Lamented Passing of Our Beloved Bishop

ON Tuesday morning, on the eve of his 81st year, our beloved Bishop, Most Rev. Daniel Cohalan, D.D. passed to his eternal reward.

He had a particular affection for Irish workers in Britain and on Christmas Day always exhorted them to be loyal to the Faith of their forefathers.

He was very concerned with school-building and was responsible for the erection and expansion of several schools in his diocese. He was responsible also for bringing the Medical Missionaries of Mary to Waterford, where they have established a splendid maternity hospital.

Dr. Cohalan, who had a great love for children, was responsible for the erection and renovation of many churches, especially the magnificent new church of the Holy Family at Luke Wadding Street, Waterford.

The remains will be removed this (Thursday) evening at 4 p.m., to the Cathedral of the Most Holy Trinity. Mass will be chanted at 7.30 p.m., on to-morrow Friday, and Solemn Pontifical High Mass will be celebrated at noon on Saturday, after which the remains will be interred in the Cathedral grounds.

The remains will lie in State in the Cathedral from this evening until the beginning of the Mass on Saturday Friday and Saturday morning.

President De Valera will be present at the removal of the remains this evening. Among messages of sympathy at Bishop's House was one from the President.

Dr. Cohalan was brother of Rt. Rev. Mons. John Cohalan, of the Diocese of Lismore, Australia, now living in retirement in Brisbane; Mrs. Anna Linehan, Ballinahina, Dublin Pike, Cork; Mr. James Cohalan, Kiltrea, Ovens, Co. Cork, and the late Ven. Archdeacon Jeremiah Cohalan, formerly P.P., the Lough, Cork.

He was uncle of Rev. D. Linehan, St. Finbarr's Seminary, Cork; Mr. Thomas Linehan, Ballinahina, Dublin Pike, Cork; Mr. James Cohalan, Kiltrea, Ovens, Co. Cork, and the late Ven. Archdeacon Jeremiah Cohalan, formerly P.P., the Lough, Cork.

He was uncle of Rev. D. Linehan, St. Finbarr's Seminary, Cork; Mr. Thomas Linehan, Ballinahina, Dublin Pike, Cork; Mr. James Cohalan, Kiltrea, Ovens, Co. Cork, and the late Ven. Archdeacon Jeremiah Cohalan, formerly P.P., the Lough, Cork.

So Monday night at Clonea is a "must" for all lovers of the light fantastic.

han, Ballinahina; Messrs. John, Jeremiah and Donal Cohalan, Kiltrea; Miss Rita Linehan, Ballinahina, and the Misses Pauline and Carmel Cohalan, Kiltrea.

A TRIBUTE

TO HIS LORDSHIP, MOST REV. DR. DANIEL COHALAN, BISHOP OF WATERFORD AND LISMORE.

Great Soul, at length you have left us,
Your toil here on earth is now o'er—
Of a shepherd strong, death has bereft us,
Your brave heart will pulsate no more.

For twenty-two years you have laboured,
With will and with wisdom,
For God,
To lead on the right road to Heaven,
Those who traverse the Deise's sod.

We'll miss you, oh pastor so faithful,
Thou saint now in heaven, at rest—
We are sure 'tis in heaven you're resting,
As God only chooses the best.

JUDITH KILLEN
Ballinahogue,
Kilmacthomas.

TO BORROW £10,000

It was decided to borrow £10,000 for improvements to St. Patrick's Hospital, Waterford, at a meeting of Waterford Health Authority, in Dungarvan, on Monday.

Mr. J. A. Hynes, Secretary, said that the Health Authority had been carrying out improvements out of revenue but because of the expensive nature of some of the work in the hall way and the car park, it was decided to borrow £10,000. The annual repayment would be £600 over 30 years. The Minister for Health had stated that he would recoup the Health Authority.

Mr. J. Griffin said he would like to express his appreciation to the officials of the Health Authority in presenting the members with the cheapest method of carrying out the work.

On the proposal of Mr. P. Cahill seconded by Mr. J. Griffin it was decided to borrow £10,000.

Stage Set for Dungarvan Point-to-Point Meeting

On Monday next over the splendidly equipped and laid out Kilossera race course, the Dungarvan Harriers' Point-to-Point Committee will hold its 21st anniversary meeting under I.N.H.S. rules. The fixture has attracted a record number of entries some as far away as Belfast, and given favourable weather conditions it should be the Committee's most successful meeting ever.

Quite an amount of hard work has been put into the organisation of this fixture, and this year's Chairman, Mr. J. A. Power, and the Joint Hon. Secretaries, Donal Spratt and Vincent Maher have seen to it that everything is in apple-pie order. It is expected that the course will be in perfect condition and the meeting is

expected to prove a tremendous start off to the point-to-point season. It will in all ways be a five-race programme with a total prize fund totalling £235. Races will again be sponsored by Youghal Carpets Ltd., Sheehan and Sullivan Ltd., Cork, and the Waterford Flour Mills Ltd.

The first race and in fact the first point-to-point race of the 1965 season is scheduled to start at 2 p.m. and the feature event — The Dungarvan Harriers' Point-to-Point — will be held at 4 p.m. The unique car park on the hill overlooking the course remains and this will provide followers with the opportunity of watching racing from their cars if they so desire. Again the committee will have a first-class public address system on the course and as in former years each race will be "broadcast" by Des Hanrahan. The excellent entries to date include many famed "park" horses and a very high standard of racing is expected.

THE HEIFER SCHEME

At last week's meeting of the Co. Committee of Agriculture, Mr. Hynes proposed that the Government should set up a scheme so that all cowkeepers would qualify for a subsidy of approx £5 per cow as this would be more than the cost of all products which would benefit from the subsidy.

