## DUNGARVAN URBAN COUNCIL

At the monthly meeting of Dungarvan Urban Council on Friday night last it was unanimously decided to acquire a right of way to the Cove through the lands known as "Lands End" in Abbeyside. Dep. T. A. Kyne said he felt it should be open to the public. The owners of the land were selling it to Mr. P. I. Power and he would have no objections to their making a right of way through the land. Colr. Richard Walsh said they should acquire the right of way. They had already lost another right of way in Abbeyside.

The Town Clerk, Mr. P. J. Doyle read a letter from M/s. Farrell & Morrissey, Soirs, on behalf of Mr. Power, stating that if he bought the land he would give his undertaking that he would give his permission to the Council to form a right of way. The letter added that he hoped to buy the land. The Council decided to accept that, and they will either get the right of way free or at a nominal fee.

### ENGAGEMENT

MR. S. CONCLON M.S.C. (D.V.) MISS B. KIELY

Mr. and Mrs. M. Kiely, Lisanel, Dungarvan, Co. Waterford, have pleasure in announcing the engagement of their daughter Bridget (Brid) to Seamus, eldest son of Mr. and Mrs. J. Conclon, 1 Marian Park, Rathas, Tralee, Co. Kerry.

## TENANTS PROTEST AGAINST INCREASES

# RENT WAR IN DUNGARVAN

A rent war is brewing in Dungarvan... the sudden decision of County Manager Mr. S. J. Moynihan to increase the rents of certain houses in Dr. Caseyville is meeting with strong resentment by the tenants and a deputation came before the monthly meeting of the Urban Council on Friday night protesting against the action of the Manager.

Included on the agenda for the Council meeting was a motion by Colr. Thomas Lannon asking that the Manager be requested to amend the graded renting scheme for Caseyville to provide that the rents on all houses remain as they were before the recent revision.

Mr. Noel Hackett, a member of the Deputation said they wished to strongly protest against the rent increase imposed on them by the Council. Some of the rents had gone up by 100% and the people just couldn't pay the increases.

Mr. Michael Moynihan said they had come before the Council to protest against the sudden increase in their rents. They had a document signed by 99% of the tenants of Caseyville that did not agree with this action. Since 1952 when they first went into the houses there was no agreement made in the rents. If there had been they could have

got the money somewhere. But they did not get that opportunity. Now they were being asked to pay 7/- extra which they had not got. Whoever thought £8 was as good to-day as it was in 1952, was either a fool or thought they were fools. It now took 23/6 to get a £1 worth and their wives were at their wits end trying to make ends meet. They were now being asked to pay 7/- they had not got.

Mr. Moynihan continued: "If a man has £8 a week he has to agree to put 5/- away every week to tide him over the Xmas period. He must pay for an insurance stamp, plus a shilling for sickness benefit, plus his Trade Union money, leaving him with a total of £7-7-6. That is the money the wives get every week."

"Now let us assume that a man has 8 children. There are such families in Caseyville and one man on this deputation has 12 in his family. The rent man arrives on Saturday morning and he must get 17/-. Then the milkman comes along and he gets 23/-. leaving the wife with £5-7-6. The Council is now asking 7/- more which will leave the wives with £5-0-6 to keep 10 people. There is a minimum of three meals a day per person, that is 21 a week or a total of 210. Assume each meal at 6d. and that is £5-5-0.

"I ask you is it fair to ask anyone to put a dinner on a table for ten people for 10/-? Where does the money for clothing and food come from? Isn't the working man entitled to have a bottle if he is a drinking man, or to have a smoke or go to the films? He is as entitled to these things as the rich man with £40 a week. All we want is fair play and support from the Council, and I believe we will get that support. We are not going to support this and then let it fall through. We would not be justified in taking 7/- worth of food from the table and giving it to the rent man."

Mr. Bill Sheehan said he had 12 in his family and how could he be expected to live on his wages and pay 24/- every week for rent. He was paying 17/- at present and how they wanted to add another 7/-.

Mr. Paddy Tutty said he was only a casual labourer working a week now and then. When he is not working he would get £5-12-8 out of which he had to pay 12/3 rent. Now another 4/- was being asked from him. His next door neighbour who was unemployed was having his rent increased by 10/-.

Mrs. Thomas Egan said since the introduction of the turnover tax the £1 had not the same value and they were finding it hard to live. They were never given notice of the increase in rents and it came on them suddenly.

Colr. Thomas Lee said they should not blame the Council for it. They had nothing to do with it.

Another member of the deputation Mr. Liam Kelly said the increases came on them rapidly and he would like to know why so big an increase had come so quickly. An adequate wage for a man should be £10 to £11 a week, but how could the people of Caseyville exist on their small wages. They were only struggling and a terrible injustice was being done to them.

Colr. Lannon said they owed these people all the help they could give them. It was their duty to see that this hardship was taken from them.

withdrew the Council discussed Colr. Lannon's motion.

Colr. Lannon said the tenants of Caseyville were only ordinary working people and some of them were even unemployed. In 1952 the rents of the houses were based on the income. They had not got a lot of the worldly goods and it would be uncharitable to increase their rents. It would be the greatest tragedy ever in this town. He believed in fair play and this rent increase would be unjust and unfair.

### SHOULD BE WHOLE-HEARTEDLY BEHIND THEM

Colr. John McCarthy said they should be wholeheartedly behind the Caseyville tenants. They should try to intercede with the Manager and ask him to leave the rents as they were. The unfortunate tenants could not pay the increases and they should send a deputation from the Council to the Manager.

The Town Clerk (Mr. P. J. Doyle) said a graded rent scheme was adopted when the houses were opened in 1952. The Co. Manager recently decided to review the position of the tenants and he also intends to review all other Council houses in town.

Colr. Lannon said he had no objections to subsidising the poor and he felt these people should be helped in every way. He suggested they adopt his motion.

Mr. Doyle said that 42 of the 66 families in Caseyville were there from the start. As a result of the Manager's action 6 of them have been revised down, 19 revised up, and 17 remaining as they were. Of the 66 families, 17 have been revised down.

The Chairman, Dep. T. A. Kyne, said that was the first revision since 1952.

Colr. J. Kenneally: Why?

Colr. Lannon: How can these families pay 7/- extra.

Deputy Kyne: The Manager must have thought the same because he did not revise the rents since 1952. One member of the deputation was paying a certain rent nine years ago and when he got ill he applied to the Co. Manager and his rent was reduced. But when he went back to work he forgot to inform the Manager and his rent has been at the reduced rate since.

Another member said the matter should have come before the Council first and let them thrash it out.

Deputy Kyne: The Manager can't change rents without the Council's consent.

Colr. Lannon: The Manager is the one man that talks of the value of the £1 to-day.

Deputy Kyne: He can't implement the increases without coming to us first. But as long as the Manager keeps within the graded scale there is nothing we can do.

Colr. Lannon: The £1 is not as valuable as it was in 1952. If my resolution is adopted we can meet the Manager. I think we would be doing very wrong if we do not do everything we can for them.

Mr. Doyle said he had recommended this new scale and he was thinking of reviewing the circumstances of all other Council houses.

