well have reversed that result.

For all that, however, Cork were worthy winners. Unlike the Waterford forwards their attack pounced on every available opportunity and scarcely wasted a scoring chance in a vintage second-half display.

Throughout the opening half, Waterford held a marked territorial advantage due in the main to the midfield supremacy so firmly established by John Kirwan and Phil Dee. The Cork defence was repeatedly under pressure and on occasions Heaven alone knows how their net did not fall.

Waterford's marksmen were Phil Dee (2-0), D. Long (0-3), M. Connolly (1-0), G. Mason (0-1).

Cork—D. O'Keefe, O. Galvin, W. Hennessy, S. Barry, B. Ahern, R. Cullinan, P. Flanagan, F. Sheehan, J. O'Connor, C. Sheehan, B. Ahern, W. Flinton, R. Browne, P. O'Brien, J. White. Sub.—C. Cooney for Sheehan.

FOOTBALLERS ROUTED

A complete and utter rout. That in brief is the summing up of the football game which was too one-sided to be interesting. Waterford failed lamentably, even in the elementary aspects of the code and Cork's passage to the provincial semi-final was a carb-free one.

The dismal pattern of the game was indelibly blue-printed from the start. Cork looked dangerous in every advance towards Waterford's citadel and such was the cohesion and understanding amongst the forwards that every attack looked capable of producing a score. At half-time they led comfortably 2-5 to 0-3 and even at that stage the writing was clearly on the wall for the Waterford men.

For five feeble minutes after the restart, Cork were pinned in their own half. After sixty seconds John Martin coolly placed the ball in the back of the Leeseie net to cut their deficit to five points.

But any hopes of a surprise result were quickly dashed when Cork added a succession of points that more than nullified that Deise goal. Their forwards proceeded to 'go to town' again; a shaky and cumbersome defence and the final whistle was merciful relief for the Waterford contingent.

While no apparent flaw could be detected in Cork's side their real heroes were in attack where Joe O'Keefe, Denis Philpott and Noel O'Halloran formed a great full-forward line that accounted for 3-10 of the total.

On paper, Waterford appeared to have a well-knit side but their display must rank with the poorest ever by a Deise football team.

The defence was as porous as a sieve and Cork's offensive forwards treated themselves to a field day.

Best of the safeguard was John O'Brien of Traamore, who worked tirelessly in trying to ward off the constant pressure and he received best assistance from Pat Hanly.

The collapse of the Noel Kirwan-Martin-Kennedy midfield pairing was as complete as unexpected. Here at least it was predicted that Waterford would enjoy an excellent season for several years.

Scarcely served as they were and confronted by a rock-like defence, the Waterford attack foundered. Had J. John Mar in his best of the half-time, the Tommy Mc-

Central Heating for Council Offices?

A proposal to instal Automatic Oil-fired Central Heating in the County Council Offices at Arus Brugha, Dungarvan, was passed in principle at the Council's meeting on Friday last.

In his report, the Co. Engineer, Mr. J. D. Hally, said the estimated cost of it would be £3,000 and for a period of 10 years the annual maintenance cost would not exceed £25.

The fuel gas at present were £500 a year. The present system was inadequate and the only solution was central heating.

The Co. Manager (Mr. S. J. Moydihan) said when you consider the running costs it would repay itself in no time.

Colr. K. O'Ryan said he had seen two or three electric fires in one office at the same time.

Colr. Galgey said from the Engineer's report it appeared Central Heating was a good proposition.

Colr. C. Curran (Chairman) said the present costs were much too expensive.

Colr. T. Lannon proposed that the present heating system be retained.

Colr. K. O'Ryan seconded. Colr. Curran: I could not agree with that proposal, especially when we can economise.

Colr. Galgey said in the interest of the ratepayers it would be very good business to instal central heating.

A vote was then taken and it was passed in principle by 7-6. The voting was: For—Colrs. Curran, Kyrle, Fahey, Roche, Dowd, Galgey, R. Walsh (7); Against—Colrs. Hanly, Lannon, Foran, O'Ryan, Quirke, N. Walsh (6). Tenders will be got for the next meeting.

RIOTOUS SCENES IN DUNGARVAN

THERE were chaotic scenes in Dungarvan on Sunday morning last during an after-Mass meeting in the Square, in which speakers of The Irish Republican movement condemned the action of the Government in banning the selling of Easter Lillies this year.

