## £40,000 Loan for Cottage Repairs?

### IMPROVEMENT OF PASSAGE EAST HARBOUR

WATERFORD COUNTY COUNCIL is to spend £5,000 on improvements to the harbour at Passage East. This was unanimously decided at last Monday's Council meeting when the importance of carrying out the improvements was stressed by several members. Colr. Richard Walsh said he would make a strong appeal to the Council to pass £5,000. The docks in Passage were in a very bad state and if they gave £5,000 the Government would give a similar sum. The Secretary (Mr. J. G. Dowling) said the Dept. in a letter stated that the work was warranted. Colr. Milo Galgey said at least £250,000 worth of herings were landed in Passage each year. In his opinion it would be good business to spend the money in the harbour. "This country is following the policy of the British Government," said Colr. Galgey. "Surely we should take something upon ourselves and not follow the policy of a country that is going down the hill every day. They will be in bankruptcy before long and we'll soon have a Profumo case here." Colr. T. Lannon said the

Dept. of Lands should pay all the costs of improvements to Passage. Deputy Kyne said if they left this opportunity go they would get nothing from the Department. They could not call the tune because the Department were giving a 50% grant and that was the limit. He felt they should avail of it as there was about 30 families depending on fishing in Passage and if that went they would have to emigrate. Colr. P. Cahill said Wexford County Council should give them some assistance as there was quite a number of Wexford fishermen making a living here. Finally it was unanimously decided to give them the £5,000.

### Promoted Senior Clerical Officer

Congratulations to Miss Teresa Loran, Main Street, on her recent promotion to Senior Clerical Officer as a result of examinations. She has been attached to the Civil Service Customs and Excise Staff for the past six years and is a past pupil of the Mercy Convent, Dungarvan.

ON the proposal of Mr. T. A. Kyne, T.D., seconded by Colr. P. Cahill, Waterford County Council decided by 13 votes to 5 at its monthly meeting on Monday to ask the Minister for Local Government to sanction the raising of a loan of £40,000, to be repaid over 10 years, for the repair of cottages in the County.

Before the meeting was a resolution by the Ardmore sub-committee and endorsed by the Lismore sub-committee that they ask the County Council to consider that for 1964/65 and the three subsequent years the annual provision for cottage repairs be increased to £25,000 so as to expedite the completion of outstanding cottage repairs. And that a supplementary estimate of £9,200 be approved for the current local financial year for cottage repairs to augment the funds now available.

Deputy Kyne said the Council officials were unable to carry out repairs because of the small amount of money they were putting up. It was merely being penny wise and pound foolish and was a very false economy. The repairs were of extreme urgency. He had seen cottages that were in a dangerous condition and felt they would be crazy if they did not pass the resolution. "I know," said Deputy Kyne "this will mean an increase in the rates but we are being foolish if we do not pass it. Our policy is to retrench and that is a bad one to be adopting. I am sure our engineers will agree that we are not catching up on repairs and it would be very wise to put up this supplementary estimate. Colr. Patrick Cahill said he would endorse everything Deputy Kyne had said. Some cottages in the county were falling down and were not fit to live in. Colr. John Drohan said he also agreed with Deputy Kyne. They should put up enough money to include all the urgent repairs in this year's scheme. The Chairman (Colr. Charles Curran) said it was a very important issue for the public, as it would mean an increase of 9d. on next year's rates if passed. They only passed a certain amount of money this year because the people were unable to meet the rates. This resolution would mean a very steep increase and the public should take note of it. The Chairman went on to say that the resolution, if passed would, in actual fact, represent a 1/6 increase next year because they could not go back and they would have to put up a similar amount for 1964/65. Deputy Kyne said it was false economy to leave houses with cracks and holes in them. Leaving them over now would mean more expenditure at a later date. Colr. Milo Galgey said if they put off the evil day for two or three years they would not be helping the ratepayers. It would only be costing

them more in the years to come. Chairman—It is County Council policy to carry out repairs only on vested cottages. Colr. K. O'Flynn—Do owners carry out any repairs themselves? Chairman—We have a loss on cottages every year of about £30,000. Mr. E. J. Keyes (Housing Staff Officer) said there were at present 2,934 cottages in the County, of which 1555 were vested. The Chairman said he had discussed the resolution with the Co. Manager and they were worried over the impact on the rates. If they raised a loan of £40,000 and cleared them all off it would be far better. The Co. Manager said if they raised the £40,000 and had it repaid over 10 years, they could go ahead with all the repairs. The Chairman said if they adopted the other resolution putting another 1/6 on the rates next year they would be faced with a grave problem. Colr. Norman Walsh said now was the time to emphasize that. The County Manager said the cottage repair scheme was going backwards and the only way to meet it was by raising a loan. Colr. Curran said he heard a very serious report last week about the progress being made on the new cottages presently being built by direct labour. If that report persisted he would call a special meeting of the Council to consider it. Deputy Kyne then proposed that they ask the Minister to sanction the raising of the £40,000 loan. Colr. T. Lannon—You are now giving a blank cheque to repair cottages that should have been built properly in the first place. Now the public must pay for inefficiency. Colr. J. Quirke said he knew of cottages built 10 years ago and they were not in need of repair. It was the ones built 20 years ago that needed repairs. There was something wrong someplace, he said. Colr. Lannon—Give us the list of cottages to be repaired and their ages. Colr. Curran—We'll give you that information the next day, Mr. Lannon. Colr. Lannon—I will not vote for any money to be spent unless the case is properly put here. Colr. J. Fahey said it was very important decision to have to take. It was not the old cottages that needed repairs but ones built as recently as 1949. Something was wrong when these latter cottages were built. It was too bad that the tenants had

to live in them and put up with their condition. He was afraid they were not getting good value for the money spent on repairs to cottages. The repairs were not sufficient for the amount of money spent and it was something they should look into. It was no satisfaction to the ratepayers to have their money wasted and it was no satisfaction to the tenants not to have the repairs properly carried out. The Chairman said the matter was so serious that it would need a special meeting to consider it. Colr. Lannon said there should be some law whereby there would be proper supervision in the erecting of cottages. They should make an effort to safeguard the ratepayer's money. He proposed they adjourn it until he got the information he asked for. Chairman—Your questions are not in relation to Deputy Kyne's proposal at all. Deputy Kyne's proposal was then put to the meeting and carried by 13 votes to 5.

### "LEAKAGE COULD BE SERIOUS"

WHEN discussing the sale of vested cottages at last Monday's County Council meeting, Colr. J. Quirke said they only be sold to Irishmen. Foreigners should be precluded, he said. Colr. M. Galgey said if a cottage was sold by a tenant he should not be given another house in the county. Deputy Kyne said that was standard practice. Colr. M. Hartly—There are ways and means of getting around that. PLENTY OF WATER Mr. J. Ormonde, Chief Assistant Co. Engineer, told the members that there was plenty of water in the Tallow area. There was, however, a considerable leakage in Cappoquin and Lismore and if allowed to continue could be serious.

### DEPUTY KYNE IN THE DAIL

DEPUTY T. A. KYNE asked the Minister for Local Government in the Dail whether he has as yet sanctioned the proposals before him from the Waterford County Council for the erection of labourers' cottages in the area. If so he will state the number so sanctioned, and if not, when he is likely to make a decision on the case. MINISTER'S REPLY The Minister replied that approval was issued on 27th June to the acceptance of tenders for 10 cottages. The documents relating to 25 further cottages were discussed on 4th July, with officials of the housing authority and no objection is being raised to the acceptance of tenders for these cottages subject to certain conditions and suggestions which are being communicated in writing to the housing authority. A proposal to accept tenders for eight further cottages was received on the 1st inst. and the housing authority is being requested to furnish the tenders, reports etc. which were not submitted with the proposal.

### "WHY THE DELAY?"

—Colr. Hartly

AT last Monday's meeting of Waterford County Council, Colr. M. Hartly asked the reasons for the delay in the Ballinagoul sewerage scheme. He requested an urgent report on it immediately. Colr. Hartly also asked about the dredging of Helvick Harbour. Mr. J. Ormonde, Chief Assistant Engineer, said the Co. Engineer (Mr. Hally) claimed no responsibility for that work. Colr. Hartly said Helvick Harbour was County Council property and they should be responsible for it. They were getting revenue from it and there was a harbour master there. They had also extended the public water scheme to the pier and had provided public lights there. He asked the Co. Manager to take immediate steps to attend to the matter.

