New Fire Station For Dungarvan

DUNGARVAN is to have a new Fire Station costing an estimated £12,000. This was decided unanimously at last Monday's meeting of Waterford County Council when Capt. M. J. Maguire, Chief Fire Officer, outlined the necessity for a new modernised Station in the town.

Capt. Maguire said that during the last eight years as fire officer he had not jumped into any great expenditure and anything he had spent was money well spent. Fires occurred very easily and they had to be ready. The people were getting very good value for money.

"The cost per head to run the fire service in the county this year is 4/6 he said. "Our expenditure had been reasonably low up to this, but we have reached the stage where something must be done for Dungarvan. The one we have at present is inadequate and unsuitable and if you did not know the place you would not know there was a fire station there. There is great difficulty getting in and out there, and no later than last week we were delayed a quarter of an hour because of a car that was parked there."

Capt. Maguire said there was no room for lectures, no room for carrying out drills or no washing facilities in the present building. They had to go out to parts of the town to carry out drills and that was most unsuitable. It was essential to have proper training facilities and proper accommodation to run week-end or short courses for other units in the county. The risk of fires was increasing every day and consequently they would have to be better equipped to fight them. If the amount of money that they saved the ratepayers every year could be analysed it would have to be better sum. He would be very pleased if they made a start on the new building.

Replying to Colr. N. Walsh, Capt. Maguire said the new

building would consist of a triple appliance base; living accommodation overhead for one officer; a yard, workshop and store.

The Chairman, Colr. Curran, said the Brigade in this county was one of the best if not the best in the country. They were doing their work very efficiently.

Colr. N. Walsh—That is the general opinion in the county. Colr. J. Butler said when the Brigade operated successfully it was the Insurance Companies that benefitted and he felt they should give some contribution to the service.

Colr. M. Harty said the people highly appreciated the Fire Service in the county and they felt secure about their property and homes. He also felt that they should get some recognition from the Insurance companies.

Deputy Kynne proposed they put up £12,000. He had no doubt they would not get a penny from the insurance companies as he was sure they would show them how they were losing by fire insurances. Capt. Maguire, he said, had made an excellent case. The present facilities were anything but adequate and all their men could do after a fire was stand under a yard pump to wash themselves.

Colr. F. Roche seconded. Colr. N. Walsh—What will the impact on the rates be.

Mr. F. O'Leary (Co. Accountant)—Less than a penny a year.

Colr. T. Lannon—What's wrong with the building we have? We have a building and a good service and why go to all this expenses.

Deputy Kynne's proposal was then put to the meeting and passed unanimously.

On Saturday evening last a most enjoyable "Social Evening" was spent by a large number of Waterford people at the Irish Centre, Camden Town, Town, London N.1. The evening commenced with a delicious "Bacon and Cabbage" dinner after which followed an impromptu concert. Some of the talent discovered was certainly a revelation and the rounds of applause that greeted the various artists showed how much the large audience appreciated the varied items. Contributors were Miss Benny Cahill, John Roche, Owen Condon, Tessie and Bessie, and the one and only Willie Corcoran. C.B.S. BUIDING FUND.

DURING THE evening the Chairman, Mr. Willie Barron, mentioned the Christian Brothers' Building Fund and the great work they have done and are doing in the educational field for Irish youth. Many of those present were ex-C.B.S. pupils and after a "whip around" we are pleased to state that Rev. Bro. Hegarty will benefit by the sum of £5, thanks to those who so kindly contributed.

'WE HAVE PURCHASED TRAMORE'

— Colr. Norman Walsh
Council To Take over Properties

"THIS is the most important matter to come before the County Council in the last quarter of a century, and our decision could have far-reaching effects for the ratepayers, not only of this generation but of future generations" This was stated by Colr. Norman Walsh at last Monday's meeting of Waterford County Council when it was decided by twelve votes to nine to approve of the recommendations of the Tramore Development Subcommittee of the Council regarding proposals by Bord Failte for the development of Tramore as a tourist resort.

The proposals included the handing over of the properties known as The Tramore Enterprises to the Council, including the Hydro, Silver Slipper Ballroom, C.I.E. railway property and the Waterford Gas Company's interest in property held on lease from the County Council. Bord Failte agreed to give a grant of £25,000 provided the Council was prepared to put up a similar amount for the purchasing of the property, and to continue to operate the company and develop and maintain the properties.

When a decision had been taken in favour of putting up the £25,000, Colr. J. Quirke left the meeting in protest, saying that it was the greatest blow to the ratepayers since he joined the County Council in 1918.

At the outset Colr. Quirke said it was surprising that the people of Tramore had not taken over the property themselves. In West Cork people on the mountain side had put up £30,000 for a project, and why should the people of Tramore ask the ratepayers of the County to do it for them. They found great difficulty he said, in getting £30 to £40 to do a road on the mountain and these were the people that fought against the Tans in 1921.

Colr. Madden said he was interested in Tramore to the extent of £192 a year in rates. Tramore paid £24,000 a year the County Council and the County Secretary, Co. Manager, Co. Engineer and County Solicitor all gave their opinions in favour of it. He felt it would be a success and Bord Failte had been very generous in their offer to them. If they did not accept it the money would go elsewhere.

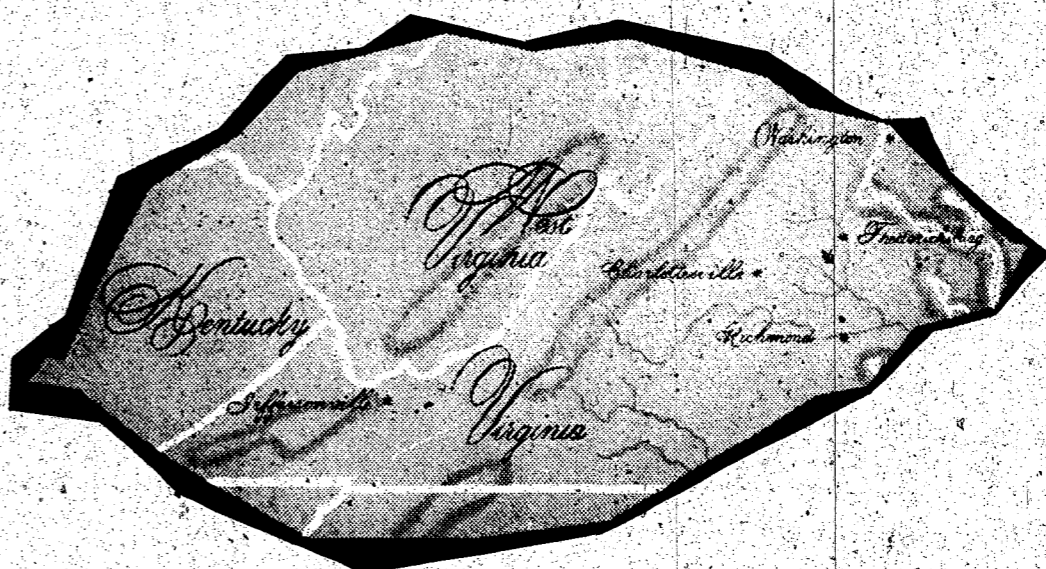

NOMINAL SUM. Colr. T. Lannon said the £25,000 to be put up by the Council was only a nominal sum but it could cost half a million and could then show a loss. What would the Co. Engineer think it would cost to develop the place.
Mr. Hally said the £50,000 would be used to reduce revenue to the greatest possible extent and that revenue in turn would be used for a later stage of development. They