This was seconded by Mr. Norman Walsh. Mr. Hynes said the cost at that moment was about £3,000,000 and these benefited most were those who had come to this country and bought land and started restocking.

MR. JOSEPH A. POWER, the popular Chairman of the Point-to-Point Committee.

LATE MRS. MARY CURRAN (nee Murray)

Murphy Pl., Abbeyside

We deeply regret to record the passing of Mrs. Mary Curran (nee Murray) which sad event occurred at her residence Murphy Place Abbeyside, on Tuesday morning, January 19th, after a rather short duration of illness, but fortified by the Rites of Holy Church. The deceased lady was a most charming person and her kindly and retiring disposition made her most popular. She was a fond lover of her religion, which she exercised so well.

We express our deepest sympathy to her brother, William Murray, Murphy Pl., and to her sister, Mrs. Nora Walsh, St. Garvan's Tree, Dungarvan, and to all her relatives.

Her remains were removed on Tuesday evening to Abbeyside Church, followed by a large cortege considering the very inclement weather conditions, and were blessed and received by Very Rev. J. Roche, P.P., assisted by Rev. M. Walsh, C.C.

Requiem Mass was celebrated on Wednesday morning for the happy and eternal repose of her gentle soul, and the interment took place later in the day in the adjoining family plot, Very Rev. J. Roche, P.P., assisted by Rev. M. Walsh, C.C., and Rev. R. O'Shaughnessy, O.S.A., officiated at the grave side and recited the prayers at the graveside. Another large concourse were present to pray for the departed and to sympathize with her relatives. Very many Mass cards were received.

(Funeral arrangements by James Kiely & Sons, Shandon, Dungarvan.)

WEST WATERFORD NOTES

DEATH OF MR. T. COTTER, AGLISH We regret to announce the death, which occurred in the Bon Secours Hospital, Cork, following a brief illness, of Mr. Thomas Cotter, Dromore, Aglish. A well known and popular member of the agricultural community, deceased who was of a quiet and retiring disposition, was a keen G.A.A. enthusiast and his somewhat unexpected passing has caused deep and widespread regret.

To his bereaved wife, sister and other relatives, sincere sympathy is extended. The remains were removed to Aglish Parish Church and the accompanying cortege was of large and representative proportions, while there was again a big concourse of mourners at the subsequent interment in the adjoining cemetery. Very Rev. Fr. Quinlan, P.P., Rev. Fr. Morrissey, C.C., and Rev. Fr. Casey, C.C., officiated.

WATER SUPPLIES A new group water supply scheme has been approved for the Ballycurran area. Extensions of the Ardmore and Oshinmore schemes have also been sanctioned.

SALMON FISHING In this area the salmon fishing season will open on Monday next. All crews are now ready for the opening date.

HUNTRIG The West Waterfords met at Woodene Hill, Kinsalebeg, on Saturday last. Heavy rain and unfavourable conditions generally militated against good sport.

G.A.A. The local clubs, Ardmore, Clashmore and Geroldines are already busily engaged making preparations for the forthcoming championships. The new club, Kinsalebeg is also eagerly looking forward to the competition.

TALLOW NOTES

LATE CHARLIE DALY The following priests officiated at the Requiem Office and High Mass for the repose of the soul of the late Mr. Charlie Daly, 'Corner House', Tallow, whose death was reported in last week's issue. Rev. Fr. Talbot, P.P., Tallow; Rev. Fr. P. Russell, C.C., Ballyduff Upper; sub-deacon, Rev. D. Slattery, C.C., Lismore; master of ceremonies, Very Rev. Canon Dunphy, P.P., V.G., Lismore. In the choir were: Rev. J. Quailly, C.C., Lismore; Very Rev. R. Lane, P.P., Ballyduff; Very Rev. Fr. Ryan, P.P., Conna; Rev. M. Condon, C.C., Tallow; Rev. D. Clancy, C.C., Glasgow, Scotland; Rev. M. Barry, Johannesburg, South Africa.

The interment took place immediately afterwards in the adjoining cemetery, in the presence of one of the biggest attendances ever seen in the town.

DRAMA GROUP FORMED At a meeting held in Our Lady of the Wayside Hall, Kilmacthomas, on Thursday, January 21, a Drama Group was formed in the parish.

The following officers were elected: Chairman, Rev. Sean Nugent, C.C., Glendine; vice-dean, Miss M. Fitzgerald, Castleisle, Youghal; Hon. Secretary, Mr. Dolly Mills, Kilmacthomas; Treasurer, Mr. M. Tobin, Tircullen, Tallow.

DEATH OF MR. P. LAWTON We regret to record the death of Mr. Patrick Lawton, Lisfinny, Tallow, which occurred at his residence on Monday morning, January 25, following a brief illness and at an advanced age. Deceased was a most popular member of the community and was for a number of years employed at the Carmelite Convent, Tallow, and was held in high esteem by all who knew him. A quiet and inoffensive man, his death is deeply regretted.

The remains were removed to the Church of the Resurrection and were accompanied by a large cortege. Very Rev. Fr. O'Brien, P.P., assisted by Rev. M. Condon, C.C., received and blessed the remains.

The interment took place on Tuesday in the adjoining cemetery. To his bereaved widow, sons, daughters and relatives we extend our deepest sympathy.

THREE-LEGGED LAMB A local sheep owner has a ewe that gave birth to a three legged lamb last week. The lamb has two legs in front and one hind leg. DELAY IN COTTAGE BUILDING The delay in the building of Labourers Cottages in this area by Waterford Co. Council is, to say the least, deplorable. It is well over three years since the erection of the cottages were sanctioned. Yet, after that lapse of time, nothing has yet been done.

Sea Walls and Urban Roads Maintenance

Dungarvan Urban Council decided at their monthly meeting to provide £3,000 for the repair and maintenance of urban roads and repair of sea walls. The repairs will have an impact of 7d. in the £ on the Dungarvan Urban Rate.

