## Manager Agrees To Accept Rate Of 56/6

### HEATED EXCHANGES AT COUNCIL MEETING

**THE third and final meeting of Waterford County Council on Thursday last to decide a county rate for the coming year, was one of the most tempestuous and heated for a long time. Crossfire was repeatedly exchanged and at one stage the Co. Accountant, Mr. F. J. O'Leary went to leave as a protest against allegations made by Colr. Norman Walsh.**

Finally the Co. Manager (Mr. S. J. Moynihan) agreed to accept a rate of 56/6 in the £, a figure he had said was not acceptable when the Council struck this rate at the previous meeting. On this occasion, however, the Manager agreed to read a debit balance on roads over two years and to pay off only £7,700 of this year; to reduce the figure for public amenities from £2,000 to £1,000, to take £1,000 off the water charges, thus making a rate of 56/6 in the £ acceptable.

At the outset, the Secretary, Mr. J. G. Dowling, read a statement by the Manager on the matter. Mr. Walsh said it was a great pity that they did not get the Manager's statement the same day they received the notices for the meeting. They had just been given the statement and were not in a position to comment constructively on it.

Mr. Kieran O'Ryan asked if it meant they would have to go through the estimates again.

Mr. Curran (Chairman)—No. Mr. Norman Walsh said at the last meeting they struck a rate of 56/6 in the £, which the Manager would not accept. At that meeting their total reductions made for a rate of 57/4.

Mr. Walsh was prepared to accept a rate of 57/- and to find economies himself to the tune of 4d. The Manager did not say they would have to find economies but he himself would do it. He (Mr. Walsh) was satisfied the Manager and officials could effect economies if they wanted to.

Deputy T. A. Kyne said the Manager the last day was prepared to accept a lesser rate than 57/4. He knew the cuts would be made on the roads and that would mean that Irishmen would be deprived of labour. If Colr. N. Walsh wanted that it was all right. Mr. N. Walsh—the Deputy will not frighten me.

Deputy Kyne—I am not trying to frighten Colr. Walsh. I get my votes from a different area to Mr. Walsh. Mr. Walsh—the Chairman himself backed down last year when the cut had been made on the roads, and he came crawling back when workers were to be let go.

Deputy Kyne went on to state that the Co. Manager would be going from them soon. He was a wonderful and understanding Manager and one of the best they ever had. He was sorry they would not have him for a longer time.

Colr. J. Drohan said it was a bad policy to be increasing their overdraft. He would be in favour of a higher rate if it would wipe out some of their overdraft. It was very bad house-keeping to be increasing their overdraft.

Mr. Thomas Lannon said that during the last 15 or 20 years the rates were rising and they had not half the working men now as they had then. Salary increases was

estimate. But he came crawling back to the Council with a supplementary estimate when roadworkers were to be let go.

The County Engineer said he included in the estimates £2000 for amenities and it was hoped to get three times as much in grants. That would employ about ten more men but if the amount of money was reduced by half so also would the grants, and they would employ five men.

Deputy Kyne—Just as I said. That is typical of Fianna Fail. Do you remember Mr. Chairman the case of a doctor in Clashmore?

Mr. N. Walsh—I am warning you Deputy. I am asking the Secretary to take note of what the Deputy is saying.

Mr. N. Walsh—Mr. Chairman, this is an estimates meeting.

Mr. O'Ryan—Deputy Kyne himself has been responsible for the increase in rates by voting for huge increases.

Deputy Kyne said if it would help the Chairman he would withdraw the statement about the doctor in Clashmore.

Mr. Walsh said what they should do was get up from this County Council and leave as a body in protest. They were not able to give the people the services they required. At a Health Authority meeting the other day an increase of £1000 a year was given to a doctor.

Mr. W. Foran said if they were to strike a proper rate it would be nearer to 60/- in the £ and there would be redundancy all over the county.

Mr. Curran said there was no question of redundancy.

Deputy Kyne—That is neither an accurate or fair statement.

Mr. Curran said he was ruling that a rate had been struck at the previous meeting and the Department could remove it from public life if they wished. This meeting was called to put the estimates in line with that rate. He was suggesting that £7,700 of the debit balance amount on roads passed last year be spread over the next two years and that they take £1,000 each from amenities and water charges making a total reduction of £9,700.

The Co. Accountant, Mr. O'Leary said to strike a rate of 56/6 they would require a further reduction of £2,000.

Mr. Lannon said when he proposed a rate of 57/11 at the last meeting he was putting it up to those who had voted for increases etc. He wanted to see if they were realistic and genuine.

Mr. Curran said this meeting was called to reduce the estimates so as to get them into line with that rate.

Deputy Kyne said that last year the Chairman (Mr. Curran) said there would be no unemployment through his decision to reduce the roads

works only as part of a comprehensive drainage under the Arterial Drainage Act, 1945, for the entire Blackwater Catchment. Such a scheme would be considered in due course but owing to the magnitude of the drainage problem generally and to the extent of their present commitments when it could be placed on the arterial drainage programme.

Mr. Heskin said he wished to stress the urgency of this case. Good land was being taken away and quick action was necessary.

The C.A.O. (Mr. P. Conroy) said the land was sinking away as Mr. Heskin had stated.

Mr. Heskin said he received a reply from Mr. O'Malley recently stating that he was advised that work on the river Blackwater

was necessary.