had in mind a development that would be self-financing after the first year.
The Chairman, Colr. Curran, said there was no intention of trying to develop Tramore along Blackpool lines.
SHOWDOWN. Colr. W. Dower said they should be very wary about it. They would have a showdown over the rates and it might be a bigger one than that of two years ago.
Deputy Kynne said they could not be compelled to spend a penny more than £25,000.
Colr. N. Walsh—This is the most important matter to come before the Council in the last quarter of a century and I hope no member will take his duty lightly. If we reach a decision favouring Tramore it will have far-reaching effects for the ratepayers not only of this generation but of future generations. The County Council are being asked to stand guarantors for the success or failure of Tramore as a tourist resort for years to come. I warn you to hasten slowly. Can you use the profit—if there is one, for the benefit of the ratepayers at large? No we must plough it back into Tramore again. We will have to operate, maintain and develop—three words that might mean a millstone around the necks of the ratepayers. Ostensibly this is supposed to be a gift but it could prove to be a very costly gift. We should keep out of it. Run the affairs of the Council and the ratepayers efficiently, but keep yourself out of the position of putting yourself in the place of a Billy Butlin or a ballroom proprietor.
Colr. Dower said no other County Council ever took over such a project. They should be very wary of it.
Colr. Cahill said the people of the county were getting a great opportunity.
The Chairman said it was one of the most important matters ever to come before them. He knew they would all vote according to their consciences.
Colr. Harty said it would not be unwise for the Council to consult efficiency experts about it and adjourn it until they got their views on it.
Colr. M. Morrissey said on the audited figures available it would be good business to accept the offer.
The Co. Engineer, Mr. Hally, said they would be taking over the proprietorship of Tramore Enterprises, which at present was showing a profit of £3,000 a year. There was a caravan park that would yield an income that could go towards the running of the properties.
Colr. Lannon—This £25,000 will be the start of a race, to be followed by more £25,000. Some indication will have to be given to us to-day as to the cost of running and developing the Enterprises.
Colr. N. Walsh—We are asking the ratepayers of the county to give a bank cheque. Colr. Lannon—There will be no limit to this thing.
Colr. N. Walsh—Bord Failte will have fantastic ideas about this place and we will have to pay for them.
Mr. Hally—They will have

KILMAGTHOMAS NOTES

Following a holiday of six weeks duration, spent at his parental home, Mr. Tony O'Donnell, The Bronx, New York, U.S.A., was one of the passengers aboard a jet plane that took off from Shannon Airport to Idlewild Airport at 1.30 a.m. on Friday of last week.

Tony looked fit and well and the visit marked his first homecoming since he emigrated just over twelve months ago, and he enjoyed every moment of his stay here. Son of Mr. and Mrs. Tommy O'Donnell, Currahaha, he occupies a good clerical position in Uncle Sam's Empire State. Continuing, increasing success to him.

In Radiant Health and spirits is Mr. John Thorpe, who has returned to his employment in the Sister Isle after whiling away a pleasant holiday-break as guest of his relatives at Kill.

The October Devotions in this region's Catholic churches on Sundays, Wednesdays and Fridays during the current month, are being assisted at by a good-sized congregation at each sacred edifice.

Of A Verily, the Princess Bus Service, Clonmel, is proving a great boon to the people availing of it along the regular daily route. The Slides of the Fences fringing most of the roads on

both sides of the Mahon have just been trimmed by a County Council-owned machine made specially for the purpose. May Their Good Luck never desert the much-esteemed Mr. and Mrs. John Phelan, Caheruan, Kill, who are barely a month married. In the Kilmac' Parochial Hall silver circle draw she won the top prize (£10) a fortnight ago, and in last week's draw he won the £10 prize.

Incidentally, John is a really good player on the Kilmac' Thomas Association football Club's first string.

Thanks to masterly local tradesman, Willie Coffey, and his helpers, the Parochial Hall Kilmac' Thomas, has undergone extensive renovations and repairs: it is adequately furnished to serve its purpose—to provide a recreation centre for the men and boys of the town and surroundings—for which it is about to be reopened. The "30" card drive launched to further and swell the funds of the working committee responsible for getting the hall brought to its present magnificent state is expected to receive appreciable support in the Mahon-velned territory and beyond its confines. The prize money totals £100, and regular daily route. The Slides of the Fences fringing most of the roads on next month.

He was a member of the National Executive of the Irish Red Cross and of the Governing Body of St. Raphael's Hospital, Cork. Lismore Notes

MEN'S CONFRATERNITY The monthly meeting of the men's branch of the Sacred Heart Confraternity will be held on this (Friday) evening at 7.30 p.m., in St. Carthage's Church.

Evening Devotions for the month of October will continue each week evening at 7.30 and at 7 p.m. on Sunday evenings.

SUCCESSFUL DANCE The Town Hall Lismore was packed to capacity on Tuesday night of last week for the dance held in aid of the Lismore Presentation Convent School Building Fund. Music for the occasion was supplied by the fabulous Bridesiders Showband, who were in their usual tip-top form, and who were ably backed by the O'Brien Bros. Band.

During the dance, the Chairman of the School Building Fund, Mr. M. Gough, conveyed to all present the sincere thanks of the Rev. Mother and Community of the Lismore Presentation Convent for their wonderful support they had given the dance and thanked both bands for giving their services, free.

CONGRATULATIONS Our heartfelt congratulations are extended to Mr. Patrick Prendergast, Brideau,

Lismore, and Miss Eily O'Ferrill, Modeligo, on the occasion of their recent marriage. Both very people, we wish them many happy years of wedded bliss.

A.G.M. OF LISMORE ASSOC. FOOTBALL CLUB

The annual general meeting of the Lismore A.F.C. was held at Michael Madden's, Main Street, on Thursday night last, 10th October.

The Chairman, Mr. J. Campion, having welcomed all present, appealed to the playing members to use the field more often for practice. The Hon. Secretary's and Hon. Treasurer's reports having been proposed and seconded, the following officers were elected for the coming season: Chairman: Mr. J. Campion; vice-do., Mr. M. Madden; Hon. Treas., Mr. T. Bolger; Hon. Secretary, Mr. Ed. Barry. Captain of team: T. Sullivan; vice-capt., N. Keating. Committee members: all officers as above with the addition of Pat Scannell and T. Whelan.

