"Quay Standing Against All Engineering Principles"

THE condition of Dungarvan Quay had progressively worsened during the past few years, and the entire lower portion of it was ready to fall into the sea at any moment. Mr. Patrick Walsh, Town Engineer, told the members of Dungarvan Urban Council who comprise the Harbour Authority, at a meeting of the Harbour Committee on Monday night last. Present at the meeting were Mr. John Phelan, Dungarvan and Mr. Tim McGrath, representing Waterford Co-op. Society, both users of the Harbour, and the Harbour Master, Mr. James Curran.

At the outset, the Town Clerk, Mr. P. Robinson, said that part of the quay wall had collapsed last Friday and their Engineer had arranged to have the road widened to the quay closed off. It was estimated that it would cost at least £20,000 to repair the portion that had collapsed.

Mr. Robinson said the repayments on this sum over a fifty year period would be £1,500 a year, representing a rate increase of 1/11 in the £ annually. Last year they had lost £100 on the operating of the Harbour.

The Chairman, Mr. Thomas A. Kyne, T.D., said if they were going to go continually into debt on the harbour it would eventually have to be closed down. They had been warned long ago about the condition of the quay and now there was a further danger of more of it collapsing. He would like to know if the harbour dues could take a further increase or would this be detrimental to the local traders to such an extent that it would kill the current trade. Replying to Mr. Noel Mackett, Deputy Kyne said the harbour could take boats at present.

The Engineer, Mr. P. Walsh said the lower portion of the harbour, including the two principal berths were in a very bad condition. The Quay had progressively worsened over the past years and the lower section of it was now ready to fall into the sea at any time. Some months ago he had highlighted the position in a report and could not be responsible for the harbour any longer. Parts of the Quay, he said, were standing at the present time against all engineering principles and he did not know what was keeping them up.

Mr. Thomas Wade said the Vice-Chairman, Mr. R. Walsh said every effort was made to try and get money for this work but they failed. They couldn't get as much as a penny for the work from the Department and the Council hadn't got the money to do it.

The Engineer said if the Quay was not repaired all the thoroughfare to the quay would become unusable in a matter of time, and that would be very serious because there were a number of businesses on the Quay. It also took a lot of traffic when events were on in the town.

Mr. Patrick Phelan said they would have to face up to the fact that the work would have to be done.

Mr. Tim McGrath, representing Waterford Co-Operative Society, said his firm brought in twenty-five boats last year, and for that paid out over £7,800 in wages, and provisions. They also paid £834 in harbour dues in addition to the registered tonnage paid by the ship owners.

The previous year they exported about 4,000 tons of milk powder which they did not export last year because of the collapse in the milk powder market but one never knew when that export market might come back again. However the conditions of the road to the Quay was the very big worry, he added.

Mr. Walsh, B.E., said there was a grave need to rebuild all the berths on the lower portion of the Quay.

Deputy Kyne—I can see the whole job costing about £150,000.

Mr. Walsh—I would not put as high a figure on it as that but to put the entire Quay in a proper state of repair is going to cost a lot of money.

Mr. John Phelan, merchant, said that what was really worrying was that the Quay might be left as it was.

Deputy Kyne said the town would at least have to face up to the task of making it roadworthy, whatever about the shipping aspect of it.

The Engineer said if the Quay wall was not maintained they wouldn't have any roadway.

Deputy Kyne asked if the harbour was made feasible to operate again for exports and imports, would the merchants then agree to some increase on the harbour dues.

Mr. McGrath said he could not answer that question just now. He would however have a report for the next meeting.

Mr. McGrath said the firm had more boats coming into the harbour and he was very worried about whose responsibility it was for any damage that might be caused to them. Any damage to a boat, he said, might cost £20,000 or £40,000.

Deputy Kyne said they were insured and any damage caused would be the fault of the Council and not the merchant.

Mr. McGrath said the harbour was very valuable to Waterford Co-Op.

The Town Clerk said he had made enquiries about the harbour and a number of local authorities and most towns along the East coast had different dues for their different types of commodities. For ferries the charge was generally between 1/3 and a maximum of 1/3.

Deputy Kyne said the question — was the harbour economical to have or not?

TALLOU NOTES

LATE JOHN O'NEILL
 The death took place at St. Luke's Hospital, Dublin, on 14th January, of Mr. John O'Neill, of Talloou, and formerly of Ballymuddy, Knockmore. He was the last surviving member of an old and highly esteemed agricultural family and was well and popularly known over a wide area of West Waterford. In his eighties, he had been in good health up to a short time before his death, which occurred unexpectedly following an operation.

There was a representative cortege at the removal of the remains to St. Michael's Church, Knockmore and at the interment in the adjoining cemetery following Requiem Mass on Tuesday, 16th January. Very Rev. J. Guiry, P.P., Knockmore, Rev. S. Nugent, C.C., Talloou and Rev. C. Scanlon, C.C., Knockmore, officiated. He is survived by his wife and relatives, to whom deep sympathy is extended.

TALLOU F.F. G.M.
 The annual general meeting of Talloou Fianna Fail Cumann was held recently and the following officers were elected: Chairman, Mr. Eddie Cunningham; Vice-Chairman, Mr. George Armstrong; Secretary, Mr. James Coughlan; Hon. Treasurer, Mr. Dan O'Brien; Delegates to Comhairle Ceantair, James Tobin and James Cunningham.

TALLOU I.C.A.
 The first of the lectures given by members of the Marriage Council, Cork, was held recently. The Norma Griffin "Poise and Personality" course will commence on Monday night, 3rd February, at 8 p.m. The Annual Dinner this year will be held in Fermoy.

FLOODING AT WEST ST.
 During the heavy rain on Friday, 17th January, severe flooding took place at West St. Mr. John Ahearne's residence and shop was very badly hit and some goods were damaged by flooding. Many other houses in the area also suffered.

DEATH OF MR. JOSEPH LANDERS, LEFANTA
 Cappoquin was saddened to hear of the death of Mr. Joseph Landers, Lefanta, who died in St. Joseph's Hospital, Dungarvan, after a long illness. The deceased was a member of a well known Camphire family attached to salmon fishing on the Blackwater. He worked for some years on the Dobb's Estate, Camphire and before his illness was employed by the Forestry Division of the Dept. of Lands. At the time of his death deceased was only in his mid-forties.

There was a huge attendance at the funeral and at the burial, which proved how popular he was in the area. The remains were received and blessed on arrival at St. Mary's Church by Very Rev. P. Power, P.P., Rev. J. McGrath, C.C., Very Rev. J. Hally, P.P., Modeligo, and Rev. Dr. M. O'Don, Maynooth, and the interment took place on Tuesday in the family plot in St. Declan's Cemetery, after Requiem Masses. Very Rev. P. Power, P.P., officiated.

