LICENCE GRANTED FOR MARQUEE DANCING

On an undertaking being given that he would comply with the Fire Officer's regulations, Anthony Hayes, Publican, The Pike, Dungarvan, was granted a licence for Marquee dancing at The Pike for seven nights, from July 20th to August 10th, at Dungarvan district court, on Wednesday.

The applicant, Mr. Anthony Hayes, told Justice Skinner that he intended running seven dances between these dates, and they were being run in conjunction with the Associated Ballrooms Group. The dances would be held in a marquee.

Justice Skinner granted the application, subject to the compliance with the Fire Officer's conditions, and he put a maximum of 800 dancers on it.

Defendants get Probation Act

The Probation Act was applied by Justice L. B. Skinner at Dungarvan District Court, on Wednesday, when Michael Daly, 30 Caseyville, Dungarvan, was charged with having a rifle in his possession, at Shandon, Dungarvan, on 26th October last, without having a Firearms Certificate. The owner of the rifle, Patrick Flynn, 28 Caseyville, was charged with aiding and abetting.

Garda J. O'Sullivan said he was on duty at Dungarvan Cattle Mart on October 26th, when he heard two rifle shots fired from behind a wall on the opposite side of the road. He went over and saw Daly taking the rifle down from his shoulder. Daly said he had no licence for the gun and added that they were only having target practice with it.

Witness said that Flynn, the owner of the gun, had a licence for it.

Mr. A. R. Farrell, S.O., defending, said Flynn did not think it was wrong for his pal to use the gun.

Justice Skinner gave both defendants the P.O.A. and made an order for the restoration of the gun to Flynn.

Justice Skinner applied the P.O.A. and made an order confiscating the rifle.

THE PROBLEM OF COAST EROSION

DEPUTATION BEFORE COUNCIL MEETING

COAST erosion was probably the most serious problem they had in County Waterford at the present time, stated Mr. Michael Harty at last Monday's meeting of Waterford County Council in Dungarvan when he introduced a deputation from the Listigue area of Ardmore concerning the seriousness of coast erosion in this area.

The deputation's spokesman was Mr. Eddie Cunningham, and also included Messrs. M. Terry, Gerald and Eddie Fitzgerald.

Mr. Harty, introducing the deputation, said that over a number of years a half mile of County Road had gone with the tide and with it also a good deal of valuable land. This was a serious concern for the landowners concerned who never knew from one day to the next when big portions of their land would subside into the sea. These people were paying big rates, he said and were entitled to consideration by the Council.

Mr. Harty said the Ardmore seaside was favoured by people from the North Cork area as a holiday centre and there were also a number of camping sites there.

The Chairman, Mr. Charles Curran, said this had been discussed and considered by the Council on a number of occasions over the past eight years and no solution had been forthcoming. The position was worsening, he said, and lack of money had been the Council's problem in this matter.

The deputation's spokesman, Mr. Eddie Cunningham, thanked the Council for receiving them, and said they were losing land at a rate of one and a half yards a year in the Ardmore area. An amount of land and a bridge had gone over a number of years and a stream there was also causing flooding because of the position. They were losing seriously and heavily and he would like to see the Council carrying out some work.

Mr. Curran said everything Mr. Cunningham had stated was correct.

The County Engineer, Mr. J. D. Hally, B.E., said the problem of coast erosion in the County was both a very real and very serious one. Stretches from the mouth of the Suir to the mouth of the Blackwater were very bad and

well be as high as 15/.

Mr. Hally said there was a sum of £55,000 included in this year's estimate for coast erosion. The most urgent area from the Council's point of view was Ballyvoile, where the road was threatened. Next in line he would consider Ardmore and then Clay Cliffe, Tramore.

Mr. Curran said the removal of sand and gravel at Ballyvoile was also a major problem.

Finally, on the proposal of Mr. Harty, seconded by Mr. William Dower, the Council unanimously agreed to ask the Commissioner of Public Works for a grant of 80% to alleviate the problem of Coast Erosion in the county.

Deputy Kyne said the Act stated that an 80% grant could be given for this work, but that was very different from stating that the grant would be given.

Mr. Curran said he wanted the deputation to know that when deputations came into Council meetings it involved the spending of money usually. This year the Ratepayers were faced with a rate increase of about 12/- in the £ and before they were finished that might

Water Scheme For Industry Will Cost More

THERE was a considerable amount of concern in the County over the proposed Magnesite factory at Ballinacourty and now the cost of the water scheme for the industry had spiralled, stated Mr. Charles Curran, Chairman of Waterford County Council at this week's meeting of the Council in Dungarvan.

Before the meeting for consideration was an increased estimate of the "all in" cost of the water supply for the factory, bringing the total amount to £120,220 — £22,220 over the previous estimate of £98,000 for the scheme.

The Council had previously decided to finance the scheme at the estimated £98,000, subject to the Company paying half that cost.

Mr. J. G. Dowling, County Secretary, said the estimated all-in cost was now £22,220 more, and the Council would have to consider raising a supplementary loan for that amount to finance the scheme.