#### DEPARTMENT'S LETTER ON MANAGERIAL POST

A letter from the Dept. of Local Government concerning the appointment of a new county manager for Waterford was read. The Secretary (Mr. Dowling) said a resolution by Mr. Lannon, passed at the last meeting of the Council that they create a post of Manager-Secretary instead of ap-

#### COLR. WANTS WIRE ON YOUGHAL BRIDGE REPLACED

The wiring at the east and west sides of the new Youghal Bridge was criticised by Mr. Michael Hartly at a meeting of Waterford County Council on Monday last.

#### Council Refuses Increases

By eleven votes to three, Waterford County Council refused to grant increased salaries as agreed by arbitration to the County Engineer and the Chief Assistant Engineer.

The Chairman, Mr. Charles Curran, said the new scales for these people were the result of an arbitrator's award. Whatever decision they arrived at to-day would not be effective.

The Chief Assistant Engineer, Mr. J. Ormonde, who was deputising for the Co. Engineer, said in his particular case every chief assistant and assistant engineer in the country had got this award and he was presently working on a lower salary scale than the assistant engineers under him in the Council. He was forty-one years of age and was now near retirement, and in view of that he would greatly appreciate it if they gave the increase to him rather than have him to get it elsewhere.

Replying to Mr. Hartly, Mr. Ormonde said the increase would effect his pension rights.

The County Accountant (Mr. F. J. O'Leary) said the County Engineer's present salary was £2695 and it was proposed to increase it to £3136.

The Chief Assistant County Engineer had £1830 and it was proposed to give him £2352, whilst the Storekeeper was on £952 and it was proposed to give him £1125.

Deputy Kyne said he would move that the new salary scales be given. Mr. Ormonde's case was an exceptional one, he added. He was a lifetime with the Council and if they turned him down he could appeal it to the Minister and it would be granted. They should give it to him as a gesture for his services to the Co. Council.

Mr. T. Lannon, proposing that they reject it said the County rate was up by 5/- this year and if they were to be realistic about it they would have struck a rate of 70/-. Where would it all end, he asked.

Mr. Kieran O'Ryan seconded.

The Chairman, Mr. Curran said this was an arbitration award and whether they approved of it or not the Minister would grant it.

Mr. Curran said he was ruling that a rate had been struck at the previous meeting and the Department could remove it from public life if they wished.

#### TRAGIC DEATH OF MASTER JOHN COLEMAN

The death of Master John Coleman, occurred recently under tragic circumstances. He was playing with other youths at Mill Hill, London, when the ball they were playing with went into a swimming pool, covered with ice. Apparently the ice gave way under John and another boy, a playmate of John's, and both were drowned. John was very popular in the area in which he resided. He was son of Mr. and Mrs. William Coleman, 48 Gloucester Grove, Burnt Oak and formerly of 14 St. Bridget's Terrace, Dungarvan, to whom we tender our sincere deep sympathy in their great loss. Deceased's father, Billy Cole-

man, Monday, 15th March. The chief mourners were: William Coleman (father); Mrs. May Coleman (mother); Anthony, William, Richard and Patrick (brothers); Bernadette (sister); Miss A. Coleman, Mrs. Pauline Long, Portlaoine, Mrs. K. Carlton, Mrs. B. Carroll, Mrs. T. Ridgeon (aunts); Mr. Monny Coleman, Mr. M. Coleman, Scotland (uncles); Mrs. B. Coleman (grandmother); Mr. and Mrs. Cunningham, London, Mr. and Mrs. N. Noonan, do., Mrs. Barnes, do., Mr. and Mrs. Curzon-Berners (relatives); Mrs. B. Rio (aunt).

Mass for the repose of his young soul was celebrated at the Catholic Church of the Annunciation, Burnt Oak, on Monday morning, and all the pupils of the local schools were present. After Mass the funeral took place to Hendon Cemetery. Many Irish people residing in London were present, including relatives and friends, as follows: Richard and Vincent Long, Portlaoine; Gerald Condon, Dungarvan; Phil Wall, do.; Mrs. N. Noonan, Kilburn; M. Noonan, do.; Jack Healy, Portlaoine; Mr. and Mrs. O'Grady, Sligo; Michael Morrissey, Abbeyside; Mrs. Appell, London; Mrs. Burke, do.; Eddie McAuley, Dublin; Mr. and Mrs. Cunningham, London; Mrs. Barnes, London; Mrs. B. Rio, do.; Mr. Kearney, Lismore; Mr. Downey, Kilmacthomas; Mr. and Mrs. Curzon-Berners.

Several floral tributes were received. John's playmate, Brian Copous, was also laid to rest in Hendon Cemetery. Rev. Fr. Smart officiated at the interment.

how to choose the right fertiliser

Firstly, ask your C.A.O. to arrange a soil test for you. The results will show the amount of N.P.K. units your crop requires. The right amount of the correct fertiliser can then be worked out. Make sure you give enough nutrient to your crops so they grow properly, give the highest yields possible and provide you with the greatest profit.

## Interesting High Court Action in Waterford

### SALE OF COMBINE HARVESTER

The High Court sat in Waterford last week before Mr. Justice Murnaghan to hear a transferred action brought by Mr. James Condon, of Brennan, Stradbally, plaintiff against E. Barlow and A. Barlow trading as The Clonmel Engineering Works, and Bowmakers (Ireland) Ltd. The plaintiff's claim was for damages and breach of contract arising out of the sale of a combine harvester, purchased by the plaintiff from the first named defendants under a H.P. agreement entered into by plaintiff with the second named defendants, Bowmakers (Ireland) Ltd. on the 30th August 1962, for the price of £1150 whereby the plaintiff paid £200 deposit and was to pay three further instalments of £373.10.0 on the 6th November, 1962, and similar harvest instalments on the two succeeding years. The plaintiff complained that the said combine harvester had after sale developed mechanical troubles which prevented from fulfilling his many harvest contracts of that season, to his loss and damage. The plaintiff supported his claim by the evidence of four farmers from his district who had engaged him that season to harvest their crops and was further supported by the evidence of a motor mechanic.