The deceased is survived by his brothers Thomas, Patrick, David, Maurice and Michael; sister Mrs. S. Townson; and his nephews, nieces and relatives. (Funeral arrangements by A. Walsh and Sons, Cappoquin.)
CAPPOQUIN G.A.A. CLUB
 A.G.M.
 Cappoquin G.A.A. Clubs held their annual general meeting on Saturday, 18th January. Mr. Paddy Wall, Chairman, presided, and welcomed the members. The attendance, while still on the small side, was an increase on last year. Rev. J. McGrath, C.C., instilled a new spirit into the club by his remarks on the rise of clubs such as Ballygunner and Clonca-Power from actually nothing, and Cappoquin could do the same with more dedication to their training.

Mr. Ned Lonergan, Vice-Chairman remarked that this year was the Golden Jubilee Year of the Club and this in itself should prove an extra incentive to our hurlers in the year ahead. He also called for as many matches as can be arranged by the incoming committee because match practice is essential.

In his report, the Hon. Secretary Mr. John Fraher gave a detailed account of the clubs activities during the year. He paid special attention to the under age competitions and stressed that the club should make sure that last year's under 14 teams, which recorded a number of victories, should be taken in hand and groomed as there is plenty of potential there.

He asked for an all out effort from all players and said that full fitness cannot be attained without hard work and perseverance. He also thanked anybody who lent tractors to cut grass, etc., during the year.

Sympathy was passed to all who suffered bereavements during the year and a special vote of sympathy was passed to the family of the late Mick Sargent, who was such a valued member of the club. Mick had presented the Sargent Cup for senior hurling in Co. Waterford, but this was just one of the many things he did for the G.A.A. in Cappoquin and Co. Waterford. His passing left a big gap in the Cappoquin Club and it will take many good men to fill his place.

Mr. Noel Lonergan (Hon. Treasurer) reported the Club to be in a sound financial position. Both reports were adopted unanimously.

Officers elected for 1957: Patron, Rev. J. McGrath, C.C.; President, Paddy O'Finnasa; Vice-Presidents, Very Rev. P. Power, P.P., Nicky Dady, Pat McCarthy, Johnny Shea, Paddy English, Michael O'Connor, M. Curran; Chairman, Paddy Wall; vice-do., Ned Lonergan; Hon. Cappoquin Convent Dispute Settled TO SELL FOR £5,500

After many meetings, many arguments and much hard-hitting debate, the Cappoquin Vocational School saga has come to a close. At last Monday's meeting of the County Waterford Vocational Education Committee in Dungarvan, which was attended by Rev. Mother Ita and two Sisters of St. Anne's Convent, Cappoquin, and by Mr. P. Moloney of the Department of Education, it was agreed unanimously that the Vocational school be sold to the Nuns at an agreed price of £5,500. The school which will now be part of the Post Primary Education set-up in the town, will not be sold officially until June, but the Nuns will have full use of the building from Monday next.

Before the Sisters and Mr. Moloney came before Monday's meeting, the Acting C.E.O., Mr. Thomas F. Maher, told his Committee that so far he had made no contribution to this Cappoquin school question. Now, however, he would like to give the Committee his advice and they could take it or not. Less than five years ago they had Tramore House rented on a five year lease. No one at that time could envisage the changes in education in the time that followed and last year they had to give up that lease. They also opened a school in Tallow and had to close it. They also had premises in Portlaoise which were loaned to them free of rent and it now looked as though they would have to hand them over to the owners. He believed it would be very unwise for the Committee therefore to rush into disposing of this property in Cappoquin until such time as the Cappoquin Post Primary Centre had justified itself as a success. If the Post Primary centre was a success he would then favour selling the Vocational school to the Nuns.

Mr. Maher went on to say that in two years time it was necessary to close the Post Primary School in Cappoquin, the Committee, having sold their school, would be unable to buy it back. He asked the Committee to act with caution, as none of them could look ahead to a few years time and say what was going to happen. There would also be a meeting soon to reconsider the Catchment Boundaries in the County in the light of the new Kilmacomas School and he would advise the members to be cautious and not commit themselves to anything until they had been assured that the Post Primary Centre in Cappoquin was a success.

The Sisters and Mr. Moloney then came before the meeting and they were welcomed by the Chairman, Ven. Archdeacon Power, P.P., V.F., who said they had a very big task before them in trying to settle this issue once and for all. He also extended a welcome to Rev. Maurice O'Meara, C.C., Tramore and formerly Cappoquin, who was representing His Lordship Dr. Russell.

Addressing the Meeting, Mr. Moloney said the points that divided the Committee and the Sisters were the price of the building and the conditions that were being attached to the sale of the school. He then itemised the conditions and agreement was reached on them between the parties. The following are the conditions: (a) that the two teachers at present employed by the Vocational Committee in Cappoquin shall continue to be employed as long as they wish, and that they will not become unemployed because of falling numbers; (b) Rural Science shall be thought as a subject by the Vocational Teachers; (c) The caretaker at the Vocational School shall be retained in the new Post Primary Centre; (d) The Committee shall be entitled to hold afternoon and night classes in the school provided sufficient notice is given to the Sisters; (e) Voluntary organisations shall be entitled to hold meetings in the school as heretofore.

Mr. Liam Comerford informed the Sisters that one of their original conditions regarding the post of Deputy Headmaster to be given to Mr. Baston the present headmaster at Cappoquin Vocational School, was being withdrawn. Mr. Moloney said that with the conditions agreed on, all that remained to be resolved was the price for the school. The Committee had the building valued at £6,750 whilst the sisters had it valued at £5,000 unconditionally, and £4,000 conditionally. Rev. Mother Ita said her Community believed that the building would not really be their own when there were conditions laid down with regard to the sale of it. Mr. Comerford said the conditions were very reasonable ones and from the Committee's point of view it was a question of keeping adult education going in the town. He did not think the conditions were very vital as far as the price was concerned.

Rev. Mother Ita said if the building was put up for public auction she wondered what it would fetch. Some time ago the Cappoquin Railway Station, outbuildings and some land were sold by public auction for £4,000 and there were three or four premises on the Main Street that the auctioneer would accept an offer of £2,000 for any of them but no offer had been made to him. The Committee must take into consideration the town in which the building was, she added.

Mr. Comerford—It is the Nuns who want the school. We do not really want to sell it. Mr. Charles Curran said he did not think they were making any progress. They were all trying to be helpful and co-operative with the Nuns and they had even bent over backwards in this matter. They were trying to make a success of this project in Cappoquin and the Committee had even made an offer previously to hand over the school free which they did not think could be turned down by it was.

Mr. Moloney said both sides have had the building valued by reputable people and it was about time that some side gave a little on the price question. Senator Sean Ormonde said they should take the £5,000 figure as a starting point. Mr. Curran—Our only aim is to provide the best possible educational facilities in Cappoquin for the children.