Mr. Kieran O'Ryan said it was a bit late in the day to be talking now. Some members of the Council spoke strongly against financing this scheme from the very start, he added.

Mr. Thomas A. Kyne, T.D., said half this extra money would also be met by the Company and it was more in the nature of a loan than anything. They would get the money back in rates, and the industry would give employment to over 100 people and it would also mean more homes going up in the area. If they stopped progress of

industry they would be doing a very foolish thing.

Mr. Austin Deasy said he was fully behind this factory but the matter of an extra £22,000 on the estimate for the water scheme should be questioned very closely.

Mr. Curran said a multi-millionaire company was involved and yet the Council was being asked to meet spiralling costs for a water scheme.

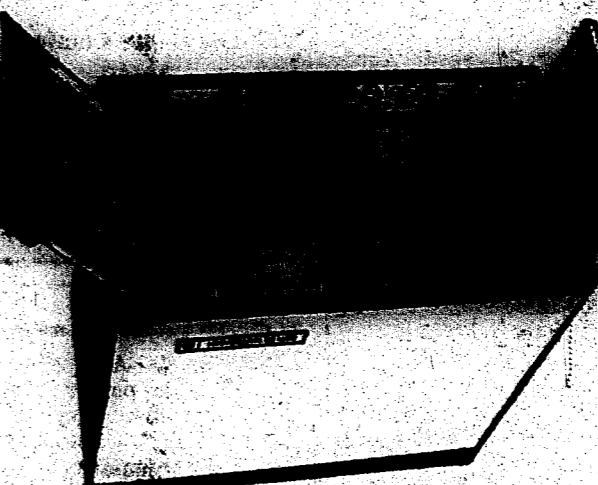

Mr. Hally, County Engineer, said the Council was being asked to raise the money and the Company would pay them back 50% of it.

Mr. Dowling (Secretary) — The tenders for the water scheme were higher than expected.

Mr. O'Ryan said that in many remote areas of County Waterford people had been looking for minor water schemes for many years. It seemed ridiculous now to be borrowing this amount of money to finance a water scheme for a multi-millionaire group.

It was finally agreed to adjourn the matter until a Registration of Legal Agreement had been completed with the company.

JACK CRUISE FOR DUNGARVAN

The Friary Hall, Dungarvan, is to be packed to overflowing on March 16th (Sunday) and March 17th next, for the town has been starved of good variety shows for a number of years and because the visiting company is none other than the unique Jack Cruise and his merry group. This excellent attraction is sponsored by the Committee of the Old Irish Church Building Fund, who have been carrying through a number of attractive features in recent months and who have several others lined up for the near future.

Jack Cruise needs neither introduction nor recommendation—he is the acknowledged master of his craft who has flourished on his special recipe of song and dance and "homey" Irish humour to promote loud laughter.

Included in the company on this occasion will be—
Frank Kelly: Very well-known on television. Frank began in the theatre as a revue artist, but found his way to "straight drama and variety." On the radio, his famous "Glen Abbey Show" ran for three years, while on television

his best known show was perhaps "It's too late, we're on," while his frequent appearances in characterizations of comedy on "Newsbeat" and many other shows, have made him a familiar figure. Frank has worked at an extraordinary number of jobs, ranging from the factory floor to subeditor and commercial traveller. He has been called to the Bar.

Frank Howard: This great stage veteran with nearly 50 years on the English and Irish stage behind him, is regarded as one of the finest character comedians of today. He has been 15 years with Jack Cruise's company, though he began as a character actor in drama and only much later turned to variety. You will probably have seen him often in films or on TV.

Monica Bonnie: Started at the Theatre Royal at the age of four and is not only a champion Irish dancer, but also a soloist with the R.E. Light Orchestra on radio and TV. She has established a mastery of the xylophone. As well as touring all over these islands, she has the distinction of hav-

ing toured in the Congo entertaining the United Nations troops.

Patty Ryan: Patty started by winning a song contest sponsored by the Irish Independent. As well as widespread singing engagements, she has over the years become established as a pantomime principal boy and a revue soubrette. She was seen in "Arrah na Póg" and "Knocknagow" and heard in many RE and BBC broadcasts.

Ayra Connolly: A new star who will have been seen by many TV viewers on the Butch recent weeks.

Eric Benson: A brilliantly versatile musician and accompanist who needs little introduction to radio listeners.

This is the nucleus of the company which travels to Dungarvan for the St. Patrick's weekend; they have support from others perhaps not so widely known and from local artists who will have a few spots on the show to show their prices.

Booking starts this weekend at John Casey's, Main Street, Dungarvan.

RING FINE GAEL DOING TROJAN WORK IN BIAFRA

Mr. Michael Harty, M.C.C., presided at the annual general meeting of the Ring Fine Gael Club, held in the C.Y.M.S. Club. There was a very large attendance, which included Mr. Austin Deasy, M.C.C. and Mr. William Dower, M.C.C.

The meeting congratulated the local Co. on the great work they were doing in the area, which included the extension of the Water scheme to Seaview and grants for roads, and also of the successful market obtained for the onion growers of the area.

The meeting also discussed the possibility of a small industry in Ring in the line of Gaeltarra Eireann and also the extension of the Water Scheme to Gortnadh and Leigh.