Deputy Kyne (Chairman) said that urban roads was a matter for the Co. Council mainly but he would like to suggest that the same figures as last year be provided. They should be honest with themselves and realise that they could not expect any improvements in roads if they did not increase last year's figure.

ARDKEEN NOT TO GET WINKING WILLIE

Waterford Health Authority decided at a meeting in Dungarvan on Monday, not to provide a "Winking Willie" at the gate of Ardkeen General Hospital, Waterford.

Mr. J. A. Hynes, Secretary, said that in a letter to the Health Authority the Engineer said that the Co. Council would not put up a "Winking Willie" but there would be no objection to the Health Authority erecting one themselves.

Mr. M. Morrissey said the shelter at the entrance to Ardkeen Hospital was always closed and never used. If it was demolished there would be ample visibility for motorists emerging from the hospital.

Mr. P. Cahill said he had suggested a "Winking Willie" be erected at the gate. There was no proposal for this proposal.

On the proposal of Mr. Wm. Foran seconded by Mr. Milo Galgey, it was decided to take no action.

Mr. Rd. Walsh said that he got a lot of complaints about the bend on the road to the Dungarvan Apple factory. He also pointed out that footpaths in the town would have to be repaired.

Mr. P. Whelan said that the footpaths were very bad by the Parish Church. It was an area where old people walked while going to Mass.

Mr. T. Lee said that a footpath was badly needed at the Dungarvan District Hospital. Two people had been killed there and one had been seriously injured outside the hospital.

Mr. Whelan agreed that the road outside the hospital was very dangerous but now that a factory was about to be built in the area something would have to be done.

Deputy Kyne said the ordinary maintenance of road, which was costing the Urban Council £2,500, was cheap in comparison with other local authorities.

Mr. Whelan said he did not know what the Co. Council was doing with the money provided for the urban roads. He could see nothing being done about the town.

Mr. N. Kelly said that about six loads of gravel had been dumped on the New Line, Abbeyside, by the Co. Council and it had been there for a considerable time.

Mr. Walsh said he had been objecting to the Co. Council making the New Line a dumping ground.

Deputy Kyne said he got the Town Clerk to check with the Youghal and other local authorities with regard to the cost of repairs and maintenance of roads, and Dungarvan was doing reasonably well. It was cheaper to get the Co. Council to carry out the road work than to do it themselves.

ABBEYSIDE SEWERAGE SCHEME DEFERRED

The Town Clerk said that incorporated in the roads demand was £50 for the costs of a court case in which the Urban Council was involved during the year.

Deputy Kyne said that the Council should not provide for the footpaths but should provide for the sea walls.

On the proposal of Mr. T. Lee and seconded by Mr. N. Kelly the Council decided by three votes to two to devote £500 for the repairs of sea walls.

Dungarvan Urban Council decided to defer to the next meeting a proposal to provide a new sewerage scheme to cater for the development of Abbeyside.

Mr. P. Doyle (Town Clerk) said the Urban Council purchased a total of 21½ acres at Abbeyside at a total cost of £1,762, which worked out at £535 an acre. Before the land could be leased for housing a sewerage service would have to be provided. Water and electricity were available but sewerage was not.

The Town Clerk said they would now have to decide whether they intended to service the area for sewerage. The Council had decided last year not to carry out a sewerage scheme at Friar's Walk, Abbeyside.

Mr. Rd. Walsh said that the Friar's Walk Sewerage Scheme would have been a big help to the Urban Council if it had been carried out at the cost of £900.

The Town Clerk said that if the Friar's Walk Sewerage Scheme had been run as far as "Moloney's" it would have cost £10,000 plus £2,000 for Engineer's fees. This would have been a cost of 6d. in the £ of the rates. The Council now had to provide a scheme that would be able to cope with the development of the area at a later stage.

The Council would have to employ a Consultant to work out the costing of the scheme.

Deputy Kyne said that if it was an ordinary scheme the Council would get a grant of 60% as well as contributions from the people who took the sites. He thought they should run the scheme and decide later how it was going to be financed.

Request to Repair Slipway

Dungarvan Harbour Sailing Club requested Dungarvan U.D.C. at the monthly meeting on Friday night to repair the slipway at the Look-out and to clear the shore in the vicinity of large rocks and stones as it caused a danger hazard to the many boats which used the water.

A letter from Mr. G. O'Leary Secretary of the Sailing Club, stated that the slipway was broken in places and it was very difficult to launch boats. There was a danger of the boat trailers slipping into these holes and consequently a boat might fall off a trailer and be badly damaged.

The 22 boats in the club were launched and taken out of the water on the slipway. The total value of the boats was over £3,000. The letter also pointed out that the large stones and rocks that were strewn about in the water caused a danger hazard.

Mr. P. Doyle (Town Clerk) said it would cost approx. £15 to repair the slipway and it would cost £45 to clear up the stones and rocks. No provision had been made in the estimates for this work and no grants would be available.

The Council decided to refer the matter to the annual Estimates Meeting for further consideration.

KILGOBINET DRAMATIC SOCIETY

An Thursday night next, the Kilgoibinet Dramatic Society will face the footlights in the Town Hall, Dungarvan with their current production "Leave It to the Doctor," by Anne Daly, and a one-act play "Love and Acid Drops," by Seamus Burke. This will be the final performance of both these plays by the Group, this season and patrons should not miss this opportunity of seeing yet another first class show. With some old and new talent, the standard remains at its usual high peak, which may best be remembered in plays like "Sive," "The Country Boy," and "Mungo's Mansion," to mention but a few.