### £250 GRANT FOR TRAMORE

A GRANT of £250 was unanimously given to the Tramore Sea Rescue Association towards the purchase of a motor boat for rescue service, at last Monday's meeting of Waterford County Council.

Colr. D. F. Madden who proposed that they give the grant said that last year three young men went canoeing in Tramore bay and lost their lives. If the motor boat was the available they might have been saved. Colr. M. Galgey said that even when the red flag was hoisted (indicating danger), people were going out swimming. They were endangering their own lives and the lives of those trying to rescue them. They should not be allowed out into the water when the flag was raised. Colr. Madden—Who can stop them? Colr. Galgey—There should be something done about it.

What is wrong in Tramore is that there is a strong undercurrent and swimmers are stunned before actually being drowned. The Co. Manager said a bye-law should be passed by the Government preventing people from going swimming when the flags were hoisted.

### RE-APPOINTED RATE COLLECTOR

MR. PATRICK HOGAN, Leanybrien, was re-appointed temporary Rate Collector to April 1964, at last Monday's meeting of Waterford County Council. Mr. Hogan was proposed by Colr. W. Foran and seconded by Colr. J. Fahey. The Chairman (Colr. C. Curran) said that Mr. Hogan had done a very efficient job up to this. He had treated everyone in a very courteous manner and was an excellent man in every way.

KILMAGTHOMAS NOTES

Bereavement - Many expressions of sincere sympathy have been tendered to Mr. John Carey, Scrahan, Kilmagthomas, on the death of his sister, the late Miss Bridget Carey, Gates, Old Parish, Dungarvan, an extended report of which sad event was chronicled in last week's issue of this paper.

Waterford Co. Council's intention to put into decent order the burial ground known as Killossanty Old Cemetery (in the townland of Killossanty, Leamybrien) certainly marks a most commendable undertaking on the part of that energetic and progressive public body.

Thanks to Kill Agricultural Services, of which concern, honest and helpful Mr. F. Fitzgerald, Killossanty is the well known proprietor, the most popular mower in the country at the present time—the new Viking—is now very much in evidence in this section of the Deise country. Mr. Fitzgerald's advertisement appears in another part of this edition.

Late Mrs. Nano Power, (Widow), Glenefooka (Near Ballydurn).—This very esteemed neighbour died at her daughter's residence, Ballyvalican, Portlaw, on Tuesday week, 2nd inst. (East of the Visitation of Our Lady). Throughout her career she made many lasting friends, and sympathy in full measure is extended to her sons, daughters and grandchildren, who are deservedly held in high regard.

Sympathisers were present in large numbers when the remains were removed to the Parish Church, Clonea-Power, where the coffin was rested overnight on a catafalque before the high altar.

Subsequent to the celebration of Office and High Mass on Thursday last week, the interment took place in the adjoining cemetery. All of the priests present at the obsequies again officiated at the graveside.

Numerous Mass cards and messages of condolence were received. May she rest in peace.

Nuptials.—The marriage of Miss Mary Lyons, daughter of Mr. James Lyons and the late Mrs. Lyons, Arklow, Co. Wicklow, to Mr. John Guiry, son of Mr. and Mrs. John Guiry, Ballyduff East, Kilmeeaden, was solemnised with Nuptial Mass and Pappal Blessing in St. Patrick's Parish Church, Ballyduff, Kilmeeaden, by Very Rev. John Canon Kieley, P.P. Do. Given away by her uncle, Mr. Patrick (Paddy) Morrissey, Shanbally, Kilmeeaden. A full length gown of white chantilly lace over net and satin with head-dress to match. She carried a bouquet of red carnations and maidenhair fern. The bridesmaid, Miss Mary Wall, cousin of the bride, wore a pink ensemble with accessories to tone and carried a bouquet of pink carnations and maidenhair fern. Mr. James Guiry, brother of the bridegroom, was best man.

More than forty guests attended the reception, which was held at the home of Mrs. Margaret Wall, Brown Street, Portlaw, an aunt of the bride. Later the happy couple, who received a big array of valuable and costly presents to mark the auspicious occasion, left to spend their honeymoon on a tour of the South of Ireland and they were given a great send-off.

By the way, the charming bride occupied an important clerical position in Kilmagthomas for some years past. All prosperity and happiness to her life's partner and herself.

Enjoying her summer vacation at her home in Bonmahon is Miss Kay O'Keefe, N.T., who is attached to the teaching staff of a school in the town of Tramore.

A Good Crowd from both sides of the Mahon attended last Sunday night's dance in the Rainbow Hall, Kilmagthomas, when, in the initial heat of the Festival Queen Competition three competitors were chosen for the finals on Sunday, Sept. 1st next. The admirably conducted affair was greatly enjoyed by all present, and the other special features included spots, novelties and the splendid selection of music rendered by Pat Irwin All Stars Showband. The catering was by Mrs. M. Barron, shopkeeper, Main Street, Kilmac, and was to the complete satisfaction of all in attendance.

A Lady of many fine traits of character who commands the esteem and respect of everybody she comes in contact with, is Mrs. M. Cunningham, N.T., wife of very well liked Mr. E. Cunningham, farmer, Ballydurn, Kilmac. Following 45 years of faithful service at Fews National School, she has just retired, and all who have the pleasure

of knowing her will unite with the present pupils and the past-pupils of the school praying Providence grant her good length of years of contentment-crowned happiness in retirement.

Incidentally, Mrs. Cunningham is a sister of Mr. Patrick Power, Mahonbridge, Kilmagthomas, a front-rank folk-loreist of the Decies, who was a founder-member of the Gaelic League in Waterford City and a personal friend of the first President of the Republic of Ireland, the late Dr. Douglas Hyde.

Constituted of the Misses Deirdre O'Brien (capt.), Mary Dunne, Eimer O'Brien, Esther Veale, Joan Kieley, Mary Kieley Ann Kieley, Kathleen Kieley, Marie Sammon, Mary Cawley, Mary Daye and Maeve O'Brien is the Bonmahon Camogie team, which bids fair to figure prominently in the coming year's Co. Championship competition.

James Duffy and Sons Circus will, as advertised, visit Kilmagthomas, to-morrow (Saturday), and give two performances (4 and 8 p.m.) Those who patronise either the mainstage or the night performance will see "Joos Jacobsen," the world-famous armless wonder, giving the only act in kind. Children and adults—will, of course, roll up in their scores!

Held at the Mart Building, Ballybricken, was the annual general meeting of Waterford Co-operative Livestock Mart Ltd.; it was attended by approximately sixty members, from whom at its successful conclusion the following emerged as the Committee: Messrs. D. J. Coghlan, Kilmagthomas; D. J. Kiersey, Ballyhussa, do.; M. Tierney, Clover Meats Ltd.; J. O'Sullivan, Ballygunner; J. Power, Rosduff; R. Aylward, M.C.C. Knoekmoylan; J. O'Hanlon, Dourname, Mooncoin; J. J. Kearns, Coolmeera, Ballyhale; J. Kelly, Glenmore; P. Foran, Knockaderry, and M. Hayes, Orchardstown.

Daughter of Mr. and Mrs. Batt Casey, Ballinagigla, Bonmahon, is Miss Rees Casey (who, on completing her secondary education at Colaiste Mhuire, Convent of Mercy, Dungarvan, was called to Carysfort Training College, Dublin, from where she recently emerged a National Teacher, last week took up the duties of her appointment on the teaching staff at Newtown National School, Kilmagthomas. Every best wish for the future to the estimable young lady.

Skill Rewarded.—Congratulations go to meritoriously much-esteemed Mrs. Margaret Drohan, Knockeylan, Leamybrien, on her having submitted an all-correct monetary prize-winning solution to a crossword test of skill competition conducted by one of the national Sunday newspapers issued from the Metropolis.

Mrs. Drohan (nee Burke), who first saw the light in the parish of Kilgobnet, is a wife and mother.