The meeting also deplored the proposed withdrawal of the Helvick L.L. boat, which was an essential service in the area.

The following officers were elected: Pres. Teddy Curran; Chairm. Michael Harty, M.C.C.; Vice. John Harty (Ballinacorney); Hon. Secy. Eddie Curran; Hon. Treas. Sean Harty; Com. M. O'Sullivan, J. O'Donnell, John Harty (Mullinahona).

The tragic situation in Biafra and Nigeria has a direct interest for very many Irish people, because so many of our Irish priests and nuns, religious and lay people are working out there. One of these is Dr. Ann Ward, Medical Missionary, sister of Mrs. Hally, who is the wife of Mr. J. D. Hally, Co. Engineer, residing in Dungarvan. Dr. Ward is battling on a single-handed basis in the province of Calabar, formerly part of Biafra, and now occupied by the Nigerian Army.

She is the only white woman and sole medical representative in an area as big as Cork, Waterford and Tipperary. She is responsible for the treatment of thousands of refugees pouring into Malabar from Biafra. Dr. Ward was given a Peugeot van to transport patients and food. It was a gift from Pope Paul.

Fr. McGee, C.C. Lavey, Co. Derry, who returned recently from Calabar described on UTV in great detail the work Dr. Ward is carrying out with very limited resources available. Fr. McGee said that Dr. Ward was held in great esteem by officials and refugees alike in this ravaged territory and they had great admiration for her.

Since Fr. McGee's talk on UTV money has been received by him and by Dr. Ward's relations in Donegal. This money

No Houses Built in 3 MONTHS JAIL SENTENCE FOR DUNGARVAN MAN

It was 18 years since Waterford County Council had built a house in Tallow, Mr. James Quirke stated at this week's meeting of the Council in Dungarvan, when he tabled a notice of motion asking for a report on the housing programme for Tallow.

Mr. Quirke said there was a crying demand for houses in the town, and whilst there might be housing progress elsewhere in the county, there was none to be reported in Tallow.

Mr. J. D. Hally (Co. Engineer) said that until such time as the Council got the legal formalities cleared up in relation to the housing site in Tallow they could not move. However, whilst they were waiting for this matter to be resolved they were drawing up housing plans.

Mr. Declan Ahearne, supporting Mr. Quirke, said he had been told that the land which was the proposed housing site, had recently been let for an 11 months period. This would hold up matters still further. A number of Tallow people had gone to Youghal for houses, and there was no use in looking for an industry for the town because there would be no one left living there soon.

A defendant whom it was stated had convictions dating back to 1961 was sentenced to three months imprisonment by Justice L. B. Skinner, at Dungarvan District Court on Wednesday. He was Gerald Hallahan, Emmet St., Dungarvan, and he was convicted of assaulting Garda J. O'Sullivan at Grattan Square, on December 30th and with being disorderly on the premises of Mr. John Landers, Square, on the same occasion.

James Power, 51 Cathal Brugha Place, who was also convicted of being disorderly on Mr. Landers' premises on the same occasion, was bound to the peace for 12 months. Supt. M. English said Garda O'Sullivan was passing Mr. Landers Cafe when the owner called him and told him that the defendants were disorderly. He assaulted them and Hallahan assaulted him.

Supt. English said Hallahan had convictions dating back to 1961. He was convicted on five occasions of house breaking. Power, he said, also had previous convictions, including two for housebreaking. In 1963 he was sent to Dainean for two years, and last year on a charge of resisting arrest, he was fined £5.

SCOUT NOTES

(11th Waterford, St. Mary's) TROOP CHAPLAIN
 Yes! Scouting and our Troop Chaplain is a vital cog in the machine. The Chaplain does not organise the ordinary activities of the Troop, he leaves that to the Scout Leaders, however, he is in constant touch. Sometimes parish duties prevent him going to meetings, but you can be certain that the Chaplain is your priest and he is really interested in you as an individual. We are extremely lucky in our Chaplain, who follows our progress with great interest.

HAPPENINGS OF THE TROOP
 Well! our quiz was on again this week, and in fact our scouting has been centered around it. From the results some favourites have fallen like micepins. Congrats Seamus N., Kieran O'R., Gerald F., Thomas M., Neil O'F., and Raymond on your great victories.

Lads, take note that Friday is D-Day for some of the Troop, and I hope that sparkling uniforms and shining shoes will be the order of the night.

We are looking forward to having nine more added to our ranks of the C.B.S.I.

N.B.—This investiture is open to the General Public and will be held at the Parish Church on Friday night, 14th Feb. at 7.30 p.m.

RUMOURS
 I see and hear from last week's meeting that the Ballinacorney 'flu has hit the Troop or would you believe the Reamsdampna Measles? Rumour has it that a Party is on the agenda after the Investiture. I know several that won't miss it! Many thanks to the Committee for all the work they put into organising our 1st Annual Dance.