Rev. Mother Ita—I can assure you that is our intention and desire also. Mr. Comerford said if the Committee was prepared to sell the school he would propose that they reduce their figure to £6,000 for the purpose of negotiation. Rev. Mother Ita said they came to to-day's meeting to bring this matter to a satisfactory conclusion and to show their goodwill she was prepared to start negotiations on their side from £5,000. At this stage in reply to Mr. Comerford, Mr. Moloney gave the Committee an undertaking that they would not be surcharged if they sold the building for anything less than the £6,750. Mr. Moloney went on to state that on one side there was the figure of £5,000 and on the other a figure of £6,000. He asked if the parties would agree to split the difference and agree on a price of £5,500. At this stage the Nuns withdrew to allow the Committee and themselves to consider the position. During the Committee's discussion on the position, Mr. Austin Deasy said that in view of what Mr. Maher had said about it might not possibly be a success in Cappoquin, they might insert the clause that in the event of the Post Primary school not being a success the Committee would have the option to buy back the school. Mr. Liam Comerford said that though he was to sell any of their property, they must consider the youth of Cappoquin and see to it that they were given the best educational opportunities. Mr. Deasy said he had always been in favour of selling the school because the Dept. had already told them that there was room only for one centre in the town. They had got a guarantee from the Nuns about the conditions of sale and he was in favour of selling it to them. The school would be of very little usage to the Committee and would be an uneconomic proposition to retain it. Mr. Sean Whelan said he would be reluctant to sell it in view of the attitude taken by the Nuns in the matter from the start.

On the proposal of Mr. Comerford, seconded by Senator Ormonde, the Committee agreed unanimously to sell the school to the Nuns for £5,500. When the Nuns were recalled and the offer put to them, Rev. Mother Ita, on behalf of the Nuns, accepted the building at that price. In the event of the school ceasing to be a viable centre, the Nuns also agreed to sell the building back to the Committee. It was also agreed that a Dept. Valuer will value the equipment in the Vocational school and it will then be sold to the Nuns at his valuation. Concluding the Chairman, Ven. Archdeacon Power congratulated them all on coming to this happy agreement and to solve this problem which had been troubling them seriously for so long. He felt that the Vocational Committee had been got in a soft mood that evening, but they had in mind the friends they were dealing with. He complimented also Mr. Moloney of the Dept. for his part in the proceedings and he wished the Nuns every success with the school. Mr. Moloney and Rev. Mother Ita also spoke and expressed their satisfaction that the matter had been resolved so satisfactorily.

J.G.C. PROJECT ANNOUNCED

Children's Playground For Quann's

A Children's playground containing £1,000 worth of equipment will be officially in Dungarvan at the upper portion of the Quann's field on the seashore towards the end of April. The project is being organised and paid for by the Dungarvan Junior Chamber of Commerce, the details of which were announced at a Press Conference given by the Chapter in the Devonshire Arms Hotel on Tuesday afternoon. The Chapter members present at the conference were the President, Mr. Michael Moloney; the Secretary, Mr. Eoin Goode; the Chairman of the Project Committee, Mr. P. J. Harnett and Mr. John Ryan.

At the outset Mr. Moloney said the Junior Chamber of Commerce was a worldwide organisation having over one million members in over a hundred countries where freedom of thought and action were cherished. The Junior Chamber of Commerce in Ireland, he said, had a history of growth and achievement since its foundation ten years ago in Cork. Their own Chapter in Dungarvan had made its mark on the life of the town mainly through its community development projects amongst which there were such notable ventures as the annual festival of events and more noteworthy still the Grattan Square Painting Project which was still being acclaimed both inside and outside Junior Chamber circles.

Commerce in Ireland and the Dungarvan Chapter is one of the first Provincial Chapters to consider providing a play-space for children. We have selected what we consider is an ideal site on the seashore at Quann's field and this we feel is the most central site available.

Mr. Moloney said they would erect a playground on this site which would consist of one set of crane seat swings for younger children; one set of flat seat swings; one slide fitted with safety cabin; one ocean wave; one rocking boat; one pendulum see-saw; one link-action non-bumper see-saw. The total cost of this equipment would come to £1,000 when erected.

Concluding, Mr. Moloney said the Junior Chamber intended to finance the project out of their own funds and by raising a bank loan which they would clear over the next few years. When the play-space was completed they intended to hand it over to the Urban Council on behalf of the town. The Urban Council, he said, had agreed to accept full responsibility for the maintenance and upkeep of the play-space thereafter. On behalf of the Chapter the President said he wished to thank the Urban Council for co-operating with them in the project; the Dungarvan Sand and Gravel Co. which was giving the erection materials at cost price and Mr. Wm. Fennell, Emmet St., who was erecting the equipment free of charge.

"Dungarvan Junior Chamber of Commerce is pleased to have had the opportunity of providing this important amenity for the town, and hopes that many generations of children will enjoy the benefit of it," said Mr. Moloney.

PLAYGROUND

Mr. Moloney said this new project which they were about to announce this evening was still more far reaching both in its financial commitments and as a service to the children of the community.

There were approximately 1150 children going to the Primary schools in Dungarvan urban area, made up as follows, he said: Abbeyside 250; C.B.S. 300; Mercy Convent 300; Presentation, 300. Other than the swimming pool which was mainly used during the summer, there were no public recreation facilities available for them.

The Chapter President continued: "We in Dungarvan feel that it is undesirable that the children should be playing on the streets, mainly from a safety point of view. 'Play-space' is a project recommended to Junior Chambers of

the playground." **NO FEARS FROM FLOODING**
When the point was put by another member of the Press, that the Urban Council's Engineer had stated that the site was unsuitable as it was subject to flooding, Mr. Harnett said the section of the site the Junior Chamber had in mind was not subject to flooding. He also added that the equipment was designed for safety.

Questioned on the point of supervision, Mr. Harnett said the Playground would not be supervised by the Chapter. He did not see the necessity for it, but the maintenance and upkeep of the equipment would be the responsibility of the Urban Council.

Mr. Ryan said another aspect of the project which he would like to mention was the fact that they were financing this from their own funds, and even to a greater extent than they could afford. They had made a number of collections in the town and were now giving back a proportion of the money they had made.

WONDERFUL AMENITY
This Playground will undoubtedly prove to be a wonderful amenity for the town, and no praise can be too high for the Junior Chamber of Commerce for footing it. They deserve the thanks of the entire community and we trust that their civic minded response will be of a calibre that befits the magnificence of the project.

CARRICK DANCE

It's good news this week for the many admirers of Mick Delahanty and his Orchestra, and these are many, for Mick will be making one of his rare appearances and his only Sunday night date in 1969, in the Ormonde Hotel, Carrick-on-Suir, on Sunday next.

