## DEPUTATION WILL INVESTIGATE COMPLAINTS T.B. Office Staff Criticised

SERIOUS complaints were made by members of County Waterford Committee of Agriculture at their meeting on Friday last about the female clerical staff attached to the Bovine T.B. Office in Waterford City. And on this Friday, November 26th, a deputation from the Committee will visit the office to discuss these complaints with those in charge.

The matter first arose at the Committee's meeting when Mr. Sean Whelan said he wished to complain about the female clerical staff in the T.B. Office in Waterford. The farming community in the County were being treated in a scandalous manner. Once a week for four weeks he visited this Waterford Office looking for his Blue Card for his accredited herd and each time he was told by a girl in the Office that it would be sent out. It never was, so he finally had to go to Waterford about it. When he called to the office he was at first told that he would have to get his herd tested again at his own expense. He finally got the Blue Card but not until he had identified himself by producing his driving licence. He

had to wait about fifteen minutes in the office with about fifteen young ladies in the office. Two of them were sitting at a table smoking and another was reading a magazine with the latest fashions. This is not an isolated case and it was a disgrace. He felt the Committee should do something to see that the farming community was not treated like this.

Mr. M. Galgey suggested that the C.A.O., Mr. Conroy, go down to the Office and get all the facts.

Mr. Conroy said they could not issue the Blue Cards from the office until they first received the report from the Vet.

Mr. Galgey said the C.A.O. had got a very serious complaint from a member of the Committee and he should take it as a hard fact.

Mr. Whelan said he had now got his Blue Card but he had no doubt that every farmer in Waterford and Kilkenny dealing with this Office were getting the same scandalous treatment.

Mr. George Heskin said he had received several similar complaints about this office from people in his area.

Mr. Norman Walsh said he had received complaints and he had brought them to the notice of the C.A.O.

Mr. Dowd said that in this Waterford Office they were very fast to promise but very slow to act.

Mr. Heskin then suggested they send down a deputation from the Committee to investigate the whole matter.

He had met several people from West Waterford with the same complaint and the deputation should get an explanation for them.

Mr. Declan Ahearne said that a man from the Knockmore area had got no satisfaction either from this office. He went down and found his file thrown on the floor of the Office.

Mr. Whelan said there must be no supervision there.

Mr. Michael Hartly said that people had been losing hundreds of pounds in money as a result of lack of facilities there.

The following members together with the C.A.O. will comprise the deputation. Mr. J. Fahey, T.D., Chairman; Sean Whelan, G. Heskin, M. Galgey.

With the retirement of Mrs. W. Condon, N.T., from Kiltishal National School, an association by the Educational Authorities of long standing was severed. For over forty years she served the surrounding districts with distinction, first as assistant and then as principal for the past 22 years. A teacher of outstanding qualities, she endeared herself to parents and pupils alike. Her worth was also recognised by the Educational Authorities who awarded her the coveted Carlisle and Blake Premium. On her leaving, the pupils presented her with a beautiful set of china figures. More recently, the parents and pupils showed their deep appreciation of her worth, when, on their behalf, Rev. D. Quinn, P.P., presented her with a magnificent silver tray, suitably inscribed, together with a silver tea and coffee service. It was a wonderful tribute by those she served, so well, and went with their sincere wishes for many many years of health and happiness in her deserved retirement.

## Committee Extends Sympathy to Cosgrave Family

A vote of sympathy was passed at last Friday's meeting of County Waterford Committee of Agriculture with the Cosgrave family, on the recent death of Mr. William T. Cosgrave, father of the present Fine Gael leader Liam Cosgrave. Glowing tributes were paid to the late Mr. Cosgrave by all members present, and the meeting was adjourned for five minutes as a mark of respect.

Proposing the vote of sympathy, Mr. Norman Walsh, said the late Mr. W. T. Cosgrave was an outstanding Statesman and Irishman and was one of the great figures of their State. He was glad, however, to see on this occasion that all the tragedies of Civil War had been forgotten by giving Mr. Cosgrave a State funeral.

Mr. Charles Curran said that as a member of the Fianna Fail party, he wished to second the vote of sympathy. The late Mr. Cosgrave he said, proved himself a great soldier, statesman and leader. All other members of the Committee joined in the expressions of sympathy, and the meeting was then adjourned for five minutes.

## TRIBUTES TO LATE W. T. COSGRAVE

Waterford Health Authority at its monthly meeting on Monday last passed a sincere vote of sympathy with the Cosgrave family on the death of Mr. W. T. Cosgrave.

Mr. W. Dower who proposed the vote of sympathy, described the late Mr. Cosgrave as an outstanding Irishman.

Mr. D. F. Madden, seconding said Mr. Cosgrave had showed that there was no difference between majority rule and chaos.

Mr. Thomas Lannon said the late Mr. Cosgrave in the difficult field of politics was an honest man and Ireland would be forever grateful to him for all he did for the country.

The Chairman, Mr. Patrick Browne, the County Manager Mr. S. J. Moynihan, and the other members also paid fitting tribute to his memory.

## IRISH GROWERS MUST BE PROTECTED

— Mr. H. R. Dowd

THE Irish Market was carefully protected for the English growers, stated Mr. H. R. Dowd, Librarian, at a meeting of County Waterford Committee of Agriculture, on Friday last, when referring to the importation of English and other foreign apples into the Irish market.

Mr. Dowd said it was imperative that Irish apples be protected from the foreign imported ones. Cold store imported apples were now coming on the Irish market for the second time this year. They were well graded apples, and were coming in from early autumn to Christmas time to beat the Irish grower and prevent him from getting a proper price for his apples. The Irish market at present was carefully protected for the English growers.

Mr. Dowd, continuing, said that if the Irish market could be protected from this early autumn to Christmas period for the Irish grower by prohibiting the importation of any foreign apples, then the problem would be solved. After that, when the

Irish housewife should be protected by allowing the importation of the necessary amount of apples for the wholesale market. The grading and packing of Irish apples, he said, was a howling disgrace, although one or two firms were making a good effort in this respect.