TALLOW NOTES

WEST WATERFORD FIANNA FAIR SOCIAL
 The third annual social of West Waterford Fianna Fail supporters was held at the Adelphi Hotel, Youghal, on Thursday night, 6th February and upwards of 250 attended. Guest of honour was Mr. Neill Blaney, Minister for Agriculture and Fisheries.

Mr. James Tobin (Chairman of the Social Committee) presided and welcomed all present. Mr. Tobin said it was with great pleasure he extended a welcome to Mr. Blaney, to this their third annual social which saw the largest attendance ever.

Mr. Blaney said he was most pleased to be present, as West Waterford was always a Fianna Fail stronghold, and he was delighted to see such a large attendance. He then outlined the various achievements of F.F. since they first took office in 1932.

A very enjoyable dance followed the dinner with music supplied by 'The Society Four', comprising Jete Gillen, Paddy Geary, J. Prendergast and Billy Hogan.

BRIDGE IN DANGEROUS POSITION
 The bridge over the river Bride at its confluence with the Blackwater at Camphire, is in a dangerous condition at present. The bridge is of the opening type and allowed steamers go up the river Bride as far as Janeville Quay. The bridge was damaged many years ago by one of these steamers and temporary repairs were carried out at the time. Weights passing over the bridge have been restricted to 5 tons, but many loads over 5 tons have been passing over it. Schoolbuses carrying children to Lismore and Cappoquin pass over it twice daily and we have been informed that the bridge is vibrating badly. If a survey of the bridge's present condition was carried out by an engineer, it might allay the fears of parents and others who now fear that the bridge will collapse.

LABOUR PARTY A.G.M.
 The annual general meeting of Tallow Branch of the Irish Labour Party will be held on Saturday next, at 8.30 p.m.

RACE COLLECTION
 Tallow Point to Point Race Committee held their annual church gate collection on Sunday last, and the response was satisfactory.

LORDS INVALID FUND
 Any invalid adult or child from Tallow Dispensary District, who would be desirous of travelling to Lourdes on the Waterford Pilgrimage to Lourdes, are requested to give their names to Nurse Catherine Graney, Convent St., Tallow, immediately.

LATE MR. M. TOBIN
 The death took place at his residence Rathdrum, Ballynoe, recently, of Mr. Michael Tobin. Deceased was a member of a highly esteemed agricultural family. He was deservedly popular with all sections of the community and his death is very deeply regretted.

The remains, accompanied by a large and representative cortege, were removed to the Church of St. Catherine, Ballynoe, and the funeral took place to Killeagh Cemetery.

Rev. Fr. Ryan, C.C., Ballynoe and Very Rev. J. Flynn, P.P., Coma, officiated.

To his brothers and relatives much sympathy is extended.

OUT OF HOSPITAL

DOMINIC SAVIO YOUTH CLUB

We had our usual "get-together" twice last week, on Wednesday and Friday nights. As at previous meetings, the same enthusiasm was shown.

On Wednesday night, due to the teachers strike, we had a larger crowd than usual. Everyone enjoyed themselves playing games of darts, chess, draughts, rings, ball, etc., and listening to records.

Near the end a "record hop" was held and everyone enjoyed it even though it took some time to get a few of the boys out on the floor.

On Friday night a question time was arranged in the Friary Hall. Mr. Hally acted as question master, while Fr. Sexton was score keeper. In the first round Abbeyside girls defeated the Dungarvan side and the Dungarvan girls likewise defeated the Abbeyside girls. In the final it was the Abbeyside boys, under the leadership of Jimmy Byrne who came out on top, even though we got some brilliant answering from Theo Baily and company.

Following this records were again brought into action and Sunny and the gang went "mad." While everybody was enjoying himself, Mickey Keyes and company had to sweep the floor.

Don't forget to drop into see us next Wednesday night in we'll make sure you enjoy the Civil Defence Hall and yourself.

G.A.A. SOCIAL
 At Conway's Hotel, on Saturday night, 8th February, Cappoquin G.A.A. Clubs held their annual dinner and social. Over eighty guests were present, and it proved a most enjoyable social. The Club Chair- man was unavoidably absent as he had to attend a Western Board meeting.

Music was supplied by Com- halta Ceoltoiri, Cappoquin.

LOURDES INVALID FUND
 The Lourdes Invalid Fund will hold their dance on Shrove Tuesday night, 18th February, at the Boathouse Ballroom. This year, as in previous years, two people from the locality will be sent to Lourdes and this costs a lot of money, so please lend your support.

LIGHTING IN CAPPOQUIN
 Since a decision was taken at Co. Council level, tabled by Mr. N. Walsh, M.C.C., to im- prove the town lighting, virtu- ally nothing has been done since its approval some time ago. The lighting set-up in the town at the moment is a dis- grace and people are asking who is at fault. Wherever the onus lies, the position needs to be rectified immediately.

SALMON SEASON

While last week's conditions could not be accepted as being suitable to netting for salmon, nevertheless there was a fairly good scattering of fish taken in all parts of the estuary. One boat operating the bay took ten salmon averaging 9 lbs. and some few boats have not as yet broken the ice. This week, catches were rather small, still, in icewater, the fact that some are being taken is a good sign of the season. The price to fishermen this week was 14/- per lb.