Kilmagthomas (Temperance) Parochial Hall.—The work of renovating the above is proceeding apace, and, when completed, the job shall surely be a credit to tradesman Willie Murphy and Co.

The Committee responsible for setting the praiseworthy undertaking in motion are very pleased with the response to their recent appeal for contributions to the Renovation Fund—to which the present writer can state it is not yet too late to respond. Subscriptions, large or small, may be sent to any of the following: Rev. M. Wall, C.C. Kilmagthomas; Mr. Percy Kirwan, do.; Mr. Sean Ormond, T.D., do. Acknowledgment of every sum of money subscribed assured.

Heartening to hear that the Silver Circle now under way to further and swell the foresaid fund is being appreciably supported by Kilmagthomas and other friends and admirers of the familiar Mahon-straddling little town.

On Annual Holidays Now is the Rev. P. Power, C.C. Ballylaneen. His reverence, who belongs by birth to West Waterford, is one of the most beloved and popular priests in the home diocese.

What Promises to prove the best yielding one of this year's soft fruit crops in this region is the strawberry crop—despite the unfavourable weather conditions.

From the neighbouring coastline to the Barony of Upper Third a very big number of hurling enthusiasts travelled to Cork on Sunday to see Waterford and Limerick "at it" for the right to oppose Tipperary in the current year's Munster senior hurling final.

Thunder, Lightning and Heavy Showers have not been conspicuous by their absence from this area since the ad-

vent of the current season. At the height of last weekend's thunderstorm the electric current was put out of action for a time.

Two Members of the family of highly respected Mr. and Mrs. James Cashman, Rockfield House, Cappagh, are students of University College Dublin, where the placidly-dispositioned pair did splendidly at the recent examinations. Now in his 21st year is Patrick (Patsy), who passed his fourth year Veterinary Exam., brilliantly; James passed his second year Veterinary Exam. likewise.

A third brother, William (77) was one of the three Medical Students who secured honours in their first year Medical Exam at U.C.D.

They are nephews of Dr. T. Lynch, M.O., Kilmagthomas. During a Severe Thunderstorm on Sunday three cattle were killed when hit by lightning at Kilmeeaden, and two miles nearer the coast, at Dunhill, a bull was struck by a flash and killed instantly, too.

Lismore Notes

MEN'S CONFRATERNITY The monthly meeting of the men's branch of the Sacred Heart Confraternity will be held on this (Friday) evening in St. Carthage's Church at 7.30 p.m.

ON WINNING MUNSTER TEAM Our heartfelt congratulations are extended to Mr. Trevor Andersen, Main St., Lismore, on his great display in helping the Munster Junior Cricket team to score a well deserved victory over the Leinster team in the inter-provincial match played on Sunday last in the Civil Service Ground, Phoenix Park, Dublin. Incidentally, last Sunday's game has brought Trevor's number of appearances on the Munster team to five, and judging by his display in last Sunday's game, it looks like he will add many more caps to his already distinguished career.

FRED ASTAIRE IN LISMORE Internationally well known film star Fred Astaire left Lismore on Monday last with just one regret—his stay here had been too short. Before he left he said: "I think Ireland is the loveliest place possible for a holiday," and he added, "I hope to come back many more times. The Hollywood song and dance star had been enjoying a short holiday at Lismore Castle with his congenial mother and sister, Mrs. Ada Kingman Douglas, whose first husband was the late Lord Charles Cavendish, uncle of the Duke of Devonshire, who owns the castle.

Fred, who is looking extremely fit and well, is not making any motion picture just now, but he is engaged in American television.

CARNIVAL IN AID OF SCHOOL BUILDING FUND All arrangements have been completed by the very energetic committee in charge for the second annual carnival in aid of Lismore Presentation Convent School Building Fund which will be held in the convent grounds from Sunday next, July 14th to Wednesday July 17th, and, weather permitting, a record crowd is expected each evening to support a very worthy cause.

The carnival opens on Sunday at 2.30 p.m., with a Baby Show (sponsored by Messrs. Cow and Gate) and will be supported by children's sports games, donkey rides, lucky dips and all the fun of the fair. Then on Sunday night an adult fancy dress parade will be held, parading from the Monument to the Grounds at 7.30 p.m., while Monday evening will see the hurling attraction of the year, commencing at 8 p.m. Tuesday evening will see a crazy football match at 7.45 p.m. and anyone who witnessed the hurling match and the crazy football games last year will certainly not want to miss them this year.

The Carnival will close on Wednesday evening with a children's fancy dress parade commencing at 7.30 p.m. There will also be pongo, dancing shinner and various other stall each evening, while teas, ices and mince will also be served nightly. So with such a variety programme arranged by the committee to suit young and old everyone can be assured of a wonderful time.

MACRA NA FEIRME FIELD EVENING A full report of the most successful Lismore Macra na Feirme Field Evening, which was held at the Castle Farm Yard on Friday night last, will be given in our next issue.

RAPHAEL COULD DRAW A HORSE... Raphael lived only 37 years (1483-1520) but in that time his drawing and painting earned him the description 'the Divine Raphael'. THE RUST PROBLEM NEW WONDER PREVENTOR

Rust or metallic corrosion is one of mankind's greatest problems and has been described as the Industrial Cancer. If iron or steel are exposed to air and moisture it will rust.

Evidence of its ravages can be seen everywhere, in factory, farm, warehouse and home. The total cost of rust is colossal—Great Britain alone loses £600,000,000 per year because of it and despite the use of 50,000,000 gallons of paint. Paint, however, has proved to be entirely ineffective.

A few years ago a leading British firm, following much research, produced a kind of le-zid metal known as ANOGAL, which has proved to be the ideal rust preventor and looks to be the solution to all rust problems.

It is widely used all over Europe and will soon be available in this country. No doubt there will be a tremendous demand for it here, as rust is one of our greatest problems, too.

Full details will appear in our advertising columns later. Note—ANOGAL is a Rust-Preventing Liquid Metal, guaranteed to prevent rust on every type of iron or steel-work.

CAPPOQUIN NOTES

DEATH OF CAPPOQUIN-BORN NUN
The death took place in the Good Shepherd Convent, Waterford on Monday, 8th inst., of Sister Mary of St. Dominic after a brief illness. She was in her early seventies. She was daughter of the late Michael and Mary Coffey of Coolagortwee, Cappoquin. Surviving relatives include her brothers, Very Rev. Michael Coffey, P.P., Sydney, Australia, Matthew, Australia, William, Cappoquin, Patrick, Coolagortwee, and sisters, Sr. M. Clement, Good Shepherd Convent, Derry, Sr. Teresa Martin, Good Shepherd Convent, Texas, and Kat, Australia.

WEDDING: MEADE-HOARE
The marriage took place at the Sacred Heart Church, Glanthurau, of Dr. James Benedict Meade, younger son of Mr. and Mrs. James Meade Church Street, Cappoquin and Miss Loyola Hoare, youngest Mgt. Hoare and the late Mr. J. Hoare and the late Mr. James Hoare, Ballyferrier, Co. Kerry. The ceremony with Nuptial Mass and Papal Blessing was performed by Rev. C. O'Leary, Santa Rosa, California. Best man was Dr. W. J. Hall and the bridesmaids were the Misses S. Hoare and G. Meade. Mr. Seamus Hoare was groomsmen. The bride who was given away by her uncle Mr. B. Hoare, wore a full-length gown of white lace over satin and tulle veil with tiara and carried a bouquet of flame and white carnations. The bridesmaids wore gowns of apricot corded silk and carried bouquets of yellow carnation and maidenhair fern. During the ceremony, Miss E. Mullins, A.L.C.M. presided at the organ. The reception was held at the Arbutus Lodge Hotel, Montenotte and the honeymoon is being spent touring the West of Ireland.

TRAGIC DEATH
The news of the tragic death of Edward O'Keefe which took place in the early hours of Monday morning following an accident was learned with feelings of shocked surprise

and deep sorrow in the town where he was a well-known figure. He was of a quiet retiring disposition and a very industrious youth. To his parents, Mr. and Mrs. William O'Keefe, of Churchquarter, Modeligo, and his brothers and sister goes deep sympathy in their very great loss.