Mr. G. Heskin said that whilst he would be in agreement with Mr. Dowd with regard to prohibiting the importation of the apples during the period specified, there was nothing they could do about it until there was a new revision of the Trade agreement with England.

Mr. Dowd: That is the excuse that is being given for years. The discussion then ended.

Waterford Health Authority on Monday last approved of an overdraft of £150,000, which, as the Secretary, Mr. J. A. Hynes, stated was necessary to "carry them through".

Medicines, he said, were over-running and would cost about £12,000 more than had been anticipated and this overdraft was absolutely necessary.

Mr. T. Lannon asked if they could anticipate approximately what increase in the rate would be this coming year. If they could not answer that question on they might as well lock the doors.

Mr. Hynes said that at this stage he could not even give an approximate guess. The Auditor was still working on their accounts.

Mr. Lannon said that was very bad management. If they were looking for £150,000 they should be in position to give him the facts and figures of what approximately they would be facing in a month's time when the provisional estimates meeting would be held. No other concern could carry on like this he said, coming up to the end of a year. He would oppose the overdraft because he was not getting satisfactory answers to his questions. The overdraft was then approved of with Mr. Lannon dissenting.

They have been offered a year's contract for a once a week appearance at the Crystal Ballroom, Waterford, and their new Irish manager is Eili Muicahy, Waterford.  
 This five man outfit (the two Keohans, one Kilkenny man and two English) have also just recorded their first record. It is entitled "Time and Again" and will be released shortly. Already a tour of Scotland is planned during the coming Lent.

**MONOFILAMENT NETS BANNED**

As a result of the evidence presented at the various enquiries presided over by Dr. A. E. J. West, Chief Adviser to the Department of Fisheries, and held amongst fisheries districts including Youghal, Waterford and Cork, the Minister of Fisheries has made a new By-Law No. 157 banning the use of monofilament nets for drift net fishing for a period of five years as from 1st January 1966 to 31st December, 1970. The by-law lays down: a) a person shall not use or attempt to use in fishing for salmon any drift net made wholly or partially of monofilament synthetic material; and (b) have in his possession, on any boat or quay, or on or near any bank or river or estuary, or on or near any sea coast, any drift net for the capture of salmon, being a net made wholly or partially of monofilament synthetic material. Section 11 of the Fisheries 1956 Act provides that any person aggrieved by this by-law may, within 21 days after 23rd November, 1965, appeal against same to the High Court.

**YOUGHAL VINTNERS IN DUBLIN**

Recently 40 members of the Youghal Licensed Vintners Association were guests of Messrs. A. Guinness Son & Co. Ltd., from the moment they left Youghal until their return that night. The party travelled by train to Dublin and on arrival transport was made available to take them to the Guinness Brewery, where they were lavishly entertained, and following which the members were taken on a sight-seeing tour of the capital.

**YOUGHAL RED CROSS**

Youghal Red Cross Committee are making an all out effort to revive interest in Red Cross activity in the town and for this purpose a public meeting was held recently at the League Hall. This is Old People's Year and seemingly there are at least sixty bed-ridden old people in the town needing help. Rev. P. O'Keefe, C.C., was elected as Chairman, in place of Rev. D. Gould, who has been transferred to another parish.

**FRONT STRAND PROPOSALS**

The preliminary examination of the proposal for the front strand is at present in progress, but it will take some months yet before being completed. This information has been given by the Board of Works to the Cork County Council when it was agreed that a deputation would meet the Minister for Local Government on the matter.

**GARDEN TEST SUCCESS**

Dr. and Mrs. Harvey Williams of Carrigmore House, Youghal, have won the Woolworth Cup and Plaque for the highest combined marks in the front and back garden section of the competition sponsored by the National Garden Association of Ireland. In other sections they secured two seconds and a third prize and scored the highest overall marks for the Luke Nangle Trophy.

**PIONEER SOCIAL**

Youghal Branch of the Pioneer Total Abstinence Association held their annual Social recently in the Town Hall, which was filled to capacity. Rev. Fr. Buckley, C.C., who gave a lecture on the Pioneer movement was introduced by the Parish Priest, Very Rev. Canon Sheehan and was thanked by Rev. Fr. O'Riordan, C.C., C.C. Spiritual director of the branch. The lecture was followed by a concert and the artists taking part were Miss Elizabeth Dower, Mr. James De-

Laney and the Kenny School of dancers. Teas were served by the ladies committee and the night's entertainment concluded by a dance to the music of the Tower Dance Band.

**SCIENCE EXHIBITION**

Miss M. E. Walsh, daughter of Mr. and Mrs. Peter Walsh, of Devonshire Square, Youghal, was one of the staff of the Department of Psychology of U.C.C. in charge of the Psychology stand at the recent Cork Scientific Council's Science Exhibition at the City J. West, Chief Adviser to the Department of Fisheries, and held amongst fisheries districts including Youghal, Waterford and Cork, the Minister of Fisheries has made a new By-Law No. 157 banning the use of monofilament nets for drift net fishing for a period of five years as from 1st January 1966 to 31st December, 1970.

**CHEMISTS' BUSINESS HOURS**

The Youghal member of the Pharmaceutical Society decided recently to make regulations as to hours of business from December 1st to April 30th next. All will be as co-operative as possible during the all-day closings on Sundays and will dispense urgent prescriptions on request.

**YOUGHAL WIN REPLAY**

In a replay of the B grade junior hurling semi-final at Middleton on Sunday last, Youghal qualified for the final in a well-deserved win over Erin's Own. The first half was the better of the two with Youghal holding an interval lead of 3-5 to 1-1. On the turn over Erin's Own got through for a goal and looked like turning the tables but faded out in the concluding stages when Youghal took over again. The final score was Youghal 4-7; Erin's Own 3-2. Referee, Michael Donovan of Ballinacorra.