Circuit of Ireland Rally will have Record Entry

Anyone who is thinking of competing in the Gallagher Circuit of Ireland International Rally at Easter should immediately get in touch with the Ulster Automobile Club. Their regulations limit the total entry to 150, and with the initial closing date still two weeks away nearly 130 crews have signed on the dotted line, so there would appear to be no doubt that for the first time in over ten years the maximum entry will be attained.

The Club wish to emphasise that it is highly probable that the entry list may have to be closed before the scheduled date of Friday, 21st February, and any additional entries will be placed on a reserve list. Information has just been received that Saab will be entering two cars, one of which will be driven by British drivers and the other by an as yet unnamed Swedish crew. The team will be completed by a privately entered car which will receive Works service support during the event.

FINE GAEL ANNUAL DINNER

Over 200 guests attended the Annual Dinner and Social of Kilmacthomas District Executive Fine Gael, at Lewlors Hotel, Dungarvan, on Wednesday night of last week.

Mr. Pat Coffey, M.C.C., Portlaoine, presided and among those present were Mr. Austin Deasy, M.C.C., Mr. M. Harney, M.C.C., Mr. Phil. Cusack, M.C.C., and Mr. Ed. Collins. Also present was Mr. David Shanahan, Chairman Co. Constituency Executive Fine Gael. The Chairman welcomed the guests and said that the large number present was indicative of the stream of enthusiasm which is flowing through the Fine Gael Party at the present time.

The following address was delivered by Seantor Eamonn Rooney, guest speaker at the dinner:

The way is now clear for a Fine Gael government as a result of pronouncements from the Labour and Fianna Fail Parties during the past two weeks. The wind of change is blowing and Fine Gael offers an alternative government. Thousands of Trade Union members now supporting Fine Gael policy as in the past, can be joined with many thousands who had shown in the recent Referendum that Fianna Fail is not a party for the man in the street.

The choice between Fine Gael and Fianna Fail is as clear as a choice between oil and water. The purpose of a general election is to change a government or support it and Irish people cannot afford to elect a group of fence-sitters to the Dail in the next general election.

It is important to have an alternative government elected with a clear majority to ensure the operation of progressive policies towards a Just Society adopted in 1965 by Fine Gael and enlarged and improved some weeks ago. When Fine Gael announced 25 a week for old age pensioners, the Taoiseach described this benefit as 'pie in the sky' but now the Minister for Social Welfare admits that it will be possible. Fine Gael will plan and design national policies to be implemented by civil servants whereas policies designed and planned by civil servants are implemented by Fianna Fail.

Farmers are lucky to have good leaders outside the Dail and government at present, but Fine Gael believes that leadership and guidance for the agricultural industry should be provided by the government in consultation with the farming interests concerned.

The proposed retirement of Mr. James Dillon from public life after being 37 years a member of Dail Eireann, is a blow to the hopes of farmers who remember the leadership and benefits which he provided for the agricultural community while he was Minister. Over 25,000 people have left the land in the past two years owing to the disturbance and confusion created amongst farmers by Fianna Fail during that time.

PROSPECT FOR RAILWAYS

What is the future of railways in the Irish transport system? Are they outworn and unnecessarily expensive, doomed forever to lose money, and replaceable more economically by road transport, or have they been allowed to run down too quickly too soon? In two articles in the Irish Times next week, Basil Peterson looks at C.I.E.'s rail network and its prospects. In them he discusses both the existing passenger and freight services and shows how, in an age of increasing traffic congestion and inadequacy of roads, the railways may have an increasingly important role to play.

Suddenly now the Bord Baine elections loom again and the dominant question of concern to every one of the 110,000 dairy farmers in the country is the issue of "one man, one vote."

Mr. Maher said that Muredach McAndrew had given the lie to those people who claimed that there was no hope for the family farmer in the West. He had proved what could be done with the right spirit and the right approach.

The work and functions of the Agricultural Credit Corporation must be re-appraised and if the Government considered that under its present terms of reference...

Mr. Maher pointed to the fact that at the moment the banks had £50 million outstanding to farmers, whereas the A.C.C. had £25 million.

Mr. Maher said that the present grants under the Small Farm (Incentive Bonus) Scheme were so unrealistic that the response in many areas was quite disappointing.

Mr. Maher said that the present grants under the Small Farm (Incentive Bonus) Scheme were so unrealistic that the response in many areas was quite disappointing.

Policy was the dominating theme of the Committee's discussions and the members were unanimous that the following measures must be implemented by the Government as early as possible to give the sheep industry the boost it needs.

The six proposals are: (1) That the existing hill lamb subsidy of £1 per head be maintained.

(2) That ewe lambs marked on the hills should be eligible for a further £1 per head subsidy when produced for inspection and approved as suitable breeding ewes.

(3) That both these schemes should apply to areas designated as foothills or traditional store-producing areas in the counties at present included in the hill-sheep scheme.

(4) In the above designated areas, land approved for cultivation and sown with a fodder crop should on inspection of the crop qualify for an annual grant of £10 per acre in addition to existing grants.