Rehearsals of both plays have gone on during the past few months and the producer Rev. M. Farrell, C.C., had a very difficult task, owing to the erection of the new stage in the Coolnasmeear Hall, which, incidentally, has been the desire of the club down through the years. It is like the realisation of a dream to have the old school converted into a parish hall. This is a great achievement for the Club, as much of the work has been carried out by the members, with the Chairman Mr. M. Foley and Stage Manager Mr. Liam Fitzgerald and Mr. Andrew Kelly in charge of the erection of the stage, while Mr. John Hickey, who is in charge of lighting and effects, has installed a complete set of lights in the Hall. Dynamic President, Rev. M. Farrell, C.C., is to be congratulated on designing and supervising the renovation of the Hall.

Both plays have already been staged in the Coolnasmeear Hall and the Patron of the Club, Rev. Denis McGrath, P.P., complimented Mr. Farrell and his cast for the very high standard attained in the production. Accordingly, all those coming to the Town Hall, on Thursday night are assured of a good night's entertainment.

Dungarvan Macra Annual Dinner

Waterford Co. Executive of Macra na Feirme held their annual dinner-dance, at Devonshire Arms Hotel, Dungarvan, on Wednesday, 13th January, and which was attended by over 100 Macra members, from all over the county. The toast to Macra-na-Feirme was proposed by Mr. J. Rushe, B.Agr.Sc., H.Dip.Ed., C.E.O. who said: "Now more than ever, perhaps, it is necessary to give encouragement and inspiration to Macra-na-Feirme, the youthful land army, upon whose shoulders rest—with-out any doubt—the future of farming in Ireland."

"For farming to survive here, a quickening of pace and a more dynamic approach are required and the older generation, settled in their ways and feeling the stresses of advancing years, are not equal to the challenge. The spirit may be there in certain cases, but the physical resources are not and thus the younger people, you of Macra na Feirme, are called upon to lead the way."

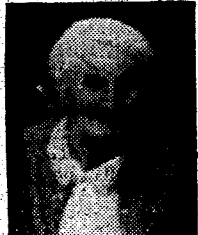

In reply to Mr. Rushe, Mr. Michael Joseph Noonan, National President of Macra na Feirme stated: "In Ireland, to-day, the vocation of farming of farming life on the land was a complex and competitive way of living. A farmer, if he wants to remain in business over the next decade, must be educated in the modern trends of his profession. The farmer must utilise his farm to its fullest potential and above all, he must have a deep attachment to the land. He must be aware of the many advantages in farming."

Mr. Noonan said it was imperative that agriculture should retain its right place in the economic and social life of the country and must never be sacrificed to urban industry.

Music for the dance was played by the Power Brothers, which everybody enjoyed immensely.

Approved Over-Expenditure

Waterford Health Authority unanimously approved of over-expenditure of £1,175 at a meeting in Dungarvan on Monday for the extended heating in the Health Authority's hospitals, for the next two months.

The over-expenditure of £1,175 was proposed by Mr. J. Griffin and seconded by Mr. Wm. Foran.

The problems of caring for old people in Waterford were discussed at a meeting of the Waterford Health Authority in Dungarvan, on Monday.

Mr. E. Browne said that he knew of some very disturbing cases which had been brought to his notice, concerning old and infirm people. Some of these people had been sent to hospital because of illness but had been sent home to make room for other people. Young people had to leave employment to take care of the old people. Mr. Browne said that old people would not get expert attention at home. He knew lots of these old people who could not be accommodated in hospital. He suggested that huts be built in the vicinity of St. Patrick's Hospital, Waterford, where old people could be accommodated and have the expert attention they would not get at home.

Mr. J. A. Hynes (Secretary) said he had received a letter from the Mother Mary Aikenhead Social Centre, Waterford, who were looking for assistance. The letter stated that the society which comprised of representatives of all local bodies were engaged in providing hot meals and washing facilities for old people living alone or in institutions. There was a shortage of copper containers for food and it was intended to buy three washing machines. It was hoped to reduce the number of people who needed hospital care. Between £400 and £500 was needed by the Society.

Mr. J. Griffin said the members of the Health Authority would endorse the recommendations of Mr. Browne and his own reaction was that it was only logical. If extra accommodation was provided it would provide better care for the aged and a reduction of the hospital beds. He suggested that they should investigate Mr. Browne's proposal. However, he would not agree with huts being built in the vicinity of the hospital.

He suggested that they get some accommodation in some other part of the hospital buildings. Mr. Hynes said that if huts were built in the vicinity of the hospital it would create problems and sewerage and other facilities would have to be provided.

Mr. Griffin suggested that a report should be sought from the Health Authority Engineer regarding the number of beds that could be provided in the unused section of the St. Patrick's Hospital. He proposed they should give a grant of £450 to the Society. This was seconded by Mr. E. Browne.

Mr. P. Cahill said that old people should not be sent home from hospital as they were entitled to expert attention.

Mr. Hynes said that of the 320 beds in Ardkeen General Hospital the doctors had a right to twelve of them for private patients.

Mr. Cahill suggested that the beds be taken back from the doctors and used for old people. He knew old people who needed care and who were on a waiting list to get into hospital.

Mr. Hynes said that it was a condition of employment that the doctors be given beds for private patients.

Mr. Milo Galgey said the doctors had been employed under certain conditions and these conditions could not be changed. He was in favour of taking back the beds but it could not be done.

The Health Authority unanimously agreed that the Visiting Committee meet the Engineer at St. Patrick's Hospital with a view to discussing how many beds could be provided in the vacant part of St. Patrick's Hospital. Mr. Wm. Foran said that young people were not caring

for their parents anymore. Mr. T. Gallagher said it was pitiful to hear of some of the cases member of the Health Authority came across in Waterford.