Deputy Kyne: He can't do it. He may think he can. Let him try it and we'll see.

There was no amendment to Colr. Lannon's proposal and it was passed unanimously. They will meet the Manager on 30th December and will ask him to take no action in the meantime. At the conclusion of the discussion the Town Clerk, Mr. Doyle read a letter from the Amalgamated Transport and General Workers Union deploring the action of the Manager in putting up the rent of Council houses.

## Up Go Co. and City Rates

AFTER one of the most amazing and confusing meetings ever held in a County Waterford council chamber, Waterford Health Authority at their provisional Estimates Meeting on Friday last adopted an estimate that will put 2/7 and 1/3 on the City and County rates respectively. At one stage there seemed to be a complete deadlock as a series of different proposals and amendments were defeated, and led to one member suggesting that they should be abolished.

The Co. Manager (Mr. S. J. Moynihan) told a meeting of the Waterford Health Authority that their gross expenditure for 1964-65 would be £396,413. The estimated receipts would be £531,735 leaving a balance of £135,322 to be met. In addition to this there was £9,233, half of the Health Authority debit balance, to be cleared off on the recommendation of the estimates sub-committee. In deference to the wishes of the sub-committee he accepted this recommendation.

Mr. Moynihan said that during the year there was an increase in gross expenditure of £93,057 but this was off-set by an increase in receipts of £53,990. This left the net increase at £39,067. The Co. Council health services account was up by £23,864 over last year's figure and the public assistance account was down by £12,579. The total increase on the Co. Council was £16,832.

The total increase on Waterford Corporation was £13,002, said the Co. Manager, and the main increase was £13,549 for health services. As he had received a number of applications for revised salaries and wages, the amount of which could not be estimated at the moment, a sum of £33,000 had been included in the Estimate to meet the impact of the ninth round. If one was to judge from demands received and from the various Press reports the amount provided might not be adequate.

To meet the Turnover Tax, the Co. Manager said he included £2,995 and consideration had been given to exemptions and to the long term contracts of the Health Authority in calculating this sum.

Mr. Moynihan said he would like to bring out that while the estimate for gross expenditure last year was £903,356, excess expenditure approved to date would bring this £929,000. The estimates committee had examined the Estimate and their discussions on it had been most helpful in preparing the Estimate.

Acts and he recommended their adoption. Mr. D. F. Stiden said he had been on the Estimates Committee and he had to trust the officials. The sum of £33,000 had been provided in anticipation of salary increases and a sum of almost £3,000 had been provided for Purchase Tax. The sub-committee had discussed the Estimates for two hours before submitting the estimate.

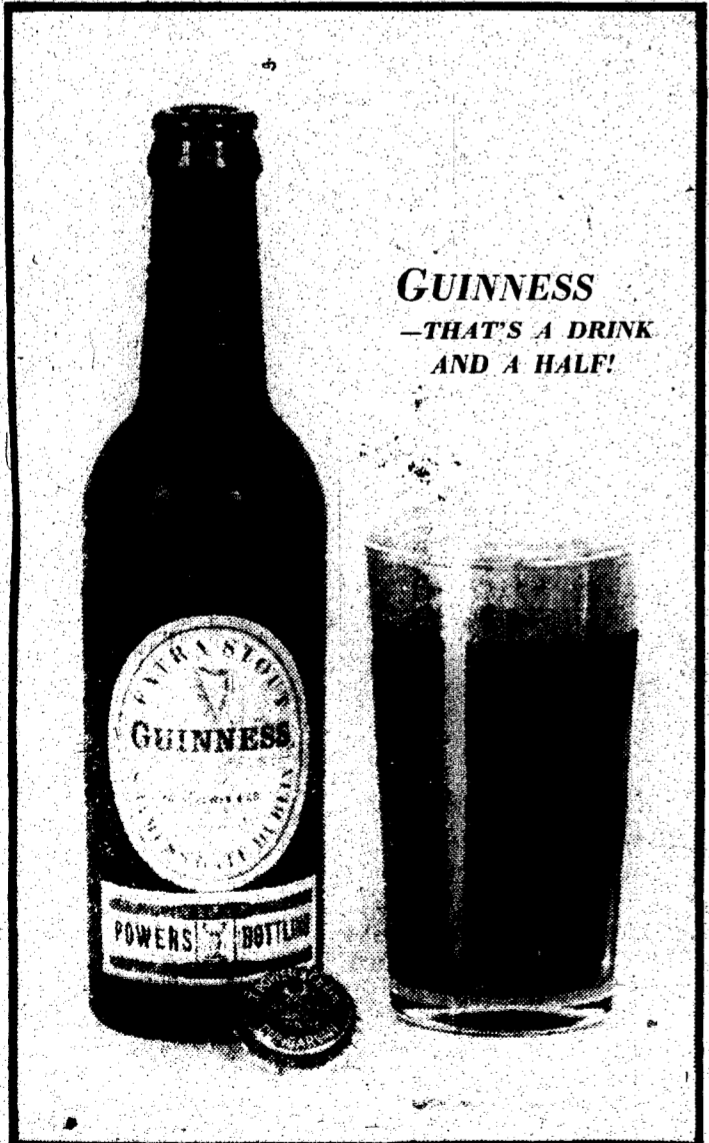

Mr. John Griffin said he had also been on the sub-committee and there was no point in adding to what Mr. Madden had stated.

Mr. Norman Walsh said there were four alternatives for the Health Authority to take. First they decided to

MILK PRODUCERS GETTING RAW DEAL

"Farmers are getting a raw deal on milk prices. In ten years we have received an increase of approximately 2d. per gal., or roughly 8%," said Mr. A. Melvin, chairman of the Leinster Milk Producers' Association, at their annual meeting, recently.

"I defy anyone to mention any article in common use in which such a small increase in price has taken place in the same interval. "The £40,000,000 spent on agricultural subsidies looked a good deal less generous if one compared it with the annual cost to the Exchequer of development grants to industry, aids to the tourist industry and tax concessions to industry. As a community the farmers were getting nothing more, and perhaps a good deal less than their industrial counterpart."

"Farmers to-day," said Mr. Melvin, "suffered from a deep sense of grievance about milk prices and certain sections were advocating the adoption of militant tactics. "We have no desire to follow the path of violence. We feel in this enlightened age it should be possible by frank and honest discussion to resolve most problems," he continued. He complained that over the year they had been denied the opportunity of pleading their case. He advocated some sort of tribunal for the agricultural community to determine a fair and just price for agricultural produce.

CREDIT AND THE FARMER The Agricultural Adviser to a Commercial Bank stated recently, in speaking of credit, that loans are refused by banks for a variety of reasons, of which the following might be listed as the main ones: 1. Amount sought more than the profits could repay. 2. Purpose not productive. 3. Applicant a poor risk for the amount sought. 4. Title subject to excessive equities, faulty or non-existent. 5. Applicant supplying false information. 6. Applicant unknown.