(5) Recognising that good hill husbandry requires mixed sheep and cattle grazing, particularly since the disappearance of the older wether, it is proposed that a subsidy be paid on beef calves (produced and suckled by cows grazing hill land with sheep).

(6) That in order to maintain confidence in the lamb trade throughout the country, and particularly amongst lowland feeders of store lambs, prices over a twelve-month period should be guaranteed at an economic level.

Mr. Maher stressed, however, that while the establishment of recombination plants would help towards maintaining the price level of our dairy farmers here at home, it must not be seen as a total solution to present problems.

search be carried out to try and discover new means of ensuring the maximum utilisation of all component parts of milk and success in this direction could greatly relieve the present problems attached to the marketing of dairy products.

Mr. Maher went on to praise the efforts of Bord Baine to develop new export lines for our products in a very difficult market situation.

He said he supported the idea of the setting up of recombination plants overseas with a view to achieving a better price for our milk products in certain developing countries.

"The Government must not cease in its endeavours to expand our share of traditional markets through worthwhile agreements. For example New Zealand in 1967-68, with exports to Britain of 184,000 tons, had nearly seven times Ireland's share of the British market for imported butter.

This year it will contain a lot of additional data of use to farmers and the Dairy of Events has been brought right up to date.

Mr. Maher said that the resources available at present for the investigation and development of new dairy products were entirely inadequate, particularly in light of the ever-growing competition that had to be faced on the world market for dairying products.

Mr. Maher, who was addressing the inaugural meeting of the Dairy Science Society in U.C.C. said that it was absolutely vital that thorough re-

search be carried out to try and discover new means of ensuring the maximum utilisation of all component parts of milk and success in this direction could greatly relieve the present problems attached to the marketing of dairy products.

The 1968 NFA Notebook is now in the final stages of printing and is expected to be ready for distribution to Co. Executives by the end of the month.

TOURANEENA NEWS

Owing to the severe frost, which made ground conditions unsuitable for the Fourmleat/ Aughavoulimane Coursing Club postponed their trials on Sunday last. They will now be held on Sunday next, 16th February.

MACRA NA FEIRME

At a meeting of the Touraneena branch of Macra na Feirme, held in the Prochial Hall, on Saturday, 8th February, votes of sympathy were passed to the Tchin family, Regadampun, the Power family, Lioran, and the Keane family, Cahernaleague, on their recent bereavement.

LATE MRS. MAI TOBIN

In last week's Touraneena Notes, the following were inadvertently omitted from the list of chief mourners on the death of Mrs. Mai Tobin, Regadampun: Mr. Faddy Tobin and Mr. John Crody (brothers-in-law); Mrs. Alice Walsh, Miss Biddy Tobin, Mrs. Kathleen Fitzgerald (New York) and Miss Mary Tobin (do.) (sisters-in-law); Mrs. Mary Comstock New York (aunt-in-law); and Mrs. Ellen Tobin (mother-in-law).

LATE JAMES FOLEY, KNOCKMEAL

The death took place at his home Knockmeal, Ballinacult, on Thursday of last week of Mr. James (Jim) Foley. He had reached his 67th year and his passing marks the severance of yet another link with the older generation of the Parish. Deceased was a highly respected member of the farming community and was at all times a kind and helpful neighbour; a quite and saintly man, he was a shining example and an inspiration to all in the parish. He was a tower of strength and a source of comfort to his family circle, especially when they suffered loss through their share of sorrow through the saddest of bereavements, and though he cherished life as eagerly as any, he accepted death with the essentially simple man's response to the inevitable and in all trials his humble prayer was always "God's Will be done."

To his beloved daughters, sisters, grandchildren and other relatives, we extend our sincere sympathy.

Hurlers meet Offaly on Sunday

Waterford's postponed National Hurling League game against Offaly at Birr goes on at the same venue on Sunday next, and nothing has altered in the interim to make Waterford's task any less difficult. Both Counties have dropped vital points and cannot therefore afford any further defeats if they are to remain in contention for ultimate honours.

Waterford's team is the same as that chosen for last Sunday's postponed tie and they will be doing very well to come away from Birr with maximum points. I fancy them to just about do so but anything less than their very best is unlikely to be good enough to halt this deceptively good Offaly lineup.

Waterford's team is: M. Foley (Mount Sion); J. McGrath (Abbeyside); R. Power (Dunmore); J. Condon (Erin's Own); M. Caffney (Ballygunner); T. Hearne (do.); F. Whelan (Ballyduff-Portlao); M. McGrath (Lismore); P. Enright (Abbeyside); M. Hickey (Ballyduff-Portlao); J. Kirwan (do.); John Foley (Shamrocks); J. O'Brien (Tramore); W. Walsh (De La Salle); D. Mahon (Mount Sion).
Subs—T. Walsh (Ballygunner); V. Connors (do.); Jim Greent (Mount Sion); Pat Kelly (do.); Jackie Whelan (Ballyduff-Portlao).