AWARDED DOCTORATE
Rev. Thomas Mason, O.S.A. has been awarded the Doctorate of Sociology in the Angelicum University, Rome. A native of the town, he is second son of the late Mr. M. Mason and nephew of Mr. James Mason, Shanbally. In the near future he returns to Ireland to take up a post in the Augustinian College, Dublin.

ACCIDENT
On last Wednesday an accident occurred at Belleville in which, happily, those concerned escaped serious injury. Patrick Griffin, riding a motor-cycle, collided with a tractor driven by Sean Conolly.

HOME FROM ROME
Rev. Fr. R. Fitzpatrick O.S.A., has arrived at his home in Afane on vacation. Ordained last year Fr. Fitzpatrick has since been studying in Rome.

ROWING
Future engagements for local crews include the Metropolitan Regatta on next Saturday and Limerick Regatta on 27th inst.

SUCCESSFUL STUDENT
The name of James Arrigan appears in the list of students of University College, Dublin, successful in the First Arts examination.

ROUND HILL BOWLING TOURNAMENT

Though the bad weather witnessed for the past three weeks has interfered with many arranged scores, nevertheless the committee of the Round Hill Bowling Tournament are making great headway with their fifth annual Bowling Tournament, and as we go press with the second round draws, only two remaining first round scores remain to be thrown. Again, the committee in charge request the co-operation of all competitors to be present on the date required.

Big surprise to-date of course was the defeat of last year's champion John McGrath, Mellerray, who though bowling well, could never produce the form that made him such a great champion last year, and went down on Saturday night last to Jim Clancy, Ballyduff.

The following are first round winners and their second round draw: Tommy Barry (2) v. P. J. Kiely (2) v. John Foley (scr.); Plunkett Herr (1) v. Eugene Barry (scr.) v. Jim Linnen (1); Jim Fitzgerald (3) v. Paddy Maher (1) v. A. (first round score yet to be thrown); Paddy Cahill (3) v. Bill Griffin (1) v. Michael Gallagher (scr.); Neil Colender (1) v. Michael Nugent (4) v. Jim Clancy (1); John Daly (1) v. J. J. Power (2) v. Pat Foley (2) v. B. (first round score yet to be thrown); Donald Shanahan (4) v. Jim Fitzgerald (2) v. Tadgh O'Donovan (scr.); Dick Foley (2) v. Billy Conway (1) v. Michael Cooney (3); Pad Flynn (1) v. John O'Donoghue (scr.) v. Dan Shanahan (3).

Scores are taking place each evening and it is hoped to have the second rounds concluded by the end of next week.

RETURNED TO ENGLAND
Mr. and Mrs. G. Bryan, who spent a two weeks holiday at the home of Mrs. Bryan's mother, Mrs. E. Morrisson, Convent Street, have returned across channel. During their stay they visited many places of scenic and historical interest in the country.

DANGEROUS ROAD ENTRANCE
People using the Ballymote road are complaining of the dangerous entrance from their road into the Tallow. Camphire road at Kilwinny Bridge. The high bridge wall obscures the view of traffic coming from the Tallow direction. If the wall was low-

ered on taken away and an iron or concrete pailing substituted, it would greatly improve the situation. Let us hope the County Council will have the work carried out as soon as possible as some very near accidents have occurred there.

TRANSFORMER HIT BY LIGHTNING
An E.S.B. Transformer at Boola, Glendine, was hit by lightning during one of the heavy thunderstorms of last week.

DEATH OF MR. J. CANNING
We regret to record the death of Mr. Jeremiah Canning, which occurred at the residence of his niece at Sheamberg, Ballyduff, last week. The late Mr. Canning was well and popularly known in the Tallow and Knockanore areas, especially by the elder generation, and where he had operated a steam threshing set for many seasons. Of a quiet and retiring nature he was most popular and his death is deeply regretted. There was a large and representative cortege at the removal of the remains and again at the interment in Clondulane Cemetery. To his nieces, nephews and relatives we extend our deepest sympathy.

HOUSES RECONSTRUCTED
Two houses at Convent St., the property of the Carmelite Convent, are at present being reconstructed by Mr. Bill Sheehan, Convent St., Tallow.

# Jail Sentence for Local Men

## SEQUEL TO DANCE HALL INCIDENTS

INCIDENTS at a dance in the Town Hall Dungarvan on Friday night last, had a sequel in the local District Court on Wednesday when three young men were each sentenced to six months imprisonment with hard labour. They were John and Michael McCarthy (brothers) and Patrick Costigan, all of Cathal Brugha Place, Dungarvan.

John McCarthy was charged with (1) assaulting Garda Peter Feeney in the execution of his duty; (2) obstructing Sgt. M. Hayes, Garda P. Feeney and Garda P. Murphy in the execution of their duties; (3) assaulting Garda Feeney with intent to resist lawful apprehension; (4) unlawfully assaulting Garda Feeney with intent to prevent the lawful apprehension of Michael McCarthy. Costigan was also charged with numbers three and four (above) and with obstructing Sgt. Hayes and Garda Feeney.

Michael McCarthy was charged (1) assaulting Sgt. Hayes; (2) assaulting Garda Feeney; (3) assaulting Garda S. Robinson; (4) assaulting Garda P. Murphy. At the outset of the hearing Judge Skinner asked the defendants if they wished to be tried by him or by a judge and jury. Michael McCarthy asked for a judge and jury but at a later stage in the hearing changed his mind and asked to be tried by the District Justice. All three pleaded guilty to the charges.

Sgt. Hayes after giving evidence of the incidents inside the hall, said when they got the defendants outside. Costigan shouted that all the Guards should be beaten out of the town.

Garda P. Feeney said he went to the dance hall at 12.30. At 12.40 he was told by a member of the committee running the dance that there was a serious row in the hall. He went in and saw men fighting including the three defendants. Several assaults were made on him and he was dragged and pushed by John McCarthy. When he tried to separate them, he got several blows on the back and was sent sprawling. Costigan obstructed him and John McCarthy pushed and dragged him in an effort to release his brother.

Garda P. Murphy said he was present at the dance and saw John and Michael McCarthy fighting. He successfully tried to separate them. Michael McCarthy shoved him and he was taken to the station by Sgt. Hayes and Garda Feeney. On the way down the stairs and along by the quayside John McCarthy obstructed them. He did not see Costigan there at all.

At this stage following interruptions by Michael McCarthy, the Justice ordered him to be removed from Court. The Court then adjourned for the luncheon break. On resuming at 2.45, Mr. J. Lavin (E. A. Ryan and Co.) said he was now representing the three defendants. Up to this they had not been professionally represented.

Garda S. Robinson who then gave evidence said he attended the dance off duty. He was dancing in the centre of the hall when he saw the fight going on and he then

## "Commercialising the Irish Language"

—Mr. N. Walsh

WHEN an application came before last Tuesday's Vocational meeting for payment of a special allowance to Mr. Donal Lynch, Dungarvan, for teaching subjects through the medium of Irish, Mr. Norman Walsh said it was a complete farce and was only commercialising the Irish language.

Mr. Maher, C.E.O. said it was a special allowance given every year and it had the approval of the Dept. During 1962-63 Mr. Lynch spent 929 hours in the various classes and the Dept's Inspector would decide the amount of allowance.

Mr. Walsh said it was a tragic farce. By giving this allowance they were only commercialising the Irish language. It was a real farce to give more pay to teach the Irish language. Worse still the Department was standing behind that. This application was coming up year in, year out.

Mr. Walsh continued: "This has the blessing of the Dept. and they should change that policy. I am not going to propose that we do not give it, but it is my view that we should inform the Department that it is only commercialising the Irish language. But unless we are unanimous on it I will not press it."

Mr. F. X. O'Leary said they could only recommend that it be paid. Mrs. C. Griffin said they had this going on in the Primary and Secondary Schools also. A lot of antagonism was caused by putting children into classes they were not really fit for.

Mr. Charles Curran said there would have to be a completely new approach. There was more Irish spoken twenty five years ago than today.

Finally it was decided to agree to grant the application. **Late Mrs. Bridget Aherne** Knockaun, Cappagh. We regret to announce the death of Mrs. Bridget Aherne which occurred on Saturday July 6th, at her residence, after a protracted illness. She was relict of John Aherne whose death occurred only a few months ago.