He also pointed out that it is important to realise that: 1. Irish Agriculture requires a vast but well planned additional investment to meet both fixed and working capital needs which will be met from many sources. 2. Very large numbers of our farmers particularly those who rank as average and sub-average are not in their present condition capable of utilising additional credit profitably. 3. A great many good farmers who need credit and can use it profitably do not seek it.

EQUITABLE RETURN NECESSARY SAID ARCHBISHOP "For some time I have been listening to proposals for expansion and I express the hope that, when a plan is produced, special attention will be paid to agriculture. Such a plan ought to introduce an educational scheme which would teach every farmer the modern methods, including a scheme of co-operative buying and selling—one that would enable the poorest farmer to hire or purchase the latest machinery. "No progress in economic expansion will be a success unless it ensures that the farmer gets an equitable return by comparison with the earnings of his fellow citizens. That is a point that ought to be borne in mind. Only in that way can success come out of agriculture."

(His Grace the Archbishop of Tuam, Most Rev. Dr. J. Walsh).

N.F.A. HELPS SHAPE INTERNATIONAL BODY The International Dairy Committee, formed by members of the International Federation of Agricultural Producers, will begin its operation soon. This is the first step in the establishment of an International Dairy Council which will embrace all countries significantly engaged in milk production and trade. The Council will be made up of governmental and producer representatives and its function will include the initiation of measures to secure market stability at a remunerative level, to develop new outlets and to organise the utilization of surpluses. Unlike the present international Dairy Council which

will include governmental as well as producer representatives, the International Dairy Committee will consist exclusively of producers' organisations and representatives of marketing agencies. The N.F.A. as a member of the IFAP is playing a big part in starting both the proposed International Dairy Committee and the International Dairy Council.

SEED-BED FOR FUTURE LEADERS Four young country boys distinguished themselves last week. They were the provincial finalists in the "Young Farmer of the Year Competition" for 1964. In the Gresham Hotel, Dublin, they faced a panel of judges before a decision was made on whom the excited title should be conferred. Heretofore, bright young lads they were, and one could rightfully be proud of them and the organisation which had brought them to the top.

Young, as these lads were, they have something to offer to everyone in rural Ireland. In the report which appeared on each of them their seniors might profitably find items of interest. Each boy attended every branch meeting where it was physically possible to do so. Each boy is an active officer. Each boy is conscious of the duty which is his. Each boy knows the aims of Macra na Tuaithe. Each boy has a wide range of interests and finally each boy keeps tidy and accurate accounts of his project—the kernel of Macra na Tuaithe work.

Members of the N.F.A., no matter how old should swallow their pride and take headline from these wonderful youngsters. There is a lot to be learned from them. Their enthusiasm, their dedication, their conviction and their doggedness are virtues which should be recognised publicly and emulated by everyone. In more senses than one Macra na Tuaithe is an infant organisation but there is a biblical saying: "out of the mouth of babes and sucklings"

We in the N.F.A. must never forget that Macra na Tuaithe is the seed-bed for the future leaders in rural Ireland. Let us hope that Macra na Tuaithe in turn will fix their eyes on a horizon typified by the opportunities for the expression of latent talent within the ranks of the N.F.A.

The N.F.A. most heartily congratulate Mr. McMahon, who represented Uister, James Mahall, who represented Leinster, and became the 1963 Young Farmer of the Year, Hubert Killip, who represented Connaught and Donal Cunningham who represented Munster, on their wonderful achievement.

These four youngsters deserve unstinted praise no so much as individuals—though they were exceptional in this respect—but rather as first-class examples of the mettle and integrity inherent in the very young in rural Ireland to-day.

THE CHRISTMAS CANDLE

In the name of God the Father Of the Son and Holy Ghost. May the light of our Christmas Candle. Reach those who will need it most. We'll place it here in the window. And open the shutters wide. And we'll pray for the ones who wander. Through the gloom of the night outside. We'll offer our prayer in memory. Of that night long, long ago: When Jesus and Mary and Joseph Were out in the wind and snow. With no one to give them succour. Save the beasts in a lowly shed And the shepherds whose steps were guided. By a star in the sky overhead. O bountiful Babe of Bethlehem Look down on the homeless poor. And lead their feet through the darkness. Up here to our open door. Where the kindly light of our candle Sheds forth a welcoming glow For the sake of the gift God sent us. One Christmas long ago.

TALLOW NOTES

RETIRED FROM BUSINESS

Mr. Thomas Flynn, West St. Tallow, who conducted a well known grocery and provision store has retired. Mr. Flynn started his apprenticeship at Mr. T. McCarthy's Hardware Store, West Street, and later went to Wexford where he spent some years. Then he came back again to Tallow as assistant at The Bride Valley Stores Ltd. He then decided to open a business of his own and with Mr. Tom Savage as partner he opened a grocery and provisions store at West St. which was a great success. After some years they dissolved the partnership. Mr. Savage went to Lismore where he is today proprietor of a grocery store at Main Street.

Mr. Flynn then moved to bigger premises in West Street and where for the past twenty years he has conducted a very successful business. Honesty and integrity were the hallmarks of all his dealings.

On the occasion of their retirement we wish Mr. and Mrs. Flynn many years of health in which to enjoy their well earned rest.

LATE MR. NED O'BRIEN

His many friends in Tallow and district learned with deep regret of the death in the Richmond Hospital Dublin this week, of Mr. Ned O'Brien, Parks Road, Lismore. Ned was known all over Munster as a leading member of the Bride Valley Showband. His death at the early age of 27 years, is very deeply regretted.

To his bereaved father, sisters and the Manager of the Bride Valley Showband, we extend our deepest sympathy. May his soul rest in peace.

ANNIVERSARY MASSES

Anniversary Masses were celebrated last week for the repose of the souls of Very Rev. J. L. Conon Præbendary and Very Rev. Fr. W. Kehoe, P.P.'s, Tallow. Celebrant of the Conon Præbendary Mass was Rev. Fr. M. Conon, C.C. and Fr. Kehoe's Anniversary Mass was celebrated by Rev. Fr. F. Lucey, C.C. In the choir were: Very Rev. Canon Danphy, P.P., Lismore; Rev. P. Quail, C.C., Lismore; Rev. D. Satterly, C.C., Lismore; Very Rev. Fr. P. Farrell, P.P., Ballyduff; Rev. M. Lane, C.C., Ballyduff; Rev. M. Conon, C.C., Tallow; Rev. Fr. F. Lucey, C.C., Tallow, and Rev. J. Beecher, Chaplain Royal.

SYMPATHY

Sincere sympathy is extended to the sisters and relatives of the late Mr. Patrick (Pat) R. Wines, Ballinacorney, whose death took place at Dungarvan District Hospital, on Wednesday, December 18th, R.I.P.

Sympathy is also extended to the bereaved wife, family and other relatives of the late Mr. Michael Tobin, Steady, Ballinacorney, whose death occurred at Ardkeen Hospital, Waterford, last week, R.I.P.

ROAD SAFETY CAMPAIGN

The Clonmel firm of Messrs. Curran Ltd., one of whose products is road safety signs, are presenting free to schools and interested individuals, 10,000 feet of scotchlite reflective sheeting. The scotchlite will be given away free in three inch strips.