Mr. Hynes said that Waterford was far over the average with regard to bed accommodation, in comparison to other parts of the country. Mr. Milo Galgey said that people were fed up with the old people as far as he could see. That was the reason why so many old people were looking for hospital accommodation.

Mr. Foran said that young people were running away from the responsibility as far as old people were concerned. Sons and daughters were forgetting fathers and mothers who worked and slaved for them all their lives. Mr. Cahill said he had been told some time ago that beds were vacant in Ardkeen General Hospital and that unit had been taken over by the Mental Hospital. Why had this unit not been taken over and given to old people.

Mr. Galgey said that they had no regret for taking over the Unit for mental hospital patients.

Mr. Griffin said if the Health Authority provided £450 for the St. Mary Aikenhead Centre they might shame children into caring for their parents. It was unanimously decided to provide £450 for the St. Mary Aikenhead Centre. Mr. Curran said that wonderful work was being done in Waterford City. Great things were being done by nurses and doctors and by

Mr. Griffin who was playing a very prominent part.

Mr. Curran said it was intended to open a Psychiatric Unit at Ardkeen General Hospital a long time ago. He wanted to know why there was a delay.

Mr. Hynes said that there were some staff matters to be finalised before and they were waiting.

Mr. Curran asked if he would be right in stating that some of the people they had thrown money at recently were holding the sick of Waterford up to ransom. There was a militant group in St. Otteran's who were holding the sick up to ransom. They should be ashamed of themselves and were not fit to be in the nursing profession. The other nurses in the Health Authority were a credit.

Mr. M. Morrissey said that the members of the Visiting Committee should pay more attention to the patients than to the farm.

Mr. Galgey said that when a crisis arose in St. Otteran's Hospital some years ago and there was the possibility of a strike, the R.M.S. sent out 375 circulars to the families of patients asking them to look after the patients. He only got three replies from families and it appeared that people were not prepared to look after their own kith and kin. Plenty of patients were well enough to go home but they had no one to take them. Mr. T. Gallagher said that the Health Authority had a very competent medical staff at the mental hospital and if patients were fit to leave they were glad to see them home.

LOCAL INITIATIVE DEMANDS WATER AT ECONOMIC COST

The question of water in the news again, sparked off by the decision of the County Council to proceed with a £1 million scheme in the Modeligo area. It has been stated by the County Engineer, Mr. J. D. Hally, that some 500 farms and houses require a piped supply and that the cost will amount to at least £500 per consumer if they avail of the scheme.

At this stage the N.F.A. took an interest in the matter, not forgetting that it was not so long ago that the farmers of County Waterford protested in the usual manner at the proposal to implement piped water schemes throughout the county at an estimated cost of over £2,000,000 with a consequent sharp increase in the county rates.

After a meeting with Co. Councillors in Dungarvan, at which members of the N.F.A. County Executive outlined their grave doubts as to the economic sense of the proposed scheme as compared with local schemes deriving their water from local borings either as groups or as individual installations, it was decided to call three local meetings in the area in question. Well attended meetings have subsequently been held in Touraneena, Kilbrien and Modeligo, and at each a remarkable interest was shown in the problems involved.

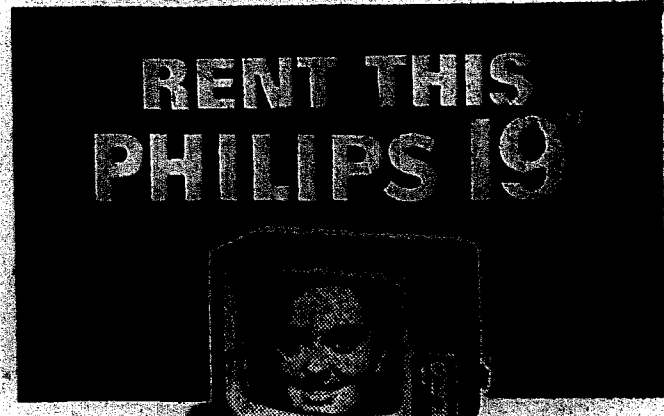

All were agreed that piped water was a necessity but the question of cost foremost in the minds of the many people who voiced their opinions. Perhaps the economics of the proposals were high in priority when considering the alternatives. It was generally agreed that expensive pipe-lines from remote sources of water was unrealistic in an area that possessed abundant supplies. Local group schemes and private borings were the modern answer to the demand for piped supplies and

could be accomplished at much less than half the cost of major schemes envisaged by the County Council. It was stated that in the Modeligo Parish area perhaps three out of four farmers already had their own supplies and that the figures of over 500 houses who were demanding water could not be borne out. It was the case the figures per instalment would be greatly in excess of £500 and could run to twice that figure.

It was finally decided to form local committees in each area to deal with the problem of obtaining water supplies at minimum cost. The first essential was to obtain a survey of those who had water already and those who required it; with this task accomplished the committees, working in co-operation with each other, could then state their case to the County Council.

Assisting at these meetings were the local clergy, who took a most active interest in the formation of the new committees and in the economics of the proposed alternatives, members of the Co. Council, including the Chairman, Mr. C. Curran, and notably Messrs. Sean Whelan and Kieran O'Ryan, and members of the N.F.A. Co. Executive.

Warning on Dog Menace to Sheep

Every year, particularly at about this time, considerable numbers of sheep and lambs are killed or injured by dogs which are allowed to roam at will.
The danger is greatest at this time of year when ewes are in lamb or have lambs with them and the chasing of a flock by dogs may wipe out a farmer's earning from his sheep for a whole year. While dogs also chase a lot of stock, sheep are the most vulnerable and even when sheep are not actually savaged they may be severely injured by dashing, dashing, dashing or by dashing against fences or hedges.
Dog-owners have not only a moral but also a legal duty to keep their dogs under control. The obligation is now greater than ever in view of the efforts being made to increase livestock numbers generally in the interests of the national economy.
Owners are forced, against their will, to lay poison to protect their flock.