**RAILWAY STATION**

Recently the adjudicators of Bord Failte in Tidy Towns competition referred to the Youghal Railway Station as being "forlorn looking." In a recent letter to the Urban Council, Mr. Clune, Area Manager C.I.E., stated that he was arranging to have as much as possible of the debris removed after the recent storms and he would be glad to look into the matter when there was a development plan ready for that area. The letter further stated: there are a number of derelict buildings there and that considerable damage is being done by gravel and sand from the sea. Any road improvement would be an extremely doubtful proposition while this condition continues.

**Late Miss Ellen Moloney**

**COOLRUE, AGLISH**

It is our very sad duty to record the death of Miss Ellen Moloney, Coolrue, Aglish, which occurred on Wednesday, 17th November. The deceased, who was in her early sixties, was a highly respected member of the farming community. She resided with her brother Bernard on the old farmstead in Coolrue.

The possessor of many outstanding characteristics, she was a lady who endeared herself to all. Unassuming in the extreme, she was a devout Catholic, and certainly her passing has been deeply regretted. The remains were removed to Aglish Parish Church on Thursday, 18th inst., and were received and blessed by Rev. J. F. Morrissey, C.C., assisted by Rev. D. Slattery, C.C., Lismore. Requiem Masses were offered on Friday morning, 18th inst., for the happy repose of the soul of deceased and burial took place immediately afterwards in the adjoining cemetery.

Very Rev. D. Quinlan, P.P., officiated at the graveside, assisted by Rev. J. F. Morrissey, C.C., and Fr. Carey, C.C.

There was a very large and representative gathering at both the removal of remains and burial, testifying to the popularity of the deceased. The chief mourners were: Bernard, Coolrue, and Edward, U.S.A. (brothers); Mrs. A. Coleman, Dromore; Aglish, Mrs. Wm. Kearns, Kereen and M's. M. Brennan, Aglish (sisters); nephews and nieces.

**MESH SIZES OF FISHING NETS**

1966 to 31st December, 1968, a net having meshes of such dimensions that when any mesh is stretched diagonally it is not less than 60 millimetres in width.

For the capture of other species such as herring, mackerel, sprat, pilchards, sand eels and Dublin Bay prawns, the use of nets with meshes smaller than 70 millimetres in width has been permitted. Smaller meshes for this purpose are still allowed but must now be less than 50 millimetres in width. The minimum sizes of net meshes are intended for protection of species of fish such as cod, haddock, hake, plaice, sole, whiting, etc. for which minimum legal lengths are already in force; the aim is to avoid catching the fish while they are undersized and then having to return them to the sea. The Minister expects that all fishermen will cooperate in these measures, which have been devised in their own interests.

(a) 70 millimetres in the case of a trawl net made of single twine not containing manilla or sisal and any seine net.

(b) 75 millimetres for a trawl of double twine not containing manilla or sisal; and—

(c) 80 millimetres for a trawl made of manilla or sisal.

It is also an offence to use any device by means of which the mesh of any part of a net is obstructed or in effect diminished; but it is permissible to attach to the underside of the cod-end of a trawl—canvas, netting or other material for the purpose of preventing or reducing wear or tear.

The amendment now made provides that in the area of the Irish Sea between the parallels 53° and 54° 30' north latitudes and west of the meridian 5° 15' west longitude a boat based on and landing its catch in ports in that area may have on board and use for the fishing of whiting within the area during the period 1st January, 1966 to 31st December, 1968, a net having meshes of such dimensions that when any mesh is stretched diagonally it is not less than 60 millimetres in width.

Followers are requested to close all gates and avoid damage to fences.

**Award Winners at Advertising Exhibition**

Price Bond holders will be interested to hear that the Department of Finance captured the Premier Awards for their display material at the recently opened "Best Sellers" Advertisers Exhibition in Dublin. The Department of Agriculture made it a double victory for the Government when taking the top prize for Layout on the same occasion. Both of these contracts are handled by Brindley Advertising Ltd. and our picture shows (left to right): Mr. Louis Knowles, Studio Manager of that firm together with Managing Director Mr. Basil Brindley and Captain Oliver P. Walsh, Director of the Institute of Advertising Practitioners in Ireland.

**DELAY IN INSTALLING BOILER CRITICISED**

The position is desperate, first it was a matter of extreme urgency and they were told that the old one would not last another week. Yet the old one was still in use out there. Someone should investigate why the new boiler was being held up in Dublin and why as yet it had not been installed.

Mr. Dower—The position is desperate. I am out there fairly often and the nurses and attendants haven't even water to wash their hands.

Mr. Thomas Lannon said if he was installing a new boiler he would employ an ordinary fitter and not mind consultants or engineers. He could not see how they wanted a consultant for this.

Mr. J. A. Hynes, Secretary, said the Dept. suggested they get one.

Mr. Lannon said he knew a fitter who would know more about installing the boiler than any consultant.

Mr. Charles Curran said this would have to be taken as a very serious matter.

The Secretary said they were all concerned about the delay. The Chairman then concluded the discussion by saying that every effort would be made to have it installed before the next meeting.

**Vicar Capitular's Letter**

The following is a letter from the Vicar Capitular to the priests of the Diocese: Very Rev. and dear Father, No doubt you will have noted that a nationwide Road Safety Campaign is being organised under the auspices of the Minister for Local Government from 1st to 11th December next. I have been asked to invoke the co-operation of the Clergy in furthering this campaign and very willingly I do so.

Road Safety involves many factors. It demands charity, courtesy, unselfishness and considerations for others from all road-users. In fact, in view of the seriousness of the problem and of the great tragedies of death and injury which are such frequent occurrences nowadays, there is a moral obligation on all road-users—pedestrians, cyclists, motorists and drivers of every class of vehicle, no matter what the occasion or circumstances—to take every possible precaution to prevent road accidents. It would then, be very appropriate if on say, Sunday, 28th November and 5th December, you and the other priests of the Parish were to urge all road-users to be mindful of their obligations towards themselves and towards others everytime they have occasion to use the public roads in any capacity.

In accordance with the wish of the Irish Bishops, I grant a Dispensation from Fast and Abstinence on 7th, 15th and 24th December and from Fast on 17th and 18th December.