The firm has, with the consent of the Department of Education, written to the Managers of schools over a wide area around the factory and has invited them to apply for supplies for schoolchildren.

The reflective tape can be applied to bicycles, motor vehicles and is ideal for pedestrians walking at night in rural areas.

Interested individuals can apply for the reflective strips at the Clonmel factory of Curran Ltd., Clonmel.

Kilmacthomas Notes

Mulair na Tire

St. Anne's Guild, which is the Parish Council for the whole parish, held its monthly meeting at the Parochial Room, Ballynecan. Same was well attended by the elected representatives of the Five Sections.

The agenda was lengthy at the outlines of the proposed work for the year was discussed. Let you be unaware, the four representatives of "farmers", "wage earners", "ladies", "youth" and "business" forming the Five Sections which constitute the guild or parish council, hold office only for one year.

As the bulk of the attendees at the initial meeting of Mulair na Tire come from the Ballynecan area, it was to be expected that the officers to be elected for the parish council would be from that area. It really makes no difference provided they are representative and act as your representatives. The point is stated here to make you all aware that if you have any problems of a parochial nature, you have representatives to take your problems to the Parish Council. The following are your representatives:

"Farmers" — John Keane, Ballinacorney; John O'Meara, Ballinacorney; Tom Cunningham, Ballinacorney; Tom Walsh, Shadwell; "Wage Earners" — Tom Hannigan, Bonmahon; Dick Roche, Ballinacorney; Jim McGrath, Bonmahon; Paddy Power, Knockmahon; "Ladies" — Mrs. Bob Herne, Brenon; Mrs. Atkins, Bonmahon; Mrs. O'Donnell, Ballyduff; Mrs. Veale, Saffield; "Youth" — John Keane, Kahafaela; Ted Buckley, Knockmahon; Dick Curran, Grranturton; Dick Fleming, Ballynecan; "Business" — Gen. Atkins, Bonmahon; Tom Kennedy, do.; John Veale, Saffield; Mrs. Paddy Power, Knockmahon.

These five representative groups met separately about a fortnight before the general meeting. If the proposals of any section get approval from a majority vote of the parish council, all the other sections of the Guild are expected to implement these propositions to the best of their ability.

Matters proposed by the sections and approved by parish council were:

"Farmers"—Proposed to organise a lecture soon on dairy farming and kindred subjects; encourage tree-planting, and re-organize N.F.A. "Wage Earners"—Proposed to speed up repairs to labourers cottages; organize a lecture on vegetable gardening; examine conditions of employment and unemployment in the parish, and pressure Health Authority to maintain a resident doctor in Bonmahon. "Ladies"—Proposed caring for neglected sick and infirm in their homes; visiting chronic hospitalised parishioners; organize a Christmas party for children of the parish at Spring Valley Hall, Bonmahon, on Sunday, 22nd December, at 3.30 p.m.

"Youth"—Proposed to take on providing recreational facilities for the parish, with special reference to school children; organize a branch of Maera na Tuaithe (Post-primary local education, emigration and a parish emergency committee will be their concern), and stage a one-act play in March and a Card Drive at Strabally N.S. in February.

"Business"—Proposed to go into tourism as a local industry. Bord Fáilte has money to invest here, on condition we give facilities and invest a little money. Visitors in goodly numbers they feel can be attracted here. Hence they propose to make seaside and caves attractive; provide sanitation for caravan sites, and encourage parishioners all through the parish to hire out one or more rooms for bed and breakfast to guests. With the aid of the Co. Council, Bord Fáilte and the good-will of the residents and sea-front owners a good profit could be secured by all the parishioners indirectly and by those catering for the visitors directly.

LETTER TO THE EDITOR

Inspired by the example and enduring work of these great men, we can look forward with confidence to another year of high endeavour and mutual self-help. To all people of County Waterford, whether at home or abroad, in the country, the villages and the towns, to the voluntary organisations working for the economic and cultural advancement of the community, and to the sick and distressed I send a special greeting.

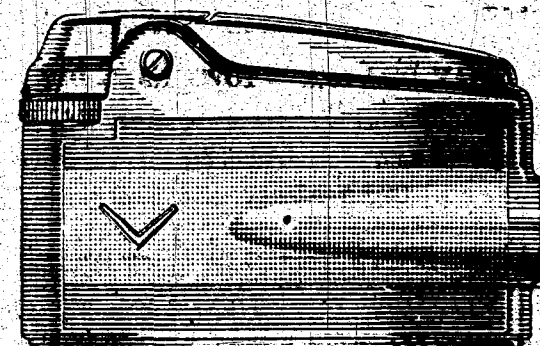

I think also my colleagues on the County Council and its associated public bodies for their loyal co-operation and support during the year in administering the local services, and I take this opportunity of paying a well deserved tribute to our local government employees and officials, of all ranks and grades, for their continued and devoted service.

To the Press also, I extend my sincere thanks for the help and co-operation received during the year from editorial and reporting staffs of all our papers.

I ask you, Mr. Editor, to convey to all your readers at home and abroad my sincere good wishes for a very happy Christmas and prosperous New Year and my hope that God will send his choicest blessings to us all at this season of peace and good will.

Yours sincerely, CHARLES CURRAN, M.C.C. Chairman, Waterford County Council.

Making ends meet

Making ends meet for the Greenfly is no easy job. In the course of the struggle for its own existence it is sometimes enlisted in the service of other insects. The wily ants know that greenflies secrete sweet nectar, the coveted honey dew. They seek out the greenflies, make prisoners of them and farm them in herds which they house and protect, the greenflies rendering to the ants in return, the sweet food which they desire.

**Mount Sion Regain Hurling Title**

MOUNT SION 4-6; BALLYGUNNER 3-4

It was a case of the old dog for the hard road at Waterford on Sunday when Mount Sion staved off the spirited challenge of Ballygunner to annex their 18th senior hurling title. It was a decider that obviously lacked appeal, as reflected in the paltry attendance but there was excitement aplenty particularly in the early stages as the Gunners proved beyond doubt that they are a side likely to make a considerable impact in the years to come.

It was a gallant failure by the Gunners, who on their initial appearance in the decider covered themselves in glory. They were never over-awed by the established stars that opposed them and had it not been for their very apparent "greenness" on occasions could well have been nearer to the winners on the scoreboard at the end. But again it was just another case of hurling know-how and strategy surviving against the challenge of dedicated newcomers. Sion took all the Gunners had to offer in the early stages without faltering in the process, and then piled on the decisive pressure at the appropriate stages in the second-half.

They were greatly handicapped by the enforced withdrawal of Philly Grimes and Frankie Walsh because of a family bereavement, and in the early moments it looked as though they might well be by their absence. But since they had sized up the opposition quite adequately in all round efficiency, and long before the end were hurling like the Monastery of old.

While the game was not hallmarked by particularly classical fare, the exchanges for the most part were tough and uncompromising. At times tempers became frayed and on more than one occasion the pot boiled over, and referee Tommy Foran of Carrick saw fit to issue marching orders to Mick Dempsey and Mick Carroll. This disciplinary action however had the desired effect, and both sides were less tempestuous thereafter.