The deceased was a very kind and charitable lady. Her remains were removed on Sunday evening to Ballinacorney Church followed by a large cortege and were blessed and received by Rev. Fr. T. Nugent, C.C. Requiem Masses were offered on Monday morning for the happy repose of her soul and the interment took place in the adjoining family plot.

Very Rev. M. J. Hackett, P.P., assisted by Rev. T. Nugent, C.C. officiated at the graveside. Another large concourse were present to pay their final respects. The chief mourners were: Patrick, Dublin; Commdt. Jackie (now serving in the Congo); Maurice, Loughrea; Francis, Knockaun, Cappagh (sons); Phyllis, England; and Theresa, U.S.A. (daughters). J. Kiely & Sons had charge of funeral arrangements.

**SUCCESSFUL MERCY CONVENT DANCE** The first annual dance in aid of the Mercy Convent Building fund last Friday night was a huge success. It surpassed all expectations and a capacity crowd attended at the Town Hall. Congratulations to Mary Ormondie, Kathleen Guiry and all the ladies concerned on a job well done. So enjoyable was the affair that already many are looking forward to a repeat performance for so worthy a cause. The committee are deeply grateful to each and everyone who helped in any way to make the dance the wonderful success it really was. A very special word of thanks to the local Royal Aces Showband who were the first to come and offer their services free to hold the building fund, and the Dungarvan Pipe Band who set the ball rolling by playing around the streets of the town prior to the dance.

Re Mother Catherine and the Mercy Convent Community, who were the recipients of a nice three-figure cheque towards the building of their new school are more than grateful and will remember all in their prayers.

## Helvick Farmers at Law

Declan Morrissey, a 32-year old married farmer of Helvick Ring, was charged at last Wednesday's District Court in Dungarvan with assaulting 65-year-old Garrett Quinn at Ballinagool, on June 11th last and occasioning him actual bodily harm.

Morrissey was sentenced to two months imprisonment not to be enforced if he enters a bond to keep the peace and be of good behaviour and be of god behaviour for 12 months.

In evidence, Garrett Quinn (65) said at 9 a.m. on June 11, he was shearing sheep with John Whelan when the defendant came along and asked him if he had all his sheep. Witness said he did not know. Defendant alleged that his (witness) sheep were trespassing on his lands and told him to get them off it.

Mr. Quinn went on: "Morrissey then went off in his car and I went through the fields to see if the sheep were mine. As I approached I saw Morrissey driving the sheep off the land and he said they were not mine."

"With that I got a clout in the face from him. He knocked me down and kept hitting me. I was on the ground for 10 to 15 minutes and could not get up. I later went to the Baracks and I then went to hospital. I was covered in blood."

Cross-examined by Mr. A. R. Farrell, Solr. (for Morrissey), Quinn said there was blood coming from his ears and every part of his head and face was bloodied. He spent a week in hospital. Witness admitted that there was an old dispute with the defendant about a right of way and also that he had started proceedings against Morrissey again over the same thing.

Mr. Farrell—Did you ask Morrissey to hit you that day? Witness—No. Mr. Farrell—Did you try to kick him? Witness—No. I did not even get time to do so. He kicked me and kept me down. I was knocked out with the first clout. John Whelan said he was with Mr. Quinn on June 11

when the defendant called. He told Quinn about the sheep and threatened to break his face. When next he saw Quinn that morning he was covered in blood.

Dr. Brendan McCarthy gave evidence of treating Quinn in hospital and said he was badly injured. Declan Morrissey, the defendant, said after telling Quinn about his sheep on his lands he went back there and when he realised they were John Walsh's he began to drive them out. Then Quinn approached and asked him to fight. He tried to kick him (witness) and got him on the high.

"I hit him three blows," said the defendant, "and he made a second attempt to kick me, and fell. It was when I went to walk away from him that he tried to work the boot on me."

Mr. Farrell (defending) said it was an assault between two people. He suggested it was not so serious a charge to have it made an indictable offence. It was quite obvious Quinn was an aggressive man with a high temper and in his opinion had made up the story of this assault being premeditated.

Judge Skinner said it was a very serious assault and he thought the defendant should go to jail for it. Having given his decision he said he hoped he would not have to deal with a case like this in the area again.

# Gaelic Jottings

**HURLERS GAVE IMPRESSIVE DISPLAY** Marching on in quest of their fourth Provincial title go the all-conquering hurlers from the Decies. On Sunday last at Cork Athletic Grounds before almost 25,000 spectators, they displayed all the style, grandeur and quality that are hall-marks of their hurling and overcame Limerick far more easily than their winning margin of six points suggests.

But while none can dispute Waterford's second-half mastery, Limerick's enthusiasm and tenacity provided us with a top-class opening half. The Shannonsiders, as I predicted, started in sensational fashion and after twelve minutes were five points to the good. At this stage the losers half-backs and midfielders were controlling the trend of the game and a surprise result looked a distinct possibility.

That is until the championship campaigners from the Decies shrugged off their early lethargy and began to hurl like real champions. Quickly the Limerick "hares" were "trapped" and once Waterford regained equilibrium I had never the slightest doubt about the outcome.

After the change-over, the Waterford machine clicked into gear with all its precision like efficiency. The decisive scores were notched following movements that one would have sworn were premeditated and as the Shannonsiders collapsed before this vintage fare I could not but help believing that the 1963 Munster champions were on parade.

Having seen both Munster semi-finals within a week, it is the writer's honest opinion that unless Tipp, show appreciable improvement they will also go the way of the Shannonsiders. That it will be a tougher and more intriguing struggle goes without saying but even partisan Tipp followers will agree that the champions are not the force of yore. To my way of thinking their crown is in serious jeopardy on July 28.

But back to Sunday last! For half an hour Limerick give it everything they possessed and were they able to sustain their effort it could well have been a drama-charged finish. During that opening half in which the Limerick outer line of defence was magnificent, the dominating, destructive figure of Tom Cheasty was sadly missed. It was in his absence that one only really appreciated his true worth and his eagerly awaited return will strengthen further an attack which must surely be the score-hungriest in the game.

**SUNDAY'S SENIOR CHAMPIONSHIP GAMES** The senior hurling championship gets off to what promises to be an exciting start on Sunday with first round games down for decision at Dungarvan and Waterford.

At the Fraher field, Bricey Rangers meet one of the "fancied ones" in Ballygunner, while Collihan Rockies make the long trek to Wa-

terford to play Dunhill. Last year it will be recalled that Rockies and Dunhill also clashed in the first round at Dungarvan, when Collihan scored a sensational two-point victory. That game was one of the best seen at the venue last year and if the sides serve up a repeat on Sunday, Walsh Park patrons will receive excellent value for money.

It has been a long year "in the shade" for Dunhill and now that the venue will be more to their liking, Billy Pumphrey, Billy Daniels, Tom Allen, Mick Regan and Monty Guiry will spearhead what is certain to be an all-out challenge.

Had the game been fixed for Dungarvan, I would have plumped for a Collihan victory. But the eastward journey will not help the Rockies and even with such as Cyril Power, Garry Quinlan, Paddy Fitzgerald, Jack Kieley, Dick Tobin and Ted Coughlan, they are really up against it.

As in the corresponding game last year, the issue may be in doubt up to the final whistle. My vote, however, goes to the hard-hitting Dunhill side who may find the City venue far more advantageous to them.

**AT DUNGARVAN** Many predict that Ballygunner will be the "dark horses" of this year's campaign, but they encounter stern opposition at Dungarvan on Sunday next when they face the Briceys.

None can deny that the Rangers greatest affinity is to the football code but they are equally dour wielders of something Erin's Own will I'm sure readily vouch for.