After a little more than 3 years deliberations Vatican Council II is to close on December 8th. Calling for a new Pentecost in the Church Pope Paul has directed that every Parish and Religious Community in the Church should hold Three Days of Prayer ending on December 8th so that the whole Catholic world should be united in prayer at the end of the Council. Let each Parish Priest and Administrator in the Diocese arrange, according to the circumstances of his parish, to comply with the request of His Holiness. I give permission for Evening Mass to be celebrated in each Church on the 6th, 7th and 8th December.

On the 11th November, 1965, we received the joyful news that the Holy See had appointed as our Bishop, Rev. Dr. Michael Russell of St. Patrick's College, Thurles. In our name and in my own I have tendered a cordial welcome to Dr. Russell and I have assured him that he can rely on the whole-hearted loyalty, co-operation and obedience of the priests and people of Waterford and Iismore in what we hope and may will be a long and fruitful episcopate in our Diocese.

Yours sincerely in Jesus Christ  
MICHAEL BARRON, P.P.  
Vicar Capitular  
Bishop's House, John's Hill, Waterford.

# CAPPOQUIN NOTES

## DEATH OF SR. K. COSTIN

It is with deep regret that we announce the death of Sr. Katherine Costin, which took place on the 15th inst., in the Convent of Mercy, Kinsale. News of her passing was learned with shocked surprise in the district, because it was only three weeks previously that she had entered the Convent. Her untimely death has caused deep sorrow among her neighbours. The burial took place in the convent cemetery.

The chief mourners were: Mr. Edmond and Mrs. Costin (parents); Rev. Brother Vincent, Presentation College, Cork, Thomas, John and Edmond (brothers).

## A.G.M. OF C.Y.M.S.

The Very Rev. President, Canon Kenneally was in the chair at the largely attended annual general meeting of the C.Y.M.S. He expressed gratification at seeing so many new members of the younger age group present and said that he was confident that the society would find renewed strength through their presence. To the newcomers he extended a very hearty welcome.

The Hon. Secretary, Mr. James Olden, said that the year under review had been a comparatively quiet year, but he felt that the recruitment of the new members would very much strengthen the society.

Mr. Austin Walsh, Hon. Treasurer, reported that the Society had a credit balance, but stressed the necessity of financial improvement and the need for increased membership.

The following were elected to office: President, Very Rev. Canon Kenneally, P.P.; Vice, Mr. M. J. Sargent (Snr.); Spiritual Director, Rev. M. O'Meara, C.C.; Hon. Treasurer, Mr. A. Walsh; Hon. Secretary, Mr. J. Olden. Committee: Chairman, Mr. F. X. O'Leary; Vice, Mr. J. Greene; Messrs. P. Mason, G. O'Donovan, M. Quann, D. O'Leary and F. Walsh.

## MR. J. J. FOLEY BACK IN OFFICE

We learn that Mr. J. J. Foley, who, owing to pressure of business, recently resigned the Secretaryship of the Coursing Club, has agreed, at the urgent

request of the members, to remain in office for another year. In order to lighten the work, Mr. Daniel Kiely has been appointed Assistant Secretary.

Hares are already being stocked and trained and everything will be in readiness for the trials, which will be held on December 5th, 12th and 19th.

## JUMBLE SALE

The Jumble Sale, run by the Development Association and held on Sunday, was an outstanding success and quite a good sum was realised. The ladies and gentlemen responsible for the organisation and conduct of the Sale deserve the thanks of the community. Help from the general public, too, was very generous.

## OMISSION

We regret the inadvertent omission from the list of mourners (late Mrs. H. Landers) of the name of Mr. Michael Landers, Cappoquin.

## LATE MRS. C. LINEEN

The death took place on Sunday last of Mrs. C. Lineen, late of Cappoquin. A full obituary will appear in our next issue.

## Committee Extends Congratulations to Bishop-Elect

Prior to the commencement of last Monday's meeting of Waterford Health Authority, the Chairman, Mr. Patrick Browne extended congratulations to Rev. Dr. Michael Russell on his appointment as Bishop of the Diocese of Waterford and Lismore.

Mr. Browne said Dr. Russell was a very young man and his ordination in Waterford Cathedral on December 19th would be a big day for the Diocese. Their new Bishop would be received with admiration and as long as there was a true understanding between local Authorities and the Church they could not go wrong.

Mr. Charles Curran said he wished to be associated with the remarks of the Chairman. What they had heard of their new Bishop he was an outstanding Churchman and Irishman.

Mr. John Griffin said their late Bishop, Dr. Cohalan, was a leader in the true Christian tradition, as was their Vicar Capitular. He was certain their

## Re-roofing of Ardkeen to Cost £20,000

At last Monday's meeting of Waterford Health Authority, the Secretary, Mr. J. A. Hynes, informed the members that the re-roofing of Ardkeen Hospital would now cost £20,000 and not £15,000 as had been originally estimated.

## To Investigate Complaints

By ten votes to four, Waterford Health Authority decided on Monday last to recommend to the Manager the setting up of a joint committee to consider complaints made in the first instance against Medical Officers in the county.

The County Manager and other members joined in congratulating Dr. Russell on his new appointment.

## CREDIT UNION NEWS

Applications for membership of above have increased steadily over the last few weeks. At the end of business on last Friday night the number of members was 118, and the total amount of savings was about £1,700. More members are applying for loans and it is expected that there will be a further increase in applications between now and Christmas.

Many people, this year, are happy in the knowledge that they have solved the annual Christmas expenses problem by their action in availing of the attractive services of their own "finance pool" — the Credit Union.

As a matter of interest, members of other Credit Unions all over Ireland will be in the same happy position this Christmas—and there are 40,000 of them. Between them they have saved £1,048,000! There are now 120 Credit Unions in the country, all functioning along the same lines as your own one here.

"That was good"

What do I mean? Well, it's a bit hard to explain.

## "SOMEONE SHOULD ALSO CONSIDER THE POOR" SAYS MEMBER

It was about time someone thought of the poor and saw to it that they got their right share, said Mr. Thomas Lannon, at the meeting of Waterford Health Authority on Monday when making reference to the appointment of an additional night nurse at Ardkeen Hospital.