In the course of his address the Hon. Secretary, Mr. Ed. Barry said that for 1962/63 they had had 29 registered players of their books, as well as a record number of paid-up members. The mileage covered during the year was considerable considering that they were not entered in any of the Waterford competitive tournaments.

The greatest achievement of the club during the year was in reaching the final of the inter-county league, going unbeaten by the odd goal in three to Pike Rovers. Among the teams played during the year were: Abbeyside, Youghal, Ballycotton, Killeagh, Fermoy and Middleton.

The financial position of the club was sound and thanks for this was due to all who helped by supporting their annual raffle. The Secretary also thanked those who kindly put cars at their disposal. He also thanked the Duke of Devonshire for the continued use of the land which we use as our pitch.

Sympathy was extended to all those who suffered bereavements during the year.

NEW £10,000 LIBRARY FOR DUNGARVAN

Dungarvan's new Library is to cost £10,000. At last Monday's meeting of Waterford Co. Council there were two proposals regarding the cost of the new building — £15,000 and £10,000 and the latter figure was agreed on by nine votes to six.

Mr. Madden proposed that the new library cost £15,000 and Deputy Kynne seconded.

Mrs. Hayes, Co. Librarian, said this proposal, if carried, would increase the rates by less than a penny. There would also be a 50% State Grant. Mr. N. Walsh then proposed £10,000 and this figure was passed.

It was also decided to build a branch library at Trahore at a cost of £3,750 and to extend the Lismore premises at a cost of £6,250.

A.G.M. OF LISMORE ASSOC. FOOTBALL CLUB

The annual general meeting of the Lismore A.F.C. was held at Michael Madden's, Main Street, on Thursday night last, 10th October.

The Chairman, Mr. J. Campion, having welcomed all present, appealed to the playing members to use the field more often for practice. The Hon. Secretary's and Hon. Treasurer's reports having been proposed and seconded, the following officers were elected for the coming season: Chairman: Mr. J. Campion; vice-de., Mr. M. Madden; Hon. Treas., Mr. T. Bolger; Hon. Secretary, Mr. Ed. Barry. Captain of team: T. Sullivan; vice-de., N. Keating. Committee members: all officers as above with the addition of Pat Scannell and T. Whealan.

In the course of his address the Hon. Secretary, Mr. Ed. Barry said that for 1962/63 they had had 29 registered players of their books, as well as a record number of paid-up members. The mileage covered during the year was considerable considering that they were not entered in any of the Waterford competitive tournaments.

The greatest achievement of the club during the year was in reaching the final of the inter-county league, going under by the odd goal in three to Pike Rovers. Among the teams played during the year were: Abbeyside, Youghal, Ballycotton, Killeagh, Fermoy and Middleton.

The financial position of the club was sound and thanks for this was due to all who helped by supporting their annual raffle. The Secretary also thanked those who kindly put cars at their disposal. He also thanked the Duke of Devonshire for the continued use of the land which we use as our pitch.

Sympathy was extended to all those who suffered bereavements during the year.

NEW £10,000 LIBRARY FOR DUNGARVAN

Dungarvan's new Library is to cost £10,000. At last Monday's meeting of Waterford Co. Council there were two proposals regarding the cost of the new building — £15,000 and £10,000 and the latter figure was agreed on by nine votes to six.

Mr. Madden proposed that the new library cost £15,000 and Deputy Kyne seconded.

Mr. A. Hayes, Co. Librarian, said this proposal, if carried, would increase the rates by less than a penny. There would also be a 50% State Grant. Mr. N. Walsh then proposed £10,000 and this figure was passed.

It was also decided to build a branch library at Tramore at a cost of £3,750 and to extend the Lismore premises at a cost of £6,250.

CIVIL DEFENCE FIELD DAY

Tourin Win Group Final

Units of Dungarvan Civil Defence Force assembled again at Bonmahon on Sunday last for their annual Field Day.

The event began at 13.00 hrs. Weather conditions, which were ideal, belied the lateness of the year and delighted the members of the Force. Department and local officials, Army and F.C.A. personnel and members of the public who attended to participate or view the exercise in the magnificent setting.

Invisible evidence of the Defence Departments sincerity in advancing the training and development of Civil Defence were to be seen. Marquees and other smaller tents were specially delivered and erected on the site by the army authorities, to provide for the catering undertaken by the Welfare section of the Force, as part of the day's activities.

Impressive in its own, too, was the Civil Defence equipment, comprising Rescue Vehicle, Ambulance and light Trailer Pump.

The Exercise consisted of demonstrations by the Rescue and Auxiliary Fire Stations and a very keenly contested competition between four teams drawn from the Casualty Section.

A commentary on the items was given by Mr. T. O'Donoghue, B.E., Civil Defence Officer for the County, who organised the Field Day.

The Rescue Teams were under the direction of Instructor Mr. M. Fitzgerald, Clerical Officer, Waterford Co. Council.

As an introduction it was demonstrated how a casualty could be comfortably "blanketed" on the standard stretcher and so securely lashed thereon, that without any danger to the safety of the individual he could be lowered by various methods from a multi-storied building which because of damage, the stairs might not be available and ropes or other methods demonstrated would be used.

"Live Casualties" were later used to demonstrate actual examples of methods for lowering casualties from heights and the high standard and efficiency of the volunteers was quite evident.

Mr. Ed. Morrissey and Mr. John Whelan, fitter and foreman respectively in the Co. Council's workshop, were the instructors in charge of the Auxiliary Fire Section, which was again most efficient in demonstrating Fire Drills, using the standard trailer pump and ladder.

The Fire Section demonstrated without a hitch the specific action of each member of the team of fire manning the appliance, in setting up their pump, connecting section and delivery hoses, reeling out same, pitching their ladder in the position selected by the leader and seeing the fire was supposed to have occurred.

In further exercises the effect of water as a coolant in the extinction of a large fire started on the foreshore, was shown and finally the section demonstrated their skill in some target practice.

Exactly on the scheduled hour of 15.15 hrs., the Welfare Instructor Mr. P. Breen, P.C., Union Secretary, Dungarvan, and his very capable section took over and treated all to a first class lunch which they had very quickly prepared in the Field Kitchen erected on the site.

At 16.30 hrs. the Casualty competition commenced. This item marked a departure from the items which had taken place before lunch. Members of the various teams were not

aware before hand of the exact problems which would confront them on the scene of the supposed "incident" where a large flat was demolished and the occupants of same and a number of passers-by suffered various injuries and were variously dispersed in the building or on the surrounding grounds.