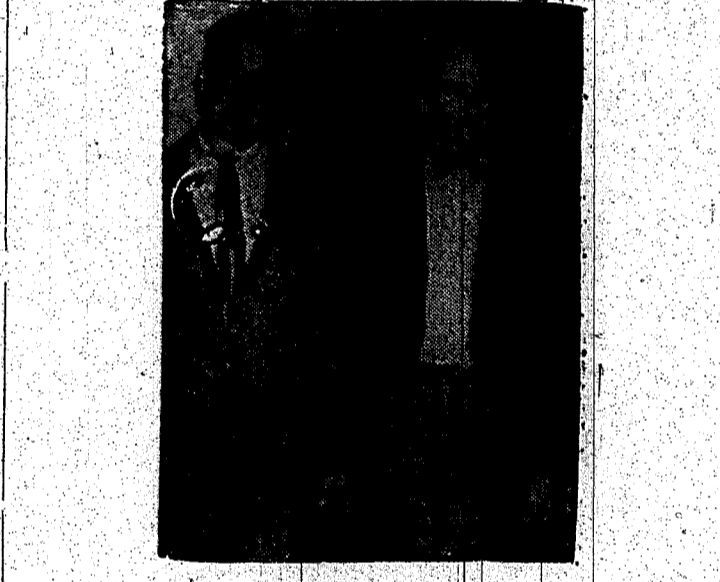

Only two years ago when little fancied, they ran a crack Erin's Own side to five points and Ballygunner could pay through the nose for any complacency on Sunday.

In Pat and Justin Spratt, John Woods, Willie Ferry and Pat Curran, they have exceptionally fine hurlers, to whom most will look to play principal roles in the City sides downfall. But the "Gunners", with numerous players, on the bring of inter-county recognition, are deservedly a highly rated side. Their attacking set-up in particular is an impressive one and gallantly though Briceys will strive, I expect "Laffer" Troy and Vinny Connors, backed by the promptness of Tony Cummins, to pick off the decisive scores.

N.F.A. NEWS
Price of Milk is Still Inadequate

Farmers in every county are greatly annoyed by the continuing unsatisfactory position in the Dairy Sector. They feel that the decision to take back 375 pence of the penny increase per gallon granted to them recently only adds insult to injury. No reference was made to this deduction when the Government originally granted the 1d. increase, last April. As the following figures show the Irish farmer is paid a price for milk far below that ruling on the continent:
Norway, 3/5d. (per gal.);
U.K., 3/2d.; Switzerland, 3/2d.;
Sweden, 2/10d.; Germany, 2/8d.;
Netherlands, 2/7d.; Austria, 2/5d.;
Italy, 2/5d.; Belgium, 2/1d.;
Denmark, 2/4d.; Ireland, 1/10d.
The penny granted (included in the price above) was a small step forward and the N.F.A. is determined that this small step towards bringing Irish prices into line with those on the Continent shall not be undermined.
Despite the image that some people try to create, Irish farmers are by comparison with their more fortunate brothers in other continental countries conservative and less anxious to create public confusion in seeking their just demands. They feel, however, to quote words used by their President last week, that "we cannot continue with rather vague notions that the problems of Irish agriculture, can be solved by pious aspirations, or by a loosely disciplined and uncoordinated series of expedients."
The Government is honour bound to pay the farmer the 1d. per gallon increase granted to him and N.F.A. policy is that any deductions made, whether by levy or otherwise, must be borne by the Exchequer. The Association has made representation to the Government and to the Department of Agriculture on this issue, and since the N.F.A. was primarily responsible for obtaining the 1d. increase, it will, if necessary, mobilise all its resources to ensure that the dairy farmer gets in full the 1d. he was given.
VOLUNTARY HEALTH INSURANCE RENEWALS
The annual renewal date of the N.F.A. Group Scheme of Voluntary Health Insurance is the 1st July. All members of the Group have recently received notices concerning payment of their subscriptions. We would like to thank members for their prompt response to the renewal notices and to bring to their notice the following points which will greatly facilitate the administration of the Scheme in future years.
1. - Subscriptions should be forwarded to N.F.A. Central Office, 27 Earlsfort Terrace, Dublin. It will cause unnecessary delay if subscriptions are forwarded by mistake to N.F.A. Branch or County Secretaries, or to the Voluntary Health Insurance Board Offices.
2. - Cheques, Money Orders etc., should be made payable to the National Farmers' Association. Failure to do this will also cause unnecessary delay in getting cheques endorsed in cases where they are not made out correctly.
3. - Perhaps most important of all, payments should be made promptly on the 1st July, each year.
May we again remind all N.F.A. members that full particulars of the Voluntary Health Insurance Scheme are available on request from Central Office.
By joining through the N.F.A. Group Scheme, rather than as individual subscribers they can save approximately 10% of their annual premium.
REMARKABLE GROWTH WILL BE REFLECTED AT A.G.M.
As we go to press, arrangements are being made for the 1963 Annual General Meeting, which is to take place at Central Office, Dublin, on Friday, 12th July. The President will make a statement on N.F.A. policy with regard to the many issues confronting Irish agriculture. The General Secretary will outline the many developments that have taken place within the Association during the last twelve months. These have been a many and varied, embracing every aspect of organisation.
Two new Vice-Presidents will take up duty from that date: one is Rev. Fr. P. Brady, Co. Roscommon, and the other Mr. M. Smith, County Cavan. The Vice-Presidents from Munster and Leitrim were returned to office in the re-

imports from non-member countries.
The cut in the external tariffs is based on a 30% reduction in the gap between the six nations' individual tariffs and the Market's external tariff.
These measures put the Six two-and-a-half years ahead of their timetable - under which all six countries will have a common external tariff by January 1st, 1970.
ELECTRICITY USE INCREASES ON FARMS
According to the 1963 Annual Report of the E.S.B., all of the 792 rural areas in the country have been re-wired, 788 have been selected and 773 have been completed. The proportion of dwellings connected in the complete area is approximately 76.3%.
The consumption of electricity by rural consumers amounted to 478 million units as against 420 million units last year. The use of electricity for farm purposes continued to increase and a significant expansion took place during the year.

## Group Water Scheme is Latest Project

ing, snow fell and that together with surface water, made the boring area very slushy. Therefore the men were called on to dig trenches to carry away this water. The weather was not very inviting this time for voluntary labour, but still 16 men turned up to do the job.

Then came the erection of the sump over the well and the kiosk to house the ancillary equipment for the electric pump. It was important to have the sump erected immediately after completion of well boring to prevent contamination or the danger of children dropping pebbles or clay into the well shaft.

The next job was building the base for the 6,000 gallon storage tank for which the group was responsible. The tank was subsequently erected by the supplier. The top soil was removed from the hillock and the rock surface underneath was found to be very uneven so it was decided to level the surface with concrete reinforced wire mesh. This had not been specified in the plans but the men decided that as they were doing something for themselves the job should be a lasting one.

While the tank was being erected, the members were not idle as the five miles of trenches for the pipes had to be opened. The opening of these was fully discussed at a meeting in the community centre and as it was decided that the amount of work involved was too demanding, the job of opening the trenches was eventually given to a contractor who had a special type of plough known as a "geith". This plough made the trenches to the required depth of 30 inches. Although the plough made the trenches in the open fields, the group members had to burrow under ditches, walls and other obstacles which were encountered.

Where rocks were met, the group had to remove these from the trenches, using crowbars, chisels, sledges, etc. In a few cases where the rocks were very big, they loosened these as well as possible and then a wire rope was put around the rock and it was pulled out with one of the three tractors within the group.

Trenches had to be made across public roads too. This was not done until the pipes had been laid in the trenches. In order to open the roads, permission had to be obtained from north Tipperary County Council who fixed a particular day for doing the job. One member from each household had to turn out on that day as the work of opening, laying the pipes and closing the six openings made had to be completed between sunrise and sunset.

To cross drains, channel iron was used. A column was built on each side and the channel iron was set into the

land," an annual published by Muintir na Tire, proposed that as Couragunee Guild was 100% rural, it should be an excellent location for testing the possibilities of such a worthwhile project.

Mr. Tadgh Meagher, N.T., the secretary of the Guild agreed to undertake the organising but not without many misgivings. Within a few weeks he was swamped in committee work and preliminary organising.

A meeting of the householders was soon called by him and the advantages of piped water in the home and on the farm, were pointed out. They, the householders, after some deliberation decided to undertake the project.

As organiser, Mr. Meagher, then wrote to the Department of Local Government telling them of the decision to undertake a group water scheme, asking them to visit the district, to see the area to be covered in the scheme and to decide on its suitability. An inspector came, saw the area and was satisfied it was ideal for such a scheme.