Mr. Lannon said it was no bother to them in the Health Authority to create new positions whilst the poor man with a family and fifteen years service with the Co. Council was being thrown out the door. It was time someone saw to it that the poor people get their rights also and not have them thrown in the gutter.

Mr. Lannon went on: "What have ye all the Office Staff for in the Health Authority? What is our Secretary, Mr. Hynes, doing all the traveling around for. He is our Secretary and he should be in his office. The people are only being coddled by these status increases which are being given to well-off people whilst poor people are being thrown out of employment coming up to Christmas time."

Deputy Wm. Kenneally said he saw no reason why the Secretary should be brought into this. They were discussing the nursing appointment at Ardkeen.

Mr. Lannon—Ye want to throw a bag over it all and let the light of day into all these things. Ye are just not interested in the poor.

The Chairman, Mr. P. Browne said the Manager, Secretary and officials had a big job to do and if they stayed in their offices all day it would not be done.

Mr. Lannon—They have not a lot to do. If they had they would be going into work at 9 a.m. and not 12 noon.

The discussion then ended. But later in the meeting Mr. Charles Curran said he wished to make a statement on the remark of Mr. Lannon with regard to the letting go of men with long years of service in the County Council.

He wished to make it quite clear that there was no question of any redundancy among any of the roadworkers employed by the County Council. In the Ring area four workers on temporary grant work were let go because that grant had now been used. They were offered alternate employment a few weeks ago but did not take it.

## Tramore 'Incidents' Investigated

For five hours on Tuesday night last the special Sub-Committee set up by the Co. Board G.A.A., took evidence from people present at the recent De La Salle—Geraldines County Intermediate hurling final at Tramore, which did so much to drag the name of the Association into the mud.

The Committee interviewed about 12 witnesses, and it was almost 1 a.m., when the Committee left the Majestic Hotel. This Sub-Committee will meet again on next Tuesday night and will then decide on recommendations which they will issue to the Co. Board. The latter Board meets on Monday week and the findings will be discussed at the meeting.

**N.F.A. NEWS**

Continued from PAGE 6

the marketing of their produce through producer-controlled Marketing Boards.

"In addition to providing a better living for farmers a realistic investment of capital in agriculture would help considerably in solving the economic ills of our country. We feel confident that the adoption of our policy for capital investment in agriculture together with our policies on production processing and marketing of agricultural goods would make this country a much better place to live in both for agriculturalists and industrialists alike. May we remind you that the agricultural sector represents one-third of our population and provides two-thirds of our exports but yet receives only one-fifth of National income.

"N.F.A. is indeed fully conscious of the present economic difficulties but unless a realistic approach is adopted towards agriculture these difficulties can not be overcome. The Association fully acknowledges the responsibilities of farmers in paying their just share of taxation; but is adamant in adopting on behalf of Irish farmers any reasonable steps that may be necessary to ensure that a fair standard of living can be obtained by those engaged in agriculture."

**SAFETY FIRST QUESTION TIME**

In connection with the current Road Safety Campaign, a Question Time will be held at the Parochial Hall, Kinsalebeg, on Tuesday night, 7th December. Three teams of three each will compete for £10 and other prizes. Similar competitions will be held at Ardmore and Villierstown on the same date. It is also proposed to hold a question time at Ballinacree.

**ARDMORE APPEAL**

The decision of St. Declan's (Ardmore) to lodge an appeal with the Munster Council against the recent decision of the County Board in ordering a forfeiture of their senior football championship game with Kill, is arousing considerable interest in G.A.A. circles in this area and the outcome is eagerly awaited. It is generally agreed that whatever the decision is, the long delay in concluding the championship is to be deplored and is against the best interests of the game.

**COLLECTION**

The annual collection in aid of Parochial Funds will be taken up in Clashmore on Sunday next. The clergy have asked the public to subscribe generously.

**LORRY CRASHES**

When a heavy lorry collided with the wall beside the main road approaching Lickey Bridge, near Clashmore, the vehicle was badly damaged. The lorry, a new one, demolished about 30 feet of the wall and came to a stop poised over the field which is about 15 feet below road level. The driver escaped injury.

**ESCAPED FLOODS**

Despite the heavy rain and gale force winds, this area escaped the severe flooding which did so much damage in other parts of the country. Some minor flooding did occur in low lying areas, but no damage was done to property as the floods quickly subsided in all cases.

**GOOD AGLISH PERFORMANCE**

Congratulations are extended to Aglish Grahelines on their splendid performance in holding Mount Zion to a draw in the senior football championship, at Dungarvan, on Sunday last. The manner in which the game was played reflected credit on both teams. The Aglish men are confident of winning the replay. An Aglish-Ardmore county final is still a possibility.

**T.D.'s VISIT**

**MOGEELEY MAN DIES SUDDENLY**

The death took place suddenly, at his residence Mogeeley, Killeagh, of Mr. Peter Mackey, a lorry driver employed by Imogilly Creameries. Deceased was at his usual work on Thursday, 18th November, and retired to bed in his usual good health, but died suddenly during the night. Aged 47 years, he was most popular and his untimely death is deeply regretted.

To his sorrowing widow and relatives much sympathy is extended.

**FLOODING**

The exceptionally heavy rain of the early part of last week caused extensive flooding at Tallow Bridge and the lower part of Convent Street. Water to a depth of 2 feet covered the roadway from the Convent to the Bridge. Many car drivers had to make detours to get to their destinations. Lan along the valley of the Bride was also inundated.

**Congratulations!**

## N.F.A. Man For Fertiliser Price Inquiry

The long-awaited and long-sought-for inquiry into fertiliser prices is at last a reality. During the week it was announced that the Fertiliser Prices Advisory Body is to hold the inquiry and one of the members appointed to the Body (fittingly enough) is N.F.A. man, Jim Mullins, the Chairman of the N.F.A. National Grain Committee and National Council member for Kilkenny.