Presenting the "Maestro" is that active and go-ahead Committee of the Castleview Lawn Tennis Club, whose policy is to present only the best bands. As usual, a bumper attendance is expected.

In 1945 Mick played for the first time in the old Ormonde Hall, and on every occasion has played for Castleview since; he has always attracted a capacity crowd, breaking all attendances records last year when the "House Full" sign had to go up.

So come early, as dancing is from 9 p.m. There will be many Spots given away during the night, and Mick Delahanty has arranged a special programme to suit all tastes.

SR. MAIRIE IDA HALPIN, Convent of the Holy Family, Aveyron, France, spent her first Christmas at home in Durrow, Stradbally, in 31 years. She was granted the privilege after she had obtained first place out of 46 in a recent medical exam. She has now returned to Paris.

MANAGER TO PRESENT REVISED RENT SCHEME FOR DUNGARVAN

At the February meeting of Dungarvan Urban Council the County Manager, Mr. C. O'Connor, will present, at the request of the Council members, a revised rent scheme for the town's houses for the consideration of the Council. The scheme, according to the Manager will be less onerous on those at the top of the rent scale.

At this week's Council meeting, the Manager presented a report on the review of rents in accordance with a decision taken at the Council's November meeting.

In this report the Manager said there were 430 houses being rented in the town at present, 248 of them were on fixed rents and 182 on differential rents. The total loss on these houses was more than £6,800 for the year ended 31st March last. This represented a loss per house of £16 on average and a rate of 8% in the £ was required to meet this loss.

Mr. O'Connor in his report went on: "Some of the reasons why this loss is so great are as follows: (a) fixed rents are generally very low and have not been increased for a long time. On the other hand the cost of maintenance has been constantly increasing. In 1969-'70 the average cost of maintenance per house was £2,600 while for 1968-'69 it is estimated at £7,180. (b) The older differential scales are also too low at the maximum, which is not anywhere near the economic rent."

Mr. O'Connor went on to state that on the other hand differential scales for newer schemes which had no fixed rents were rather severe at some points, so that there were some tenants who were carrying a big rent burden in relation to their incomes. The scales in relation to these schemes, he said, could only be revised as part of a general rent review; otherwise the loss on housing will increase and will have to be passed on to the general body of ratepayers. Therefore in carrying out the review the following were the main factors to be taken into consideration: (1) An effort must be made to give the fairest scales possible to tenants and (2) An attempt must be made to ensure that revised scales will not involve further losses on the Council's Estate.

The revised scale, the Manager added, was designed so that all tenants who had incomes of less than £15 weekly would receive some reduction in rent. There would be increases on the fixed rents also, he added, but this increase would be a maximum of 2/6.

Mr. Thomas Wade said as much as he disagreed with any increases on anyone's rents, he agreed with this review of rents. He believed the Manager had made a very good approach to it and at the moment one section of the tenants was subsidising the remainder.

Mr. Austin Deasy said the new system would be a big improvement on the present one. It was unfair that house with about £30 a week income should have rent of 6/- or 7/- while people earning far less in the new schemes were paying a lot more. This new system he added, would also lead to a better repair service.

The Town Clerk said people at present on fixed rents would have the option of remaining on that system or going for differential rents.

The Manager said he would present a rent scheme to the next meeting that would be designed to be less onerous on those at the top of the scale.

The Council could then consider it and come to a firm decision. This was agreed to by the members.

Mahon Rovers G.A.A. Club's Annual Meeting

Will Appoint Assistant Headmaster for Kilmac School

The Dept. of Education had approved in principle of the appointment of the Post of Permanent Wholetime Assistant Headmaster for the new Kilmacthomas School, which is opening next September.

At last Monday's meeting of the Co. Waterford Vocational Education Committee in Dungarvan, the Acting C.E.O., Mr. T. F. Maher said the vacancy would be advertised in the newspapers before a person was selected for the Post.

HALF-DAY FOR SCHOOLCHILDREN

To mark the occasion of the 50th Anniversary of the First Daol, the pupils of Vocational Schools throughout the county were given a half day on Tuesday.

At this week's meeting of the Vocational Committee in Dungarvan, Mr. T. F. Maher, Acting C.E.O., said school would end at 12.30 p.m., with the closing of the National Anthem.

Council Reverses Decision on Wage Claim

Dungarvan Urban Council has reversed the decision taken at its December meeting when the 11th round salary increase for the Council officials was refused. However at Monday night's meeting of the Council when a letter was read from the Minister requesting the Council's reasons for the refusal, the members decided by six votes to one to grant the increase.

The County Manager, Mr. C. O'Connor, said this 11th round increase had been passed by the majority of councils and had been agreed on the basis of negotiations through the recognised arbitration scheme. It had also been granted in industry, he added.

Mr. Noel Hackett said he was not present at the last meeting when the increase was refused and he was now proposing that it be granted. Mr. Austin Deasy seconded.

Mr. Patrick Whelan opposing the increase said he would not change his mind for any one including the Minister. Cols. Kyne, Walsh, Deasy, Kenenally, Hackett and Wade (6) voted for the increase and Councillor Whelan voted

Committee Wants Teacher in Permanent Capacity

The County Waterford Vocational Education Committee is to recommend to the Dept. of Education the appointment of their P.T. teacher, Mr. John Frazer, Tallow, as a permanent wholetime teacher with the Committee. Mr. Frazer is presently employed in a temporary wholetime capacity.

At last Monday's meeting of the Committee, a letter was read from Mr. Frazer requesting that he be appointed as a permanent teacher.

The Acting C.E.O., Mr. T. F. Maher said the teacher must first pass his Ceard Teastas examination before becoming a permanent member of the staff.

Mr. Frazer had already passed the oral part of that examination but had failed the written. In the cases of long serving teachers however the Department might be prepared to accept the oral part of the examination as sufficient.

Mr. Austin Deasy said it was ridiculous to expect a man like Mr. Frazer who had left school for years, to pass the Ceard Teastas examination. It was most unfair, he added.

Mr. Liam Comerford said Mr. Frazer had sufficient Irish to hold a permanent wholetime post. He was a very long time on the job and as he approached retiring age, it would be far more advantageous for him to be a permanent teacher. They should ask the Dept. to make an exception in his case, he added.

On the proposal of Mr. Patrick Kenenally, seconded by James Quinke, the Committee unanimously agreed to ask the Dept. to agree to Mr. Frazer's appointment as a permanent wholetime teacher.

TRAVELLING EXPENSES
The meeting also had before it an application from Mr. Frazer for an increase on his present travelling allowance of six pence a mile.

Mr. Maher said this six pence was the allowance agreed on by the Dept. for part-time teachers who had to travel from their homes to school. That rate was in existence for the past twelve years and in view of the increased allowance given to permanent teachers, Mr. Frazer was seeking an increase in his allowance.