The first job undertaken by the group was locating a source of water, a job which can sometimes be difficult. They employed a diviner who eventually located a spring where the present well is bored on the land of Mr. Martin O'Meara. This was 200 yards from the hillock or which it has been decided to erect the reservoir. This hillock is on the land of Mr. Lee Bergin.

At this stage a meeting of the householders was held to decide on the cash payment towards the cost of the scheme to be paid by each household to make up the difference between the amounts of the grants payable and the actual cost of the scheme in cash. It was eventually decided to base the cash payment on the Poor Law Valuation which is probably the fairest way to distribute such a burden. A contribution of one pound per £1 Poor Law Valuation with a ceiling of £60 from any one household was eventually arrived at.

The cost for grants purposes includes the cost of voluntary labour and the amount of the grant payable is based on the cost per house which is obtained by dividing the all-in cost by the number of houses in the scheme, irrespective of how much exactly each participant contributes in cost or in work. Using this system it might, in other schemes, be possible for a not too well off participant to work his passage in the scheme without any cost as the more voluntary labour that is done by the group the less the local monetary contribution.

The next step for the group was opening the well. At first it was decided to dig a well and the committee decided that a local man should be employed, but as he was not agreeable to the usual clause "no water—no money" the idea of digging the well was abandoned and boring substituted. A Co. Limerick boring contractor was engaged. Upon the arrival of the boring machine, around the end of October, the group members helped in the unloading and carried drums, lines and all equipment to the well. After 12 days the bore had reached a depth of 30 feet but here a strata of very hard rock was met which broke the drilling bar and the hole had to be abandoned. A new bore was made and the same thing happened again at 30 feet and a third bore had to be started. The same rock was met again at 30 feet but experience triumphed this time and although boring was very slow they got through the obstacle. By Christmas Eve, the bore had reached its present depth of 58 feet which was considered satisfactory, and boring was discontinued.

During the well boring, the group was called on to do further voluntary labour. Owing to the size of the machine, existing gaps leading to the well site had to be widened and new ones had to be opened. Once the machine had passed, the walls, etc., had to be rebuilt roughly to prevent straying of livestock.

Then again during well borings credit drainage schemes, house repairing and provision of fuel for the needy, extensive tree planting, the laying out of a playground for the local school-children, making of roads in to bogs, building a community centre, etc.

### Late Nicholas Beresford

**Skehaerine, Dungarvan**  
The death took place during the early hours of Sunday morning, July 7th, at the District Hospital, Dungarvan, of Nicholas Beresford. He was a member of a highly respected County Waterford family and a great favourite in his native Abbeyside.

His remains were removed on Sunday evening to Garrahan Church followed by a very large cortege consisting of all sections of the community and were blessed and received by Very Rev. Fr. Roche, P.P.

Requiem Masses were celebrated at Abbeyside and Garrahan Churches on Monday morning and interment took place in the family vault.

Rev. Fr. M. Walsh, C.C. officiated and recited the final prayers.—R.I.P.  
(J. Kieley & Sons had charge of funeral arrangements).

Where rocks were met, the group had to remove these from the trenches, using crowbars, chisels, sledges, etc. In a few cases where the rocks were very big, they loosened these as well as possible and then a wire rope was put around the rock and it was pulled out with one of the three tractors within the group.

Trenches had to be made across public roads too. This was not done until the pipes had been laid in the trenches. In order to open the roads, permission had to be obtained from north Tipperary County Council who fixed a particular day for doing the job. One member from each household had to turn out on that day as the work of opening, laying the pipes and closing the six openings made had to be completed between sunrise and sunset.

**SALMON NET FISHING**

The catches of salmon and grise by nets continue to be very good in all parts of the fishery district and many boats accounted for four score and over of fish last week when the price remained at 3/- for grise and 4/6 for salmon. This is indeed very gratifying when there are only 13 more fishing days to go before the close of the netting season. It is fairly certain that when returns for the season are available that salmon catches will have

provide that mixture. Sweat and worry, welts and responsibility did us no harm but a lot of good. We have more courage now, more faith in one another and a feeling of achievement. It is not that we do not appreciate the help and co-operation given us by people like the Department of Local Government, the E.S.B. and north Tipperary County Council, for without their help and co-operation, it would not have been possible to bring the scheme to a successful conclusion, but still it is our scheme. We did it ourselves and that will always be a great source of satisfaction to us.

shown a great improvement over those of the past number of years, and the grise, although they cannot possibly reach last year's figures at this stage, will also show an improvement. Net fishermen are now concentrating in the bay night and day and on Monday mornings there is keen competition to reach the favourite berths there with the last possible delay.

**FOREIGN MISSIONS BAZAAR**

A very successful bazaar and fun-fair was held recently on the grounds of the Presentation Convent in aid of the Foreign Missions. Sponsored by the local Sodality of Children of Mary and being an annual event, there were numerous attractions for the many patrons of all ages and the usual sale of work. A great gesture on behalf of the working Committee was the invitation to the function of a number of men and women patients from St. Raphael's Mental Hospital.

**VISITORS TO YOUGHAL**

There was a fair influx of visitors to Youghal on Sunday the great majority of whom came by bus and private car, the latter being parked all over the strand town and Redharn. The 9/2 return fare by train from Cork is killing the tourist trade of the town and seemingly there is no hope of any reduction in the charge. Recently the Cork Corporation backed by the Youghal U.D.C. and Traders' Council made representation to C.I.E. to reduce the Sunday and Bank Holiday fare. In a letter to the Corporation C.I.E. pointed out that excursion trains are being operated on the Youghal-Cork line on Saturdays and Bank Holidays and their support is largely dependant on the weather conditions. The line is uneconomic and the operation of excursion trains only makes them very expensive. In the circumstances the Board had no option but to increase the fare in an effort to meet in some measure the cost of operating the trains and ensuring the continuance of the service. The present fare is 9/2 for adults and 4/7 for children, which is far beyond the reach of the average family man.

**WATER SAFETY AND RESCUE**

All last week large crowds of townspeople and visitors were to be seen on the Mall and Burnt Stores, watching the water safety and rescue exercises under the direction of Messrs. Con

**O.N.E. FLAG DAY**

On Friday, Saturday and Sunday of last week the local Branch of O.N.E. held very successful flag days when there was great response for this very worthy organisation. Portion of the proceeds will be allocated to the Army Benevolent Fund. The success of the collection was in no small way due to the efforts of an active committee headed by Chairman Mr. P. Myers and Hon. Secretary Mr. P. Ring.

**YOUGHAL REGATTA**

After some 35 years, local pleasure boatmen, members of the Youghal Fishermen's Association and Sea Anglers are to revive the Youghal Regatta and the day fixed is Sunday, 21st July, commencing at 2.30.

In former years the local Regatta finished up with a grand fireworks display, which entailed a great amount of expense, and in addition there was the Ocean Yacht Race from Cork Harbour on the eve of the Regatta.

This year's event will include salmon yawl, pleasure boats, races, pig and dog open and confined swimming races, etc. Music will be provided by the Christian Brothers 80 strong Flute Band.

**YOUGHAL TRACKS TO BE OPENING**

It has been announced that totaliser betting facilities will be available at the Youghal Greyhound Track as and from the opening night on Friday, 12th July. The official opening of the tote will be performed by Mr. Donal Crosbie, Director of the Cork Examination, in the circumstances the Board had no option but to increase the fare in an effort to meet in some measure the cost of operating the trains and ensuring the continuance of the service. The present fare is 9/2 for adults and 4/7 for children, which is far beyond the reach of the average family man.

Pictured in the kitchen of her home at Baularae, Couragunee, near Roscrea, Co. Tipperary, is Mrs. Larry Bergin who now has water on tap in her home thanks to the group scheme organised by the local guild of Muintir na Tire and carried out on a voluntary basis by the locals themselves. For her and 19 of her neighbours the drudgery of carrying buckets of water is now at an end.