As far back as last March a well-documented N.F.A. team first sought the inquiry shortly after the start of this year's Annual Review of Agriculture with the Government. Many times since then the call has been repeated. This week's announcement should bring cheer to every farmer in the country. The inquiry will relate to:

(a) proposals by Guiding Fertilisers Ltd. and Albatros Windmill Fertiliser Company Ltd. to increase their prices charged by the mimme lately before the commencement of the Order for Fertilisers and (b) the prices charged for compound fertilisers.

On the body with Jim Mullins are his chairman, James O'Dwyer, chairman of the Fair Trade Commission and Peadar Mac Giolla Riogh, former deputy chief inspector of taxes.

The Body is seeking written submissions on the matter from interested persons and organisations. Submissions should be made as soon as possible and in any event not later than December 20th next, to 50 Upper Mount St., Dublin 2.

They pointed out to the Government that nothing less than this figure would be required to compensate pig producers for their increased costs. The Government's answer—a 10% increase.

It is now more than ever obvious that adequate official action is needed to save our much needed pig industry.

**DISCOURAGING TRENDS IN PIG INDUSTRY**

All the gloomy comments by the N.F.A. National Pigs Committee on the state of the pig industry in this country are, unfortunately, coming true. Since the beginning of this year the Pigs Committee were trying to draw attention to ominous trends in the industry. The accuracy of these predictions was evident to anyone doing business at the pig markets around the country where the numbers of fat sows and bonams for sale spoke for themselves.

But any remaining doubts about the seriousness of the situation have been cleared by the latest figure issued by the Central Statistics Office where it is revealed that there was an appalling drop of 28.3% in the number of pigs in June of this year compared with June 1964. Saw service returns give a fuller indication of the present trend in pig production. They show that there was a 18.3% drop in June 1965, as compared with the same month last year and I understand that the September figure shows a 20.6% decline on last year.

**QUOTA DIFFICULTIES**

It is a pity that such a picture should emerge just when Irish bacon is commanding such an enviable position on the British market after much hard work by both the farmers and the marketing end of the industry—the Pigs and Bacon Commission. There is no doubt that the Commission will encounter serious difficulties in filling our quota of 27,000 tons of bacon on the British market this year, for it is in 1966 that the present trend is going to have its full effect.

What has gone wrong? Pig producers here who are producing quality meat are receiving about the best price in Europe, yet the hard facts are that too many of them cannot afford to stay in the business because of the completely unrealistic price of feeding stuffs. This aspect of the industry would bear the scrutiny of a full-scale price inquiry such as we are having with fertilisers.

Over a period of about 18 months, up to August of this year, the prices of barley meal increased by £1-15/0 per ton; crushed wheat by £2-10/0; maize meal by £1-6/0; pollard by £4, and proteins by £4. The same period saw an increase of £4 per ton (including delivery) of pig meal.

It can be taken as a pretty reliable average that it cost 32% more to finish a pig this Autumn that it did at the end of 1963. During the same period the price of A Specials increased by 15% per cwt. or 19/6 a pig. At a loss of 12/6 per pig is it any wonder that the pig producers are getting out of the business.

Wheat and oats were the main talking points at a recent meeting of the N.F.A. National Grain Committee. A letter from the Irish Four Millers' Association was read. It stated that when they sought an increase of 15/3 per cwt. during this year's Annual Review

ber 31st, 1965, at a price of £27-0 per ton for wheat dried to 15% moisture. The lower also stated that the flour millers would be offering 54/- per barrel for unmillable wheat at 20% moisture or more, but less than 21% on the same basis of moisture as millable wheat. This price applied to wheat purchased in the month of September with an increase of 6d. per barrel applying for each subsequent month arriving at a price of 55/6 per barrel in December. Moisture adjustment of 1/3 per barrel to apply for a each 1% moisture category above or below the basic price range of 20% or more, but less than 21%.

Grain Committee Chairman, Mr. J. Mullins, said that the N.F.A. Grain Steering Committee with the Government last month had discussed the millers' quoted price with the Department and had pointed out in the strongest possible fashion that the price should be 56/3 per barrel, comparable to that of green barley. "The Department's answer was," he said, "that Millers are compelled to pay sower's commission and in an amount of mill expenses. The winter months, when work is eased somewhat on the farms, can be described as harvest time in the field of organising. Experience has taught that if active canvassing and organising work is not done during these months a harvest of members will be lost for a further year.

It has become most apparent since the adoption of a more militant attitude by N.F.A. that more "outsiders" around the country want to get into the ranks of the Association. These men should be given every assistance to attain their objective.

In a letter, which is being circulated to all county secretaries, Chief Organiser, Dick Hourigan asks for the view of counties on the more technical aspects of subscription collecting. There is no doubt that counties have many problems in this regard but now is the time to speak up and assist Headquarters in evolving a more uniform and satisfactory system. Mr. Hourigan lays great stress on the need for enthusiastic effort at local level in organising—even when a national organiser is working in the county. "I would like to emphasise," he says, "that an organiser in a county should never be regarded as replacing voluntary effort, but only supplementing it." He considers that the productivity of an organiser can be doubled if he has 100% co-operation from the local officers. "We would welcome hearing from counties which feels the need of a national organiser."

It is regrettable to have to report that, though there are honourable exceptions, branch activity in too many counties is at a very low ebb. Unless branches meet regularly they cannot play their full part in the formulation of policy by the organisation. N.F.A., at this stage in its existence, cannot afford the luxury of nominal members—every man must play his full role in the work of the organisation.

**WHEAT AND OATS DISCUSSED AT GRAIN COMMITTEE MEETING**

Wheat and oats were the main talking points at a recent meeting of the N.F.A. National Grain Committee. A letter from the Irish Four Millers' Association was read. It stated that when they sought an increase of 15/3 per cwt. during this year's Annual Review

"Since there appears to be a certain amount of misunderstanding on the 'go-slow' rates Campaign being carried out by farmers we consider it our duty to state the facts of the matter for you and your colleagues in Dail Eireann. It has been decided by N.F.A. that farmers would delay payment of the second moiety of their rates for a period of one month beyond the end of the current financial year. This decision was arrived at after much deliberation and was taken only when it was obviously a necessary step to help achieve a just level of income for farmers.