On the proposal of Mr. Liam Comerford the Committee unanimously agreed to recommend to the Dept. the payment of 10d. a mile to Mr. Frazer.

Urban Council's Call to Re-open Dungarvan Railway

Dungarvan Urban Council at this week's meeting passed a notice of motion calling on Colr. Austin Deasy calling on C.I.E. to reopen the Railway Station in the town and provide a goods passenger service between Dungarvan and Waterford. This motion will be sent in support of a similar one already passed by Waterford County Council to C.I.E.

Mr. Thomas Wade said their railway was closed and their harbour was in danger of closing and soon they would be the biggest village in Ireland. The motion was passed unanimously.

PIPE BAND SCHOOLS ESSAY DEPUTATION WINNERS

A deputation from Dungarvan Pipe Band, comprised of Pat McGrath, Secretary, Michael Power, Sean Murphy and Sean O'Donnell, came before last Monday night's meeting of Dungarvan Urban Council with yet another request for the Council to provide them with a site on which to build a new Bandhouse.

Mr. Power told the Council that the Band was in a very bad way because of not having a Bandhouse. If they did not succeed in getting one by the summer, it was possible that the Band would be scrapped altogether.

The Deputation suggested the site on the Quay, beside the public toilet, or any site that would be offered by the Council.

Mr. P. Walsh (Engineer) said the quayside should not be given to anyone and he also stated that the lower portion of Quann's was most unsuitable.

By four votes to three however, the Council decided to give a site to the Band at the lower end of Quann's field.

On Thursday, 9th January, the results of the Schools' Essay competition among the Primary Schools of Dungarvan were announced at a gathering of pupils and parents in the Hall of the new Mercy Convent Schools.

The competition had taken the form of an essay which was written by all the pupils of the classes from second up to sixth in all the Primary Convent, Presentation Convent, Christian Brothers, Abbeyside Boys School, and Abbeyside Girls School - five in all. Through the co-operation of the teachers, for whose assistance in the matter the Committee is very grateful, these essays were sifted and the three best in each class in each school were sent forward to the Dungarvan Road Safety Committee who were the final judges of the competition. This Committee received a total of 75 essays.

The entries from each class in each school were then graded first, second and third and the overall winner in each class in all the schools was also decided by the Committee. In addition prizes were awarded for the three best essays over-all in the whole competition. One pupil submitted a very good coloured cartoon and because of its quality the Committee decided to award him a special prize.

The prizes were presented by His Lordship, Most Rev. Dr. Russell.

The winners were: Best overall - Ist. Siobhan Ni Pholain, Mercy Convent; 2nd. Eithne Ni Diring, do.; 3rd. Caroline Russell, do. Special prize - Liam Hughes, C.B.S.

Co. Convention on Sunday

The annual Co. Board G.A.A. Convention will be held in the Friary Hall, Dungarvan on Sunday next, commencing at 1.30 p.m. A total of 25 motions have been listed. The Convention is certain to elect a new Chairman, for the outgoing man Mr. Jamie Moloney, N.T., is not seeking reelection, and has not allowed his name to go forward. Seven candidates have been nominated for the post, but at the moment only Pat Coffey (Ballyduff/Portlaw) and Pat Fanning (Mt. Sion) seem certain to contest it. Another possible candidate however is Western Board Chairman Mr. Nicholas McGrath, who would undoubtedly command very strong support. The following are the nominations. Chairman, Pat Fanning, Pat Coffey, Nicholas McGrath, Paddy Joe Sullivan, Rev. Fr. R. Liddane (Fenor), Ned Power and Paddy Kenneally (St. John's). Secretary, Declan Wer, Seamus Grant, Treasurer: Goode, outgoing; Seamus Paddy Kenneally (St. John's) outgoing; John Barron. Delegates to Munster Council: Tom Cunningham, outgoing; Seamus Power, do.; Seamus Grant, Ned Moore (Clanna Gael), Ned Power. Central Council Representative: Donal Whelan, outgoing; Charlie Wer, s.r.; John Barron, Pat Fanning, Seamus Power. As we go to Press we have not received the Secretary Report, so therefore cannot comment on it.

was required. He was not going to accept responsibility for it because this was a specialised job. All the lower portion of the wall would have to be replaced.

Mr. Patrick Whelan asked if they could get any money from the Department under coast erosion or under road grants.

Mr. Robinson said their Urban road grant for the entire year was only £1,500 and their chances of getting something under that heading was practically nil. Neither did he think the harbour could be covered under coast erosion and the chances of getting a grant under that heading were slighter than when they tried ten years ago. Their chances of getting anything from the Department were hardly worth writing about.

The County Manager, Mr. C. O'Connor said it was very hard to come to a firm decision on this matter. He believed all a specialised engineer their own engineer had already stated. He would be inclined to have the Quay covered more highly with Public Liability Insurance, rather than incurring a heavy increase in the rates at this time.

Deputy Kynne said according to the 1946 Harbour Act the Government could not give them any Harbour Grant because the Government did not consider this as a harbour.

The Engineer said in carrying out a survey, borings would have to be taken and that could bring the cost to about £2,000.

Finally it was agreed as a temporary measure to get a higher Public Liability Insurance and the matter will again be covered on the harbour, discussed at the February meeting.

NFA NEWS Dairy Farmers Will Decide

The only clear and democratic way to decide the vexed question of who should speak for the country's 110,000 dairy farmers is to hold a referendum on the issue, as suggested by the President of the N.F.A., Mr. T. J. Maher, at the recent Thurles talks.

This issue cannot be decided by anyone for dairy farmers. They can only decide on it themselves—and some day they will have to be given the opportunity of deciding through the ballot box.

This question of representation on milk was the basic one discussed at the last Thurles talks. The reason it dominated the talks is that everyone with the interest of unity at heart knows that it must be resolved before you can move further on the road to achieving the one, overall national farmers' organisation.

At Thurles, Mr. T. J. Maher agreed to bring back the referendum suggestion and put it before his Council and Mr. Jim O'Keefe, President of the I.C.M.S.A. said he would be incorporating it in his report to his Council, though he did not think it would be carried.

The Referendum suggestion has been gathering strength amongst dairy farmers in recent weeks. The future pattern of effective consultation between the Government and dairy farmers on dairying matters will only be resolved finally when the dairy farmers will have first spoken and given their decision on what form of representation they want.

The Government cannot foist on them anything they do not wish. It is for they themselves to decide.

FARM INCOME POSITION

Farmers will not accept a situation where costs in the agricultural sector are going to continue to spiral as at present and in addition they will have to bear all the recent increases in consumer goods with no compensation. This was stated by the President of the N.F.A., Mr. T. J. Maher when he addressed a West Cork Regional N.F.A. dinner in Crosshaven.