At the conclusion of the plaintiff's case, defendants' Counsel made application to the Court to have the first named defendants, A. and S. Barlow dismissed from the action, and this application was granted. The defendants, having lodged a sum of £251 with their defence, denied allegations set out in plaintiff's claim and the first named defendants, A. and S. Barlow brought a counterclaim against the plaintiff for £633.8 being the balance due for work done and materials supplied in respect of the said combine harvester. The second defendants, Messrs. Bowmakers Ltd. brought a further counterclaim against the plaintiff for £574.10.0 in respect of instalment due on the 6th November and cost of overhauling and fitting new block, cost of same. After hearing the evidence of the defendants and their witnesses the court measured the plaintiff's damages and loss at £220 and ordered that plaintiff do further recover his deposit of £200, making in all £420 together with his costs. And further ordered that the counterclaim of Messrs. Bowmakers Ltd. be dismissed with costs, and allowed the first named defendants, A. and S. Barlow, a decree of £38.12.2 on their counterclaim together with costs.

Mr. Noel Peart S.C. and Mr. F. R. Morris B.L., instructed by Mr. J. Lavan (E. A. Ryan & Co. Solrs.) appeared for the plaintiff and Mr. J. Darcy S.C. and Mr. J. H. G. Lovatt-Dolan S.C. (instructed by Messrs. O'Brien and Binchy, Solrs.) appeared for the defendants.

### Twenty Years of Faithful Service

At the conclusion of last Monday's meeting of the Co. Council, the Chairman said their Co. Secretary, Mr. J. G. Dowling had completed 20 years with the County Council. He hoped he would be with the mfor many more years. All the other members joined in wishing Mr. Dowling well. The Secretary suitably replied.

## Salary Increases Refused

Waterford County Council has defied a Ministerial Order by refusing to grant salary increases to the Assistant County Engineers and the Library Staff. At last Monday's meeting of the Council it was decided by 12 votes to 2 to refuse the increases for which an order had been made by the Minister for Local Government after the staffs involved had appealed to him following rejection by the Council. Passed unanimously was a proposal by Mr. T. Lannon that they write to the Minister asking him to make provision for the salaries he himself had granted. The Chairman (Mr. Charles Curran) said the Minister had granted the increases in these cases and that was final.

Mr. W. Foran—Another hump on the ratepayers back. Mr. Curran said this was a Ministerial Order and they could do nothing about it. Mr. Lannon—I propose we write to the Minister that made the order asking him to pay it. This is a democratic body and I am not breaking any law by doing that.

Mr. W. Foran seconded. Mr. J. G. Dowling, County Secretary, said they could be surcharged if they did not make the order providing for payment of the increases.

Mr. M. Galgey said they were being represented on these arbitration boards by salaried men and it was bloody scandalous the way these people were representing the Council.

Mr. Dowling said they were legally obliged to provide the money and if not the Manager would be surcharged.

Mr. Lannon—Don't be trying to frighten us with this surcharging business. We are not afraid of that.

Mr. Galgey said the Secretary was quite right in pointing that out to them. The voting was: For—Ms. Kyne and Kenneally. Against—Messrs. Curran, Harty, Lannon, Whelan, Drohan, Foran, O'Ryan, Ahearne, N. Walsh Galgey and R. Walsh.

Mr. Lannon's proposal was passed unanimously.