The Gunners undoubtedly lost their big chance of making hurling history in the opening half when they set a cracking pace. For most of the thirty minutes they relentlessly pounded the Monastery goal but ineptness in front of goal cost them many scores. So devoid of constructive ideas were

capable of achieving anything worthwhile in attack.

Mount Sion scorers were: S. Power 1-4; T. Forrester 1-1; M. Gallagher 1-0; F. O'Brien 1-0; M. Flannely 0-1. Ballygunner scorers were: V. Connors 2-3; P. Gaffney 1-0 and J. Phelan 0-1.

Mount Sion: M. Foley, F. O'Brien, M. Walsh, T. Walsh, T. Roche, M. O'Gerrissey, L. Guinan, M. Dempsey, M. Flannely, T. Forrester, F. O'Brien, J. Phelan, S. Power, M. Gallagher, T. Hennessy.

Ballygunner: P. Flynn, P. Sullivan, P. Casey, J. Phelan, P. Hearns, T. Heame, M. Carroll, J. Phelan, T. Cummins, V. Connors, W. Howlett, P. Gaffney, P. Troy, J. Warren, M. Phelan, Subs.: P. Kennedy for Gaffney and Gaffney for J. Phelan.

Referee: T. Foran (Carrick-on-Suir).

**LATE PRESIDENT KENNEDY**

We have received the following appreciation of the late President Kennedy from the Youghal Branch of O.N.E.

In a Texas town he was shot down. We have lost a friend to Ireland. It showed he had not forgotten us. A requested squad of young Irish men went out to pay him honour.

He was a soldier and a hero. We loved in every land. When he was here amongst us We rushed to shake his hand. With his head held high and smile beguile. He touted old Ireland!

He promised he would come back someday. His memory won't be forgotten. We pray to God that his work undone. Will bear fruit tomorrow. We love his still, we won't forget. He paved us such an honour.

**DEISE CUP MEETING**

**JANUARY 6th and 7th INCREASED PRIZE MONEY**

As in former years the start of the season will be highlighted by the Deise Cup meeting at Conna, Dungarvan, on January 6th and 7th. This meeting which is ever increasing in popularity, is regarded as a pointer to subsequent great coursing victories, and none less than the Waterloo Cup.

The card caters for all coursing tastes, the centre-piece being the Deise Cup for 32 all-aged greyhounds (permanent nominators), dog and bitch trial stakes and the usual duff-stakes.

The enterprising committee led by thrice winning nominator of the Cup, Mr. M. Fives, has everything under control and here which seem to be below the usual standard at many of the big meetings are reported to be in excellent form and in the "pink" by the sea.

The prize money in the Cup has been increased this year the winner receiving £300, and it is expected that many of the leading greyhounds of the country will be present. Entries close with the Secretary with First Post on Jan. 3rd. Phone 140. Draw takes place same day at 3 p.m.

**DIED IN U.S.A.**

From New York has come the news of the death of Miss Catherine Bagnell. She was a native of Tourin and aged 70, and emigrated many years ago. She was prominent in many Irish associations in New York and during the fight for independence gave much help to the cause. She was well known to many of the Irish leaders who visited America.

The death of Mr. Robert Bagnell of Codelana, took place recently in Boston. He was in his early twenties and left Ireland three years ago. The news of his passing has caused much sorrow and sympathy in their great loss goes to his surviving relatives.

**AFANE SOCIAL**

The Carnival Social held at Affane on Sunday under the auspices of the Parochial Committee was an outstanding success for which due credits go to the ladies and gentlemen of the committee.

There was a ready sale of articles on the various stalls whilst many games were generously patronised. Prize-winners in the main draw were: 1st. Miss Kathleen Flynn; 2nd. Very Rev. J. Hally, P.P.; 3rd. Mr. Ned Wall, Ballyhane.

**CAPPOQUIN G.A.A.**

The annual social will be held at Walsh's Hotel on Monday, 30th December.

**A HARD COLD WINTER CAN COST YOU HARD COLD CASH**

# RUST

Month after month during the winter your farm machinery is laid up while cold and damp do their best to produce rust—and all too often succeed. The result is inefficient machinery, breakdowns, loss of working days—and loss of money!

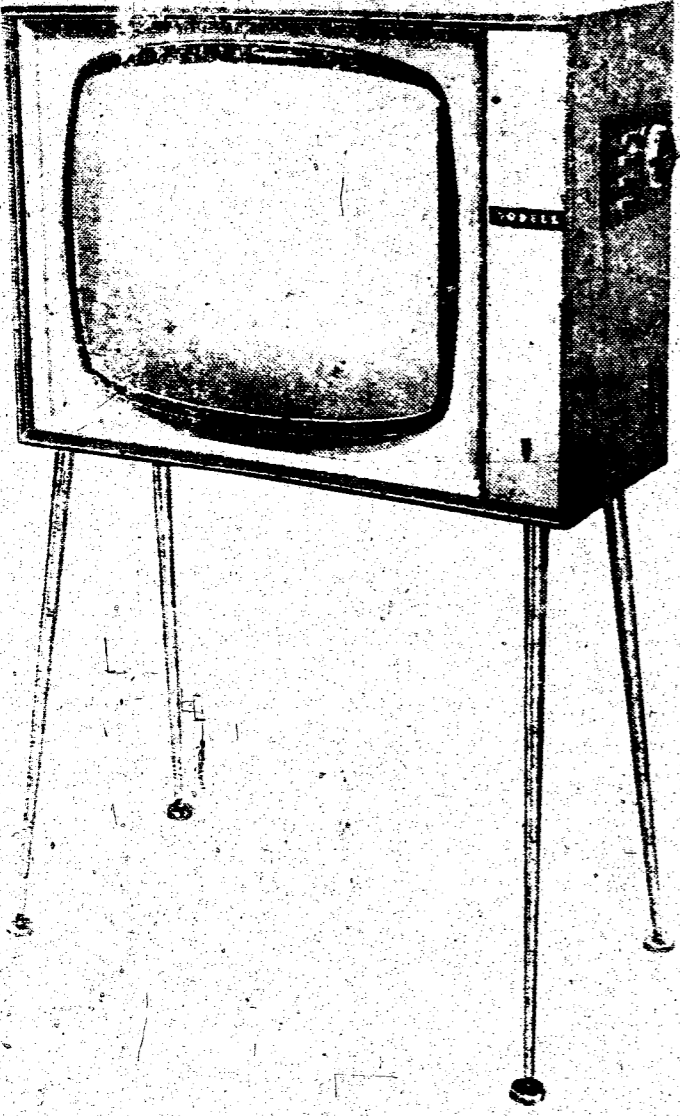

That is why it is good sense to get us to rustproof your equipment before you lay it up for the winter. After all, we are experts in machinery, and with our fully equipped garage we can handle every kind of repair, overhaul, painting, lubrication and rustproofing. And with our qualified mechanic, Brian Foley, in charge you can be sure of expert service.

So before the winter starts, have a chat with us about rustproofing your equipment—it could save you so much!