Mr. Maher said the farmers had no means of cushioning themselves against rising costs by automatically coming into the orbit of wage and salary rounds. They had to wait on the Government which controlled the prices of most agricultural commodities. And the Government had permitted the gap between incomes in the agricultural sector and those in the industrial sector to widen still further last year. All the indications were that it was going to widen more in the coming months.

The economy is now like a dog, chasing its tail, said Mr. Maher. Salary and wage increases mean nothing. Immediately the workers get an increase the price of everything seems to go up right away and one is left wondering where the thin dividing line is drawn. If any, between the necessity of these increases to meet rising production costs and the utilisation of the moment to reap still greater profits.

Therefore the workers find themselves caught in a vicious circle. Where they should gain direct benefit from the increases they win, they find the entire benefit slowly whittled away on them and their last position is even worse than their first.

But at least they maintain their position to a degree. The real injustice comes to those who get no increase at all. They must bear the increases in the cost of living which follow in the wake of new wages or salary rounds, while they are not cushioned against them in any way. The biggest victims are the small men in every sector. No wonder that the small farmers find themselves being ruthlessly squeezed out in this age of no pity.

We hear a great deal about the affluent society to-day. No doubt there is an affluent society—but only for some. For many the cost of living has been allowed to run riot to such an extent that they must now almost despair of ever getting out of the rut of circumstance. Indeed they have enough to do to make ends meet, without entertaining the hope of saving for the rainy day.

The Government must shoulder a great deal of the blame for starting the present spiral by granting increases in the public service sector itself. Wage and salary increases followed from nearly all sectors in industry and all those have not yet been dealt with, as is borne out by the headlines in the papers these days. Indeed, we must now wonder whether we are still in the eleventh round spiral or whether the recent rises in the cost of living have not started off another round, as the workers try to win back the ground they have lost.

The farming community were expected, he said, to be satisfied with a 1d. increase on part of their milk production. The increase was introduced at a time when the milk season was coming to an end for the year. Even in the framing of the Beef Cattle Subsidy Scheme, no immediate benefit was forthcoming and no appreciation was shown of the fact that concrete encouragement should be given to those who might want to phase gradually into beef production. The Beef Subsidy Scheme would not be coming into operation until April 1 and its full benefit would not be felt for about twelve months after that.

While other sectors reap the full benefit of their increases immediately and may even get lump sums in retrospective pay, the dairy farmers would have to wait until the spring to get any benefit from the milk price increase. But the benefit, if there was any, had already been whittled away by the recent increases in the cost of living.

The 1d. increase in the milk price meant in effect only £10 a year to the small dairy farmer. The politicians had voted themselves one hundred times that much a year in the one increase. In effect then, said Mr. Maher, you might say that the 110,000 dairy farmers, representing half the total number of farmers in the country, got nothing concrete in the recent Budget. And it is almost definite now that the dairy farmer will be faced with a further reduction in his income this year through circumstances outside his control.

We are committed, said the NFA President, to seeing to it that the dairy farmer will be adequately compensated for these losses. We are committed to seeing to it that farmers in general—no matter what their line of enterprise—will not be the one section left out in the cold by the Government and that a proper appreciation will be shown in 1969 of their income position.

Surprise Defeats at Western Convention

Close and exciting contests, who incidentally was absent through illness; Kieran O'Ryan (Fourmilewater) and Tom Foley (Stradbally).

The first preference votes saw O'Ryan head the poll with 60 votes, followed by Foley with 49 and O'Donnell a disappointing 25. O'Donnell was then eliminated and his 25 votes were distributed as follows: O'Ryan plus 10; Foley plus 15, and O'Ryan with 70 votes was declared elected over Foley with 64.

Mr. O'Ryan thanked all the delegates who supported him and referred to the fact that he was Vice-Chairman for two years and had not been called on even once to act because of the excellence of the Chairman.

Tom Foley also congratulated Mr. O'Ryan and thanked those who had supported him for the post.

CHAIRMAN'S ADDRESS
Before delivering his address, the Chairman, Nicolas Mac Craith congratulated Tallow on being declared the "Club of the Year" this year.

Replying, Mr. Eddie Cunningham (Tallow) thanked the Western Board Officials and the Coiste Gnotha and said they in Tallow were honoured that the title of Club of the Year should be given to them. He thanked also the Shamrocks and Ballyduff clubs who in the first year in which they formed part of the grouping with them for under age competitions such as under-21 and minor.

In his address to Convention the Chairman said this was not a year when blood was running high about certain rules, and he asked the delegates instead to consider the National aspect of the G.A.A. Other associations would say that the G.A.A. was claiming a monopoly of national ideals, but they themselves felt that the G.A.A. was a mean, to satisfy the needs of the nation. They must cultivate the native language, aims, music and dancing, he said.

It was rubbish, he continued to claim as other associations were doing, that economic considerations were more important than national ideals. They were more celebrating this year 50th anniversary of the founding of the First Dail and he was happy to have at this Convention men who by their idealism had helped win the struggle for freedom.

The Chairman continued: "It saddens me at Club socials to see that we are engulfed in foreign culture and next year when clubs hold annual socials they should see to it that the songs and dances of our country are part and parcel of them."

It is time also that clubs begin to think about appointing a club's premier in preference to the club's premier. We are not all happy about the usage being projected on Pops and Radio and while we do not object to the fact being put, we object to a tone of expression that is unedifying. If there are unedifying things to be said they should not be put in such a way as to catch the headlines but rather in a dignified way.

PROPOSAL OF OFFICERS
They followed the most interesting business of Convention on the proposal of the Chairman and Secretary and a number of important motions to be put to the first preference votes than the Cappaquin man he was deemed elected by Mr. Declan O'Sullivan in his own efficient manner.

The complete list of Officers for the coming year is as follows: Chairman, Nicholas Mac Craith; Vice-Chairman, Kieran O'Ryan; Secretary, Seamus O'Brien; Delegates to Co. Board, Ned Power, John McKenna and Tom Drumme.

MOTIONS
Of the 14 motions tabled, 12 were passed, one was not moved and the other one was ruled out of order.

The Board agreed by a big majority to the Tallow motion requesting that the Board be empowered to set up a disciplinary Committee whose function it shall be to investigate in all instances where the conduct of the games warrant investigation.

TREASURER RETURNED
The outgoing Treasurer, Tom Walsh (Fourmilewater) had Abbeyside's Ned Kenae to contend with for the post. The other nominee, Tom Ryan, (Fourmilewater) was a non-runner.

By a 72-61 vote Tom Walsh was returned for his 17th year in office but was given a great run by the youthful Abbeysider.