The trouble began when one of the speakers said they were going to make a collection to defray the cost of the meeting. Detectives and uniformed Gardaí attempted to seize the collection boxes from the three speakers and immediately the trouble started. The three men were forced by the Gardaí towards the Garda Station, but the Gardaí were impeded by hundreds of young men who had attended the meeting.

About half-way down the street a group of people blocked further progress. They pushed the Gardaí along the street and scuffles ensued. One of the young men who had previously addressed the meeting broke loose from the Garda escort jumped on to a van and addressed the crowd.

SELECTORS ERRED

To say the Waterford selectors erred in leaving Jimmy Walsh (Dungarvan) on the sideline while Richie Browne probed and aforaged with such effective results, is an understatement. Only seven days previous Browne had found Walsh a superior opponent in Buttavan and why the selectors waited until the 45th minute before calling on him is beyond us. By then the damage had been done and Cork were assured of their entry to the second round.

Besides Browne, Cork were well served by David O'Keefe, Johnny O'Connor and Chris Cooney.

For Waterford Michael Gilman made no mistakes in goal.

ECONOMIC DEVELOPMENT AND THE GAELTACHT

Now that the Government has decided that the State will play a still more active role in economic development it is to be hoped that this activity will extend to the Gaeltacht which has been neglected more than any other area in the country.

Mr. O. Morain, who was addressing members of the Gaeltacht branch of the Gaelic League, said that the State was being established in 1951. Mr. Lemass, then Minister for Industry and Commerce, forecast that the industrial grants agency would be of no benefit to the Gaeltacht. His forecast has proved to be entirely accurate seeing that of grants totalling ten-and-a-half million pounds which have so far been approved, only £30,000 went to enterprises in the Gaeltacht.

Recent grants legislation indicated a swing away from the western areas and a furtherance of that tendency was indicated by the Taoiseach in the Budget debate. While this may be justifiable in terms of pure economics there are strong national, linguistic and sociological considerations to justify assistance for Gaeltacht development. This development will not take place however, without the establishment of an agency specially charged with that responsibility because such work is left to existing State organisations it is only natural that they will continue to concentrate on areas where economic prospects are brighter - apart altogether from the fact that Irish or foreign industrialists will not start industries in the remote Gaeltacht if they can compare available grants in such a better home and export market.

Although generally speaking other areas offer better economic prospects than the Gaeltacht this is not universally true. In particular, the Gaeltacht coast includes the best shellfish grounds in the country and the shellfish industry is by far the most stable section of our fisheries, catering as it does for the luxury food markets where prices have been rising steadily since the war and where gross margins are high enough to absorb transport costs economically.

If some of the small ports of the Gaeltacht were selected for special development and if a policy were implemented of building suitable new or second-hand small boats primarily to these ports this in itself would give a substantial boost to the Gaeltacht and to the shellfish export trade as a consequence to the Exchequer. In fact a hundred such boats could be placed in the Gaeltacht at a less cost than some of the grants given to individual factories elsewhere.

Forestry is another activity which has been barely introduced into some of the most important Gaeltacht areas although there is general agreement among experts that many of these areas are suitable for planting. The net financial cost of this work would be less than elsewhere bearing in mind the consequent saving in fuel which more than anywhere else unfortunately forms a high proportion of the total cost of the community.

Data will never save the Gaeltacht, worthwhile enterprise especially initiated directly or indirectly by the State can.

Retrospective Payment For Engineers Refused

A request by the Engineers' Association for the payment of revised salary scales for the Chief Assistant and Assistant Co. Engineers as from August 1st, 1969, was turned down by 9 votes to 3, at last Friday's meeting of Waterford County Council. The revised salary scale has already been granted from April 1st, 1961.

Den. Kyne proposed and Col. Dowd seconded that the retrospective payment be granted.

Col. Dowd said these were the only Engineers in the country who had not been granted it. Already the Council's clerical officers had been granted it, and they could not make fish of one and flesh of another.

Col. T. Lannon said this had been rejected three times already. The Co. Engineer (Mr. J. D. Halpin) said when the salary scales came before the Council in April 1st, 1961. The application was from the 1st August, 1960. The clerical staff had already been given it from August, 1960.

Col. Lannon: What is the amount involved? Mr. F. J. O'Leary (Co. Accountant): £76 for the Chief Assistant and £66-13-4 for each of the six assistants. The total is £447.

Col. Lannon: These gentlemen are all very well paid. There is no fear of any of them being with the hammer. The rates are high and the poor people are crying trying to pay them.