# UP GO THE RATES

(Continued from Front Page)

been estimated that the debit balance be spread over three years.

Mr. Moynihan said he had been told by an official of the Dept. that incapacitation rates for patients in voluntary hospitals would soon be increased. Mr. Griffin said the sub-committee had requested the Minister to make a grant of £50,000 for the Ard Fheis scheme regarding increased Health Service Grants.

Mr. J. A. Hynes (Secretary) said there had been no reply from the Dept. The Select Committee would discuss this matter and they were sitting at the moment.

Mr. Tom Lannon asked what the increase in expenditure for the year had been spent on. He said that increases in salaries had been given to people who had enough and the Health Authority was taking money from people who could not afford to pay it.

Mr. Lannon pointed out that the public assistance for year 1963-64 had been £28,000 and it was down to £15,000. The only place that money was cut was when it was for the poor.

Mr. Hynes said that over the years the special benefits had been increased considerably. Mr. Lannon said that the present rate increases were granted only a few slaves would be left in the county to work for the officials. The Co. Manager had stated that there were more applications in for increases in wages and salaries. If increases continued they would break the country.

The Co. Manager said that this Christmas the recipients of Home Assistance would get three weeks assistance instead of one week.

Mr. Lannon said that people were taxed out of existence. The answer usually given was that the Govt. would pay half, but the Govt. also got their money from the people.

Mr. Patrick Cahill said that £1,000 had been cut off the footwear scheme and he asked who was responsible for it. Mr. Hynes said the Dept. had new regulations this year and they were more stringent than before. Any man who was working would not qualify for shoes.

Mr. Milo Galgey said the shoe scheme and the Home Assistance had been cut. He wondered if the country was getting more prosperous. There were not as many poor people going around at present as there were before.

Mr. Norman Walsh said he felt that the country at national and local level was living beyond its means. The rate struck by the Health Authority would have a very serious effect on the county rate. The county rate would be well over 50/- in the £. Every alternative should be gone into. If the Minister for Health honoured his promise given at the Ard Fheis and increased the Health Service Grant, he thought that they should take a risk.

Mr. William Collins said he would like to see a reduction in the rates but he would not like to see it to the detriment of sick people in the county and city. If we are to neglect these people I would like to see the rates the way they are.

The County Manager said he did not think they would get anything extra from the Minister during the coming year at least. The question of higher Health Grant was presently being considered by the Select Committee and they might not issue their findings until the end of next year.

Mr. Galgey said they should adopt the Estimates as presented, thus spreading the £24,000 debit balance over 2 years.

Mr. Lannon said they were coming to the estimates meeting asking to keep down the rates. Yet look back a bit and see where these same people defeated a resolution that had already been passed regarding the granting of salary increases only after the annual estimates meeting. They could not even wait until then to get the money," he said.

Mr. Galgey, we have turned down increases but the Minister has given them over our heads.

Mr. Lannon said one-third of their entire costs was going for administration. They were paying £300,000 in salaries, but their services were not that great in comparison to other places that were costing less.

## A.T. & G.W.U. BRANCH BIENNIAL GENERAL MEETING

The 11th Biennial general meeting of the Dungarvan Branch A.T. & G.W.U. was held on 16th December, and the following is Chairman's (Mr. John Organ's) Report:—

As you are aware this is the first biennial general meeting that I have presided at, having been elected to the chair 12 months ago, on the resignation of Deputy Tom Kyne. I would like to say to the members of the Branch, thank you for placing such trust in me by electing me to such a responsible position. I will do my best at all times to honour that trust. I am conscious of the fact that I replaced one of the best Chairmen it is possible to find, which makes the job all the harder on me to live up to the high standard set.

I would like at this stage to pay tribute to our former Chairman Tom Kyne for all that he did over the years for the trade union movement here in Dungarvan. He organised this Union in the town 21 years ago and founded in a big way, first as Branch Secretary and later as Branch Chairman, to achieve the standard we have today. We may not all agree at all times with Tom Kyne but we must give credit where credit is due and a large amount of credit is due to Tom Kyne from the Trade Union movement.

As you know from the Secretary's Report we were successful in bringing the 8th round wage increase to a satisfactory conclusion, having obtained increases for our members varying from 23/6 to 27/6 per week. We have also secured a number of fringe benefits for some of our members.

Now we are contending to start a new round of wage increases because of the uncalculated for Turnover Tax that the Government forced on the people in other countries and had to be abandoned. But, the Government saw fit to start it here against the opposition and advice of all sections of the people, without making any facilities for controlling prices.

The result is that the 23% increase we had all the talk about is now 10% or 12% increase to the worker. The fact that since the start of the 8th round, until the 1st November last, the increase had already gone up 6 or 7%. The workers must be compensated for this increase in the cost of living, although we are conscious of the fact that all these increases do not lead to greater employment. We must continue in the future as we have done in the past, to look after our members until we have achieved a just wage with fair and proper conditions of employment.

In conclusion, I would like to thank the Secretary and members of the Branch Committee for their co-operation and help during the past year. On behalf of the Branch Committee and on my own behalf I wish all our members and their families a very happy Christmas and a bright new year.

### SECRETARY'S REPORT

The Secretary's (Mr. P. J. Breen, P.C.) Report was as follows:—

**Organisation.**—I am happy to state that our membership of the Branch is keeping fairly steady with well over 1,000 members in spite of emigration and unemployment, two evils which appear to remain with us always.

**Accident Benefit.**—We are pleased to inform you that the accident rate in the industries in the town over the last two years was the lowest ever and your Union did not have to pay out more than £50.

I would like to remind the members who are unfortunate enough to meet with an accident that it should be reported to the Union Office either through your Shop Steward or the Secretary within 24 hours if possible. Union benefit will not be paid out after the member returns to work. This is a rule that is now strictly enforced. I would also appeal to the members to keep their cards clear so that they will be in benefit at all times.

**Educational Facilities.**—I would like to see more of our members availing of these facilities, particularly Shop Stewards and Committee members as these people are the Union on the Job, and therefore they should be in a position to advise the members and to negotiate on their behalf.

They can only do this successfully by a complete study of the job. Sometimes when a shop steward has to make a vital decision, I propose we adjourn. Mr. Lannon: I second that. Mr. Madden then withdrew his proposal to adjourn and Mr. Lannon became the proposer and Mr. W. Dower seconded. Mr. P. Cahill then proposed that 1 of the debit balance be cleared and that £3,000 of the £33,000 for salary increase be deleted. That also was defeated by 10-3.

Mr. Collins proposal that they adopt the estimates as presented except to clear off

## GREETINGS AND THANKS

The Northern Rhodesian, Mr. Siume K. Mubukwana, who has been with Dungarvan Urban Council for the past few weeks studying local administration in preparation for his country's independence next year, has marvelled at the hospitality of the Irish people. In a Christmas message Siume says: "I wish all the Irish people a happy Christmas and prosperous New Year. Thank you for all the friendship you have shown to me during my stay here."