Deputy Ormonde has Bus Re-routed for Schoolchildren

In accordance with numerous requests by his constituents, to have the bus service on the Clonmel-Dungarvan route altered so as to facilitate schoolchildren, Deputy Sean Ormonde brought the matter to the attention of the Minister for Transport and Power, who in turn, passed on Deputy Ormonde's request to C.I.E.
The following reply was received from Mr. S. Linehan, Area Manager, of C.I.E., to Dep. Ormonde's request:—
"I have been acquainted by the Minister for Transport and Power of your representations regarding an alteration of the route of the Clonmel-Dungarvan bus service in order to facilitate schoolchildren travelling to schools in Dungarvan. Having examined the position I find that there will be no difficulty in re-routing the bus to facilitate the children.
"It will be diverted through the town of Dungarvan and will stop at the Technical school, thence to the Presentation convent and at O'Donnell's Mitchell St., for the C.B.S. Mercy convent and St. Augustine's College. The Garda Authorities have been seen and they have no objection to the proposed re-route which is being implemented for March."

Repairs to Town Hall

Complaints were made at a meeting of Dungarvan Urban Council that the condition of Dungarvan Town Hall was "terrible" and that repairs should be carried out immediately.
Mr. Paddy Whelan said the Town Hall was being used a lot recently for various functions and it was in a terrible condition. Recently one of the windows fell down and the frame was found to be rotten. If something was not done with the Town Hall clubs and societies would not use it. He suggested that the Council get an estimate from the Urban Engineer (Mr. P. Walsh) for carrying out repairs on the hall. People should be encouraged to use the hall and any money made should be ploughed back into the hall. Repairs were badly needed and were long overdue.
It was decided to have an estimate for the repair of the hall from the Urban Engineer.

N.F.A. NEWS Increased Subscription

GRAIN PRICE INCREASES WELCOMED

The Government's announcement on increased prices for wheat and feeding barley is to be welcomed. Particular thanks are due to the Minister for Agriculture, Mr. Haughey, for securing Government approval for the increase of 5/- a barrel in feeding barley. This is the full amount sought by the N.F.A.
The position is not quite so satisfactory with wheat, where the increase of 3/- a barrel falls far short of the 9/1 increase sought by the Association.
While these increases should go some way towards stemming the declining acreage under grain, it must be stated that the wheat price increase is not sufficient to restore acreage under that crop to a satisfactory level. It is also disappointing that the target quantity of wheat is reduced by a further 5,000 tons.
The effects of reduced grain acreage last year were reflected in the Balance of Trade figures for 1964; the country was forced to import larger quantities of grain and this contributed significantly to the increase in our Balance of Trade deficit.
Pig producers will be watching carefully to see that the promised compensation for increased costs is implemented from next Autumn. The N.F.A. is not satisfied that pig producers were adequately compensated for the rise in feed costs last year. This is borne out by the lack of expansion in bacon production, which is still inadequate for the available market outlets. No allowance was made during the year for the barley requirement on the farms for feeding pigs.

MEAT MARKETING BOARD NEEDED

The N.F.A. welcomes the Government announcement that interim action is to be taken to assist our carcass beef export trade to Britain by giving a temporary price assurance on cattle slaughtered for the British market.
But the Association maintains that the only long-term solution to the development problems of the entire meat and livestock industry is the establishment of a Meat Marketing Board.
The Government has decided, as a temporary measure, until the end of June next, to make payments to carcass beef exporters for good quality fat bullocks and heifers slaughtered by them and exported to the United Kingdom, equivalent to any payments made from week to week on these classes of cattle (including Irish stores fattened in the U.K.) under the British Fatstock Price Guarantee Scheme. This arrangement will come into operation in respect of cattle slaughtered at meat export premises as from February 1st. The arrangement will, of course, apply only to exports to the United Kingdom.
The Government is also examining in a comprehensive way the general future position as regards exports of meat and livestock.

NOTORIOUS CLAUSE

Grave dissatisfaction was expressed, however, with the intransigent attitude of the Minister for Lands towards the N.F.A. proposal on more fundamental issues in the Bill. The N.F.A. Council was particularly disappointed that the notorious clause which among other things, leaves an outfarm open to acquisition if it is over three miles from the residential farm, still stands in Section 35 of the Bill. The Council noted that assurances given by the Minister at meetings with N.F.A. delegations and in the course of Dail debates, regarding the manner in which the present Government and the present Land Commission intended to implement Section 35, would have no legal standing now or at any future time unless those assurances were written into the Bill itself.

NEW CHIEF ORGANISER

The appointment of 26 year old Murroe, Co. Limerick man, Richard V. Hourigan, B.Agr.Sc., as Chief Organiser was sanctioned by the National Council. "I intend to do my utmost to achieve 100% farmer membership of this organization," says Mr. Hourigan, "but the measure of my success will depend to a large degree on the co-operation I receive at local level."
Richard is no stranger to the organising side of N.F.A. After graduating from U.C.D. three years ago, he spent a year as a field organiser in the Limerick, Tipperary and Kilkenny area. Subsequently he was appointed Secretary to the National Grain Committee and then to a similar post with the National Dairy

farmer in the Congested Areas is assessed on output.

This means that a small holder who increases his production forfeits some or all of his Social Welfare payments, depending on the extent of his increased production.
An all-out effort must now be made to rid the small farmer in these areas of the fear of increased production. It must be made plain to them that increased effort on their part means increased income. They must be taught to use the Advisory Services and all other Government production campaign.