The location of the casualties and the supposed injuries were identical for each team who were judged by Mr. D. Dunne B.E., Senior Technical Officer, Department of Defence, on their approach to the problem generally; their assessment of the situation; the sequence in which they tackled the job; the thoroughness and the detail of their methods and the speed with which they completed the various items undertaken.

When Mr. Dunne summed up on the days events, he commented in particular on the Casualty competition which was his first experience in seeing light rescue and first aid combined in a single exercise.

Full credit goes to Miss Teresa O'Brien, Clerical Officer, Waterford Health Authority, for the obvious hard work put into the training of the four teams, not forgetting the individual members of the teams, who responded so enthusiastically to Miss O'Brien's efforts.

In awarding first place to Team B, under leader Miss B. Christopher, N.T., with volunteers Mrs. Mary McGrath, Miss Mary Duggan and Mr. Jim Sheehan as the other personnel, Mr. Dunne commented on the very narrow margin which he found in the standard of the various teams and added that there were really no losers.

At the end of the day, Mr. J. G. Dowling, Civil Defence Deputy Controller and Sec. Waterford Co. Council, presented a very nice silver cup to Miss B. Christopher, the leader of the winning team. Each of the four members of the team received in addition, individual Shields.

The cup and shields were well-wishers of the Civil Defence Organisation, who prefer to remain anonymous.

The personnel of the other teams which competed were: Team A—leader, Miss Margaret Begley, volunteers, Misses Eileen Whelan and Breda Kiely and Mr. Seamus Ahearn. Team C—leader, Mr. Raymond Duggan, volunteers, Miss Maura Flynn, Monica Dalton and Anne Tobin.

Team D—leader, Miss Mary Lyons, volunteers Misses Rosaleen O'Mahony, Kay Moylan and Mr. John Butler.

Observers at the Field, in addition to those already mentioned were: Civil Defence Regional Officer Comdnt. B. M. O'Brien; Mr. S. Gillan, Civil Defence Controller and City Manager; Mr. D. J. Coughlan and Mr. P. Walsh, B.E., sub-County Wardens; Mr. T. J. Buckley, N.T., District Warden; Mr. P. Gordon, Mrs. Thos. Magner, Assistant District Wardens; Mr. T. J. Lynch, B.E., Instructor; Mr. J. D. Hally, B.E., Co. Engineer; Mr. F. J. O'Leary, Co. Accountant; Dr. M. K. Cusack, M.O.; Comdnt. F. Power, F.C.A.; Comdnt. J. Phelan, Regional C.D.O.; Limerick/Tipperary; Comdnt. J. Doherty, O.C.; Kickham Barracks; Clonmel; Mr. D. O'Dwyer, Civil Defence Officer, South Tipperary.

Those engaged in the Field Day were entertained at a very pleasant social by the Dungarvan C.D. Social Committee, on Sunday night—a pleasant end to an happy and

instructive day. Mr. J. G. Dowling, deputising for the Co. Manager, thanked all who helped to make the Field Day such a wonderful success and exhorted the volunteers to continue their patriotic work and to get other volunteers to join. In particular he wished to thank Mr. D. Dunne B.E. for coming down from Dublin to adjudicate in the competition, and Col. W. Donagh, O.C., Southern Command and the army personnel for supplying the tentage and other equipment; Mr. Tagh Moloney, Electrical Engineering Services, for supplying the amplification.

Members of the Rockwell College Union held a Press Conference at the Dolphin Hotel on Saturday, 12th October, 1963.

A clarion call was sounded to all Past Students of the College to attend the annual general meeting at Rockwell, at 4.30 p.m. on Sunday, 27th October, 1963, and the annual dance at Dublin Airport on Thursday, 7th November, 1963.

Matters concerning the presentation of a new science building costing approximately £10,000 by the Past Students to the College on its centenary (1964) were reviewed. The Hon. Treas. of the Centenary Year Committee is Mr. W. J. O'Neill, F.C.A., 85 Lower Baginbun, Dublin. Some ways and means of supplementing the Centenary and which will

be mainly composed of individual subscriptions of Past Rockwellians were outlined. They include: (1) A Card Drive; (2) Functions run by a ladies committee; (3) A Centenary year ball in 1964; (4) Continuation of the organisation of local committees throughout the country; (5) Fund raising activities by local committees; (6) A national lottery in the beginning of 1964.

The history of Rockwell shows that a debt of gratitude is due to the Holy Ghost Fathers for developing in the fertile lands of South Tipperary a school that has produced such a wealth of illustrious Past Students. Its development since its difficult foundation in 1864, when it catered for a few Scottish Students to its expansion to-day providing for the spiritual, educational and physical needs of upwards of 500 boys is something which should gadden the heart of every Rockwellian. To-day, can be found at home and abroad, sons of this famous school in the highest offices of Church and State. For all generations of Rockwell men, there are names that stir the blood like the call of a trumpet. This laudable gesture is something to be admired and it deserves the support of every Rockwell past student.

Members of the Rockwell College Union held a Press Conference at the Dolphin Hotel on Saturday, 12th October, 1963.

A clarion call was sounded to all Past Students of the College to attend the annual general meeting at Rockwell, at 4.30 p.m. on Sunday, 27th October, 1963, and the annual dance at Dublin Airport on Thursday, 7th November, 1963.

Matters concerning the presentation of a new science building costing approximately £10,000 by the Past Students to the College on its centenary (1964) were reviewed. The Hon. Treas. of the Centenary Year Committee is Mr. W. J. O'Neill, F.C.A., 85 Lower Baginbun, Dublin. Some ways and means of supplementing the Centenary and which will

be mainly composed of individual subscriptions of Past Rockwellians were outlined. They include: (1) A Card Drive; (2) Functions run by a ladies committee; (3) A Centenary year ball in 1964; (4) Continuation of the organisation of local committees throughout the country; (5) Fund raising activities by local committees; (6) A national lottery in the beginning of 1964.

The history of Rockwell shows that a debt of gratitude is due to the Holy Ghost Fathers for developing in the fertile lands of South Tipperary a school that has produced such a wealth of illustrious Past Students. Its development since its difficult foundation in 1864, when it catered for a few Scottish Students to its expansion to-day providing for the spiritual, educational and physical needs of upwards of 500 boys is something which should gadden the heart of every Rockwellian. To-day, can be found at home and abroad, sons of this famous school in the highest offices of Church and State. For all generations of Rockwell men, there are names that stir the blood like the call of a trumpet. This laudable gesture is something to be admired and it deserves the support of every Rockwell past student.

Reporting on the Council meeting held in Kilkenny, Mrs. Twomey, President, appealed to guilds to help found new guilds in their own areas.

In her report, Miss Lena O'Connor, Teachta, requested that each guild would ensure the attendance of a Grianan representative at courses in Grianan in February, 1964.