The voting was: For - Col. Kyne, Roche, Dowd (3). Against - Col. Curran, Harry, Lannon, Fahey, Foran, O'Ryan, Quirke, Gagey, R. Walsh (9).

AT A NATIONAL LEVEL

A matter stage in the meeting. Col. Dowd proposed that salaries be dealt with at National level in future. "I have voted for the last time today on salary increases," he said. "We have the position where all County Councils receive applications for increases. One Council grants it and then the others one by one fall into line. At the moment we are absolutely powerless."

Chairman, Col. Curran said he saw Col. Dowd's point, but could not agree with it.

Col. T. Lannon said the way the country was going it was time they had someone with authority to stop these increases. The poor people were working very hard but getting nothing in return.

Col. Dowd failed to get a second and his proposal was dropped.

Letter to the Editor

The Editor, "Observer"

Dear Sir, I awaited with eagerness "Pensman's" reply in the "Dungarvan Leader" to my challenge to show how he would cut the Urban rate by 1s. 8d. in the £. As I expected he completely failed to show how it could be done and not only that but failed to attempt to show any cuts beyond vague generalities about the roads costing too much and the Town Hall should have been able to pay for itself. On top of this he went on to disprove his earlier contention about the cost of the E.S.B. bill for pumping charges thus showing how wise the Council were to only reduce the Manager's estimated on this by 2d.

I do not propose to follow the "red herrings" put into "Pensman's" reply with the view of distracting from his failure to answer the point of the challenge - the cutting of the rate of 1s. 8d. in the £ and accordingly I do not intend to further continue this correspondence.

Thanking you in anticipation of publication Yours sincerely, T. A. KYNE, T.D. Chairman, U.D.C.

No Change in Housing Committee

HE felt that the housing committee as originally constituted should now be reconstituted, otherwise no worthwhile progress would be made. So stated Mr. Charles Curran at last Friday's meeting of Waterford County Council when a proposal to revert back to the former seven-man Housing Committee was rejected.

Col. Curran said at present the Housing Committee was comprised of a total of 23 Council members. However, that had not worked. He recommended that they revise the committee.

Col. J. Fahey said when the original committee was formed progress had been made. Since it has been changed nothing has been done.

Col. Curran said no progress had been made and none would be made unless the committee was reconstituted. They were the laughing stock of the country in that respect and in all sincerity he would ask the members to revert back to the old system.

Col. H. R. Dowd: This is a very nice quiet insult to any member who was not on the original committee. It is being used to make political capital out of it.

Col. J. Quirke proposed and Deputy T. A. Kyne seconded that a sub-committee deal with the housing position.

Col. Dowd proposed that all housing matters be dealt with by the Council as a whole (as at present). Col. K. O'Ryan seconded.

The Secretary (Mr. J. G. Dowling) said last November it had been decided that all present Council members would form the Housing Committee. It would take a notice of motion countersigned by six members to rescind that.

Dep. Kyne: In that case I propose we suspend standing orders.

Col. Dowd: I'll second that we have matters finalized.

Col. T. Lannon said if they suspended standing orders today they could do so again at the next meeting and that would be a bad policy.

Col. Dowd said it was very undemocratic to force this issue today when half the committee were absent. "I withdraw my support to suspend standing orders because it is undemocratic," he added.

When a vote was finally taken it resulted in a tie, 6-6 but as the proposal to revise the Committee required a two-thirds majority it was declared lost.

SYMPATHY

At last Friday's County Council meeting, votes of sympathy were extended to the relatives of the late Matthew Ryan, Ballymacarby, and Mrs. Kathleen O'Hara, Dungarvan.

Of the late Mr. Ryan, the Chairman, Mr. C. Curran said he was a former rear overseer with the County Council and had given excellent service. He was also a prominent Gaelic footballer and played with Waterford on many occasions. They all regretted his death very much.

The Co. Manager, Mr. S. J. Mowbray, on behalf of the Council staff and himself, was also associated with the expressions of sympathy.

YOUGHAL GREYHOUND TRACK

As a result of a recent survey of the hare mechanism at Youghal Track it revealed many defects due to the severe winter conditions which caused abnormal contraction and expansion of the rail and pulleys.

The work of installation of the tote system of betting has already commenced, the contract being awarded to a local firm. It is likely that the opening of the track is some six weeks time or less will coincide with the opening of the tote betting facilities.