### Increase Refused

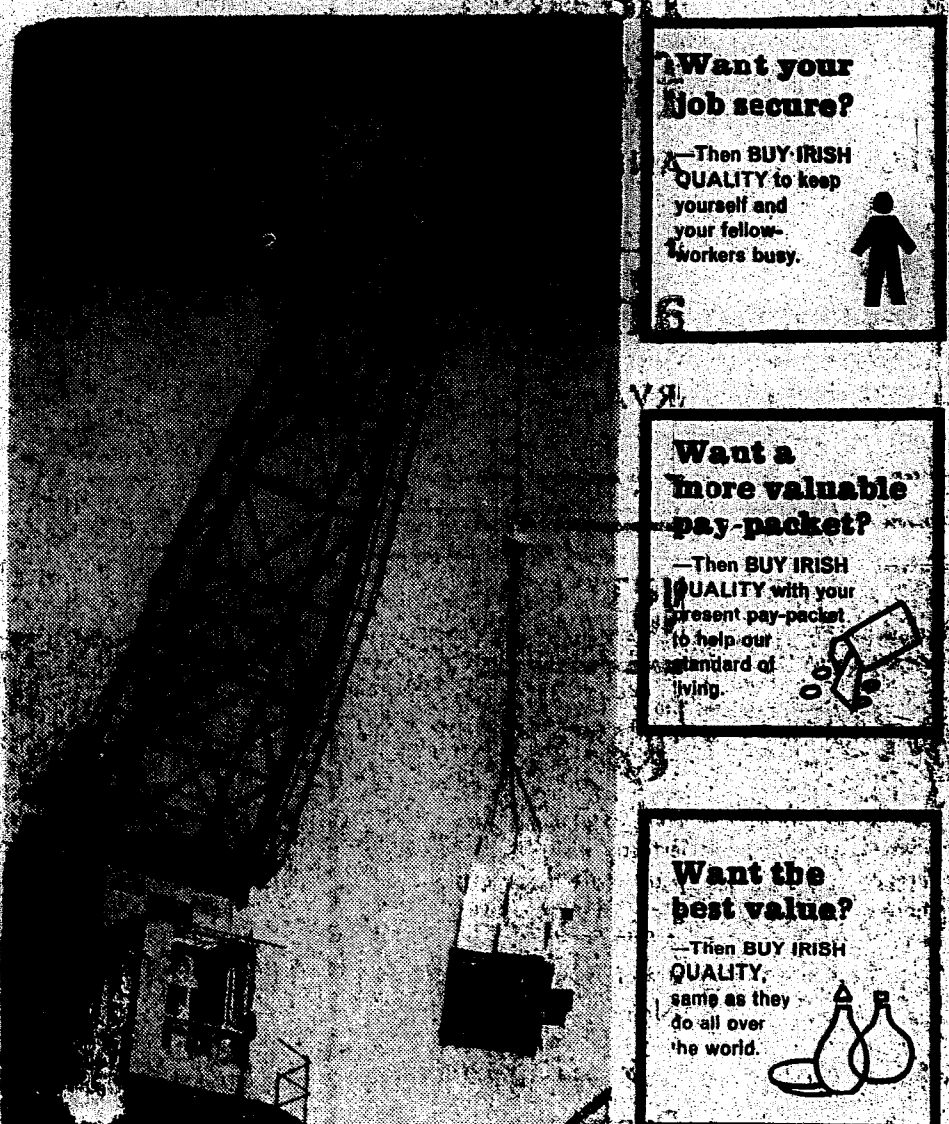

A proposal to increase from £17.17.0 a week to £20.6.0, the salary of the Machinery Supervisor in the County Council, was defeated by 8 votes to 5 at last Monday's meeting of the Council.

### ACKNOWLEDGMENT

Cowming—The sister, brother and relatives of the late Thomas Cowming of Deelish, wish to thank most sincerely all those who sympathised with them in their recent bereavement; those who sent Mass cards, letters of sympathy and those who attended the removal of the remains, Mass and interment. A special word of thanks to Dr. Cusack, the doctor, sisters nurses and staff of the District Hospital, Dungarvan, who were so kind during his illness. Trusting this will be accepted by all in grateful acknowledgment. The Holy Sacrifice of the Mass will be offered for their intentions.

# Why do they BUY IRISH abroad?

—Not because the goods are Irish, you can be sure of that! Irish goods sell in New York and Paris and Buenos Aires because they are top quality and top value. That's how you should buy Irish, too—by looking for quality and value. But when you have an equal choice between quality Irish and quality foreign goods, support the home product!

### Councillor Harty's Query re Water Extensions

At last Monday's meeting of Waterford County Council Mr. Michael Harty asked if there was any information available regarding the extension of the water schemes in the Ring area. Mr. E. J. Keyes, Council Official, said he had no knowledge of what Mr. Harty had asked. Mr. Harty said he was glad to have the position clarified. He had no information from the Offices. He had first sought the information from the Offices, but now asking that the latest urgency be given to the extensions, carried out. He had been agitating for this for a good many years.

Bonds bought now will be eligible with existing bonds for inclusion in the Autumn, 1965 draw for prizes ranging from £10,000 to £100. The prize fund for each draw is determined by calculating interest at 4% per annum for a period of 6 months on the total amount of the uncashed Bonds. The prizes are not liable to income tax or sur-tax. The names and addresses of the holders. Winners are notified privately by post.

Money invested in Prize Bonds is safe, and can be withdrawn at short notice. The investor in Bonds helps to finance the national capital programme and at the same time has a chance of winning a substantial prize. **Late Mrs. Josie Fitzgerald**

It is with feelings of truly deep and sincere regret that we record the death of Mrs. Josie Fitzgerald, Clonea, Dungarvan, which took place in Ardkeen Hospital, Waterford, most unexpectedly on Saturday evening last, March 13.

The deceased had been only briefly ill, and her untimely passing whilst still in her early fifties, has come as a great shock to her sorrowing family and large circle of friends.

But what makes her death all the more poignant is the fact that her mother, Mrs. Mary Crotty, ex-N.T., predeceased her by less than three weeks.

Children's Party held by the Co. Waterfordmen's Birmingham Association.

She was wife of well known and popular Tom Fitzgerald, and was a thorough lady in every sense of the word. Of a quiet and gentle disposition she was always in cheerful and jovial mood, and will indeed be greatly missed by the countless friends she had amongst every section of the community.

The remains were removed to Ballinroad Church on Sunday evening followed by a large and representative cortege and were received and blessed by Rev. M. Mansfield, O.S.A., New Ross (nephew of the deceased), assisted by Rev. J. Roche, P.P., and Rev. M. Walsh, C.C.

Requiem Mass was offered up for the repose of her soul on Monday morning by Rev. Fr. Mansfield, who also officiated at the graveside in the adjoining cemetery, assisted also by Very Rev. Fr. Roche, and Fr. Walsh. Despite heavy rain another large concourse was present, testifying to the immense popularity of the deceased.

Deepest sympathy is extended to her husband, Mr. Thomas Fitzgerald, Clonea; Denis Crotty, U.S.A., and Jack Crotty, St. Garvan's Tce., Dungarvan (brothers); Mrs. J. Murphy, Waterford; Mrs. M. Mansfield, The Burgery, Abbeyside; Mrs. B. Rogers, London (sisters); nephews, nieces, etc.