Miss A. Roche, organiser, gave her report and emphasised the need to increase the number of rural guilds in each area. Arrangements were made for the Co. Home party which will be held on Sunday, 22nd Dec.

Kilmacthomas kindly sponsored the presentation of the Cottage Garden Cup on a date to be arranged.

An entirely new office was filled when Miss P. Cheasty, Portlaoigh, was appointed production organiser. Miss Bennett, Tramore, was the recipient of the Brannach award.

In her report, Miss Hunt, Rathgormack, gave an excellent account of her guild.

The President reminded guilds that water colour entries for the Baumann Cup competition must reach Mrs. O'Carroll before 31st October. She also appealed for a wider interest in Roadside Gardens in 1964.

After a lengthy discussion it was decided that a fashion show should be next Jubilee Cup competition.

After the conclusion of the meeting a thought provoking and highly interesting talk and film on Civil Defence was given by Mr. T. O'Donoghue, B.E., Co. C.D.O. Mr. O'Donoghue was assisted by Mr. D. Mohnihan, C.D.

It is hoped that a much needed interest in Civil Defence will be aroused throughout the guilds.

Irish Sweeps Derby 1964 "A DEAD DUCK"

Committee Adopts Provisional Estimate

Entries for next year's Irish Sweep Derby appear in black type.)

One of the most glamorous features of the inaugural running of the Irish Sweeps Derby in 1962, was the presence of Mr. Raymond Guest's Epsom Derby winner Larkspur. This was the first occasion in more than fifty years that an English Derby winner featured in the Curragh line-up of history how Larkspur started favourite but was beaten into 4th place behind Tambourine 11. Now from America comes the news that Mr. Raymond Guest owns one of the Continent's outstanding two-year-olds Chieftain (Bold Ruler-Pocahontas), and this colt figures amongst the entries for the 1964 Irish Sweeps Derby wherein he could well improve upon Larkspur's game effort.

Trained by F. Y. Whitely Jnr., Chieftain has won three races in the first of which he beat nine rivals at Laurel Park by 10 lengths. In his latest appearance he earned \$80,000 through running a close second to the unbeaten King of the Tudors colt, Golden Ruler, in the seven furlong Arlington Washington Futur-

ity, the World's richest race, which is run at Arlington Park in Illinois.

He was beaten only three-quarters of a length and Joe Hirsch reported in the Morning Telegraph the following day that "Chieftain was in front a few strides past the wire." Here in Europe a particularly severe winter retarded the progress of the two-year-olds, and at mid-summer the majority of experts rated them below average. However, with increasing maturity the quality required for success is sharply rising and the Curragh 2nd September Meeting uncovered a new star of great potential in Mr. J. B. Ismay's Santa Claus (Clamossaire-Aunt Clara).

On his first appearance Santa Claus carrying 5 lb. overweight, had made late ground to take 5th place to Mr. Claude Harper's Dromoland (Umberto-Lily Ophelia) in the 6 furlong 63 yards Anglesy Stakes, at the Curragh first September meeting. That race brought him on immensely and although Major Victor McCormack's brilliant filly Mesopotamia (Zarathustra-Agar's Plough) was an odd-on favourite Santa Claus had no lack of followers and was backed from 7/1 down to 4/1.

Two furlongs from home W. Burke loosed his head and he shot into the lead, increasing his advantage with every stride to win by 8 lengths. The seven runners who filled 2nd to 8th positions were all previous winners, thereby underlining the merit of Santa Claus who was thereafter retired for the season.

It would only be fair to say though that Mesopotamia had probably gone over the top. Earlier in the year, this beautifully-bred filly by an Irish Derby and St. Leger winner out of an Irish Oaks winner had revealed precocious speed winning the Chesham Stakes at Royal Ascot in June by 10 lengths from Mrs. Dermot McCalmont's Zodiac (Zarathustra-Honey Bee), an English Stakes winner.

Mesopotamia's second Ascot visit in July had a less happy outcome. Slowly away from the gate, she failed by only 1/2 lengths to beat Talahassee, on 5lb. worse than weight-for-age terms, in the six furlong Hyperion Stakes. At the Curragh, a month later, Mesopotamia retrieved her laurels when conceding 7 lb. to Mr. John McShane's lightly-bred Anabar (Prince Bio-Anabara) in the 6 furlong 63 yards Railway Stakes, and beating him comfortably by 2 1/2 lengths.

Even making due allowance for the undoubted improvement which trainer J. M. Rogers wrought in Santa Claus between the Anglesy and the National Stakes one must award due credit to Dromoland who showed plenty of spirit in wearing down the Harp Lager Stakes winner Smooth Jet (gave 10lb.) by 2 lengths with Mrs. M. H. Keogh's Chamier, Colt Chammaré (gave 7 lb.) a further six lengths back.

WHILE some members felt that the Poultry Industry was of the utmost importance to the country, Mr. Norman Walsh described it as "nothing but a dead duck" at last Saturday's meeting of Waterford Committee of Agriculture. The Committee was discussing the provisional allocations for the Agriculture scheme for 1964/65, which were provisionally adopted by six votes to three.

Mr. Lee. Dempsey, Dept. Inspector, outlining the scheme, said it would cost approximately £23,836 as compared with £22,133 for the current year. The present impact on the rates for agriculture was 9/4d., while the proposed figure would raise it to 10/4d.

He outlined the scheme as follows, with the current year's figures given in parenthesis:—

Poultry Stations, £165 (£195); Horse Breeding, £500 (£500); Cattle Breeding, £550 (£600); Pig Breeding, £1,104 (£940); Sheep Breeding, £440 (£440); Subsidies to Shows, £210 (£220); Instruction in Agriculture, £10,195 (£8,380); Winter Agricultural Classes, £50 (£70); Instruction in Horticulture, £3,885 (£3,955); Instruction in Poultry-keeping, £2,432 (£2,432); Scholarships, £1,070 (£1,070); Seed Potato Scheme £100 (£100); Special Fruit Tree Planting Scheme, £50 (£50); Shelter Belt Scheme, £200 (£200); Dairy Cattle Prize Scheme, £50 (£150); Fox Destruction Scheme, £140 (£140); Visual Aids, £20 (£20); Journals, £30 (£30); Excess Travelling Expenses, nil (£29); Administration, £2,645 (£2,612). Total: £23,836 (£22,133).

Referring to the proposed increase for instruction in agriculture, Mr. Dempsey said that last year they had only six instructors as against seven at present, and they had to provide for the additional man.

Mr. G. Heskin said any money spent on instruction was money well spent.

At this stage, Mr. W. Foran said when they had an Inspector from the Dept. present it should have been put on the agenda. It was very bad business that the members were not notified that Mr. Dempsey was going to be present. They were now being presented with a jumble of figures for the various years.

Mr. Michael Harty (Chairman) said the estimate before them was only a provisional one. They would not be adopting anything to-day.