NO BARRIER BETWEEN INDUSTRIAL WORKER AND FARMER

"The problems of the farmer and the industrial worker are complementary and I deny any tendency to build a barrier and promote antagonism between these two fundamental sectors of our community." This was stated by Mr. David Dolan, National Council member of N.F.A. at a N.F.A. Dinner in Shannon Airport.
Recalling the resignation of Mr. Smith, the former Minister for Agriculture, Mr. Dolan said that because Mr. Smith had made his stand against what he regarded as unjustified wage demands by the trade unions, the belief had spread among industrial workers that the whole rural community resented the advancement of the urban dweller and wished to call a halt to it.
"This is not true," said Mr. Dolan. "It would be wrong for us to adopt interests which would run contrary to those of trade unions. We want to see the advancement of the workers in the cities, but we also want to see a similar advancement in the rural community. We, in N.F.A., do not believe in the term 'second-class citizen' whether it be applied to the city dweller or the farmer."

NEED FOR NATIONAL INCOMES POLICY

He believed in the need for a national incomes policy as the best means of ensuring, on an equitable basis, the steady advancement of the economy. This policy should not alone set targets for industrial workers' incomes but should also indicate profit margins for the industrial and allied sectors.
"A national wages policy," he said, "is unjust in that it singles out one sector and says how far it may advance while making no provision for other sectors."
Mr. Dolan said that he would like to see four types of co-operative activity being pushed ahead in this country. They would fall into the following categories: production co-operatives, such as some paces at present, marketing co-operatives like the present marts situation, manufacturing co-operatives similar to the co-operative bacon factories; and consumer co-operatives which should be promoted and managed by the producer and the consumer on a joint basis. This was being done in Britain and other countries and it would be a most desirable development here.
"He welcomed the recent announcement by the Minister for Social Welfare, Mr. Boland, of a new Bill which would make radical changes in the assessment of income from the use of land in the 'Congested Areas'.
"This measure is long overdue," said Mr. Dolan, "but it will be of little use if the Government does not fully inform the people of the new situation.
"If, on the other hand, this is done, it should release a terrific latent potential for production in the West."

HERE AND THERE

The Department of Agriculture is aiming to raise the total area of farms to 15 million tons a year. Last year over 1 million tons were applied. A statement from the Department says that ground limestone can be spread at any time and that practically all crops, including grass, will fail to give full yields in soils short of lime.
The purpose of lime is to "sweeten the soil" and to correct crops such as wheat, barley, sugar beet and mangels, may fail completely in very soil.
"I appeal to all farmers to join the N.F.A. in doing so they help others and help themselves." Rev. R. A. Heran, C.C. Knock.
The Department of Agriculture advises farmers to plant certified seed potatoes which are sold in sacks with a red metal seal marked "Department of Agriculture, Dublin," on one side and "Certified Seed" on the other. The sacks are branded to show the variety, certificate number of the grower, grade of seed, and the initials of the licensed potato merchant responsible for packing.
"It is the purpose of plan of N.F.A. to foster co-operation at parish level." Rev. R. M. Stephens, C.C. Roundford.
"Intensification" of staff branches of veterinary science will be necessary in the future because for a long time Ireland will be increasingly dependent on foreign and viable assistance. Professor J. T. Essler, V.C.D.

NO DANGER FROM EGGS

The Dept. of Agriculture has received reports that some people have been reluctant to buy eggs for home consumption since it was announced that signs of low fever had been discovered in poultry on farms in the South.
The Department wishes to make it clear to the public that there is no danger whatever from eggs.
It has been reported also that poultry-keepers have been slow in recent weeks to buy day-old chicks, and the Department assures all such people that no restrictions because of low fever have been put on any privately-owned hatchery. The source of the infection was traced to the Agricultural School at Glonakilly, Co. Cork, and all adult fowl taken from the school during the past 12 months have been followed up. All 21 farms involved in these movements of birds have been tested and none have been found to be infected. A positive reaction to all poultry and poultry products on the farms concerned have been destroyed. Almost half of these 21 farms showed no reaction to the test.

ST. MARY'S A.G. HAD BUSY YEAR

The local Athletic Club, St. Mary's, are now in the middle of what must surely be their busiest season to date. Since its inception some five years ago, the club has concentrated in the main on cross-country events but this year has high hopes of making its mark in track competitions.

A peculiar aspect of the club's character revealed itself this year when some very successful events were sponsored, but participation by members of the club in the actual races was very small indeed. This is a situation which should be remedied and there is every indication that it will be before long; for one result of these races was the awakening of the interest of the youth of the town and the club is now in the happy position of having a wealth of young talent at its disposal. Here, surely, is the herald of future success.

The annual round-the-houses races this year were greeted none too kindly by the weather-man and the rather miserable weather conditions all but caused a postponement. Still the show went on and the high standard of previous years was well and truly maintained if not indeed surpassed. If the main award did not go to a member of the local club what a gratification it was to see a "past-pupil" in the person of Junior Cummins capture the trophy. Here is a race at which St. Mary's A.C. have become most adept and it is worthy of notice that many other clubs have taken their cue from them and promoted like events in other areas.

Quite recently, however, the club was handed its greatest undertaking when the Munster Novice Championship was fixed for Gillsossera. This was a challenge but it was met with confidence and the overall result was spectacular. Once more the elements seemed to conspire against the home club as athletes from every county in Munster converged on the race-course. Yet in spite of the atrocious conditions, Munster officials were loud in their praise of the arrangements and more than one prominent individual proposed that the Gillsossera venue would be an ideal one for the All-Ireland champion-

ON Sunday next at Dungarvan's Friary the Gaels of the County will convene for the annual County Convention. They will review the year 1964 in all its phases and elect for the coming year officers and representatives to Munster and Central

Three nominations have been received for the Chair, but it is doubtful if either Nicholas McGrath or Pat Coffey will stand against the man in possession, Jamie Moloney. Likewise, outgoing Treasurer, Paddy Kenneally, but again I expect no contest by the time Sunday comes around. Mount Sion's Seamus Grant, the Eastern Board

Secretary, has again been nominated to stand against the long serving Co. Secretary, Declan Goode, and this time I have been reliably informed that the Eastern man is standing. What an intriguing position that would lead to; Seamus Power and Tom Lannon seem certain to be re-elected as the County's representatives on the Munster Council, as neither Tom Cunningham nor Nicholas McGrath, who have been nominated also, are likely to stand. Four nominations have been received for the one position of representative to the Central Council, but again it will be a major surprise if the outgoing man, Charlie Ware, (snr.) is defeated.