# N.F.A. NEWS

## Annual Review Starts

After months of grinding preparation the second Annual Review of Agriculture will be held by the N.F.A. in the Department of Agriculture, Dublin, this week. As can be appreciated after the Minister's statement after the first meeting of Wednesday last, the Review will be a very non-committal, "discussion" or "negotiations" type of Review which will continue over a period of three to four weeks. It will be recalled that, early in 1964, the following arrangements in regard to an Annual Review were agreed between the Government and the N.F.A.:

"The Government will arrange for an annual meeting with the representatives of the N.F.A. to survey the general position of, and the prospects for, agriculture. It will set the pattern for the shape and direction of the industry during the coming 12 months. Ten years of hard, thorough and above all, progressive work, on behalf of the farmers, secured Government recognition for the N.F.A. a year ago with the holding of the First Annual Review. Much good emerged from those discussions. This year's Review got off to a most encouraging start with the announcement by the Minister for Agriculture, Mr. Haughey to the Review Team that he had created a new post of Western Regional Officer in his Department. The Officer as the title implies will be responsible for the development of the west. It is an indication of the importance attached by the Government to the Review that the Minister should choose such an occasion to make this significant announcement. It was only fitting that a western member of the N.F.A. team, Mr. John Mangin, should thank the Minister. He pointed out that N.F.A. had been seeking for a long time to have a special study of the problems confronting the west.

**JOINT STATEMENT**  
The following is the joint statement issued by the Minister and the N.F.A.:

"It is not part of N.F.A. policy in livestock to bring about the abandonment of any of the existing outlets for our products," said Mr. J. Bruton, of the N.F.A. Livestock Committee last week. He was speaking at the Spring Meeting of the Irish Grassland Association in the International Hotel, Dublin.

"The N.F.A. aim, he said, was to encourage competition by keeping all viable outlets alive. It was unfortunate that the recent misleading newspaper reports on the reception of Irish beef on the British market should be couped in the public mind, with the N.F.A. demand for the establishment of a Meat Marketing Authority. It had long been a major part of N.F.A. policy that the marketing of meat should be organised on up-to-date lines.

"It is not for me, in the presence of experts, to hold forth on the qualities of Irish meat. Suffice it to say that we have some of the most efficient and modern meat factories in the world and that our meat is accepted as being of top-quality everywhere," said Mr. Bruton.

**MILK MARKETING BOARD DISCUSSED**  
A full discussion on whether a Milk Marketing Board should be set up and if so, what form it should take, took place at a recent meeting of the N.F.A. National Liquid Milk Group.

Many views were expressed on the matter and it was decided to consult the I.A.O.S., the Department of Agriculture and the Milk Producers' Association for their opinions. It is envisaged that the Board would secure orderly marketing with uniform contracts, prices and conditions of sales; improve quality standards; increase sales of liquid milk; and participate in the work of the National Dairy Producers' Association.

Mr. P. G. Cannon of the Association of Milk Producers said that though they had a Board they did not think that everything was perfect, but it was an improvement on the former years ago. "We have contracts and fixed prices. We are anxious that the Dublin Board remain as it is."

Mr. T. J. Maher, Chairman N.F.A. National Dairy Committee, expressed the view that by establishing three or four Regional Boards which were autonomous, there could be the problem of amalgamating them a National Board. "Why not endeavour to establish a National Board with regional representation?" he asked.

Rev. Fr. O'Mahony, Limerick, suggested that the Dublin and District Milk Board be expanded.

Both Mr. W. Young of the Midland Milk Producers' Association and Mr. L. O'Neill, Waterford, agreed with Mr. Maher's suggestion.

**LABORATORY FOR MAYO?**  
Tuam Branch of N.F.A. wants one of the proposed new research laboratories sited at Cree, Ballinrobe, Co. Mayo. The decision was taken at a recent meeting of the Branch when the question of the locations of the new research laboratories into sheep and animal diseases was discussed. The majority of the members felt that Cree was the ideal location since there

was already a research farm in connection with breeding and nutrition of sheep established there.

Their Branch also decided to bring to the notice of the Minister for Agriculture the necessity of having such a laboratory right in the heart of Ireland's greatest sheep breeding and rearing centre: Galway and Mayo — which, between them account for about half of the entire sheep population of Ireland. The feeling of the Branch is that full advantage of the facilities to be provided would not be available if the research laboratory was located at a distance from this sheep-breeding centre.

Mayo is in the news for another reason. The Co. Executive of N.F.A. is shortly to have its own commodity and marketing committees. These committees are to be set up within the next few months and it is hoped they will contribute to the development of an efficient marketing system for produce from Mayo not only on the home market but also on the export market.

**HERE AND THERE**

In view of the advanced state of bovine tuberculosis eradication in the six southern counties, the Department of Agriculture has made a concession to farmers there who wish to sell dropped calves for movement into the Attested Area. Under the new arrangement, it is not necessary for these farmers to have blue identity cards for the calves. Permits are necessary, however, for movement of such calves into the Attested Area.

The Government had not been asked for its approval. It didn't need the Government's approval, therefore, there was no policy of credit restriction so far as the Government was concerned. — Dr. Ryan, Minister for Finance.

"We in Ireland have long been regarded as wild and careless, gay and sad, whimsical, imaginative and superstitious, incapable of the control needed for sustained energy, lacking in self-discipline, too individualistic, backward in co-ordinated effort and so on." — Dr. J. F. Dempsey, Aer Lingus.

A decision to establish auction marks in the Dublin cattle market has been taken by the Finance Committee of Dublin Corporation. Only one mark "stage" now remains to be taken—Dublin City Council's approval—before the decision can be implemented. The cost to the Corporation will be between £50,000 and £55,000.