Mr. Foran proposed that what he said be put into practice in future.

Mr. Dempsey: I think that can be done.

Mr. Norman Walsh then asked Mr. Dempsey if he could consider reducing the amount allocated for instruction in poultry-keeping, as in his opinion a reduction would be desirable.

Mr. Dempsey said he did not think that could be done. There were two instructors in the County doing the job, and it was necessary to provide the service. He could not see how they could pair anything off the proposed figure.

Replying to Mr. Walsh, Mr. Dempsey said of the £2,432 being allocated for poultry keeping instruction, £1,800 was for salaries.

Mr. Walsh: That is a school for thought. The poultry industry is a dead duck. If we wanted to get rid of our instructors could we do so?

Mr. Heskin: I think it is a very necessary industry in the county. Even if it is not paying a dividend at the moment it might do so eventually and I think it would be very unwise to do anything against it.

Mr. W. Foran said the poultry industry in this county was in the interest of the combats but it has been a complete flop, as far as the small farmer was concerned for the last number of years. They were very perturbed at the amount of money being spent on it at the moment by the Committee, and it had proved detrimental to the small farmer. It was a flop and a dead loss as far as he was concerned.

Mr. M. Galley said what was wrong was that they did not go into the foreign market. If the Government and the big producer could open a French market then the small man at home could produce for the home market.

Mr. J. Butler said the overall increase in the estimate for

Profits from dairying, cattle rearing, pigs or poultry depend very much on proper feeding. Animals thrive better on fresh food—tests show that stored meal gradually becomes less appetising and less nutritious. A farmer with his own grinder can grind just the right amount of grain when he needs it—and this enables him to prepare top quality feeding for his livestock.

Touraneena YOUGHAL NOTES

News

TOURANEENA I.C.A.

There was a very good attendance at the meeting of the Touraneena I.C.A. Guild held at the Schoolhouse, Touraneena, on Tuesday night of last week. The meeting was presided over by Miss M. O'Keefe, who welcomed the new members to the guild.

Miss Ann Roche, Area organizer, gave a very interesting demonstration on rug and slipper making. The competition for the finest necklace was won by Mrs. Skehan, Cahernacree.

Hostesses for the night were the Misses Mary O'Donnell and Mary Halley.

The annual general meeting of the guild will be held on Tuesday, 12th November, at Touraneena, N.S.

INSPIRING ADDRESS BY TOURANEENA-BORN PRIEST

Rev. T. Aherne, the Cathedral, Waterford, a native of Knockboy, Touraneena, and champion of the working classes, speaking at the opening of the I.T. & G.W.U. Seminar in Waterford recently said:

"They were entering an era of industrial development in which they must concentrate more and more on the delicate instrument—the human machine." Continuing, he said: "The basis of all true human relations in industry was the dignity of the human person. There was no other basis for proper human relations. The cult of human relations was itself a subtle danger when it arose from attempts to increase production, and not from recognition of human dignity."

"There was still too great a tendency for capital and labour to regard each other as two opposing camps, with completely different interests. How much better it would be if both sides could realise how great it would be to their advantage, if they could work together, if both could realise that they really had a common purpose, i.e., to support themselves by providing for the needs of those whom they served."

"But some employers would only yield justice under coercion, and to deal with such employers a strong union was essential. On the other hand, trade union leaders some times forgot that just and enlightened employers did exist, and they tended to give their members the impression that all employers must be regarded simply as persons to be fought."

NEW TEACHER

Miss Conroy, a native of county Laois, has been recently appointed Assistant to Crotty, Crotty (Ballinacully) National Schools. She fills the vacancy created by Miss Griffin, who has taken up a similar post in Cork.

SYMPATHY

Sincere sympathy is extended to the bereaved wife, brother, nephews, nieces and other relatives of the late Mr. William Walsh, who death took place at his home Graingnagour, Ballymacarbery, on Monday, September 30th.

Sympathy is also extended to the bereaved sons, daughters-in-law and relatives of the late Mrs. Mary Loneragan, Co. Limerick, Ballymacarbery, whose death occurred on Sunday last R.I.P.

LUCKY WINNER

Congratulations to Mr. Paddy Tobin, Reenadampna, Ballymacarbery, on his recent win of £10 in the Presentation Convention Non-Stop draw, Dungarvan.

A big number of students were enrolled in the needlework and art classes which commenced at Touraneena on Wednesday night of last week.

NEW SEA WALL

The reconstruction of the new sea wall at the Green Park which was battered by the worst storm in living memory on Ash Wednesday, 1962, is now nearing completion. This wall, heavily reinforced, is moved back into the Park. At the site of the old wall a railing is to be erected and between it and the new wall is to be a newly constructed promenade. The work is in the capable hands of the Town Surveyor, Mr. J. O'Regan, B.E., A.C.E.

LATE MR. JOHN O'NEILL

Deep regret was occasioned last weekend at the announcement of the death of a well known and highly respected member of the community in the person of Mr. John O'Neill, C.I.E., Youghal. Formerly of Blackrock, Cork, the late Mr. O'Neill was Station Master at Youghal Terminus for the past eight years and during that time he proved himself to be a most efficient and painstaking official. In addition to the usual goods traffic in Youghal, he excelled himself in the capable manner in which he handled with his staff, the many thousands of visitors to Youghal in the summer months. He was a fine courteous straightforward type of public official. His passing in the prime of life will be deeply mourned by the people of Youghal the town of his adoption, where he was one of those who gave unspairingly to the public. He is survived by his wife and five children to whom very sincere sympathy is extended in their great sorrow.

The large and very representative cortege at the burial in Cork was a token of the high regard in which the deceased and his family were held in the county. **THE YOUGHAL BANSHEE** The mystery of the Youghal "Ghost" is still unsolved and various theories have been put forward as to the origin. Despite the efforts of the gardai and residents there is no solution as yet to this "ghost" which has the town puzzled and a good many frightened. Periodically, between midnight and dawn, the mysterious wailing or howling is heard in the town. This is hardly a poke from some bright ace as it is now in its fourth week of existence. Our correspondent has learned that it might be a bird known as the "Gowre-nroz" of the snipe species usually found in a bog. This bird during the months of October to Christmas fly around in circles at a very fast rate and the eerie noise is made by the long feathers in its tail. This could be the solution or perhaps it is a stray dog or some practical joker using some mechanical means for the weird sound.