"You will be aware that the Department of Finance, in its piecemeal review of the economy, forecast an increase of £12 million in farm income for 1965. Even on the most optimistic assumptions which could be made at the time, N.F.A. clearly established in the Annual Review of Agriculture (March/April) that there was a very real danger that farm income would fall by £2.15m. in 1965, unless corrective action was taken. We now find that in the light of developments in the intervening period, farmers are now faced with a drop of at least £8 million in their income. "Rates are not being fought for rates sake alone, but as a means of getting for farmers their just demands in the same way as trade unions may adopt strike action. Rates are therefore being used by farmers as a weapon to achieve their just share of the national income, together with a number of progressive policy measures.

"You will no doubt fully appreciate that many Irish farmers are forced to accept an extremely low income. In point of fact the average income of farmers and family workers was £746 a week in 1964 and it must be remembered that this has to cover re-investment as well as reward for management labour and capital employed in Agriculture. Despite the heavy increase in costs which farmers have had to bear during this year, the 1965 average income will be down by 15/- a week.

"The N.F.A. is convinced that a solution to the problem of low farmer income is contained to a large degree in adequate capital investment in agricultural and fair and just prices to the farmer for his produce coupled with the provision of satisfactory arrangements to give farmers a say in

# GERALDINES SNATCH LATE DRAW

## But Semi-Final Was Disappointing

### GAELIC JOTTINGS

#### THURLES MAKE NO MISTAKE IN REPLAY

On Sunday last I journeyed to Leahy Park, Cashel, for the eagerly awaited Tipperary senior hurling championship final replay between the holders, Thurles Sarsfields and South champions Carrick Davins. But as I suspected, the Davins missed the bus in the drawn tie at Clonmel the previous Sunday, and Sarsfields deservedly retained their title on an unflattering score-line of 3-11 to 2-7.

This time the elements were much kinder than at Clonmel and the Cashel Sportsfield was in fine trim. The crowd too, was a huge one, in the region of 15,000 and the stage seemed set for another hurling classic.

#### FOR KILKENNY COUNTY FINAL

This column extends congratulations to Paddy Cummins, an Assistant Manager of Waterford Co-Op. Society, Dungarvan, who was a member of the Tullougher side that recently qualified for the Kilkenny senior football championship final against Riallary. Paddy starred at centre-back in the semi-final whilst another brother also figured prominently in defence. Here's hoping he joins the ever growing list of Dungarvan natives and residents who have captured honours outside the Deise County.

#### MAY PLAY GUINNESS SELECTION

Although plans have not yet been completed, Waterford Co-Op. Society (comprised in the main of employees of Dungarvan Creamery), hope to travel to Dublin on the first weekend in December to play a Guinness selection in a football challenge. The hard working local committee, headed by John Dwyer, Jack Donoghue, Billy Kely and company are the men behind this effort and there is every hope that the fixture will come off. Watch this column next week for more specific details.

#### ARDMORE CAN TAKE WESTERN TITLE

The Western junior football championship should have a fitting finale at Dungarvan's Fraher field, on Sunday next, when Ardmore and Old Parish meet for the right to contest the county final against the new Eastern champions, Bonmahon.

This decider between near neighbours and keen rivals should be well worth witnessing, although the form book makes Ardmore undisputed favourites. However as one knows so well, form in the championship, and Old Parish, outsiders though they may be will not hear of defeat.

#### FOOTBALL DRAW DOORS PROBLEMS

The position at present is serious. Football championship semi-final at Dungarvan the County Board faced many problems, thanks mainly to the Ardmore-Kill affair. But now following the drawn game between Geraldines and Mount Sion at Dungarvan, these problems have increased one hundred fold.

Theraposition at present is that 'Sion, Geraldines, Ardmore and Kill are still left in the championship race— which in reality means that two semi-finals must still be played off. And this remember is the last week in November.

Ardmore have appealed against the decision of the County Board in ordering them to replay their semi-final against Kill and this appeal will be heard at the next meeting of the Munster Council.

But the Provincial Authority does not meet until Saturday, December 11th, making it impossible for this case to go on before December 10th—just six days before Christmas.

And what of the second semi-final? Well the special committee set up by the Co.

Board to carry out investigation into the "Tramore Affair" met on Tuesday night in Tramore and it is expected that all the evidence—and perhaps recommendations, will be submitted to the County Board without delay.

The more I dwell on the whole matter, the more doubtful I am of having any final played this year. 'T'gh' now in fact it seems an impossibility to get the championship concluded before the end of December, and if a final at all is to be played, then it seems likely to take place some time in the New Year.

And what a farcical ending that would be to a championship that at one stage promised so much.

Many will contend that Geraldines, if only for their dying game saving effort, deserved a draw. Personally I would not argue too strongly against this contention, yet nevertheless Mount Sion were, I think, somewhat unfortunate not to have clinched outright victory. They moved that bit more purposefully at all times and it is not customary for them to be caught at the post. But caught they were and if Geraldines can muster a full-

strength fifteen for the replay, then they will remain the writer's choice to qualify for the final—whenever that may be.

Basically this semi-final was one in which the respective defences reigned supreme. In the aftermath 'Sion claimed they should have been awarded a brace of penalties but just as strong is the Geraldine claim that Willie Joe Treacy was fouled in the dying seconds when careering towards.

The first half belonged in the main to the Aglishers. Yet almost incredibly Mount Sion led 1-1 to 0-3 at the break. The 'Sion goal was the essence of simplicity; a harmless centre being muffed by goalkeeper Johnny Grady and Jim Joe Landers and nipping in came corner forward Regan to top the ball home.

But if Geraldines made the first half pace, and should in fact have had some sort of interval lead as reward, the boot was on the other foot after the change of ends. Now it was the Monastery men who began to dictate the game's trend, and entering the closing quarter they led by two points. They continued to pile on the pressure and though this pressure was proving fruitless scorewise, 'Sion still looked a good bet to emerge triumphant.

potency that would indicate they could belatedly salvage their position. But displaying tremendous spirit and fighting heart they twice forced the Mount Sion defence to concede frees from which Patsy Kenneally lofted over the scores that gave them the right to fight another day.