DELEGATES TO CO. BOARD
A total of eight candidates contested the three positions as delegates to the County Board, and here the most thrilling contest of all took place. A major upset here was the unexpected defeat of the outgoing Geraldines man Paddy Kenneally whose place is taken by Eire Og's Tom Drumme, contesting the post for the very first time. Mick Flynn (Stradbally, Eddie Cunningham (Tallow), Michael Tobin (Shamrocks) and Austin Flynn (Abbeyside) withdrew their names and the first count ballot resulted as follows:

Michael O'Brien (Aardmore) 15; Tom Drumme (Eire Og) 24; Ronnie O'Donnell (Lismore) 6; Tom Foley (Stradbally) 10; John Fraher (Cappaquin) 22; Paddy Kenneally (Geraldines) outgoing, 17; John McKenna (Brickey Rangers) outgoing 18; Ned Power (Tallow) outgoing 24. The quota was 34 and as no candidate had reached it on the first count, the lowest candidate, Ronnie O'Donnell was eliminated. His six votes went to Kenneally plus 4 (21) and Fraher plus 2 (24).

Foley was then eliminated and all his ten votes went to McKenna and the third count left the position as follows: O'Brien 15; Drumme 24; Fraher 24; Kenneally 21; McKenna 26 and Power 24.

On the fourth count O'Brien was eliminated and his fifteen votes were distributed as follows: Drumme plus 1 (25); Fraher plus 1 (25); McKenna plus 1 (27); Power plus 12 (36) elected; Kenneally 21.

Kenneally was then eliminated and his 21 votes went as follows: McKenna plus 10 (37) elected; Drumme plus 5 (30); Fraher plus 6 (31).

On the sixth count Power's surplus were distributed and both of them went to Drumme leaving him with 32 just one ahead of Fraher.

All then depended on the seventh and final count—the distribution of McKenna's surplus of three votes. Two of them were non-transferable and the third went to Fraher giving him a final tally of 32, the same as Drumme. But as Drumme received more first preference votes than the Cappaquin man he was deemed elected by Mr. Declan O'Sullivan in his own efficient manner.

The complete list of Officers for the coming year is as follows: Chairman, Nicholas Mac Craith; Vice-Chairman, Kieran O'Ryan; Secretary, Seamus O'Brien; Delegates to Co. Board, Ned Power, John McKenna and Tom Drumme.

A major upset here was the unexpected defeat of the outgoing Geraldines man Paddy Kenneally whose place is taken by Eire Og's Tom Drumme, contesting the post for the very first time. Mick Flynn (Stradbally, Eddie Cunningham (Tallow), Michael Tobin (Shamrocks) and Austin Flynn (Abbeyside) withdrew their names and the first count ballot resulted as follows:

Michael O'Brien (Aardmore) 15; Tom Drumme (Eire Og) 24; Ronnie O'Donnell (Lismore) 6; Tom Foley (Stradbally) 10; John Fraher (Cappaquin) 22; Paddy Kenneally (Geraldines) outgoing, 17; John McKenna (Brickey Rangers) outgoing 18; Ned Power (Tallow) outgoing 24. The quota was 34 and as no candidate had reached it on the first count, the lowest candidate, Ronnie O'Donnell was eliminated. His six votes went to Kenneally plus 4 (21) and Fraher plus 2 (24).

Foley was then eliminated and all his ten votes went to McKenna and the third count left the position as follows: O'Brien 15; Drumme 24; Fraher 24; Kenneally 21; McKenna 26 and Power 24.

On the fourth count O'Brien was eliminated and his fifteen votes were distributed as follows: Drumme plus 1 (25); Fraher plus 1 (25); McKenna plus 1 (27); Power plus 12 (36) elected; Kenneally 21.

Kenneally was then eliminated and his 21 votes went as follows: McKenna plus 10 (37) elected; Drumme plus 5 (30); Fraher plus 6 (31).

On the sixth count Power's surplus were distributed and both of them went to Drumme leaving him with 32 just one ahead of Fraher.

All then depended on the seventh and final count—the distribution of McKenna's surplus of three votes. Two of them were non-transferable and the third went to Fraher giving him a final tally of 32, the same as Drumme. But as Drumme received more first preference votes than the Cappaquin man he was deemed elected by Mr. Declan O'Sullivan in his own efficient manner.

Eddie Cunningham (Tallow) said the idea of the motion was to clean up their games. The referees couldn't see everything that happened on the playing fields, and the disciplinary Committee could not get back to the Board on any incidents, and could also make recommendations to the Board.

DISCONTINUED
A motion was also passed whereby the present form of running winter league competitions will be discontinued and the Board will try to substitute more suitable competitions.

LOSERS' GROUP
Another important motion passed was the one in the name of the Brickey Club asking that a losers Group be introduced in this year's minor

hurling and football championships. The winners will re-enter the championship at the semi-final stage. This is by way of experiment for one year, and if a success will be continued.

Another Brickey Motion asking that the incoming Officers examine the position of the Register generally and especially with regard to under age competitions and report to the Board at Draws and Fixtures meeting, was also carried by a very big majority.

Mr. Eddie Cunningham said it was a well known fact that clubs were playing over age players in the minor championships, and this motion might help to eliminate some of that trouble.

Eire Og's Successful Social

Eire Og's memorable and history making year was celebrated in triumphant style at the Devonshire Arms Hotel on Friday night last when almost 130 members and guests attended the Club's first annual social. There on proud display was the County final trophy, bedecked in the green and white colours of the Club, and during the night it was presented to team captain Mickey Fraher by Very Rev. T. C. Butler, Rector, St. Augustine's College, Dungarvan. The after-dinner speechmaking was chaired in admirable fashion by club committee member, Shamie Power.

In welcoming all those present to the social, the Club President, Rev. Fr. Sexton, O.S.A. said that little did they think that when the club was founded twelve months ago that they would see this night. But they now enjoyed this hour of triumph thanks to those who had excelled themselves on the field in hurling and who had brought such great honour to the town and particularly to the Eire Og Club.

Fr. Sexton continued: "We had our difficulties and our differences but we kept together because we all come from the one area and I am most pleased to have been associated with the club during this great year. I congratulate those who figured on the final winning team and we had fifteen more just as good that could have taken the field that day."

Fr. Sexton said it might appear impossible for them to win the Junior hurling championship this year but they achieved the impossible last year and why could they not do so again, he added.

Seamie Power then read a letter received from the Club's first secretary, Tom Crowley,

now domiciled in Villanova Secondary School in the slummy Northern Nigeria. In this letter Tom congratulated the club on its truly magnificent feat last year and he wished them the very best of luck in 1968.

Fr. Butler then presented the County trophy to Mickey Fraher amidst tremendous applause. In presenting the trophy Fr. Butler said Eire Og had made history during 1968 and had set a championship headline which he hoped they would continue to set in the future.