The report of outgoing Secretary, Declan Goode, could hardly be improved on. It is detailed and accurate and gives a true picture of the G.A.A. scene in the County during 1964.

He says it is time for this great Association of theirs to cast aside some of the smug satisfaction and throw its full weight into the Gaelic offensive on all fronts now more than ever. This was important as he felt at the present time that they were on the slippery slopes and dedication must be the password—a must to survive.

In the 80 years that have passed he said since the Gaelic Athletic Association was formed it had helped more than any other national organisation in fostering national spirit amongst their people. Their association was founded not merely to promote and develop physical fitness to proclaim champions or to assemble, vast gatherings of onlookers, but all these things are disciplined factors in the restoration of the historic Gaelic State and institutions.

The Secretary went on to deal separately with Waterford's participation in all the various championships. He stated that the senior hurlers made earnest preparation for the Munster championship and that no effort was spared by the Board, the selection committee or the team's P.T. instructor. The team however, on the round,

never seemed to click and their display could be termed lackadaisical in the first half. This defeat came, he said, as a surprise to their legion of followers but had they availed of the opportunities offered they could have won by a handsome margin.

have the welfare of the footballers at heart. In a motion they ask that a panel of 25 players be selected and put into training at least one month before the commencement of the Munster senior football championship and before the commencement of the 1965-66 national football league and that in each case at least two challenge games be played within the three weeks prior to the first round. The same club has tabled a similar motion for the junior footballers in relation to the championship. Mitchels also ask that at a first meeting of the County

Councils. Thirty two motions in all have been listed and two of them not surprisingly deals with the controversial ban. John Mitchels ask that Rule 27 (the Ban) be deleted from the Rule Book whilst Ballyduff Lower ask the rule be rescinded.

MOTIONS

This being the year for the Ban motions it comes as no surprise to have two motions tabled dealing with that controversial subject. Both John Mitchels and Ballyduff Lower are seeking its removal and a lively debate is certain to en-

Waterford Gaels Convene

ON Sunday next at Dungarvan's Friary the Gaels of the County will convene for the annual County Convention. They will review the year 1964 in all its phases and elect for the coming year officers and representatives to Munster and Central Councils. Thirty two motions in all have been listed and two of them not surprisingly deals with the controversial ban. John Mitchels ask that Rule 27 (the Ban) be deleted from the Rule Book whilst Ballyduff Lower ask the rule be rescinded.

Three nominations have been received for the Chair, but it is doubtful if either Nicholas McGrath or Pat Coffey will stand against the man in possession, Jamie Moloney. Likewise, outgoing Treasurer, Paddy Kenneally, but again I expect no contest by the time Sunday comes around. Mount Sion's Seamus Grant, the Eastern Board

Secretary, has again been nominated to stand against the long serving Co. Secretary, Declan Goode, and this time I have been reliably informed that the Eastern man is standing. What an intriguing position that would lead to; Seamus Power and Tom Lannon seem certain to be re-elected as the County's representatives on the Munster Council, as neither Tom Cunningham nor Nicholas McGrath, who have been nominated also, are likely to stand. Four nominations have been received for the one position of representative to the Central Council, but again it will be a major surprise if the outgoing man, Charlie Ware, (snr.) is defeated.

The report of outgoing Secretary, Declan Goode, could hardly be improved on. It is detailed and accurate and gives a true picture of the G.A.A. scene in the County during 1964.

He says it is time for this great Association of theirs to cast aside some of the smug satisfaction and throw its full weight into the Gaelic offensive on all fronts now more than ever. This was important as he felt at the present time that they were on the slippery slopes and dedication must be the password—a must to survive.

In the 80 years that have passed he said since the Gaelic Athletic Association was formed it had helped more than any other national organisation in fostering national spirit amongst their people. Their association was founded not merely to promote and develop physical fitness to proclaim champions or to assemble, vast gatherings of onlookers, but all these things are disciplined factors in the restoration of the historic Gaelic State and institutions.

The Secretary went on to deal separately with Waterford's participation in all the various championships. He stated that the senior hurlers made earnest preparation for the Munster championship and that no effort was spared by the Board, the selection committee or the team's P.T. instructor. The team however, on the round,

never seemed to click and their display could be termed lackadaisical in the first half. This defeat came, he said, as a surprise to their legion of followers but had they availed of the opportunities offered they could have won by a handsome margin.

MOTIONS

This being the year for the Ban motions it comes as no surprise to have two motions tabled dealing with that controversial subject. Both John Mitchels and Ballyduff Lower are seeking its removal and a lively debate is certain to en-

Kilmacthomas centre preferably.

AN LEAGUE SYSTEM The Tramore Club want the Phelan Cup run on the league system with the Co. divided into two groups. Games to be played on a home and away system such as the national hurling and football leagues.

Abbeyside ask that an under 21 hurling championship be run within the County and all teams participating be sponsored by minor hurling clubs.

These are but some of the motions down for discussion. Doubtless many of them will provide considerable food for thought and none will be passed without full and detailed discussion. Incidentally the Convention will be addressed by a member of the newly appointed hurling commission and he will outline the part Waterford can play in reviving hurling.