Championship dismissal was starkly staring the Aglishers in the face three minutes from the end of last Sunday's senior football semi-final at Dungarvan's Fraher Field. They were then trailing by two points and their attack up to then had not displayed a degree of

But undaunted Geraldines made that game saving effort with less than three minutes left in the game. Kenneally first pointed a close-in free, and then with little over a minute remaining he coolly brilliantly made no mistake from thirty yards.

Had defeat been their lot on Sunday no blame could have been attached to the Aglish defence which performed splendidly.

Goalkeeper Johnny Grady was partially to blame for one goal that beat him, but performed creditably otherwise. Fronting him Jim Joe Landers, Billy Crotty and Jim Kelleher were very solid.

In the half line wingmen Jim and Ned Mernin were also in masterly form, but for me this game was dominated almost entirely by centre back

But once again the attack was dependant to a great extent on Kenneally. Nor did he fail them and his marksmanship was impeccable. Willie Joe Treacy, Mick Tobin and Johnny Cotter also gave everything in the cause of victory and Jim Hallahan on the fringe of the square left his imprint on the game by way of two great points. Nothing seemed to go right for Stylo Riordan however, and this undoubtedly talented player was well below his best.

For Mount Sion, Seamus Power, Billy Mulcahy and Doc Walsh performed well in defence; Larry Guinan and Paddy Walsh had their moments at midfield and in attack Mick Flannelly, Freddie O'Brien and Mce. Regan took the honours.

Mount Sion—Dick Culliton, B. Mulcahy, S. Power, M. Walsh; P. Kelly, T. Walsh, F. O'Brien; P. Walsh, L. Guinan; M. Flannelly, T. Forrester, D. Mahon, F. O'Brien, M. O. Morrissey, M. Regan.

Geraldines—J. O'Grady; J. J. Landers, E. Crotty, J. Kelleher; J. Mernin, M. Downing, N. Mernin; J. Davis, D. Duffin; W. J. Treacy, M. Tobin, J. Cotter; S. Riordan, J. Hallahan, P. Kenneally. Sub.—T. Cotter for Riordan.

T. Mansfield (Abbeyside) was an impartial referee.

#### THE SCORING

Geraldines opened the scoring in the 9th minute with a point from play by Patsy Kenneally, and a minute later the same player did likewise from a difficult angle. But right up to the 24th minute play continued without a score until Martin Og Morrissey opened the Sion account with a point. Then in the 26th minute came the Aglish defensive slip up and Maurice Regan was at hand to score the game's lone goal. Just on the half hour Willie Joe Treacy had a Geraldine point and so the Aglishers after a half of supremacy trailed by 1-1 to 0-3 at

ards and certainly ace goal scorer Billy Burns, the two treat deal to spare over Paddy McGraths, Bob Troy, Tallow and the Brickets in their last two outings but these were stern obstacles and in the circumstances did exceedingly well to surmount them.

For the Western final they were without a couple of key men, but on Sunday next they hope to have a full strength side on duty. John Healy will be available after missing the Divisional final whilst Mce's Connors, injured in that game is also new fully fit.

The Western champions have availed of the limited training opportunities at this time of year to the full and they certainly will not fail on the score of fitness. Besides Healy and Connors, this side contains some top class hurriers by any stand-

# Affane Seek Co. Title

ON Sunday next Affane will attempt to make hurling history when they meet Dunhill in the County junior hurling final. The game was to have been played in Tramore but that pitch has been deemed unplayable and the decider will now take place in Dunmore. Dungarvan's Mossie McGrath will have charge of the whistle.

This will in fact be Affane's third successive year appearing in a county final. Two years ago they successfully captured the junior football crown but last year crashed heavily to Erin's Own in the Intermediate football decider. But now it is hurling honours they are seeking and if spirit and determination count for anything, then they must stand an outstanding chance of taking the coveted title.

In annexing the Western title, these Affaners have been a model of consistency.

# Abbeyside's First League Defeat

ST. JOSEPH'S ... 1; ABBEYSIDE UNITED ... 0

THE long unbeaten reign of Abbeyside United has come to an end. On Sunday last at Poleberry Park, Waterford, they crashed by a solitary goal to City side St. Joseph's, thus suffering their first reverse in five outings in the Division Three League. This result now completely opens up the race for league honours and from here on Abbeyside can ill afford further lapses if they hope to carry off the pennant for the first time.

This undoubtedly is a game work and fantastic good for United players, mentors and supporters will want to forget as quickly as possible. Abbeyside in fact did everything but score, and would not have been flattered had they won by half a dozen goals or more. They must have had about 80% of not be denied, but there were occasions when the City net should have fallen without the worthy efforts come thudding anything else. But quite obviously this was just one of the number of times defenders kicked the ball off the Joseph's goal line, and it is easy to understand the Abbeyside despondency at this defeat.

Throughout this game Joseph's had scarcely a scoring effort worthy of mention. The lone goal came midway through the opening half, when a ball that should have been cleared was scrambled to the net. That score, coming as it did so completely against the run of play perplexed the Abbeysiders for the remainder of the half.

On the turn over the tie resolved itself into something resembling a game of backs and forwards. At times only goalkeeper John McGrath was inside the Abbeyside half, but by as they might the losers could not break through. Had they succeeded in scoring a goal, then I believe they would have turned this game into a rout, but all the time the wood-

#### Minor Cup-Tie in Abbeyside

This defeat of Abbeyside now gives the league race a real open book about it. St. Joseph's are now only a point behind United, both having played a similar number of games (5). Portlaw, with fewer games have also dropped only two points whilst Genwillie after two games have lost but one point. All teams have a total of nine games to play so there should be an intriguing and thrilling finale to this league. Let us hope Abbeyside do not suffer spiritwise from last Sunday's defeat, for they are still good enough to head the table at the end of what is certain to be an arduous football road.