It may not have been exactly "pink elephants" but the clientele in a public house in Limerick rubbed their eyes in disbelief when they saw a cow looking in the window from 30 ft. high. Nobody really knows how the cow got there but it is believed that she went down a lane, climbed on to a wall and then jumped on to the roof. Sounds a bit implausible at any time, but to a man with "one over the eight" it could be a bit frightening.

Happy ending to the story! The cow was brought to safety by members of Limerick fire brigade.

CAPPOQUIN YOUGHAL NOTES

NOTES

LATE JOHN SMYTH Through the much regretted death of Mr. John Smyth, which took place on Wednesday 10th inst., Cappoquin lost one of its most popular residents.

Last week there was a considerable improvement in the catches of salmon by nets in Youghal and upriver and was the best week since the season opened on February 1st. All crews did well due to the change in weather conditions with the exception of those at Redbarn, Knocka...

# Waterford Retain Unbeaten League Record

Waterford 4-5; Wexford 2-6

**WATERFORD** hurling, in a state of near subjection for some months past, received a morale boosting shot in the arm on Sunday when the senior hurlers retained their unbeaten National League record by deservedly defeating Wexford at Wexford Park. As expected it was a difficult gae to win but Waterford's victory was laden with merit and they have now practically assured themselves of a place in the League semi-finals.

Their last game is against Limerick at Dungarvan on April 4th, and here the Shannonsiders will be striving to pip Wexford for runners-up place in the section. A draw would suffice to give Waterford their semi-final ticket, but even should they suffer defeat they would still be involved in a triple play-off with Limerick and Wexford, presuming again that the latter win their remaining game against Dublin. It is a somewhat complicated set up, but unless form takes a completely unexpected turn the Deise men will be amongst the final quartet.

It was not a great game by any standards and some scribes have been loathe to give credit for Waterford's achievement. But this to my way of thinking was a most satisfactory Waterford display against opponents unbeaten to date and in full cry before their own supporters for sectional honours.

Certainly the team has not performed as well for a long time and Wexford in all the circumstances can consider themselves somewhat flattered to have been a close as five points to them at the finish. It is never an easy assignment to master Wexford on home soil but on Sunday Waterford hurled with a confidence that for most of the hour bore the stamp of success. True there was little or nothing between the sides in the vital scoring aspect but one felt that Waterford always held the edge, and had the attack been steadier near goal the Slaneysiders would hardly have escaped as lightly as they did.

Yet at one stage in the second half when Wexford were aided by the breeze, it looked as though Waterford were booked for another frustrating defeat. The homesters after playing second fiddle up to that stage, hit a brief but truly inspired spell and in the space of minutes the entire complexion of the game had been dramatically altered. Instead of trailing decisively, Wexford, thanks to that golden spell, were now in front, and urged on by home support, looked for the first time like the Wexford of old. But Waterford soon dispelled any doubts about their dominance on this particular Sunday. Soon they had regained the lead, and from then to the finish were undisputed masters without however translating their dominance into scores.

### BYRNE ABSENT

Prior to the start came the announcement that Jimmy Byrne was an absentee and into the breach stepped the Ballyduff club man John O'Donnell, who acquitted himself well until forced to retire through injury in the second half. The new midfield pairing of John Meaney and Tommy Hearne could be termed a partial success whilst Joe Condon gave another satisfactory performance.

Waterford playing with the first half breeze took up the running almost from the throw in. Wexford found themselves continuously on the defensive and on two occasions in the opening minutes only the alertness of goalkeeper Pat Nolan prevented his net from falling. But for some inexplicable reason the attack was not capitalising on the service being lavishly laid on and as the first quarter was drawing

gave their supporters hope of maintaining their unbeaten record in this league. Between the posts Pat Nolan did everything possible to avert defeat whilst Vince Staples, Tom Neville and Ned Colfer were the pick of their defence. Despite the valiant efforts of Phil Wilson, they could not even break even at midfield and in attack only Hopper McGrath and Paul Lynch made noticeable headway. Scorers for Waterford were: Seamus Power (2-0); Philly Grimes and Mick Flannelly (1-0 each); John O'Brien (0-2); Frankie Walsh, Martin Og Morrissey and John Meaney (0-1 each).

Wexford replied per Hopper McGrath (1-2), M. Byrnes (1-2), Jimmy O'Brien and Dick Shannon (0-1) each.

**Waterford**—N. Power, T. Cunningham, A. Flynn, J. O'Donnell, L. Guinan, M. Morrissey, Joe Condon, T. Hearne, and J. Meaney; J. O'Brien, F. Walsh; J. O'Brien, S. Power, P. Grimes, Sub.—E. Walsh for O'Donnell. Wexford—P. Nolan, J. Nolan, M. Collins, T. Neville; V. Staples, M. Colfer, B. Morris; P. Wilson, T. Nolan; J. O'Brien, P. Lynch, R. Shannon; O. McGrath, M. Redmond, M. Byrne.

Referee—P. Buggy (Kilkenny).

# Phelan Cup Replay Again Drawn

The replayed final of the 1963 Phelan Cup competition between John Mitchels and Ardmore ended in stalemate again at Dungarvan on Sunday last, and so the sides must meet a third time before titleholders are crowned. Level at half time and level again at full time, this was a decider worthy of the importance of the occasion, and not one amongst the good attendance could dispute the justice of the result.

Both sides it is true had chances in abundance to win the game in the closing stages, but it would have been a gross miscarriage of justice had either of two fine sides suffered defeat. Contrary to law, extra time was not played—a decision arrived at by the opposing captains, the main reason being that because of the lateness of the evening players from both sides had their own private chores to look after.