Other speakers at the splendidly successful function were Tom Drumme, Chairman of the Club; Nicolas Mac Craith, Chairman of the Western G.A.A. Board; Seamus O'Brien Secretary do; Mr. T. A. Kyme, T.D.; Connie Quinn, captain of the Griffith Place team beaten by Eire Og in the final and John A. Murphy and Michael Power representing the local Press.

The speech making over, the social side of the function followed and Gerry Balfin and his group supplied the music to suit all tastes.

This concluded a most successful first social by the Eire Og club, so successful in fact that most of those present must be looking forward already to next year's one.

St. Jarlath's (London) A.G.M.
The St. Jarlath's Gaelic football Club in London held its annual general meeting recently and quite a number of well-known Waterford men were amongst the officers elected for the coming year. In fact it's a predominantly Waterford list of officers, with the great Abbeyside Gael Mick Morrissey acting as secretary of the club for the coming year.

The President is Michael Murphy, Clonca, and the Hon. of Kilmacthomas, Tony's brother John is team captain. The Beatty brothers are sons of former Abbeyside hurling star, Ben Beatty, now residing in Kilmacthomas, and run a successful accountancy business in London.

Incidentally any Waterford hurlers or footballers in London interested in joining the Jarlath's club will be very welcome. All they need do is contact Michael Morrissey at the following address: 88 Barnes House, Camden Road, London N.W.1.

YOUTH'S SOCCER GAME ON SUNDAY
Dungarvan Soccer Club's Youths eleven have a very attractive home fixture on Sunday next, when they replay their F.A.I. Minor Cup second round tie. On their first meeting the sides played an exciting 1-1 draw and Sunday's clash should again be a thriller all the way, with the verdict liable to go either way. The game is timed for 3.30.

GOOD WIN FOR RUGBY TEAM
Dungarvan defeated Kilkenny R.F.C. by 6 points to 3 at Clonca, on Saturday last. Scorers for the Old Boro were Tom Gough, the ex-inter county football star, and Jerry Slammoo.

On Sunday next, Wexford Wanderers R.F.C. make their first visit to Dungarvan. The kick-off (at Clonca) is at 3.15.

Waterford 2-6
Wexford 1-5

Irrespective of what happens when Kildare and Wexford meet on Sunday week, Waterford's footballers are assured of emergence from their section in the National Football League following last Sunday's splendid four points victory over the Slaneysiders in the mud of Wexford Park. A Kildare win in their remaining tie will necessitate another meeting with resurgent Waterford to decide sectional winners, but even defeat in that game cannot halt the Deise County's most forceful league advance in years.

Sunday last was no day for the football purist and the wonder of it all was that the standard of football was reasonable considering the atrocious conditions. To master Wexford under such conditions on their own pitch was a noteworthy feat and revealed in full light the recently acquired spirit of this Deise outfit.

Wexford, let it be known from the outset of Sunday's tie that they were intent on victory. The exchanges were keenly fought and before this hour had run its course players on both sides felt the affects of a bruising battle. Not by any stretch of imagination was it a dirty game, but in a fiercely contested one, no punches were pulled and it was a case of the survival of the fittest.

In victory Waterford confirmed the encouraging displays on recent months. For one thing the team displayed courage and determination almost foreign to Waterford football and what this side may lack in fitness is made up for to a considerable extent by a fierce determination to make a worthwhile impact. Except for one very brief spell in the first half they were always in the lead and when Wexford threw caution to the wind in a belated bid to save the game they found Waterford's resilience at its strongest.

Waterford started this game in really dominant fashion but the failure of the attack to make best use of some great chances left them with but a paltry three points to show for their efforts of those first twenty minutes. And then in the 21st minute Wexford completely against the run of play, took the lead for the first and only time when Jim Berry crashed home their only

goal. But within a minute, Waterford had regained a lead they never subsequently relinquished with one of their few lucky breaks of the hour. What was no more than a speculative drive from Pa Walsh somehow caught the Wexford 'keeper napping and to Waterford's joy ended up in the net. Two minutes later they had goal number two when Vinny Kirwan fisted to the net and quite unflatteringly they led by 2-3 to 1-3 at the interval.

In a bid to get back into the game, Wexford indulged in a series of second-half switches. Hurler Phil Wilson replaced Patsy Farrell and teamed up with Andy Merrigan in an effort to break Waterford's stranglehold on the midfield sector. The defence also underwent change, with Davy Rowe moving to the key centre back berth.

But it was Waterford who drew first blood on the restart when Vinny Kirwan pointed within three minutes and they were now shaping very much like a winning team. However, Wexford then enjoyed their best spell and for over a quarter of an hour literally bombarded the Waterford goal area. Jack and Jim Berry had points to cut the deficit to an insecure two points, but that was the total "change" they got from a Deise defence that was inspired by the sheer brilliance of centre back Mick Connolly. Time and again the brilliant Nire man soared high to cut off dangerous dropping balls and it was his superb football during that Wexford spell of ascendancy more than anything else that carried his side to victory.

But Waterford ended this hour as they had begun it—the complete masters, and a further brace of points gave them a four point winning margin that was fully merited over the hour.

Once again it was the defence that stole the show and if Mick Connolly was the man of the hour, his colleagues were also faultless. Goalkeeper Tommy Fleming never erred; full backs Tom Mooney, Jim Wall and Kally Connors were brilliant and Connolly's flankers Achil Lannon and Noel Walsh have seldom played better.

The midfield pairing of Ger Mooney and Michael Power was another success sector and both mastered their Wexford counterparts for most of the hectic hour.

On the score of endeavour

all the forwards must be given due credit. Some excellent play taken scores were recorded but one must continue to have doubts and reservations about the sector. One must however be yearn also for a fully fit and enthusiastic Monty Gibby.

Once again the scorers in chief were Vinny Kirwan and Pa Walsh and it was when the latter was moved from the confinement of corner forward that he caused the Wexford defence greater trouble.

The scores from Waterford came from: P. Walsh (2-2), V. Kirwan (1-2), T. Walsh and J. O'Brien (0-1 each). Wexford's scores came from Jim Berry (1-1), Jack Berry (0-4), Waterford—T. Fleming; H. Mooney, J. Wall, W. Connors, A. Lannon, M. Connolly, N. Walsh; G. Mooney, M. Power; V. Kirwan, J. O'Brien, T. Kirwan; T. Walsh, P. Walsh, J. Kearns, Subs.—T. Cunningham for J. Kearns; M. Fleming for T. Kirwan.

Wexford—W. Howlett; J. O'Neill, P. Lacey, D. Rowe; J. Quigley, D. Aspel, L. Shaughnessy; A. Merrigan, P. Farrell; W. Howlin, Jim Berry, W. French; Jack Berry, T. O'Leary, J. Shaughnessy, Subs.—P. Wilson for Farrell.