In addition to the members of the gardai, many residents on foot and in cars have patrolled the town, and although many have heard "it" still it has not been tracked down. It is understood that one of the patrol men made a tape recording of the sound which is very mournful and similar to a low-pitched air-raid siren, and has been heard all over the town. **INJUNCTION AGAINST TRESPASS** At Waterford High Court recently, before Mr. Justice Haugh, John J. Watson, a painter, of Coast Guard Station, Youghal, sought an injunction to restrain the defendant from trespassing on his land.

junction and damages against a farmer Thomas Cunningham of Ballywooney, Stranally, restraining him from trespassing on his lands. Plaintiff complained that in April of 1962 the defendant opened a gap in a fence, the property of plaintiff and trespassed on the land. Since April defendant had erected a gate in the gap and was still using the entrance. The defendant denied trespassing on plaintiff's land and claimed a right of way through plaintiff's field. The case was adjourned.

SYMPATHY VOTE At a recent meeting of the Youghal Old Age Pensions Committee, presided over by Rev. R.V. Canon Sheehan, P.P., striking references were paid to the memory of the late Mr. Ed. Keane, M.S., who, for many years was a member of the Committee. A sincere vote of sympathy was passed in respectful silence with the members of his family on the proposition of Mr. Forrest, seconded by Mr. O'Gorman.

JAILED FOR KNIFE ASSAULT

At Youghal District Court, before Mr. Justice Skinner, Michael Driscoll of Ballinhas-sis, Co. Cork, was charged with assaulting William Murphy, of Youghal by brandishing a knife at him. Having heard the evidence of the latter and of Sgt. J. J. McCarthy and Garda Carroll, the accused was convicted and fined £5 and ordered to be imprisoned for six months. He was also ordered to pay £3 compensation and 28/- expenses.

BAN AND FINE ON MOTORIST

At the same court, Stephen Leonard Cross, Clashmore, was found guilty on a charge of driving a car at Youghal on 25th August last, while under the influence of drink. Having heard the evidence of guards Casey and McNulty and that of Dr. John Gowan, the defendant was fined £10 with £2 costs. He was also fined £2 for dangerous driving and disqualified from driving for 12 months. He was allowed two months in which to pay. On a like charge against John Joseph Waters, Osterley, Model Farm Rd., Cork, the charge of drunken driving was dismissed and he was convicted and fined £5 for driving in a manner dangerous to the public.

NOTES CAPPOQUIN

PROJECTED POOL Last week's announcement that Cappoquin is to have a swimming pool and that what was for years merely a talking point, is to become a reality, has given general pleasure. We learn that arrangements for beginning the work and general plans will be discussed at a meeting of the Rowing Club Committee, to be held this week. In our next issue we hope to have detailed information of the decisions made.

PROGRESS REPORTED We announce with very great pleasure that one of our most popular residents, Mr. Ned Loneragan, who was recently taken ill, is making good progress in a Waterford hospital. It is hoped by his numerous friends that ere long he will soon be restored to health.

LEFT FOR LONDON

A popular member of the younger generation "Pa" Cunningham has left to take up employment in London. An all-round sportsman, he rendered great service to the G.A.A. Club and also to the Rowing Club. He will be much missed by the members of both clubs.

GAELIC JOTTINGS

FOOTBALLERS FACE TIPP, CONFIDENTLY

There are no greater unpredictables in sport than the Waterford footballers. One can never anticipate with any degree of confidence how they are likely to fare, and even their recent resounding victory over a fancied Clare side, a cautious approach is rightly being adopted in next Sunday's League encounter against Tipp at Cappoquin.

Given little chance even by their own ardent supporters against the Banner County, they brilliantly rose to the occasion and humbled the Claremen on their own ground. That 4-7 to 0-2 victory was the tonic the game so badly needed in the county, and if they show the same relish and enthusiasm on Sunday, they must stand an outstanding chance of collecting another brace of points.

Not that Tipp will be vanquished the easy way. Football fortunes in the Premier County have taken a distinct turn for the better in the past twelve months and their displays in this year's championship augurs well for their future prospects. In fact Tipp hope to utilise their League campaign to lever themselves up in the big haul and are quite confident of annexing Divisional honours at least in this current league. In John Keating, Paddy Gleeson, Sean McGovern, and John O'Meara they have a quartet of excellent footballers and even though they may be without Babs Keating and Liam Connolly, both of whom are likely to be required by the hurling selectors for the Oireachtas final at Croke Park, they can still field a formidable team.

The team for Sunday shows the Sunday team shows only one change from the L-hinch side, Tommy Kirwan replacing John Martin (Gaultier) at top of the left.

Strongest sector of the team seems to be the midfield pairing of Martin Kennedy and Tom Walsh, and if Mick Connolly, Pat Harty and company

perform as heroically in defence as against Clare scores will not be easily come by.

Should Waterford repeat their sparkling form of the last day they must be fancied to win. But even with ground advantage they will have to be at their best to beat what I rate as a highly competent Tipp team.

CHAMPIONSHIP DATES AND VENUES

At a meeting of the County Board in Dungarvan on Monday night the following championship dates and venues were decided on:

Senior Football Semi-finals: Brickey Rangers v. John Mitchels at Dungarvan on October 27th; Ardmore v. Kill at Dungarvan on Nov. 10th.

Dungarvan was decided by agreement as the venue for the latter game but it was only after a vote (19-16) that the Fraher Field was selected for the other semi-final. Mitchels, in keeping with former procedure proposed Waterford for the game.

Both hurling semi-finals will be played on November 17th. Dungarvan are at home to Mount Sion while Ballygunner and Dunhill will meet at Walsh Park Waterford.

The football final will take place on Nov. 24th and the hurling decider on December 1st.

The County Junior Hurling final between Fourmilewater and De La Salle will be played in Waterford on Nov. 17th.

APPEAL FAILS

An appeal against a twelve months' suspension imposed on him by the Western Board was brought by Michael Cashman (Ballinacree) at Monday's night's meeting of the County Board. The appeal however failed.

Paddy Kennedy (Geraldines) who was asked to appear in connection with incidents at the Fraher Field earlier this year, was severely cautioned as to his future conduct.

This second round game was far from being an epic one, yet it produced a thrilling second half that greatly compensated for the mediocracy of the first half exchanges. During the second moiety Sion strove valiantly to wipe out their deficit but had they succeeded in doing so, it would have been a gross miscarriage of justice. On the hour there can be no denying the winners' right to do battle with Mitchels in the penultimate stage, and while the writer accepts that there is considerable room for improvement, it is my firm conviction that they will leave quite a forceful impact before this championship draws to its conclusion.

Their main trouble sector is the net. Four minutes later the sides were level when Mick Farrell converted a penalty for a foul inside the parallelgram by the assistance of a fairly stiff breeze they ruled the roost to an unbelievable extent and it was only rank bad marksmanship that deprived them of turning over with an unassailable lead.

True, the interval tally of 2-3 to 1-0 in their favour may sound like a contradiction of that criticism, but one could do well to remember that one of their goals came from a penalty—justifiably awarded let me add, and the second had an element of good luck about it as it glanced to the net with the aid of an updraft.