WATERFORD AND KILDARE RENEW RIVALRY

MEET TO DECIDE SECTIONAL WINNERS

THE memories of Waterford's draw with Kildare in a pre-Christmas National football league tie at Dungarvan are still vivid. Since then both Counties have assured themselves of emergence from their section, but for the honour of sectional winners they must meet again on Sunday next. This time the venue is Carlow's Dr. Cullen Park and it is a measure of Kildare's respect for Waterford's challenge, that they have not entertained Waterford's suggestion of a toss between Dungarvan or a Kildare venue for the game.

Since that sensational draw with the Lily Whites, Waterford's football stock has continued to soar. That draw was followed up with a resounding "away" win over Wexford, and not for a long time has football morale been as high in the county. With the hurlers, the foot-

ballers have been undergoing indoor training sessions at Clonea, and at this time of the year, are probably fitter than most other county sides. The enthusiasm amongst the players is razor keen, and not even the happy knowledge that defeat on Sunday does not hinder their league progress makes them less bent on giving the Why Whites another hectic hour of it.

The goalkeeper, defensive and midfield sectors that played in that Dungarvan thriller, have been retained en bloc since, and certainly if Waterford's defensive screen is as tight on Sunday as it has been for some time back, then Kildare will find scoregetting just as onerous a task as they found it when they visited the Fraher field. The midfield pairing of Michael Power and Gerry Mooney has been superb in all outings of late, and much will depend on how this talented pair perform on Sunday.

Changes however, have been made in attack, and candidly, that occasions no surprise. This latter sector has been the troublesome one and again I must bemoan the continued absence of the apparently no longer interested Monty Guiry.

Onto the side at corner forward comes Stradbally's Tom Cunningham instead of Bonmahon's Johnny Kerins, a move I feel that will be beneficial to the sector. Vinny

Kirwan now finds himself at top of the right; John O'Brien moves to the "forty" and Kilrossanty's Pa Walsh—one of three brothers on the side, switches from right full to right half forward.

At the time of writing I have no knowledge of the probable Kildare lineup, but since being held to a draw, their mentors have overhauled the side. They have now been given ample evidence of the fighting spirit and great heart of this Deise side and are unlikely to be caught napping. Undoubtedly they will start favourites, and frankly I doubt very much if Waterford can go one step better this time. But then again who gave them the slightest chance before the last meeting of the sides, and one thing is certain that come what may, Kildare will know that they have been in a game come about 5 o'clock on Sunday evening.

The Waterford team is: T. Fleming (Tramore); T. Mooney (Kil); J. Wall (The Nire); W. Connors (John Mitchels); A. Lannon (Kil); M. Connolly (The Nire); N. Walsh (Kilrossanty); M. Power (Tramore); G. Mooney (Kil); P. Walsh (Kilrossanty); J. O'Brien (Tramore); T. Rorand (Kilrossanty); J. Kirwan (John Mitchels); T. Walsh (Kilrossanty); T. Cunningham (Stradbally).

MACRA NA FEIRME ANNUAL DINNER

There was a large attendance at the annual dinner of the County Executive, Macra na Feirme, at Lawlor's Hotel, Dungarvan, on Sunday night. Mr. T. F. Maher, President of the Co. Executive proposed the toast to "The President" and welcomed the members and guests.

Mr. George T. Frost, C.A.O. proposing the toast to "Macra" said young people in rural districts should join an association like Macra. It was an excellent preparation for any sort of life connected with the land. It made for a good farmer and good committee man. Co. Waterford was the best example of good farmers, coming from Macra and the Macra organisation was an excellent preparing ground for politics. Politics was not a dirty word and there was nothing wrong with using Macra as a preparing ground for politics in later life.

Mr. Joe Rea, President of Macra National Executive, asked did they want agriculture to go staggering and stumbling in the 1970's from crisis to crisis, from confrontation to confrontation. Did they want to see astute politicians use the existing differences between farmer organisations for their own ends? Did they want to see agriculture planned on the basis of political expediency? The solution is he said by cooperation rather than confrontation. We are tired, exhausted and frustrated with the whole situation, he concluded.

Mr. John O'Brien proposed the toast to "Our Guests." Most Rev. Bishop Ward Armstrong replied to the toast and said young people should be encouraged to join such an organisation as Macra.

Most Rev. Dr. Michael Russell, exhorted farmers to stick together to gain expert knowledge and expert planning. Mr. T. Killy presented. Trophies were awarded as follows: Best Club, Dungarvan. Murphy Cup (drama)—Ballyduff, Townsend Flahavan (Question time), Dungarvan. Farm Task Group—Kilmacthomas. Public Speaking—Kilrossanty. Agricultural (Agricultural Limestone trophy)—Kilmacthomas.

Mr. C. Curran (Chairman) That is the kind of work the Council should be doing. The spokesman for the deputation, Mr. David Hourigan (the other members were Patrick Harrington, Jimmy Foley and Mr. Griffin) said they would like some little job to be done on the road by the Council. Three years ago they had again come before the Council and it was now impossible to even drive machinery on it.

The County Engineer, Mr. J. D. Hally, said it was a fair proposition. He agreed to meet the people concerned and discuss the position still further.