## WES 1 WATERFORD NOTES

LATE MRS. O'ROURKE, KILSALEBBG  
 We regret to announce the death, which occurred at a moderately advanced age, of Mrs. Nora O'Rourke, Rath, Kinsalebeg. Deceased was very popular amongst all factions of the community and her death has occasioned much regret. Her sympathy is extended to her bereaved son and daughters. The funeral to P. Town Cemetery was of a large and representative proportions. Rev. M. J. Russell, C.C. officiated.

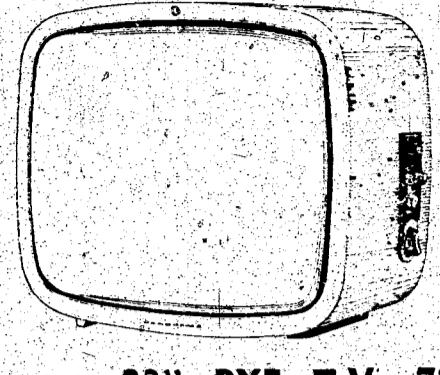

## LOCAL CLASSES

The construction classes at Clonsilla continue to be well attended. The instructor is Mr. G. Whelan.  
 HUNTING  
 A good sized field enjoyed an excellent day's hunting with the Kinsalebeg-Clonsilla Horriers on Sunday week. The meet was at Lickey House and went first to Laurentum Quarry, where a fox was immediately away towards Ballysheeny, but wheeling right hand he brought the field at a brisk pace across the main Clonsilla road and eventually went on to Knocknaree where the pack checked.  
 A gorse covert at Kilgabriell was next draw and it also held. This fox gave the field the longest and most gruelling spin that they have had for some time. After a four mile chase and with dusk falling the pack were called off.

## CLERICAL APPOINTMENT

Rev. Fr. Matthew Cunningham, who has been appointed C.C. Carrick-on-Suir, is a member of a well known and popular Kinsalebeg family. He is brother of Mr. Ed. Cunningham, who is prominent in N.F.A. circles.

# HAY DRYING DEMONSTRATION

In Dublin on Tuesday last Ireland is very poor indeed, most satisfactory method of more than 70 farmers. The main reason for this is poor fertilisation, late cutting times, and over-maturity of the crop. This method gives a high quality hay at a cost of approximately £1 per ton, the capital cost per ton being 10/- and the running cost per ton being 10/-. It also reduces the farmer's dependence on good weather, cuts down on the labour of cutting and leaves the field free for any other use almost immediately after cutting. Feeding trials have shown this material to be of higher nutritive value than hay saved in cocks.  
 Following the demonstration, the visitors were entertained to lunch at Dublin Airport by the E.S.B. and later Mr. Raftery showed a film which had been taken during the period of the experiments and answered questions from the visitors.

This sketch shows the method of barn hay ventilation commonly used in Germany. It is known as the "Aufendorf" method, getting its name from the place where it was developed. The hay is drawn from the field to the barn before it is completely dry—the remaining moisture is removed by ventilating the hay with cold air. The essential features are a fan and air distribution system. The air distribution system consists of a central air channel, wooden grating on both sides of the channel and vertical wood plugs which are used to ease the air distribution through the higher layers of hay.

# A Year of Hurling Glory

1963 is rapidly fading into history . . . But for Waterford men at home and abroad it will always be remembered as one of the brightest chapters in the County's hurling history. True the most coveted trophy of all — the McCarthy Cup was snatched from the Decies in the most frustrating manner imaginable but that

Nor can one forget the two epic struggles with the Yanks, before the County was at last honoured with a league title. These then were the highlights but let us start at the beginning when Waterford surged from comparative obscurity to the unchallenged

A pre-Christmas League defeat by Limerick left the hurlers with an uphill struggle and made victory compulsory in every game subsequently. And how magnificently they rose to the challenge. They proceeded to mop up every opposition and when they defeated Wexford in a thriller at Walsh Park the way had been cleared for a play-off to decide sectional winners between these same counties.

One week after that Waterford tied the Counties again but this time on the neutral confines of Newlan Park. It was hurling excellence from start to finish with Waterford snatching a dramatic last minute victory. Less than a minute remained and Wexford hung grimly to a two-point lead and looked all set to qualify for the Home decider.

But this team simply refused to die and in a last despairing attack Seamus Power crashed home a goal from a melee. And for good measure they tacked on a further point thus clearing the path for the May decider at Croke park.

Meanwhile Tipperary were the all-conquering force in the other group, and it was merely the fulfillment of expectation when the qualified for the tilt with Waterford.

## Will Never Be Forgotten

That game will never be forgotten by the 21,000 lucky souls that witnessed it. It was hurling at its superlative best . . . a game that words could not adequately do justice to, such was the magnificence of it all.

At half-time Tipp led by two clear goals but already Waterford had given indications that they were in no way an inferior force. The second half produced an unforgettable series of unforgettable thrills. Waterford, battling back, had gone into a point lead ten minutes from time when Tipp struck what looked like the decisive blow. Twice within a minute Patsy Donnelly was picking the ball from the rigging

failure apart it was a championship dazzlingly adorned by Waterford's hurling splendour which will forever remain a feature of that '63 campaign. Then there was the National league "Home" final against Tipp. . . a game that in my opinion was the greatest exhibition of the code I have ever seen.

1959 the County were back in Croke Park on final day and Kilkenny as on the last occasion were to provide the opposition. The records will forever show that the Noreiders emerged victorious by 4-17 to 6-8, but it is to this day my firm conviction that the game was lost not on the field of play but by the men whose duty it was to make the necessary changes. Waterford's tally was the highest ever recorded by a losing team in an All-Ireland final, another factor that made the defeat pill even more difficult to swallow.

## Epic Final

It was in many ways an epic final in which Waterford gloriously played its part. To be candid about it, the result was totally unexpected but as I have stated it could so easily have been won by a little bit of selectorial commonsense.

The effects of the defeat quite obviously, took time to ease off and it was no major surprise when Wexford beat them in the Oireachtas semi-final at rain-lashed New Ross. This was, however, a game that

Hurling's greatest hour was over Waterford had heroically mastered gallant Tipp and in the process carved a special niche for themselves in history.

That victory made them warm favourites to complete the championship and league double and when they decisively beat Limerick to qualify for the Provincial decider they were the general fancy to emerge from the Province.

## Munster Final

Old rivals Tipp, again provided the opposition in a Munster final that is best forgotten about in the Kilkham County.

On that scorching summer Sunday at Limerick, Tipp, practically owned the sliothar for three-quarters of the game but their forwards failed lamentably when it came to finishing off their polished approach work. Almost cheekily Waterford snatched the winning scores from their ever so limited opportunities, and won a dramatic game by 11 points to eight.

This for the first time since

and white jersey; the men that made '63 a year to remember with justifiable pride.

## Less Successful

The County's other interests died fast and early. The senior, junior and minor footballers failed to make the expected impact. The minor hurlers, however, were most unlucky to lose to Limerick after a replay (that should never have been) and the Shamrocksiders it will be recalled battled their way to the All-Ireland decider. This was the best display by a Waterford minor hurling side for years and it could be the beginning of a long sought revival in the grade.

respective grades. Fourmilewater caused a real upset by beating De La Salle in a pulsating junior hurling final, thus atoning for their failures in the previous two finals.