It was not a classic final by any stretch of imagination such was hardly possible due to the underfoot conditions that prevailed. But for sheer thrills and excitement this decider would take some surpassing, and it has been a long time since the Fraher field staged so exciting a football encounter.

The pace—considering that the year is yet only in its infancy, was a cracker, and never slackened until the final whistle. Knocks were given and taken in the proper spirit, and all in all it was a fine that gave excellent value for money. Fortunes fluctuated with bewildering rapidity and in the final thirteen scoreless minutes, excitement reached maximum crescendo as both strove unsparingly for the lone score that might have been sufficient to decide the issue. But the writer for one was eminently pleased that they should end as they began, for their third meeting is a football feast to be eagerly awaited.

The game was only a minute old when Ardmore took the lead with a pointed free by John Joe Carlton. But back came Mitchels and Tommy Kirwan levelled in the 4th minute. Then, however, Ardmore seemed to gain control in many of the decisive sectors but their attack once again was off target, on occasions from positions that should have presented no great difficulties for them. Then as the quarter hour approached a free by J. J. Carleton was sent lobbing into the Mitchell's goalmouth and Finbarr Hallahan was in the right spot to fist it to the net. Within a minute, Rogie Conwan's replied with a Mitchell's point but further minors by J. J. Carleton (free) and M. Reilly gave Ardmore a four point lead. Tommy Kirwan and Tommy Power exchanged points and then came a great fight back by Mitchels. For the first time in the game so far they seemed to have broken the stranglehold Ardmore

# KILROSSANTY'S GREAT VICTORY

## Humbled U.C.C. In Munster Club Championship

KILROSSANTY — 4-3; U.C.C. — 0-14

**THE** achievements of Kilrossanty men and Kilrossanty teams over the past four score years are comparable to the greatest club names in the country. But perhaps this illustrious club's greatest hour came on Sunday last at the Athletic Grounds, Cork, when they humbled the might of U.C.C. in the first round of the Munster Club championship.

Unbeaten in two years and championship campaigning College were regarded as odds on favourites to advance to the semi-final of this newly inaugurated championship. They were superbly fit and into the bargain had the advantage of playing on home ground. It was in every sense a real David and Goliath clash.

But Kilrossanty struck a never to be forgotten blow for Waterford football by surpassing all expectations and fifteen green and gold clad heroes carved a special niche for themselves in the annals of Waterford and more particularly Kilrossanty history. Whatever the outcome of their semi-final tilt with the winners of the Shannon Rangers (Kerry) and Ballysteen (Limerick) game, Kilrossanty have made their mark in this competition and the scenes of jubilation which greeted this victory on Sunday last when the victorious brigade arrived home have scarcely if ever been witnessed in Leamryne before.

This was a Kilrossanty display totally different to their county final one when they luckily scraped home against Ardmore by a solitary point. This was Kilrossanty facing mammoth odds, and above all this was Kilrossanty, resplendent as they tore the form book to shreds and handed out a beating to the Students who prior to the game must have thought this was something that just could not happen. Four times during the hour the side were level, but every time the College succeeded in coming up sides with the Comeragh men in scoring that great Kilrossanty spirit.

Not producing many scores, was a real thriller. Ten minutes had elapsed before Jim Rooney worked his way through the Mitchell's defence for a great point but two minutes later Tommy Kirwan again restored equilibrium. Again Ardmore edged in front with a point by substitute Tony Carlton but with thirteen minutes left in the game Tommy Kirwan from a free lofted over the equaliser.

And what a superb thirteen minutes followed. Attack followed counter attack and both goals were fortunate to escape. But defences held out in the face of tremendous pressure and when the final whistle sounded there could be no quibs at the result.

On a Mitchels side that surprised many, Charlie Crowley manned the goal with confidence and assurance. Full backs Tony Kirwan, Sean Power and Pete Gough all fielded confidently, and the outer trio of Michael Kirwan, Wally Connors and Seamus Kenny were seen to best advantage in the second half.

Their new midfield pairing of M. Mullens—a newcomer to the club and T. Whelan—was not a great success, although both improved somewhat after a shaky start. In attack the main threat stemmed from the Kirwans, Tommy, Noel and Billie, and Rogie Connors, although Noel to my mind would be of greater advantage to the side at midfield.

For Ardmore, John Colbert, as always, was the essence of soundness in goal, and in defence, Bertie Hallahan, Paddy Carlton, Eddie Mooney and Noel Power all starred. At midfield John Joe Carlton did the bulk of their effective work and in an attack that met stone wall resistance, half forwards Jim Rooney, Mickey Carlton and Fin Hallahan together with Tommy Power made most headway.

John Mitchels, C. Crowley, A. Kirwan, S. Power, P. Gough, M. Kirwan, W. Connors, S. Kenny, M. Mullens, T. Whelan, N. Cowman, T. Kirwan, R. Connors, N. Kirwan, S. Anderson, B. Kirwan, Ardmore—J. Colbert; D. O'Brien, E. Mooney, N. Power, J. Mulcahy, P. Carlton, B. Hallahan; J. J. Carlton, M. Reilly; J. Rooney, M. Carlton, F. Hallahan; T. Power, M. Colbert, T. Hallahan, Sub.—A. Carlton for Reilly. Referee—M. Whyte (Four Milewater).

great goalkeeper kept them at bay. Then the real moment of drama, a moment Kilrossanty followers in attendance will surely never forget. From sixty yards out the Comeragh men were awarded a free, which midfielder Tom Flynn strode nonchalantly to take. It was a prodigious kick and sailed straight and true for a wonderful point again were the Students allowed to work their way towards the Kilrossanty goal. When finally the long whistle sounded, the huge Kilrossanty contingent gave vent to their feelings, and each and every member of the side was justly acclaimed a hero.