GIRLS IN SMASH AND GRAB RAID

Two young Dungarvan girls who smashed the window of a Dungarvan chemist shop and stole goods to the value of £21-2-0, appeared before Justice Skinner on the charge at Dungarvan Court on Wednesday. The girls pleaded guilty to a charge of breaking and entering the chemist shop of Mrs. Nolan, at Main Street, and stealing cosmetics and other goods to a total value of £21-2-0.

Supt. H. English, prosecuting, said the girls were hanging around the town on the night of 15th January last. They got the leg of a chair and at about 10 p.m. went to Mrs. Nolan's Shop, smashed the window and took the goods. £16-7-0 worth of goods had been recovered, and a Plate Glass window valued at £25 was broken.

Supt. English said when the girls were called to the home of one of the girls she denied the charge at first, but when told that her finger prints would be taken she admitted it. They recovered most of the items in the attic of the other girls' house.

Mr. E. P. King, Solr., said he appeared for one of the girls who was not yet 14 years of age. Her father was out of work, and her mother did odd jobs to try and keep them going. None of this family had ever been in trouble before. They did this in the open where people actually saw it happening and there was no real reason for doing it. If given a chance he did not think she would come before the court again. The question of paying back compensation was difficult however, as the family was not in good circumstances.

Justice Skinner asked if the public were then expected to pay the bill. If they went away for six months this kind of thing would stop, he said. The mother of the other defendant said she would be prepared to pay compensation at the rate of 10/- weekly. Justice Skinner said Smash and Grab raids were usually carried out in the city but now it had spread to the towns. These girls would be better off to be sent away, where they would have no lip-stick and would be in bed at a proper hour. He adjourned the charges for three months to see if the parties would pay £28 compensation between them.

THE END HAS COME FOR HELVICK LIFEBOAT

In a letter to Waterford County Council from the Royal National Lifeboat Institute read at last Monday's meeting of the Council in Dungarvan, the death knell of the Helvick Lifeboat was finally sounded and the boat will be withdrawn from service on March 25th next.

The Institute's letter stated that they had received a resolution from the Council asking that the matter be considered further but having examined all relevant aspects of the matter they were quite satisfied that there was no longer any operational necessity for the Lifeboat. The Institute, the letter added, had also noted the Council's suggestion that in the event of a larger lifeboat base being established on the South East Coast that priority be given to Helvick, this could not be considered a feasible proposition.

Mr. Michael Harty said it was extraordinary that the R.N.L.I. should now say there was no necessity for the Lifeboat at Helvick. There was a necessity for it over the past 100 years and now the number of boats, the amount of fishing and the number of sailing boats and fishing boats in general was exceptionally heavy in the Helvick district.

Mr. Austin Deasy said it was quite clear that the Helvick Lifeboat was going and no other was coming. But it would not be long before they regretted their decision. Mr. Harty said the activity in Helvick Harbour had increased by about 200% in the last ten years.

Mr. O'Leary said that was not correct, but their position had been getting worse every year for the past few years. On the proposal of Mr. Thomas A. Kynne (T.D.), seconded by Mr. J. Fahy, T.D., the Council unanimously agreed to the Overdraft for £200,000.

HURLING STAR TRANSFERRED

John O'Brien, the Tramore-born hurling and football star, who has been playing senior hurling with Ballyduff-Portlao for two seasons past, was transferred back to his home Tramore club at last week's meeting of the Eastern Board.

Western Championship Draws Made

GERALDINES REFUSED REGRADING

THE Western G.A.A. championship Draws for 1969 were made at a meeting of the Western Board in the Devonshire Arms Hotel, Dungarvan, on Saturday night last. A total of 68 clubs, representing 129 teams have affiliated in the Division for the coming year as against 70 clubs and 134 teams last year. The Board approved of applications for regrading for Ring, from senior to intermediate football, and from Brickey Rangers from intermediate to junior hurling, but by a majority vote, a Geraldines application for regrading from senior to intermediate hurling was refused.

NO INTEREST

In seeking regrading for Geraldines, Paddy Kenneally said it wasn't a pleasure for any club to have to seek regrading, but their reason was a complete lack of interest. Their club, he said, was almost gone, and he appealed to the Board to approve of their application.

Mr. Eddie Cunningham (Tallow) said Geraldines had reached the senior semi-final last year, and he appealed to them to remain in the top grade for another year at least. They had only given one year in the 1st grade, and he had heard Geraldines make application for regrading before the hurling side, and this application was on effort to keep the club going.

Mr. Kennedy said there was no interest in the club, and they had a number of old players who were depending on to make up a team. A vote was taken, and by a sizeable majority the Board

WON ONE GAME

The Board unanimously approved however of Ring's application for regrading from senior to intermediate football. In the last six years they had won only one game in senior ranks, their spokesman Sylvester Murray told the Board, and this was obviously sufficient evidence to make up the minds of all the club representatives present.

The Board also unanimously granted regrading to junior hurling for the Brickets, whose spokesman John McKenna said they would be able to field an intermediate hurling side, and this application was on effort to keep the club going.

The Chairman Nicholas McGrath (Brickey Rangers) informed the meeting that the Brickey Club had changed its mind about going Intermediate

in football, and the club, he added, would definitely field a senior football side this year.