Nor can we forget Tourin and Affane who brought the Primary double to the Division. Tourin revived memories of former days of glory by out-playing all opposition while Affane, brilliantly led by their captain, Jimmy McGrath, captained everyone by taking the football honours. Both should do extremely well in the junior grade.

## Sports Stars of the Year

And now my individual stars of 1963.

In hurling it must be Philly Grimes, the Mount Sion genius that has made a mockery of the passing years.

The football choice is not so clear-cut, and I could name six or more with strong claims for the honour.

My choice however, is the Brickey veteran, Patsy Donnelly, who has played so noble a part in the winning of the club's first senior crown.

Patsy was a tower of strength in all their games but particularly in the final against Kill and on the basis of his wonderful consistency I nominate him, Waterford's footballer of 1963.

## On The Home Front

For Brickey Rangers and Valley Rovers, the year just ending will go down as the greatest yet in their histories. The Brickeys after almost 70 years of striving at last captured the senior football crown while the great old Brickey warrior, Patsy Donnelly, realised his own personal lifetime ambition.

For the Valleys too, it was the culmination of decades of honest endeavour and the winning of the junior football title was well merited by the gallant men from Derrinlaun.

And what a year it has been all round for the West. Besides the Brickeys and Valleys, Fourmilewater, Tourin and Affane all proved tops in their

# Successful Ballinacourty Social

THE seventeenth annual social of the Ballinacourty football club was held in Conna Hotel on Tuesday night last and was an unqualified success in every way. Almost 150 attended the function, the highlight of

which was the presentation of the winter league medals (1962) by the club President, Rev. Fr. Michael Walsh, C.C., Abbeyside.

No praise can be too high for the hard-working Committee through whose efforts this function was such a success. They ensured that everything went "according to plan" and without doubt was the best sponsored by the club to date.

Before the dinner commenced a minute's silence was observed as a mark of respect to the late Mr. Helena Gosde, member of Co. Board Secretary, Denis Gosde, who was to be one of the guests at the social. The night was given sympathy with the Co. Secretary.

At the conclusion of the dinner, which, incidentally, was a credit to the management and staff of the hotel, the Chairman of the club, Mr. Paddy Daly, welcomed the guests. He congratulated Valley Rovers on winning the county junior football final, but hoped that they themselves would go to the county final at least next year.

"This year," he said, "we fielded two football teams for the first time ever. The primary team won about five games and reached the semi-final of the west and were beaten by Affane who eventually won it out. In the last two years we have won two winter leagues and we are now in the final again."

Mr. Michael Hogan, Secretary, proposing the toast of the President of the Gaelic Athletic Association said this was the third time this great honour had been bestowed on him. Mr. Daly then proposed the toast to the guests. Mr. J. Murphy on behalf of

the local Press thanked the club for their invitation to the function and congratulated the club on a very successful year.

Rev. Fr. M. Walsh, President, said he had great pleasure in being present at the club's 17th annual social, and he was very happy to be President of the socially. His first association with Ballinacourty was 11 years ago when the annual social was held in the Golfhouse. He was then particularly impressed by the spirit of comradeship and co-operation that existed. Since then the personnel of the club had changed but not the spirit and he hoped that the present generation would pass on that cooperation and determination.

The winning of trophies he said was not the all-important factor, but how the game was played. The games developed manhood, but it was very necessary for the players to exercise a little self-control. Ballinacourty had always displayed a great standard of sportsmanship of which they were justly proud. He congratulated the club on its past achievements and wished the players well in the future.

Concluding, he congratulated Clonca, hotel for the wonderful meal they had served. He wished all a very holy and happy Christmas.

He then presented the 1962 winter league medals to the following: D. Barry (capt.); T. Hogan, J. Hayes, M. Kiel, D. Murray, J. McGrath, D. Flynn, P. Wall, P. Hogan, J. Elestean, P. McGovern, T. McCarthy, J. Hogan, T. Mansfield, D. Whelan, J. Hayes, P. Barron, and M. Hogan.

After the presentation of medals a thoroughly enjoyable dance followed, the music for which was excellently provided by Dungarvan's Royal Aces Showband.

TOM FIVES . . . the only star to figure on Tourin's three championship-winning sides.

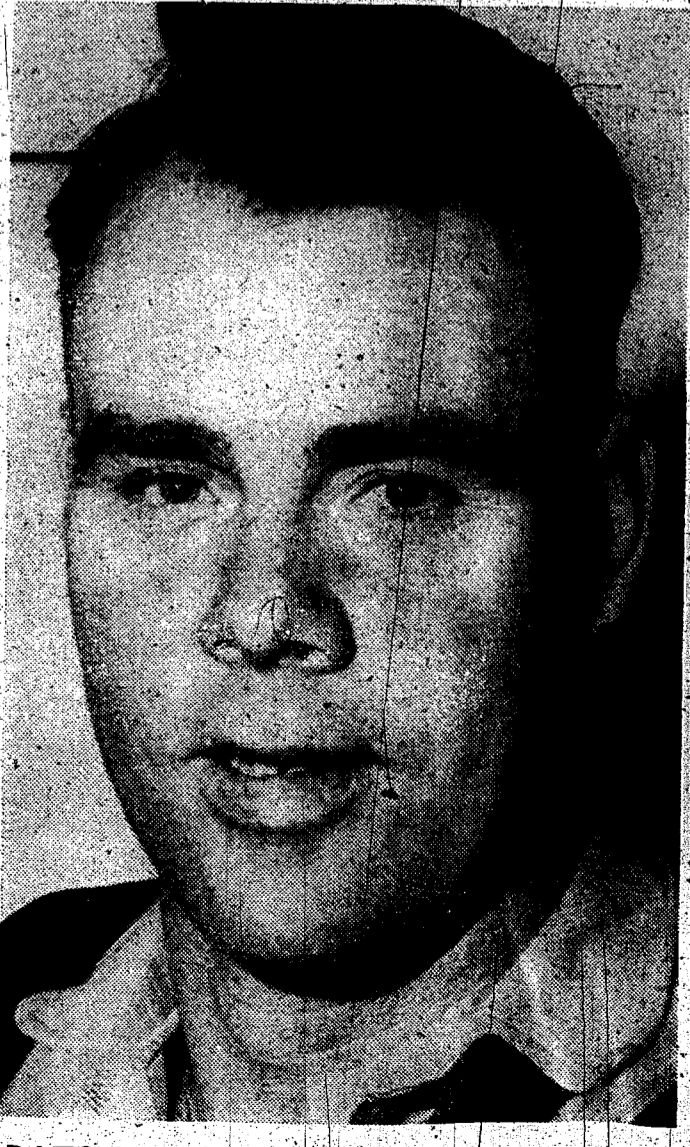

MICK CONNOLLY, Waterford's interprovincial footballer, who won junior hurling and football medals with Fourmilewater and Valley Rovers.

TOM CHEASTY . . . now gone from the inter-county scene. But he leaves unforgettable memories of his greatness.