For U.C.C. defeat must have been a particularly bitter pill to swallow. They had their sights firmly set on winning this championship but were knocked completely out of stride by Kilrossanty's tough, first time tactics which, let me add, were strictly above board at all times. In the white heat of battle, exchanges did tend to get slightly out of hand, but the referee retained firm control and there were no real untidy incidents.

One just does not know where to start in lavishing deserved praise on the men who made this superb victory possible. But let us start with the goalkeeper and go right through every line of the team, for none were found wanting in this exciting test. Sean Ormonde played in inspired fashion in goal, and the six College forwards failed to beat him once during the hour.

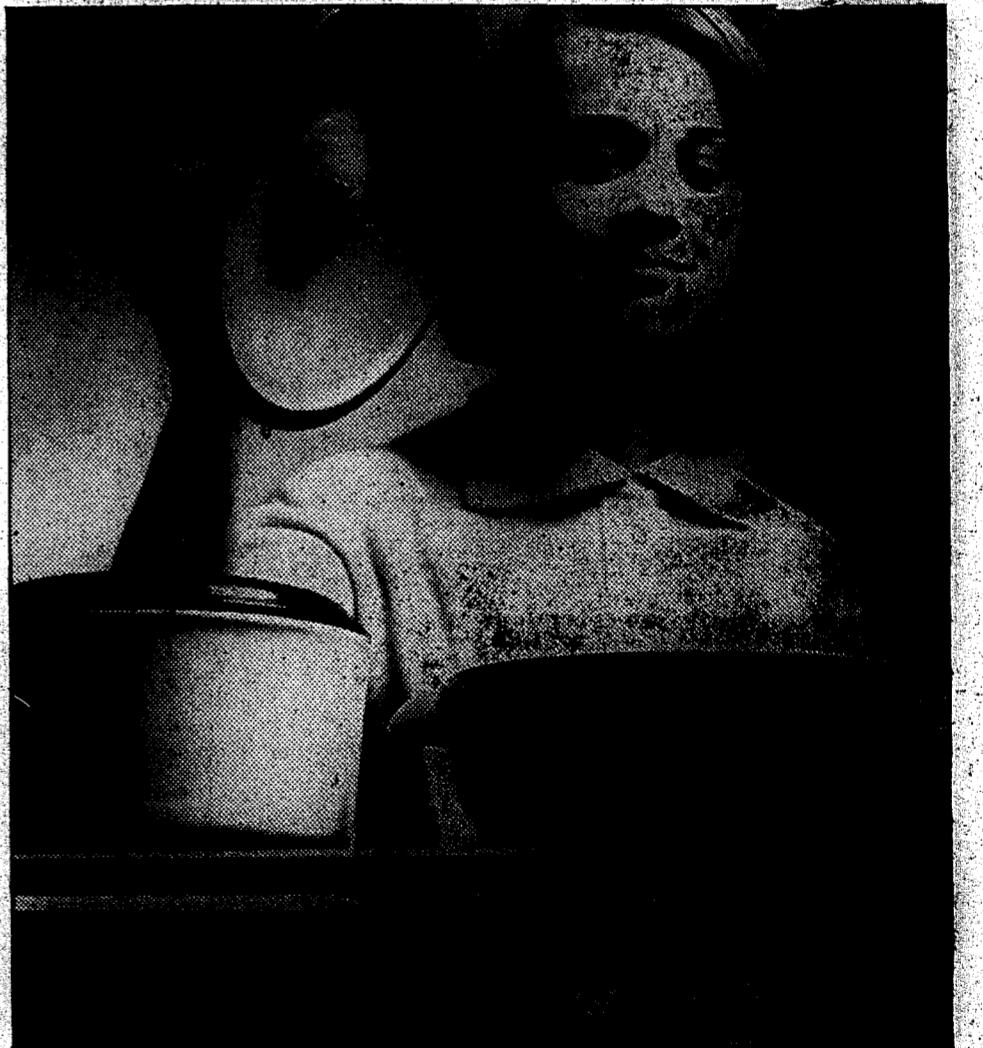

Fronting him were three unyielding bulls, who seldom put a foot astray, Jimmy Maher has never played better football: Mick Pender was a tower of strength, and if Tom Moloney was up against the College danger man, Dan Harnedy, he acquitted himself well. The half backs were brilliant from start to finish. Nedeen Lonergan played the game of his life, easily his best with the club. Jimineen Power was the defender supreme at centre back, and had some great duels with John O'Halloran, while Noel Walsh was in masterly form all through.

The midfield pairing of Tom Flynn and Tom Walsh covered themselves in glory. They had to contend with Kerry star Mick Fleming hereabouts but more than held their own over the hour. And Flynn will always remember the game with pride for it was his sixty yard pointed free two minutes from time that carried them through.

The forwards were up against a great defence, yet they clearly unsettled the College defenders to match the match-winning goals. A switch between Gort Walsh and Tom Riordan paid handsome dividends as Riordan seemed far more suited to the wing, and both scored invaluable goals. Pa Walsh did not get amongst the scores, but he also played a big part in victory.

The veteran full forward line also left quite an impression. Matteen Lonergan could not be held and he gave the College keeper a nightmarish afternoon. Jimmy White, always foraged dangerously and Colum Cunningham, with 1-1 to his credit did a great day's work.

On a College side that never knew what hit them, Mick McCormack, Vincent Cronin, Mick Fleming, Dave Geaney, Dan Harnedy and John O'Halloran were best.