This is in no way an attempt to detract from the Brickey victory, but rather an effort to substantiate my statement that with forward power the game could have been won more readily.

Then on the change over it was the turn of the Monastery men to frit away the golden chances. The Brickeys foolishly decided to funnel back into defence and it was this rearward policy more than any great Mount Sion supremacy that made the issue so close at the end.

SION TOOK LEAD

Backed by the elements, Brickeys did all the early attacking but pathetic forward finish resulted in many chances being squandered. Then in their first break-away Sion sensationally took the lead.

Martin Og Morrissey gained possession thirty yards from goal and his dangerous centre was fisted straight into the hands of Dicky Roche by full-back Nicholas McGrath and the Sion man gratefully accepted the gift to slant the ball to

PENALTY

Four minutes later the sides were level when Mick Farrell converted a penalty for a foul inside the parallelgram by the assistance of a fairly stiff breeze they ruled the roost to an unbelievable extent and it was only rank bad marksmanship that deprived them of turning over with an unassailable lead.

In the 18th minute the Spratt brothers, Pat and Michael took the major parts in a move that saw the latter fist to the net, his effort going in at a far up-right. For the remainder of the half the losers were subjected to severe pressure and the proneness of their defence to concede frees was penalised when Pat Spratt (2) and Mick Farrell pointed placed balls.

Restarting with a 6-point advantage the Brickeys fell back on defence, satisfied it seemed to retain their advantage. After four minutes Frankie Walsh pointed a free and they had a succession of misses before Michael Spratt replied with a like score in the 16th minute.

Five minutes from time Walsh again pointed and seconds later Freddie O'Brien had the miss of the match when he blazed wide from seven yards with only goalkeeper Kevin Walsh to beat. Grateful for that let-off, the Rangers lifted the siege and Mick Farrell pointed a free in the 27th minute. But again Sion retaliated and when the Brickey defenders muffed Frankie Walsh's free, Paddy Sweeney with typical opportunism, was on hand to fist the ball to the net. The sands of time however, had run their course and despite repeated belated attempts to snatch an equaliser, the winners' defence

FARRELL'S DISPLAY

When the game itself is well forgotten the magnificent display of Mick Farrell for the winners will remain one of the highlights. At centreforward in the opening half he fielded impeccably and kicked with deadly precision, while his second half transfer to midfield again saw him as the dominating figure.

SHREWD SWITCH

Another factor that contributed largely to victory was the defensive switching between Patsy Donnelly and Bill Spratt. None too steady at centre half, Donnelly improved out of all recognition when moved to right full while Spratt had his best ever game in the pivotal berth.

Nor can one readily forget the top-class goal-keeping of Kevin Walsh, a last minute nominee for the post. Walsh performed as though he had been net-minding all his life and he drew rounds of well deserved applause for some great saves.

Peter Ferncombe was quietly effective at left full-back but Nicholas McGrath is not quite the defender of old and must shoulder some of the blame for Sion's two goals.

In the half line Mick Walsh had his moments, although obviously lacking match practise while John Walsh was the essence of soundness at left half.

Andy Hallissey had one of his rare off days at midfield,

SIONS BEST

Mount Sion were greatly handicapped by the absence of Mick Flannally who sprained his ankle in training on Wednesday night. But in Larry Guinan they had a majestic performer and he got greatest assistance from Seamus Power, Frankie Walsh, Freddie O'Brien, Doc Walsh, Pat Sweeney and Dickie Roche.

Brickey Rangers: K. Walsh; B. Spratt, N. McGrath, P. Ferncombe; M. Walsh, P. Donnelly; J. Walsh; A. Hallissey, J. Woods; P. Curran, M. Farrell, M. Spratt; F. Cooney, J. Spratt, P. Spratt, Sub. P. Murray for Curran.

Mount Sion: R. Culliton; S. Power, M. Frisby, M. Walsh; A. Richards, F. O'Brien, F. Walsh; L. Guinan, M. Gallagher; P. Sweeney, T. (Doc) Walsh, T. Hennessey; P. Fintan O'Brien, M. Og Morrissey, D. Roche, Sub. T. Forristal for Fintan O'Brien.

Referee: Raymond Ennis (Fermoy).

Mitchels March On

JOHN MITCHEL'S 2-7; GAULTIER 0-7

GIVING what amounted to their best display of the season, John Mitchel's advanced to the senior football championship semi-final at Walsh Park, Waterford, on Sunday. This was the Mitchels of old and the ease with which they obliterated the Barony challenge stamped them as strong challengers for the premier title.

Prior to the game many doubted the ability of the Kilrossanty brigade to dispose of Gaultier, but such was the vast extent of their superiority that they seldom looked in danger of defeat. For the game they re-arranged their forces, doubtless in the hope of repairing suspect sectors, and just how handsomely these changes paid is clearly indicated by the final score-line.

Playing with the first-half breeze the Mitchel's were almost constantly on the attack. The Gough brothers, Pete and Tom gave them a decisive pull at midfield and goals by Roger Connors and Sam Anderson set them on the road to victory. At the break they enjoyed a 2-3 to 0-1 lead that was in no way flattering to their dominance and even at this stage it was obvious that the effort of a footballing miracle could save Gaultier.

In the second half, Mitchels seemed content to hold on to their interval lead, but although not over-exerting themselves were nevertheless more than capable of dealing with every situation. They added a further four points to their tally to which their out-classed opponents could only reply with three minors and three and many of the disappointed spectators were filing homewards long before

the end. While Mitchels hit peak form all through, this was Gaultier's most undistinguished hour. They looked only a pale shadow of the team that annihilated Stradbally in an earlier round, and seemed to have more or less accepted defeat as inevitable in the second half.

The winners experiment of playing former midfielder Noel Kirwan at full back was a distinct success as he brought stability to the area. Likewise, Wally Connors benefited by a transfer to centrehalf, and with Michael Kirwan and Seamus Kenny formed the strongest line of the side.

The Gough brothers outplayed a variety of different opponents over the hour, while Billy Kirwan, Tommy Kirwan, Sean Power and Rogie Connors all started in a dangerous attack.

Their scorers were: Rogie Connors (1-2), Sean Power (0-3) Billy Kirwan (0-1) and Tommy Kirwan (0-1) each.

John Mitchel's: M. Sullivan; D. Anderson, N. Kirwan, W. Boland; M. Kirwan, W. Connors; S. Kenny; P. Gough, T. Gough; B. Kirwan, S. Power, C. Crowley; S. Anderson, R. Connors, T. Kirwan.

Subs: P. J. O'Brien for Crowley; O. Connors for T. Kirwan.

Kevin Walsh seems to have matters under control in this goalmouth melee though hard pressed by Martin 'Og' Morrissey while Peter Ferncombe lends a helping hand and Nicholas MacGrath, Patsy Donnelly and Freddie O'Brien await developments.