# WATERFORD AGAIN IN MUNSTER FINAL

## Limerick Collapse in Second-Half

WATERFORD — 2-15, LIMERICK — 3-6

ONCE more the "preliminaries" are over, the path has been cleared and all is set for one of the greatest Munster hurling finals ever. On Sunday last, Waterford,

This Deise display, while not ranking amongst their greatest ever, must have given complete satisfaction to their big following in the 24,189 attendance. For half an hour they allowed Limerick an unnecessarily "loose rein" but when the occasion demanded, turned on the steam in their own characteristic and devastating way and as they majestically swept to a clear-cut victory in the closing quarter, they demonstrated abundantly the skill, craft and cohesion that must surely make them the most dreaded force in the land to-day.

As a spectacle the game had much to commend itself by, particularly in the opening half, when Limerick set a ground devouring pace. Their plan was obvious from the start. Rock the League and O'Connell's champions with early morale-sapping scores, and then gear themselves for a Trojan defensive stand when inevitably they would be forced to fight a rearguard battle.

### WENT OFF WITHOUT HITCH

The first portion of that victory formula went off without a hitch and the tonic start which the Shannonsiders so very urgently required, was theirs in dramatic fashion. By a brace of fortuitous goals they were five elegant points ahead after little over ten minutes play and the brand of hurling they were serving up indicated a truly absorbing battle for honours.

But Waterford, the championship veterans that they are, remained ice-cool and unfurried. Their poise, hampered though it may have been, was quickly regained, and as they overhauled the exuberant "front-runners," I felt they had, even at this premature stage, gained the measure of the green-jerseyed brigade. By half-time the sides were again locked in stalemate—2-3 to 1-6, with Waterford undoubtedly shaping the better of the two.

Thus did it transpire in an unequal, one-sided second half. On the change over, Waterford proceeded to give an object lesson in the finer points of the game and as the match-winning scores were piled up—on occasions in seemingly effortless fashion, the Deise men's true potential was there for all and sundry to see.

### UNBELIEVABLE

In view of Limerick's wholehearted first-half display, the disparity between the sides in that second moiety bordered

on the unbelievable. With the collapse of their midfielders and half-backs, the Shannonsiders looked a team of shreds and patches and Waterford's complete dominance sent many of the attendance streaming for the exits long before the end. Strange though this statement may seem, it was perhaps better that Waterford did not include Tom Cheasty in attack. For had the Ballyduff man been on for the hour, then it is my firm belief that we would have been deprived of even a half-hour of hurling equality.

There is no intention to belittle the Limerick men by such emphatic remarks, but I do believe their cause would have been a lost one long before it eventually was, had Cheasty's muscled frame been inside the number 11 jersey.

### EARLY LIMERICK SCORES

Within seconds of the throw in Waterford swept upfield and a scorching drive by Seamus Power rebounded off the upper portion of an upright. Limerick then took up the running and after P. J. Keane was wide from a close-in free, Mick Tynan opened the scoring with a point in the third minute. From the puck-out Limerick again surged to the attack and when Tom Bluffit rounded Jimmy Byrne with ridiculous ease he was inexplicably allowed to practically walk the ball into the net.

### SATISFACTORY

It would be folly to hail all fifteen Deise men as heroes, as some have been seen to greater effect in the past. But the teams over all display was of a highly satisfactory nature and their status as a hurling power has if anything been raised.

### REPLACED

Due to the presence of the fleet-footed P. J. Keane, Waterford had early midfield worries and a colourless Mick Demusey was replaced by John Meaney after twenty minutes.

The all Erin's Own partnership of Condon and Meaney made for vast improvement in the sector, with Meaney in particular giving a great display. He roamed all over the field in the second-half and his eagerness "for work" was rewarded with two splendidly taken points.

### REPLACED

Without Cheasty's promptings, the attack was slow to settle down but once the ball began to run for them, the

Limerick keeper, Jim Hogan, had displayed goalkeeping artistry the likes of which I have never seen. First he brilliantly saved a Seamus Power pile-driver and within seconds miraculously went full-length to save a Grimes "special" but the intruding John Barron gathered Grimes rebound and gave Hogan no chance from the fringe of the square. Flannelly quickly tacked on a point before Tom McGarry replied for Limerick with a like score from a "70".

In the 21st minute Seamus Power pointed and six minutes later a glorious overhead point by the 'Sion' veteran made it "all square." Frankie Walsh gave Waterford the lead for the first time with a well-taken point but seconds before the break McGarry from a "70" levelled scores at 2-3 to 1-6.

Limerick re-appeared with Martin Rainsford substituting for the injured Liam Hogan in the half-line of attack and within seconds put his side back in front with a well-taken point.

But once Seamus Power restored the balance of power, the writing was clearly on the wall for the losers. In the ninth minute Grimes evaded the intentions of all and from an unmarked position outside the square nearly took the net from its rigging.

Thereafter, except for spasmodic, literally misguided attacks, the scene of action was in the Limerick half. McGarry did succeed in cutting the arrears with a pointed "70" but Waterford points by Meaney (2), Condon Morrissey (70) and Grimes (free) sealed Limerick's fate for yet another year.

Flannelly and Tynan exchanged minors and two minutes from time the latter scored his sides third and final goal.

### SATISFACTORY

It would be folly to hail all fifteen Deise men as heroes, as some have been seen to greater effect in the past. But the teams over all display was of a highly satisfactory nature and their status as a hurling power has if anything been raised.

Between the posts Ned Power had one of his less spectacular days. He was not as confident as usual and would fault him for Limerick's second goal.

### SATISFACTORY

While Jimmy Byrne, like Power, seemed uncertain on occasions, there was no way past his full-line colleagues Tom Cunningham and Austin

PADDY COBBE and JIMMY BYRNE in "a clash of the ash" as AUSTIN FLYNN holds off a Limerick forward in the background.

Flynn. The latter at all times looked master of the massively built Mick Tynan and Cunningham's superb defensive hurling made it a fruitless hour for Paddy Cobbe and Mick O'Brien in turn.

Theraarranged half-forwards came up against one of Limerick's strongest lines, yet the "flying" Frankie Walsh could not be contained and he turned in a capital hour.

Limerick's outstanding individuals were in their hard-working defence. Jim Hogan in goal was impeccably brilliant while Kevin Long, Tony

O'Brien and J. J. Bresnihan lost no caste in defeat. For half an hour P. J. Keane was dominant at midfield but was impaired thereafter by a nasty facial injury.

As against Galway in the previous round, the attack was the weakest sector and only Tom Bluffit, Eamonn Carey and at times Mick Tynan looked the part.

Waterford—N. Power, T. Cunningham, T. Flynn, J. Byrne; L. Guinan, M. O'G. Morrissey, J. Irish; J. Condon, M. Dempsey, M. Flannelly, J. Barron, F. Walsh; S. Power, C. Ware, P. Grimes, Subs.—J. Meaney (for Dempsey), E. Walsh (for Flynn).

Limerick—J. Hogan, M. Heelan, J. J. Bresnihan, T. O'Brien, S. Quaid, T. McGarry, K. Long; P. J. Keane, P. Hartnett, B. Hartigan, E. Carey, L. Hogan; T. Bluffit, M. Tynan, P. Cobbe, Subs.—P. Murphy (for L. Hogan); M. Rainsford (for Murphy), M. O'Brien (for Hartnett). Referee—P. Cronin (Cork).

As Limerick goalkeeper JIM HOGAN (extreme right) prepares to catch the dropkick ball, the backs and forwards are engaged in a "private war." From left: MICK FLANNELLY (No. 10) JOHN BARRON, J. J. BRESNIHAN (with cap) SEAMUS POWER and TONY O'BRIEN.

## MINOR HURLERS UNLUCKY

WATERFORD were deprived of what would have been a notable double at Cork on Sunday, when a goal in the dying seconds gave Limerick a draw in the minor hurling semi-final.

There were less than 30 seconds left for play when Waterford, leading by 1-9 to 1-6, conceded the score that tied the sides in the replay at Waterford next Thursday.

Through to the Munster final. Then with time almost up, the Shannonsiders got the vital goal and straight from the puck-out the full-time whistle sounded.

It was a tragedy for Waterford to have victory snatched from their grasp so belatedly but the writer feels that with three minutes in the replay they will make no mistake the second time.

Odds of four-to-one are against Limerick's Paddy Cobbe as he tries to gain possession. The Waterford defenders from left are: TOM CUNNINGHAM, LARRY GUINAN, JIMMY BYRNE and MARTIN OG MORRISSEY.
